CANADA LOCAL 324**

A. Certain understandings from the Memorandum of Agreement between the two parties dated **16th March 1959** were renewed as set forth hereunder:

1. Small Crews

It is agreed that where necessary, in the cutting of main roads beyond the normal camp cutting area, temporary small crews of not more than three crews (two men to a crew) may be required to batch. The Company agrees to supply such crews with adequate living quarters and living equipment.

It is agreed that all other small crews will be family units (such units to be grouped in threes or fours) in a good location near suitable water supply. The Company agrees to supply adequate living quarters and living equipment. Groceries will be supplied, on request, twice per week; delivery free of charge.

2. Cookery Schedule

It is agreed that this schedule may be changed by mutual consent during the term of this Agreement when labour-saving devices or other factors reducing the work are introduced and that the persons eating may be varied 10% plus or minus for short periods.

It is also understood that the cookery staff is in addition to the numbers listed in the Cookery Schedule.

3. Hiring

It is agreed that Union members who apply will be listed. Where a place of contact is given and the applicant states that he will be readily available, the applications will be kept on file providing the applicant reports weekly if requested by the Company.

It is agreed that the words "capable employee" in the hiring clause also are interpreted to mean a "suitable employee". In other words, a capable person is not always a suitable person.

The Company interprets "Company-wide grievance" to mean a grievance that pertains to more than one camp.

5. Seniority

Seniority lists will include employees' addresses where possible.

B. ADDITIONAL UNDERSTANDINGS REACHED:

- b) It was agreed by the two parties that time allowances from the designated starting point to the work disembarking point would be established by a Company representative and a Union representative and that such time allowance would remain in effect except for alterations mutually agreed to by representatives of the two parties.

**C. ADDITIONAL UNDERSTANDING REACHED DURING

The parties have discussed and agreed to the following terms and conditions:

- 1). The Letter of Understanding **re**: "Recognition-Jurisdiction" Page **76** is null and void effective immediately and will be deleted from the current Collective Agreement upon its renewal effective October 1, 1993.

The Company will endeavour to maintain cutting operations in Ear Falls while protected employees are available. However, it is understood that as openings occur in the **Dryden** Operation, Ear Falls employees will be expected to transfer to those openings.

RE: LOCAL 324 SENIORITY AND DEPARTMENTAL SENIORITY

Effective the date of Certification Local 324 employees will be established in one of the following groups:

- | | |
|--------------------------------|------------------------------------|
| 1 Ear Falls Contracting - | Mechanics and Road
Construction |
| 2 Ear Falls/Red Lake - | Cutting force |
| 3 Dryden - | Cutting force |
| 4 Kirouac Contracting - | Wood Haul |

Kirouac Contracting employees will have their own seniority list and will be protected from bumping from other groups and will have no bumping rights to other groups.

Employees in Mechanical and Road Construction groups will accrue seniority behind all employees presently listed on the Weyerhaeuser seniority list. New employees will accrue seniority behind these employees.

Bidding

Job openings in groups 1 to 3 will be posted in all groups and will be filled by the senior qualified bidder.

However, existing employees (dale of certification) in each department shall have preference on postings within that department.

In the event there are no successful bidders, the junior employee in the transition contractor will be awarded the posting.

Bumping

No bumping between present cutting force and group 1.

No hires can be bumped by any of the groups, subject to Article 12.

Bumping On Layoff

On temporary layoffs, bumping with qualifications will be applied only when operations continue in other districts for more than one week. This would also apply between Ear Falls and Red Lake.

On permanent layoffs bumping into other groups may commence on the first day of layoff, subject to the bumping clause above.

Departmental Seniority

Seniority will be set up and maintained on a departmental basis. One department will be comprised of all employees engaged in the production of forest products (stump to roadside). Other departments, at Ear Falls Contracting, will be comprised of all employees engaged in the construction and maintenance of camp roads, landings and main roads, scarification and mechanical maintenance and repair.

For the purpose of departmental layoffs, any employee posting to a new department will begin to accrue seniority in that department on the date of his transfer.

Should such an employee be bumped or suffer a layoff he may bump to any position for which he is qualified within his original department,

given he has the seniority. Should an employee forfeit his posting after the trial period, he may return to the junior position within his original department.

The provisions of the Collective Agreement will apply to all matters relating to Seniority that are not dealt with specifically by this document on Local **324** Seniority and Departmental Seniority.

TRIP TIMES

All parties agree that all Roundwood Truck Hauling Contractors use a payment system that is based on trip times. Also, it is **recognized** the current Ear Falls Contracting Chip Haul will remain on a trip time pay system.

It is understood the trip time concept is a method of calculating average time length in hauling wood fibre. The components used in the determination of a specific trip time rate will be based on our discussions (see attached interpretive notes). In this concept it is understood that daily variations to trip time length may occur. Payment will be on a trip time basis.

To ensure the accuracy of the trip time rate, a verification system will be established. It is understood that in this process of verification, a correction to the rate could include increasing or decreasing trip time length.

It is also understood that there may be some events outside the driver's control and as a result, cause a situation that falls outside the agreed to concept stated above. In these circumstances, the parties will investigate the specific situations and, if justified, the respective Contractor will compensate accordingly at the appropriate rate.
