The Ontario Labour Relations Board by Certificate dated the 5th of May 1980 has certified the Union as the bargaining agent for the employees in the bargaining unit hereinafter described.

The purpose of this agreement is to provide lawful and orderly collective bargaining relations between the Company and its employees covered by the agreement through the Union, to secure prompt and fair disposition of grievances, to eliminate interruption of work and to promote to the fullest extent possible, efficient and economical operation of the Company's business and to maintain fair wages, hours and working conditions for the said employees, all as set forth in this agreement:

ARTICLE 1 - RECOGNITION

- 1.01** The Company recognizes the Union as the sole collective bargaining agent for all its employees at 1500 Birchmount Road, Scarborough, Ontario, save and except Supervisors, persons above the rank of Supervisor, quality control employees, office staff, persons employed for not more than 24 hours per week and students employed during the school vacation period.
- 1.02** Non-bargaining unit personnel will not perform any work normally performed by employees in the bargaining unit provided, however, that this clause shall not apply in the case of work of an experimental, instructional or educational nature or in cases of emergency or in cases of new equipment or processes. It is understood and agreed that the services of engineering and or technical staff will be required from time to time, as a result of the above circumstances.

ARTICLE 2 - RELATIONSHIP

- 2.01** (a) All regular employees in the bargaining unit shall, upon completion of the probationary period, become and remain members in good standing of the Union during the lifetime of this agreement as a condition of employment.
- (b) Employees hired on a seasonal (temporary) basis shall as a condition of employment, pay Union Dues and furthermore shall sign an authorization in writing on a form provided by the Union to that effect.

- (c) The Company will not discriminate against any employee and will ensure that employees are treated, during employment, without regard to their race, colour, religion, sex, age or national origin. It is further understood and agreed that the use of the masculine pronoun shall be deemed to include the feminine throughout this agreement.
 - (d) The Company is committed to providing equal employment opportunity to all individuals on the basis of seniority, skill, ability, knowledge and experience and within the framework provided by this collective agreement, to facilitate the employment and advancement of women, visible minorities, native persons, and people with disabilities.
- 2.02** (a) All regular employees who have completed the probationary period and have acquired seniority in the bargaining unit shall, as a condition of employment, sign an authorization in writing to deduct whatever sum may be so authorized for initiation fees, Union dues and for any assessments uniformly imposed on all members by the Union. Union dues shall be deducted weekly and the Company shall remit same to the Financial Secretary of the Union together with a list of employees from whose pay deductions have been made. The said sums shall be accepted by the Union as the regular monthly dues and assessments of those employees who are or shall become members of the Union and the sums so deducted from non-members of the Union shall be treated as their contribution towards the expenses of maintaining the Union. The Union dues will therefore be forwarded by the Company to the Union Office as soon as possible after the end of the month for which the deductions were made and in any case not later than two (2) weeks following the end of the month in which deductions were made.
- (b) The Union agrees that the Company shall not be liable for any and all claims, which may be made against the Company by employees for amounts deducted in accordance with the above.
- 2.03** The Union agrees that it, its officers, agents, representatives and members, will not engage in Union activities during working hours or hold meetings at any time on the premises of the Company except as authorized by this agreement.

ARTICLE 3 - MANAGEMENT RIGHTS

3.01 The Union recognizes and acknowledges that the management of the plant and direction of the working force are fixed exclusively in the Company and without restricting the generality of the foregoing the Union acknowledges that it is the exclusive function of the Company to:

- (a) Maintain order and efficiency;
- (b) Hire, promote, demote, classify, transfer, suspend and retire employees, and to discipline or discharge any employee for just cause provided that a claim by an employee who has acquired seniority that he has been demoted, transferred, discharged or disciplined without just cause may be the subject of a grievance and dealt with as hereinafter provided;
- (c) Make, enforce and alter, from time to time, reasonable rules and regulations to be observed by the employees; before altering any such rules, the Company will discuss same with the Union and give them the opportunity of making representations with regard to such proposed alterations;
- (d) Determine the nature and kind of business conducted by the Company, the kinds and locations of plants, equipment and materials to be used, the control of materials and parts, the methods and techniques of work, the content of jobs, the schedules of work, the number of employees to be employed, the extension, limitations, curtailment or cessation of operations or any part hereof, and to determine and exercise all other functions and prerogatives which shall remain solely with the Company except as specifically limited by the express provisions of this agreement.

3.02 Without limiting the generality of the foregoing provisions, it is understood and agreed that breach of any of the Plant Rules and Regulations, or of any of the provisions of this agreement, shall be sufficient cause for an employee to be disciplined up to and including discharge. However, nothing herein shall prevent an employee from grieving the appropriateness of the discipline and whether or not such breach took place.

ARTICLE 4 - NO STRIKES - NO LOCKOUTS

- 4.01** The Union agrees that during the lifetime of this agreement there will be no strike, picketing, slowdown or stoppage of work, either complete or partial, and the Company agrees that there will be no lockout.
- 4.02** The Company shall have the right to discipline employees who take part in or instigate any strike, picketing, stoppage or slowdown, but a claim of unjust discharge or treatment may be the subject of a grievance and dealt with as provided in Article VI below.
- 4.03** Should the Union claim that a cessation of work constitutes a lockout, it may take the matter up with the Company as provided in Article VI below.
- 4.04** The Union further agrees that it will not involve any employee of the Company, or the Company itself in any dispute, which may arise between any other employer and the employees of such other employer.
- 4.05** The Union agrees that it will not involve or interfere with any other installation of the Company, its affiliates or subsidiaries, in or as a result of any labour dispute it may have at the premises covered by this agreement.

ARTICLE 5 - REPRESENTATION

- 5.01** The Company acknowledges the right of the Union to appoint or otherwise select Stewards, not to exceed **six (6)** Stewards, plus the Plant Chairperson, and the Executive Board Member, making **seven (7)** in total. In the absence of the regular Steward, the Company further agrees to recognize individuals who shall be identified as alternate Stewards. The alternate will only be recognized in the absence of the designated Steward. Steward representation shall be as follows:

ENROBING, MOULDING, CHOCOLATE, STARCH & COOKING	1 Steward
MAINTENANCE & BOILER ROOM	1 Steward
WAREHOUSE/TURTLES/FANCY PACK (Days)	1 Steward
WAREHOUSE/TURTLES/FANCY PACK (Afternoons)	1 Steward
WAREHOUSE/TURTLES/FANCY PACK (Nights)	1 Steward
BACK-UP STEWARD	1 Steward

All Stewards shall have completed the probationary period and shall be regular employees of the Company during their term of office. The Company agrees to recognize a grievance committee consisting of the Plant Chairperson and the Steward involved. Any problems resulting in a grievance will be handled by the Steward up to step number two of the grievance procedure, at which time they will be assisted by the Plant Chairperson, or in his absence, the Executive Board Member.

- 5.02** The name of each Steward and alternate, who may be elected from time to time, and the designated area they will represent, shall be given to the Industrial Relations Administrator in writing and the Company shall not be required to recognize any such Steward until it has been so notified.
- 5.03** The Company undertakes to instruct all members of its supervisory staff to co-operate with the Stewards in the carrying out of the terms and requirements of this agreement.
- 5.04** The Union undertakes to secure from its officers, Stewards and members, their co-operation with the Company and with all persons representing the Company in a supervisory capacity.
- 5.05** The right of Stewards to leave their work without loss of pay to adjust grievances filed by employees in their own areas under Article 6 is granted on the following conditions:
- (a) The Steward shall obtain the permission of his Supervisor before leaving his work. The Supervisor may request a reasonable explanation for the Steward's absence from regular duties prior to being excused. Such permission shall not be unreasonably withheld.
 - (b) The time off shall be devoted to the prompt handling of grievances and shall be limited to the time required for attending grievance step meetings and any preliminary meetings with the management.
 - (c) The Supervisor shall have the right to limit such time taken, so that it is not excessive.
 - (d) The Union acknowledges that Stewards and officers of the Union have their regular duties to perform.
- 5.06** On any negotiating meetings held with the Company for the renewal of this agreement, the Union committee shall consist of the Plant Chairperson, Executive Board Member and not more than six (6) Stewards and any such full-time Union Representative, as the Union desires. The Company agrees to pay employees on the said committee for lost time from work to attend negotiating meetings with the Company up to eight (8) hours per day at the employee's normal hourly rate.

- 5.07** The Company agrees that the Plant Chairperson will be assigned to work on the day shift. Furthermore, the Company agrees to recognize the assignment of a permanent Steward appointed to both the afternoon and night shifts provided the shifts are operational.
- 5.08** To ensure continuity of representation, the Plant Chairperson will be credited with super-seniority for the purpose of the lay-off only. This does not mean that employees in such a position will be protected against bumping, transfers, or being displaced from a particular position as a result of lack of work. It does mean however, that the Plant Chairperson will be protected only to the extent that he will not be displaced from employment and placed on actual lay-off from the Company. This provision shall continue in force as long as the day shift remains operational. Furthermore similar consideration will be extended to the afternoon and night shift Stewards.
- 5.09** In keeping with the spirit of 5.06 above, the Company agrees to grant a paid educational leave not exceeding three (3) days per year for all Stewards (excluding alternates) and Union officers provided the granting of such leave does not unreasonably interfere with the efficient operation of the Company.
- 5.10** Recognizing the importance of industrial peace within the establishment and the role of the Steward body, the Company encourages the Steward body to convene a meeting once every four (4) months for a duration of two (2) hours. Prior to convening meetings, the Plant Chairperson is expected to make a formal request for such meeting at least three (3) weeks in advance of the desired meeting date to the Industrial Relations Manager. Thereafter, the Company will arrange for appropriate meeting facilities and will inform the Plant Chairperson accordingly.

Following the Stewards meeting, the Plant Chairperson will meet with the Industrial Relations Manager to review any issues that are not conducive to positive Labour/Management relations.

It is understood that off shift Stewards attending the meeting do so on their own time.

Layoffs will be applied as follows:

- (a) Decreases in the working force shall be in accordance with the procedure set out in the following sections of this article.

- (f) Notwithstanding (e) above, employees within wage rate classification two (2) or two (2) lead hand (production) who receive notice of layoff will be entitled to displace the most junior group one (1) production employee on the shift affected rather than accepting an undesired shift.  - d) If an employee does not successfully claim a job by seniority in classifications equal to or lower than his own within his Wage Schedule the above-noted process will be repeated in successively higher classifications starting with the employee's home shift and then on other shifts.**
 - e) If an employee does not successfully claim a job by seniority in their own wage schedule the above-noted process will be repeated in other Wage Schedules starting with the home shift until he either finds a job open to him by seniority or becomes subject to layoff.**

- f) An employee claiming a job in another department or other wage schedule shall not have any seniority rights within that department and will be returned to his original department by order of seniority as dictated by recall.**
- 9.11** The Company agrees to provide written notice of termination of employment as prescribed under the Employment Standards Act with regard to termination of employment resulting from a layoff in the first instance only. Employees displaced by the application of seniority will be provided with a minimum of two (2) days written notice. Employees receiving written notice must complete and return one (1) copy confirming his choice of options (a) application of seniority or (b) acceptance of layoff. Failure to complete and return one (1) copy of the written notice within two (2) working days shall result in immediate layoff and employees shall disqualify themselves from the notice period and /or payment in lieu of notice.
- 9.12** Employees choosing to be laid off rather than accepting an undesired shift shall have the right to refuse a recall to work on an alternate shift, other than the shift being worked at the time of the layoff. This provision shall not exceed a period of twelve (12) months from the date of layoff.
- 9.13** Notice or recall to work shall be forwarded to laid off employees by registered mail or courier. Employees must return to work within five (5) days of receipt of the registered or couriered letter of recall and/or not later than ten (10) days from the date of couriering or mailing of the registered letter of recall. The Company may elect to expedite the recall process by telephoning the appropriate employees. Where the Company is unable to contact an employee by phone, the Plant Chairperson will be consulted for the purpose of verifying the Company's attempts to contact such employee and until such time as the employee actually reports for work, the vacancy will be filled in accordance with established practice. Furthermore, the Company will attempt to return laid off employees and employees transferred to other shifts as a result of layoff to the shift held prior to the imposition of layoff within two (2) weeks following a recall but in any event, not later than three (3) weeks provided, of course sufficient openings exist on the said shift.
- 9.14** In rehiring after layoff, the reverse order shall apply, that is, the last to be laid off shall be the first to be rehired. As jobs become available, employees may be recalled to a job opening, which they held at the time of layoff (within 12 months).
- 9.15** Any employee claiming improper layoff must do so not later than five (5) working days following the effective date of layoff, otherwise the Company will not be held liable for damages. The Company agrees that whenever possible, it will advise employees who are being laid off for a period in

excess of five (5) working days, with five (5) days notice. If the Company is unable to give notice, it will not be held liable.

- 9.16** In the event that an employee covered by this agreement should be promoted to a position beyond the scope of this agreement, then, within a period of six (6) months from the date of such promotion either the employee or the Company can elect a transfer back to the bargaining unit in which event the employee shall be entitled to return to his former position and to displace any employee who might have been transferred to fill his former **position provided the employee pays the equivalent union dues for the six months.**

10.08 Any employee who for the convenience of the Company, is temporarily transferred to another job for which the rate of pay is different from that in

effect for such employee's regular job, shall be paid while so employed as follows:

- (a) If the rate of pay for the job to which he is transferred is less than the employee's regular pay, he shall receive his own higher rate of pay.
- (b) If the rate of pay for the job to which he is transferred is higher than the employee's regular pay, he shall receive the higher rate of pay for the job to which he is temporarily transferred.

10.09 An employee who is transferred to another job as a result of a layoff, breakdown of machinery or other like cause shall be paid the applicable job rate while so employed.

10.10 Overtime - except in the case of emergency breakdown of equipment, overtime after the completion of an eight (8) hour shift shall be voluntary. However, employees will co-operate and there will be no concerted or collective refusal to work such overtime as may be required to complete the work schedule for the shift. If there are insufficient volunteers, then the Company shall select the most junior employee in the department concerned, who is capable of performing the task required.

10.11 (a) The Union recognizes the problems of distributing overtime in a factory operation composed of a wide variety of production lines, production processes and job occupations, to the extent practicable under such circumstances, the Company will distribute overtime fairly among the employees who are scheduled to produce the work required to meet the daily schedule. Temporary employees will be entitled to unscheduled overtime on the line when the overtime is a continuation of the regular shift.

(b) In the event that overtime is scheduled in the form of an extension of the regular shift, the Company will endeavor to distribute the overtime amongst regular employees rather than seasonal (temporary) employees who could be working on the particular line where the overtime is actually scheduled.

10.12 In the event that overtime is scheduled in the form of an additional shift, the Company will endeavor to distribute the overtime fairly amongst employees, in *order of seniority on a rotational basis* beginning with those employees who are working in the department and wage class, in which the work is required. All refusals will be logged against the employee in an amount equal to the hours worked by the accepting employees. This clause shall only apply to those

employees who are working in the department and wage class, in which the work is required.

- 10.13** In the event that an employee declines overtime, or is absent when overtime is available, the overtime hours will be recorded against the employee's name as if the hours were actually worked.
- 10.14** Notwithstanding sections 10.01 and 10.02, a Continental Work Week applicable only to the Plant Services group and specifically to those who are employed as either a Belt Line Cleaner or a Machine Cleaner will be implemented as required. Employees scheduled to work on either a Saturday or Sunday as part of their normal work week shall receive a premium of \$3.50 per hour **(effective April 1, 2004, \$4.00 per hour)** in addition to their regular rate of pay for all hours worked on a Saturday or Sunday when so scheduled.

ARTICLE 11 - WAGES AND CLASSIFICATIONS

- 11.01** Schedules A, B, C, and D attached hereto are hereby made a part of this agreement.
- 11.02** Where any new classifications are created during the life of this agreement, the applicable rate will be discussed with the Union.
- 11.03** An employee injured on the job and requiring medical attention by a doctor shall be paid for the balance of his shift in which the injury occurred. If the use of an ambulance is determined to be necessary by the Health Center, the Company agrees to pay the difference between the actual cost and the amount paid by O.H.I.P.

ARTICLE 12 - JOB POSTING

12.01 Vacancies as determined by the Company which last for fifty-five (55) working days or longer, including Lead Hand, will be posted as permanent when they recur each year (this is not applicable for replacement for approved LOA's and absences due to illness), except vacancies in Group One shall be posted on the bulletin board for a period of three (3) working days. Vacancies created by the application of Article 9 (Layoff and Recall) of this agreement shall not be posted. Copies of job bulletins will be provided to the Plant Chairperson. Only regular employees will be permitted to make application for any vacancies. Postings will specify the shift of the vacancy.

12.02 The Company shall within seven (7) working days after the posting has been taken down, notify the successful applicant who shall be placed on the job not later than one (1) week following such notification. If the employee is not placed on the job within that period, he shall receive the higher rate of pay immediately.

This section does not apply in the case of advance posting where the actual date of the vacancy has not taken place. In the case of advance postings, the Company will provide effective dates of such vacancies.

12.03 Seniority shall be the governing factor provided that in the opinion of the Company, the employee has the qualifications to perform the job satisfactorily. **Where the company initially determines that the senior employee will not be selected, a one week training period will be provided for that employee to determine his ability.** Employees applying for multiple job postings must indicate order of preference at the time of application.

12.04 Nothing herein shall prevent the Company from hiring persons from outside the bargaining unit when no qualified employee applies. Any vacancy can be filled at the discretion of the Company on a temporary basis while carrying out the provision of this article.

12.05 Nothing herein shall require the Company to post more than two (2) vacancies (including the original vacancy) as a result of the occurrence of the original vacancy, and all subsequent vacancies, which may occur, shall be filled at the discretion of the Company.

12.06 Employees receiving a job through the job posting system shall not be permitted to make further applications for vacancies until a period of six (6) months has passed from the most recent appointment unless applying for a higher wage rate classification.

- 12.07** Employees placed on a job as a result of this section who are not capable of performing the work in the opinion of the Company, after a brief period of familiarization, shall be returned to their former position and will displace any other employee who might have been transferred to his former position.
- 12.08** If following a brief period of familiarization as mentioned in 12.07 the employee is deemed to be capable of performing the work in the opinion of the Company, then all seniority previously acquired while working in another department shall be transferred to the new department where the job vacancy occurred and for which he was accepted.
- 12.09** Failing to fill permanent vacancies in accordance with the above procedure, temporary employees shall be considered for such positions provided they are qualified for the position in the Company's opinion prior to hiring from the outside. The filling of vacancies as described herein will be in keeping with the employees' hire date. It is further understood that upon completion of the probationary period as contained in 9.02, seniority will be back dated to the first day of change of employment status.

ARTICLE 13 - PAID HOLIDAYS

- 13.01** The following thirteen (13) days will be considered as paid holidays:

New Year's Day, January 2nd, 3rd Monday in February, Good Friday, Easter Monday, Victoria Day, Canada Day, Civic Holiday, Labour Day, Thanksgiving Day, December 24th, Christmas Day and Boxing Day.

Employees shall be paid eight (8) or ten (10) or twelve (12) hours at their straight time rate dependent upon their last shift schedule worked during the week before the statutory holiday on each of the above holidays.

Employees at work during the week of a Statutory Holiday shall be paid eight (8) hours or ten (10) or twelve (12) hours at the straight time rate dependent upon their shift schedule during the week of the Statutory Holiday. Employees who are not at work during the week of the Statutory Holiday shall be paid eight (8) hours or ten (10) hours or twelve (12) hours at their straight time rate dependent upon their last schedule worked before the Statutory Holiday on each of the above holiday, provided that:

- (a) **The employee works all of his regularly scheduled day of work before the holiday and all of his first regularly scheduled day of**

work after the holiday. (Unless any employee can prove he was sick or that it was impossible to attend work)

- (b) The employee has obtained permission in writing from management for leave of absence, which would include any paid holiday(s), however, if such leave of absence exceeds one week (i.e. 5 working days) payment for the paid holiday(s) will not be granted.
- (c) **The employee works all of his regularly scheduled shift on the holiday if they agreed to or were required to work that day. (Unless any employee can prove he was sick or that it was impossible to attend work)**
- (d) Seasonal (temporary) employees will be afforded payment for Statutory Holiday(s) only, as identified under the applicable legislation in the Employment Standards Act.
- (e) In the event that one of the above listed paid holiday(s) falls during a period for which an employee is receiving weekly indemnity, then, the employee shall receive the difference between the amount received while on weekly indemnity and regular earnings for the day in question.
- (f) In the event that one of the above named paid holiday(s) falls during an employee's vacation, then by mutual agreement between the Company and the employee, the employee shall receive an extra day's pay in lieu of the holiday, or an extra day with pay shall be added to the employee's vacation.

Holidays will be observed on the day on which it falls, unless the Company and Union Committee mutually agree to another day. Should the government proclaim an additional Statutory Holiday, then such holiday shall replace December 24th.

13.02 Where possible the recognized holidays for December 24, 25, 26, January 1 and 2 will be scheduled and observed in one (1) workweek.

ARTICLE 14 - VACATIONS

14.01 Entitlement shall be as follows:

6 months service as of June 30th	1 week	4% pay
1 year service as of June 30th	2 weeks	4% pay
5 years service	3 weeks	6% pay
10 years service	4 weeks	8% pay
20 years service	5 weeks	10% pay
30 years service	6 weeks	12% pay

14.02 Vacation pay will be based on earnings with the Company during the twelve (12) months immediately preceding June 30th in the vacation year. **Employees with 20 years service or more (except those who have been off on WI/WSIB benefits for seven months or leave of absence more than 100 days in the vacation year) will receive the appropriate % based on earnings or 40 hours per week whichever is greater.** Vacation pay will be paid out, on or about July 1st with the exception of vacation actually taken prior to this date.

14.03 Vacations must be taken in the calendar year in which the vacation is due (January 1 to December 31).

14.04 Vacations will be taken at a time or times most convenient to the Company, however, employees will receive two (2) consecutive weeks of vacation during the month of July. The Company will endeavor to provide the last two (2) weeks of July, however, the needs of the business will dictate actual vacation time off.

The above is not applicable for persons employed in essential services (skilled trades, warehousing occupations and plant services). However, the Company shall make a reasonable effort to accommodate requests for vacations during the period and agree to maintain the current practices with respect to vacation scheduling for these groups of employees.

14.05 When business requirements require employees to take full weeks vacation prior to July 1st, the Company will pay full weeks earnings (40 hours multiplied by their regular pay) if funds are available.

14.06 Entitlement to three (3), four (4), five (5) or six (6) weeks of vacation will be based on the anniversary date of the employee, that is, if an employee completes the necessary service requirement at any point in the vacation year, he shall then be qualified for the appropriate weeks of vacation regardless of the June 30th date.

ARTICLE 15 - LEAVE OF ABSENCE

15.01 The Company may grant leave of absence without pay to any employee for legitimate personal reasons. In order to be considered valid, the employee must submit a written request for leave to the Industrial Relations Administrator. An employee must submit their request at least three (3) weeks in advance of the first day of desired absence. Only in an emergency will a shorter period be permitted. In the event that the Company fails to respond to the written request for leave of absence within a period of one (1)

week from the date the initial request was submitted to the Industrial Relations Administrator, the request for leave will be automatically granted.

- 15.02** The Company will grant leave of absence without pay to not more than three (3) employees to attend Union conventions and conferences for a period or periods not exceeding ten (10) days for any one employee in any one calendar year, provided that in the opinion of the Company the granting of such leave of absence does not interfere with the efficient operation of the plant.
- 15.03** The Company shall pay an employee who is required for Jury Service and or subpoenaed as a Crown Witness, for each day of such service, the difference between his straight time hourly rate for the number of hours he would normally have worked on that day and payment he received for Jury Service or Witness Service. The employee must furnish proof as to the time served on Jury Duty or as a Crown Witness and the amount of pay received therefore. Any employee called for Jury Service or as a Crown Witness and who is temporarily excused from attendance at the court must report for work if a reasonable period of time remains to be worked on his shift. The above will not apply to employees who are the accused.
- 15.04** An employee required to be absent from work for the purpose of attending the funeral of his father, step-father, mother, step-mother, father-in-law, mother-in-law, spouse, child, step-child, brother, sister, grandmother, grandfather or grandchild shall be granted a leave of absence covering the required time off up to and including the day of the funeral. Where any of such days of required absence falls on a scheduled working day for such employee, he shall be paid a bereavement allowance for each such day, but up to a maximum of three (3) days computed by multiplying his regular straight time hourly rate times the number of hours he would have worked or by eight hours, whichever the lesser. In the event of the death of an employee's brother-in-law or sister-in-law, then he shall be granted one (1) working day leave of absence from his employment without loss of pay, provided he uses such time for the purpose of attending the funeral. In the event that an employee does not attend the funeral of his mother or father only, he will be entitled to one (1) working day's leave of absence with pay.

An employee will not receive bereavement allowance when it duplicates pay or any other allowance received for time not worked for any other reason. Time lost thus compensated for will not be counted as hours worked for purposes of determining overtime or premium pay liability.

- 15.05** In the event that any leave of absence is used for the purpose other than the purpose for which the leave was granted, then the employee may be discharged.

ARTICLE 16 - GENERAL

LETTER OF UNDERSTANDING
RE: SENIORITY STATUS OF TEMPORARY EMPLOYEES
(Having a minimum of one year of seasonal employment)
(DATED NOVEMBER 12,1987)

In keeping with our agreement reached during the recent set of negotiations, persons hired as a seasonal/temporary employee will be credited with seniority standing (for the purpose of layoff or recall only.) Their names and starting dates will then form a "Temporary Employee" seniority list.

PROVISOS

Seniority Rights Defined:

Temporary employees do not have the same seniority rights as permanent full-time employees, i.e. bumping options and shift preference etc., nor is the Company obligated to return the temporary to a shift held prior to layoff.

In assigning this particular group with a "seniority" date, it only suggests that temporary employees are provided with rights of recall provided there are no issues of concern related to performance either directly or indirectly.

In matters of layoff/recall whenever possible and where notice of layoff permits, temporary employees will be laid off and recalled by seniority provided the senior temporary employee is qualified, in the opinion of the Company, to perform the remaining work.

Any temporary employee refusing to accept a work assignment, transfer, etc., shall be removed from the temporary seniority list and termination will result.

Temporary employees shall be deemed terminated during each period of layoff as defined under the Employment Standards Act "Definite Term/Task", however, this shall not interfere with their rights to recall as defined.

The above is not intended to circumvent the collective agreement in any way, shape or form nor is it intended to provide any benefits other than those specified above.

LETTER OF UNDERSTANDING RE: CROSS TRAINING

The Company and Union recognize the benefits of a cross training program; for the Company it allows for a greater skill base to draw upon and for the employees it provides for greater job stability. Extra staffing, substitution or rotation if necessary for the effectiveness and efficiency of the operation can achieve these programs.

Joint Cross-Training Committee:

A joint cross training selection committee will be established with equal representation from both the Union and the Company, such composition to include the Industrial Relations Manager plus one other company representative as well as the Plant Chairperson and one other Union representative.

The purpose of such committee will be to determine the number of cross training opportunities available within the plant per year, and the candidates for such opportunities. Guests from the area to be trained will be invited to participate in the selection. However, the Joint Committee will make the final decision.

Budget:

The Joint Committee will manage the training budget, which will be .5% of regular working hours multiplied by the average hourly rate with a \$50,000 ceiling. The committee will manage this budget with serious consideration to the cross training budget and availability constraints. The Committee may, by unanimous vote agree to increase the budget.

Selection:

Candidates will be chosen to extend the skill base within the plant and where the cross training will provide for greater job security. Based on the needs of the business selection may be from within the same job classification, higher or lower job classifications or interdepartmental. Seniority will be the main factor where the need or benefit from the cross training is equal for the candidates. Other factors will include the candidate's current position, number of weeks normally in the plant, duration required in the cross-training position and shift preference/shift required.

Employees cross-trained have an obligation to work when required. This may include working an undesired shift. As a result, there is an obligation for employees to act as trainers even if the selected candidates have more seniority.

Skills Matrix:

The Joint Committee will maintain a Skills Matrix. This Skills Matrix will be used for placing employees to cover absenteeism/vacation relief, temporary jobs less than 55 days, and lay-offs.

All cross-training candidates will be evaluated for competency upon completion of the training. If a cross-trained individual has not performed the job after a period of two years, they will be re-evaluated for competency.

LETTER OF UNDERSTANDING RE: GROUP LEADERS

During the term of the Collective Agreement it is the intent of the Company to expand the opportunities for Group Leaders within the factory. The Company would like to recognize and reward the greater involvement in the daily operations of the department/work areas. The Company will decide when and where Group Leaders will be required for the efficient operation of the factory.

JOINT-COMMITTEE

The Selection Committee will include three (3) Union Representatives, the Site Manager, a Production Supervisor and a representative from Human Resources or Training.

RESPONSIBILITY

A Group Leader assists in directing the work of employees while continuing to perform his other regular duties as defined by Management on an ongoing basis. In the course of his assignment as a Group Leader he may also be required to perform work regularly done by the employees he leads.

A Group Leader shall not assume the employee relations supervisory responsibilities such as reprimanding or disciplining employees. This does not preclude a Group Leader from advising an employee that he is violating any work/safety rules.

SELECTION

All applicants responding to a Group Leader advertisement will be interviewed and tested by a joint union/management committee. The Committee will mutually agree upon the selection criteria to be used giving due consideration to required leadership ability, job skills, technical competency and seniority. All employees will be evaluated on the same selection criteria. The position will be awarded to the individual who scores the highest based on the combined Selection Committee scores. Reasons for refusal will be given in writing to any applicant more senior than the applicant chosen.

EVALUATION

The Company will provide group leaders with training in the skills (communication, listening, leadership) required to be effective leaders of their group. With standard job related training, success will be determined through competency testing for both technical and soft skills based on agreed criteria. Based on the mutually agreed criteria list, the Selection Committee will evaluate the Group Leaders after the first three (3) months and again after the completion of six

(6) months time on the job. Further reviews **will** be scheduled at the **request of three (3) or more of the Joint Committee Members**. The joint committee may remove a group leader from the group leader position, when clear non-performance is determined by:

- (a) Unanimous vote, or
- (b) Two consecutive majority votes within a twelve (12) month period.
- (c) The joint committee will attempt to reach consensus, however, if consensus is not reached the joint committee will attempt to make decisions by a majority vote. In the event of a tie the chair of the committee will cast the deciding vote. The joint committee will meet at least every 3 months and the chair of the committee will rotate between a Union and employer representative every three months. First 3 month term will be the Union starting 4/1/03.

**MEMORANDUM OF AGREEMENT
RE: ALTERNATIVE WORK WEEKS**

12-HOUR SCHEDULES

An alternative work week (3 by 12 hour shifts) will be introduced in the factory only in the Turtle and Sugar based production and their support groups (i.e. maintenance and warehouse). The decision will be driven by requirements and capacity to produce the volume in order to maintain a competitive advantage. The parties by mutual agreement may revert to a conventional Monday to Friday, eight (8) hour shift schedule.

The implementation of a twelve (12) hour shift schedule will not result in a reduction in the number of total crew work weeks.

The parties agree to the extended shifts as outlined below;

1. HOURS OF WORK

The alternative shift schedule to be implemented is three (3) - twelve (12) hour shifts per week. The six (6) day crewing will be Monday/Tuesday/Wednesday and Thursday/Friday/Saturday shift schedules. When operating only one (1) three (3) day schedule, the Company may start the work week on Monday, Tuesday or Wednesday.

The first shift will be 7 p.m. to 7 a.m. and the second shift will be 7 a.m. to 7 p.m wherever possible.

2. SHIFT CYCLE

Crews working a six (6) day twelve (12) hour shift pattern will rotate within a six (6) week cycle;

WEEK 1	WEEK 2	WEEK 3	WEEK 4	WEEK 5	WEEK 6
M T W	M T W	M T W	T H F S	T H F S	T H F S

3. PREMIUMS

Employees scheduled to work three (3) twelve (12) hour shifts per week shall be paid forty (40) hours per week at straight time. The first shift will receive a premium of fifty-seven (.57) cents per hour for the hours worked between 7 p.m. and 7 a.m. The second shift will receive a premium of seventeen (.17) cents per hour for the hours worked between 7 a.m. and 7 p.m.

For total time worked that is less than 36 hours the weekly premium to be applied will be;

HOURS WORKED	PREMIUM	
1-9 hours	=	1 hour
10-18 hours	=	2 hour
19-27 hours	=	3 hour
28-36 hours	=	4 hour

4. OVERTIME

All hours worked Monday through Saturday in excess of 36 hours per week or 12 hours per day, will be paid at the rate of one and one-half (1 1/2) times the employee's regular basic hourly rate.

All work on a Sunday (**Saturday 7 PM to Sunday 7 PM**) or plant holiday will be paid for at double time for all hours worked. The Company reserves the right to schedule either (8) eight or (12) twelve-hour shifts for production or sanitation on Sundays. Employees working a flip week (Thursday, Friday, Saturday, Monday, Tuesday, Wednesday) will not be allowed or scheduled to work overtime on Sunday. To obtain sufficient coverage for Sunday overtime the principle of Article 10.10 will be applied.

There shall be no pyramiding of any overtime or premium payments under this agreement

5. PAID BREAKS

Paid breaks for employees shall be three (3), twenty (20) minute lunch/breaks. The length of the breaks may be changed by mutual consent but in no case may the total of three (3) breaks exceed sixty (60) minutes.

6. WEEKLY INDEMNITY

The Weekly Indemnity waiting period as it pertains to disability resulting from sickness shall be twenty-four (24) consecutive hours of lost time and payments shall be based as per the current program.

7. PAID LEAVE OF ABSENCES

Bereavement leave shall be determined as per Article 15.04. The employee will be paid a bereavement allowance up to a maximum of three (3) days computed by multiplying his regular straight time hourly rate times the number of hours he would have worked or by twelve (12) hours whichever the lesser.

Jury duty shall be paid as per Article 15.03. The premium payment would not apply.

8. RECOGNIZED HOLIDAYS

Employees who are scheduled to work only twenty-four (24) hours due to the placement of the statutory holiday will receive twelve (12) hours for that statutory holiday plus the four hour premium (total hours paid equal forty (40) hours at straight time). Failure to work the full twenty-four hours will result in the reduction of the four (4) hour weekly premium as per #3.

Employees who are scheduled to work their normal thirty-six (36) hours due to the placement of the statutory holiday will receive eight (8) hours for that statutory holiday plus the four hour premium (total hours paid equal forty-eight (48) hours at straight time).

9. VACATIONS

All vacation weeks for employees working the twelve (12) scheduled will be converted to hours of vacation entitlement. i.e. an employee with four (4) weeks of vacation will now have one hundred and sixty (160) hours of vacation entitlement. An employee with six (6) weeks of vacation will now have a total of two hundred and forty (240) hours of vacation entitlement

10. LAY-OFF/RECALL

For lay-off purposes, employees will first bump the most junior on the twelve (12) hour shift of the job they can perform within their classification. Employees may elect to take a lay-off if moving to an undesired shift, or then bump to other departments in the factory as per the Collective Agreement, Articles 9.09 and 9.10.

11. CALL IN/CALL BACK

Will be paid as per the current Collective Agreement.

10 HOUR SCHEDULES

The Company will switch to 4 by 10 hour shifts beginning January 1, 1997 for the areas in the factory that are not scheduled to work 3 by 12 hour shifts. This shift pattern will give consideration to employee fatigue, ergonomics, processing/supply chain limitations and meeting our customer requirements.

The parties by mutual agreement may revert to a conventional Monday to Friday, eight (8) hour shift schedule.

1. HOURS OF WORK

Employees scheduled to work four (4) ten (10) hour shifts per week shall be paid forty (40) hours per week at straight time. The Company may start the work week on Monday or Tuesday.

The hours of work will generally be 7 a.m. to 5 p.m. and 5 p.m. to 3 a.m. or 9:00 p.m. to 7 a.m.

2. PREMIUM

The second shift will receive the night shift premium as per article 10.05. The first shift will not be entitled to a shift premium.

3. OVERTIME

All hours worked in excess of 10 hours per day or forty (40) hours per week, will be paid at the rate of one and one-half (1 1/2) times the employee's regular basic hourly rate. Saturday and Sunday overtime will be paid as per Article 10.04. There shall be no pyramiding of any overtime or premium payments under this agreement.

4. PAID BREAKS

Paid breaks for employees shall be two (2), twenty-five (25) minute lunch/breaks.

5. WEEKLY INDEMNITY

The waiting period will continue to be three (3) working days. However, the employee will receive six (6) hours of W.I. benefits for the first three (3) days of absence when the claim is medically substantiated and accepted for a claim of four (4) days or more.

6. PAID LEAVE OF ABSENCES

Bereavement leave shall be determined as per Article 15.04. The employee will be paid a bereavement allowance up to a maximum of three (3) days computed by multiplying his regular straight time hourly rate times the number of hours he would have worked or by ten (10) hours whichever the lesser.

Jury duty shall be paid as per Article 15.03.

7. RECOGNIZED HOLIDAYS

Pay for all plant holidays to qualifying employees shall be eight (8) hours at the employee's straight time hourly rate. During the week of a statutory holiday, employees will be scheduled to work four (4) days other than the actual statutory day. As a result each employee will receive forty-eight (48) hours pay at straight time.

**LETTER OF UNDERSTANDING
RE: BUSINESS GROWTH OPPORTUNITIES**

The continued success of the Birchmount Factory and therefore Nestlé Canada depends upon our ability to improve and grow our business. The need to be cost competitive is essential to support any future growth and development and aggressively compete for investment once the Laura Secord business is removed. To achieve this growth, the Company and the Union understand that there is a need to look at how the factory operates, specifically, the new opportunities for the business.

As a commitment to address future business needs and growth we agree to form a joint committee of the Union Stewards, Business Agent and management to meet on a regularly scheduled basis to discuss changes and opportunities for our factory. These discussions will focus on four key areas for attracting new business;

- Union/Management Relationship
- Cost Competitiveness
- Flexibility
- The People - Attitude, Skills, Embracing Change, Continuous Improvement

It is important that both the Union and Company address and create ways to support new opportunities that will benefit both the Company and its Employees. Any implications and changes (i.e. classifications, special skills, work schedules and increased flexibility) necessary to attract future business based on our current work systems will be presented jointly to the membership for approval.

If potential labour reductions are identified, as a result of the above, the Company will discuss the change as early as possible with the Union. The Company and Union would review the following options to determine what is in the best interest of the employee and the Company.

Where a seniority employee's regular job is permanently eliminated as a result of major changes in equipment or methods of operations such employee will acquire the right to displace less senior employees, where they have the skill and ability.

Early retirement packages. For example: The Company may accept, by seniority, request for voluntary retirement on a one for one basis when a declared job redundancy incumbent chooses to exercise his/her seniority rights and remain in the employ of the Company.

RE: PERMANENT JOB REDUCTION**

Where a seniority employee's regular job is permanently eliminated as a result of major changes in equipment or methods of operations such employee will acquire the right to displace less senior employees according to the following procedure:

- a) The Company in consultation with the Union will endeavor to place the employee in an existing position at a rate of pay equal to his previous position.
- b) Where the Company is unable to find a replacement position under a), the employee shall be entitled:
 - i) To displace the most junior employee in his own classification who holds a position for which he is qualified.
 - ii) If (i) does not provide the employee with a position in his own classification, he may then displace the most junior employee in another classification who holds a position for which he is qualified.

For the purpose of this section "qualified" shall mean that in the reasonable opinion of the Company, the employee has the capability to qualify for the job within a reasonable period of time and in any event currently possesses any licenses or trade qualifications which may be required.

LETTER OF UNDERSTANDING

IN THE EVENT OF SIGNIFICANT DOWNSIZING;

Severance packages will be made available under the terms of the Collective Agreement where a position is permanently eliminated. When determining the number of packages available, the number of jobs eliminated will be reduced by the number of vacancies (through normal retirement and attrition) and newly created positions required. Definition of a full-time job would be determined by the criteria established under Article 9.03.

For example:	Positions eliminated	24
	New position	1
	Vacant positions	<u>3</u>
	Packages available	20

IN THE EVENT OF A FACTORY CLOSURE;

In the event of a factory closure, the Union and Company will meet to discuss a closure agreement where the closure agreement at the Alexandria factory would be used as a model. While the Birchmount closure agreement may not be identical to the Alexandria agreement each employee will be entitled to a package that provides them with pension and severance pay that are at least equivalent to those received by Alexandria employees who did not transfer to another Nestlé facility.

Those employees who transfer to another Nestlé facility will not be entitled to severance, as a result they will retain their seniority date for vacation and service purposes. Employees who elect to transfer to an alternate Nestlé site will be entitled to their severance, as outlined by this letter of understanding for two (2) years from the closure date of Birchmount, if their position is permanently eliminated. If after two (2) years, the position is eliminated or the factory closes, employees would receive the severance as outlined in their new Collective Agreement.

During the first six months on the job, if the employee feels unable to perform the duties of the vacancy, or, proves unsatisfactory in the opinion of management, the employee's employment will terminate and they will receive their severance as outlined by this letter of understanding.
