## ARTICLE VII - INCENTIVE PAY PRINCIPLES

1. It is agreed that the Company and the Union accept the principle of a fair day's pay for a fair day's work. It is further agreed that the standard hourly wage rates for the respective job classes as stated in the foregoing Article VI, constitute the rates payable for work at the rate of a fair day's work. 7.01
  
2. It is understood that the Company shall expect every employee to perform at a normal and reasonable standard of efficiency and the Company shall have the right to make changes in methods of work and in the composition of the work force in striving toward this objective in accordance with the provisions of Article II and provided such changes do not conflict with the provisions of this Agreement. 7.02
  
3. **Crew Reduction Notice**  
The Company agrees prior to any proposed reduction in crew sizes for reasons other than a normal reduction in force or layoff, the Union will be given reasonable notice of such reductions and a meeting of Company representatives and the Union Executive will be called to fully discuss the reasons for the reduction and to allow the Union to present their views prior to any reduction in crew sizes taking place. 7.03
  
4. **Plan Requirements**  
It is agreed that the Company and the Union accept the principle that an incentive plan must provide the opportunity for an individual or a crew to earn at a level above that of a fair day's pay. It is further understood that an incentive plan must meet all of the following requirements. 7.04
  - (a) It provides lower costs and/or increased productivity for the Company. 7.05
  - (b) The level of work is measurable in accordance with sound industrial engineering practices. 7.06
  - (c) The plan may be easily understood by the employees involved. 7.07

- (d) The earnings under the plan are readily calculable. 7.08
- (e) The plan lends itself to relatively easy administration. 7.09
5. The incentive pay policy of the Company shall be to provide pay above a fair day's pay for work performed above a fair day's work when such level of work is regularly required. 7.10
6. **Revisions to Plan**  
The Company agrees to continue and maintain existing standards and incentive plans for the life of this Agreement. However, the Company reserves the right to revise those standards affected by a methods, equipment, processing, or quality change, and to modify or revise any incentive plan and/or to replace any incentive plan with day work when such incentive plan becomes inoperable or inappropriate because of new or changed conditions resulting from improvements or changes in equipment, manufacturing, or processing standards materials, methods or quality standards. 7.11
7. **Plan Review**  
Prior to installation of an incentive plan, the Company agrees to review with the appropriate Union representatives, the operator or representative of the crew concerned, any new, temporary or revised incentive plan, as well as proposals to eliminate, replace or revise any incentive plan, before action is taken. 7.12
8. A fair day's work shall be determined by the application of the job standards and shall apply only to work of acceptable quality. There shall be no standard allowance made for defective work within the control of the employees involved. 7.13
9. **Temporary Standards/Experimental Work**  
The Company will pay average hourly rate for all experimental work, until a permanent standard has been developed. It is further understood that all copies of temporary and permanent standards will be forwarded to the Union Office. 7.14
10. **Additional Coverage**  
The Company, at its discretion, may establish a wage incentive plan to cover new jobs, or jobs not previously covered by an incentive plan. It is agreed that should the Company decide to establish such an incentive plan, such plan will be established as soon as possible and practical after the operating methods have been firmly established and stabilized. 7.15
11. **Trial Periods**

A new or revised incentive plan shall be given two (2) months' trial before an official complaint may be entered. At the completion of two (2) months' trial, the Union may request an audit of the plan for the purpose of determining why the operator or operators are not earning a reasonable incentive rate. The Company will be allowed thirty (30) working days to conduct such audit. At the completion, if a satisfactory agreement has not been reached, the Union may submit a grievance in accordance with Article X. 7.16

12. **Grievance of Standard**

It is agreed that a grievance may be entered by any employee or group of employees that an incentive standard does not properly reflect or is unrepresentative of the conditions under which the standard was originally established and that, in such circumstances, such employee or employees may submit a grievance that the level of pay provided by the plan does not properly reflect the level of performance required. In the event such a grievance is submitted to arbitration, it is agreed that the Board of Arbitration shall consult a recognized industrial engineer to assist them in arriving at their decision. The Union has the right to engage the services of a qualified industrial engineer to investigate incentive plans on their behalf and to conduct studies in the plant after obtaining a pass from the Director, Human Resources, or his designated representative. 7.17

An employee who loses his prior service credit shall lose his seniority rank unless otherwise provided in this contract. 8.01

2. **Principle of Seniority:**

The principle of seniority is to give preference to employees and former employees covered by this Agreement in the matter of promotions, demotions, layoffs, job postings, and recall after layoff, in accordance with their accredited continuous service in the hourly bargaining unit. 8.02

3. For the purpose of administering the provisions of Article VIII of this agreement, the following factors shall be considered: 8.03

(a) Seniority (as herein defined). 8.04

- (b) Knowledge, efficiency, and ability to perform the work. 8.05
  - (c) Physical fitness. 8.06
4. It is understood and agreed that, where the factors in paragraphs 8.05 and 8.06 are relatively equal, seniority as herein defined shall govern. In the evaluation of paragraphs 8.05 and 8.06 management shall be the judge; provided that this will not be used arbitrarily or for the purposes of discrimination against any member of the Union. 8.07

**Learner Job Considerations**

In determining the relative equality of Knowledge, Skill and Ability where jobs carrying learner periods are posted, the following guidelines shall apply:

The most senior applicant with at least half of the required learner hours.

In the case of a job carrying 1040 learner hours, a junior applicant must have at least 520 hours to his credit to be given preference over a senior applicant. In the case of a job carrying 1560 learner hours, a junior applicant must have at least 780 hours to his credit to be given preference over a senior applicant.

6. **Regular Employee:** 8.09
- A probationary employee will become a regular employee upon completion of ninety (90) calendar days' service (exclusive of any periods of authorized absence). At such time he shall acquire seniority rights and his seniority date will be established as of his date of last hire.

3. **For 48 months for employees with 3 years or more seniority**;

Should an employee be recalled to and commence work, he shall have added to his continuous service at date of layoff, a period equal to the duration of his layoff.

8. When an employee is off on sick leave or leave of absence and his date for layoff is reached, his basic seniority (actual plant service) stops as of that date, and his accumulative seniority begins accumulating from that date in accordance with the provisions of paragraph 8.10 of the Agreement. 8.11

9. **How Seniority is Lost:**

An employee's seniority rights and his employment relationship shall terminate if he: 8.12

- (a) Quits. 8.13

- (g) The Company will notify the Union of any unauthorized absence of the employee within three (3) working days from the date the employee became absent without leave. Failure of the Company to comply with this procedure will not prejudice the Company's rights in regard to discipline or discharge as stipulated in paragraph 8.16. 8.19

10. **Reinstatements:**  
In case a discharged employee is reinstated by the Company upon the settlement of a grievance under this Agreement such employee shall not lose his seniority unless agreed between the parties hereto. 8.20

With the exception of Labour Pool jobs, an addition to force or replacement in hourly rated jobs will be filled by job posting and the notice of each such vacancy will be posted in the department concerned and at each of the time offices for a period of five (5) calendar days. Job postings shall indicate the job title, job rate, incentive rate, a brief description of the job duties and number of shifts to be worked at date of posting. 8.22
13. Probationary employees shall not be eligible to apply for any posted jobs until the completion of their probationary period as per article 8.08. 8.23
14. Job posting bulletin boards will be divided into three (3) sections: (1) Trades. (2) Bonus. The name or names of successful applicants and their seniority standing shall be posted in the department and at each time office within seven (7) calendar days for production jobs and thirty (30) calendar days for trade jobs from the date the job posting is taken down for a period of five (5) calendar days following the date of the appointment. 8.24
15. **Application Priorities**  
Applications for job postings up to and including Job Class 8 will be given priority in order of plant-wide seniority subject to paragraphs 8.03 to 8.07 inclusive. First, employees in the department where the vacancy exists, who, at the time of the application have more than one (1) year of continuous service in that department immediately prior to the date of the posting. Second, all other applications in order of plant-wide seniority. 8.25

16. **Transfer of Successful Applicants** 8.27\*
- The Company will transfer the successful applicant to the new job as soon as possible after his notification of acceptance. In the event that the successful applicant is not appointed to the job for which he was accepted within fifteen (15) calendar days following the expiration of the acceptance notice, he shall be paid the higher of (1) the earnings of his current job, or (2) the average earnings for the job for which he was accepted.
- \* see item 19 - letter of agreement
17. **Postings for Temporary Vacancies Due to Sickness or Accident** 8.28\*
- Job postings shall apply to temporary vacancies due to sickness or accident when they exceed 90 days. Employees accepted to these postings will be considered as holding regular jobs but will return to their former jobs should the absent employee return to work. The ninety (90) day time limit may be reduced by agreement with appropriate members of the Union Executive.
- Should the absent employee return to his job and, before 30 working days have expired, report off with the same disablement (expected to result in an absence of one month or more), then the previous chain shall be re-established effective from the next crew schedule change. Should the absent employee return to work, but is temporarily employed in work other than his own job or employed in work other than his own job for rehabilitation purposes, a grace period of 30 working days will be provided and the established chain shall remain in effect. Should extenuating circumstances arise, the 30 day grace period may be extended by agreement between the Company and the Union Executive.
- \* See Item 8 – Letter of Understanding
18. **Job Posting Restrictions** 8.29
- An employee shall not be eligible to apply for another opening in the same or lower job class under the provisions of paragraph 8.22 for a period of four (4) calendar months from the date his application is accepted on a job for which he was a successful applicant unless it is a promotion or transfer for training purposes or an improvement in working conditions as defined in Factor No. 10 and/or Factor No.11 of Appendix "A". An exception to this four (4) month limitation will be made only once in any calendar year.
19. If necessary, jobs may be filled temporarily for a period not exceeding five (5) working days after the last posting. 8.30

20. An employee cannot decline the appointment to a job after the five (5) calendar days acceptance period has expired. An employee accepted for a job, who cannot meet the requirements of the job, may revert to his previous job if that job is still open. However, in such cases, the employee who cannot revert to his previous job, will be placed in the Labour Pool and will be considered to have lost his prior department seniority. 8.31
21. **Filling of Temporary Vacancies** 8.32
- In order to minimize the disruption of work schedules and at the same time avoid any hardship caused by short changes involved in filling temporary vacancies due to absences, it is agreed that the Company shall fill such vacancies in the following manner:
- (a) For vacancies which do not exceed eight (8) hours duration any employee readily available at the time: 1st-within the department and 2nd-within the plant, may be assigned at the discretion of management. For the purpose of this section, experience gained under paragraph 8.33 shall not be considered to qualify an employee and cannot be used as a determinant in applying the provisions of paragraphs 8.03 to 8.07 or paragraphs 8.22 to 8.26 inclusive. 8.33
- (b) For vacancies which exceed eight (8) hours duration, but do not extend beyond the next crew schedule change, the senior departmental employee on the shift will be given preference on the following days subject to the provisions of paragraphs 8.03 to 8.07 inclusive. 8.34
- (c) For vacancies which extend beyond the next crew schedule change, the senior departmental employee will be given preference for a job in a higher job class or for an improvement in working conditions as defined in Factor 10 and/or Factor 11 of the job descriptions at the next change of crews subject to the provisions of paragraphs 8.03 to 8.07 inclusive. Under the terms of this subsection, senior department employees must claim the temporary vacancy only at the first scheduled crew change, failure to claim at that time precludes any future claim to the same temporary job vacancy, unless he is working on a temporary job when such temporary openings occur, in which case he may claim the opening when he is scheduled to return to his regular job. Should an employee claim a job in a lower job class under this paragraph, he will be given the job as soon as a replacement is available. 8.35\*
- \* see item 5 and item 20 – letters of understanding
- (d) Where the Company determines that an individual is to be transferred to fill a temporary vacancy, qualified employees working in the same group from which the transfer is to take place will be contacted in order of seniority and should the senior qualified employees decline the transfer, the junior employee will be transferred. 8.36

22. Job postings procedures shall not apply to hourly-rated jobs set up in a department on a temporary basis or to temporary additions in production crews if the duration of such jobs do not exceed a period of sixty (60) calendar days. In filling such temporary jobs preference will be given to senior employees in the department, subject to paragraphs 8.03 to 8.07 inclusive. The Union office shall be notified in writing of the starting and finishing dates of such jobs, where such jobs are expected to exceed one week in duration. Should the duration of the above jobs exceed sixty (60) calendar days, such jobs will be posted. Employees assigned to the temporary jobs in the above will return to their former jobs when such temporary additions are no longer required. 8.37
23. **Reduction of Force, Bumping and Layoff Definitions:**
- (a) The term "reduction of force" applies only to an employee released from his department through no fault of his own. 8.38
- (b) The term "layoff" applies only to an employee released from the Company owing to his inability to exercise bumping privileges in accordance with the provisions of paragraphs 8.51 to 8.65 inclusive. 8.39
- (c) For the purpose of this Agreement, the term "bumping" shall be defined as the displacement of the junior employee on the specific job selected by a senior employee in accordance with paragraphs 8.03 to 8.07 inclusive, and the seniority rights under this ARTICLE VIII. Such "bumping" privileges must be exercised within seven (7) calendar days from date of notification. Should an employee be retained on a job other than his job on record beyond five (5) calendar days from date of exercising "bumping" privileges, he shall be paid in accordance with paragraphs 3.19 to 3.27. When an employee "bumps" the junior employee on a job in which there are multiple shift arrangements, all employees now on this job may claim shift arrangement preference only in order of seniority. This reschedule will be effective after employee preferences are known and at an opportune time. 8.40
24. In the event of a reduction of force in a department, employees whose jobs are affected by the reduction of force having sufficient seniority to retain them in the department must displace another employee within the department in accordance with the provisions of paragraphs 8.03 to 8.07 inclusive. In addition, an employee who would be forced to bump in his department, to a job in which he has no related experience or to a job class eight (8) or below shall, at his request, be released to the Human Resources Department, to exercise bumping privileges to any job that he can perform satisfactorily. Those employees who are released from the department will immediately report to the Human Resources Department and exercise bumping privileges in accordance with the provisions of paragraph 8.40 and paragraphs 8.51 to 8.65 inclusive. 8.41

25. **Waiver of Seniority** 8.42  
Notwithstanding any of the foregoing, if, in the event of a reduction of force or layoff due to lack of work, it is necessary to retain an employee because of his knowledge, training, skill and efficiency, in order to maintain an efficient operation, seniority shall be waived for such essential jobs, subject to paragraph 8.43.
26. (a) In order to avoid any discrimination, such essential jobs being held by employees with less seniority than those being released from their departments or laid off will be posted for a period of five (5) calendar days. Any employee in the plant may apply and the senior qualified employee will be considered the successful applicant, as outlined in articles 8.03 to 8.07 and 8.57 to 8.61 inclusive. 8.43\*  
\* see item 12 - letter of understanding  
(b) An employee who has been affected by a reduction in force and is unable to displace a junior employee and is at the point of layoff, will have one (1) opportunity to displace a junior employee who is being retained under Section 8.42 provided the employee can successfully perform the job within a maximum of 160 hours. This clause will not apply to 1560 or 1040 learner hour jobs. Should the employee be unable to perform the full scope of the job after the training, he will be laid off.  
(c) **When the most senior employee on layoff becomes indefinitely laid off while a junior employee is held out of seniority on a job in the plant, the Company agrees that the senior employee will be recalled in order of plant seniority and trained on the job held by a junior employee. This clause will not apply to Skilled Trades or 1560 hour jobs.**  
(d) **The parties agree to review the impact of 8.43 (c) within the thirty (30) day period following March 22, 1999 or the thirty (30) day period following the date of the first application of that clause, whichever comes later, and it will only be extended by mutual agreement between the Company and the Union.**
27. **Reduction in Force/Layoff Exclusions** 8.44  
Neither the term "reduction in force" or the term "layoff" shall refer to:  
(1) Reassignments of personnel within a department due to employees being sent home for one (1) week or less for a temporary reason, or  
(2) Employees being sent home for one (1) week or less for temporary reasons; or  
(3) Reassignments, not to exceed thirty (30) calendar days, due to:  
a) temporary fluctuations in production; or  
b) changes in manufacturing procedures.  
Should such a period exceed thirty (30) calendar days, paragraphs 8.38 to 8.43 inclusive shall apply.
28. **Reduction of Hours, Layoff** 8.45  
If it becomes necessary, due to business conditions, to reduce the number of hours of work

in any department or to layoff employees, the following procedure shall be followed:

- (a) as far as practical, all overtime that is not of an emergency nature will be eliminated. 8.46
- (b) if after the reduction of overtime there is not sufficient work to provide a standard work week for those then employed, consideration will be given to reduction of the number of hours worked before laying off employees. 8.47
- (c) The Company will not contract work out that will result in the layoff of employees. When employees are on layoff and it is deemed necessary, by the Company, to employ outside contractors within the plant to perform maintenance and service work, the Company will notify the Union, in writing, in advance. The parties shall review the status of employees who may be so affected with a view to finding an acceptable solution. Further it is the intention of the Company to ensure that only qualified tradesmen will perform required trades work. In addition, a committee, of equal numbers of Management and Union Committee members shall monitor all maintenance and service work which is currently, and is to be performed within the plant, by outside contractors. 8.48\*  
\* see item 17 - letter of understanding
- (d) Should the Company recall trades employees to perform maintenance service work normally contracted out and for a definite term or task, the parties agree that all relevant sections of the agreement will be read and construed to allow the recalled employee to return directly and perform the required work. It is understood that when the work is completed the employee would return to his position on the recall list. It is further understood that such employees will be recalled in order of plant seniority and that this section will be used as far as possible to reduce the contracting out of work.

29. **Layoff Procedures**

When layoffs are necessary, the Company shall submit to the Union a list of the employees who are to be laid off at least seven (7) calendar days prior to the date of layoff. Such notice shall not be construed as any guarantee of work or pay in lieu of work during the notice period. This list will be used to determine the number of jobs available at the bottom of the Master Seniority List which will equal to the total number of employees to be released from all the departments affected. 8.49

The layoffs or releases shall be in reverse order of seniority except where it is necessary to retain an employee because of his knowledge, training, skill, and efficiency as provided for in paragraphs 8.42 and 8.43. If the Union alleges that the procedure as outlined is not being followed, the employees in question shall be retained at work until it has been discussed with the Union representatives in the department concerned, and agreement has been reached that the procedure has been followed, or a fair attempt has been made by the Company to reach such agreement with the Union. 8.50

30. **Bumping Rights** 8.51  
 Probationary employees shall have no bumping rights.
31. 8.52  
 All employees (excluding probationary employees) with less than one year's seniority shall have no bumping rights outside of their own department, but upon release from their department shall be placed by the Company in a job occupied by an employee at the bottom of the Master Seniority List, provided he has the ability to perform the job satisfactorily, and shall be released from the Company in reverse order of seniority.
32. 8.53  
 An employee who refuses to accept a job from the list of jobs available will be laid off.
33. 8.54

**ATTENTION: Mr. G. Bradley, President/Chairperson**

Gentlemen:

**RE: Letters of Understanding**

During the term of the Collective Agreement between the parties effective March 23, 1998, the following understandings have been reached.

**ITEM 1      PARAGRAPH 3.28**

For the purpose of paragraph 3.28, an employee's scheduled starting time shall be defined in the departmental work rules in which he is scheduled to work.

**ITEM 2      OVERTIME EQUALIZATION**

An employee who works on his scheduled day off at straight time rates will not be charged as having worked overtime for the purpose of overtime equalization.

**ITEM 3      PARAGRAPH 3.04**

It is the intention of the Company during the term of this Agreement to recognize that the following scheduling is generally preferred by its employees:

- 1 shift requirement - days
- 2 shift requirement - days and afternoons
- 3 shift requirement - days, afternoons, and nights.

Due to economics and continuity of plant operations, emergencies, and breakdowns, this normal schedule may need to be altered as the circumstances dictate.

**ITEM 4      TESTING TECHNICIAN (NON-DESTRUCTIVE)**

It is understood and agreed that the three (3) job class additive to be paid to the job of Testing Technician (Non-Destructive) will apply only to those certified by the Canadian Government specifications Bureau in all of

- a)      Magnetic Particle Category
- b)      Liquid Penetrant Category, and
- c)      Senior Level in Ultrasonic Category and only when an incumbent of the job of Testing Technician (Non-Destructive).

## ITEM 5 NEXT CREW SCHEDULE CHANGE

Whenever there is reference in the Agreement to "the next crew schedule change", the following rules will apply:

1. If such vacancy is known prior to Thursday in a given week, the next crew schedule change is presumed to be the first calendar week beginning at midnight Saturday.
2. If such vacancy is known on Thursday or later in the same week, the next crew schedule change is presumed to be the second calendar week beginning midnight Saturday.

However, it is the intention of the Company to make the correct final move as quickly as possible.

## ITEM 6 PRE-SUPERVISORY TRAINING

For the purpose of pre-supervisory training, the Company may request that the Union Executive approve continuous seniority credit, not exceeding six months of duration, for a specific employee. This provision can be applied only once during an employee's term of employment.

## ITEM 7 OVERTIME ADMINISTRATION PROCEDURES

### Production and Metallurgy

The following criteria will be applied in the administration of the overtime provisions of the Collective Agreement:

- 1) The parties have agreed that the concept of seven (7) and twelve (12) shift schedules for other than Utilities, Assigned and Shops Maintenance, will be recognized as an alternative to long-term weekend overtime scheduling, where practical.
- 2) Overtime records will be updated and posted on Tuesday of each week.
- 3) Man power schedules will be posted Wednesday of each week.

4) **Charging of overtime.**

The following examples show how overtime should be charged under the changed provisions of the Collective Agreement. All other charging will remain as outlined in the Collective Agreement.

- a) In an overtime group of four employees A, B, C, D, employee A is low in overtime hours, employee D is high in overtime hours.

i.e., A low hours (2)

B

C

D high hours (2)

Employees A and C have each been scheduled and worked two, sixth overtime shifts on weekends during current calendar month. In canvassing for overtime it would be necessary to offer the overtime to employee A first, and then B, C, and D, if each refused -

- i.e., A refused - charged 8 hours;
- B refused - charged 8 hours;
- C refused - charged 8 hours;
- D refused - charged 8 hours;

Once all employees in group have refused, then opportunity would be offered to senior qualified employee outside the group.

If no volunteers from outside the group, then employee A is offered overtime again but is not charged for refusal, and then employee B would be scheduled and charged an additional eight (8) hours worked.

**NOTE:**

In offering overtime opportunity to employees outside the overtime group, a 24 hour posting in the department of a temporary opening is used and the senior qualified employee who bids is given the opening. In situations where a temporary posting system is not practical, an alternative system will be worked out between the department head, the departmental Steward and the Overtime Committee. This agreement to be submitted to Human Resources.

**b) Clarification of Scheduled Versus Voluntary Overtime**

Employee A is low in overtime and works the following schedule in a month

DATE 1 2 3 4 5 6 7  
 DAY S M T W T F S

x x x x x x x - (Sunday the seventh voluntary)

On Sunday the first day of the month, employee A is scheduled to work as low overtime employee. On Saturday the seventh day of the month, employee A works voluntarily, he is not scheduled.

The following Saturday, the fourteenth (14) day, overtime is scheduled for one employee in the group of four, A, B, C, D.

- A - low hours
- B
- C
- D - high hours

Employee A has low overtime hours and has been scheduled to work only one (1) time on a sixth overtime shift. Employee A would then be offered the overtime first, and the B, C, and D if each refused. Once all employees in the group have refused, the procedure outlined above would be used in going outside the group.

If no volunteers from outside the group, then employee A would be scheduled and charged an additional eight (8) hours worked.

**c) Clarification of two, sixth overtime shifts. Employee is scheduled to work as follows:**

S M T W T F S  
 x x x x x x x

S M T W T F S  
 x x x x x x x

The employee scheduled as above could not be scheduled to work on the second Saturday and this day would then be voluntary for that employee.

Please note the restriction of no more than two, sixth (overtime) shifts is applied on a calendar month basis and will have to be recorded as such.

- 5) The Company and the Union agree that both production and maintenance work in excess of sixteen hours in a twenty-four hour period is extremely undesirable. An employee will not work and the Company will not offer work in excess of sixteen hours in a twenty-four hour period. In any event employees will not work in excess of sixteen consecutive hours except in cases of extreme emergency.
- 6) Paragraph 4.29 Group refers to the number of people remaining in such group due to absence.

Example	A
	B
	C Absent
	D

If "C" is not replaced the group would consist of 3; if "C" is replaced then the group would now consist of 4.

- 7) Where vacancies have to be filled on an overtime basis, the employees in the overtime group where the vacancy originates will be offered the opportunity to fill the vacancy.

### **Utilities, Assigned & Shops Maintenance**

- 8) Due to the nature of the maintenance operation, the following procedures will cover the rules of weekend overtime scheduling within the utilities, assigned and shops maintenance operations.

First, those employees that indicate each week their availability for work and who have the lowest number of overtime hours charged within the group will be assigned.

Then, second, if sufficient manpower is not available, the employees having the lowest number of overtime hours worked and having been scheduled for five (5) or less work days during the work week, may be scheduled. In honouring "Requests Off", the Company will guarantee that a minimum of one-half of the "Requests Off" are honoured. The above guarantee need not be honoured in case of major emergency or on the special planned week-end outages.

Further, in the event that, over an extended period of time, the number of "Requests Off" exceeds 70% of the available employees in any particular overtime group, the parties agree to discuss any changes deemed necessary to correct the situation.

In the event this happens and a solution cannot be reached between the parties, the normal overtime scheduling provisions of the collective agreement shall apply.

- 9) **"Requests Off"**
  - a) "Requests Off" sheets (standard form) to be posted by Tuesday.
  - b) Must "Request Off" by 8 a.m. Thursday for next Saturday and Sunday (all days on long weekends).
  - c) Seventh day of work week to be shown as "Request Off" to avoid being scheduled if not "Request Off", then available for work.
- 10) Scheduler to post schedule by 3 p.m. Thursday.

- 11) Recording:
  - a) Charge all overtime worked.
  - b) Charge all overtime opportunities available that could have been worked. Opportunity exists when an employee is granted a "Request Off" but has fewer overtime hours charged than an employee who was scheduled to work.
  - c) Hours over eight (8) will be recorded similar to 11(b) above. An opportunity exists for those employees available for work in that area and who were asked and who have fewer charged hours than an employee who works.
  - d) The recording of overtime for those employees absent for any reason will be handled on an opportunity basis (scheduled overtime).
- 12) It is understood that :
  - a) Final methods of recording and administration will be worked out for each individual area by maintenance management and the trade's committeeman and the appropriate union representative.
  - b) A central area must be determined for posting of work schedules.
  - c) If the work to be performed requires continuity of skill utilization, the appropriate employee(s) will be retained, excepting that when the work to be performed is scheduled into the weekend overtime then the R.O. system shall apply.
  - d) Paragraphs 4.30 to 4.38 will apply.
- 13)
  - a) All Plant Engineering employees absent from work due to occupational or non-occupational illness for more than one full work week shall have added to their previous worked hours the average of all worked hours of the overtime group, calculated weekly, for the duration of such absence.
  - b) It is further agreed that all Plant Engineering employees who have not provided a telephone number will be charged for all hours offered on a call-in, such that they would have been called in the telephone sequence.

The Company and the Union recognize that from time to time isolated situations arise which render some or all of the above procedures inoperable. Individual Departments may therefore implement modifications to the above procedures such that these written changes are authorized by the Department Superintendent, Union Committee and the Director, Human Resources.

## **ITEM 8      GUIDELINES FOR THE APPLICATION OF SECTION 8.28 OF THE COLLECTIVE AGREEMENT**

Subsequent to the meetings held with Management concerning the application of Section 8.28 of the Collective Agreement, the following ground rules were established pertaining to all hourly job posting, except the Trades.

1. All postings and acceptance notices are to be identified to indicate that such posting is per section 8.28. A distinctive stamp will also be used to identify the postings and acceptance notices prior to posting.
2. The job posting procedure for jobs required by 8.28 will in no way differ from outlined job posting procedure.

3. Normally the filling of a job via job posting dictates the need for a chain of related postings. With regard this chain and application of Section 8.28:
  - (i) Providing the chain has in no way been broken, all employees occupying jobs in that chain return to their former jobs should the absent employee return to work, regardless of time element.
  - (ii) Should the established chain be broken by an employee bidding off to another job and being accepted, a new chain from that point will have to be established and jobs below that of the person bidding off will no longer be related to Section 8.28.
  - (iii) Should the established chain be broken by an employee bumping into a job on the chain, the employee immediately affected by the bump and employees holding jobs on the chain below that where the bump was effected will return to their former jobs. Jobs above that on the chain will be unaffected. The return of the absentee employee will dictate the return to former jobs of all participants remaining on the chain with the exception of the individual that bumped into the chain, which individual will be required to re-exercise his bumping privilege.
  - (iv) Should the established chain be broken by an employee who chooses to exercise a bump, due to the major change in the job during their absence, then all the employees occupying jobs in that chain shall return to their former job and any resulting vacancy shall be posted as per article 8.22.
4. The job posting per 8.28 will also be effected on jobs made vacant due to an hourly man being transferred to fill a salary non-bargaining position made vacant by accident or illness for a period in excess of 90 days.
5. Before posting to fill a NEW vacancy, the status of the injured or ill employee should be ascertained and if a delay in posting is considered warranted, such delay will be effected with mutual agreement of Union Executive and Management.
6. Departmental seniority will be acquired as per Agreement.
7. A complete record of postings, acceptance notices, etc., will be supplied to the Union.
8. Section 8.28 may be used to replace employees temporarily reassigned outside of the bargaining unit to such positions as union officials, safety assistant or supervisory training.

The Company and the Union hereby agree to the "Guidelines for the Application of Section 8.28 of the Collective Agreement" as outlined above effective January 1, 1988.

An employee whose transfer to a position which is rightfully his by virtue of a job posting or claim will be moved to that position as soon as circumstances permit. However, the parties recognize that delays will occur from time to time.

In an effort to protect such a delayed employee, the parties agree that where there are learner hours involved, the employee will be given credit for learner hours he would have accrued if he had been transferred in a timely fashion. Such credit will only be for purposes of job protection and will allow him to maintain his rights to that job should a senior employee wish to initiate a bump.

For all other purposes, including establishing rates of pay, the employee must actually work the hours on the job to be given credit for the learner hours.

**ITEM 20**      The senior man working on a temporary job may claim a new temporary job, either at the first crew schedule change or when he is scheduled to return to his regular job. This choice would be at the discretion of the senior man.

**An employee who has claimed an open job will remain on that job until the regular employee physically returns to his job or until the claiming employee claims another job. The exception to this would be when the regular employee is scheduled to return to his job and then calls in absent for his first scheduled shift. This opening would be treated and filled the same as any other call-in absence. However, the above exception will not apply if such absence is known before 4:00 p.m. Thursday.**

**ITEM 21      PRESCRIPTION SAFETY GLASSES**

The Company shall pay 100 % of the cost of approved prescription safety glasses. Employees requiring additional pair(s) must surrender their existing glasses to secure a new pair. Employees may undertake such an exchange no more than three (3) times per year.

The Company and the Union recognize the importance to the manufacturing operation of increasing efficiency in departments through the concept of work teams and the need to continue towards the improvement of employee working conditions. To this end, the Company agrees to present to the Union committee proposed work team schedules prior to their implementation. After sufficient discussions, and by mutual agreement, it is understood that the parties would collectively support the concept and identify the required procedures to implement the work team schedules successfully.

The parties also agree to review the effectiveness of this concept three (3) months after its installation within the plant. Following such review, the parties will discuss the status of such schedule. Where it is agreed that the schedule continue, the parties will establish the terms related thereto.
