Electrician (Electronics)
Millwright
Machine Repairer
Toolmaker
Tool and **Cutteer** Grinder
Stationary Engineer **2nd** Class
Stationary Engineer **3rd** Class
Stationary Engineer **4th** Class
Lead Hands (Skilled Trades)

(b) In the event of the introduction of new classifications of Skilled Trades, the Company will notify the Union of same, and in the event of disagreement the Union will have the right to take same through the Grievance Procedure.

34.02 Seniority in the Skilled Trades Department shall be by occupation or trades within a department or group of departments. Seniority lists shall be by basic trades or classification.

34.03 (a) Employees **presently** working under classification or group listed under Clause **34.01** (as of **1st** February, **1969**) shall have their total seniority in their trade classification or group.

(b) Future employees entering the trades classification or group shall have date of entry seniority in the skilled trades as listed **under** Clause **34.01**.

34.04

(a) Production workers will not **carry** seniority into the trades or classifications listed under Clause **34.01** nor will skilled trades workers **exercise** seniority in production or non-production groups except where a classification listed under **34.01** is discontinued or eliminated.

(i) Such employee **will** then exercise his total Company seniority for the purpose of displacing a junior employee in the classification for which he is qualified, or shall exercise all of his Company seniority in the general production, or non-production groups under this Agreement.

(ii) Should a **skilled** trades employee become medically unfit and unable to follow his skilled trades both the Company and the Union will cooperate in endeavouring to place such employee on a job he is capable of performing. However, if placed in a non-skilled classification he shall then **forfeit** all skilled rights within the skilled trades.

(b) Journeymen/women hired after an Apprentice is hired shall be laid off before the **Apprentice**.

34.05 The term "journeyman/woman" as used in this Agreement shall **mean** any person:

- a) who presently holds a **journeyman/woman's** classification in a skilled trades occupation or
- b) who has served a bona-fide apprenticeship of four **(4)** years - **8,000** hours and holds a certificate which substantiates his claim of such services, or

34.06 Any further employment in the skilled trades occupation, after signing of this Agreement, shall be limited to journeymen/women and apprentices.

34.07 During any period when journeymen/women are unavailable, it is agreed that non-journeymen/women employees whose duties shall be to assist journeymen/women may be hired or reclassified **on** a temporary basis to supplement the work force in a skilled trades classification and shall be known as a supplemental employee for present employees and new supplemental employees for new hire.

Vacancies for supplemental help which will be for **fifteen (15)** days or more will be posted for applications. Employees will be selected under the requirements of Article **34.07**

The opportunity to work as a supplemental employee shall be offered first to seniority employees, who have proven their ability to the Company through relative experience, second to any laid off employee with seniority who has the present ability or an adaptable skill to do the work. If there are no laid off employees eligible, new employees may be hired on a temporary basis.

When a journeyman/woman becomes available either by hire, transfer, or graduation of an apprentice in a skilled classification to which a supplemental employee has been assigned, such journeyman/woman will **replace** the supplemental employee who shall then be **returned** to his original department.

A supplemental employee shall not accumulate seniority within the skilled trades classification, but shall accumulate plant-wide seniority to return to his former job, or to apply for vacancies in the plant as provided elsewhere in this Agreement.

Supplemental employee shall receive ten **(10¢)** cents per hour below journeyman/woman's wage rate of the classification or trade.

Temporary when used in this Article shall be for a period of thirty **(30)** working days. This period may be extended by mutual agreement for an additional thirty **(30)** working days or until a journeyman/woman becomes available.

34.08 In the event of an increase or decrease in the force in any skilled trades group or classification as designated in Clause **34.01** the following procedure shall apply:

- a) First supplemental, second probationary employees will be laid off from their skilled trades group or classification.
- b) If any further employees are to be reduced from any skilled group or classification as listed in Clause **34.01**, such employees **will** be laid off or transferred in order of their seniority from such skilled trades group or classification.

It is **understood** that on the application of **seniority** within a **seniority** group the employee must be qualified as per Clause **34.05**:

- c) Employees affected by a layoff or cut-back in manpower as per (a) and (b) above shall be offered preferential employment over new hires to **fill** an open requisition at the Company Employment Office.

34.09 Recalls shall be made in reverse order of layoffs.

34.10 Promotions or transfers to higher paid or better jobs with equal pay within a skilled trade shall be based on the qualifications necessary as a journeyman/woman for such jobs. When these factors are equal the employee with the greater seniority will be given preference.

34.11

- (A) A lead hand of skilled trades employees shall be defined as one who is a skilled trades employee, who while engaged in his regular skilled trades occupation, leads or processes the work of two or more employees;
- (B) Only a journeyman/woman shall be considered as a lead hand in his respective trade, on the understanding that this does not prohibit such lead hand from **leading** other skilled trades group.
- (C) The rates for lead hands of skilled trades employees shall be as follows:

(i) **15¢** per hour when working with a Foreman at work.

(ii) **25¢** per hour when working without a Foreman at work.

Each employee will submit a list of tools to the Personnel Department.

Tools which are owned by the **skilled** tradesmen/women and which list of tools have been submitted to the Personnel Department, the Company agrees to replace these tools if they become broken in the performance of work for the **Company**.

When metric tools and calibrated measuring instruments are required the Company will make such tools and measuring instruments available for skilled trades employees in the performance of their work. Such tools will be available in the stockroom and charged out to **skilled trades** employees when they have need for them.

This does not preclude the use of conversion tables or any other alternate means of changing to the metric system in place of **utilizing** tools or calibrated measuring instruments, nor does it alter the present requirement that **skilled** trades employees provide their own tools necessary to perform their duties except as provided in the foregoing paragraph.

34.13 All work performed in the skilled trades shall be done by employees who are covered by classification and rates as outlined **in** this Agreement between the Company and the Union. Notwithstanding the above paragraph, it is understood, that if there is not sufficient work to keep an employee listed under Clause **34.01** gainfully occupied at his own work for eight **(8)** hours per day, he will be permitted to assist any other employee listed under Clause **34.01** until such time as there is work available to him in his own classification. This, however, does not change the seniority provisions under Clause **34.02**.

34.14 The Company will extend advanced training to cover technological advances that have taken place within his **skilled** trades classification as applicable in the Beards Lane Plant, Woodstock, Ontario.

34.15 All overtime work is to be on a voluntary basis and is to be **equalized** to those employees within the classifications required to work. The Company will supply a list of employees working to the Committeeman of the department and the Company will maintain a record of all **overtime** in the department.

Notwithstanding the above, if **the** employees necessary to perform necessary overtime maintenance functions, refuse such overtime, then the employees of skilled trades from the bottom of the seniority list must **perform** such overtime work.

34.19 Where possible the Company will **utilize organized** contractors to **perform** work within the plant.

34.20 Nothing in this Agreement shall be construed so as to deprive any employee of skilled trades of any right, privileges - such as insurance, pension, **S.U.B.**, holiday or vacation pay, etc., that are covered in the body of this Agreement.

34.21 There shall be no numerical or alphabetical classifications **within** the skilled trades and equal rates will be paid for all **classifications**.
