- d) It is understood that employees issued these pants and jackets will be responsible for them, will replace them in the event they are lost or stolen and will return them upon being issued a new pair or if terminated employment.

7. **Overtime Log**

- (a) In the case of an employee being absent from work (excluding vacations) or on a temporary posting or temporary transfer for more than one(1) week, overtime hours based on the average number of overtime hours recorded per employee in the affected work group (as per clause 14.01) during time of absence, shall be credited to the absent employee upon return to work.
- (b) Said average hours per employee (indicated in (a) above) shall be determined by totalling the number of overtime hours recorded during the absence and dividing this total by the number of employees in the department or the affected work group.
- (c) In the case of new hires or employees transferring in from another department or classification designated in the collective agreement, said employees shall be credited with the average number of overtime hours recorded per employee in the affected work group (calculated in the same manner as (b) above).

8. **Apprenticeship Program**

The Company will follow the provisions regarding apprenticeship under the Apprenticeship and Tradesmens Qualification Act of Ontario.

Candidates for apprenticeships will be selected as per the job posting procedures (of the collective agreement). It is understood of course, that if there are no applicants for a posted job or those that do apply do not meet the qualifications, the Company will go outside of the bargaining unit to select a candidate.

The proposed wage rates for the apprentice will commence at 85% of the top rate for the trade involved and incremental increases in the rate will be made at pre-determined intervals in the program.

For example, an industrial electrician must complete 8,000 hours before being eligible to qualify for the certificate. The employee would therefore receive incremental increases after each 2,000 hours of work as an apprentice.

No apprentice will receive top rate until officially licensed.

9. **Supplementary Agreement**

The following constitutes an agreement concerning rotating continuous shifts as provided for in Article 11 of the current Collective Agreement and modifies the necessary articles of the current Collective Agreement in order to allow for the introduction, on a trial basis, of a 12-hour shift schedule.

By the following, and always subject to the condition that this will not involve any additional operating costs or adversely affect production, the Company will implement, for a trial period, 12-hour shift working schedules applying to the employees currently

working on continuous shifts in the following departments:

- Batch & Tank
- Forming
- Select & Pack
- Machine Maintenance
- Mould Maintenance
- Plant Maintenance
- Quality Control
- Warehousing
- Cold End Maintenance

The aforementioned trial period will be from **September 2, 1994 to September 1, 1997.** However, the parties hereto retain the prerogative of terminating this agreement at any time during the trial period following a notice to the other party of at least seven(7) calendar days. In this case, following such notice, employees concerned will revert to their previous work schedule and will be governed exclusively by the clauses of the present Collective Labour Agreement as soon as the trial period is terminated.

The parties to this agreement acknowledge and agree that the implementation of a 12-hour shift schedule necessitates certain modifications and amendments to the present Collective Agreement, and consent and agree that the employees working on a 12-hour shift schedule will be subject to the clauses of the present Collective Agreement as modified by the following:

Clause 11.03

Schedule of Hours

Hours of work for twelve (12) hour shift employees will be:

- Shift 1: 7:30 a.m. to 7:30 p.m.
- Shift 2: 7:30 p.m. to 7:30 a.m.

Clause 11.06

Rest Periods

The Company agrees to grant each employee during each shift, three(3) rest periods not to exceed fifteen(15) minutes, which will be arranged by the Supervisor.

Clause 13.03

Shift Premiums

Shift premiums will be paid in addition to the employee's regular hourly base rate, according to the following schedule:

- 3:30 p.m. to 11:30 p.m. - \$0.28 per hour
- 11:30 p.m. to 7:30 a.m. - \$0.35 per hour

The Company will average these premiums in such a way as to provide equal or greater benefit to the employee.

Clause 14.02

All work performed in excess of the employee's normal scheduled daily working hours will be considered overtime and paid at the rate of double(2) time for time worked in excess of twelve(12) consecutive hours.

Employees not normally scheduled to work will be paid at the rate of time and a half(1-1/2) for the first twelve (12) consecutive hours worked and double(2) time for all hours worked thereafter.

Employees not normally scheduled to work on a Sunday will be paid at the rate of double(2) time for all hours worked.

Clause 14.06

Overtime shall be voluntary; however, employees shall be expected to co-operate with the Company in an emergency and be paid at the applicable overtime rate.

It is understood and agreed by the parties hereto that should the Company experience difficulties in obtaining volunteers, the Company will invoke the seven(7) day termination clause to end the twelve(12) hour shift schedule.

Clause 15.03(a)

It is understood that for the purpose of 15.03(a) when employees elect to replace a paid holiday which they have worked by another day, the Company will withhold twelve(12) hours pay for each such day. The maximum accumulation shall be three(3) days of twelve(12) hours each.

Clause 15.03(d)

Employees who are called into work on a statutory holiday, as covered by Article 14, Clause 14.08, may accumulate one day of 12 hours even if they have worked only four(4) hours subject to the maximum of three(3) days as specified under Clause 15.03(a).

Article 16

For the purpose of this Article, a week's vacation shall be deemed to be the period from 7:30 a.m. on Sunday to 7:30 a.m. the following Sunday.

**Clause 19.05
Bereavement**

For the purpose of this clause, employees eligible for three(3) days bereavement leave will be paid at the rate of twelve(12) hours per day to a maximum of twenty-four(24) hours. All other bereavement pay entitlement will be calculated at the rate of eight(8) hours per day of entitlement.

**Clause 19.06
Jury Duty**

For the purpose of this clause, "normal daily working hours" shall be deemed to be eight(8) hours.

This supplementary agreement will automatically become null and void at the end of the last day of the trial period, herein provided, unless the parties agree in writing before the said expiry date, to extend the period.

This agreement constitutes an integral part of the Collective Agreement and is subject to the prior approval of the Department of Labour.

The parties hereto agree that the implementation or termination of the twelve(12) hours shift schedule shall not result in overtime payment to any employee solely due to such implementation or termination.

The Union declares, through its duly authorized officers, who will sign this memorandum, that all prior formalities to the signature of this memorandum of agreement, as provided by law or otherwise have been integrally respected.

In witness whereof, the parties have signed through their duly authorized representatives as they so declare, at Brampton, this ____ day of _____ 1995.

10. **Forming Bonus Plan**

The Company agrees that should it determine a need to modify or discontinue the existing Forming Bonus Plan, no changes will be made without discussion and agreement with the Union.

11. Mr. Don Clifford
International Representative
406 North Service Road East, Unit 2

Dear Sir:

Re: **Pension Plan**

The parties agree that the financial problems of the present Pension Plan cannot be resolved during negotiations.

The parties agree to convene a meeting with the other locals represented by the ABGW following ratification of the Collective Agreement in order to discuss and reach solutions to the Pension Plan problems which would be acceptable to all interested parties.

If changes to the Pension Plan cannot be agreed to by the employees represented by Local 260G, the provisions of the existing Pension Plan will be maintained for the duration of the Collective Agreement.

Yours truly

C.W. Benham
Plant Manager - Bramalea

12. This letter is to confirm an understanding reached by the Company and the Union that employees do not have a right to return to their previous job after they have been posted as the successful candidate on a job posting EXCEPT as stipulated in Article 12.

13. **PROCEDURES FOR ABSENCE DUE TO DISABILITY**

1. Absent For One or Two Working Days

- To notify the Company at least one hour prior to the start of your shift in accordance with the posted procedure.
- For an absence due to a work-related disability, an employee will be required to provide a completed Treatment Memorandum to the Health Centre upon return to work (form available from the Health Centre).
- For an absence due to a non-occupational illness or injury, a doctor's note certifying fitness to return to work is not required.

2. Absent Three Consecutive Working Days But Less Than Two Weeks

- If a work-related disability, to provide a completed Treatment Memorandum (form available from the Health Centre) within one week of date of accident or illness.
- If a non-occupational illness or injury, to provide a completed Weekly Indemnity claim form within one week of your date of disability.
- A return to work must be arranged at least one day in advance with your Supervisor or the Department Superintendent. An employee who fails to provide such advance notification will not be entitled to reporting pay if work is not available in the employee's classification.
- When returning to work, to provide to your Supervisor or the Health Centre, a doctor's note indicating that you are fit to return to work.

3. Absent Two Weeks or More

- (a) If a work-related disability, to provide a completed Physician's Report (form available from the Health Centre) within one week of date of accident or illness.
- (b) If a non-occupational illness or injury, to provide a completed Weekly Indemnity claim form within one week of your date of disability.
- (c) If you expect to be disabled for more than two weeks, you must provide updated medical information in accordance with your prognosis. For example, an employee became disabled on April 22nd and on the initial medical form, the doctor indicated the employee would be disabled until May 15th. If the doctor later determines that the employee will be disabled beyond May 15th, the employee must provide updated medical information to the company prior to May 15th.
- (d) If your doctor is uncertain as to when you will be able to return to work, you are to provide updated medical information on a monthly basis. In the case of a severe and lengthy disability, less frequent medical updates may be appropriate and they can be arranged with the Health Centre.
- (e) You must obtain clearance from the Health Centre in order to return to work.
- (f) Return to Work Notice
 - Employees who have been absent from work due to disability for two weeks or more are responsible to consult with their physician to ensure that they are able to give the Health Centre at least one week's notice (subject to paragraph 3(h)(i) below) of their intention to return to work. This is so that return to work clearance procedures can be completed in advance of the date the employee is able to return to work. The Nurse shall record in the Nurse's notes, in the individual employee's file, the date and time that the employee contacted her to obtain clearance to return to work.
 - If employees are unable to arrange clearance with the Health Centre so that they can return to work on the date indicated by their physician, they must contact the Human Resources Department at least one day prior to their return to work date as specified by their physician. The Human Resources Department will then consult with the Health Centre staff to determine whether the employee can return to work on the date indicated by the treating physician.
- (g) Return to Work Clearance by Health Centre

Clearance by the Health Centre for serious disabilities (i.e. two weeks or longer) is an important component of the Company's Health and Safety Programme for the following reasons:

- i) to ensure that employees will not be a danger to themselves or their fellow workers when they return to work;
 - ii) to clarify any work restrictions required;
 - iii) to facilitate follow-up should the employee suffer relapse at work; and
 - iv) so that the Company can maintain up-to-date employee medical records.
- In order to enable an employee's physician(s) to make a more informed decision as to whether the employee is able to return to work, employees will be provided with a copy of the Physical Demands Analysis for their position at the time of the commencement of their disability absence. It is up to employees to provide such Physical Demands Analysis to their treating physician(s) and such physicians must certify on any return to work certificate that they have reviewed the Physical Demands Analysis and are satisfied as to the employee's fitness to return to work based on such review.
 - Any requirement under the Procedures that an employee be cleared for return to work by the Health Centre does not include a requirement that the employee must undergo a physical capabilities medical assessment (PCMA) by the Occupational Health Physician or Nurse. Where there are reasonable and probable grounds to doubt that an employee is fit to return to work, employees may be requested to undergo a PCMA particularly where there has been an ongoing physical disability. Any such PCMA would be limited to a determination of whether or not the employee was able to safely perform the required work without risk of injury to self or fellow employees. If an employee refuses to undergo a PCMA, the employee must otherwise provide reasonable medical evidence to the Health Centre certifying that he is fit to perform the work or the return to work will be delayed until such medical evidence is provided and the employee will not be entitled to be paid in the interim. A certificate from the employee's physician(s) may be considered to be reasonable medical evidence provided it clearly states that the employee has been examined by the physician and based on the physician's review of the Physical Demands Analysis of the employee's job it is the physician's opinion that the employee is fit to return to work.

(h) Pay for Work Days Missed Due to Health Centre Clearance

If an employee has been absent due to disability for two weeks or more, should there be a delay in the employee's return to work beyond the date indicated by their physician solely due to obtaining clearance from the Health Centre, the Company will reimburse the employee for all lost regular earnings provided:

- i) the employee has given at least one week's advance notice of return to work to the Health Centre, or, in cases where one week's notice is not given due to circumstances beyond the employee's control and which were not caused by the employee's failure to communicate with their doctor or the Health Centre, gives as much notice as possible in the circumstances; and
- ii) the employee has provided satisfactory medical documentation during the absence in accordance with 3(f) and (g) above; and
- iii) the employee has given the Health Centre a reasonable return to work certificate or other reasonable medical evidence.

Employees whose Health and Welfare benefit coverage and/or pension accrual has lapsed during their absence, will have the same reinstated as of the first day for which they are compensated for lost earnings.

Employees who cancel, do not attend or arrive late for their appointment with the Health Centre (and cannot be accommodated) for any reason, will not be entitled to pay for lost hours or reinstatement of lost benefits. Circumstances beyond the control of the employee that prevent the employee from attending the appointment on time will not disqualify the employee from payment.

Nothing contained in this Procedure shall affect the rights or obligations of the Company, an employee or the Union under the Workers' Compensation Act (Ontario), as amended, or any other applicable statutes.

4. Return To Work - Modified Duties

- An employee absent due to disability will be evaluated for return to work on the basis of modified duties and/or hours in order to expedite and facilitate the return to work.
- A modified work program will be recommended by the Health Centre and be based on input from the employee's physician and/or the Workers' Compensation Board.

14. All active employees as at September 2, 1996, shall receive a lump sum payment of \$500.

Active employees include those employees who are absent and in receipt of Weekly Indemnity or Workers' Compensation Benefits and must have worked within a three month period immediately preceding or immediately following September 2, 1996.
