7.02 *Temporary Employees*

Employees who are hired for temporary work will be classified as temporary for a maximum of 26 calendar weeks during which time they will not be eligible for vacancies under 7.06 and will not accumulate seniority. Temporary employees will be classified as permanent if their employment extends beyond 26 calendar weeks and their seniority will be dated back to their hiring date.

- b) Three processes are recognized for filling permanent vacancies:
- i) Postings will be used to fill Process vacancies when no candidates currently in the unit or group are available. Postings are filled by the senior qualified employee. Vacancies filled by an employee returning to their original unit or group will not be considered a move if training in the new unit or group consists of thirty (30) days or less. The third subsequent vacancy in a series of postings will be restricted to those in SOSG. If there are no successful applicants, the Company will assign the junior employee from SOSG. Timing between postings will not exceed thirty (30) days.
 - ii) Postings will be used to fill vacancies in the Maintenance Department as per the posting procedure. Postings are filled by the senior qualified employee. In the event there are no eligible qualified employees in the plant or qualified employees on layoff to fill the vacancy, the company will be able to hire qualified outside personnel.
 - iii) Employees transferring via the posting process will maintain their rate contingent upon completing progression-training requirements of the new unit or group. In addition, days worked in excess of seventy (70) straight-time days in a fifteen (15) week cycle will be paid at applicable overtime rates.

In the event that a relief employee does work more than (10) consecutive days, each consecutive day in excess of ten (10) will be paid for at double-time rates until the employee has a day off. Days worked immediately prior to or leaving relief work or as the result of the normal rotation of days off will not count as consecutive days except that if they result in the relief employee working more than ten (10) days in a pay period the provision in (b) will apply.
 - (d) A change of work schedule premium of double-time will be paid for the first eight (8) hours worked on a new schedule to which the relief employee has been transferred with less than twenty-eight (28) days' notice.

MAINTENANCE EMPLOYEES**

APPENDIX C – continued

NOTES:

- (1) For planned shutdowns with scheduled overtime, personnel shall be assigned according to
 - (a) Shutdown Staffing Agreement
 - (b) Shutdown Availability List
- (2) When prior knowledge is required, persons known to be familiar and experienced with the task in question will be called first.

APPENDIX "D"

12-HOUR SHIFTS

1. General

- (1) 12-hour shifts will apply only to employees working seven-day continuous shift operations in the Process department.
- (2) Shift schedules will maintain the average 37-1/3 hour work-week.
- (3) Employees transferring to 12-hour shift units will be subject to the shift schedule for that unit.
- (4) A petition to implement or terminate 12-hour shifts in a unit will only be considered at the end of their annualized cycle.

2. Criteria for Implementation of 12-Hour Shifts

As a requirement to enter into 12-hour shifts, a simple majority of those employees working on seven-day continuous shift coverage in any given unit must be in favour of a 12-hour shift in their unit.

3. Criteria for Termination of 12-Hour Shifts

The 12-hour shift may be terminated for any of the following reasons:

- (1) (a) Work limitations placed on employees which will not permit them to work a full 12-hour shift.
 - (b) Passing of new legislation or amendments to existing legislation, which would prohibit the working of 12-hour shifts.
 - (c) Legislation which regulates overtime premiums in excess of those now in existence.
 - (d) Unfavourable ruling or penalties imposed by the Workers' Compensation Board.
- (2) Failure of the "spareboard" system to provide adequate coverage.
- (3) Deterioration of safety, sickness, morale, absenteeism or efficiency attributable to 12-hour shifts.

APPENDIX D – continued

- (4) More than 50% of the employees in a 12-hour shift unit petition to terminate 12-hour shifts at the end of their annualized cycle.

The following changes to the Collective Agreement apply only to 12-hour shifts:

5. Unit Shift Schedule Change:

- 1) A petition or vote will be conducted before October 15th of the previous year to see if there is 50% + 1 in favour to change from the work schedule that is already worked in the unit.
- 2) If there is not a 50% + 1 in favour of change to the existing work schedule then the unit will continue to work the existing work schedule.
- 3) If there is 50% + 1 in favour to change the existing work schedule, then there will be a vote held in the unit of all three work schedules (3on 3 off, 4on 4 off, 2day 2 night). If a vote is to be held Labour Relations shall be notified.
- 4) There must be a 50% + 1 to confirm a new work schedule.
- 5) When the vote is held of all three work schedules and there is 50% + 1 in favour of a schedule then that will be the work schedule in the unit. If there is not 50% + 1 in favour of any given schedule then the schedule with the least number of votes will be left off the next ballot. The next ballot of the remaining schedules will then be decided by a 50% + 1 margin, this will be the work schedule in the unit. If there is a tie vote then the unit will revert back to its original work schedule.

MEDICAL COMMITTEE

RESTRICTED DUTIES PERSONNEL

From time to time one of our employees becomes incapacitated to the point where the employee cannot perform the employee's normal job, but can be assigned with work restrictions. This situation can occur for the following reasons:

- (a) A job-related compensable injury
- (b) An off-the-job injury
- (c) Illness or physical deterioration

These incapacities fall into two categories:

- (b) **Indefinite Term** -where the illness or injury is of such a nature that the employee will not be able to return to the employee's normal duties within the foreseeable future.

Employees with work restrictions are defined as employees who by reason of illness or injury are not capable of carrying out the duties of their normal job, but who can do some useful work.

A. SHORT TERM

1. If, in the opinion of the employee's physician and the Company doctor, an employee is capable of doing some form of work, the employee will be returned to work at the employee's normal job rate of classification within their unit or group.
2. The employee's position with work restrictions will be reviewed monthly by the Company Doctor and the Manager of Labour Relations. After a two-month period a review of the case will be made by a joint Company/Union committee as defined in (1) below:

- 4. If no such placement is possible, the Committee in accordance with Article(s) 12.03; 12.04; 12.05 of the Collective Agreement may recommend placement in another job which an employee is capable of doing at an equal or lower classification.
- 5. Employees with indefinite work restrictions who are only capable of doing work at lower classifications will have maintenance of rate for their classification for 24 months. This maintenance of rate shall stay in effect until the employee's rate is equivalent to Technician Level 2 at which point that rate will be stabilized and negotiated increases will apply.
- 6. The employees on indefinite restrictions shall maintain Premiums as long as their restrictions **do** not prohibit them from performing the Premium duties.

C. EMPLOYEE STATUS

- 1. The status of each employee with work restrictions will be reviewed by the Committee at intervals of no less than six months.
- 2. If the employee's condition deteriorates to the point where the employee can no longer perform any useful duties, the employee will continue to have access to the benefit plans to which the employee is eligible.
- 3. Employees with work restrictions will maintain their plant seniority. In the event of a lay-off they will be considered in the same manner as any other employee.
- 5. Any employee with work restrictions may bid on a posted vacancy. However, in order to be considered for the vacancy, the employee must be capable and qualified to carry out the full duties of the job.

The Medical Committee shall review job assignments of employees with work restrictions to allow the employee to maintain their rate of classification that they had when they entered into work restrictions.
