

MASTER PORTION

The amendments contained in the Statement of Settlement, dated January 28, 1999 have been incorporated into the Master Portion of the Collective Agreement in accordance with Article 34.5 of the Collective Agreement negotiated between the Senior Bargaining Committees of The Electrical Power Systems Construction Association and the Ontario Allied Construction Trades Council.

EPSCA/OACTC COLLECTIVE AGREEMENT

MASTER PORTION

GENERAL NOTE

This Collective Agreement distinguishes between two broad categories of work; namely, work that is covered by the “*modified provisions*” of this construction agreement and work that is not. “*Modified provisions*” apply to all work on Lines & Stations and most work on existing generating sites. Following is a more detailed explanation:

The “*Modified Provisions*” of this Construction Agreements will apply to:

- (a) all work on Lines and Stations, and
- (b) all work on existing generating sites except the construction of:
 - a new facility which provides a new function
 - a new (i.e. additional) generating unit

Article 33 - contains the “*Modified Provisions of this Construction Agreement*”. All terms of this collective agreement shall apply to work covered by Article 33, with the exception of Article 17 - Generation Projects Daily Travel Allowance and Room and Board and Article 26 - Hours of Work. Articles 17 and 26 do not apply when working under the terms and conditions of the “*modified provisions*”, as they are replaced by Articles 33.5 and 33.6 respectively.

When work does not fall within the jurisdiction of Article 33, all terms of this agreement, with the exception of Article 33, apply.

A chart to illustrate the above applications follows:

Lines & Stations - Existing and New Sites	Generating - Existing Sites Excluding construction of new facility (new function) &/or new (additional) generating unit(s)	Generating - Existing Sites Involving construction of new facility (new function) & /or new (additional) generating unit(s)	Generating - New Sites (i.e. Greenfield Work)
Use Article 18 for L&S Construction Daily Travel Allowance and Room & Board; use Modified Provisions (Article 33) for Hours of Work	Use Modified Provisions (Article 33) for Generation Projects Daily Travel Allowance and Room & Board and Hours of Work	Use Articles 17, and 26 for Generation Projects Daily Travel Allowance & Room and Board and Hours of Work	Use Articles 17 and 26 for Generation Projects Daily Travel Allowance and Room & Board and Hours of Work

THE ELECTRICAL POWER SYSTEMS CONSTRUCTION ASSOCIATION

and the

ONTARIO ALLIED CONSTRUCTION TRADES COUNCIL

May 1, 1974 - April 30, 2000

WHEREAS the Operative Plasterers' and Cement Masons' International Association of the United States and Canada sent a letter to the Ontario Allied Construction Trades Council, dated May 9, 1977, requesting that it be accepted as an affiliate of the Council and thereby become a party to the Collective Agreement in effect between the Ontario Allied Construction Trades Council and The Electrical Power Systems Construction Association; and

WHEREAS the Ontario Allied Construction Trades Council notified The Electrical Power Systems Construction Association by letter, dated June 2, 1977, that the Operative Plasterers' and Cement Masons' International Association of the United States and Canada is a member of said Council;

THEREFORE, the Operative Plasterers' and Cement Masons' International Association of the United States and Canada is represented by the Ontario Allied Construction Trades Council and is a party to the Ontario Allied Construction Trades Council Agreement with The Electrical Power Systems Construction Association, which is attached hereto and which consists of a Master Portion including Statements of Understanding Nos. 1 and 2, a Foreman Appendix, and individual Trade Appendices applicable to the members of the Ontario Allied Construction Trades Council, including the Operative Plasterers' and Cement Masons' International Association of the United States and Canada.
