**WITNESSETH**

WHEREAS the Union is affiliated with the American Federation of Labour - Congress of Industrial Organizations and has in its membership competent, skilled and qualified journeymen **and** apprentices to perform work coming within the trade and craft jurisdiction; and

WHEREAS the Association and the Union desire to mutually establish and stabilize wages, hours and working conditions for journeymen and apprentices employed by Employers **within** the electrical power systems sector of the construction industry, and further to encourage closer cooperation and understanding between the Association and the Union to the end that a satisfactory, continuous and harmonious relationship will exist between the parties to this Agreement;

NOW THEREFORE, the Association and the Union mutually agree that the working conditions as set out below shall be applicable throughout the Province of Ontario.

## Article 1

- 1.1 EPSCA recognizes the Union as the exclusive bargaining agency for a bargaining unit as defined in article 1.4 engaged in all construction industry work\* performed in the Province of Ontario on Ontario Hydro property for the bulk power system, save and except the building of commercial-type office facilities at urban locations remote from operating facilities.

For the purpose of clarity, the bulk power system comprises generating stations, hydraulic works, heavy water facilities, transmission lines (voltage over 50 kV) and transmission stations, microwave and repeater stations.

- 1.2 The Union recognized EPSCA as the sole and exclusive collective bargaining agency for all of the Employers covered by this Agreement, and in all matters pertaining to the administration of this Collective Agreement.

excepting those described hereunder:

- (i) Employees as set out in article 1.4 above, employed by an Employer signatory to the agreement between the Quality Control Council of Canada and the NDT Management Association.

\* **For the purpose of The Electrical Power Systems Construction Association, the work performed is deemed to be under the responsibility of Major Projects, and Construction and Services Division (Lines and Stations, Miscellaneous Projects, Hydraulic Projects and In-service Thermal, Nuclear and Hydraulic Stations). The work encompasses:**

- **construction of new facilities**

- 1.6 The classifications referred to in article 1.4 do not establish craft jurisdiction. Such jurisdiction is established in accordance with Article 6 of this Collective Agreement.
- 1.7 Notwithstanding the provisions contained in this Article, this Agreement does not alter existing practices operative between individual Employers and the Union with respect to general foremen.
- 1.8 EPSCA and the Union agree the use of nomenclature is meant to refer both genders.

The Union will notify the General Manager of EPSCA, in writing, of the names of such Union representatives, or alternates in the event of illness or unavailability, so that they may be issued identification cards to permit entry to the site. Upon entering the job site, such representatives after identifying themselves to the EPSCA representative and the authorized representative of the Employer, will be free to observe the progress and conduct of the work and to conduct normal Union business. The union undertakes that these representatives will not hinder or interfere in any way with the said work.

## Article 6

### WORK ASSIGNMENT

***Article 6 is applicable to work which is not covered by Appendix B - Modified Provisions of this Construction Agreement. Please refer to the GENERAL NOTE preceding the Index Page of this Agreement***

- 6.1 **The** jurisdiction of **the** Union shall **be** that jurisdiction established by agreements between International Unions claiming the work or decisions of record recognized by the AFL-CIO for the various classifications and the character of work performed.
- 6.2 In recognition of the Union's jurisdictional claims, it is understood that the assignment of work and the settlement of jurisdictional disputes with other Building Trades organizations shall be made and adjusted in accordance ~~with~~ the procedure established in the Procedural Rules and Regulations for the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry dated June 1984 (hereinafter referred to as "the Plan").
- 6.3 When a jurisdictional dispute exists between unions **and** upon request by the Boilermaker Union, the Employer shall furnish the Boilermaker Union a signed letter from a duly authorized official of the company on Employer stationery, stating whether or not the Union ~~was~~ employed on specific types of work on a given project. The Employer agrees to consider evidence of established practices within the construction industry generally when making jurisdictional assignments.
- 6.4 When there is a dispute **as** a result of a prejob mark-up, the Employer will make an assignment only after:

- (a) evidence has been submitted by the Unions involved within a time limit specified by the Employer;
- (b) all evidence submitted has been evaluated by the Employer.

A copy of such assignments shall be submitted to the Boilermaker Union office and Accredited Union Representative.

- 6.5 The International Representative of the Union will advise the Association in writing of his intent to submit a jurisdictional dispute to the Plan and will identify in detail the work in question. In the event that the International Office of the Union elects not to file with the Plan, EPSCA agrees to file the dispute at the Plan at the request of the Local Union Business Manager or International Representative. The decision of the Plan shall be final and binding on the parties to this Agreement.
- 6.6 EPSCA shall have direct recourse to the Plan when a dispute arises involving the assignment of work being done by employees who are covered by this Agreement.
- 6.7 In the event that an arbitration decision under the Plan is not rendered within sixty (60) days of the disputed assignment being referred to the Plan, EPSCA and/or the Union shall have direct recourse to the Ontario Labour Relations Board (hereinafter referred to as the OLRB) for a decision provided it is processed as a Jurisdictional Dispute under Section 91 of the Ontario Labour Relations Act.
- 6.8 If a Union not bound by the provisions of this Collective Agreement has the right to pursue a Jurisdictional Dispute under Section 91 of the Ontario Labour Relations Act, EPSCA and/or the Boilermaker Union shall have the right to pursue or respond to a Jurisdictional Dispute under Section 91 of the Act before the OLRB.
- 6.9 In the event the Union elects to pursue or respond to the jurisdictional dispute at the Ontario Labour Relations Board, the arbitration board panel appointed by the Ontario Labour Relations Board pursuant to the Act is authorized to award damages only in circumstances where the other union(s) involved in the proceedings is (are) not restricted in their ability to claim for damages.

However, this clause 6.9 shall not apply where the mis-assignment of work involves the same employer and the same work previously the subject of a jurisdictional dispute before the Ontario Labour Relations Board or the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry.

The decision of the panel of the Ontario Labour Relations board will be final **and** binding upon the parties to this agreement with no further recourse to the Plan on the issue decided by the Ontario Labour Relations Board.

- 6.10 In the event the Building Trades in the Province of Ontario are successful in establishing a Provincial Impartial Jurisdictional Disputes Board, the Association and the Union agree to meet and discuss implementation of procedures set forth by said Board.

## **Article 7**

### **UNION SECURITY**

- 7.1 As a condition of employment, all employees covered by this Agreement shall either be members of, or will apply for membership in, the Union, and will maintain such membership in good standing as a condition of employment.
- 7.2 At the request of the Union, a checkoff system of Union dues will be instituted and made operative for the duration of this Agreement. The Employers will supply full checkoff lists of employees subject to checkoff at regular intervals, and agree to collect monthly for the Union dues payable to the Union. The Employers will transmit the monies so collected to the designated officials of locals of the Union. The Union will indemnify the Association and the Employers for any liability arising from the deduction of dues as requested by the Union.
- 7.3 Any changes in dues will be confirmed by the International Representative to the General Manager of the Association before such changes are put into effect. Within three (3) weeks of receipt of an acceptable written notice any such changes as noted above will be implemented. The effective date will be the date of implementation.

## **Article 8**

### **EMPLOYMENT**

**REV**

- 8.1 (a) For the purposes of this Article, a geographic area will be established for each Major Project and geographic areas for the Construction and Services Division. The size of these geographic areas will be dependent upon the location of the work.
- 8.2 An office will be established by EPSCA, or by the Employer with the approval of  
**REV** EPSCA, for each Major Project and the Construction and Services Division. A purpose of this office will be to co-ordinate employment as specified in this Article.

8.3 EPSCA, or the Employer with the approval of EPSCA, and the Union will exchange  
REV the names of their representatives in each of the areas described in article 8.1 (a), who will be responsible for cooperating in the referral and employment of reliable and competent Union members.

8.4 EPSCA, or the Employer with the approval of EPSCA, will notify the Union of all  
REV manpower required for all work to be undertaken by Employers coming under the scope of this Agreement. All employees employed under the terms of this Article will be required to obtain a referral slip from the Local Union having jurisdiction for the geographic area except as noted in article 8.5 below. All employees will report to the EPSCA, or the Employer's, referral office prior to starting work.

8.5 The Employer shall have the right to request Union members by name, in writing, who shall be issued a referral slip by the Local Union. Employee members may be transferred within the territory of their Local Union by an Employer and will not require an additional referral slip. The number of employees requested and/or transferred shall not exceed twenty-five per cent (25%) of the employees supplied to the job by the Local Union at any one time, subject to the Local Union being able to supply the employees requested.

8.6 The employment of additional tradesmen and apprentices shall be carried out on the following basis and sequence:

REV (a) The EPSCA office, or the Employer with the approval of EPSCA, will request the appropriate Local Union office for tradesmen and apprentices required. The request will include a description of the **work**, the number of tradesmen and apprentices required, and the name of the Employer for whom the tradesmen and apprentices will be working.

REV (b) The Union members who are resident in the designated geographic area will be referred by the Union for employment through the EPSCA office or via the Employer.

The Employers will either hire such persons or substantiate their reasons in writing for not doing so.

(c) If, after a request has been made, the Union is unable to supply sufficient tradesmen and apprentices to meet the manpower requirements of the Employers, the Employers may employ tradesmen and apprentices who are resident within the geographic area. Such tradesmen and apprentices shall comply with the requirements of the Union Security Article of this Agreement.

REV (d) Once the supply of suitable tradesmen and apprentices within the geographic area has been exhausted and additional tradesmen and apprentices are

required, EPSCA, or the Employer with the approval of EPSCA, will contact the International Representative or his designee, in order to determine whether suitable Union tradesmen and apprentices are available outside of the geographic area. EPSCA, or the Employer with the approval of EPSCA, will cooperate in providing employment to such Union tradesmen and apprentices on the basis that they be supplied from the nearest location where they are available. Notwithstanding the provisions of Article 27, daily travel or room and board allowance entitlement will be based on the distance in radius kilometers from the tradesman's residence in Ontario.

Out of Province personnel, other than workers of Local Lodge 555 working at Thunder Bay and Atikokan, will only be recruited after all available members of Province of Ontario Local Unions are employed and only on the mutual agreement of the General Manager of EPSCA and the Local Union Business Manager.

- (e) Should it be necessary to reduce the working forces on the job, the Employer shall layoff his employees in the following sequence:
  - (i) temporary non-members;
  - (ii) travel card members from other Lodges;
  - (iii) members of Local Lodge in whose jurisdiction the work is being performed.

Notwithstanding the above-noted sequence, Employers reserve the right to retain employees to utilize their special skills. The Local Business Manager will be notified prior to this occurring.

- (f) During a reduction of the work force the existing ratio of apprentices shall be maintained.
- (g) During a reduction of the work force the existing ratio of name-hires shall be maintained.
- (h) In the case of a recall to work, Employers reserve the right to recall qualified Greenmen (Atomic Radiation Workers) out of sequence on the out-of-work list to the location from which they were laid off. Recalled Greenmen will perform sufficient Greenmen work to maintain their skill level.

8.7 Re-employment of Boilermaker union members as required by the Workers Compensation Board shall not be a violation of this collective agreement nor be subject to the provisions of Article 8.

## Article 9

### FOREMEN AND SUBFOREMEN

*Article 9 is applicable to work which is not covered by Appendix B - Modified Provisions of this Construction Agreement. Please refer to the GENERAL NOTE preceding the Index Page of this Agreement*

- 9.1 It is understood that foremen and subforemen hold key positions in the relationship between the Employers and the Union. Both parties agree that every effort should be made to recruit and retain foremen and subforemen who have a high degree of efficiency in the performance of their jobs and in the handling of their men. Recognizing the responsibilities involved in being a supervisor and a member of the Union, the Employers and the Union will make every effort to minimize problems that may arise which concern the relationship between the foremen and subforemen, the Employers and the Union. The foremen will not work with the tools of the trade with the intent to replace a journeyman.
- 9.2 The parties recognize the responsibilities of foremen and subforemen to discharge their managerial duties. If the Union feels that the foreman or subforeman is not discharging his managerial duties in a manner that is fair and equitable, or if an Employer feels that the Union is interfering with the foreman or subforeman in the performance of his managerial duties, the Employer or the Union may refer the problem to the Executive Committee for resolution. If the matter cannot be resolved by the Executive Committee, the grievance procedure may be invoked by either party.
- 9.3 The selection and retention of foremen and subforemen will be the responsibility of the Employers. When making appointments to the foreman and subforeman level, the Employers will give consideration to those journeymen boilermakers they presently employ on site.
- 9.4 The rates of pay for all foremen and subforemen covered by this Agreement will be set out in the wage schedules attached hereto.
- 9.5 The foremen's differential shall be \$2.75 or the differential paid in the locality by Employers under Agreement with the Union for construction work of a related nature.
- 9.6 The subforemen's differential shall be \$1.20.
- 9.7 Where the crew size is five (5) or less, the foremen may work with the tools on mutual agreement of EPSCA and the local Business Manager.

## Article 10

### NON-DESTRUCTIVE TESTING

- 10.1 Where the member company is responsible for and has control over non-destructive testing, and sublets such work on a construction project, this work shall be performed by a contractor in agreement with the Boilermaker Union.

## Article 11

### APPRENTICESHIP AND TRAINING PROGRAMS

- 11.1 The Employer agrees to pay into operative apprenticeship and training funds established or recognized by agreements between locals of the Union and builders' exchanges, contractors' associations or contractors the amounts specified as funds for apprenticeship and training in the above agreements when employing tradesmen in the specific locality covered by the agreements.
- 11.2 The Union agrees to supply all pertinent information regarding the funds and provide EPSCA With the opportunity to participate in the local training committees.
- 11.3 EPSCA will identify, **as** far in advance **as** possible, its training needs and relate these needs to the local training committee.
- 11.4 Should the Local Union be unable to meet EPSCA's training needs, the Employers will establish training programs to provide the skills required in the electrical power systems sector. The Local Union will refund the Employers **an** amount of money equivalent to the cost of such programs. The amount of money will be determined by the Employers and the Local Union.
- 11.5 Both parties to this Agreement acknowledge the Employer's and Union's responsibilities, respectively, in the training of apprentices to meet the Employer's current and future needs.

Apprentices when available, shall be employed on work covered by this Agreement in the ratio **of** one (1) Apprentice to five (5) Journeymen. When requested, the first Apprentice shall be a fourth or third year Apprentice, if available.

It is recognized that there may be situations in which the above ratio would be impractical. In order to obtain relief, the Employer must consult ~~with~~ the Business Manager of the Union and reach a mutually acceptable solution.

For the purpose of this article, journeymen shall not include apprentices, foremen or any other supervisory position.

- 11.6 The rates of pay for apprentices covered by the Agreement will be set out in the wage schedules attached hereto.

## **Article 12**

### **PROTECTIVE CLOTHING AND EQUIPMENT**

- 12.1 The Employer shall supply at no cost to the employee when required by the work he is to perform, safety hats, new sweat bands, new liners, welding gloves, working gloves, welding helmets, welding and burning goggles, welding sleeve leathers, and non-prescription safety glasses.
- 12.2 Welders' capes shall be kept available for temporary issue to welders when engaged on work requiring additional protection such as, but not limited to, arc air gouging and overhead welding.
- 12.3 No charge shall be made against the employees for above items which are returned in reasonable condition or which are lost or damaged beyond the employees' control and are reported immediately.
- 12.4 On abnormally dirty and/or corrosive work, in which the employees' clothing may be abnormally or permanently damaged, the Employer will supply and maintain the necessary protective clothing (including gloves and coveralls where appropriate, particularly on, but not limited to, all corrosive work) at no cost to the employees.
- 12.5 Employees will be allowed a reasonable amount of time for clean-up when working on abnormally dirty and corrosive work prior to the end of the ~~shift~~.

## **Article 13**

### **WELDING TESTS**

- 13.1 Any welder possessing the appropriate current Ontario Government welding certificate of qualification may be required to take a test. Such welder shall be paid for the time required to take a test together with the travel and transportation expenses contained in Article 28 of this Agreement. Failure to pass a welding test shall preclude payment of transportation expenses.
- 13.2 Any welder required to take further welding tests at any other time during his period of employment shall be paid his normal wages for the time required to take such tests.

- 13.3 Welders passing a test will be furnished a copy of test papers from the Employer or party requiring a test as soon as available. Welders when laid off shall be supplied a letter under the letterhead of the Employer specifying date of welding test and procedure to which he is qualified.

## **Article 20**

### **TOOLS AND CLOTHING**

- 20.1 An employee shall be required to provide himself with the ordinary hand tools of his trade, based on established trade union practices at the time of signing of this Agreement. EPSCA and the Union shall establish an appropriate tool list. Each Employer will provide, insofar as is practical, separate facilities for storing the tools of each trade, but shall not be held responsible for losses, except as noted hereunder:
- (a) When personal tools valued in excess of \$15.00 are lost due to fire, the Employer will consider the full estimated value up to \$250.00 on the merit of each case in

determining replacement or payment. This will include only personal tools that a tradesman is required to have to perform his normal duties with his Employer.

- (b) Each Employer will compensate his employees for ordinary hand tools and clothing lost by theft from locker storage provided by him for his employees.   - (c) In the event of loss by fire at an Employer's work site in an Employer designated storage area, replacement or payment of the full estimated value in excess of \$15.00 but not exceeding \$500.00 for the loss of personal clothing will be made by the Employer. - 23.1 Employees required to work shift work on the second or third shift shall receive a shift differential of one-fifth for normal scheduled shift hours worked.

**Article 24**

**REST PERIOD**

- 24.1 For employees working normal hours, a fifteen (15) minute rest period will be allotted at the direction of the Employer for employees to rest at their immediate work area for each half shift worked.

When a paid meal period overlaps a rest period the paid meal period will supplant the rest period. When a free meal is not provided, the Employer will pay the employee one-half (1/2) hour at his appropriate rate.

To qualify for the above-noted on a Friday, an employee working a thirty-eight (38) hour week will be required to work for more than four (4) hours beyond the normal quitting time of his shift. This Article is not applicable to the first eight (8) hours worked on Saturdays, Sundays or Recognized Holidays.

- (a) If an employee lives within twenty (20) radius kilometers\* of the project, no travel allowance will be paid.
- REV** (b) If an employee lives within 20 to 40 radius kilometers of the project, he shall receive \$13.55 per day travel allowance for each day worked or reported for.
- REV** (c) If an employee lives within 40 to 56 radius kilometers of the project, he shall receive \$17.45 per day travel allowance for each day worked or reported for.
- REV** (d) If an employee lives within 56 to 80 radius kilometers of the project, he shall receive \$20.85 per day travel allowance for each day worked or reported for.

- REV** (f) If an employee lives greater than 97 radius kilometers from the project and does not qualify for subsistence allowance under Article 27.2 below, he will receive \$29.55 per day travel allowance provided he continues to travel greater than 97 radius kilometers for each day worked or reported for.

**DAILY TRAVEL ALLOWANCE (PICKERING AND DARLINGTON)**

27.2 The daily travel allowance will be paid by the Employers to their employees who are not receiving room and board as referred to in Article 27.3, on the following basis:

- (a) If an employee lives within twenty (20) radius kilometers\* of the project, no travel allowance will be paid.

- REV** (f) If an employee lives greater than 97 radius kilometers from the project and does not qualify for subsistence allowance under Article 27.3 below, he will receive \$29.55 per day travel allowance provided he continues to travel greater than 97 radius kilometers for each day worked or reported for.

When an employee is directed to report to a location that involves travelling around a natural barrier, the distance around the natural barrier shall be the shortest distance measured by a series of straight lines. The sum of the distances of these straight lines shall be applied to the ring concept to establish the employee's travel allowance entitlement.

A natural barrier is defined as any obstruction or impediment which creates an unreasonable relationship between the radius kilometers and actual kilometers travelled.

Bruce G.S. "A", Bruce G.S. "B", and the Bruce Heavy Water Plants will be combined to form the Bruce complex. Travel allowance for the Bruce complex will be calculated from the midpoint of a straight line joining the centres of the Bruce G.S. "A" and Bruce G.S. "B" turbine halls.

## **ROOM AND BOARD**

**27.3** The following conditions will apply for employees whose regular residence\* is more than 97 radius kilometers from the project:

- (a) An Employer may supply either:
- (i) Room and board in camp or a good standard of board and lodging within a reasonable distance of a project; or

\*An employee's "regular residence" is:

- 1.** The place where the employee maintains a self-contained, domestic establishment (a dwelling house, apartment or similar place of residence where a person generally eats and sleeps). This is in contrast to a boarding type of situation such as a hotel/motel room, or boarding house facility which is not self-contained; and
- 2.** The total financial responsibility for the continued maintenance and upkeep of the residence rests solely with the employee. The employee must be able to show proof of such financial responsibility in accordance with the "Application for Daily Travel/Room and Board Allowance"; and
- 3.** The employee normally resides in the residence except for those periods of time when, because of the location of the work, the employee is forced to obtain temporary accommodation at that work location.

- (ii) a subsistence allowance; or
- (iii) a travel allowance.

**REV** (b) An employee may exercise his option not to stay in a camp or accept room and board. An employee who exercises this option and qualifies for subsistence allowance shall receive a subsistence allowance of \$55.00 per day for each day worked or reported for when employed at a location south of the French River and \$68.00 per day for each day worked or reported when employed at a location north of the French River subject to Articles 27.3(c) below.

**REV** (c) To qualify for subsistence allowance an employee must maintain temporary accommodation at or near a project. Employees who travel daily to locations beyond 97 radius kilometers from the project will be entitled to a daily travel allowance of \$29.55 per day worked or reported for.

Upon application, and proof of membership in Local Union, payment of Room and Board will be issued for the first two pay periods. Failure to provide satisfactory proof of eligibility during this period, will result in cessation of payments and the recovery in two equal amounts. In the event of termination for any reason before full recovery and balance owing will be deducted from **the** final pay.

**REV** (d) An employee employed at the Pickering or Darlington Project whose regular residence\* is more than 97 radius kilometers from the project and who maintains a temporary accommodation at or near the project shall receive a subsistence allowance of \$40.00 per day for each day worked or reported for.

27.4 An employee shall not qualify for daily travel allowance or room and board allowance as provided for in Articles 27.1, 27.2 and 27.3 above when such employee reports for work but does not remain at work for his scheduled daily hours unless excused by an authorized representative of his Employer.

27.5 An employee who maintained a regular residence within the geographic area for the purposes of employment and who relocates outside the geographic area will not be entitled to an increase in travel or room and board allowance entitlement as a result of this relocation.

27.6 The Union recognizes the Employer's right to charge for board and other existing services. The Employer fixes the charge for board and other existing services in camps at \$25.00 per day. This will be applied on the following basis:

- (a) An employee who remains in camp on a normally scheduled work day on which he does not work will be charged \$25.00 per day, unless he is excused

from work for a legitimate reason by the project medical attendant or an authorized representative of his Employer.

- (b) An employee who is absent from work on Friday without approval and who remains in camp and who is still absent from work on the following Monday without approval will be charged for room and board for Friday, Saturday, Sunday and Monday.

- (b) For each trip taken, the Employer shall provide return transportation at no cost to the employee, or pay him return fare to his established point of hire. Mode of transportation and fare paid will be that established at each project.
- (c) If an employee is unable or does not wish to take such trip **immediately** on qualifying, he may take it later, and any days on the job site in excess of thirty (30) may be credited toward the establishment of subsequent **thirty** (30) day periods and trip qualifications, provided that in any event such trips shall not be taken in intervals of less **than** twenty (20) days.
- (d) Not more than 25 per cent of the employees on the job shall be away on such trips at one time.
- (e) The employee shall not be away from the job site for more than five (5) working days (not including Saturday, Sunday or Holidays) nor more than nine (9) calendar days, whichever is less, otherwise he shall be considered to have terminated his employment and Article 8.3 shall apply.

Any additional trips shall be at the employee's own expense and shall not result in absenteeism disruptive to the project.

Provisions in Article 28.7 are separate from Articles 28.4 and 28.5.

## Article 29

### **GRIEVANCE PROCEDURE**

- 31.1 Grievances within the meaning of the grievance and arbitration procedure shall consist only of disputes about the interpretation or application of particular clauses of this Agreement and about alleged violations of this Agreement. In the event of any dispute concerning the meaning or application of any provision of this Agreement or a dispute concerning an alleged violation of this Agreement, there shall be no suspension or disruption of **work**, but such dispute shall be treated **as** a grievance and shall be settled, if possible, by EPSCA and the Union. In the interests of expediting the procedure, the parties shall process grievances in the following manner:

31.2 **PRELIMINARY DISCUSSION**

Disputes arising out of the interpretation or alleged violation of this Agreement should, if possible, be settled by discussion between the employee and/or his steward and the employee's supervisor.

31.3 **FIRST STEP**

If a dispute cannot be resolved by this method, the Accredited Union Representative for the Union may file a formal grievance on the prescribed form with the Manager of Construction. Such grievance shall be filed within ten (10) working days of the alleged grievous act.

Within ten (10) working days of the filing of the grievance, the Manager of Construction or his designate shall investigate the grievance and convene a meeting which he or the Accredited Union Representative considers necessary to resolve it. The Manager of Construction or his designate shall give his reply on the prescribed form to the Accredited Union Representative within five (5) working days from the date of the First Step meeting.

Copies of completed grievance forms signed by the appropriate parties shall be filed by the Manager of Construction or his designate with the General Manager of EPSCA and by the Accredited Union Representative with the International Representative of the Union.

If a First Step grievance meeting is considered appropriate, the Management Committee shall comprise the Manager of Construction or his designate, plus two (2) Management officials, one (1) of whom shall be a representative of the Employer against whom the grievance has been filed. The Union Committee shall comprise the Accredited Union Representative plus two (2) additional Union officials.

#### 31.4 SECOND STEP

Such grievances shall be referred within ten (10) working days after the disposition has been issued under the First Step of this procedure. A copy of the grievance form shall be forwarded by the Accredited Union Representative to the International Representative of the Union.

The EPSCA Grievance Officer shall investigate the grievance and convene a meeting which he or the International Representative considers necessary to resolve it and give his reply on the prescribed form to the International Representative of the Union within five (5) working days from the receipt of the grievance form which was completed at First Step.

If a Second Step grievance meeting is considered appropriate, the Management Committee shall comprise the EPSCA Grievance Officer plus two (2) other Management Representatives, one (1) of whom shall be a representative of the Employer against whom the grievance has been filed. Where no answer is given within the time limits specified in the grievance procedure, the employee concerned, the Union or EPSCA shall be entitled to submit the grievance to the next step of the grievance procedure. Any grievance not processed within the time limits specified in the grievance procedure shall be deemed to have been settled and ineligible for arbitration.

31.8 GRIEVANCE FACILITIES

EPSCA shall provide the necessary facilities for all grievance meetings.

## Article 32

### ARBITRATION

32.1 If any dispute about the interpretation or application of particular clauses of this Agreement or about an alleged violation of this Agreement cannot be settled through the grievance procedure outlined in Article 31, the matter may be submitted within thirty (30) days of its failure of settlement by grievance procedure by either EPSCA or the Union to a Board of Arbitration for adjudication. The party desiring to submit the dispute to arbitration shall notify the other party in writing of its desire and the notice shall contain the name of the first party's nominee to an arbitration board. The recipient of the notice shall, within five (5) working days, inform the other party of the name of its nominee to the arbitration board. The two nominees so selected shall, within ten (10) working days of the appointment of the second of them, appoint a third person who shall be the Chairman. If the recipient of the notice fails to appoint a nominee, the appointment shall be made by the Minister of Labour for Ontario upon request of the other party. If the two (2) nominees fail to agree upon a Chairman, the services of the Minister of Labour for Ontario shall be utilized and the request to the Minister may be made by either party. The arbitration board, when selected or appointed, shall proceed as soon as practicable to hear and determine the dispute and it shall issue a decision which is final and binding upon the parties and upon their respective members. The decision of a majority is the decision of the arbitration board, but if there is no majority, the decision of the Chairman governs.

32.2 The arbitration board shall have no power to add to or subtract from or modify any of the terms of this Agreement. The arbitration board shall not substitute its discretion for that of the parties except where the board determines that an employee has been discharged or otherwise disciplined for cause when this Agreement does not contain a specific penalty for the infraction that is the subject matter of the arbitration. In such cases, the arbitration board may substitute such other penalty for the discharge or

discipline as to the arbitration board seems just and reasonable in all circumstances. The arbitration board shall not exercise any responsibility or function of the parties. The arbitration board shall not deal with any matter not contained in the original statement of grievance filed by the party referring the matter to arbitration.

32.3 In arbitration proceedings, each party shall pay the fees and expenses of its nominee, whether appointed by the party or by the Minister of Labour for Ontario, and the fees and expenses of the Chairman shall be shared equally by the parties.

32.4 The time limits as to both documents and procedure set out in the above sections shall be observed by the parties to this Agreement provided, however, that the parties may mutually agree in writing in respect to an extension or waiver of any of the time limits imposed.

**Article 33**

**Article 35**

**ABORIGINAL CONTENT COMMITMENT**

35.1 Where an aboriginal commitment has been established on a project, the Union will cooperate in meeting the content commitments.

For projects, or jobs within a project, that are less than \$100,000 field labour, and have aboriginal content commitments, the terms of this collective agreement will not apply to these aboriginal commitments.

It is understood and agreed that where mutual agreement for such a change cannot be achieved, the request shall not be subject to either grievances or arbitration.

## **Section 1**

### **ADVANCE NOTICES**

- 1.1 EPSCA will advise the Union of all new construction work coming under the scope of this Agreement for the construction field forces of the Employers.

Upon the request of the Union, EPSCA will convene a prejob conference before work commences to discuss the preliminary details of the proposed work to be performed and to establish conditions in accordance with this Agreement for the Project. EPSCA will convene a prejob where more than one trade is involved.

## **Section 2**

### **WORK ASSIGNMENT**

- 2.1 The jurisdiction of the Union shall be that jurisdiction established by agreements between International Unions claiming the work or decisions of record recognized by the AFL-CIO for the various classifications and the character of work performed.
- 2.2 In recognition of the Union's jurisdictional claims, it is understood that the assignment of work and the settlement of jurisdictional disputes with other Building Trades organizations shall be made and adjusted in accordance with the procedure established in the Procedural Rules and Regulations for the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry dated June 1984 (hereinafter referred to as "the Plan").
- 2.3 A markup process will be utilized when an Employer intends to perform work on a project site\*. The purpose of this markup process is to indicate to the union the work which is planned to be carried out by the Employer in order to minimize the potential for jurisdictional disputes.
- 2.4 When work is to be performed on a project site and it meets the following criteria: same employer, same work, same project site, the markup process will not be required. This procedure shall not preclude the Union's right to contest previously disputed work.

***\* For the purposes of this Section, Lines and Stations will be considered a single project site and the Bruce Nuclear Power Development (BNPD) will be considered a single project site.***

- 2.5 When an Employer has work that is less than a three week duration and there are ten (10) or fewer employees covered by EPSCA Collective Agreements employed on this specific work, the Union will be notified of the scope of work and the Employer's proposed work assignments. The Union will have two (2) weeks from the date of notification to submit jurisdictional claims and supporting evidence to the Employer for consideration. The Employer will notify the Union of the final work assignments prior to the commencement of the work.
- 2.6 All work that does not meet the criteria set out in Sections 2.4 or 2.5 will be reviewed and assigned at a markup meeting.
- 2.7 EPSCA will provide written notice to the Union as far in advance as possible of markup meetings. The Union may attend these markup meetings, and every effort will be made to settle questions of jurisdiction before the work is expected to commence.
- 2.8 The Employer who has the responsibility for the work shall make a proposed assignment of the work involved. The Employer shall be responsible for providing copies of proposed assignments to the Union. The Employer will specify a reasonable time limit for the Union to submit evidence of its claims. The Employer will evaluate all evidence submitted and make a final assignment of the work involved. This final assignment will be in accordance with the procedural rules established by the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry. The Employer will advise the Union of the final assignment prior to the work commencing.
- EPSCA will record the proposed assignments and jurisdictional claims and forward a copy of them within fifteen (15) working days to the Union.
- 2.9 The parties recognize that circumstances may arise, particularly with discovery and emergency work, where **the** process set out above may not be practical or possible. However, reasonable effort will be made by the Employer to adhere to the appropriate trade jurisdiction of the Boilermaker Union.

### **Section 3**

#### **JURISDICTIONAL DISPUTES**

- 3.1 When a jurisdictional dispute exists between unions and upon request by the Boilermaker Union, the Employer shall furnish the Boilermaker Union a signed letter from a duly authorized official of the company on Employer stationery, stating whether or not the Union was employed on specific types of work on a given project. The Employer agrees to consider evidence of established practices within the construction industry generally when making jurisdictional assignments.

- 3.2 The International Representative of the Union will advise the Association in writing of his intent to submit a jurisdictional dispute to the Plan and will identify in detail the work in question. In the event that the International Office of the Union elects not to file with the Plan, EPSCA agrees to file the dispute at the Plan at the request of the Local Union Business Manager or International Representative. The decision of the Plan shall be final and binding on the parties to this Agreement.
- 3.3 EPSCA shall have direct recourse to the Plan when a dispute arises involving the assignment of work being done by employees who are covered by this Agreement.
- 3.4 In the event that an arbitration decision under the Plan is not rendered within sixty (60) days of the disputed assignment being referred to the Plan, EPSCA and/or the Union shall have direct recourse to the Ontario Labour Relations Board (hereinafter referred to as the OLRB) for a decision provided it is processed as a Jurisdictional Dispute under Section 91 of the Ontario Labour Relations Act.
- 3.5 If a Union not bound by the provisions of this Collective Agreement has the right to pursue a Jurisdictional Dispute under Section 91 of the Ontario Labour Relations Act, EPSCA and/or the Boilermaker Union shall have the right to pursue or respond to a Jurisdictional Dispute under Section 91 of the Act before the OLRB.
- 3.6 In the event the Union elects to pursue or respond to the jurisdictional dispute at the Ontario Labour Relations Board, the arbitration board panel appointed by the Ontario Labour Relations Board pursuant to the Act is authorized to award damages only in circumstances where the other union(s) involved in the proceedings is (are) not restricted in their ability to claim for damages.
- However, this clause 3.6 shall not apply where the mis-assignment of work involves the same employer and the same work previously the subject of a jurisdictional dispute before the Ontario Labour Relations Board or the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry.
- The decision of the panel of the Ontario Labour Relations board will be final and binding upon the parties to this agreement with no further recourse to the Plan on the issue decided by the Ontario Labour Relations Board.
- 3.7 In the event the Building Trades in the Province of Ontario are successful in establishing a Provincial Impartial Jurisdictional Disputes Board, the Association and the Union agree to meet and discuss implementation of procedures set forth by said Board.

**Section 4**

**FOREMEN AND SUBFOREMEN**

- 4.1 It is understood that foremen and subforemen hold key positions in the relationship between the Employers and the Union. Both parties agree that every effort should be made to recruit and retain foremen and subforemen who have a high degree of efficiency in the performance of their jobs and in the handling of their men. Recognizing the responsibilities involved in being a supervisor and a member of the Union, the Employers and the Union will make every effort to minimize problems that may arise which concern the relationship between the foremen and subforemen, the Employers and the Union. The foremen will not work with the tools of the trade with the intent to replace a journeyman.
- 4.2 The parties recognize the responsibilities of foremen and subforemen to discharge their managerial duties. If the Union feels that the foreman or subforeman is not discharging his managerial duties in a manner that is fair and equitable, or if an Employer feels that the Union is interfering with the foreman or subforeman in the performance of his **managerial duties**, the Employer or the Union may refer the problem to the Executive Committee for resolution. If the matter cannot be resolved by the Executive Committee, the grievance procedure may be invoked by either party.
- 4.3 The selection and retention of foremen and subforemen will be the responsibility of the Employers. When making appointments to the foreman and subforeman level, the Employers will give consideration to those journeymen boilermakers they presently employ on site.
- 4.4 The rates of pay for all foremen and subforemen covered by this Agreement will be set out in the wage schedules attached hereto.
- 4.5 The foremen's differential shall be \$2.75 or the differential paid in the locality by Employers under Agreement with the Union for construction work of a related nature.
- 4.6 The subforemen's differential shall be \$1.20.
- 4.7 Where the crew size is **five (5)** or less, including the foreman, the foreman may be required to work with the tools of the trade.

## Section 5

### HOURS OF WORK

- 5.1 (a) A shift will be deemed to be established providing at least four (4) consecutive days of a shift are to be worked excluding Saturdays, Sundays and Recognized Holidays. If an employee is removed from their scheduled shift prior to completing four (4) consecutive shifts, the employee will be paid shift differential for the remainder of the four (4) consecutive shifts that would have been worked had the employee not been reassigned.
- (b) It may be necessary from time to time to vary the hours of work established in this Section. Any amendments to the hours of work will be established by mutual agreement between EPSCA and the Union.

#### 5.2 One (1) or Two (2) Shift Operation

- (a) The weekly hours of work shall consist of forty (40) hours for all employees of Employers covered by this agreement and working on a one (1) or two (2) shift operation.
- REV** (b) The weekly hours of work (Monday to Friday inclusive) for all employees may be arrived at by having the employees work four (4) consecutive ten-hour shifts or by having the employees work five (5) consecutive eight-hour shifts. Weekly hours of work will be established for a minimum period of thirty (30) days. If an employer intends to change the weekly hours of work, a minimum of two (2) weeks written notice shall be sent to the Local Union.
- (c) The start time for the day shift shall be 8:00 am with a possible one (1) hour variance either way. The start time for the afternoon shift shall be immediately following the day shift or within one-half (1/2) hour either way to coincide with the end of the day shift.
- (d) The shift differential for those employees working the afternoon shift when a two shift operation has been established by the Employer will be one-fifth (1/5) for all normal scheduled hours worked on that shift.

#### 5.3 Three (3) Shift Operation

When a three (3) shift operation is established by the Employer, the following conditions will apply:

- (a) Those employees working on the day shift shall work eight (8) hours at the straight time rate.
- (b) Those employees working on the afternoon shift shall work seven and one-half (7 1/2) hours per shift. A shift differential of one-fifth (1/5) shall be paid for all normal scheduled shift hours worked.
- (c) Those employees working on the night shift shall work seven (7) hours per shift. A shift differential of one-fifth (1/5) shall be paid for all normal scheduled shift hours worked.

5.4 Employees shall be at their assembly point prepared to work at their regular starting time.

5.5 The shift rate will be based on the day in which the shift begins.

5.6 A lunch period will be given no earlier than four (4) hours and not more than five (5) hours after the start of the shift and will be one-half (1/2) hour in duration.

## **Section 6**

### **OVERTIME RATES**

6.1 When working on an eight (8) hour day and five (5) day per week work schedule (Monday to Friday inclusive), overtime work shall be paid at one and one-half (1 1/2) times the basic hourly rate for all hours worked beyond the normal daily scheduled number of hours up to a maximum of 2 hours per day. All hours in excess of 10 hours per day shall be paid at two (2) times the base hourly rate.

When working on a ten (10) hour day and four (4) day per week work schedule (Monday to Friday inclusive), overtime work shall be paid at one and one-half (1 1/2) times the basic hourly rate for all hours worked beyond the normal daily scheduled number of hours **up** to a maximum of 2 hours per day. All hours in excess of 12 hours per day shall be paid at two (2) times the base hourly rate.

Overtime work performed on Saturday, Sunday, Recognized Holidays and non-shift days shall be paid at two (2) times the basic hourly rate.

## Section 7

### **GENERATION PROJECTS** **DAILY TRAVEL ALLOWANCE AND ROOM AND BOARD**

#### **DAILY TRAVEL ALLOWANCE** (EXCLUDING PICKERING AND DARLINGTON)

- 7.1 The daily travel allowance will be paid by the Employers to their employees who are not receiving room and board as referred to in Section 7.3, on the following basis:
- (a) If an employee lives within forty (40) radius kilometers\* of the project, no travel allowance will be paid.
  - REV** (b) If an employee lives within 40 to 56 radius kilometers of the project, he shall receive \$17.45 per day travel allowance for each day worked or reported for.
  - REV** (c) If **an** employee lives within 56 to 80 radius kilometers of the project, he shall receive \$20.85 per day travel allowance for each day worked or reported for.
  - REV** (d) If an employee lives within 80 to 97 radius kilometers of the project, he shall receive \$24.45 per day travel allowance for each day worked or reported for.
  - REV** (e) If an employee lives greater than 97 radius kilometers from the project and does not qualify for subsistence allowance under Section 7.3 below, he will receive \$29.55 per day, travel allowance provided he continues to travel greater **than** 97 radius kilometers for each day worked or reported for.

#### **DAILY TRAVEL ALLOWANCE** (PICKERING AND DARLINGTON)

- 7.2 The daily travel allowance will be paid by the Employers to their employees who are not receiving room and board **as** referred to in Section 7.3, on the following basis:
- (a) If an employee lives within forty (40) radius kilometers\* of the project, no travel allowance will be paid.
  - REV** (b) If an employee lives within 40 to 56 radius kilometers of the project, he shall receive \$17.45 per day travel allowance for each day worked or reported for.

\* *For the purpose of the Section "radius kilometers" shall be measured from the centre of the turbine hall on each project.*

- REV (c) If an employee lives within **56** to **80** radius kilometers of the project, he shall receive **\$20.85** per day travel allowance for each day worked or reported for.
- REV (d) If an employee lives within 80 to 97 radius kilometers of the project, he shall receive **\$24.45** per day travel allowance for each day worked or reported for.
- REV (e) If an employee lives greater than 97 radius kilometers from the project and does not qualify for subsistence allowance under Section 7.3 below, he will receive **\$29.55** per day per day travel allowance provided he continues to travel greater than 97 radius kilometers for each day worked or reported for

When an employee is directed to report to a location that involves travelling around a natural barrier, the distance around the natural barrier shall be the shortest distance measured by a series of straight lines. The sum of the distances of these straight lines shall be applied to the ring concept to establish the employee's travel allowance entitlement.

A natural barrier is defined as any obstruction or impediment which creates an unreasonable relationship between the radius kilometers and actual kilometers travelled.

Bruce G.S. "A", Bruce G.S. "B", and the Bruce Heavy Water Plants will be combined to form the Bruce complex. Travel allowance for the Bruce complex will be calculated from the midpoint of a straight line joining the centres of the Bruce G.S. "A" and Bruce G.S. "B" turbine halls.

## **ROOM AND BOARD**

7.3 The following conditions will apply for employees whose regular residence\* is more than 97 radius kilometers from the project:

\*An employee's "regular residence" is:

1. The place where the employee maintains a self-contained, domestic establishment (a dwelling house, apartment or similar place of residence where a person generally eats and sleeps). This is in contrast to a boarding type of situation such as a hotel/motel room, or boarding house facility which is not self-contained; and
2. The total financial responsibility for the continued maintenance and upkeep of the residence rests solely with the employee. The employee must be able to show proof of such financial responsibility in accordance with the "Application for Daily Travel/Room and Board Allowance"; and
3. The employee normally resides in the residence except for those periods of time when, because of the location of the work, the employee is forced to obtain temporary accommodation at that work location.

- (a) An Employer may supply either:
  - (i) Room and board in camp or a good standard of board and lodging within a reasonable distance of a project; or
  - (ii) a subsistence allowance; or
  - (iii) a travel allowance.

**REV** (b) An employee may exercise his option not to stay in a camp or accept room and board. An employee who exercises this option and qualifies for subsistence allowance shall receive a subsistence allowance of \$55.00 per day for each day worked or reported for when employed at a location south of the French River and \$68.00 per day for each day worked or reported for when employed at a location north of the French River subject to Sections 7.3(c) below.

**REV** (c) To qualify for subsistence allowance an employee must maintain temporary accommodation at or near a project. Employees who travel daily to locations beyond 97 radius kilometers from the project will be entitled to a daily travel allowance of \$29.55 per day per day worked or reported for.

Upon application, and proof of membership in Local Union, payment of Room and Board will be issued for the first two pay periods. Failure to provide satisfactory proof of eligibility during this period, will result in cessation of payments and the recovery in two equal amounts. In the event of termination for any reason before full recovery and balance owing will be deducted from the final pay.

**REV** (d) An employee employed at the Pickering or Darlington Project whose regular residence\* is more than 97 radius kilometers from the project and who maintains a temporary accommodation at or near the project shall receive a subsistence allowance of \$40.00 per day for each day worked or reported for.

7.4 An employee shall not qualify for daily travel allowance or room and board allowance as provided for in Sections 7.1, 7.2 and 7.3 above when such employee reports for work but does not remain at work for his scheduled daily hours unless excused by an authorized representative of his Employer.

7.5 An employee who maintained a regular residence within the geographic area for the purposes of employment and who relocates outside the geographic area will not be entitled to an increase in travel or room and board allowance entitlement as a result of this relocation.

- 7.6 The Union recognizes the Employer's right to charge for board and other existing services. The Employer fixes the charge for board and other existing services in camps at \$25.00 per day. This will be applied on the following basis:
- (a) An employee who remains in camp on a normally scheduled work day on which he does not work will be charged \$25.00 per day, unless he is excused from work for a legitimate reason by the project medical attendant or an authorized representative of his Employer.
  - (b) An employee who is absent from work on Friday without approval and who remains in camp and who is still absent from work on the following Monday without approval will be charged for room and board for Friday, Saturday, Sunday and Monday.
  - (c) An employee who is absent from work without approval on Friday but who works the following Monday will be charged for the day of absence and will not be charged for Saturday and Sunday.
  - (d) **An** employee who works the Friday and is absent from work without approval on the following Monday will be charged for the day of absence and will not be charged for Saturday and Sunday.

## APPENDIX C

### 7 DAY COVERAGE

This shift schedule is intended for work greater than four (4) weeks in duration, however, it is recognized that unforeseen circumstances may require the cancellation of this schedule.

If in the transition onto or off this 7-day shift schedule an employee would receive less than 40 paid hours in a pay period, the employee shall receive the difference between the total paid hours for that pay period and 40 hours pay. This does not apply to those employees who are laid off during or at the end of the schedule.

The employee(s) shift schedule consists of four consecutive shifts (day, afternoon, or night) followed by four scheduled days off. Shift overlap may be required.

Shift work may be established by the employer to provide seven days per week work coverage, on a one, two, or three shift per day basis. When this occurs, a specific shift arrangement will be established by the employer detailing the shift schedule to be worked. The employer will provide the Union with 48 hours notice prior to the implementation of these shift provisions.

#### First Shift

Regularly scheduled hours of work of up to ten (10) hours per shift Monday to Friday inclusive shall be paid at straight time hourly rates.

#### Second Shift

Regularly scheduled hours of work of up to ten (10) hours per shift Monday to Friday inclusive shall be paid at straight time hourly rates plus a shift differential of one-fifth of the straight time hourly rate.

#### Third Shift

Regularly scheduled hours of work of up to ten (10) hours per shift Monday to Friday inclusive shall be paid at straight time hourly rates plus a shift differential of one-fifth of the straight time hourly rate.

#### All Shifts

Regularly scheduled hours of work on Saturday, Sunday, Statutory and Recognized Holidays shall be paid at two times the straight time hourly rate. Recognized Holidays will be observed on the actual day on which the holiday occurs or as declared by legislation.

The rate for the shift will be based on the day in which the shift begins,

An unpaid lunch period of one-half hour shall be allowed to be taken no later than five hours after the commencement of a shift.

For employees working regularly scheduled hours, two fifteen (15) minute rest periods will be allotted at a time and location directed by the employer for employees to rest.

It may be necessary, from time to time, to vary the established shift arrangements. When this occurs, a revised shift arrangement will be established.

## STATEMENT OF UNDERSTANDING - NO. 1

It was agreed by the Union and Management that Boilermakers on the third shift at Darlington would be working under the following conditions effective July 1, **1986**:

1. Shift work may be established providing there are at least four consecutive days of shifts to be worked excluding Saturdays, Sundays and Statutory Holidays.
2. The normal starting time for day shift hours shall be the same as the day work hours described in section 21.3(a).
3. The third shift is established as starting at 1:00 a.m. Monday and it shall be worked between 1:00 a.m. and 8:00 a.m. Monday, Tuesday, Wednesday, Thursday and Friday.
4. Where shift work is established, the normal shift hours for the first (day) and second shifts shall be the same as the day hours. The third shift normal hours shall be six and one-half (6-1/2) hours' work, to be worked between 1:00 a.m. and 8:00 a.m., with an unpaid one-half (1/2) hour lunch period.

### Reporting Pay

An allowance for two and one-half (2-1/2) hours will be paid to an employee on the third shift if he is requested to report for work for any part of the second half of the shift.

### Meals on Overtime

If an employee is notified during the time he is working that he will be required to continue working for more than three and one-half (3-1/2) hours beyond the normal quitting time of the third shift, the Employer will provide a free meal to the employee after approximately three and one-half (3-1/2) hours of overtime worked for each four (4) hours of overtime worked thereafter.

The above-noted is not applicable to the first six and one-half (6-1/2) hours worked on Sundays or Recognized Holidays for employees who normally work the third shift.
