### Article 3.03 (a)

#### Working Pensioners

Members who are collecting a Local 95 retirement pension (Pensioners) can **return** to work in the trade while still collecting a pension only **during** times **of** full employment of Local 95 members. The Pensioner must be a member in **good standing** and must obtain a **30 Day Referral Permit**, according to the following rules:

1. Local 95 shall maintain a Local List of Available Pensioners and a Provincial List of Available Pensioners,
2. A Pensioner will notify the dispatcher of his availability for **work** and will advise the dispatcher that he is receiving a pension. **The** dispatcher will add the Pensioner's name, according to the date the notice **is** received, **to** the Local List of Available Pensioners in the local municipality where the Pensioner lives and **to** the Provincial **List** of Available Pensioners,
3. When a job order is received, the dispatcher will exhaust the local, overlapping, and provincial lists under Article 14. If the **job** order **is** not filled, the dispatcher will offer a work opportunity, to the maximum of **30 days**, to members **on** the Local List of Available Pensioners in **the** hiring hall of the **local** municipality closest to the location of the job, by the date order,
4. If the job order cannot **be** filled from the Local List of Available Pensioners, the dispatcher will then offer a work opportunity, to the maximum of 30 days, to members on the Provincial List of Available Pensioners, by date order,
5. The pensioner who accepts the dispatch will **be** issued a "30 Day Referral Permit", signed by the Business Manager or a Business Agent, and the dispatcher will forward a copy of that permit to the contractor,
6. Pensioners shall complete all generic and **site** specific safety indoctrination that is **required** on the dispatched job site on **his** or her **own** time at no cost to the employer,
7. The Pensioner may **ask** the dispatcher for a renewal **of** the 30 Day Referral Permit after at least 25 of the days under the permit have passed. The dispatcher will canvas for available unemployed members on all of the hiring hall lists under Article 14. Only after those lists have been exhausted will the Business Manager **or** Business Agent sign a new 30 Day Referral Permit for the Pensioner to continue his employment with the contractor,
8. If no new permit **is** granted, Local 95 will **advise** the contractor that there are members available in the hiring halls, and that, **as** of the date of the expiry of the Pensioner's 30 Day Referral Permit, the Pensioner **is** no longer qualified to work for the contractor **through** the Union **office**. The Pensioner will not report for work for the contractor once his permit has expired and no new permit has been granted, **and** may **be** subject to charges if he does **so**,

9. A Pensioner who is laid **off** during the 30 days allowed under a permit, or whose permit has expired, may notify the dispatcher that he is interested in further work opportunities. The dispatcher will put his name, according to the date of the new notice, on the Local and Provincial Lists of Available Pensioners, and the Pensioner will be eligible for further opportunities under these Rules,

10. A contractor employing a Pensioner must remit all contributions, deductions and remittances requires in the collective agreement. A Pensioner found to have waived this requirement with the contractor shall have his permit revoked, and may **be** subject to charges,

11. A Pensioner who **works** while collecting a pension may have entitlement **to** certain benefits. That entitlement is governed by the rules and regulations described in the applicable plans and booklets,

12. A Pensioner who wishes **to** suspend his pension and **return** to work as a regular member **must do so** in accordance with the established **procedures**. Until those procedures have been met, the Pensioner is only eligible for work opportunities under this Letter of Understanding #122.

Witness whereof, this Letter of Understanding has been executed by the duly authorized of the Association and of the **Union** on the 4<sup>th</sup> day of September 2008.
