THEREFORE, it is expressly agreed and declared by and between the parties, both individually and collectively as follows:

ARTICLE 1

Recognition and Sub-Contracting

- i) The owner selects contractor(s) not bound to this Agreement to bid on work covered by this Agreement and solely and directly solicits or obtains bid(s) for such work from such contractor(s) without any involvement or participation by

the employer in the selection of such contractor(s) (except as to the validity **of the bids**) **or the** solicitation or obtaining **of any bid(s) from** any contractor(s) regardless of whether it (they) is (are) bound or otherwise to this Agreement;

- ii) The owner accepts bid(s) from contractor(s) not bound to this Agreement; and,

On receipt of **such** written notice the Parties to this Agreement shall convene a meeting within 30 days and endeavour to reach an agreement.

ARTICLE 3

Should the dispute or grievance not be settled within fifteen (15) days from the date of the receipt of the grievance, then the dispute or grievance may be submitted to the Ontario Joint Conference Board. It is understood that the Union and the Employer will make every effort to use the above three step procedure on interpretations disputes, before referring the dispute to the Ontario Labour Relations Board.

(b) Where any difference between the Employer and the Union arises from the interpretation, application, administration or alleged contravention of the Agreement then either party may submit a grievance to the Ontario Joint Conference Board. The Board shall meet as soon as conveniently possible to consider the grievance.

(c) The object of the Ontario Joint Conference Board is to establish fair working conditions and regulations for both the Employer and the Employee in the Construction Industry and to maintain industrial peace by resolving disputes and grievances which arise under this Agreement from time to time. - ii) investigating and recommending methods to improve trade practices, efficiency, productivity and standards of workmanship in the industry.
- iii) attempting to improve labour relations between Employers and the Union,
- iv) promoting the best interest of the industry generally.

The Board may from time to time elect a Chairman who shall be neither a Representative of the Union or Employer. Grievances presented to the Board shall be dealt with at meetings of the Board. After **fully** hearing both sides of the matter, the Chairman may decide on the disposition of **the** grievance presented to the Board and such disposition shall be submitted to the Board for approval (or disapproval). The decision of the Board shall consequently be recorded as a minute of the Board.

(d) Arbitration Procedure — Where a difference arises between the parties hereto relating to the interpretation, application or administration of **this** Agreement, including any question as to whether a matter is **arbitrable** or where an allegation is made that this Agreement has been violated, either of the parties may, after exhausting the grievance procedure established above, notify the other party in writing of its desire to submit the difference or allegation to arbitration, and the notice shall contain the name of the **first** party's Appointee to the Arbitration Board. The decision of a majority shall be the decision of the Arbitration Board, and if there is no majority the decision of the Chairman shall govern. The fees and expenses of **the** Chairman shall be borne one-half by the Union and one-half by the Employers. Any other costs or expenses in connection with such Arbitration shall be borne by the party which incurs them.

Should the Local Union and Local Employers Group agree to amend the Collective Agreement to address the hardship such Agreement shall be made in writing and referred to the O.P.C. and M.I.E.C.O. for their endorsement. Where no agreement is reached the issue will only be referred to the O.J.C.B. by agreement of both the Local Union and Local Employers Group.
