NOTICE OF VACANCIES

1. Definitions:

(a) Vacancy - An opening, which is being filled, in any permanent full-time or part-time position occasioned by transfer, dismissal or retirement of an employee or by an increase in the number of employees in any category. Any dispute arising out of a vacancy flowing from Clause XX (11), Clause XX (12) and Clause XX (16) would be subject to Clause I.

(b) New Positions - A new category over and above those covered by the schedule of job classifications.

(c) New Position (In Training) - A position established for the purpose of training the incumbent for a specific superior-rated position.

2. Vacancy Postings:

(a) Vacancy Bulletins - Before filling any vacancy, new position in training, or any temporary vacancy, which is expected to be of more than thirty (30) days duration, every effort shall be made by the Board to inform all employees within three (3) working days; the employees shall have seven (7) working days to apply.

(b) In-Training Positions - Bulletins covering positions-in-training shall clearly state the ultimate objective. The successful applicant may subsequently be reclassified to such position without the position being re-bulletined.

If a posting for a vacant position also indicates that "in-training" applicants may be considered, then the posting will be done so that applicants for "in training" will have to apply citing a separate position/posting number.

In the case of selection, the person who most closely meets the required knowledge, ability and skills as set out in the job specifications for the position, shall be chosen. Where two or more applicants are relatively the same with regards to the required knowledge, ability and skills, then seniority shall be the determining factor.

(c) Placement of Successful Applicant - Positions, as defined, shall be filled and the successful applicant placed on the job within fourteen (14) days of the job being bulletined, unless otherwise specified in the bulletin. The Board shall notify the Union of the names of all persons appointed to fill vacancies, as well as the names of all employees hired on a temporary basis.

(d) **Determining Successful Applicant** - In making promotions, demotions, and transfers (excluding the position of Foreman II) the required knowledge, ability and skills as set out in the job specifications for the positions shall be the primary consideration. Where two or more applicants are capable of fulfilling the duties of the position, seniority shall be the determining factor provided that no regular employee will be entitled to relieve other regular employees on a temporary basis under this clause on more than two occasions in a calendar year unless a subsequent occasion results in either an increase in earnings to the employee or a change to a day shift.

(e) **Foremen II** - In making promotions to the position of Foreman II the following criteria shall apply:

- i) Applicants for **FOREMAN II** - Janitor positions shall be limited to those employees who have completed ten (10) or more years of service in the district as a custodian.
- ii) Applicants for **FOREMAN II** position, other than Foreman II-Janitor, shall be limited to those employees who have completed six (6) or more years of service in the district and who have ten (10) years or more in the appropriate field.
- iii) The required knowledge, ability and skills as set out in the job specifications shall be the primary consideration.
- iv) Where two or more applicants are equally capable of fulfilling the duties of this position, seniority shall be the determining factor.

(9) **Appointment of Junior Employee** - In the event that the Board approves the appointment of a junior employee to any position posted in accordance with this Agreement, the Board shall, within ten (10) days of such appointment, notify in writing those applicants senior to the appointee of the reasons for its decision. Copies of the correspondence shall be sent to the secretary of the Union. (Such decisions shall be subject to the normal grievance procedure dealt with in Clause I.)

(g) **Trial Period** - Employees transferring to a different category shall serve a trial period of not more than three (3) months. If the employee's services prove to be unsatisfactory in the position, the employee shall revert to his/her former assignment, without loss of pay or seniority.

(h) **Reverting/5 days** - Employees transferring may elect to return to his/her former assignment within the first five (5) days on the job in the new position without loss of pay or seniority. Should an employee decide to revert to a former position, leaving the position applied for vacant, the next senior qualified employee who had applied for the position shall be selected.

In the event that an employee is appointed to a different position while on leave of absence, then Clause III 2 (h) will not apply if the leave of absence continues more than twenty-one calendar days after the date of appointment.

(i) **Noon Hour Supervisors and Crossing Guards** - By May 1st of each year, noon hour supervisors and crossing guards wishing to be considered for noon hour supervisor and crossing guard vacancies for the subsequent school year will write to the Personnel Department indicating the desired noon hour and crossing guard locations. Vacancies will be filled by assigning the most senior applicant in the applicable classification expressing an interest in the vacancy.

3. PROBATIONARY EMPLOYEES - TEMPORARY POSTINGS

An employee serving in a probationary capacity is not eligible for temporary postings applicable to other work sites unless an increase in earnings will result to the employee.

4. GROUNDS

It is agreed that the present past practice regarding the filling of non-twelve month grounds positions may continue.

CLAUSE IV (4) STAFF APPOINTMENTS

1. Probation Period - Each new employee shall serve a probationary period of three months. The Board reserves the right to extend such probationary period up to an additional three (3) months where circumstances demand.

2. Equivalency Relief/Temporary Employees

- ii) temporary grounds, Labourer 1, 2 & 3, or

iii) relief service in an office (clerical or auxiliary personnel capacity), on or after January 1, 1969, then such employee shall upon application have such periods of service calculated annually commencing in 1975. For every such 250 full-time working days of service such employee will then receive their "year equivalent" of credits for salary, sick leave credits, general holidays (in accordance with the legislation the employees must work 15 of the 30 calendar days preceding a scheduled work holiday), supplementary Workers' Compensation benefits (Clause X 8 (a) applied on a pro-rata basis based on time worked in the previous calendar year) and annual vacation payments in June and December on a pro-rata basis of his/her service as provided in this Agreement (e.g. subsequent vacation payment would be 6% etc.) upon application to the Board. These credit levels will remain until the employee completes and applies for another multiple of the afore-mentioned 250 days or if not applied for the Board will automatically credit in June and December any improved salary and benefits as indicated herein to those employees who have not applied for such credits and who have completed another multiple of 250. Retroactive payments will be made for salary and vacation payments purposes. Such employees shall be covered by a temporary staff form and placed on the appropriate payroll.

(b) Successful work experience in these categories will be taken into consideration in the event that an employee applies for a permanent position through the Board's personnel service.

(c) All things being equal, relief employees will be given preference for permanent jobs.

(d) Subject to the terms and conditions of the various plans, relief or temporary employees commencing service in a posted position will receive benefit coverage for the period outlined in the posting as if they were newly hired permanent employees.

the beginning of the month following the month in which 3 months (eg. probationary period) has expired.

Relief employees who have completed 250 Full Time Equivalent days pursuant to IV (2) will be eligible for dental and life insurance at the beginning of the month following the month in which the assignment commenced.

Coverage may be mandatory in some cases.

(e) Monthly sick leave credits may be accumulated for each full month worked during the assignment. Persons serving in such position will be entitled to use any credits earned by them.

3. Medical Examination-Every new employee, upon receiving a letter of appointment, shall be required to submit to a medical examination at a time and place designated by the Board. The report must be satisfactory and show that the employee is physically fit to undertake the duties associated with the position in question.

CLAUSE V (5) TEMPORARY ASSIGNMENTS

1. Day to Day Acting Pay - When an employee is assigned by a duly authorized agent of the Board, or his Foreman, to assume duties and responsibilities on a day to day basis of a superior rated position, he or she shall be compensated at a pro-rata of the rate of pay in that category which provides for an increase, effective the ~~first day and~~ thereafter so long as the employee remains in such a position.

Where an employee replaces a Foreman I or II within these terms of reference for a period in excess of ten (10) working days, such time shall be credited against any subsequent increment period provided for in the salary scale for these two positions. This record to be maintained through staff form action.

2. Day to Day Acting Pay - **Sub-Foreman I** - Custodial employees assigned temporarily to the afternoon shift of an elementary school where there is no Sub-Foreman on afternoon duty, shall be paid at the rate of Sub-Foreman I. Such assignments shall be based on the preference and seniority of the regular employees normally working in the affected satellite elementary school and the applicable secondary school. The preference of regular employees may be determined at the beginning of each applicable month. In the event that any employee wishes to be added to the list he/she may do so by advising the Foreman. (There will not be any ancillary costs to the Board as a result of the Board's accommodation of this process: mileage, keys retrieval, etc.).

3. Day to Day -Relief/Temporary - The rates of pay in subsection (1) and (2) will apply in the case of relief or temporary employees after the completion of 5 consecutive working days in the new assignment.

4. Maintenance Department **Vacancy**

A reduction in the work force or a reduction in the normal or regular hours of work as defined in this agreement for a normal or regular shift or more.

2. (a) In determining length of service an absence due to lay-off not exceeding twelve months duration shall be considered continuous employment. Should a bumped regular employee serve in a posted temporary position during the lay-off, his/her seniority will be extended beyond the final day of the temporary position by the number of days worked during the lay-off period.

(b) So long as the employee on lay-off applies for all posted vacancies for which he/she is qualified, then such employee may extend the one year recall period by the number of F.T.E. relief days worked in the district while on lay-off up to a maximum of two months.

3. All lay-offs and subsequent re-hiring, other than for temporary and relief employees, shall be applied on a bargaining unit wide seniority basis providing the applicable person has the required knowledge, ability and skills (as set out in the job descriptions) for the job in question.

This provision will not apply where the employee declines to exercise his/her seniority to maintain permanent employment. Moreover, during the two week period of lay-off notice the employee may be reassigned but shall not suffer a reduction in his/her hourly rate of pay or regular weekly hours of work.

4. Employees shall be given as much time **as** reasonably possible to advise as to their preference in exercising their seniority, bearing in mind the effective date of the reduction in work **force** or normal hours.

6. Employees laid off shall not earn benefits or entitlement but, subject to the terms and conditions of the plans they may maintain enrolment in the benefit plans at no cost to the Board.

Where an employee has accepted to work overtime he/she shall receive breaks of one-half (1/2) hour each, time off with pay, for meal time as herein provided. In the event that the overtime work continues immediately after regular hours and is estimated to continue for two (2) hours or longer, the first half-hour (1/2) break shall be given within the second hour of overtime and if overtime continues, the employee shall be entitled to one-half (1/2) hour time off with pay at the end of every four (4) hours after

the first meal break. Any employee working four **(4)** hours or more of overtime shall be paid an additional five dollars (\$5.00) to cover the cost of meals. In the event that an employee, having completed his regular hours and is called back to perform overtime work, the half-hour (1/2) time off periods shall be granted within the fifth hour of overtime, and if overtime work continues, then further periods shall be granted at the end of every four **(4)** hours thereafter. If an employee is required to perform overtime work within the first hour after regular hours, the overtime work will, for the purposes of this clause, be deemed to have continued immediately after regular hours.

The purpose of this provision is to facilitate a period of paid time on-site for an employee to have a meal break. This provision is not intended to extend paid time beyond the time on-site.

4. **Compensatory Time:**

(a) Compensatory time with a minimum claim of *two (2)* hours shall only be assigned to custodians on a straight-time basis for emergency situations involving an inspection of the operational (electrical, heating and water) and physical (windows, doors, furnishings) facilities of the school plant. Emergency situations are defined as:

- i) Inspection of school buildings on weekends;
- ii) Extreme weather conditions (heat, cold, **flood**);
- iii) Fire or fire-threats;
- iv) Vandalism.

(b) Assignments for the above purpose are of a precautionary nature only. If, during the course of an inspection, an employee finds that normal work has to be performed he shall be paid at the prevailing overtime rates. **(See Clause XIV - 3).**

Where more than one employee is assigned to a school, compensatory time shall be allotted equitably between those employees who volunteer to perform this service.

(c) Statement:

"With approval of the Board of Industrial Relations (Oct. 31, 1952) all full rated janitor employees will work a total of **2080** hours per annum, less all General Holidays and less annual vacations. In normal circumstances the men concerned will work on the basis of eight **(8)** hours in a day, forty **(40)** hours in the week, but where it is in the best interest of the Board to have such employees work in excess of eight **(8)** hours the

following regulations shall apply:

- i) An employee may be asked to work in excess of eight (8) hours per day, not to exceed twelve (12) hours or a total of sixty (60) hours per week.
- ii) Such extra hours of work shall only be worked at the direction of the Board or its officials and shall be reported by the employee concerned on his/her daily time report.
- iii) The School Board agrees to set up a card record recording such extra hours of work on a cumulative basis from the period of September 1st to August 31st and the employee will be given compensatory time in addition to all General Holidays and annual vacations during the months of July and August, so that as of August 31st, the employee will not have worked in excess of 2080 hours less General Holidays and annual vacations.
- iv) It is mutually agreed that no employee shall be asked to work in excess of twelve (12) hours per day or sixty (60) hours in the week without specific approval from the Department of Labour and if such service is rendered the employee shall be reimbursed at the applicable overtime rate of his/her pro rata rate.

(d) Addendum:

Employees wishing to take their compensatory time other than during July and August may make application to the Board outlining the special circumstances supporting the request.

(b) Overtime rates shall be paid for all call-out time, including travelling time to and

from the employee's place of residence and with a minimum of two (2) hours credit from time of call plus mileage.

7. Call-up Time:

(a) Subject to the provisions of paragraph (c) or (d) an employee reporting for his scheduled shift on the call of the employer and who does not commence work shall receive his/her regular rate of pay for the entire period spent at his/her place of work, with minimum of two hours pay at his/her regular rate.

(b) Subject to the provisions of paragraph (c) or (d), an employee other than a school student, on a school day, who commences work on a scheduled shift, shall receive his/her regular rate of pay for the entire period spent at his/her place of work, with a minimum of four hours pay at his/her regular pay.

(c) In any case where an employee (i) reports for his/her regular shift but refuses, except for just cause, to commence work, or (ii) commences work but refuses, except for just cause, to continue working, he/she shall not be entitled to receive the minimum payment set forth in paragraphs (a) and (b).

(d) The provisions of the preceding paragraphs do not apply to those situations where the nature of the work assignment is such that the employee is required to work for periods shorter than four hours per day. In any such situations, where exclusions under the Minimum Wage Act do not already exist, it is furthermore agreed that the parties will make joint application to the B.C. Board of Industrial Relations for exemption under the provisions of the Minimum Wage Act.

Should the Board hire into its employ, subsequent to the signing date of this Agreement, new employees in new classifications who would work less than four hours per day, then the parties will meet in an effort to agree on making joint application to the B.C. Board of Industrial Relations. Should the parties not agree, then the matter of joint application shall be settled by arbitration in accordance with the procedures set out herein.

DENTAL PLAN

The Dental Plan will include Plan "C" (60% coverage - \$1,500.00).

Note: As a matter of information only, the Board agrees to prepare and circularize to Union members, a pamphlet explaining the Group Life Insurance Plan, and further, as modifications are made and approved, that such pamphlets be brought up to date.

4. (a) Employees enrolled in the plans mentioned in (1) above and who are absent without pay for thirty (30) days in a calendar month may continue to be covered subject to the terms of the plan at no cost to the Board, with the exception where unpaid leave of absence is granted for job related purposes as indicated in Clause X (5). In addition, employees on Leave of Absence for union business will remain covered and the Board will be reimbursed for its costs by the union local. (A calendar month for the purposes of this clause shall mean the months of the year.)

6. Should any of the above services be affected through Government intervention, the Board shall provide continued coverage in any government plan.

7. It is agreed that a committee comprising two representatives of the school district and two representatives of the union will meet to discuss, examine and evaluate the desirability of the dental, extended health and life insurance plans being covered under the B.C. Public Employee's Health and Benefit Plan. Further, it is agreed that a decision with regard to this matter will be made within one year of ratification of this Collective Agreement.

With unanimous consent the committee shall have the authority to transfer plans during the life of the agreement.

8. Uniforms

Where uniforms are provided to the custodial and maintenance staff who have completed their probationary period, such uniforms shall be selected by a committee appointed by the Coordinating Committee (Labour/Management). Where a suitable uniform has been selected and is deemed by the parties to be acceptable, the cost shall be shared on a 50/50 basis.

It is agreed that should the school district need to reduce services for budgetary reasons, a meeting may be called by the school district. At the meeting the school district will advise the union of the amount needed to be saved through staff/service level reduction. In good faith, the union will work with the school district by providing advice as to recommended ways to achieve the reductions. Nothing in this Agreement will preclude the parties from agreeing to re-open the Agreement in order to provide a wage adjustment for an increase in job security.

2. Pay Grade 9

It is agreed that the increment structure of Pay Grade 9 shall be predicated on 6 month increments. The increment structure for all other Pay Grade classifications (Speech Language Pathologists excepted) shall be predicated on annual increments effective January 1, 1992.

The Board retains the right to have an employee revert to the original posted position as per the job description.

The new rate of pay shall become effective at the time the new posted position is first filled or at the time that the employee makes claim for a reclassification, provided any difference is grieved as per this Collective Agreement.

The employer will ~~provide the~~ union with a "without prejudice" job description as soon as reasonably possible following the decision to create or change a job description. Where the vehicle is used solely for school board purposes, there will be no cost to the employee. The employee will be responsible for utilizing the vehicle in a responsible and reasonable manner.

Persons using lease vehicles as of May 1, 1990 will be able to continue the use of such vehicles consistent with past practice provided they continue to qualify for a leased vehicle as provided for herein.

2. **Work Standard:**

Where the work standard in a school is lowered as a result of the transfer of permanent staff members to relieve in elementary schools, an allocation of extra staff may be made on a temporary basis to restore the school to a standard desirable to the Board. In the event that the physical condition of a school, as provided for by custodians, falls below that minimally acceptable in the district, then application for additional assistance shall be made by the Principal, on the advice of the Foreman, to the Manager of Facilities Services or his Assistant and wherever reasonably possible, relief assistance will be provided.

this practice by making his concerns known to the appropriate supervisor,

4. **Right to Refuse:**

The parties recognize the W.C.B. Industrial Health and Safety regulation that states: "No person shall carry out or cause to be carried out any work, process or operate or cause to be operated any tool, appliance, or equipment when that person has reasonable cause to believe that to do so would create an undue hazard to the health or safety of any person".

An employee should bring to the attention of his/her immediate supervisor any activity that is an unsafe practice which the employee has reasonable cause to believe may pose a hazard to students, other employees or the public in general. Where in the employee's opinion this does not result in the matter being adequately addressed, then the employee shall refer the matter to the On-site Health and Safety Committee and if the matter is not resolved at that level then the matter may be referred to the District Health and Safety Committee

6. **Technological Change:**

(a) **Union Notification of Change:**

Ninety (90) days before the introduction of any technological change(s) which affects conditions or employment, wage rates, the number of employees, or work loads, the employer shall notify the Union of the proposed change. Any change shall be made only after the Union and the employer have reached agreement on such change through collective bargaining. If the employer and the Union fail to agree on the change, the matter shall be referred to the Grievance and Arbitration procedures of this Agreement.

(b) **Training Program:**

In the event that the employer should introduce new methods or machines which require new or greater skills than are possessed by employees under the present method of operation, such employees shall at the expense of the employer, be given a minimum period, not to exceed one (1) year, during which to acquire the skills necessary for the new methods of operation. There shall be no change in wage or salary rates during the training period of any such employee and no reduction in pay upon being reclassified in the new position.

Employees shall not be required to attend training sessions outside regular hours.

7. Crossing Picket Lines:

It is hereby agreed between the parties to this Agreement that employees shall not be required to cross any picket line, enter any building, property or business where such a picket line is established under the Statutes of British Columbia or Canada.

8. Employee Records:

An employee having received a verbal reprimand may request confirmation in writing.

(b) An employee shall have the right on reasonable notice and at a time convenient to the Personnel Department, to review his or her personal file, with the exception of reference letters, reference checks and hiring and interview reports. The review will take place in the Personnel Department in the presence of a School Board Official.

12. Work or services presently performed or hereafter assigned to this collective bargaining unit shall not be sub-contracted, transferred, leased, assigned or conveyed

in whole or in part to any other plant, person, company, or non-unit employee, without such change first being discussed with the official representatives of the Union.

14. No regular employee will be laid off from employment at the same time and as a direct result of his/her regularly performed work being contracted out where the work is being done in a regular manner.

At the same time, it is recognized that the employee must be willing to re-train if the opportunity exists or exercise his or her seniority, when qualified, vis-a-vis other positions. In either case, the employee will suffer no loss in his/her regular income.

The parties agree to follow the contracting out guidelines established by them and dated November 8, 1989 as amended. Further as changes to the guidelines are agreed upon they too shall be followed.

C. Durkin and its signed amendments, if any, that was agreed to between the parties. The workload formula for sites will be the workload formula as amended by Appendix A.

The supplementary document may be modified from time to time at the request of either party, using a committee to consist of a member of the Board, or its nominee, and not more than two representatives of the Union, and such resource persons as either party may require, but, in any event, not more than two additional

persons at any one time for either of the parties.

The Board agrees to implement, where possible, the recommendations of the committee so that all custodial personnel will enjoy an equitable workload from school to school and from shift to shift.

In the event that either party refuses to accept a modification to the workload formula, it shall provide the other party with written reasons and the Union shall have the right to make further representation to the Board.

Persons shall be assigned to each school in accordance with the workload formula except that consideration shall be given to special circumstances which tend to deviate from the normal workload formula such as:

- iii) use of facilities and circumstances which tend to increase the workload (art, science, industrial education, etc.).

(b) It is recognized that the amount of work and the quality of that work may not be maintained if already fully utilized hours are reduced in number.

(c) A meeting of representatives of the parties will take place in an effort to agree as to where staff reductions should take place if such reductions are required by the Board.

(d) In the event of custodial reductions, the remaining employee will not be given new and additional duties such that the workload formula is compromised.

(e) It is agreed that the Board has the right to determine what work is to be done and its frequency. When work is assigned, it is agreed that the workload formula shall apply as per Clause **M** (16).

The Union reserves the right to make representation through normal channels in the event such arrangements are inimical to the interests of its members.

17. **Additional Earnings Statement:**

Where employees have earned overtime, a superior rate, holiday pay or any other sum affecting their gross earnings in any month a statement supplementing the cheque stub shall be prepared and attached to the employee's cheque, showing full details of such additional earnings or deductions.

18. **First Aid Designates:**

The Board through the office of the Secretary-Treasurer may designate Elementary Secretaries and/or other personnel to be responsible for First-Aid where such Elementary Secretaries and/or other personnel are agreeable. Such employees will receive training where necessary with such training being without loss of income and during working hours. For the period employees are designated responsible for First-Aid they shall receive 30 cents per hour payment.

In the event that a first aid designate is required and the need cannot be suitably met on a voluntary staff basis, then the selection of the position responsible for first aid will go to the Labour Management Committee. If the matter cannot be resolved by the Labour Management Committee, then a determination will be made by the Board with the right of representation by the Union.

Persons designated and qualified as a school's Industrial First Aid Attendant shall be paid an additional 90 cents per hour for all hours so worked.

(b) Where there exists a bona fide occupational requirement or an affirmative action program it shall not be considered discrimination.

(c) It is understood that an allegation of discrimination falling within the Human Rights Code shall be pursued pursuant to the Human Rights Code. Other reasons listed herein may be pursued through the Grievance procedure.

20. **Labour/Management Committee:**

A Labour/Management Committee consisting of two representatives from both parties shall meet monthly during the school year in order to foster better relations. The Committee will not have the power to bind either party to any decision or conclusion and the parties will not deal with individual grievances. Meetings shall take place at mutually agreeable dates and times. Where it is mutually agreed, resource employees should be in attendance.

21. **Strikes or Lockouts:**

During the term of this Collective Agreement the employer agrees that there will be no lockout and the Union agrees that there will be no strike.

22. **Employee Status/Volunteers:**

It is agreed that no regular employee on staff on May **9, 1990** will be replaced and thereby laid off from employment because a volunteer(s) is(are) regularly doing the employee's current work such that the number of regular F.T.E. positions in the bargaining unit is reduced below that as of May **9, 1990**.

The Board, the Union and all employees agree to maintain positive relationships with volunteers. It is agreed that all problems or grievances related to the District's volunteers, whether individually or collectively, will be restricted to formal channels, namely the employee's supervisor or the grievance procedure.

23. **Site Custodial Service:**

The Board desires to use custodians in sites and commits itself to continue that practice unless it is not reasonably possible in the opinion of the Board. A deviation in the practice shall not take place without twenty (20) days advance notice to the Union.

24. **Video Display Terminals:**

The Health and Safety Committee shall receive recommendations from a Union

committee on video display terminals and, after review and study, the Health and Safety Committee will report to the Labour/Management committee any recommendations not carried out.

25. Employee Assistance:

An Employee Assistance Committee will be established consisting of two representatives from both parties. The committee will examine means and types of assistance available in order to amend as needed an employee assistance program within available financial resources.

26. Notice of Termination:

Employees shall give a period of notice of termination or retirement such that the employee works on site at least twenty working days subsequent to the giving of notice.

In the event that a regular employee does not give at least two weeks notice of termination, then that employee's vacation pay shall be in accordance with the Employment Standards Act.

This provision will not apply if it was reasonable for the employee to terminate with short notice as a result of an improper action by another party in the work place.

**27. Sexual and Personal Harassment
Preamble:**

The Union and the Board recognize the right of all employees to work in an environment free from sexual and personal harassment.

- (a) i) If an employee feels he/she has been sexually or personally harassed, he/she or any member of the Union if requested by the complainant, may attempt to resolve the matter by informing the alleged harasser and the participants shall attempt to reach agreement on a course of future conduct and/or proceed to section ii) herein.
- ii) If an employee feels that he/she has been sexually or personally harassed he/she or any member of the Union, if requested by the complainant, may attempt to resolve the matter by lodging a grievance with the Personnel Office. An investigation of the

- iii) Nothing contained herein shall preclude the right of an individual to pursue a complaint of sexual harassment with the Human Rights Commissioner.

(b) Sexual Harassment includes:

- i) Unwanted sexual attention of a persistent or abusive nature made by a person who knows or ought to reasonably know that such attention is unwanted.
- ii) Implied or expressed threat of reprisal in the form either of actual reprisal or the denial of opportunity attributed to refusal to comply with a sexually-oriented request.
- iii) Sexually-oriented remarks and behaviour which may reasonably be perceived to create a negative psychological and emotional environment for work.

(c) Personal Harassment

Personal harassment is defined as repeated, intentional, unconstructive, offensive comments or actions deliberately designed to demean an individual or to cause personal humiliation.

(d) No employee shall be subject to reprisal, threat of reprisal, or discipline as a result of filing a bona fide complaint of sexual harassment. False and/or malicious complaints shall be viewed as a serious matter.

(e) Complaints of sexual harassment shall be treated seriously and in strict confidence by the Board and the Union.

(9) Incident Reports

It is agreed that any potential threat or actual case of violence will be reported by the employee to the employee's immediate supervisor and to the On-site Health and Safety Committee.

28. Indemnification

The Board shall defend, save harmless and indemnify all employees for any claims, suits, actions or other proceedings which may be brought against them which arise from the performance of their duties and responsibilities and for any cost, loss, damage and liability arising therefrom, provided that this covenant does not apply in respect of any criminal acts committed by the employees, or in respect of any gross negligence on the part of the employees occurring outside the course and scope of their prescribed duties.

29. In the event that any legislation, including Regulation, renders null and void or materially alters any provision of this agreement, the remaining provisions shall remain in effect for the term of the Agreement, and the parties hereto shall negotiate a mutually agreeable provision to be substituted for the provision so rendered null and void or materially altered.

30. The matter of uniforms will be referred to a joint committee. The purpose of the committee will be to agree to the provision of uniforms. Any unresolved matter can be referred to a board of arbitration for resolution.

**CLAUSE XXI (21)

Ms. Colleen Jordan, President
Canadian Union of Public Employees, Local **379**,
#31, 250 S. Willingdon Avenue,

Dear Colleen:

Re: ELECTION TO USE PERSONAL VEHICLES IN LIEU OF LEASE VEHICLES

I am pleased to report that at the last meeting of the Board of School Trustees, District No. 41 (Burnaby), the Board ratified the following parameters subject to ratification by C.U.P.E. Local **379**:

1. In the event that an individual chooses to use their personal vehicle in lieu of a lease vehicle, then the personal vehicle must meet job needs to ~~the~~ same degree as Board supplied lease vehicles and it is the responsibility of the individual to ensure this;
2. The method of calculating the payment in lieu of receiving the lease vehicle would remain unchanged. That is to say that the individual will receive an amount equivalent to what it would have cost ~~the~~ Board to lease that year's vehicle (eg - the Board's vehicle) when it was new, plus the cost of insurance at that time.
3. In the event that a staff member changes the year and/or type of personal vehicle used, he or she shall notify the Board promptly.
4. If, during the three year period following selection of the personal vehicle a person changes his or her personal vehicle provided for work then an adjusted rate would result (with payment determined as indicated above) provided it does not exceed what the Board's original cost would have been at the commencement of the three year period. Every three years this maximum "cap" would be adjusted to the rates in effect at the beginning of the three year period.

..2

5. Employees in temporary positions (replacing incumbents) **will** not receive a lease vehicle unless one is available and would otherwise be sitting idle and unused.
6. If a lease vehicle is unavailable, the Board will pay an employee in a temporary position an amount equivalent to the amount of the lease cost as if the employee leased the vehicle to the Board as per this letter.

I understand that C.U.P.E. Local 379 is agreeable to these parameters and accordingly I am requesting that Payroll make any appropriate adjustments flowing back to that period of time in which this matter was initially raised.

If you have any questions, or if you wish to discuss this matter further, please do not hesitate to contact me.

Yours truly,
