OF THE FIRST PART

AND

QUALITY CONTROL COUNCIL OF CANADA
(hereinafter referred to as the "Council")

OF THE SECOND PART

[Prairie Region see Appendix D]

AND

NDT MANAGEMENT ASSOCIATION
(hereinafter referred to as the "Association")

OF THE THIRD PART

WHEREAS the Employer's business involves nondestructive testing and the employment of persons skilled and qualified to perform the same, and

WHEREAS the nature of the work and the size and scope of the Employer's business requires that persons employed by the Employer be available to per-

form work where and when such work may be requested by owners and contractors; and

WHEREAS the United Association of Journeymen and Apprentices of the Plumbing and Pipefitting Industry of the United States and Canada, and the International Brotherhood of Boilermakers, Iron Ship Builders, Blacksmiths, Forgers and Helpers, (hereinafter referred to as the "affiliated Unions") wish to negotiate and administer this Agreement through the Council and for that purpose have constituted the Council and empowered it to act as agent for each and both of them; and

WHEREAS the Employer recognizes for the purposes of this Agreement the formation by the affiliated Unions of the Council and agrees to deal with the Council as the agent of the affiliated Unions in negotiating and administering this Collective Agreement; and

WHEREAS the parties hereto desire that persons trained to perform nondestructive testing work may be admitted to the appropriate affiliated Union, and that the said affiliated Union should have jurisdiction over such persons; and

WHEREAS the work of the Employer is carried out in many places in Canada so that it is essential that the Employer's personnel be available to work promptly when required throughout Canada.

NOW THEREFORE this Agreement witnesseth, and the parties aforementioned hereto mutually covenant and agree together as follows:

Note: The express terms of this agreement are

modified by the Appendices A, B, C, D and E which are hereby made a part of this Agreement. Where there is a conflict the provision of the Appendix takes priority.

ARTICLE I: RECOGNITION

1.01 The Employer recognizes the Council as the sole and exclusive bargaining representative for all non-destructive Testing Technicians, Trainees and Helpers in the employ of the Employer within the scope of this Agreement save and except office and sales staff, and persons above the rank of working supervisor.

Owners and/or shareholders shall be considered employees when performing work covered by the collective agreement and, as such, shall join one of the affiliated unions and be paid all terms and conditions of the collective agreement.

The minimum contributions of any employer to the pension fund, training fund, administration fund, field dues, union dues, health and welfare fund and all other required payments shall be based on a minimum of one hundred seventy-three (173) hours per month working time for at least one (1) employee.

1.02 The affiliated Unions agree with each other and with the Council and the Employer to maintain the Council composed of the affiliated Unions for the purposes of this Agreement and to be governed by the terms of this Agreement and by all lawful settlements of disputes and grievances made by the Council. The affiliated Unions further agree to delegate, and they do hereby delegate, to the Council all their rights as bargaining

agent for employees of the Employer who come within the scope of this Agreement and agree not to withdraw such delegation of rights. The Council accepts the delegation of rights and responsibilities of negotiating and administering this Agreement.

ARTICLE II: SCOPE

2.01 This Agreement shall apply in respect of all nondestructive testing work performed by the Employer or by any person, firm or corporation owned or financially controlled by the Employer in Canada. Nondestructive testing includes ultrasonics, radiography, magnetic particle, dye penetrant, and eddy current, but does not include visual inspection, destructive testing or stress relieving unless the Council or one of its affiliated Unions gains certification or written voluntary recognition for the employees of an Employer performing any such functions, in which case the Employer, through the NDTMA (if an NDTMA member), will negotiate rates for such employees and include them under this Agreement.

**[Prairie and Pacific Region:
see Appendices D and E]**

2.02 In no event shall the Employer be required to pay higher rates of wages, or be subject to more unfavourable working rules than those established by the Council or either of the affiliated Unions or any of the local Unions for any other employer engaged in similar work.

ARTICLE III: UNION SECURITY

3.01(a) The Employer shall, as a condition of employment, deduct monthly from each employee's pay

$\frac{2}{1}$

18.03 **Step No. 2:** Between the aggrieved employee, his steward and the local Union representative or designate, and the employer's representative. At this stage the grievance must be submitted in writing provided that a reference in the grievance to any section of the Agreement shall not preclude argument based on any other section of the Agreement. If no settlement satisfactory to the grievor is achieved within four (4) days the grievance must be pursued within the following ten (10) days.

18.04 **Step No. 3:** Between a designated Council Representative and an official of the Employer. If no settlement satisfactory to the employee concerned is achieved within four (4) days of the commencement of Step No. 1 or Step No. 2 the grievance must be pursued at the next step within the following ten (10) days.

18.05 **Step No. 4:** If any dispute or grievance concerning the interpretation, application or violation of this Agreement cannot be settled through the procedure described above within ten (10) working days, the matter may be submitted by the Council or the Employer for adjudication to a Board of Arbitration at any time within ten (10) days following the completion of Step No. 3. This Board shall consist of three (3) arbitrators, one appointed by each party to this Agreement and the third, who shall act as the chairman, to be selected by the two so appointed. In the event that the other party does not appoint its arbitrator within five (5) days, the appointment shall be made by the appropriate Minister of Labour. In the event the two arbitrators appointed cannot within five (5) days select a third arbitrator who is willing to serve, the two arbitrators shall jointly request the appropriate Minister of Labour to designate the third arbitrator who shall act as the chairman.

The Board when selected or appointed, will proceed as soon as practicable, to examine the dispute or grievance and render its judgment.

The decision of the Board of Arbitration, or a majority thereof, shall be final and binding and accepted by both parties for the duration of the Agreement.

The Board of Arbitration shall not be authorized to make any decisions inconsistent with the provi-

sions of the Agreement, nor to alter, modify or amend any part of this Agreement.

In arbitration proceedings, each party shall pay the expenses of its arbitrator, and the expenses of the chairman shall be shared equally by the parties.

18.06 Any grievance instituted by the Employer may be referred in writing to the Council within fifteen (15) full days of the occurrence of the circumstances giving rise to the grievance, and the Council shall meet within ten (10) working days thereafter with the Employer to consider the grievance. If final settlement of the grievance is not completed within five (5) working days of such meeting, the grievance may be referred, by either party, to a Board of Arbitration as provided in Article 18.05 at any time within ten (10) calendar days thereafter, but not later.

18.07 Where an Employer is in default on any obligation to the Council or an affiliated Union, the council or the affiliated Union may file a grievance commencing with a meeting between the designated Council representative and an official of the Employer. Failing settlement the grievance may be pursued to arbitration as provided by Article 18.05.

18.08 Notwithstanding the grievance and arbitration provisions of this Agreement the QCCC may refer a grievance concerning violation of Article 27.01 to arbitration at any time after the tenth (10th) day of the month following the month in which the remission(s) is (are) due.

ARTICLE XIX: TECHNOLOGICAL CHANGE

19.01 There shall be no restrictions or additional conditions imposed against the use of any type of machinery, equipment, tools or methods provided that the Employer will consult with the Union where the introduction of new and substantially different equipment not previously used in the industry will result in the layoff of employees from a job. 22 A

ARTICLE XX: WORK STOPPAGES

20.01 When employees covered by this Agreement are working out of the Employer's shop, they shall not be involved in any illegal work stoppages and shall be entitled to continue work notwithstanding such work stoppages. In any case, the Employer shall be entitled to remove its equipment from the job site.

In such cases the Council will co-operate with the Employer in seeking the removal of the Employer's equipment from the job site. 4

20.03 In view of the orderly procedures established by this agreement for the settling of disputes and the handling of grievances, the Council agrees that during the life of this Agreement, there shall be no strike, picketing, slowdown, or stoppage of work, either complete or partial, and the Employer agrees that there will be no lockout.

If any article or provision of this Agreement shall be held invalid, inoperative, or unenforceable by operation of law, jurisdiction, the remainder of this Agreement or the application of such article or provision to persons or circumstances other than those to which it has been held invalid, inoperative or unenforceable shall not be affected thereby.

ARTICLE XXII: MANAGEMENT RIGHTS

22.01 The Council recognizes and acknowledges that the management of the business and the direction of the working force are fixed exclusively in the Employer and without restricting the generality of the foregoing, the Council acknowledges that it is the exclusive function of the Employer to:

- (a) maintain order and efficiency;
- (b) hire, promote, demote, geographically transfer, discipline or discharge any employee for just

cause provided that a claim by an employee who has completed his probationary period that he has been discharged or disciplined without just cause may be the subject of a grievance and dealt with as provided in this Agreement;

(c) make and enforce and alter from time to time rules and regulations (provided they are not in conflict with the terms of this Agreement) to be observed by the employees;

(d) determine the kinds and locations of shops and jobs, equipment and materials to be used, the control of equipment and materials, the methods and techniques of work, the content of jobs, schedules of production, the number of employees to be employed, the extension, limitation or termination of business or any part thereof.

22.02 The Employer agrees that the foregoing management rights will not be exercised contrary to the express provisions of this Agreement.

ARTICLE XXIII: BEREAVEMENT LEAVE

23.01 In the event of the death of a member of an employee's immediate family, the employee will be allowed to take time off without loss of pay to a maximum of three (3) days for the purpose of attending the funeral. Pay shall be eight (8) hours per day at the applicable rate.

This shall apply to any employee covered by this Agreement who is employed at the time of the employee's receipt of a call for jury duty.

ARTICLE XXIV: PIPELINE WORK

24.01 In the event that the collective agreement between the Pipeline Contractors' Association and the United Association is amended with respect to Articles 7.03, 9.07, 9.08 and Appendix "A", this Agreement shall be amended accordingly provided that the changed provisions shall not exceed the provisions of this Agreement for other kinds of work, and provided that changed provisions shall take effect only from the date of receipt by the NDT Management Association Secretary of the notice of change.

[For Central region See Appendix C]

ARTICLE XXV: ADMINISTRATION FUND

25.01 Each Employer shall contribute an amount equal to one percent (1%) of the gross employee earnings each month to the NDT Administration Fund. Contributions shall be remitted to the QCCC not later than the 20th of the following month and there shall be a ten

percent (10%) assessment as liquidated damages and not as a penalty for remissions made more than fifteen (15) days late.

25.02 The contributions so remitted shall be divided equally between the QCCC and the NDT Management Association to defray the costs of those organizations in negotiating and administering the Agreement and furthering the industry. The QCCC shall remit one half (1/2) of the contributions to the Treasurer of the NDT Management Association not later than the 15th day of the month following.

25.03 The Employer contributions together with assessments if any, may and shall be enforced by the way of grievance by the Council, the cost of which shall be borne equally by the parties. In the event of the Council's failure to enforce this obligation or failure to remit to the Association the obligations on the Council shall be enforceable by grievance by any signatory Employer in the right of the Association or by the Association in its own right in the same manner as if it were an Employer signatory to this Agreement. In the event of such a claim the grievor shall have the right to audit the accounts, receipts and remissions of the Council with respect to the Employer contributions.

ARTICLE XXVI: AUDIT

26.01 Where the Council has reasonable grounds to believe that proper payments have not been made under this Agreement, the Council shall have the right to inspect the Employer's records.

ARTICLE XXVII: ENFORCEMENT

7.04 When an employee works more than ten (10) hours and upon completion of each continuous four (4) hours' work thereafter a meal allowance of seventeen dollars and fifty cents (\$17.50) and a ten (10) minute coffee break shall be paid to him unless a meal (hot when possible) and a beverage has been provided.

It is agreed that Article 7.04 does not apply to pipeline work or to work where an employee has been told prior to his dispatch to a job that the hours of work will exceed ten (10) hours per day and the employee and

the Employer have agreed to an allowance in lieu of expense and meal allowance claims.

It is understood that when subsistence allowance is paid, it must include the cost of three (3) square meals each normal working day. Article IX - Expenses, Travel and Standby Time

9.01 When an employee is required to report for work in the Employer's shop he shall not receive any compensation for the time spent in travel to and from his residence.

In all such cases, the time spent in travelling shall be measured as follows:

(a) Where a fixed travel time allowance has been negotiated for the project between the owner or general contractor and the Boilermakers or the United Association, the greater of those shall be paid provided it is known before the NDT bids are submitted.

(b) In all other cases as follows:

to a construction project for the purposes of this clause the shop must have been established one (1) year before the job was contracted, or,

- (ii) from the municipal office in the municipality in which the employee is domiciled,

whichever is the lesser.

Where the Employer does not have a local shop the travel time shall be paid from the employee's home.

9.03 When an employee is required to report for work to a job away from the Employer's shop and the job is located in an area where the employee cannot reasonably commute daily to his normal place of residence, he shall be paid for the time spent in travelling as follows:

(a) **Move-in and Move-Out** — at the commencement and conclusion of his work on the project, for travelling time from the Employer's shop or agreed point of hire, as the case may be, to a maximum of eight (8) hours per day on a combination of air and taxi transportation.

(b) **Daily Travel** — he shall travel to and from the assigned living accommodation on the Employer's time.

When an employee is moving the employer's vehicle or is being paid mileage allowance to drive his own vehicle to and from a job site the time spent in travel shall be considered as time worked.

9.04 Notwithstanding the express provisions of

Article 9.02 and 9.03 travel time shall not be counted for the purpose of computing double time.

9.05 Notwithstanding the express provisions of Article 9.02 and 9.03 time spent in travel shall be paid as follows:

- (i) Monday - Friday inclusive — The maximum rate for time spent in travel shall be time and one-half ($1\frac{1}{2}$).

The employee shall be paid five (5) hours' pay at the applicable rate for a standby day where approved in writing by the customer; provided that where an employee is required to remain at the work site and that requirement is approved in writing by the customer, the day shall be a regular work day and not a standby day even though no work is performed. An employee shall not be entitled to payment under both Article 9.06 and Article XI. Article 9.06 applies only to pipeline work covered under the Collective Agreement between the Pipeline Contractors' Association and the United Association, provided that that Agreement provides five (5) hours' standby pay.

9.07 Employees will be reimbursed for travel expenses to and from the Employer's shop to the job site as directed on the following basis:

Public Transportation — at reasonable actual cost substantiated by receipt;
Employee's car — thirty-two cents (32¢) per kilometre.

No employee shall be discharged for refusing to drive his own vehicle for transportation from the Employer's shop to the job site.

9.08 Room, board and travel expenses for an employee who cannot reasonably return daily to his normal place of residence shall be paid as follows:

- (a) Camp accommodation, where provided except that the past practice in Ontario will be continued whereby employees may opt out of camp accommodation and receive the subsistence allowance instead.

Except as defined in the following, subsistence allowance shall be paid for waiting time, inclement weather or a Paid Holiday.

An employee shall forfeit subsistence allowance for absenteeism on any working days. When an employee is absent on the working day immediately preceding or fol-

lowing bad weather days or Paid Holidays, he shall forfeit subsistence allowance for such absenteeism and for the bad weather days or Paid Holidays. When Saturday is not a working day and an employee is absent on Friday when work is available, he shall forfeit subsistence allowance for Friday and for Saturday. When Sunday is not a working day and an employee is absent on Monday when work is available, he shall forfeit subsistence allowance for Sunday and Monday.

The above forfeiture of subsistence allowance shall be waived when the employee's absenteeism on any working day or on Friday and/or Monday, as outlined above, is due to a bona fide illness or absence is due to compassionate grounds satisfactory to the Employer and the Council.

Forfeiture of subsistence allowance may also be waived in other cases if the reason for absenteeism is acceptable to the Employer.

- (b) Where no camp accommodation is available, the Employer shall provide room and board as follows (including pipelines):
 - (i) in a customarily acceptable hotel or commercial lodging; or
 - (ii) a minimum subsistence allowance of:
 - \$53.00 per night spent in hotel plus

- \$37.00 per working day for meals.

The employee may elect (ii) instead of (i) provided he makes communication arrangements satisfactory to the Employer and provided that does not increase the Employer's travel time liability.

Both hotel and meal allowances shall apply under the circumstances of Article 9.08 to non-working weekend days and holidays when the employee is on a continuing job and cannot reasonably return to his normal place of residence for such days.

9.09 Notwithstanding the provisions of Articles 9.02 and 9.03(b) on pipeline projects the time of men shall start when the men leave the warehouse for the job site and shall end at quitting time on the job site; however the lunch period shall be excluded. Should the trip to the warehouse at the end of the shift exceed one-half ($\frac{1}{2}$) hour the Employer shall pay the equivalent of one-half (IX) hour at straight time rates for each thirty (30) minutes or portion thereof travelling in excess of thirty (30) minutes.

10.04 Supervisors

(a) On a project where an employee is assigned the responsibility for directing a

crew and keeping records for same, he shall be paid a premium of two dollars (\$2.00) per earned hour over his regular rate. This shall not be construed to mean a single Technician working with a Trainee(s).

The foregoing is subject to the following:

(i) Supervisors are to be appointed by management.

(ii) No minimum or maximum number of technicians are required on a job site to necessitate the appointment.

(iii) "Level II technicians" are responsible for technical performance on a project in the same manner as previously without being appointed as supervisors. The responsibility to interpret film for other technicians on a site does not necessarily mean that a supervisor's rate applies.

(b) **General Superintendent**

If a General Superintendent is appointed for an individual project, by management, to supervise other supervisors appointed as per Article 10.04(a), that individual will receive a premium of three dollars (\$3.00) per earned hour over his regular rate for the time spent on that project.

10.05 Isolation Pay

Hourly rates of wages for employees covered by this Agreement when employed north of 60

degrees latitude shall be One Dollar and Fifty Cents (\$1.50) per hour higher than those provided in Article X.

10.06 Trainee (AECB) Operator

Trainee (AECB) Operator: In no event shall a Trainee (AECB) Operator be permitted to perform radiography without supervision of either a Technician I or II at the work location.

Trainee (AECB) Operators shall be employed at a ratio of not more than one AECB Operator for each technician at each work site.

When an AECB Operator is operating the exposure device without the direct visual supervision of a qualified technician he shall receive the rate of pay of a Level I.

Re: Article XI - Reporting for Work

11.01 When an employee is sent to a job which is in an area where L.O.A. or living accommodations apply, and the project is not ready to proceed, he shall be paid his regular rate of wages for any time up to eight (8) hours in each twenty-four (24) hour period spent by him waiting to commence work. The Employer may send such employee back to the place from which he was sent. If the Employer returns the employee to the place from which he was sent, the Employer shall pay the employee's transportation costs and shall pay the employee at his regular rate of wages for the time spent in travelling, in accordance with this Agreement. When work commences, Articles 11.02 and 11.03 will apply.

11.02 (a) When an employee reports for work

If the employee is sent home after the first meal period said employee shall be paid the full shift as scheduled. If the employee is to be available for work for any period beyond the scheduled shift, this time will be paid as if the employee was working. Should the employee leave the place of work on his own accord the employee shall be paid for the actual time worked.

(b) Standby/Waiting Time

When an employee reports to work and is unable to commence work, the employee, when requested to stand-by either at the work place or other area designated by the Employer, shall be paid as in (a) above, providing however, that the employee is available and capable of returning to work upon notification.

- (c)** When an employee commences work and is requested by the Employer to stop work and report back at a later time, the employee shall be paid, as if there had been no interruption in the shift at the applicable rate up to a maximum of twelve (12) hours, providing however, that the employee is available and capable of returning to

work upon notification.

- 11.03 (a) **Show-Up Time**
When an employee shows up for work and the shift is cancelled and the employee is sent home by the Employer, the employee shall be paid two (2) hours show-up time.
- (b) When an employee is notified eight (8) hours prior to the commencement of a scheduled shift not to report for work, then he will not be eligible for two (2) hours reporting time. If this should occur on any two consecutive days, then the employee will, at his option, be entitled to a layoff.
