27.06 The following constitutes the Holiday Selection Chart System (hereinafter the "System"):

- a. Prime Time will be defined as June 15th to September 15th inclusive.
 - b. Week or Block will be defined in accordance with the Member's eight, ten or twelve hour shift schedule.
 - c. Vacation Leave will be defined as annual leave, statutory leave and bank time so long as it is declared and approved before December 31st of the selecting year.
- (1) The Board will issue to each unit a Holiday Selection Chart (the "Chart") by November 1st, of each year. The Chart will list the Members of the Unit in vacation selection order as determined by the seniority provisions of this collective agreement. If Members share a sworn date, an annual draw, conducted by the Unit Leader, will determine seniority order. The Member's annual leave, statutory holiday and banked time entitlements will be stipulated on the Chart. The Chart will also indicate the number of Members eligible to book credits simultaneously. Once this stipulated number is reached, no other Members may select the same block. Once the Chart is posted as per this article, the number of Members allowed to book credits off will be fixed for that year.
 - (2) Members who have bank time and/or may receive pay in lieu of statutory time off, will be required to book 100% of their annual leave entitlement. Members having only annual leave will book 75% of their entitlement on the Chart. The balance of such time will be exhausted in the calendar year to which the Chart applies.
 - (3) Each Member will declare on the Chart the number of statutory hours the Member wishes to bank for time off and the number of statutory hours the Member wishes to receive in payment. Following this initial declaration the Member may make one secondary declaration moving all or any part of the time to be paid out to the Member's statutory time off bank. This secondary declaration may be made at any time prior to September 15th in the calendar year to which the Chart applies.
 - (4) Each Member working a 12 hour shift schedule will indicate on the chart the number of banked hours the Member wishes to book as vacation leave. The remaining banked hours will be exhausted in the calendar year to which the Chart applies.
 - (5) Commencing on December 1st of each year, Members will indicate on the Chart those blocks they wish for his or her hours to be booked in order of seniority. A Member may indicate their full selection in the first round, or any round thereafter. Seniority will be determined in accordance with the Member's sworn date with the Service, and applied within the Division, Branch, Platoon or Unit.
 - (6) Members on a 12 hour shift schedule will be entitled to select two blocks, or parts thereof, in prime time. Members working the normal weekly period of duty, as defined in Article 18, will be entitled to two (2) weeks or parts thereof in prime time. If

1/4/2008,

additional time remains in prime time after the initial selection round, the Members, by way of a second draw on seniority basis, may make additional selections in prime time.

- (7) Once the Member selects all of their time, the next senior Member will commence the process. Members will be prepared to make their selections and upon being notified that it is their turn, Members will make their selections forthwith. Members not making their selections forthwith will forfeit their selection opportunity and the unit leader will proceed down the list. Once the skipped Member is ready to select he or she will be allowed to pick next.
- (8) Requests for annual leave, statutory leave and bank time that are not required to be submitted and confirmed by December 31st of the selecting year, must be scheduled by the Member no later than October 15th of the following year. Seniority will not apply to such requests submitted after December 31st of the selecting year, unless specified otherwise herein.
- (9) Unit leaders will monitor and approve selections on an ongoing basis and will complete the confirmation process by December 31st of the selecting year. The Chart selections are final once confirmed by the Unit Leader. Upon approval and confirmation of their selections, Members are entitled to the vacation leave as selected, even upon transfer to another unit. Members may request changes to their selections upon transfer to another unit where the alternative selection accords with the shift schedule of that unit. Members who transfer from a unit where they are entitled to the 104 hours banked time to a unit where they are not so entitled, or vice versa, will have their entitlements adjusted accordingly. Should a Member have used all of their credits, any negative balance will be carried forward to the following year and reduced by their entitlements in that year, as declared in writing by the Member.
- (10) Each Member will complete all special request forms inclusive of Statutory Holiday declaration, Annual Leave and Bank Time, which will be submitted to the Unit Leader at the time of selection. After confirmation of selections, the Unit Leader will submit all such request forms to the Service by December 31st of the selecting year.
- (11) Where there is one supervisor in a unit the Board will determine whether or not the supervisor will select with the other Members of the unit or not, no later than November 1st of the selecting year. Where the Board determines that the supervisor will select with the Members, all of the Members will select in order of seniority. Otherwise the supervisor will be placed by the Board on a separate System Chart with other supervisors and select according to System rules.
- (12) Where there are two or more supervisors in a unit, they will be placed on a separate Chart, by the Board and the System rules will apply.
- (13) Where a Member wishes to select a week/block that is not available, and they therefore take a different selection, they may indicate on the request form their request for consideration should the week/block in question become available.

1/4/2008

Where a previously selected week/block is vacated, the Unit Leader will review the request forms and make every reasonable effort to offer the vacated week/block to the Member having so requested consideration in order of seniority. Where there are no such requests on file, the Unit Leader will provide eight (8) days' notice to all Members of the unit and the Member with the highest seniority requesting such time will be granted the vacated week/block.

- (14) A Members who is absent and do not participate in the selection process while on maternity leave, sick leave, WSIB or other leaves of absences, will have his or her vacation leave selected by the Unit Leader in accordance with this Article and based on the Member's selection in the preceding year where possible.
- (15) Vacation leave blocks selected by a Member who is later absent in the selected year on maternity leave, sick leave, WSIB or other leaves of absence, will not be considered "vacated" for the purposes of this article, unless, in the discretion of the Unit Leader, the resources of the Service allows otherwise.

27.07 After the selections are confirmed, special requests may be submitted in writing by the Member to the Unit Leader for the following purposes:

- (1) immediately rescheduling confirmed vacation leave within available time in the year; or
- (2) cancelling and banking confirmed vacation leave for future use as bank time or statutory leave where there are reasonable prospects that the Member would be able to observe the time off in the year.

27.08 (a) Members who select vacation leave for which they have one or more court call sheets are not entitled to the provisions of 27.09.

- (b) Members who have confirmed vacation leave or have rescheduled such leave in accordance with Article 27.07(1), or while on annual leave, and who subsequently receive one or more court call sheets will notify their Unit Leader and submit a request for adjournment. If the request for adjournment is not granted, the Member will attend court and will submit their claim under 27.09 accompanied by the request for adjournment and the court call sheet.

27.09 (1) If a Member is recalled from their confirmed vacation leave under this article, for any reason, the Member's overtime bank will be credited with ~~two~~ (2) days at straight time, calculated in accordance with their regularly scheduled shift, for each day or part day thereof for which the Member is recalled.

- (2) In such circumstances, and provided the recall has been approved in advance by the Chief, Members will also be reimbursed for travelling expenses and any related costs upon presentation of receipts to the Chief.

- (3) A Member's regular day off when taken in conjunction with vacation days, will for the

1/4/2008

purpose of this Article be classified as confirmed vacation leave, provided the Member specifies days off when choosing vacation time in accordance with this System.

- 27.10 Any Member who is scheduled to **start** confirmed vacation leave, special request time off or time off carried over from the previous year, and is ill, may elect not to commence such leave until his or her period of illness has passed and the Member may re-schedule their such leave upon request to the Chief. The Member may be required to furnish proof of illness to the Chief.
- 27.11 A maximum of six **(6)** Members per year may request that their annual leave be deferred to the following year. Requests must be made by June 30th of the prior year. The Chief may also authorize the carryover of confirmed vacation leave cancelled for operational reasons. In both cases the deferred credits will be added to that Member's vacation leave for selection in the following year. These credits will not be eligible for additional deferral.

If the Member dies, such accumulated sick leave credits will be payable to the estate of the deceased Member to the amount provided above.

A Member exercising this right is required to provide the name, address and telephone number of his or her physician to the Medical Officer of the Service, who will continue to retain sole jurisdiction of the case while a Member remains absent due to sickness or injury.

Unscheduled overtime will be offered to currently on duty full-time qualified members *first* and then to on duty qualified part-time members.

39.05 A part-time Member will accumulate seniority from the date of hiring based on hours worked. Seniority will have effect wherever seniority has application in this article, but it will not apply when in conflict with the seniority rights of a full-time Member. Seniority for part-time Members will be counted as total hours of continuous employment with the Service and will only revert to date of hire where two or more such part-time Members have identical seniority whereupon the original date of hire will be used.

39.06 Part-time Members will have an opportunity to apply for vacant and newly created positions as full-time Members. This opportunity will arise after the position(s) has been posted as required by this Collective Agreement and prior to the position being made available for application to non-Members. Where one or more part-time Members are equal in skill, ability and qualifications, the position will be offered in order of seniority. Upon becoming full-time Members, seniority gained as a result of employment as a part-time Member hereunder will be used to calculate vacation entitlement only and not for any other purpose under this Collective Agreement.

- 40.03 Applicants must be of the same rank and employed in the same position, having at least three (3) years' seniority with the Service. Job share partners must share the regular hours associated with the position being shared, and must work a minimum of forty (40) hours bi-weekly. Regular hours of work per week will be construed to mean one half of the normal scheduled hours of the shared position.
- 40.04 Job sharing allows for two (2) qualified full time Members to share one full-time job for which they are each qualified to perform so that the pay, benefits and hours of work for a job are shared approximately equally by the two (2) Members, without reducing the efficiency or productivity of the position.
- 40.05 Requests to job share will be made on the prescribed form, submitted to the Members' Divisional Commander and, if approved, forwarded to the Staff Deployment Committee for consideration. Requests to job share must be made jointly by Members and may be made at any time and will be considered on an individual basis by the Staff Deployment Committee. Any job share arrangements approved by the Staff Deployment Committee, together with the required joint and individual agreements signed by the participants, will be subject to and governed by the terms of this Article.
- 40.06 Full-time positions that become vacant due to an approved **job** sharing arrangement will be filled, on a full-time basis, through the normal posting and recruitment process.
- 40.07 (a) Job share arrangements will not expire prior to the end of the one year term and will only be terminated in accordance with this article, unless the Chief exercises his/her discretion to grant early termination in exigent circumstances. In the event of early termination, the job share partners will be dealt with in accordance with (b) and (c) below.
- (b) In the event one job share partner wishes not to renew the job share arrangement, such partner will provide no less than ninety (90) days' written notice prior to the end of the one (1) year term to the job share partner, the Service, the Staff Deployment Committee and the Association. Subject to (c) below, the shared position will revert to full-time status, to be retained by the most senior job share partner. The more junior partner will be returned to the position occupied by the Member prior to the commencement of the job share, provided such position remains vacant. In the event such position is no longer vacant, the Member will be considered for any vacancies for which they are qualified. In the

1/4/2008

case of civilian Members, there is no guarantee that the junior Member will be returned to their pre-job share salary level, position, shift and/or location. In the case of uniform Members, there is no guarantee that the junior Member will be returned to their pre-job share platoon, division, shift and/or assignment.

- (c) If the job share arrangement terminates as a result of the transfer, promotion, retirement or termination of one partner, but the Service, Staff Deployment Committee and the remaining job share partner agree to continue the arrangement, the available half of the position will be posted. If a new qualified candidate is chosen, the arrangement will continue. If a qualified candidate is not found, the remaining job share partner will be given ninety (90) days' notice that the position is reverting to a full-time position to be retained by the remaining job share partner or, if necessary, filled in accordance with the collective agreement.

- 40.08** During extended periods of absence (maternity, illness etc.) the job share partner will work full time to cover the extended absence unless a replacement is obtained by the remaining job share partner.

APPENDIX "B" – CIVILIAN JOINT JOB EVALUATION

The internal evaluation system completed by the Civilian Evaluation Committee satisfies the pay equity requirements, subject to a final reply of The Pay Equity Commission in relation to Police Officers.

It is agreed by the parties that job descriptions that have been prepared by the Evaluation Committee are accepted as the job descriptions of the various civilian positions of the Service. Any changes in job descriptions will be reviewed by the parties and agreed upon prior to acceptance.

Article 1 – Definitions

1.01 The following definitions are applicable to the joint job evaluation process established herein:

"Salary Grade Level" means the pay range for groups of jobs

"Maximum Rate" means the highest rate of compensation for a Salary Grade Level.

Article 2 – Salary Grade Levels

2.01 The compensation plan / salary schedules will be in accordance with the following:

- (i) The job classification system in the Civilian Collective Agreement will be arranged in a job worth hierarchy and subdivided into **fourteen (14)** different jobs and be assigned the corresponding range of job evaluation points for each Salary Grade Level.
- (ii) The salary tables assigned to each of the Salary Grade Levels will be effective **January 1, 2004**.
- (iii) **Incumbents whose current salary exceeds the applicable Salary Level as determined by the Joint Job Evaluation system, will be "red circled" or cease to receive salary increases until such time as the Maximum Rate for that Salary Grade Level exceeds the rate currently paid to the incumbent(s).**

Article 3 – Joint Job Evaluation Committee

- 3.01 (1) The Joint Job Evaluation Committee ("JJEC") will be comprised of:
- (a) Two (2) representatives, plus an alternate, appointed by the Board; and
 - (b) Two (2) representatives, plus an alternate, appointed by the Association.
- (2) The JJEC will be restricted to four (4) Members at any sitting with equal representation from the Board and the Association. The third Member (alternate)

will only be used in the event a Member of the committee is unavailable and there will be equal representation on the committee.

(3) All Members of the JJEC will receive proper training where necessary.

3.02 (1) The JJEC will evaluate civilian jobs using the point factor comparison method and establish ratings pursuant to the method established under the January 1, 1998 implementation process.

(2) The JJEC will meet on a quarterly basis, from the commencement of the calendar year, to evaluate submissions respecting positions experiencing significant changes in job duties and responsibilities. JJEC will also review all Civilian Job Descriptions on a biannual basis.

Article 4 - Changes in Job Duties § § i

4.01 (1) Significant changes to an incumbent's job description will be recorded on a job questionnaire, signed off by the incumbent, the immediate Supervisor and the Divisional Commander. The job questionnaire will be forwarded to Human Resources for review and submitted to the JJEC for re-evaluation at the next scheduled quarterly meeting.

(2) The incumbent and immediate supervisor may attend the JJEC meeting to make representations to the committee in evaluating the significance of any changes. Neither the incumbent nor the immediate supervisor will be present during the committee's evaluation exercise, which will be completed within sixty (60) calendar days of hearing the parties' representations.

(3) Where the re-evaluation of the job warrants a change in Salary Grade Level and results in a salary increase for the incumbent(s), the effective date for the resulting salary increase will be the date that Human Resources received the duly completed job questionnaire.

(4) Where the re-evaluation of the job results in a lower Salary Grade Level and the incumbent(s)' current rate of pay exceeds the Maximum Rate in the new Salary Grade Level, the incumbent(s) will be "red circled" and cease to receive salary increases until such time as the Maximum Rate in the new Salary Grade Level applicable to the job exceeds the rate currently paid to the incumbent(s).

1/4/2008

Article 5 – Appeal Process

- 5.01 (1) Incumbents and/or management will have thirty (30) days from the date the results of the re-evaluation are communicated to both parties, to raise an appeal with respect to the new Salary Grade Level for the incumbent(s)' position.
- (2) Before an appeal can be launched, there must be agreement to submit an appeal request by at least fifty-one per cent (51%) of incumbents in such job. A copy of the vote signed by those in favour will accompany the request in writing and be submitted to the Human Resources Manager and the Association. A tie vote will be considered as a rejection of the appeal.
- (3) The incumbent and immediate supervisor may again attend at the JJEC meeting to make representations to the committee. Neither the incumbent nor the immediate supervisor will be present during the committee's re-evaluation exercise, which will be completed within sixty (60) calendar days of having received the request under 5.01(2). Unless a further appeal is taken, the provisions of Article 4.01(3) or (4), as the case may be, will apply.
- (4) If management or the incumbent(s) still do not agree with the results of a second JJEC re-evaluation, either the incumbent(s) or management may request the position be evaluated by an independent adjudicator mutually agreed upon by both parties. Written notice of the party's intention to refer the dispute to an adjudicator must be given to the other party within thirty (30) days after the receipt of JJEC's decision under this Article.
- (5) The adjudicators listed below have been mutually agreed upon, two (2) chosen by Management and two (2) by the Association. These adjudicators will be used alternating from the Association's choice to Management's choice. If one person is not available, the next adjudicator on the list will be chosen. Subsequent appeals will be done by the next adjudicator in line on the list.
1. Helen Finder of Finder-Guttman Associates
 2. Pallet Valo. Yudkovich.
 3. Susan Manscoll of KPMG
 4. To be determined.

The adjudicator will hold an oral hearing for both parties to present their positions. Written presentations by both parties will be provided to the adjudicator at least thirty (30) days prior to the oral hearing. The adjudicator will not make any decision inconsistent with the provisions of the Civilian Collective Agreement. A conclusive decision from the adjudicator will be expected within sixty (60) days of the oral hearing. The decision of the adjudicator will be final and binding. The cost of the adjudicator will be shared equally between the Board and the Association.

1/4/2008

- (6) On appeal or adjudication the findings may result in a Salary Grade Level for the position being re-evaluated upward, downward or no change. In the event the adjudicator concludes a change is necessary, the provisions of Article 4.01(3) or (4), as the case may be, will apply.

Article 6 – Establishing New Positions

- 6.01 (1) The Divisional Commander will prepare and forward a job description and job questionnaire in respect of newly created positions to Human Resources. Within thirty (30) days of receiving such documents, Human Resources will forward same to JJEC for evaluation. Such evaluation will be completed within sixty (60) calendar days of having received the material from Human Resources.
- (2) Newly created positions may be submitted to JJEC, in accordance with Article 4, for re-evaluation after an incumbent has occupied the position for at least six (6) months.

Article 7 – Job Descriptions

- 7.01 Job questionnaires submitted as part of the job evaluation process will be reformatted into job descriptions by Human Resources. A copy of the job description will be given to the incumbent(s), immediate supervisor and Divisional Commander who will sign and date the job description to indicate concurrence.
- 7.02 Where there is disagreement in the content of the job description, the incumbent(s), immediate supervisor or Divisional Commander may appeal to the JJEC for review and final determination of correctness.

Article 8 – Market Value

- 8.01 Where the Service is experiencing difficulty attracting qualified Members for a particular position at the rate established under the Joint Job Evaluation Process, the Human Resources Manager may assess the current market value rate applicable to the position. Should the review determine that the position is being remunerated at below market value, the Human Resources Manager will forward a recommendation as to the appropriate rate for consideration by the Chief.
- 8.02 Notwithstanding the Salary Grade Levels established herein, the Service may elect to pay a higher rate as is necessary to attract qualified Members to such positions.
- 8.03 The Association will be notified in advance of any market value adjustments or newly established levels.
