Effective: July 1, 1986

POLICY

Upon the birth or legal adoption of a child, employees will be granted leave of absence in accordance with the provisions of this policy and related articles in collective agreements.

DEFINITIONS

Maternity Leave

Maternity Leave is an entitlement to a leave of absence of up to seventeen (17) weeks by a female employee for the purpose of giving birth and providing care for a child.

Adoption Leave

Adoption Leave is an entitlement to a leave of absence of up to seventeen (17) weeks by an employee to provide care for an adopted child. To be eligible for Adoption Leave the employee must also be entitled to U.I.C. benefits.

Child Care Leave

Child Care Leave is an entitlement to a leave of absence without pay of up to twenty-four (24) weeks for child care purposes. This leave of absence may be taken by either parent or may be divided between them. This is additional to Maternity or Adoption Leave.

Paternity Leave

Male employees with one (1) or more years of service may be granted three (3) days of paternity leave with pay at the time of birth or adoption of a child. Employees who are eligible for SUB Plan benefits are not eligible for paternity leave.

Salary

Salary is the employee's basic salary without any additional remuneration. However, for contract or temporary employees who receive a supplement in lieu of benefits the contract amount will be added for this purpose.

APPLICATION

A Maternity Leave

To be eligible for maternity leave, a female employee must have completed six (6) months of continuous service. Maternity Leave may be commenced no earlier than eleven (11) weeks prior to the estimated date of confinement and must end not later than seventeen (17) weeks following the actual day of her confinement.

1. A female employee with twelve (12) months of continuous service who qualifies for Unemployment Insurance benefits will receive:
 - a) two (2) weeks of payments from the Supplemental Unemployment Benefits plan equivalent to ninety-three percent (93%) of salary, plus
 - b) up to fifteen (15) weeks of payments from the Supplemental Unemployment Benefits plan of an amount which reflects the difference between normal U.I. benefits and seventy-five percent (75%) of the employee's weekly salary.
2. A female employee with twelve (12) months of continuous service who does not qualify for Unemployment Insurance benefits, will receive:
 - i) two (2) weeks at full pay, plus
 - ii) up to fifteen (15) weeks without pay.
3. A female employee with more than six (6) but less than twelve (12) months of continuous service will receive up to seventeen (17) weeks without pay.

B. Adoption Leave

To be eligible for adoption leave, an employee must have completed six (6) months of continuous service and be eligible for U.I. benefits.

1. An employee with twelve (12) months of continuous service as of the date the employee commences leave will receive:
 - a) two (2) weeks of payments from the Supplemental Unemployment Benefits plan equivalent to ninety-three percent (93%) of salary, plus
 - b) up to fifteen (15) weeks of payments from the S.U.B. Plan of an amount which reflects the difference between normal U.I. benefits and seventy-five percent (75%) of the employee's weekly salary.
2. An employee with more than six (6) but less than twelve (12) consecutive months of service as of the date the employee commences leave will receive up to seventeen (17) weeks without pay.

C. Child Care Leave

Where an employee has or will have the actual care and custody of a new-born child, that employee is entitled to and shall be granted a leave of absence from employment of up to twenty-four (24) weeks commencing, as the employee elects,

- a) in the case of a female employee,
 - (i) on the expiration of any leave of absence from employment taken by her under section **A. Maternity Leave, or B. Adoption Leave,**
 - (ii) on the day the child is born, or
 - (ii) on the day the child comes into her actual care and custody, and
- b) in the case of a male employee,
 - (i) on the expiration of any leave of absence from employment taken in respect of the child by a female employee under section **A. Maternity Leave, or B. Adoption Leave,**

- (ii) on the expiration of any leave of absence from employment taken in respect of the child by a female employee (of another employer) who is entitled to such leave on account of her pregnancy or adoption under the laws of a province.
- (iii) on the day the child is born, or
- (iv) on the day the child comes into his actual care and custody. ,

D. Absence Without Pay

Employees are entitled to a maximum of fifty-two (52) weeks of absence from work under this policy. The total of seventeen (17) weeks of Maternity or Adoption Leave plus up to twenty-four (24) weeks of Child Care Leave plus a further period of absence without pay must not exceed an aggregate of fifty-two (52) weeks.

E. Benefits

Employees proceeding on leave under this policy must choose which of the following benefits he/she wishes to maintain throughout the entire period of absence.

1. Supplemental Unemployment Benefits Plan (SUB Plan)

Since the Corporation's Supplemental Unemployment Benefits plan is dependent on the employee's receiving U.I. benefits, the fifteen (15) weeks of SUB payments cannot start until U.I. benefits start. The two (2) weeks of SUB payments at ninety-three percent (93%) will be paid for the two (2) weeks immediately preceding these fifteen (15) weeks.

If the employee receives earnings from other sources which reduce U.I. benefits below the normal weekly level, the CBC will not increase its SUB plan payment to cover the decreased amount of U.I. benefits. If the employee received earnings from other sources which, when added to U.I. benefits and SUB plan payments, would exceed ninety-five percent (95%) of salary, the SUB plan payments will be reduced accordingly.

Note: Unemployment Insurance maternity benefits cannot be applied for until ten (10) weeks before the expected birth week and there is a 2-week waiting period.

2. Sick Leave or Short Term Disability

When an employee is absent prior to the commencement of maternity leave, due to a medical condition related to pregnancy, she may apply for Sick Leave or Short Term Disability in the normal manner. However, pregnancy per se does not qualify for Sick Leave or STD.

3. Pension Plan

For those with one (1) year of service who qualify for U.I. benefits, the first four (4) months of maternity leave or adoption leave will count as pensionable service under provisions of the Corporation's Pension Plan, but no contributions to the Plan will be required.

For those taking maternity leave with one (1) year of service who do not qualify for U.I. benefits, normal pension contributions from the employee will be required for the first two (2) weeks with pay but will not be required for the following fifteen (15) weeks.

The first four-month period counts as pensionable service only if the employee returns to work immediately following Maternity or Adoption Leave and other absences permitted under this policy, and resumes pensionable service (i.e. receives salary for fifteen (15) calendar days in a calendar month and therefore resumes contributing under the pension plan).

Regular employees with more than six (6) but less than twelve (12) months of service may choose to continue pensionable service if they maintain their share of contributions during Maternity or Adoption and Child Care Leave.

Employees proceeding on Child Care Leave may choose to continue pensionable service if they maintain their share of contributions during this period.

Employees who continue on Absence Without Pay beyond Maternity or Adoption and Child Care Leave will be eligible for pensionable service for this extended period up to the maximum aggregate period of fifty-two (52) weeks provided the employee pays both employer and employee shares.

4. Basic Group Life Insurance

The Corporation will maintain the basic group life insurance coverage for all periods of Maternity, Adoption and Child Care Leave. During the period of Absence Without Pay, the employee may elect to maintain coverage by paying the required premium.

5. Optional Group Life Insurance

The employee may arrange to pay the costs of coverage for up to twelve (12) months while on absences which are covered by this policy. Should contributions not be made, this benefit may lapse.

6. Voluntary Accident Plan

The employee may pay premiums to maintain coverage during absences which are covered by this policy. Should contributions not be made, this benefit may lapse.

7. Basic Provincial **Hospital/Medical** Coverage

The Corporation will continue to maintain coverage during periods of Maternity, Adoption Leave and Child Care Leave. In those provinces where premiums are paid, the employee may arrange to pay the rates applicable to maintain coverage during the period of Absence Without Pay.

8. Supplementary **Health** Care

Coverage will be maintained by the Corporation during Maternity, Adoption and Child Care Leave. During the period of Absence Without Pay, the employee may elect to maintain coverage by paying the required premium.

9. Long Term Disability

The employee may pay premiums to maintain coverage during all periods of absence covered by this policy. Should contributions not be made, this benefit may lapse.

10. Dental Plan

Corporation paid dental plans will be maintained during periods of Maternity, Paternity and Child Care Leave. Where an employee paid plan is in effect the employee **may** arrange to pay the rates applicable to maintain coverage.

F. Applying for leave under **this** policy

Notifications of intention to take leave are to be submitted in writing a minimum of four (4) weeks prior to the starting date. This notification **must** also indicate the length of leave intended to be taken. Furthermore, any changes in length of leave also require four (4) weeks written notice.

When applying for Child Care Leave, the employee is required to indicate in writing the amount of Child Care Leave (if any) to be taken by the employee's spouse. The total must not exceed twenty-four (24) weeks.

G. Return to work

Within the fifty-two (52) week period, employees may return to work as soon as they are able provided they are capable of performing their regular jobs. The Corporation requires a minimum of two (2) weeks' notice of return to work. When the date of the employee's return to work coincides with a holiday, the employee will be paid for the holiday.

When returning to duty at the conclusion of leave of absence, the employee will be reinstated in his or her former position or, if that is not possible, to a comparable position with the same wages and benefits and in the same location.

H. Separation when not returning to work

If the employee without reasonable excuse fails to return at the conclusion of the period for which leave of absence was applied for and granted, and no extension of the leave of absence is authorized, she or he shall be separated from staff on the last day of authorized absence.

I. Implications of leave under this policy

The following conditions are applicable:

1. Seniority

Continuity of service for the purposes of seniority shall be considered unbroken upon return to work following leave authorized under this policy.

2. Annual Leave

Annual leave credits will accumulate for the first four (4) months of Maternity Leave, or Adoption Leave provided that, at the end of the authorized leave of absence, the employee returns to active work for ten (10) working days within a calendar month. Annual leave credits may not be used for this ten (10) day qualifying period.

3. Severance Pay

The first four (4) months of Maternity or Adoption Leave will count as service for severance pay purposes provided they count as pensionable service (see para E.3 above).

J. Temporary Employees

Temporary employees with full time continuous service shall be entitled to leave in accordance with this policy. Granting of leave under this policy shall not have the effect of extending the temporary employment beyond its scheduled termination date. It should be noted that many of the benefits outlined in E. may not apply to temporary employees.

K. Contract Employees

Contract employees with full time continuous service shall be entitled to Leave in accordance with this policy. Granting of leave shall have the effect of suspending the contract for the duration of the absence. Upon return to work the contract would still be in force, so as to continue for a total duration of worked time as provided for in the contract. It should be noted that many of the benefits outlined in E. may not apply to contract employees.

TRAVEL - CANADA

POLICY

Employees who are authorized to travel on Corporation business will be provided with transportation and accommodation plus allowances to cover cost of meals and other expenses incurred.

DEFINITIONS

TRAVEL shall mean any authorized trip extending beyond the local area where the employee is based.

LOCAL/METROPOLITAN AREA shall normally include the metropolitan area, city or municipal limits, the municipal areas and adjacent places such as airports, sports arenas, etc. The limits for each local area shall be as recommended by the head of the area concerned and approved by the appropriate vice-president and shall be published in the area concerned.

APPLICATION

1. Authorization for Travel and Travel Allowances

The employee, to obtain authorization for travel in Canada, must prepare and sign Request for Advance, CBC 466, Part 1, and submit it to his/her immediate supervisor.

The immediate supervisor shall review the request, confirm the necessity of the trip, and have the appropriate authorizing officer approve the advance.

The authorization to approve travel advances and claims must be in accordance with the "Delegation of Signing Authority" system outlined in the Functional Corporate Policies manual.

Certain officers may, by specific delegation, be authorized to approve their own advances. Any such request for travel advance will not be honoured if the individual has any travel claims outstanding for more than 30 days from the conclusion of any previous trip.

2. Transportation and Accommodation

Employees are to travel by common carrier where possible, provided that the mode of transportation chosen is most advantageous to the conduct of Corporation business. Travel is to be by the shortest direct route, and advantage should be taken of return ticket rates and special fares. Additional expenses incurred for personal reasons such as personal stopovers will not be allowed.

Whenever possible employees are entitled to single room accommodation. When available at the location concerned, a single room with shower and/or bath facilities will be provided.

a) Air Travel

Employees travelling by air will be provided with transportation at the economy rate. First class accommodation will be provided only where economy class is not available at a time suitable for purpose of the assignment.

Any employee using first class air travel must provide an acceptable written explanation to the authorizing officer when submitting his/her travel claim.

b) Travel by Train

Transportation may be arranged as follows:

- (i) To provide actual expenses for "all-inclusive" plans (transportation, sleeping accommodation, and meals). The Corporation will pay the full price of the plan, and the employee may claim actual expenditures relating to portage and gratuities; or
- (ii) Where "all-inclusive" plans are not available, the Corporation will provide first class fare, club car, roomette or bedroom, with per diem ~~applying~~ for duration of the trip. Where first class is not available, coach class will be provided. For one day trips where no sleeping accommodation is required, actual expenses will be allowed.

c) Travel by Bus

The Corporation will provide standard fare for transportation, with per diem allowance applying for the duration of the trip. For one day trips actual expenses will be allowed.

d) Travel by Boat

The Corporation will provide transportation, sleeping accommodation and meals where these are included in the fare, and the employee may claim other actual expenditures for portage and gratuities. If the fare includes transportation only, then the regular per diem allowance will apply for the duration of the trip. For one day trips actual expenses will be allowed.

e) Use of Private Automobile

Where it is to the Corporation's advantage, public transportation facilities shall be used. However, an employee may elect, with the prior approval of his/her supervisor, to use a private automobile on Corporation business under conditions outlined below:

An employee shall not use a private automobile for Corporation business unless he/she first provides satisfactory proof that the automobile is properly insured for public liability and property damage. In authorizing the use of a private automobile the Corporation is assuming no liability to indemnify the user for any personal loss or injury which might be sustained as a result of such use and it remains the sole responsibility of the employee to provide adequate protection against risk of personal liability and property damage.

f) Use of Rented Vehicles

The use of rented vehicles may be authorized where, in the opinion of the authorizing officer, this method of travel is economical and practical and in the best interest of the Corporation. Compact sized cars or, if necessary, medium sized cars shall be used. Full sized cars shall only be rented when the number of passengers to be carried or the bulk or weight of goods to be transported warrants the use of a larger vehicle. An explanation of why vehicle rental is necessary is to be provided on the travel claim.

NOTE:

Rented vehicles are insured by their owners for public liability, property damage, and collision damage. The Corporation is self-insuring for the deductible portion, and therefore additional payment is not normally to be made to a car rental company to cover the deductible amount of collision insurance. Claims for this deductible coverage will not be authorized, except for such insurance covering trips outside Canada or to isolated locations in the Northern Service.

3. Travel Arrangements

Whenever feasible, the Travel Section will arrange for transportation and accommodation, including purchasing tickets, and making reservations from a list of CBC-approved hotels. In circumstances where an employee makes his/her own arrangements, the claim for hotel expenses will be limited to rates charged at the location, when booked by the Travel Section, and the expense claim must be authorized by the department head prior to reimbursement.

NOTE :

Special rates at many hotels do not apply when credit cards are used. Additional hotel costs incurred due to use of a credit card will not be accepted.

All exceptions must be explained in writing and be authorized by the department head.

4. Travel Credit Cards

Travel credit cards may be issued to certain employees who may be required by the nature of their job to travel on very short notice. Issuance of all travel credit cards must be authorized by the appropriate vice-president or delegate.

5. Travel Advances

Advances and reservations will be issued by the Travel Section upon receipt of an authorized CBC 466, Part 1.

Advances required away from home base may be obtained, provided that the reasons are clearly stated on CBC 466, Part 1, when requesting the additional advance and that proper authorization is obtained at the location at which the employee is visiting.

6. Cancellations

The employee shall be responsible for the cancellation of reservations, including hotel, club car, or sleeper accommodation, in sufficient time to enable the Corporation to arrange a refund-credit. The employee shall be accountable for charges incurred by failure to cancel reservations. All advances must be refunded and tickets returned to the travel section immediately upon cancellation of a trip.

7. Security of Cash

Employees are held responsible for all monies advanced to them by the Corporation and in their own interest should take precautions for safekeeping.

8. Allowances

Claims for travel expenses will be allowed for the following items, subject to the limitations contained in other sections of this policy.

a) Per diem

To meet the cost of meals, laundry, valet services, gratuities and personal expenses, the per diem allowance set out in Appendix A shall apply for all employees except for:

- (i) One day trips where no overnight accommodation is required, employees may claim meal rates as outlined in Appendix A. These meal rates include the cost of the meal gratuity. Claims above these amounts may be allowed if substantiated by receipts and explained in writing on the travel claim.
- (ii) All-inclusive arrangements when accommodation and meals are provided at no cost to the employee. During the period covered by such arrangements, a per diem will apply that is the amount allowed for incidentals in the regular per diem set out in Appendix A.
- (iii) Employees travelling to or between far Northern locations (i.e. locations at or above the 55th parallel but including Goose Bay) may claim either
 - the regular per diem plus an additional \$3.00 or
 - actual expenses, supported by original receipts.

b) Transportation

- (i) Cost of transportation to destination and return as supported by ticket stubs where provided.
- (ii) Cost of taxis (with explanation), airport bus or airport limousine service between residence or hotel, and station or airport, at point of departure, destination and return.

NOTE: The airport bus is to be used whenever economically possible. When taxis or limousines are used rather than the airport bus or other normal airport ground transportation, an explanation is required. Allowance for taxi directly to station of airport is not to exceed the combined cost of taxi to pick-up point, and airport limousine or bus service. This may be exceeded where local conditions warrant exception.

An original receipt is required for each taxi fare in excess of \$10.00 or an explanation why no receipt is available. Subject to local practices, receipts for lesser amounts may be required at some locations.

When a taxi is shared with other CSC employees and the entire cost is paid by one person, that person may be required to provide the names of the other employees.

Where an employee elects to use his/her own automobile between residence and station or airport, he/she may claim mileage/kilometre allowance as set out in Appendix A and parking, the amount allowed not to exceed the combined cost of taxi and limousine service.

- (iii) Cost of bus and/or subway fares.
- (iv) Cost of taxis with explanation, when the use of such taxis is justified in the opinion of the authorizing officer. (An original receipt is required for each taxi fare in excess of \$10.00 or an explanation why no receipt is available. Subject to local practices, receipts for lesser amounts may be required at some locations.)

- (v) The cost of car rentals for local transportation at destination when such rental is justified in the opinion of the authorizing officer (see 2f).
- (vi) Cost of extra assistance in handling equipment.

c) Accommodation

Cost of hotel, or approved alternate accommodation supported by receipt.

d) Other Allowable Expenses

Cost of telegrams and telephone calls required for Corporation business, subject to the approval of the authorizing officer. Long distance calls must be fully explained and employees are liable for the cost of calls that are established as not having been required for Corporation business.

Reimbursement for cost, supported by receipt, of first five minutes of phone calls to employee's home, limited to two such claims per week for trips exceeding five days, or one such claim for trips of two to five days.

Cost of traveller's cheques when supported by receipts.

Cost of excess baggage supported by receipt.

e) Mileage/Kilometre Allowances

(i) Rate A

Where it is to the Corporation's advantage or where public transportation is not available or not practical, an employee who is authorized to use his/her private automobile shall be allowed a rate per mile/kilometre computed on total distance, as well as toll charges, ferry rates, and parking while on Corporation business. An explanation may be required on the travel claim to explain why other modes of transportation are not practical.

Current mileage/kilometre rates are set out in Appendix A.

- (ii) Rate B
(At request of employee)

Where public transportation is available and practical, but an employee requests and receives permission to use his/her automobile for travel, he/she may claim the mileage/kilometre rates specified in Appendix A computed on total mileage/kilometre as well as toll charges, ferry rates and parking.

When two or more employees are travelling in the same private automobile, the owner is the only person eligible to claim the applicable allowances.

The allowances provided above will be considered to include all costs incidental to the use of the automobile.

- (iii) All mileage/kilometres claimed in excess of the location to location distance must be explained in writing.

f) Special Provisions

The provisions contained in 8e) do not apply to those employees whose conditions of employment with the Corporation include special terms relating to the use of their automobiles while on Corporation business.

9. Expense Claims

All expenses claimed shall be itemized on CBC 466, Part 2, and supported by original receipts as specified in other sections of this policy.

NOTE: Photostat copies of receipts are not acceptable.

The allowances outlined in § above are intended to cover the full range of expenses incurred while travelling on Corporation business. Expenditures such as travel insurance, purchase of personal equipment, etc., are at the option of the employee and may not be claimed as expenses under the travel regulations.

Any and all deviations from provisions of this policy must be explained in writing on the relevant travel claim. This applies particularly to:

- Use of first class air travel.
- Use of rented automobile.
- Use of private automobile when claiming the higher rate.
- Claims for meals in excess of the approved rates.
- Claims for hotels not included in the CBC list of approved hotels.
- Claims for hotel rates in excess of those shown in the CBC list of approved hotels.

10. Authorization of Expense Claims

Before signing Statement of Expense, CBC 466, Part 2, the authorizing officer is to ensure that expenses claimed were warranted and were fair and just in all respects and that the regulations contained in this instruction were adhered to.

11. Settlement of Accounts - Time Limit

- a) All employees shall account for advances by completing CBC 466, Part 2, and refund any money due to the Corporation, within ten working days of completion of each trip. Employees who travel frequently may be permitted to clear their accounts on a monthly basis.
- b) Advances which are outstanding for a period in excess of 30 days from completion of the trip shall be deducted from the employee's salary if no acceptable explanation is provided.
- c) Unless other arrangements have been made, travel accounts shall be settled before proceeding on vacation or extended absences.

12. Time Computation for Purpose of Per diem Allowances

The elapsed time during a travel period shall be determined as follows:

- a) For travel by train, plane, boat or bus, per diem will begin one hour before the scheduled time of departure of the carrier, and will end one hour after the actual arrival of the carrier at the conclusion of the trip.

- b) For travel by private automobile where public transportation is not available or practical, the period between the time of departure from the employee's base or residence, whichever is later, and the time of return to the base or residence, whichever is earlier. Where public transportation is available, and the employee receives permission to use his/her automobile, the period of time for which per diem is allowed will be determined as in a) above for the public transportation that would otherwise have been used.
- c) Claims for period of continuous travel through various time zones, or involving changes in locale or mode of transportation, shall be based on the actual time spent travelling.

13. Entertainment of other Employees

Employees shall not entertain other employees at Corporation expense, except as follows:

Vice-presidents: Assistant Vice-presidents; General Counsel; Assistant General Counsel; Regional Directors: Director of R.C.I.; and Director Ottawa Area shall be allowed to entertain other CBC employees and recover the cost from the Corporation for working lunches and/or dinners when such meals are an integral part of a meeting or conference. Staff entertainment below this level must have prior approval from the above-noted officers.

14. Secondment and Training

At the discretion of local management reduced per diem rates may be set for employees on secondment or assigned for training purposes. Such rates are to be determined by local conditions but may not exceed the normal travel per diem.

15. Extended Periods in Travel Status

Where an employee is required to spend periods in excess of two months in travel status at one location, appropriate arrangements may be made by the Corporation for suitable self-contained accommodation obtainable at weekly or monthly rates. When this type of semi-permanent accommodation is occupied, a reduced rate may be set by the Corporation.

16. Regional, Local Instructions

Regional or local instructions or regulations must not conflict with this policy. Copies of all regional or local instructions must be approved by the Director, Corporate Human Resources and Organization Development.

17. Employees on Contract

All employees hired on a contract basis for whom Unemployment Insurance deductions apply are required to comply with this travel policy. Wording to this effect must be incorporated in each individual contract. For employees covered by collective agreement, the terms of the agreement apply.

18. Travel Accident Insurance

Employees are automatically covered by accident insurance in the amount of \$25,000 while travelling on CBC business anywhere in the world.
