ARTICLE 7: ACADEMIC FREEDOM

- 7.1** The common good of society depends upon the search for knowledge and its free expression. Academic freedom in universities is essential to both these purposes in the teaching function of the university as well as in its scholarship and research. Members shall not be hindered or impeded in any way by the University or the Association from exercising their legal rights nor shall they suffer any penalties because of the exercise of such legal rights. The Parties agree that they will not infringe or abridge the academic freedom of any Member. Members are entitled, regardless of prescribed doctrine, to freedom to practice their professions of teacher and scholar, or librarian, freedom in carrying out research and in publishing the results thereof, freedom of teaching and discussion, freedom of creative activity, freedom to select, acquire, disseminate, or use documents in the exercise of their professional responsibilities, freedom to criticize the University and the Association, and freedom from institutional censorship.
- 7.2** In exercising such freedom, Members have a responsibility to respect the academic freedom and rights of other members of the university community.
- 7.3** The censorship of information is inimical to the free pursuit of knowledge. The collection, organization, and dissemination of knowledge will be done freely and without bias in support of the research, teaching, and study needs of the university community. The Parties agree that no censorship based on moral, religious, or political values shall be exercised or allowed against any material which a Member desires to be placed in the library collections of the University.
- 7.4** Academic freedom does not require neutrality on the part of the individual, rather, academic freedom makes commitment possible. Academic freedom does not confer legal immunity, nor does it diminish the obligations of Members to meet their duties and responsibilities. Members have a duty to exercise that freedom in a manner consistent with the academic obligations of teachers and scholars, and librarians.

ARTICLE 8: NON-DISCRIMINATION

- 8.1** The Parties agree that all Members have a right to equal treatment with respect to employment and that there shall be no discrimination exercised or practised with respect to any Member in regard to salary, rank, appointment, promotion, tenure, reappointment, dismissal, leaves, or benefits on the basis of race, ancestry, place of origin, colour, ethnic origin, citizenship, creed, sex, sexual orientation, age, record of offences, marital status, family status, handicap, political affiliation or belief, or membership or non-membership in the Association. Except as otherwise provided in this Agreement, the interpretation and application provisions of Part II of the Human Rights Code, RSO 1990, Chapter H.19, as amended, shall apply to the administration of this Article.
- 8.2** If candidates for appointment have been judged to be substantially equal in qualifications, priority will be given to those candidates who are Canadian citizens or permanent residents. This clause will be subject to amendment in accordance with changes in federal legislation.
- 8.3** This Article shall not preclude any employment equity or pay equity measures mandated by law or agreed to by the Parties, including any action that has as its object the increased representation of the four (4) designated groups for employment equity within the University, namely women, racial minorities, persons with disabilities, and aboriginal people as more particularly set out in Article 22.

ARTICLE 9: CONFLICT OF INTEREST:

- 9.1** Members shall act fairly, equitably, and ethically in their actions affecting students, Members and other employees of the University.

9.2 Peer assessment, review, appeals and other decision processes concerning appointment, tenure, promotion, renewal, termination, salary, research grants or instructional development grants must be performed in an objective manner and on objective grounds and be seen to be so. As provided under 27.1.5, decisions on the awarding of research grants are not subject to grievance, but a Member may appeal such a decision in accordance with Appendix B.

- (b) knowingly participate in any academic decision directly affecting an individual with whom the Member has an immediate familial, marital, sexual, client, patient, or financial relationship.

9.3 Relations with Students:

9.3.1 With respect to students, Members:

- (a) shall avoid all forms of discrimination as specified in Article 8;
- (b) shall disclose the existence of any conflict of interest or of other circumstances known to them which may reasonably introduce or appear to introduce bias into their academic judgement or administrative decisions with respect to students by notifying their Dean in writing;
- (c) shall not accept additional remuneration for tutoring students enrolled in the University;
- (d) shall respect the confidentiality of information about a student gained through the exercise of academic or administrative duties or through participation in department or University committees; such information may be used or disclosed where such use or disclosure has the student's consent, or is required in the fulfilment of a Member's academic, administrative, or committee responsibilities.

9.3.2 Upon notification pursuant to 9.3.1(b), a Dean shall:

- (a) permit the student to remain in the Member's course and make arrangements for independent evaluation of the student's performance; or
- (b) with the Member's consent, permit the student to remain in the Member's course without special arrangements for an independent evaluation; or
- (c) require the student to be transferred from the Member's course.

9.3.3 When a Member intends to assign course materials to be purchased by students and from which the Member (or any individual with whom she/he has an immediate familial, marital, sexual or financial relation) derives a direct financial benefit, the Member shall write to the Dean requesting approval of the proposed course materials. If requested by the Dean, the Member shall provide further information on the course materials and/or the financial benefit. Within 10 days of the receipt of the Member's written request, the Dean or his/her designate shall respond in writing, and if the request is denied, the Dean shall provide a statement of reasons. In the case of course materials not published or produced by a third party at an arms-length relationship and not readily available in the commercial marketplace except by purchase from the author, or an agent of the author, the means of sale of the course materials requires the Dean's approval. Under this clause,

course materials include printed works, and non-print media including but not limited to CDs, DVDs, audio tapes, and material accessible via the World Wide Web.

9.4 Relations with Members:

Without limiting the generality of 9.1 and 9.2, a Member:

- (a) shall, with respect to Members, avoid all forms of discrimination as specified in Article 8;
- (b) have an obligation both to the University and to Members to be fair and objective when presenting a professional judgement on a Member at the request of an appropriate University committee or authority (e.g., a committee dealing with appointments, tenure, Continuing Appointment, promotion, dismissal or research and instructional development grants);
- (c) shall respect the confidentiality of information about a Member gained through the exercise of administrative duties or participation in a peer committee; such information may be used or disclosed where such use or disclosure is required by the terms of this Agreement;
- (d) shall not participate in or vote at more than one stage in the consideration of any application by a Member; the consideration of an application by a unit or sub-unit constitutes the first stage of an application;
- (e) shall not participate in the deliberations of a committee while it adjudicates applications which include his/her own application; however, in the case of grant applications, this prohibition applies only to the committee's consideration of applications in the same category as the Member's application.

9.5 Indication of Affiliation:

- (a) As a general rule Members in their scholarly publications or information for performance programs or recording notes should indicate their affiliation with the University.
- (b) Members shall not purport to represent the University or speak for it, or to have its approval, unless such authority has been given in writing.

- (c) withdraw from any meeting when the matter is being discussed if requested to do so by a majority of the members present at the meeting.

9.6.2 In particular, and without limiting the generality of the foregoing, unless specifically authorized by the Vice-President: Academic or designate after full written disclosure of the conflict, Members shall not:

- (a) with University funds or with funds administered by the University, knowingly authorize the purchase of equipment, supplies, services, or real property from a source with which the Member, or any individual with whom she/he has an immediate familial, marital, sexual or financial relationship, has a material financial interest;

- (b) engage any individual with whom the Member has an immediate familial, marital, sexual or financial relationship in any capacity for which remuneration comes from University funds or from funds administered by the University.

ARTICLE 10: EVALUATION OF A MEMBER'S PERFORMANCE

- 10.1** The University may review the performance of Members under this Article, once per year. Such an evaluation, if any, shall be in addition to any other assessments which may be required by other provisions of this Agreement. If the University wishes a Member to participate in any discussion or meeting as part of this review, the Member shall receive written notice of an evaluation under Article 10. The notice shall be given at least 5 days in advance of the meeting, and the Member shall have the right to be accompanied by a representative of his/her choice.
- 10.2** Failure of a Member to grieve the University's assessment of his/her performance shall not be deemed an admission of the validity of the assessment.

ARTICLE 11: UNIVERSITY GOVERNANCE

11.1 Board of Governors and Senate:

- 11.1.1** The Association acknowledges the rights, powers and responsibilities of the Board as established by statute, by-law, and practice, except as such rights, powers and responsibilities may have been specifically abridged, delegated, or modified, by the Certification Order or this Agreement. The onus of establishing an existing policy within the meaning of this clause shall rest on the party or person alleging the existence of such policy. Either party may seek interpretation of an existing policy relating to terms and conditions of employment by referring any such matter to the Joint Liaison Committee as established in Article 5 of this Agreement.

11.2 Collegiality:

- 11.2.1** The University acknowledges the rights and responsibilities of Members to participate in the formulation and/or recommendation of academic policies and procedures within the University through duly constituted collegial bodies and committees. - 11.2.2** Pursuant to 11.2.1, the composition and procedures of search committees of University officers who are ex-officio members of Senate, except for the chair of the Board and the Chancellor, shall be in accordance with the provisions set in 11.2.4, 11.2.5, and 11.2.6.

With the exception of the Search Committee for President, the chair of the Committee shall not participate in such voting, but shall cast a vote to confirm or veto the Committee's recommendation of a candidate for the office. Proxy votes shall not be used. In the event of a tie vote which means the Committee cannot recommend a single candidate as specified under 11.2.4 (g), the meeting shall be adjourned, and another meeting shall be scheduled at which another vote shall be held. If this second vote also results in a tie and no recommendation, then, to overcome the procedural impasse, the chair shall cast a vote. The chair retains the right to confirm or veto the recommendation of the Committee arrived at through this procedure.

- (h) At the conclusion of a five-year term of office, subject to (i) below, an incumbent may be recommended for a further five-year appointment. If there is not a positive recommendation for renewal, search procedures shall be instituted.
- (i) If the incumbent holds a Tenured or Continuing Appointment and has completed two terms of office, a search shall be undertaken and the incumbent may stand for a third term in competition with other candidates for the office, but the incumbent may not stand for a fourth term.

The assessment shall be made objectively on sound academic grounds.

14.9.11 The LAP Committee shall submit its recommendation of a rank-ordered short list of candidates to the University Librarian, which shall include a summary of the assessment made on the character and quality of the degrees held and the record of professional and other relevant experience. The University Librarian shall forward his/her own recommendation along with the recommendation of the LAP Committee to the Vice-President: Academic who shall make the final decision. The Vice-President: Academic shall not make any appointment of a Librarian Member, including renewal or extension of an appointment, without the recommendation of the LAP Committee.

14.9.12 If appropriate procedures have not been followed, or if no suitable candidate is found, the Vice-President: Academic shall direct the University Librarian to reinstitute the search in accordance with the provisions of this Article 14.

ARTICLE 15: PROMOTION AND TENURE OF FACULTY

15.1.1 Promotion in rank, from Lecturer to Assistant Professor, from Assistant Professor to Associate Professor, and from Associate Professor to Professor, is a recognition of the Member's growth

15.1.2 Tenure signifies the right of a Member to permanency of appointment which may be terminated only through:

- (a) resignation;
- (b) retirement;
- (c) reasons of program redundancy as provided for under Article 23 or of financial exigency as provided for under Article 24;

- (a) the Department (or equivalent) Appointment and Promotions Committee and,
- (b) the Senate Promotion and Tenure Committee.

15.2 Progression to Promotion:

15.2.1 With the exception of promotions under 15.7.3 and 15.7.7, application for promotion is initiated by the individual Member through the chair of the relevant Appointment and Promotion Committee in accordance with clause 15.4.

15.2.2 With the exception of promotions under 15.7.3 and 15.7.7, a Member shall not be considered for promotion without his/her consent.

15.3 Progression to Tenure:

When a Member has been considered for tenure, he/she must be notified of the decision on or before December 15 of the academic year in which he/she was considered.

15.3.2 In particular cases, an Appointment with Tenure may be a Member's initial appointment. 15.3.3 The Senate Promotion and Tenure Committee shall not consider a Member's application for tenure unless he/she has received a Candidacy Appointment, except as provided in 15.3.2. The normal time for tenure consideration is during the third year of a Candidacy Appointment, but a Member is entitled to be considered for tenure during any year of his/her Candidacy Appointment. The Member who chooses to be considered for tenure prior to the final year of his/her Candidacy Appointment shall not be required to adduce qualifications beyond those normally considered appropriate for tenure, nor shall the Senate Promotion and Tenure Committee lower its standards to accommodate such a candidate. A Member initiates the procedure towards early tenure consideration in accordance with clause 15.4.

15.3.4 At the beginning of the academic year, the Dean shall notify a Member in the third year of a Candidacy Appointment, and the Chair of his/her academic sub-unit or unit, of the forthcoming tenure hearing. The notification shall advise the Member of the date by which an application shall be submitted in accordance with clause 15.4.

15.3.5 A Member holding a Candidacy Appointment may apply and be considered for tenure only once.

15.4 Procedures of Department (or Equivalent) Appointment and Promotion Committee:

- 15.4.1** Application for promotion and/or tenure shall be made in writing by the Member, and shall be sent to the chair of the appropriate Appointment and Promotion Committee on or before the date specified in clause 15.6.6. The application shall be accompanied by a curriculum vitae, a copy of all scholarly publications listed in the curriculum vitae, a teaching dossier as described under 31.6, and such other documentation as the Member considers as evidence of fulfillment of the criteria. A Member applying for tenure does not need to file a separate application for promotion to Associate Professor. At the same time, the Member shall forward a copy of the letter of application to the Dean for information. The Member shall provide the Department (or equivalent) Appointment and Promotion Committee with sufficient information for the Committee to make an evaluation and recommendation with respect to the criteria.
- 15.4.2** The Chair or Dean, as appropriate, shall forward the application, supporting documentation, and a copy of the Member's Official File to the appropriate Department (or equivalent) Appointment and Promotion Committee within 5 days of receipt of an application. The Member shall have the right to be accompanied by a representative of his/her choice. The Department (or equivalent) Appointment and Promotion Committee shall assess the Member's overall record of performance using the appropriate conditions and criteria pursuant to this Article. In the event any negative information is presented to the Committee, the Member shall be provided with such information in writing and shall be provided (prior to any vote being taken by the Committee) with a reasonable opportunity of responding to such negative information. A recommendation of the Department (or equivalent) Appointment and Promotion Committee shall be based only on documentation presented pursuant to this clause and clauses 15.4.1, and 15.4.2. The report of the Department (or equivalent) Appointment and Promotion Committee shall include a numerical record of the vote upon which the recommendation is based.
- 15.4.4** A recommendation for promotion from Associate Professor to Professor usually requires that a Member's scholarly or professional achievements be of sufficient significance to be recognized outside of, as well as within, the University community.
- (a) Accordingly the Department (or equivalent) Appointment and Promotion Committee will solicit written appraisals of the candidate's scholarship or professional achievement from at least three (3) external referees who are recognized experts in the candidate's field of scholarly activity and who are able to conduct an arms-length assessment of the candidate's work. If referees hold an academic post at another university, they shall hold the rank of Professor (or equivalent). Two (2) of the referees shall be chosen from a list furnished by the candidate at the time of application for promotion to Professor. The candidate shall be informed of the names of referees selected and, if he/she has concerns about the referee not on the candidate's list, the candidate may add a written statement about those concerns to the application file. - (b) By November 15, the Department Chair or equivalent shall have confirmed the availability of referees, and shall forward to each referee a copy of the candidate's curriculum vitae and other relevant material. The referee shall be requested to respond within 4 weeks. Upon receipt, the references shall be placed in the confidential portion of the Member's Official File.

15.4.5 The Member shall be informed of the Appointment and Promotion Committee's recommendation by the same date that the recommendation is forwarded to the Senate Committee (specified in 15.6.6), and be provided with a numerical record of the vote upon which the recommendation is based, and a written statement of reasons for that recommendation. If the recommendation is not unanimous, the statement shall include reasons supporting and opposing the recommendation. Such reasons shall relate only to the conditions and criteria for tenure and promotion. At the same time, the Committee shall forward a copy of the recommendation to the Dean for information.

15.4.6 By the date specified in clause 15.6.6, the chair of the Appointment and Promotion Committee shall forward the application and supporting documentation, the Committee's report and recommendation as per 15.4.5, and copies of all correspondence with the applicant and referees to the Vice-President: Academic, the chair of the Senate Promotion and Tenure Committee. The chair of the Senate Promotion and Tenure Committee shall distribute all such material to the Committee members within 5 working days of the date of receipt specified in 15.6.6.

15.5.8 In accordance with Article 9.4(d), Senate Promotion and Tenure Committee Members shall not participate in or vote at more than one stage in the consideration of any application by a Member; the consideration of an application by a unit or sub-unit constitutes the first stage of an application.

1. Teaching
2. Scholarship
3. Academic, Professional and University Community Service

15.7.2 The varied nature of the academic and professional disciplines within the University requires flexibility in the nature, assessment and weighting of the criteria for tenure and promotion. Boundaries between categories are not always clear-cut, and the following descriptions of categories are intended only as guidelines for the assessment of Members. Such considerations in the assessment of candidates include the principle of equity in tenure and promotion as set out in 22.3.4. Requirements for tenure and/or promotion of a Member who has taken a leave under the provisions of 32.1, 32.3, or 32.5, or extended an appointment under the provisions of 32.6.3, are the same as for a Member who has not done so.

(a) Teaching:

A requirement for tenure or for promotion to any rank is demonstrated competence and responsibility in teaching and a commitment to the facilitation of student learning including contributions to the development of curriculum and programs of study within a Member's academic unit or sub-unit. Teaching performance which is superior to the necessary requirement counts additionally in the candidate's favour.

(b) Scholarship:

A requirement for tenure or for promotion to any rank is evidence of scholarly activity and achievement, or creative work in the performing and fine arts, and recognition of one's work by academic peers. Evidence of scholarship or its equivalent includes:

- (i) a commitment to continuing growth in the Member's academic discipline, and to intellectual and/or artistic pursuits generally, receipt of research and publication grants

and academic research activity which has resulted in the presentation or publication of findings in a credible academic forum.

- (ii) imaginative and innovative contributions in the performing and creative arts such as commissioned works, publication of artistic and literary works and musical compositions, presentations, performances and shows presented in a credible artistic forum.
- (iii) publications and/or presentations in a credible professional forum including the publication and/or airing of research-dependent works of Journalism in a credible journalistic forum;
- (iv) scholarship in teaching, including research, publications and academic presentations or workshops on teaching within universities and/or scholarly disciplines;

- (vi) scholarly activity derived from the Member's expertise and recognition by one's peers including: book reviews, principal editorship of a journal, the refereeing of manuscripts and proposals for publishers, periodicals, and research agencies, and service as external examiners on graduate theses.

(c) Academic, Professional and University Community Service:

A consideration for tenure or promotion to any rank is evidence of active participation in the corporate life of the University community. Such contributions include service on University and Association committees, assistance and leadership in departmental administration, and contributions to the intellectual and cultural life of the campus. In addition, academic and professional service includes: contributions to professional or learned societies through service on the government or other commissions in a professional capacity, consulting work which involves more than the routine application of the existing body of knowledge, and contributions in a professional capacity to the community-at-large and to cultural, community and service organizations.

15.7.3 If a Member is appointed at the rank of Lecturer and is working to complete the requirements for a terminal degree at an academic institution approved by the University, the Member will automatically be promoted to the rank of Assistant Professor upon successful completion of these requirements and receipt by the Vice-President: Academic of official notice directly from the institution on the institution's letterhead or under seal that said degree has been or will be conferred, and will receive a Promotion Increment in accordance with 30.5.

15.7.4 With the exception of 15.7.5 below, tenure shall be granted when there is consistent evidence of satisfactory academic performance, demonstrated professional growth, and the promise of future development. The criteria for tenure are:

- (a) a satisfactory record as a teacher;
- (b) a satisfactory record of scholarly activity and achievement, or creative work in the performing and fine arts, to be normally demonstrated by presentation or publication in a credible academic, artistic or professional forum;
- (c) a satisfactory record of academic, professional and university community service.

A demonstrated record of excellence in teaching may be used to lessen the usual standards required in scholarly or creative work. In the same way, an exceptional record of scholarly or creative work may be used to lessen the standards usually applied under criteria (a) and (c).

15.7.5 For a Member with a Professional Teaching Position under 13.2, tenure shall be granted when there is consistent evidence of satisfactory academic performance, demonstrated professional growth, and the promise of future development. The criteria for tenure are:

- (a) a satisfactory record as a teacher, including in-class peer reviews as per articles 13.3.2 and 15.4.2.1;
- (b) a satisfactory record of scholarly activity and achievement, or creative work in the performing and fine arts, and professional activity normally to be demonstrated by presentation or publication in a credible academic, artistic or professional forum; as listed under 15.7.2(b), and with appropriate weighting of activities under 15.7.2 (b)(iii) and 15.7.2(b)(iv);
- (c) a satisfactory record of academic, professional and university community service.

An exceptional record of (a) and (c) above may be used to lessen the standard usually applied to criteria under (b).

- 15.7.6** A Member holding the rank of Lecturer may apply for promotion to the rank of Assistant Professor, and shall be eligible for promotion upon the demonstration of a satisfactory record of scholarly, professional or creative work in lieu of an earned doctorate or equivalent professional qualification.
- 15.7.7** The criteria for promotion to Associate Professor are the same as those for granting tenure. Consequently, when a Member holding the rank of Assistant Professor is granted tenure, the individual shall be promoted to the rank of Associate Professor. However, promotion to the rank of Associate Professor does not result in the granting of tenure.
- 15.7.8** Members without tenure shall have completed at least 4 years of service at the rank of Assistant Professor before being eligible for promotion to the rank of Associate Professor. Candidates for the rank of Professor shall have completed at least 5 years at the rank of Associate Professor before being eligible for promotion to the rank of Professor. Previous service, and rank attained, at other universities shall be given due consideration when an individual applies for tenure or promotion at the University.
- 15.7.9** A recommendation for promotion from Associate Professor to Professor usually requires that a Member's scholarly or creative achievements be of sufficient significance to be recognized outside of, as well as within, the University community, but notwithstanding the provisions above, sustained excellence in teaching and/or academic service, together with a satisfactory record of scholarly or creative work, shall make a Member eligible for promotion to Professor.

ARTICLE 16: PROMOTION AND CONTINUING APPOINTMENT OF LIBRARIANS

16.1 General:

- 16.1.1** Promotion in rank from Librarian I to Librarian II, Librarian II to Librarian III or Librarian III to Librarian IV is a recognition of a Member's professional and academic growth and development, and of service to the University, the academic community, and the library profession.

16.3.2 With the exception of 16.3.3, a Member shall not be considered for promotion without his/her consent.

16.3.3 When a Member holding the rank of Librarian I is granted a Candidacy Appointment, he/she shall be promoted to the rank of Librarian II.

16.3.4 Librarian Members holding the rank of Librarian I shall be eligible for promotion to the rank of Librarian II after having not less than 2 years of service as a professional librarian.

16.3.5 Librarian Members holding the rank of Librarian II shall be eligible for promotion to the rank of Librarian III after having not less than 4 years of service in the rank of Librarian II including credit for years in rank under 14.1.4, with at least two years of service with the University.

- 16.4.2** In particular cases, pursuant to 14.4.2, an initial appointment may be a Continuing Appointment. In such a case pursuant to 16.1.3, the Librarian Appointment and Promotion Committee and the University Librarians' Continuing Appointment and Promotion Committee shall assess the candidate's qualifications, and shall make a recommendation to the President prior to his/her recommendation to the Board.
- 16.4.3** The University Librarians' Continuing Appointment and Promotion Committee shall not consider a Member's application for a Continuing Appointment unless he/she has received a Candidacy appointment, except as provided in 16.4.2. The normal time for consideration for a Continuing Appointment is during the third year of a Candidacy appointment, but a Member is entitled to be considered for a Continuing Appointment during any year of his/her Candidacy Appointment. The Member who chooses to be considered for a Continuing Appointment prior to the final year of his/her Candidacy Appointment shall not be required to adduce qualifications beyond those normally considered appropriate for a Continuing appointment, nor shall the ULCAP Committee lower its standards to accommodate such a candidate. A Member initiates the procedure towards early consideration for a Continuing Appointment in accordance with 16.5.2.
- 16.4.4** A Member holding a Candidacy Appointment may apply and be considered for a Continuing Appointment only once.

16.5 Procedures for Continuing Appointment and Promotion for Librarians:

The external member shall be informed in writing of the criteria for a Continuing appointment or promotion, as appropriate, and provided with a copy of the Collective Agreement.

- (a) Accordingly, the LAP Committee shall solicit written appraisals of the candidate's scholarly and/or professional achievements from three (3) external referees who shall be professional librarians holding the rank of Librarian IV (or equivalent) and who are able to conduct an arms-length assessment of the candidate's work. Two (2) referees shall be

chosen from a list furnished by the candidate at the time of application for promotion to Librarian IV. Letters requesting an assessment of the candidate shall be in accordance with the model letter attached as Appendix G, including confirmation by the assessor that he/she can conduct an arms-length assessment.

- (b) Within 10 working days of the receipt of the application, the LAP Committee Chair shall have confirmed the availability of the referees, and shall forward to each referee a copy of the candidate's curriculum vitae and other relevant material. A recommendation of the LAP Committee shall be based only on documentation presented pursuant to this clause and clause 16.5.2. The report of the LAP Committee shall include a numerical record of the vote upon which the recommendation is based.

The Committee shall meet to consider all applications for Continuing Appointment and/or promotion. No Member shall be a member of the ULCAP Committee during the academic year in which he/she is to be considered for promotion.
- 16.5.10** The Chair of the LAP Committee shall be present for the ULCAP Committee's discussion and shall provide any further information the Committee deems necessary to make a recommendation.
- 16.5.11** The ULCAP Committee shall keep an Official Record of minutes. At the conclusion of the Committee's deliberations, the minutes shall then be placed in a file in the Vice-President: Academic's office. Included in the minutes shall be records of all ULCAP Committee recommendations and the reasons for them, as well as a numerical record of all votes.
- 16.5.12** The Member being considered for Continuing Appointment or promotion shall be invited to appear before the ULCAP Committee and to present any further evidence and/or supporting information,

- (d) The motion shall be framed in the affirmative: That the candidate be granted promotion and/or Continuing Appointment.
- (e) The Committee's recommendation shall be determined by a simple majority and failure to obtain a majority on the motion results in the defeat of the motion and a negative recommendation shall go forward.
- (f) The ballots shall be the official record of the vote and shall not be destroyed until a final decision is made on the Member's application for promotion or Continuing Appointment.

16.5.14 Within 5 working days of taking a vote, the Member shall be informed of the ULCAP Committee's recommendation, including a numerical record of the vote upon which the recommendation is based, and a written statement of reasons for that recommendation. - (c) The time served by the Member as an employee between the date of notification of a denial of a Continuing Appointment under 16.5.17 and the termination date of the Member's Candidacy Appointment shall count towards termination notice.

16.6 Criteria for Continuing Appointment and Promotion:

16.6.1 Criteria for Continuing Appointment and promotion shall be applied as nearly as possible in a consistent and uniform manner in accordance with the appointment and with the rank. Candidates for Continuing Appointment shall be assessed according to the criteria for a Continuing Appointment pursuant to 16.6.2; candidates for promotion to Librarian II shall be assessed according to the criteria for Librarian II, pursuant to 16.6.3; for Librarian III according to the criteria for Librarian III, pursuant to 16.6.4; and Librarian IV according to the criteria for Librarian IV, pursuant to 16.6.5. ARTICLE 17: LEAVES

17.1 Sabbatical Leave:

17.1.1 Sabbatical Leaves are to serve the objects and goals of the University by providing tenured Faculty Members with a regular opportunity to maintain and enhance their academic and professional competence free from normal on-campus teaching/professional and service obligations. Sabbatical Leaves are intended to promote scholarly and professional activity by Faculty Members through sustained periods of concentrated study, contemplation, and creative work, and through the extension of the range of contacts of Faculty Members to other people, places, experiences, and ideas.

17.1.2 Faculty Members are entitled to apply for Sabbatical Leaves, and are eligible to be on Sabbatical Leave after the following periods of service. A Faculty Member first becomes eligible for a twelve-month or a six-month Sabbatical Leave after 6 years of full-time credited academic service at the University, including credited years of service upon appointment. Thereafter, a Faculty Member becomes eligible for a twelve-month Sabbatical Leave after the completion of each additional 6 years of full-time credited academic service at the University since the end of the last Sabbatical Leave, or a six-month Sabbatical Leave after the completion of each additional 3 years of full-time credited academic service at the University since the end of the last Sabbatical Leave. Exceptions to the tenure requirement and to the service credit under 17.1.3 (b) may be made by the Vice-President: Academic after consultation with the Dean and Chair. The scheduling of leaves shall be subject to arrangements being made to cover the Faculty Member's absence that are satisfactory to the Department/Faculty and the Dean. Any deferral of a Sabbatical Leave shall be subject to 17.1.4 and 17.1.10.

17.1.3 For the purposes of Sabbatical Leaves and pursuant to 17.1.2, full-time credited academic service means:

- (a) the Member's time of employment in a Provisional, Candidacy or Tenured Appointment at the University as a Faculty Member, or as an employee identified in 3.1.2(a), unless a leave is negotiated as part of administrative service;
- (b) the Member's time of employment in Limited Term Appointments at the University, post-terminal degree or equivalent qualification satisfactory to the University, to a maximum of two (2) years;
- (c) such other credit as may be negotiated by the Member at the time of appointment to the first of a Provisional, Candidacy or Tenured Appointment to the University, and stated in the Member's letter of appointment;
- (d) credit for service as Chair of a Department pursuant to 21.4.3.1.

17.1.4 A Member retains any credited academic service time under 17.1.3 in excess of the requirements under 17.1.2, and may apply it to the service period required for a subsequent Sabbatical Leave. The scheduling of leaves shall be in accordance with 17.1.2.

17.1.5 In application for Sabbatical Leave, Faculty Members shall present a proposal that identifies the scholarly or creative purposes and activities of the leave being proposed, its potential benefit to the Faculty Member and to the University, and the most likely outcome of the proposed activities. The application shall be presented to the Chair of the department or academic sub-unit, and to the Dean of the Member's Faculty. The Chair shall provide the Dean with a letter of appraisal of the proposed program of scholarly or creative activity. The application shall be made no later than November 1 for a leave commencing July 1, and no later than February 15 for a leave commencing January 1 of the following year.

17.1.6 The application shall be in writing and shall include:

- (a) the proposed starting date and length of the proposed Sabbatical Leave;

- (b) a statement of the purposes of the proposed leave and the scholarly, creative or professional activities to be undertaken during the leave, its potential benefit to the Faculty Member and to the University, and the location of the proposed project or projects;
- (c) a curriculum vitae;
- (d) any other information the Faculty Member wishes to provide.

17.1.7 Should the Dean decide, after consultation with the Department Chair or equivalent, to recommend that a Sabbatical Leave be denied, he/she shall write to the Faculty Member, with a copy to the Association, giving reasons for this recommendation. The Dean shall give the Faculty Member an opportunity to respond in writing and/or in person, and the Faculty Member shall have the right to be accompanied by a Member of his/her choice. The Dean transmits his/her recommendation to the Vice-President: Academic for action. In all cases, the Dean shall make his/her recommendation to the Vice-President: Academic by December 1 for a leave commencing July 1, and by March 15 for a leave commencing January 1.

17.1.8 In arriving at a decision to grant, to defer, or to deny a Sabbatical Leave, the Vice-President: Academic shall base his/her decision on:

- (a) the application;
- (b) the reports and recommendations from the Chair and the Dean; and the Member's Official File, including the report filed after the previous sabbatical leave under 17.2.11, if applicable;
- (c) the merits of the proposed Sabbatical Leave project as it relates to the objectives set out in 17.1.1 and its value to the professional development of the Faculty Member.

17.1.9 The Faculty Member shall be notified of the granting, denial or deferral of a Sabbatical Leave by December 15 for a leave commencing July 1, and by April 1 for a leave commencing January 1. Should the Vice-President: Academic decide to deny or defer the Sabbatical Leave, the notification to the Faculty Member, with a copy to the Association, shall include reasons for the decision.

17.1.10 The Vice-President: Academic may defer a Faculty Member's Sabbatical Leave. When the Vice-President: Academic decides that the leave be deferred, such deferral may not exceed 1 year. Where the Sabbatical Leave is deferred, the period of deferral shall be credited towards the Faculty Member's required time for service for his/her next application for Sabbatical Leave under 17.1.2.

17.1.11 The teaching load of a Member who will be taking a six-month Sabbatical Leave during the academic year shall be one-half the normal teaching load of the academic sub-unit or equivalent; when the normal teaching load is five one-term courses, such a Member's teaching load shall be three one-term courses.

17.1.12 A successful applicant for Sabbatical Leave shall obtain written approval from the Dean for any substantial change in the proposed scholarly activity set out in the application for Sabbatical Leave submitted in accordance with clause 17.1.6.

17.2 Sabbatical Leave: Salary and Benefits:

17.2.1 Salaries for Members on Sabbatical Leave:

- (a) a Faculty Member with a tenure-track appointment, and who has not had a twelve-month Sabbatical Leave in previous employment at a university, shall receive 100% of his/her Reference Salary for a twelve-month Sabbatical Leave after an initial 6 years of full-time credited years of service;

- (b) a Faculty Member who does not come under the terms of (a) above shall receive 85% of his/her Reference Salary for a twelve-month Sabbatical Leave or a six-month leave after 3 years of service, or 100% of his/her Reference Salary for a six-month leave after each additional 6 years of full-time credited service.

17.2.2

- (a) A Faculty Member may receive while on Sabbatical Leave, outside assistance in the form of grants or scholarships, and may engage in outside professional activities in accordance with Article 18.6.
- (b) If a Faculty Member accepts additional employment (excluding that governed by clause 17.2.2 (a)) for which he/she will receive remuneration, and if the sum of such remuneration plus the salary while on Sabbatical Leave, less verifiable travel, living, relocation and research costs, exceeds his/her Reference Salary, then the Sabbatical Leave salary while on leave may be reduced to maintain the Faculty Member's full-time Reference Salary for the period of the Sabbatical Leave.

17.2.3 While on Sabbatical Leave, a Faculty Member and the University shall pay any applicable premiums under Article 28: Benefits and pension contributions under Article 29: Pensions on the basis of the Member's Reference Salary.

17.2.4 Upon returning from a Sabbatical Leave, the Faculty Member shall receive a Reference Salary which includes all applicable salary adjustments that would have applied had the individual not taken a Sabbatical Leave.

17.2.5 The foregoing salary provisions shall not be affected by amounts which Faculty Members may receive in the form of grants to cover the expense of research and administrative assistance, travel, publication and other research related expenses. To assist in Sabbatical Leave projects, Faculty Members may apply for research grants from the University.

17.2.6 When the scholarly or creative purposes and activities of the proposed Sabbatical Leave will change as a result of a Member serving on an external research granting agency or equivalent scholarly and professional organization during the period of a Sabbatical Leave, a Member may apply for a course remission under University guidelines and if approved, the Member may bank the course under 18.2.4.9. Such a request shall not be unreasonably denied.

17.2.7 Once a Sabbatical Leave has been granted, it is expected that the Faculty Member will take the leave unless unforeseen personal hardship will ensue or unless the proposed activity must be cancelled or delayed due to circumstances beyond the control of the Faculty Member. A request to cancel or delay a Sabbatical Leave by a Faculty Member shall be made in writing to the Dean of the Member's Faculty and copied to the Chair of the department or academic sub-unit and the Vice-President: Academic. All requests to cancel or delay a Sabbatical Leave shall be made by the Faculty Member as soon as reasonably possible. Such requests shall not be unreasonably denied.

17.2.8 Where office space permits, a Faculty Member may retain his/her assigned office for the period of a Sabbatical Leave, unless the said leave takes the Faculty Member away from the University. If a department or academic unit does not have sufficient office space to permit a Member to retain his/her assigned office for the period of the Sabbatical Leave, a request for the Member to vacate his/her office will be made in writing by the Dean or his/her designate to the Member. This request shall be made no later than May 1 for a leave commencing July 1, and no later than November 1 for a leave commencing January 1. The Member shall be issued with a T2200 tax form for the calendar years of the Sabbatical Leave. Upon return from a Sabbatical Leave, a Faculty Member shall be assigned an office.

17.2.9 During a Sabbatical Leave, a Faculty Member is entitled to the usual level of University administrative and other support services.

17.2.10 A Sabbatical Leave shall not interfere with a Faculty Member's advancement toward promotion or

tenure.

17.2.11 A Faculty Member, having completed a Sabbatical Leave, shall submit a written report on the work accomplished. - (b) the Librarian Member's time of employment in Limited Term Appointments at the University, post-terminal degree or equivalent qualification satisfactory to the University, to a maximum of two (2) years;
- (c) such other credit as may be negotiated by the Librarian Member at the time of appointment to the first of a Provisional, Candidacy or Continuing Appointment to the University, and stated in the Member's letter of appointment.

17.3.4 A Librarian Member retains any credited academic service time under 17.3.3 in excess of the requirements under 17.3.2, and may apply it to the service period required for a subsequent Academic and Professional Leave. The scheduling of leaves shall be in accordance with 17.3.2.

17.3.5 Any leaves must be taken in an orderly sequence to be determined by the University Librarian in order that adequate staffing requirements in the library will be met. Any deferral of a Member's Academic and Professional Leave shall be subject to 17.3.4 and 17.3.12.

- 17.3.12** The Vice-President: Academic may defer a Librarian Member's Academic and Professional Leave. When the Vice-President: Academic decides that the leave be deferred, such deferral, subject to 17.3.5, may not exceed one year. - 17.3.13** The Librarian Member shall be notified of the granting, denial or deferral of an Academic and Professional Leave within two months of making the application for the leave to the University

- 17.3.14** Once an Academic and Professional Leave has been granted, it is expected that the Librarian Member will take the leave unless unforeseen personal hardship will ensue or unless the proposed activity must be cancelled or delayed due to circumstances beyond the control of the Librarian Member. A request to cancel or delay an Academic and Professional Leave by a Librarian Member shall be made in writing to the University Librarian and copied to the Vice-President: Academic. All requests to cancel or delay an Academic and Professional Leave shall be made by the Librarian Member as soon as reasonably possible. Such requests shall not be unreasonably denied.

- 17.3.16** The foregoing salary provisions shall not be affected by amounts which a Librarian Member may receive in the form of grants to cover the expense of research and administrative assistance, travel, publication, and other research-related expenses. To assist in Academic and Professional Leave projects, Librarian Members may apply for research grants from the University.
- 17.3.17** Upon returning from an Academic and Professional Leave, the Librarian Member shall receive a Reference Salary which includes all applicable salary adjustments that would have applied had the individual not taken an Academic and Professional Leave.

18.2.2.2 In consultation with the Chair, the Dean shall estimate the total enrolment in a Member's assigned teaching workload. The implementation of 18.2.1.3(c) shall be based on this estimate. Should the total enrolment in a Member's courses be significantly higher or lower than this estimated number, appropriate adjustments shall be made in the second term in which the Member teaches during the contract year. 18.2.3.1 In recognition of the recent growth in the number of students, the changing profile of the

University, and the Government of Ontario's objective of improving student/faculty ratios, the Parties agree to the following measures to maintain, improve and monitor the faculty complement:

- (a) the University agrees that the number of tenure-track and tenured appointments in the Bargaining Unit shall not be fewer than the number of those appointments in the 2011-2012 contract year (473);
- (b) the University agrees to continue to use the FTE student/FTE faculty ratio in determining the faculty complement. During the life of this Agreement, the University agrees that the FTE student/FTE faculty ratio for the whole University shall be 25:1;
- (c) the calculation of the student/faculty ratio (full-time equivalent (FTE) students to full-time equivalent (FTE) faculty) shall be as follows:
 - (i) the number of FTE students equals the number of full-time registered undergraduate and graduate students plus the total number of part-time student headcounts divided by 3.5 as reported to the Government of Ontario;
 - (ii) the number of FTE faculty equals the number of current full-time faculty as calculated for Statistics Canada, excluding seminary faculty and faculty on unpaid leaves of absence for the current academic year, plus the number of one-term .5 credit intramural courses or equivalents taught by Contract Academic Staff divided by six (6) excluding one-term course equivalents of tutorial/lab sections;
- (d) the University agrees that the complement of full-time faculty members in 2011-2012, and for the balance of the Agreement shall be in accordance with the ratio as set out in (b);
- (e) for each new provisional appointment made, the University may add in the initial year of the appointment the equivalent of two one-term intramural courses to the number of courses not included in the limit of courses taught by non-members under 34.4(a);
- (f) should revenues from tuition fees and government grants fail to provide sufficient funds to finance the additional full-time faculty appointments specified above, the University shall consult with the Association. In light of these changed circumstances, the Parties shall attempt to revise the schedule of appointments in such a way as to maintain the student/faculty ratio of 25:1, and to maintain the ratio of intramural courses taught by Members and non-members established under Article 34. If these twin objectives cannot be met, the Parties shall agree to revise the student/faculty ratio commensurate with the revenues available.

18.2.3.2 For monitoring student/faculty ratios and the effect of student enrolment on Members' workload, the University shall annually provide a report on March 1 to the Joint Liaison Committee with a copy to the Association which includes the following information:

- (a) the number of full-time (FT) students and full-time equivalent (FTE) students. The FTE students shall be the average of the fall and winter term enrolments as reported to the government of Ontario for the academic year;
- (b) the calculation of the number of full-time equivalent (FTE) faculty :
 - (i) the number of full-time faculty as reported to Statistics Canada;
 - (ii) the number of intramural courses taught by Contract Academic Staff in the fall and winter terms of the current academic year and spring/summer term of the previous academic year divided by six (6);
 - (iii) the full-time equivalent (FTE) faculty as the sum of (i) plus (ii);
- (c) the student/faculty ratio expressed as the ratio of full-time equivalent (FTE) students in (a) above to full-time equivalent (FTE) faculty in (b) above;

- (d) the student/faculty ratio for the current year expressed as FTE students in (a) above to full-time (FT) faculty in (b) (i);
- (e) the ratio in (d) shall be reported for the University and for each academic unit, namely Laurier Brantford, the Faculty of Arts, the Faculty of Education, the Faculty of Music, the Faculty of Science, the Faculty of Social Work and the School of Business and Economics;
- (f) when such reports become available, the most recent report of COU and Ministry of Colleges and Universities report on student/faculty ratios for Ontario universities.

18.2.3.3 The University shall have met its obligations under 18.2.3.1(b) if the student/faculty ratio target is met in the report of March 1 under 18.2.3.2. If the University has not met the student/faculty ratio target in two consecutive years, and no adjustment has been made under 18.2.3.1(f), the University, on or before April 18 of the second year of the shortfall in the student/faculty ratio, shall pay the following:

An amount equal to the shortfall in the number of FTE faculty over the two consecutive years of the shortfall times the salary of the floor of the assistant professor divided by the number of Members of the Bargaining Unit as of September 1 of the second year of the shortfall. This amount shall be paid to each Member employed as of September 1 during some or all of the current contract year.

18.2.4 Teaching:

18.2.4.1 Teaching, Counselling and Supervision:

- (p) the additional time in travel, committee responsibilities, teaching, and student supervision in graduate and other programs in partnership with neighbouring universities; and
- (q) special factors such as filming or broadcasting of lectures, or the use of teleconferencing.

18.2.4.3 If a Member teaches assigned courses that have a total enrolment in excess of 100 students or more in a given term and these courses have written assignments and tests that require hand marking and grading, the Member may request grading/marking assistance. The

Member makes this request to the Department Chair or equivalent within two weeks of the commencement of the term. Upon this request and confirmation of the enrolment in the class, the University, through the Chair, shall provide a minimum of one hour of grading/marking assistance for each student in excess of 100 to a maximum of 125 hours. When Departments do not have resources to provide such assistance, the provision of grading/marking assistance shall be the responsibility of the Dean. If the Member requests, and Departments have the resources, marking/grading assistance may be allocated to the Member in addition to the provisions of this clause.

18.2.4.4 With the exception of Members appointed to a Professional Teaching Position, a Member is entitled to one non-teaching term in each academic year. The scheduled teaching duties shall normally be in the fall and winter terms of the academic year. Those Members who teach in the spring term shall be entitled to one non-teaching term in the fall or winter term. With the mutual agreement of the Member and his/her Dean, a Member who is scheduled to teach for three or more consecutive terms shall be entitled to two or more consecutive research terms free of scheduled teaching.

18.2.4.4.1 If a Member appointed to a Professional Teaching Position is assigned teaching duties in each of three terms during an academic year, the assigned teaching duties in one of the three terms shall be no more than one one-term course.

18.2.4.4.2 If requested by a Member appointed to a Professional Teaching Position, the Chair and Dean shall ensure a teaching schedule that permits up to fifteen (15) days of the Member's vacation entitlement under 17.9 to be taken in a single block.

18.2.4.5 Subject to 18.2.4.7, assigned classes for an individual Member shall be scheduled in such a way as to permit twelve hours to pass between the completion of teaching one day, and the commencement of same on the next day. No Member shall be assigned a class schedule which requires more than three consecutive hours of teaching.

18.2.4.6 Subject to 18.2.4.7, the scheduling of courses shall permit every Member, with the exception of Members appointed to a Professional Teaching Position, to have at least one day per week for research during which he or she is not expected to teach scheduled classes.

18.2.4.7 A Member may arrange a schedule of teaching duties which does not conform to the provisions of 18.2.1.6, 18.2.4.4, 18.2.4.4.1, 18.2.4.5, and 18.2.4.6.

18.2.4.8 In recognition of its duty to accommodate employees with special needs, the University shall endeavour to schedule assigned teaching duties in accordance with Members' special needs. If a Member has special health needs or obligations to care for immediate family members with special needs, he/she may request, prior to April 15, that the Department Chair arrange a suitable scheduling of classes for the forthcoming academic year. If this schedule is not accommodated in the scheduling of assigned courses announced on or before May 15 pursuant to 18.2.2.1, the Member may request that the Dean provide an appropriate rescheduling of classes. The Dean shall make a reasonable effort to accommodate the Member's request.

18.2.4.9 In consultation with the Department Chair and subject to the approval of the Dean, and in addition to the provisions of 18.2.4.4 and 18.2.5.2, a Faculty Member may arrange his/her teaching duties so that, by teaching additional courses, but no more than one such course per term, the Faculty Member may have a reduced teaching load in another term. As well as this form of "course banking", a Faculty Member, in consultation with the Department Chair and subject to the approval of the Dean and the Vice-President: Academic, may plan a research term free of teaching duties by accumulating sufficient credit to be released from teaching for one term. Effective July 1, 2009, a Faculty Member may bank no more than three one-term courses or equivalent and courses banked pursuant to this Article 18.2.4.9 shall be banked for no more than three academic years. A record of all such agreements under this clause shall be kept in the Member's Official File.

18.2.5 Research and Scholarly Activities:

18.2.5.1 Each Member shall be entitled to and shall be expected to engage in and to have time available for research, scholarly, and creative activities. Furthermore, it is the responsibility of the Member to make the results of such work accessible to the University, the scholarly community, and general public through publication, conference presentations, lectures, public concerts or performances, and other appropriate means.

18.2.5.2 In fulfillment of its commitment to Members' research and scholarly activities under 18.1, and 18.2.5.1, Members appointed to Provisional Appointments shall have a teaching term free of assigned teaching duties once during the period of the provisional appointment. The scheduling of the term free of assigned teaching duties shall be subject to the agreement of the Member, the Department Chair or equivalent, and the Dean. If no agreement can be reached, the Dean shall assign the term free of teaching duties. The teaching load of the Member for the academic year in which the term free of teaching will be taken will be one half of the normal teaching load of the academic sub-unit or equivalent. When the normal teaching workload is five one-term courses, such a Member's teaching load shall be three one-term courses. When the normal teaching workload is six one-term courses, such a Member's teaching load shall be four one-term courses. During the term free of assigned teaching duties, the Member shall not be eligible to teach overload courses, except with the written permission of the Dean, copied to the Association.

18.2.5.3 In fulfillment of its commitment to Members' research and scholarly activities under 18.1, and 18.2.5.1, the University shall provide funds for the support of research of Members appointed to Provisional or Candidacy Appointments. These start-up funds shall be awarded by the Vice-President: Academic on the recommendation from the Dean. By December 1 of each year, the Vice-President: Academic shall submit a report to the Joint Liaison Committee on the University's start-up grants. The report shall list the total amount of the funds, the names of recipients, and the amount of each award.

18.2.5.4 When a Member applies for research funding with the intention of receiving funds to pay for a replacement of some portion of his/her teaching load, the Member shall consult with his/her Department Chair or equivalent, and shall have the proposed alternative teaching arrangements approved by the Dean. Where a Member has followed these procedures, and then receives research funding to allow an academic sub-unit or unit to hire a replacement for some portion of his or her teaching load in a given year, release time from teaching shall not be denied.

18.2.6 Academic, Professional and University Community Service:

18.2.6.1 Faculty Members have the right and responsibility to undertake a fair and reasonable share of administrative responsibilities including participation in the work of the University through membership on appropriate bodies; for example, Departmental or School, Faculty and Senate committees. Where participation in such bodies is by election or appointment, a Member shall be elected or appointed only with his/her consent. Those who have the responsibility to make such appointments shall make every effort to ensure that academic, professional and University community service commitments are equitably shared.

18.2.6.2 Members have the right to participate in the work of learned societies and professional organizations, including the Faculty Association, the Ontario Confederation of University Faculty Associations, and the Canadian Association of University Teachers. When a Member's service to such societies or associations conflicts with scheduled teaching or administrative duties, the Member shall make arrangements, subject to the approval of his/her Chair or equivalent, to make sure those duties and responsibilities are fulfilled. A Member's service to such societies and associations shall be considered in the assessment of the academic performance of the Member, and shall be treated in the same way as similar duties performed within the University.

18.2.7 Overload Teaching:

18.2.7.1 When regular intramural and Part-time Studies courses require staffing on a part-time basis paid by an overload stipend as specified in Article 30, the Dean or his/her designate shall first notify Members of the academic unit or sub-unit, as appropriate, of the availability of the

position at least five days before it is posted or advertised. Upon application in accordance with 18.2.7.2, a Member shall be given first consideration for the position and shall be offered the position if the Member has a full-time appointment during the term(s) in which the course is scheduled, has a satisfactory record as a teacher, and if the course is within his/her area of expertise. If the Member's application is denied, the Dean shall provide a written statement of reasons. A Member on Sabbatical Leave under 17.1, or on leave under 32.2.1 and 32.4.4, or who has received a research grant funded research time release, or who has requested and received a reduction in the assigned teaching workload under 18.2.1.3(c) and/or 18.2.1.3 (d), will not be eligible to teach overload courses except with the written permission of the Dean, copied to the Association.

18.2.7.2 To exercise this right of first consideration, a Member shall inform the Department Chair or equivalent in writing of his/her interest in teaching a course on overload. Written notices submitted annually by March 15 are valid for courses offered in the fall, winter and spring terms of the next academic year. Otherwise, to exercise the right of first consideration, Members shall inform the Department Chair or equivalent within five days of the notification to the Members of the availability of the course under 18.2.7.1. A Member who applies to teach a course on overload after the course has been advertised or posted shall be considered along with other applicants, subject to the seniority rights of Contract Academic Staff.

18.2.7.3 Should a course become available within two weeks of the beginning of the term or after the term commences, the Dean or his/her designate shall first notify Members of the academic unit or sub-unit, as appropriate, of the availability of the course. To exercise the right of first consideration, a Member shall apply to teach the course within one day of the notification being sent, and if the Member has a satisfactory record as a teacher, and if the course is within his/her area of expertise, the Department Chair may recommend to the Dean that the Member be appointed to teach the course without advertising or posting the position.

18.2.7.4 When a Member is offered an appointment to teach an overload course, the Member's regular assigned teaching workload under 18.2.2 shall not be amended without the Member's prior written consent.

18.2.7.5 In any one academic year (September 1 to August 31), a Member's additional teaching on overload stipends shall not exceed the equivalent of 3 one-term courses (or equivalent). Both intramural courses and special types of teaching, including off-campus and distance education courses, shall count as overload courses. In exceptional circumstances, and upon the request of the Member, this limit may be exceeded with the written approval of the Dean, copied to the Association.

18.2.7.6 In recognition of their contribution to the University community as teachers, the provisions for retired Members to teach courses on a part-time basis are set out in Appendix F.

18.2.7.7 Members on the Special Voluntary Exit Plan (SVEP) who teach courses while on this Plan shall be subject to the conditions for overload teaching under 18.2.7 and 30.10.

18.3 Information Technology:

18.3.1 A course developed by anyone or any organization may only be developed and/or offered at Wilfrid Laurier University through information technologies if it does not have the consequence of eliminating or reducing a Member's or Members' position(s).

18.3.2 Members teaching courses dependent on information technologies which involve the broadcast, transmission, re-transmission, publication, recording or storage of contents of the course shall exercise copyright and intellectual property rights under Article 36 regardless of the medium used to broadcast, transmit, retransmit, publish, record or store the course.

18.3.3 A Member shall not be required to introduce information technology as a component of a course unless the technology is specifically related to the subject matter, or the mode of delivery of the course has been approved by the Department, Area or equivalent academic sub-unit, or Faculty, as appropriate.

- 18.3.4** When a course includes an information technology requirement, once a Member has been assigned to teach a course, he/she shall not be required to change the course to an alternate mode of delivery in that academic year.
- 18.3.5** When the University requires computer technology for the delivery of a course, the University shall ensure that the Member teaching the course has in his/her office, and in the classroom, computer equipment capable of handling the required mode of delivery.
- 18.3.6** Nothing in the provisions of 18.3 shall prevent a Member from introducing or using information technology as part of a course.
- 18.3.7** To assist Members and to facilitate technological innovation within the University community, the University shall inform Members of training programs, and shall make these programs available to Members.

18.4 Online Learning and Other Special Types of Teaching:

- 18.4.1** The following provisions for Online Learning courses and Special Types of Teaching apply to courses Members teach as part of their assigned teaching workload or on paid overload.
- 18.4.2** Special Types of Teaching include courses which:
- (a) are taught at off-campus locations;
 - (b) are offered all or in part through the Internet.
- 18.4.3** Online Learning courses or Special Types of courses may be included in a Faculty Member's assigned workload only with his/her consent. The University shall fully reimburse the Faculty Member for any costs incurred in teaching these courses in accordance with the provisions of Article 38. If these courses are taught on an overload basis, Faculty Members shall receive an overload stipend as set out in Article 30. All such courses must comply with the regulations outlined in 18.2.2.3.
- 18.4.4** The introduction of an on-line credit course in a Faculty or Department shall be subject to 18.3 above, and to the recommendation of the Department or equivalent academic sub-unit and the curriculum approval of the Faculty.
- 18.4.5** Courses taught through Online Learning and Special Types of Teaching shall be subject to Senate policies on computers and information technology, and shall be in accordance with 18.3 above.
- 18.4.6** The Parties agree to the following specific provisions for Online Learning:
- (a) Members' use of Online Learning course materials shall respect and comply with University licensing and copyright agreements;
 - (b) Members shall provide course information, such as textbook requirements, requisite additional supplies, and methods of student assessment, as requested by the Office of Teaching Support Services in order to meet publication and other administrative deadlines;
 - (c) during the first week of the teaching term, provide a course outline in accordance with 18.2.4.1 (b) with a copy to the Office of Teaching Support Services;
 - (d) Members shall inform students of any significant periods of time during the term when they will be unavailable, and shall make appropriate arrangements with the Chair, Area Head or Course Coordinator to accommodate student needs in such absences;
 - (e) Assignments shall be submitted, graded and returned to students by Members in

electronic format through the Learning Management System unless otherwise approved by the Department Chair or equivalent. Responsibility for receipt and return of non-electronic student assignments shall rest with the Office of Teaching Support Services.

- (f) Members shall grade assignments and examinations in a timely fashion, and counsel students about their performance;
- (g) there shall be a teaching evaluation form for Online Learning courses as set out in Article 31.

18.4.7 In accordance with University Policy on the Use of Information Technology, the Office of Teaching Support Services shall only access electronic sites for courses with the permission of the instructor. The instructor may request technical assistance from the Office of Teaching Support Services, but is not obliged to give open access to communications between the Member and the students in the course.

18.4.8 Any changes in Information Technology proposed by Senate and its committees, or by the Office of Teaching Support Services shall be consistent with the terms and conditions of work of Members under this Article 18.

18.5 Annual Report of Activities:

18.5.1 Each Member shall submit a copy of an Annual Report of Activities to his/her Department Chair (or equivalent) and Dean by May 5 of each year. The Annual Report shall include a statement of activities for the previous May 1 to April 30 period.

18.6 Outside Professional Activities:

18.6.1 The nature of the professional competence of many Members affords opportunities for the exercise of that competence outside the Member's regular university duties, on both remunerative and non-remunerative bases. Recognizing that such professional activities can bring benefits to and enhance the reputation of the University and the capacity of Members, the University agrees that Members have the right to engage in part-time professional activities, paid or unpaid, provided that such activities do not conflict or interfere with the Member's obligations, duties and responsibilities to the University as defined in this Agreement, except as provided in clause 18.6.3 and subject also to the following conditions:

- (a) When a Member's outside activities involve the use of the University's facilities, supplies or services, their use shall be subject to the prior approval of the University. Costs for such facilities, supplies or services shall be borne by the outside group at prevailing rates set by the University, unless the University agrees, in writing, to waive all or part of such costs.
- (b) The name of the University shall not be used in any related professional activity unless agreed, in writing, by the Vice-President: Academic, although nothing shall prevent the Member from stating the nature and place of his/her employment, rank and title(s) in connection with related professional activities, provided that he/she shall not purport to represent the University or speak for it, or to have its approval unless that approval has been given in writing.

ARTICLE 19: LIBRARIAN MEMBERS' DUTIES, RESPONSIBILITIES AND WORKLOAD

19.1 Duties and Responsibilities:

19.1.1 The rights, duties and responsibilities of Librarian Members derive from the academic, professional and collegial nature of their work in the Library and in the University, and from their position as members of the academic community. Librarians' duties and responsibilities shall be an appropriate combination of:

- (a) Professional practice in the University Library;
- (b) Academic and community service within the University;
- (c) Scholarly and/or professional activity.

The exact distribution of individual duties and responsibilities may vary from time to time and from individual to individual. The normal workload of a Librarian Member shall balance professional practice, academic and community service, and scholarly and/or professional activity.

19.1.2 Professional Practice in the University Library:

- (a) Librarian Members concern themselves primarily with the academic needs of the University community. Through the collection, organization, and dissemination of informational materials, they facilitate access to and expansion of the world of knowledge. They perform an instructional, consultative, and research role through formal and informal instruction in the methods and sources of bibliography; advice on library research techniques; direction towards appropriate resources of information; and the search and retrieval of specific information requested by the Library's users.
- (b) Librarian Members' principal responsibilities shall consist of one or more of the following activities: public service, information service, collection development, acquisition of informational materials, cataloguing, bibliographical control, systems development, and any other recognized Library function performed by professional librarians.
- (c) Librarian Members' responsibilities include participation in assigned Library administrative and committee work and keeping informed of trends in library and information science applicable to their duties and responsibilities.

19.1.3 Academic Service within the University:

Academic and community service within the University includes the performance of administrative duties and membership on University or Association committees. Such academic and community service may be recognized as part of the Member's workload. Where participation on University committees or such other bodies is by election or appointment, a Member shall be elected or appointed only with his/her consent.

19.1.4 Scholarly and/or Professional Activity:

Librarian Members shall be entitled to and shall be expected to engage in scholarly and/or professional activities. Scholarly activity includes but is not limited to bibliographical work; research in librarianship or other subject areas; creative work, completed course work, degrees, or programs of study; and the dissemination of such scholarship in publications, conference papers, lectures and other credible forums. Professional activity includes, but is not limited to, the planning, implementation, and participation in workshops or conferences; participation in scholarly, library and professional associations including the Ontario Confederation of University Faculty Associations, and the Canadian Association of University Teachers; co-operative work with other libraries; and professional expertise used in service to the community at large.

19.1.5 The University agrees that Library functions commonly associated with the exclusive duties and responsibilities of professional librarians in Canadian universities should be performed by professional librarians, and the University will endeavor to assign responsibilities and workload accordingly.

19.1.6 The University Librarian shall ensure that the workload of Librarian Members shall be allocated in a fair and equitable manner. The variables to be considered when assigning workload include, but are not limited to, the following:

- (a) the needs of the Library;
- (b) the professional expertise and experience of the Member;
- (c) the Member's committee responsibilities, scheduled contact hours or tasks, and liaison activities;
- (d) the Member's scholarly and professional activity; and
- (e) the terms of the Member's appointment.

- 19.1.7** When the University Librarian proposes any significant changes in duties and responsibilities of a Librarian Member, the University Librarian shall first consult with the Member with a view to reach agreement on the proposed changes. If a significant change in the Member's workload is implemented, the revised workload shall be in accordance with 19.1.6.
- 19.1.8** If the University Librarian proposes a significant change in the distribution of assigned work among two or more Librarian Members, or proposes changes which affect the assignment of Members to departments in the Library, the University Librarian shall send a written proposal describing these changes to the librarians-in-council, and invite the librarians-in-council to comment and make recommendations. If such changes are implemented, any changes in Members' assigned workload shall be in accordance with 19.1.6.
- 19.1.9** Members engaged in research projects or scholarly studies have the right to apply for University support in the form of financial assistance, use of University facilities, and/or leaves of absence.
- 19.1.10** In support of Librarians' Scholarly and Professional Activity, the University shall enable Librarian Members who hold Provisional, Candidacy or Continuing Appointments, on full salary and within their regular workload, to pursue approved research projects or professional development opportunities.
- 19.1.11** To apply for time for a research or professional development project, a Librarian Member shall submit to the University Librarian a written proposal describing the project and the time required for it. Within twenty (20) working days, the University Librarian shall respond to the Member in writing stating whether the application is approved or denied. In the case of denial, there shall be a written statement of reasons.
- 19.1.12** When such a proposal is approved, the University shall provide release from normal responsibilities. Such release from normal responsibilities shall be scheduled by mutual agreement between the Librarian Member and the University Librarian. Within a contract year, the maximum release time for such projects shall be 22 days.

19.2 Librarians' Workload:

- 19.2.1** A Librarian Member's normal workload shall consist of duties and responsibilities specified in Article 16 and 19, and shall be performed within an average work week of 35 hours which includes evening and/or weekend service.
- 19.2.2** Hours of work shall be scheduled equitably, after consultation between the University Librarian and Members. One evening every two weeks and two weekend days per term shall be the limit of an individual Member's assigned service in the evenings or on weekends, unless otherwise stated in the letter of appointment, or agreed to by the University Librarian and the Member. Subject to the needs of the Library, within the average of a 35 hour work week under 19.2.1, daily hours of work may be flexible. Upon written request in advance to the University Librarian, a Member may propose a schedule in which some of his/her duties are performed off campus. In reviewing such requests, the University Librarian shall consider the needs of the Library and such requests shall not be unreasonably denied.
- 19.2.3** For hours worked in excess of the normal 35 hour work period, and when such excess work has been approved by the University Librarian, Members shall be compensated by the equivalent time off.

19.3 Complement of Librarian Members:

- 19.3.1** The University recognizes the impact of the growth in the number of students on the workload of librarians and the importance of professional librarians in the academic mission of the University. Accordingly, the University agrees to the following:
- (a) during the term of this Agreement, any Librarian Members employed in Provisional, Candidacy or Continuing Appointments, who retire, resign, or for other reasons leave the

employ of the University, shall be replaced by Provisional, Candidacy or Continuing Appointments;

- (b) the allocation of these appointments shall be in accordance with Article 14.9.

19.4 Annual Report of Activities:

Each Librarian Member shall submit to the University Librarian a copy of an Annual Report of Activities by May 5th of each year. The Annual Report shall include a statement of activities for the period from the previous May 1 to April 30. The Annual Report, which shall be completed on a standardized form supplied by the University Librarian, shall include the following information:

- (b) academic and community service within the University;
- (c) scholarly and/or professional activity.

ARTICLE 20: APPOINTMENT WITH REDUCED LOAD

20.1 Application and Conditions for Reduced Load:

20.1.1 An Appointment with Reduced Load is an appointment in which a Member, at his/her request and subject to the University's approval, carries a reduced workload for a specified period of time.

20.1.2 A Reduced Load shall normally constitute the same proportional reduction in each of the components of the Member's workload as specified in Article 18 or 19 as appropriate, except where the Member and the University agree to a variation. It may constitute a reduction throughout the academic year or a release from workload for a portion of the academic year or any combination thereof. It shall normally not involve a reduction of more than two-thirds of normal workload or a release from all workload for more than two-thirds of the academic year. The Reduced Load shall continue for a specific period of time, and shall normally begin on any July 1 or January 1 and end on any June 30 or December 31.

20.1.3 A Member initiates the application for Appointment with Reduced Load in writing to the Vice-President: Academic by requesting a change from full-time to reduced-load. A copy of the application will be sent by the Member to the Association. A request from a Member for Reduced Load shall not unreasonably be denied, and the application shall be dealt with within 30 days of application.

20.1.4 The application should include proposals for:

- (a) the period of time for the Reduced Load Appointment;
- (b) a detailed plan of the nature of the reduction;
- (c) any other conditions the applicant deems relevant.

20.1.5 The University shall negotiate the terms of a Reduced Load with a Member, and the Member is entitled to have a Grievance Officer of the Association, or a Member of his/her choice, attend the negotiating sessions.

20.1.6 No Reduced Load Appointment shall take effect unless and until the Member and the University agree in writing to all the terms and conditions of the Reduced Load. When a Reduced Load is negotiated, the duration of the agreement must be specified. When the agreement has been signed, the University shall send a copy of the agreement to the Association.

20.2 Rights of Member with Reduced Load:

- 20.2.1** A Member with Reduced Load has all the rights under this Agreement of a Member on full load except as specifically excluded in the Reduced Load Agreement. A reduced workload shall not change the Member's rights to security of employment. The Member may negotiate with the University that the time spent on reduced workload shall count as a full period of service for the accumulation of Sabbatical Leave or Academic and Professional Leave credit. Failing such agreement, time spent on reduced load shall count no less than the proportion of the reduced load as a period of service for Sabbatical Leave or Academic and Professional Leave credit.
- 20.2.2** A Member with a Tenure or Continuing Appointment with Reduced Load has all the rights of tenure or of a Continuing Appointment as defined, respectively, in Article 15 or 16.
- 20.2.3** A Member, who is on a Reduced Load for the purposes of family care or elder care responsibilities, may elect to have his/ her appointment extended by one year if:
- a) the Member's load was reduced to 50% or less in any year during their provisional or candidacy appointments; or
 - b) the cumulative reduction of the Member's load is 75% or more over the term of their provisional and/or candidacy appointments.

An extension of appointment under this clause, 20.2.3, may only occur once during the Member's provisional or candidacy appointments. Notice of such extension shall be given one month prior to the application date for Candidacy, tenure or Continuing Appointment, as appropriate.

This clause does not apply to Members on Limited Term Appointments.

- 20.2.4** When a Member moves from a full load to a Reduced Load Appointment, the Members of the academic unit or sub-unit shall recommend to the Dean or University Librarian, as appropriate, how every part of the unassigned teaching, library and other duties should be assigned. The Dean or University Librarian shall include the Members' recommendation with his/her recommendation to the Vice-President: Academic, who shall take the said recommendations into account before making a decision. The decision shall be communicated in writing, with reasons, to the Members of the unit or sub-unit. Every part of the assignable workload of a Member on Reduced Load shall be made available to Members as overload; failing its acceptance as overload by a Member or Members, the assignable workload may be offered to non-Members. Alternatively, it may be included in the planned workload of a new appointment to the Bargaining Unit.

20.3 Salary and Benefits:

- 20.3.1** For an Appointment with Reduced Load, the Member's Reference Salary shall be subject to all salary adjustments which would be applicable to that Member's salary had he/she been on full load. During the negotiated period of service under the reduced workload, the actual salary received by the Member shall be a negotiated proportion of the Reference Salary.
- 20.3.2** Except as provided for in this Article 20, or as may be negotiated between the parties, a Member with Reduced Load is entitled to full benefits related to his/her Reference Salary. For non-salary related benefits during a period of reduced workload, the University shall continue to pay its portion of the premiums for the Member's benefits. The Member has the option of making pension contributions on the basis of either his/her actual or Reference Salary, and the University shall make its contributions on the same basis. A Member on Reduced Load who is on sick leave under 17.7 is entitled to receive 100% of his/her Actual Salary during the period of the Reduced Load Appointment.
- 20.3.3** While on Reduced Load, the Member's Professional Expense Allowance under 38.2 shall be prorated on the basis of the Member's reduced salary. There shall be no reduction in the allocation of travel funds to the Member's academic unit or sub-unit, as provided for under 38.3.1.
- 20.3.4** The contributions and coverage under the Long Term Disability Plan shall be based on the Member's actual salary.

- 20.4** Members of the Bargaining Unit already on Reduced Load when this Agreement takes effect shall be covered by all the terms and conditions of this Article, but nothing in this Article shall be deemed to prejudice the terms and conditions of employment of such individuals.

ARTICLE 21: ADMINISTRATION OF ACADEMIC SUB-UNITS

21.1 Administration of Departments:

- 21.1.1** Each Department in the Faculties of Arts and Science and the Department of Economics in the School of Business and Economics shall have a Chair. For purposes of this Agreement, the Associate Deans of Business shall be considered as Chairs. - 21.4.1.2** Prior to the expiry of the term of the Chair, the Dean of the Faculty shall convene a meeting of the department-in-council, and shall conduct an election for the position of Chair. The election procedures shall include the following provisions:

- (a) should there be more than two candidates for the position of Chair, on each required ballot, the candidate with fewest votes shall withdraw until two candidates remain on the ballot;
- (b) when there are two candidates, a successful candidate needs to have majority support from the Members in the academic sub-unit and majority support from the department-in-council;
- (c) in the event of a tie in a vote with two candidates, subsequent ballots will be held until one candidate achieves a majority of votes cast;
- (d) if under (b), no candidate has sufficient support, the Dean shall select which of the two candidates shall serve as Chair;
- (e) if there is one candidate, the Dean shall conduct a referendum (a yes/no ballot), and the candidate requires a simple majority vote of the department-in-council to be elected chair;
- (f) if the candidate fails to receive a majority under (d) or if there is no candidate willing to stand for election, the Dean shall appoint the Chair;
- (g) any other procedures shall be agreed to by the Dean and the department-in-council. The Dean shall send department-in-council members and the Association copies of these procedures and any subsequent amendments prior to their coming into effect.

- (j) such duties as are specified in this Agreement.

21.4.2 Procedures for Review and Removal:

- 21.4.2.1** If the Dean has reason to review the performance of a Department Chair, the Dean shall request a meeting with the Chair by giving a written notice with a statement of the reasons for the meeting. This notice shall inform the Member of his/her right to be accompanied by a

representative of the Association. The Dean's review shall assess the Department Chair's performance under the terms of 21.4.1.3.

21.4.2.2 Within 5 working days of the meeting, the Dean shall provide the Department Chair a written report of the review under 21.4.2.1. If the Dean finds that a department vote of confidence is not warranted, no action shall be taken. The Dean shall inform the Department Chair of this decision in writing.

21.4.2.3 If following the review, the Dean finds there are grounds for a further review, he/she shall advise the Member in writing that a meeting of the department-in-council will be called to conduct a vote of confidence in the Chair. The written notice shall include a statement of reasons for calling the vote of confidence to allow the Chair an opportunity to respond, and shall inform the Member in writing of his/her right to be represented by the Association.

21.4.2.4 Under this Article, a Department Chair may only be removed from office by a vote of non-confidence of the department-in-council. The Dean shall convene a meeting of the department-in-council, and shall provide members in attendance at the meeting with a copy of the Dean's statement of reasons for calling the vote of confidence. The proceedings of the meeting shall be as follows:

- (a) the meeting shall be chaired by the Dean;
- (b) 50% of full-time faculty members of the department shall constitute a quorum; only those present at the meeting shall be eligible to vote;

- (e) the motion shall be put in the affirmative, "that the department has confidence in the Chair's conduct of department affairs under 21.4.1.3;"
- (f) if the motion is defeated by 50% plus one of the votes cast, the Chair has lost the vote of confidence.

21.4.2.5 At any time in this process, the Department Chair may submit his/her resignation.

21.4.2.6 Following resignation, or removal from office after the vote under 21.4.2.4, the Department Chair will no longer receive a stipend, shall retain Sabbatical Leave credit up to the end of the academic term in which the Member has served as chair, and there shall be no adjustment in his/her teaching workload for the duration of the academic term.

21.4.2.7 If a Department Chair is of the opinion that he/she does not have the support of department members, the Chair may call upon the Dean to conduct a vote of confidence under 21.4.2.4. In this case, the Department Chair shall provide the Dean and the members of the department-in-council with a written statement of reasons for calling for the vote.

21.4.2.8 Following the resignation or removal of the Department Chair, the department-in-council shall elect a new Chair under 21.4.1 or an acting Chair under 21.4.4, as appropriate.

21.4.4.2 If the Department Chair is on leave of absence or otherwise unable to fulfil the duties of Chair for a period of longer than one month and less than or equal to 12 months, the Department-in-Council shall elect an Acting Chair. The Acting Chair shall receive an administrative stipend for the period of service based pro rata on the administrative stipend of the Department Chair. If the Acting Chair serves for a period of one term or more, he/she shall receive course release(s) on a pro rata basis in accordance with 21.4.3.1 (b). If the Department Chair is on leave of absence or otherwise unable to fulfil the duties of Chair for a period of longer than 12 months, he/she shall resign as Chair, and the Dean will conduct an election for a new Department Chair.

- (c) when a Librarian Member has applied for a Department Head Appointment, or the renewal of such an appointment, the University Librarian shall provide a copy of the Member's Official File to the Librarian Appointment and Promotion committee within 10 days of receiving the application.

21.6.6 Each Department Head in the Library shall have a workload that is consistent with the provisions of 19.2. If the acceptance of a Department Head position results in a change to a Librarian Member's responsibilities, the Member shall be entitled to a reduction in his/her existing duties in recognition of the additional administrative workload. The form of this reduction shall be mutually agreed upon by the Librarian Member and the University Librarian.

21.6.7 The term of a Department Head shall normally be for a five year period, and may be renewed. Sixty days prior to the appointment coming to term, a Member holding a Department Head position shall inform the University Librarian in writing if he/she wishes to seek renewal or wishes to resign from the position of Department Head. Within 10 days of receiving this notice, the University Librarian shall advise the LAP Committee to review the performance of the Department Head, or if the Member does not seek a renewal of the position, to conduct a search pursuant to 21.6.5.

21.6.8 Within 20 days of receiving the notice under 21.6.7, the LAP Committee shall review the performance of the Member seeking renewal and make a recommendation to the University Librarian whether or not the appointment should be renewed for another term.

21.6.9 Within 10 days of receiving the recommendation under 21.6.8, the University Librarian shall inform the Member and the LAP Committee whether or not the appointment is to be renewed. If the

LAP committee makes a recommendation against renewal and the University Librarian accepts this recommendation, or if the University Librarian denies a positive recommendation from the LAP Committee, the University Librarian shall provide the Member and the LAP Committee with a written statement of reasons.

21.6.10 A Member whose position as Department Head is not renewed retains his/her Appointment and Rank.

21.6.11 When a Member who is a Department Head goes on leave, the University Librarian shall appoint a Member as Temporary Department Head. A Member shall only serve as Temporary Department Head with his/her consent. The period of leave of a Department Head shall not be for a period of longer than 12 months. If the Member's leave is for longer than 12 months, the Member shall resign as Department Head and a new Department Head shall be appointed.

21.7.1 In departmentalized Faculties, each department, excluding the Department of Business in the School of Business and Economics, shall have an undergraduate officer. This officer assists the Chair and the department-in-council in the administration of the department, provides academic counselling to students in the program, and performs other duties as appropriate.

21.7.2 Each academic unit or sub-unit with a graduate program shall have at least one graduate coordinator. This coordinator assists the department-in-council in the development, planning and administration of the graduate program including the recruitment of students, administration of applications, academic counselling of students, administration of graduate committees, thesis and other examinations, and serves as the department liaison with the Dean of Graduate and Postdoctoral Studies and Graduate Faculty Council.

21.7.3 Undergraduate officers and graduate coordinators are appointed annually by the department-in-council. No member shall be appointed without his/her consent.

21.7.4 Each undergraduate officer and each graduate coordinator shall have at least a teaching reduction of a one-term course. In light of the number of students in the program, and/or the variety and complexity of degrees and programs of studies to be administered, the Dean may provide an additional course release and/or an administrative stipend. The minimum stipend shall be one-half of the stipend provided to the Department Chair. The Dean shall advise the Department Chair and the department-in-council of the course release(s) and administrative stipends, if any, for the undergraduate officer and graduate coordinator before Members are appointed to these positions.

21.7.5 Each interdisciplinary program shall have a Program Coordinator. Once a program has students enrolled, the Program Coordinator shall be elected by the Program Coordinating Committee. The term of office of the Program Coordinator shall be a maximum of three (3) years, and the term of office may be renewed. The Program Coordinator chairs the Program Coordinating Committee as specified under 13.12.1(h), and has the duties and responsibilities equivalent to a Department Chair under 21.4.1.3.

21.7.6 In recognition of their administrative and other duties, a Program Coordinator shall be granted an appropriate course release and/or administrative stipend as follows:

- a) When the total number of undergraduate students registered in an interdisciplinary program is equal to or greater than the total number of undergraduate students registered in any department within the academic unit, the program coordinator shall receive a

teaching reduction of 2 one-term courses and a stipend under 30.11.1.

- b) When the total number of undergraduate students registered in an interdisciplinary program is equal to or greater than half of the total number of undergraduate students registered in any department within the academic unit, the program coordinator shall receive a teaching reduction of one (1) one-term course.
- c) In all other circumstances the Program Coordinators will receive a course release or stipend at the discretion of the Dean.

For the purposes of (a) and (b) above, the number of students shall be based on Table A6 of the Registrar's Office Reports for the Fall and Winter Terms of the previous academic year. For new programs, it will be based on the current academic year's Registrar's Office Report for the Fall term. Laurier Brantford programs will be compared to departments in the Faculty of Arts.

21.7.7 No Member shall be appointed or elected Program Coordinator without his/her consent. When a Member is offered the position of Program Coordinator, the Dean shall make the offer in writing and shall include a statement of the number of course releases and administrative stipend, if any, for the position, copied to the Association.

ARTICLE 22: EMPLOYMENT EQUITY

22.1 General:

In accordance with the University's general commitment to non-discrimination, as contained in Article 8, and to the principles of employment equity, the Parties recognize that particular measures are required to promote equity in the employment of women, aboriginal peoples, persons with disabilities, persons who are in a visible minority in Canada, and persons in a sexual and/or gender minority hereinafter collectively referred to as "the designated groups".

22.2 Equity in Employment:

22.2.1 Consistent with the principles of employment equity, the Parties are committed to eliminating or modifying those employment policies, practices, and systems, whether formal or informal, shown to have an unfavourable effect on the appointment, retention, remuneration, and promotion of members of the designated groups.

22.2.2 The University agrees to maintain search procedures in academic units and sub-units which require an active search for qualified persons from the designated groups, including:

- (a) advertisements which include the statement that the University is committed to employment equity and welcomes applications from qualified women and men, including persons of all genders and sexual orientations, persons with disabilities, Aboriginal persons, and persons of a visible minority;
- (b) providing to each chair of a Department (or equivalent) Appointment and Promotion Committee, under 13.12 and to the chair of the Librarians' Appointment and Promotion Committee under 14.8, a copy of the letter of understanding of May 28, 2009 which provides guidelines for fairness and equity in appointments;
- (c) other such measures as authorized by the Dean or University Librarian in consultation with the Chair or equivalent representative of Members of the academic unit or sub-unit, and the Employment Equity Coordinator.

22.2.3 The Parties agree that it is desirable for the University's employee complement to change over time to reflect the evolving composition of Canadian society, including appropriate representation of the designated groups.

- (a) Based on a process of self-identification, the University shall maintain an ongoing employee data base to identify membership in the designated groups.
- (b) "Under-representation" by gender shall be determined as defined in 22.3.3.
- (c) "Under-representation" of the other designated groups as defined under 22.1 shall be deemed to exist when:
 - (i) Faculty Members of one of these designated groups constitute a smaller proportion of the membership than exists in the national Canadian Accessibility Pool, as reported by Statistics Canada.
 - (ii) Librarian Members of one of these designated groups constitute a smaller proportion of the membership than exists in the national Canadian Accessibility Pool, as reported by Statistics Canada.
- (d) Where there are no applicants from any of the designated groups for a position, or where the Department (or equivalent) Appointment and Promotion Committee recommends a short-list for interview which does not include a candidate from one of the designated groups, the Dean or University Librarian shall review the process and the recommendation of the Department Appointment and Promotion Committee and may, in light of the Employment Equity Plan, decide to continue with the existing short-list, to extend the competition deadline, to undertake additional advertising, or to take other measures needed to widen the applicant pool.
- (e) Subject to Article 8.2, the best qualified person shall always be recommended for appointment. However, where the qualifications of the leading candidates for appointment are substantially equal, and one or more is from a designated group or groups for which under-representation has been found to exist, the most qualified candidate from an under-represented group shall be deemed the best qualified and shall be recommended for appointment. If the candidates from the under-represented groups are equally qualified, the Department (or equivalent) Appointment and Promotion Committee shall forward the names of the equally qualified candidates to the Dean, and the Dean shall select the candidate for appointment in accordance with University Employment Equity Plan.

In order to ensure that the final stages of any appointment competition adequately reflect the diversity of Canadian society, appointment committees shall take special care not to eliminate at early stages potentially strong candidates who are women, visible minorities, aboriginal people, persons with disabilities, or persons in a sexual and/or gender minority. In selecting applicants for the final stage of competition, committees shall include the names of candidates from these groups who are potentially equal to other candidates at the final stage.

- (f) At the time of making a recommendation to the Dean/University Librarian, the Department Appointment and Promotion Committee or equivalent shall make a report on the search process which includes:
 - (i) the total number of applicants and the number with doctorates or appropriate professional qualifications, the numbers of male and female applicants where gender is known, and the numbers with doctorates or appropriate professional qualifications, and, where known, the same information for applicants from the other designated groups;
 - (ii) a rank-ordered short-list which formally presents the qualifications of each candidate and the reasons for the ranking.

The Dean or University Librarian shall review this report prior to recommending any formal offer of appointment.

22.3 Gender Equity:

22.3.1 In keeping with the principle expressed in 22.2.3, and to address “under-representation” by gender in academic units and sub-units, the Parties agree to the following measures:

- (a) where an academic unit or sub-unit is under-represented by gender under 22.2.3 (b) and 22.3.3 and the Department (or equivalent) Appointment and Promotion Committee recommends a short-list for interview which does not include a female candidate, the Dean or University Librarian shall review the process and the recommendation of the Department Appointment and Promotion Committee and may, in light of the Employment Equity Plan, decide to continue with the existing short-list, to extend the competition deadline, to undertake additional advertising, or to take other measures needed to widen the applicant pool;
- (b) pursuant to 13.12.1 (e), every Department (or equivalent) Appointment and Promotion Committee shall include at least one female tenured Faculty Member. In those instances where an academic unit or sub-unit must appoint such a member from outside the department (or equivalent), it shall consult with the Association before making the appointment. Members appointed to serve in this capacity shall be invited to participate in the Employment Equity workshop under 22.6.1;
- (c) pursuant to 13.12.1 (f) (iii) the chair or designate of the Department (or equivalent) Appointment and Promotion Committee shall participate in the Employment Equity Workshop under 22.6.1.

22.3.2 To assist with appointment procedures, the Vice-President: Academic by September 30th of each academic year shall provide the Deans, the University Librarian, and the Chairs or equivalents with the following information for each academic unit or sub-unit in accordance with the reports under 22.3.3:

- (a) the number of searches for Member positions in the previous Contract Year; for each search, where known, the numbers of female and male applicants, the numbers of female and male applicants with doctorates or appropriate professional qualifications, and, where known, the gender of the appointee;
- (b) the composition by gender of the Members in each academic unit and sub-unit by rank and status of appointment;
- (c) the percentages of women and men, by discipline, in doctoral programs in Canada and in graduate degree programs in librarianship in Canada, as reported by Statistics Canada;
- (d) the percentage of doctoral degrees, by discipline, and graduate degrees in library science awarded in Canada to men and women, as reported by Statistics Canada;
- (e) in so far as such information is known and available, information under (a), (b), (c), and (d) above relating to aboriginal peoples, persons with disabilities, and persons in a visible minority;
- (f) a statement whether the unit or sub-unit is subject to the definition(s) of under-representation provided for in this Article.

22.3.3 For the purpose of defining “under-representation” by gender and for the reports on the composition of academic units and sub-units under 22.3.2, the following provisions shall apply:

- (a) the Bilateral University-Association Employment Equity Committee, under 22.5, shall review the Statistics Canada data and determine how it is to be applied to academic units and sub-units, as defined under (b) below;
- (b) where possible, the assessment of “under-representation” shall be based on the composition of academic sub-units, and for this purpose Areas in the Department of

Business shall be treated as academic sub-units; for the Faculties of Education, Music and Social Work, the assessment of “under-representation” shall be the academic unit;

- (c) where Statistics Canada data for an academic unit or sub-unit under (b) above is available and applicable, under-representation by gender shall be deemed to exist when the number of female faculty members of an academic unit or sub-unit is two(2) standard deviations below the five-year running mean of the number of female doctoral candidates in the discipline (as reported by Statistics Canada);
- (d) where Statistics Canada data for an academic unit or sub-unit under (b) above is not available or not applicable, “under-representation” by gender exists when fewer than 40% of the tenured or tenure-track appointments are held by women;
- (e) where Statistics Canada data is available and applicable, under-representation by gender shall be deemed to exist when Librarian Members of one gender constitute a smaller proportion of the membership than exists in the pool of students (as reported by Statistics Canada) in graduate degree programs of librarianship in Canada;
- (f) the Bilateral University-Association Employment Equity Committee shall conduct an annual review of Statistics Canada data under this Article, and shall issue a report providing the requisite information under 22.3.2 to the Vice-President: Academic and the Association by September 1 of each contract year.

22.3.4 Equity in Tenure and Promotion:

The Parties recognize that there may be differences between the careers of men and women. These differences include, but are not limited to, the effects of primary responsibility for family care and related career interruptions, part-time education, and work history. The following measures shall be implemented to protect against forms of systemic discrimination which are a product of these career differences:

- (a) the University is committed to creating an environment where these differences in career histories and family responsibilities do not bias appointment decisions, the evaluation of candidates in peer review processes, University grants, merit awards, and salary adjustments. Where such barriers are proven to exist, the University, in consultation with the Association, shall eliminate such barriers to equal opportunity and career advancement;
- (b) an employment equity representative shall sit as a non-voting member of the Senate Promotion and Tenure Committee. This person shall be selected by agreement between the President and the President of the Association from a list of Members approved annually by the Joint Liaison Committee. This person shall act as a resource to the Committee on equity processes, procedures and issues, and shall submit an annual report to the President and the President of the Association with a copy to the chair of the Senate Promotion and Tenure Committee.

22.4 Employment Equity Coordinator:

The University agrees to continue to staff the position of Employment Equity Coordinator, reporting to the President or designate, to assist the University in fulfilling its commitment to non-discrimination, as stated in 8.1, and its commitment to promote employment equity, as stated in this Article.

22.5 Bilateral University-Association Employment Equity Advisory Committee:

- 22.5.1** To assist with the implementation of the provisions of this Article, the Parties agree to establish a Bilateral University-Association Employment Equity Committee within 60 days of the ratification of the Agreement. This committee shall consist of:

- (a) three (3) representatives appointed by the Association, at least two of whom shall be members of one of the designated groups and at least one of whom shall be from Laurier Brantford;
- (b) three (3) representatives appointed by the President, at least two of whom shall be members of one of the designated groups and at least one of whom shall be from Laurier Brantford;
- (c) the Employment Equity Coordinator, who shall be a non-voting member.

One of the Association representatives and one of the University representatives shall serve as co-chairs of the Committee.

22.5.2 The Bilateral University-Association Employment Equity Committee shall, with respect to Members:

- (a) at the call of the co-chairs, meet as required to fulfil its mandate and obligations under this clause 22.5;
- (b) assist the Employment Equity Coordinator with the planning and preparation of the annual workshop on employment equity policies and procedures under 22.6.1, and consider requests for exemption from the workshop under 22.3.1 (b);
- (c) review Statistics Canada data and information on the composition of academic sub-units and units, and submit a report under 22.3.3;
- (d) receive and review the report which the University submits to the federal government under the Federal Contractors Program and Employment Equity Regulations, and the reports of the Employment Equity Coordinator;
- (e) identify any systemic barriers in recruitment, employment and promotion policies and procedures that discriminate against aboriginal peoples, people with disabilities, persons in a visible minority, women, and persons in a sexual and/or gender minority;
- (f) review on an on-going basis employment equity plans at other universities in Canada;
- (g) provide information and recommendations to the University Employment Equity Advisory Committee concerning the realization of the University's commitment to non-discrimination and equity in the employment of members of the designated groups;
- (h) provide copies of all Committee reports and recommendations to the President and the Association.

22.6 Employment Equity Workshop and Information:

22.6.1 Before October 15 of each academic year, the University, in consultation with the Association, shall provide an Employment Equity Workshop for chairs or designates of Appointment and Promotion Committees, and for Members who are designated to serve on Appointment and Promotion Committees or on the Senate Promotion and Tenure Committee under the provisions of this Article 22.

22.6.2 The University shall provide the following information to the Association:

- (a) by September 30th of each academic year, the reports listed in 22.3.2;
- (b) the reports of the Employment Equity Coordinator relating to Members;
- (c) the reports which the University submits to the federal government under the Federal Contractors Program and Employment Equity Regulations when those reports are submitted.

22.7 Pay Equity:

Factors which differentiate on the grounds of gender shall not be used to justify any salary differential among Members. On or before January 15, 2013, the Parties agree to constitute a Joint University-Association Pay Equity Committee composed of two representatives of the University and two representatives of the Association. The Committee shall undertake its review and report to the University and the Association by May 1, 2013. The Committee shall review the methods and procedures used in the 2006-2007 Pay Equity Review. In light of this review, the Committee shall determine its own methods and procedures for the identification of salary differentials based on gender. Any salary differential which has resulted from gender discrimination shall be addressed, and the remedy shall be such that no Member's Reference Salary shall be lowered. Any adjustment in the Member's Reference Salary shall be effective July 1, 2012.

22.8 Accommodations for Members with Disabilities:

If funds are required to pay for services, equipment or other accommodations for a Member with disabilities, the Department Chair or equivalent shall consult with the Member and shall make a written request to the Dean or University Librarian. This request shall list the type of accommodation required, and its intended purpose. The University shall review such requests, and these requests shall not be unreasonably denied.

ARTICLE 23: PROGRAM REDUNDANCY

23.1 The University may implement a program redundancy, as defined in 23.3, only on the recommendation of Senate, and only for academic reasons under 23.5.

23.2 Subject to 11.1.2 of this Agreement, and the provisions of this Article, the Parties recognize the authority of Senate to restructure the University's academic programs by introducing new programs, by changing existing programs, or by cancelling programs.

No Member shall either:

- (a) be transferred except in accordance with Article 35.4 or this Article; or
- (b) be laid-off, terminated, or otherwise penalized with respect to terms and conditions of employment and/or rights or privileges relating to employment for academic reasons except in accordance with this Article.

23.3 Program Redundancy refers to the cancellation of an academic program when such cancellation results in the transfer (except in accordance with 35.4), lay-off, termination, or other detrimental change in the terms and conditions of employment of a Member. An academic program is one or more of:

- (a) a group of courses approved by Senate which may lead to a diploma, certificate, or degree;
- (b) an academic unit or sub-unit which delivers such a group of courses;
- (c) a research program;
- (d) an academic unit or sub-unit which is responsible for a research program; or
- (e) any other academic unit or sub-unit to which Members are assigned.

23.4 If the University proposes to declare a program redundancy, it shall inform Senate and the Association in writing, and provide a copy of the plan for the program redundancy, a detailed statement of the academic reasons for such a proposal, and its reasons for believing that the

transfer or lay-off of Members of the academic unit or sub-unit affected may be required.

23.5 Program redundancy may be declared only for bona fide academic reasons as determined by Senate. If low student enrolment is argued as a bona fide academic reason, it must be demonstrable that a major decline has occurred which has produced a condition of low enrolments for at least three consecutive years, and that there is no reasonable probability of an increase in enrolment over the next three years.

23.6 As of the date of the notice given in 23.4, in the academic unit or sub-unit in which the redundancy is proposed and in related units and sub-units, Limited Term Appointments shall be allowed to expire, and the University shall impose a moratorium on the hiring of new Members in those academic units and sub-units until a negative finding of the Redundancy Committee or Senate under 23.14, or until the transfers and lay offs under 23.17 have taken effect. During the same period, the University shall not create any new administrative positions which would be excluded from other collective agreements to which the University is bound.

23.7 Upon receipt of the notification in writing under 23.4, Senate shall institute a Redundancy Committee, as provided for under 23.8, with the mandate to determine if bona fide academic reasons exist for the declaration of a program redundancy under 23.13.

23.8 The Redundancy Committee shall consist of the following:

- (a) two (2) members appointed by the University;
- (b) two (2) members appointed by the Association;
- (c) an independent non-voting chair selected by the other four members of the Committee.

In the event that no agreement can be reached on an independent chair, then the Committee shall include three representatives from the University and three representatives from the Association, with the Committee chaired jointly by one representative of the Association and one representative of the University. No member of the Redundancy Committee shall belong to the academic unit or sub-unit affected by the proposed redundancy, nor shall any member of the Committee have participated in the preparation of the University's proposal under 23.4.

23.9 The Redundancy Committee shall meet within 10 days of its appointment and shall establish its own procedures.

23.10 The University shall cooperate with the Redundancy Committee in its deliberations and shall provide all documentation necessary to establish to the satisfaction of the Committee whether bona fide academic reasons exist for a declaration of program redundancy.

23.11 The Redundancy Committee shall provide all interested persons or groups with a full opportunity to make submissions prior to formulating its report to Senate.

23.12 Within 40 working days of its first meeting, the Redundancy Committee shall submit a written report to Senate with a copy to the Association.

23.13 The Redundancy Committee shall determine whether:

- (a) bona fide academic reasons exist for the declaration of a program redundancy; or
- (b) bona fide academic reasons do not exist for the declaration of a program redundancy.

23.14 If the Redundancy Committee reports to Senate that bona fide academic reasons do not exist for a declaration of program redundancy, no further action shall be taken. If the Redundancy Committee reports that bona fide academic reasons exist for a program redundancy, Senate may confirm or reject the finding of the Committee.

23.15 If the Redundancy Committee and Senate declare that bona fide academic reasons exist for a

declaration of program redundancy, the President or designate shall prepare a detailed plan for the implementation of the program redundancy proposed under 23.4. This plan shall be in accordance with the terms of this Collective Agreement, shall affect Members' terms and conditions of employment only to the extent necessary to alleviate the academic problem identified under 23.4, and shall be based on sound academic reasons. The plan shall include:

- (a) a list of Members affected by the redundancy;
- (b) a list of academic and administrative positions to which each such Member could be transferred with or without retraining, considering his/her academic and professional qualifications;
- (c) a list of all other options other than lay-off, including but not limited to research/study leaves, voluntary early retirement, voluntary resignation, voluntary transfer to Reduced Load status, and redeployment;
- (d) a statement whether the options under (b) and (c) above satisfy the requirements of the redundancy plan; and,
- (e) if the options under (b) and (c) do not meet the requirements of the redundancy plan, a list of Members to be laid-off, with a statement of the academic and professional reasons why each individual Member is selected for lay-off. Where a Member consents in writing to the lay-off a statement of academic and professional reasons need not be given.

23.16 Within 20 days of the Senate recommendation under 23.14, the redundancy plan under 23.15 shall be sent to the Association for comment. The Association shall make its comments in writing to the President within 20 days of receipt of the redundancy plan.

23.17 Within 20 days of receipt of the Association's comments, and with due consideration of these comments, the President shall present to both the individual Members concerned and the Association the plan for the transfer, retraining, or lay off of Members. Members may be transferred, retrained, or laid-off only in accordance with the provisions of this Collective Agreement.

23.18 Members made redundant by a program redundancy shall be transferred to or retrained for other academic or administrative positions in the University. Such transfer shall be subject to the provisions of 23.19 and 23.20. Lay off of Members for academic program reasons may occur only if no suitable positions are available through transfer or retraining considering their academic and professional qualifications.

23.19 The Member or Members may be transferred to another unit or sub-unit in the University for which he/she is qualified only with his/her written consent and with the consent of the Members in the unit or sub-unit to which the redundant Member is to be transferred. The consent of this academic unit or sub-unit shall not be unreasonably withheld. Rank, Reference Salary, benefits and seniority shall be transferred with the Member or Members. Any transfer of a Member to an administrative position outside of the Bargaining Unit shall be on terms and conditions satisfactory to the Member and the University. A Member transferred under this Article shall retain recall rights pursuant to 24.18, 24.19 and 24.20. If recalled to a position in the Bargaining Unit, the Member's category of appointment and rank shall be reinstated. The Member shall receive credit for years of service, and the Member's Reference Salary shall be restored including all increments and adjustments which would have accrued while the individual was excluded from the Bargaining Unit.

23.20 When retraining is approved by the University, and the Member and Members in the unit or sub-unit to which the Member is to be transferred have agreed on the transfer, a position shall be reserved for the Member until the training period is complete and the Member assumes his/her position in the new unit or sub-unit. If the retraining is approved by the University, the University shall pay all reasonable costs relating to the plan of retraining.

- 23.21** If no transfer is available or if a proposed transfer is refused, the University shall provide each such Member who is to be laid off or who resigns with the same provisions as under Article 24, specifically under 24.17, 24.18, 24.19, and 24.20.
- 23.22** Members who are laid off shall enjoy full access to University facilities, including office and laboratory space, as and when available, and reasonable access to library and computer services until alternative academic employment is secured, or their recall rights expire or recall is refused, whichever first occurs. In addition, laid off Members, their spouses and their dependants shall receive full tuition waivers for any courses taken at the University during the same period.
- 23.23** While a Member is on lay off under the provisions of this Article, the University will not contribute towards benefits but will permit and facilitate continuance of any coverage if desired by the Member who will pay the applicable premiums.
- 23.24** The cost of the Redundancy Committee established under this Article shall be borne by the University.

ARTICLE 24: FINANCIAL EXIGENCY

- 24.1** No Member shall be terminated, dismissed or otherwise penalized with respect to terms and conditions of employment and/or rights or privileges relating to employment for financial reasons except in accordance with this Article. Members may be laid off in accordance with this Article if a state of financial exigency has been declared by the Board according to the procedures contained in this Article. A state of financial exigency is defined as a situation in which the University faces substantial and potentially chronic financial losses which threaten the continued functioning of the University unless the budgetary allocation for salaries and benefits of Members is reduced.
- 24.2** In the event that the Board considers that a financial exigency exists within the meaning of 24.1, it shall give notice to the Association within 5 days that it intends to act in accordance with the procedures set out below. As of the date of such notice, Members may have contracts renewed, but no new appointments may be made, that is, no person shall be appointed to a position in the Bargaining Unit covered by this Agreement. As of the date of such notice, the University undertakes to make no additional appointments to the administrative complement.
- 24.3** Within 10 days of giving notice that it considers a financial exigency exists, the Board shall forward to the Association all financial documentation relevant to the proposed state of financial exigency. The documentation shall be sufficiently detailed that by usual accounting principles a state of financial exigency can be evaluated.
- 24.4** Within 15 days of the notice specified in clause 24.2 above, the Board shall establish a Financial Commission which shall review the material on the state of financial exigency and either:
- (a) verify to the Board that it confirms the existence of such a financial exigency; or
 - (b) report to the Board that such a financial exigency does not exist.
- 24.5** The Financial Commission shall consist of five (5) members, two (2) of whom shall be appointed by the Board, and two (2) of whom shall be appointed by the Association. An independent chair shall be selected by the other four (4) members of the Commission, and in the event the other members of the Commission cannot agree on a chair, the chair shall be named by the Senior Ontario Court (General Division) Judge presiding in Kitchener. No member of the Financial Commission shall be a government official.
- 24.6** The University shall cooperate with the Financial Commission in its deliberations and shall provide all documentation necessary to establish to the satisfaction of the Financial Commission whether a state of financial exigency exists within the meaning of this Article.
- 24.7** The Financial Commission shall establish its own procedures.

- 24.8** The Financial Commission shall invite and consider submissions on the University's financial condition. It shall consider:
- (a) whether the University's financial position constitutes a genuine financial crisis that involves a deficit for at least one financial year which is projected by generally accepted accounting principles to continue, and constitutes a problem sufficiently grave that the University's continued functioning would be endangered unless the budgetary allocation for salaries and benefits of Members is reduced;
 - (b) whether the reduction of the number of Members and/or the reduction in the salaries and benefits of Members is a reasonable way to effect a cost saving given the primacy of academic goals within the University;
 - (c) whether other means of achieving savings have been explored and utilized;
 - (d) whether every reasonable effort has been made to secure further assistance from the provincial government and to improve the University's revenue position by any other means including borrowing and the disposal of assets not essential to the functioning of the University;
 - (e) whether enrolment projections are consistent with the intended reduction in the complement of Members;
 - (f) whether all other means of reducing the complement of Members including voluntary early retirement, voluntary resignation, voluntary transfer to Reduced Load status, and redeployment have been considered and utilized; and,
 - (g) any other matters that it considers relevant to the proposed financial exigency.
- The Financial Commission shall answer each of (a) to (f) above, as well as any other specific questions that arise under (g).
- 24.9** The Financial Commission shall make its report to the Board within 3 months of its appointment. If the Financial Commission verifies that there is a state of financial exigency, it shall recommend the amount of reduction in expenditure that is required. It shall also recommend the proportion of that reduction that will be achieved by laying off Members, or by other means of reduction in expenditures on Members' salaries and benefits.
- 24.10** When the report of the Financial Commission verifying that a financial exigency exists is made known to the Association, the Association shall invite Members to recommend proposals for the use of voluntary measures to bring about savings in expenditures for Members' salaries and benefits.
- 24.11** If the Financial Commission verifies that a financial exigency exists, a 30 day period shall elapse before any procedures for lay offs are invoked. During that period, the Parties shall meet and consider the recommendations of the Commission with respect to the implications of the financial exigency. It shall be open to the Parties, notwithstanding any provisions to the contrary of this Agreement, to renegotiate provisions of this Agreement bearing directly on salaries and benefits, or to reach other mutually acceptable emergency methods of reducing expenditures that could avert lay offs or decrease the number of lay offs. Reductions in salaries and benefits of Members shall not exceed the amount of such reductions in salaries and benefits recommended by the Financial Commission pursuant to 24.9.
- 24.12** If, pursuant to 24.11, the Parties fail to reach agreement on measures to reduce salaries and benefits within 30 days of the report of the Financial Commission, the University may reduce the budgetary allocation for salaries and benefits of Members in accordance with the procedures set out below. Reductions in salaries and benefits of Members shall not exceed the amount of such reductions in salaries and benefits specified by the Financial Commission pursuant to 24.9.

24.13 In the event that the Financial Commission has found that no financial exigency exists in the sense of 24.8, the Board shall be precluded from invoking the provisions of this Article for the lay off or reduction in the salaries and benefits of Members for 12 months from the date of the report of the Commission.

24.14 Seniority shall be established by the date upon which continuous employment with the University commenced. Seniority shall not be affected by leave taken in accordance with this Agreement or leave taken under any previous terms and conditions of employment.

24.15 Members who are to be laid off under this Article shall be provided with written notice of the reasons. Lay offs under this Article shall not be treated or recorded as dismissals for cause. Members shall be laid off in the following order:

- (1) Members who are on Limited Term Appointments;
- (2) Members holding Provisional Appointments;
- (3) Members holding Candidacy, Continuing, and Tenured Appointments.

Within the above categories, the order of lay off shall be based on reverse seniority. If two (2) or more Members have equal seniority, the order of seniority will be decided by lot. Under category (3) Members holding Candidacy, Continuing, and Tenure Appointments, an exception to the order of reverse seniority may be made under the following conditions:

- (a) where the continued existence of an academic program requires the retention of the services of a Member who would otherwise be chosen for lay off under this provision; or
- (b) where designated groups, as defined under 22.2.3, in an academic unit or sub-unit, are under-represented or would become under-represented.

24.16 After the selection of the Members who are to be laid off, but prior to the implementation of such lay offs, the University shall make every reasonable effort to secure positions elsewhere in the University, including administrative positions, for those individuals who are to be laid off. Individuals who accept such alternative employment shall be given the opportunity to retrain for their new duties, and the University shall pay any necessary and related tuition fees. Any transfer to another academic unit or sub-unit shall require the written consent of the Member and the consent of Members in the receiving unit or sub-unit. The consent of this academic unit or sub-unit shall not be unreasonably withheld. Rank, Reference Salary, benefits and seniority shall be transferred with the Member or Members. Any transfer of a Member to an administrative position outside of the Bargaining Unit shall be on terms and conditions satisfactory to the Member and the University, and the Member shall retain recall rights pursuant to 24.19, 24.20 and 24.21.

24.17

- (a) For each Member serving or having contracted to serve on a Limited Term or a Provisional Appointment who is selected for lay off, the University shall provide the lesser of 6 months' written notice of the proposed date of lay off or 6 months' salary in lieu of notice, or notice that the University will honour all contractual obligations to the Member but that no subsequent appointment will be offered.
- (b) For each Member who is serving or has contracted to serve in a Candidacy, Tenured, or Continuing Appointment who is selected for lay off, the University shall provide:
 - (i) 15 months' written notice of the proposed date of lay off or 15 months' salary in lieu thereof or a combination of salary and notice totaling 15 months; and,
 - (ii) one month's salary for each year of service in the University, which shall be no less than 6 months' salary for Members with Tenure or Continuing Appointments, to a maximum of 24 months.

Pursuant to the above, all payments shall be based on the individual's annual Reference Salary at

the date of lay off.

- 24.18** Members who are laid off, or who voluntarily accept Reduced Load appointments, or who are transferred to a position outside of the Bargaining Unit shall have, for a period of 4 years from the date of lay off, a right of first refusal for any post in their former academic unit or sub-unit, unless the University can substantiate that the post is so specialized that it cannot be filled by the candidate or by a re-arrangement of the duties of other Members of the same academic unit. The University shall be entitled to send any such notice to the Member's last known address by registered mail. It shall be the Member's obligation to inform the University of his/her then current address. In addition, each Member who is laid off shall have a right of first refusal for any other vacant post in the University for which he/she is qualified.
- 24.19** Individuals who are recalled pursuant to 24.18 shall have up to 2 months following receipt of notice to accept such recall offer, and a reasonable period, not to exceed 12 months, to terminate alternative employment and take up the offered post. Failure to accept recall is deemed to be a resignation. Members on lay off who are subsequently recalled shall repay any portion of the allowance pursuant to 24.17 which exceeds the salary they would have received had they continued to occupy their normal positions in the University.
- 24.20** Each Member who is recalled to an area or post which is not within his/her original discipline retains a full right of first refusal for any opening in his/her original discipline.
- 24.21** Members who are laid off shall enjoy full access to University facilities, including office and laboratory space, as and when available, and reasonable access to library and computer services until alternative academic employment is secured, or their recall rights expire or recall is refused, whichever first occurs. In addition, laid off Members, their spouses and their dependants shall receive full tuition waivers for any courses taken at the University during the same period.
- 24.22** While a Member is on lay off under the provisions of this Article, the University will not contribute towards pensions and benefits but will permit and facilitate continuance of any coverage if available and if desired by the Member who will pay the applicable premiums.
- 24.23** The cost of the Financial Commission established under this Article shall be borne by the University.

ARTICLE 25: HARASSMENT

25.1 Harassment:

25.1.1 The Parties to this Agreement are committed to creating and maintaining a working and learning environment that is supportive of scholarship and founded on the fair treatment of all members of the University community. Consequently the Parties do not condone behaviour that is contrary to the Human Rights Code or to Article 8, and which may undermine work relationships or academic achievement of any Member, staff member, student, or University administrator.

25.1.2 Harassment means engaging in a course of vexatious comments or conduct, related to one or more of the prohibited grounds under the Human Rights Code and under Article 8 of this Agreement, that is known or might reasonably be known to be unwelcome. Harassment includes sexual harassment as defined under 25.1.3.

25.1.3 Sexual Harassment:

Sexual harassment includes conduct of a sexual nature such as, but not limited to, sexual assault, verbal abuse or threats, unwelcome sexual invitations or requests, demands for sexual favours, or unwelcome and repeated innuendos or taunting about a person's body, appearance or sexual orientation, and constitutes sexual harassment when:

- (a) submission to or rejection of such conduct is made either explicitly or implicitly a term or condition of an individual's employment, academic status or academic accreditation; or

- (b) submission to or rejection of such conduct by an individual is used as the basis for employment, or for academic performance, status or accreditation decisions affecting such individual; or
- (c) such conduct interferes with an individual's work or academic performance; or
- (d) such conduct creates an intimidating, hostile or offensive working or academic environment.

25.1.4 Subject to 25.1.1, harassment does not include matters of fair and free expression provided for under Article 7: Academic Freedom.

25.2 Fundamental Principles:

25.2.1 Member(s) continue to have the right to seek assistance from the Ontario Human Rights Commission even when steps are being undertaken under this Article. Members shall be permitted to file a grievance alleging harassment under Article 27 only in the following circumstances:

- (a) once the steps under this Article 25 have been exhausted; or
- (b) if the Member alleges that there has been non-compliance with the procedures set out in this Article.

25.2.2 All procedures under this Article shall be guided by the paramount need to ensure that complainants, respondents, and witnesses are treated fairly. Every effort will be made to safeguard the rights of both complainant(s) and respondent(s). Both complainant(s) and respondent(s) have the right to be accompanied by a representative of his/her choice.

25.2.3 Wherever possible, complaints of harassment will be resolved informally or by mediation. Disciplinary measures under this Article will be initiated only after an informal resolution or mediation of the complaint has been attempted and has failed.

25.2.4 A Member who is a participant in these procedures may consult with the Association.

25.2.5 Except for disclosure provided for in 25.5.5, all statements and disclosures made, information furnished and documents and exhibits provided or presented by the complainant, the respondent, or other persons to the Senior Advisor Dispute Resolution & Support, as described in 25.7, shall be treated as confidential and without prejudice, and shall not be publicly disclosed by the Coordinator without the consent of the complainant and respondent. However, there may be special circumstances where the physical safety of members of the University community is in jeopardy. In such circumstances, the Senior Advisor Dispute Resolution & Support may disclose information to the President. The President can only use the information for the purpose of the physical safety of the University community, disclose no more of the information than is necessary to protect the public, and under no circumstances shall the President place the information in a Member's Official File, or use it in any assessment of a Member or for any other purpose under the terms of the Agreement.

25.2.6 Reprisals, retaliation or threats of reprisals against anyone for pursuing his/her rights under this Article, for having participated in the procedures, or for acting in any role under these procedures are prohibited.

25.3 Complaint Procedures:

25.3.1 General Provisions:

- (a) A Member may seek advice and support of the Senior Advisor Dispute Resolution & Support or a representative of the Association in order to clarify or discuss possible situations which may or may not constitute harassment.

- (b) The complainant shall decide whether the complaint goes forward and may withdraw the complaint at any stage.
- (c) In the absence of exceptional circumstances, a complaint must be filed with the Senior Advisor Dispute Resolution & Support within four months of the latest incident of the alleged harassment occurring. When the complaint has been made, the Senior Advisor Dispute Resolution & Support shall consult with the complainant with regard to the circumstances of the complaint.
- (d) Should the complainant commence proceedings before the Human Rights Commission or in the courts or should any criminal prosecution be commenced concerning the circumstances of a complaint of harassment under this Article, proceedings under this Article shall be suspended until those other proceedings are concluded.

25.3.2 Initiating the Complaint:

25.3.2.1 Following the consultation with the Senior Advisor Dispute Resolution & Support the complainant shall indicate whether he/she elects to:

- (a) take no further action; or
- (b) proceed to file a complaint;

25.3.2.2 If the complainant elects to file a complaint, the complainant shall make a written statement, signed and dated, of the circumstances of the alleged harassment, and shall provide written authorization for the Senior Advisor Dispute Resolution & Support to proceed with an informal resolution of the complaint.

25.4 Informal Resolution:

25.4.1 The Senior Advisor Dispute Resolution & Support assists the complainant in clarifying the allegations and in considering possible means of resolution of the complaint.

25.4.2 Upon receipt of a written statement of complaint, the Senior Advisor Dispute Resolution & Support will provide the respondent with a written summary of the same, and will invite the respondent to reply in writing. The Senior Advisor Dispute Resolution & Support will discuss the complaint with both parties and attempt to resolve the complaint fairly and acceptably to both parties.

25.4.3 If a fair and acceptable resolution is reached with the Senior Advisor Dispute Resolution & Support both parties will sign a statement to that effect which will be filed with the Senior Advisor Dispute Resolution & Support. No further action on the complaint so resolved will be taken unless the parties fail to comply with the terms on which the complaint is resolved.

25.4.4 If a fair and acceptable resolution is not reached by the Senior Advisor Dispute Resolution & Support within 20 working days of receipt of the written statement of complaint, the Senior Advisor will so inform the parties in writing and the complainant may then elect to:

- (a) withdraw the complaint; or
- (b) request that a resolution be sought through a mediator agreed upon by the complainant and respondent for such resolution; or
- (c) request that the complaint be referred to the President for a Formal Investigation.

25.4.5 If the complainant fails to make an election under 25.4.4 within 10 working days of the expiry of the 20 working day period allowed for informal resolution under that clause, the complaint shall be deemed to be withdrawn by the complainant and no further action will be taken by the Senior Advisor Dispute Resolution & Support.

25.5 Mediation:

- 25.5.1** In the event that no informal resolution under 25.4 is reached, the complainant and the respondent have agreed to seek a resolution through mediation, an independent mediator shall be selected by the Senior Advisor Dispute Resolution & Support from a list of mediators agreed to by the University and the Association. The mediator shall agree to complete the mediation within 20 working days of accepting the invitation to mediate the complaint.
- 25.5.2** If the mediator succeeds in assisting the complainant and the respondent in reaching a settlement of the complaint, the terms of the settlement shall be stated in writing, signed by the complainant, the respondent and the mediator, and copied to the University and the Association. If a settlement entails action on the part of the University, the settlement shall also require the agreement of the University which shall signify its agreement by signing the settlement prepared by the mediator.
- 25.5.3** No record of the complaint or the mediated settlement shall be placed by the University in a Member's Official File.
- 25.5.4** In the event that mediation fails, the mediator shall make a report to that effect to the Senior Advisor Dispute Resolution & Support within 20 working days of accepting the invitation to mediate. The mediator's report shall be copied to the complainant and the respondent.
- 25.5.5** Within 10 working days of receipt of this report, the complainant may request or the Senior Advisor Dispute Resolution & Support may recommend that the President undertake a Formal Investigation. If such a request or recommendation is made, the respondent shall be notified in writing. The request for a Formal Investigation shall include a written statement of the complaint, the respondent's written response, if any, the mediator's report, and other documents considered by the Senior Advisor Dispute Resolution & Support and mediator in their efforts to resolve the complaint.
- 25.5.6** If no request or recommendation for a Formal Investigation is made within 10 working days of the receipt of the mediator's report, the complaint shall be considered to have been withdrawn, and no record of the complaint shall be placed by the University in a Member's Official File.

25.6 Formal Investigation:

- 25.6.1** Within 10 working days following the receipt of the request or recommendation for a Formal Investigation under 25.5.4 and 25.5.5, the President shall appoint an investigator to report on the complaint. The investigator shall not be the Senior Advisor Dispute Resolution & Support or the Vice-President: Academic. The University shall notify the Association of the name of the investigator and the name of the Member who has made the complaint and/or the name of the Member against whom the complaint has been made.
- 25.6.2** Within 20 working days of appointment, the investigator shall make a written report to the President. The report shall include a copy of the signed complaint, the written response, if any, of the respondent, and a finding as to whether the complaint has been upheld or not with a statement of reasons for that finding.
- 25.6.3** Within 10 working days following the receipt of this report, the President shall notify the respondent in writing, with a copy to the Association, of the outcome of the investigation, including any actions or sanctions he/she proposes to impose on the respondent. The President shall also inform the complainant in writing of the outcome of the investigation.
- 25.6.4** A statement from the President that a Member was guilty of harassment with or without any formal sanctions constitutes discipline under Article 26, and may be grieved. Any disciplinary action imposed on a Member for harassment shall be subject to the grievance and arbitration procedures of Article 27, except that the Parties agree that such cases will proceed directly to Stage II of the grievance procedure (Article 27.6.2).
- 25.6.5** If the University decides after Formal Investigation not to take disciplinary action against the

respondent, or if an arbitration decides in favour of the respondent, the University shall remove all documentation concerning the allegation from the respondent's Official File. The University agrees to take such steps as may be necessary and reasonable to protect the reputation and credibility of such a respondent.

25.6.6 The University agrees that it will take disciplinary action against those who make allegations of harassment which are reckless, malicious and not in good faith.

25.7 Senior Advisor Dispute Resolution & Support:

25.7.1 The University shall appoint a Senior Advisor Dispute Resolution & Support with responsibility for receiving complaints and implementing Harassment policies and procedures. The University shall provide the person appointed with training in the resolution of disputes involving accusations of harassment.

25.7.2 In the event that the Senior Advisor Dispute Resolution & Support has a conflict of interest, or knows of any other circumstance which would inhibit fulfilling his/her role in a fair and impartial manner, the Senior Advisor shall report the existence of such circumstances to the President who shall appoint a designate to serve in place of the Senior Advisor Dispute Resolution & Support.

25.7.3 By June 1st each year, the Senior Advisor Dispute Resolution & Support shall make an annual report to the President with a copy to the Association. This report shall provide a statistical record of complaints, informal resolutions, mediations, and formal investigations, and shall include any observations and recommendations the Senior Advisor Dispute Resolution & Support may have with respect to this Article.

ARTICLE 26: DISCIPLINE

26.1 General:

26.1.1 A Member may be disciplined only for just and reasonable cause. Such disciplinary action shall be reasonable and commensurate with the seriousness of the violations.

26.1.2 The only disciplinary measures that may be taken by the University are the following:

- (a) a letter of warning or reprimand;
- (b) suspension with pay;
- (c) suspension without pay;
- (d) dismissal for cause.

26.1.3 Except for action taken under Article 26.3, all disciplinary action shall be initiated within 30 days of the date the University knew, or ought reasonably to have known, of the occurrence of the matter giving rise to the discipline.

26.1.4 Medical disability shall not be cause for reprimand, suspension or dismissal. When the University judges a Member's performance to be inadequate and believes this inadequacy may be the result of illness, the University may require that he/she undergo a medical examination. If there is then evidence that the inadequate performance is the result of illness, the Member shall be placed on sick leave. If the Member in such a case challenges the determination, the advice of a second physician of the Member's choice shall be obtained. If the two (2) physicians disagree, they shall agree on a third, who shall adjudicate and decide on the matter.

26.1.5 If a Member is relieved from duties pending the outcome of the procedures of 26.1.4, the Member shall not be deemed to be on sick leave and shall receive full salary and benefits. If pursuant to 26.1.4, it is determined that the Member's inadequate performance is due to medical reasons,

then the Member shall receive benefits in accordance with 17.7.2.

26.1.6 Letters of warning or reprimand must be clearly identified as being disciplinary measures, must contain a clear statement of the reasons for taking this action and shall be delivered by registered mail.

26.1.7 Failure of the Member to grieve a letter of reprimand or warning at the time of receipt of the letter shall not be deemed an admission of the validity of the reprimand or the warning.

26.2 Suspension:

26.2.1 Suspension is the act of the University in relieving a Member of all University duties for cause without his/her consent.

26.2.2 When the University suspends a Member with or without pay, the University shall give written notification by receipted registered mail to the Member's last known address of the dates of commencement and termination of the suspension together with a written statement of reasons. The University shall notify the Association of the Member's suspension.

26.3 Dismissal for Cause:

26.3.1 Dismissal for cause means the termination of an appointment by the University without the consent of the Member. The Member shall continue to receive his/her then current salary, salary increases and benefits while grievance and arbitration proceedings are pending in accordance with the provisions of 26.3.3(b).

26.3.2 When the President and the Dean of the Member's Faculty or the University Librarian, where appropriate, are satisfied that there is cause to justify that a Member be dismissed, they shall forthwith notify the Member by receipted registered mail to the Member's last known address of their intention to proceed with dismissal with a detailed written statement of reasons. A copy of the notification of dismissal shall be sent to the Association.

26.3.3 If, within 20 days of receipt of the written dismissal notice, the Member grieves, and the grievance proceeds to arbitration, the following procedures shall apply:

- (a) pursuant to 27.6.3, the Parties agree that a single arbitrator shall be utilized, and that both Parties shall expedite the hearing of the matter so that a decision shall be rendered within at most 4 months from the appointment of the arbitrator;
- (b) the University shall pay the Member's salary and benefits until the decision of the arbitrator is received or for the period of 4 months from the appointment of the arbitrator whichever is the lesser.

26.3.4 The Parties agree that in order to expedite the hearing, the arbitrator shall be chosen according to the rota in Article 27.6.3 and must agree to render the decision within a period of 4 months.

26.4 Criminal Charges and Conviction:

26.4.1 The Parties recognize that action of a Member may result in disciplinary action or criminal action or both. The Parties further recognize that a criminal charge or conviction is not in itself grounds for discipline or dismissal. Any disciplinary action which follows from the events that give rise to the charge or conviction shall be subject to all the protection of this Agreement.

26.4.2 In the event that a Member is accused of an offence which requires a court appearance, he/she shall be granted leave of absence without loss of benefits and pay, to which he/she would otherwise be entitled, for the actual time of the appearance. In the event that the accused Member is jailed awaiting a court appearance, he/she shall receive leave without pay. The Member shall have the option of taking annual vacation leave to which he/she is entitled in lieu of all or part of the leave without pay.

26.4.3 If a Member is incarcerated following a conviction, and the University does not elect to discipline the Member, he/she shall be granted leave of absence without pay for a maximum period of 2 years. The Member shall have the option of taking annual vacation leave to which he/she is entitled in lieu of all or part of the leave without pay.

26.4.4 As far as circumstances allow, a Member who has been charged or convicted shall continue to pursue his/her normal University duties.

26.4.5 The University shall encourage and participate in a rehabilitation program for a Member who has been convicted.

26.5 Sexual Harassment:

Any disciplinary actions taken by the University against a Member following from an allegation of sexual harassment pursuant to Article 25 shall be subject to Article 26.1 of this Agreement, and may be grieved under Article 27.

ARTICLE 27: GRIEVANCES AND ARBITRATION

27.1 General:

27.1.1 The parties agree to use every reasonable effort to encourage the informal, amicable, and prompt resolution of grievances arising from the administration, interpretation or application of this Agreement. The only matters that may be grieved are Grievances (27.3.1) and no other matters may be grieved.

27.1.2 The Association shall have carriage of all Individual, Group and Association grievances. No grievance may proceed to Step 1 unless and until it has been assumed by the Association.

27.1.3 All written communications pursuant to this Article shall be by registered mail or receipted hand delivery.

27.1.4 Unless the parties expressly agree otherwise, exchanges of information and offers of settlement at a pre-grievance or Informal Stage meeting shall be kept confidential by the participants and shall be deemed to have been made without prejudice, and as such in any subsequent proceedings related to that grievance information shall be presented de novo.

27.1.5 The contents of Article 1 (Preamble) shall not be made the subject of a grievance but may be referred to by either Party to this Agreement to demonstrate the declared intentions of the Parties at the time this Agreement was entered into. It is further provided that all recommendations and decisions made pursuant to the Research Grant Programs, Instructional Development Grant Programs and the Academic Development Program shall not be subject to grievance.

27.1.6 In order to provide for the orderly and timely settlement of grievances and to fulfill the provisions of 27.1.1 there shall be both an informal and a formal resolution procedure. The informal procedure is set out in 27.5. The formal procedure is set out in 27.6 and shall, with the exception of those grievances initiated at Step II, be a sequential three step process as follows:

STEP I: is set out in 27.6.1;

STEP II: is set out in 27.6.2;

STEP III: ARBITRATION is set out in 27.6.3; with the possibility for final resolution at any step.

27.2 Time Limits and Technical Irregularities:

27.2.1 Time Limits:

- (a) Where no action is taken to submit the matter to the next step within the time limits set out in this Article, the grievance shall be deemed to have been withdrawn or settled, as the case may be.
- (b) In the event a party fails to reply in writing within the time limits prescribed in this Article, the other party may submit the matter to the next step as if a negative reply or denial had been received on the last day for the forwarding of such reply.
- (c) The parties may agree to extend any time limits specified in either the grievance or arbitration procedures. In addition, the arbitrator or the arbitration board may extend the time for the taking of any step in the grievance procedure under the Agreement, notwithstanding the expiration of such time, where the arbitrator or the arbitration board is satisfied that there are reasonable grounds for the extension and that the opposite party will not be substantially prejudiced by the extension.

27.2.2 Technical Irregularities:

No minor technical violation or irregularity occasioned by clerical, typographical or similar technical error in the grievance and arbitration procedures shall prevent the substance of a grievance being heard and judged on its merits, nor shall it affect the jurisdiction of the arbitrator.

27.3 Definitions:

27.3.1 Grievance:

A Grievance shall be any dispute or difference arising out of the application, interpretation, administration, or alleged violation of the provisions of this Agreement.

27.3.2 Types of Grievance:

- (a) Individual Grievance is a grievance initiated by the Association on behalf of a single Member. Where two or more Members have a common grievance, the Association is entitled to initiate a separate grievance with respect thereto on behalf of each such Member.
- (b) Group Grievance is a grievance initiated by the Association on behalf of two or more Members involving the same dispute against the University. The grievance shall name the Members involved and shall only be initiated with the written consent of all such named Members.
- (c) Association Grievance is a grievance initiated by the Association which may, but need not, relate to an actual dispute involving an individual Member or group of Members.
- (d) University Grievance is a grievance initiated by the University against the Association.

27.3.4 Nothing in this Article shall be deemed to preclude the Association from initiating an Association Grievance which also is the subject of an Individual or Group Grievance, nor shall the initiation of an Association Grievance preclude an Individual or Group Grievance. Where grievances are similar the parties agree to make the necessary arrangements to hear the grievances jointly.

27.3.6 There shall be no discrimination, harassment or coercion, of any kind, practiced against any person involved in these procedures.

27.4 Grievances to be filed at Step II:

27.4.1 The following grievances shall be filed at Step II of this procedure:

- (a) Association Grievances;
- (b) University Grievances;
- (c) Grievances filed under Article 13, 14, 15, 16 or 17.1, 17.2, 17.3;
- (d) Individual Grievances that involve the suspension or termination of a Member under Article 26, or the termination of a Member under Article 24, or that involve allegations of infringement of academic freedom under Article 7, or allegations of discrimination under Article 8, or allegations of research misconduct under Article 37.

27.4.2 The grievance shall specify the matter(s) in dispute, the Article(s) alleged to have been violated, and the remedy sought.

27.5 Informal Stage:

27.5.1 A Member who has any dispute or difference arising out of the application, interpretation, administration or alleged violation of the provisions of this Agreement may arrange a meeting with the appropriate Dean/University Librarian to explore possible resolutions. The Member has the right to be accompanied by an Association representative at the meeting. Nothing in 27.5.1 and 27.5.2 prevents the Member from proceeding directly to the grievance procedure.

27.5.2 If the dispute or difference is resolved at this step, the Member, the Dean, or the University Librarian has the right to have the agreed resolution put in writing and countersigned by all parties, in which case a copy shall be provided to the Association. Such resolution shall be without prejudice or precedent with respect to any future disputes.

27.6 Steps in the Formal Grievance and Arbitration Procedures:

27.6.1 Step I:

27.6.1.1 If the Informal Stage is unsuccessful in resolving the dispute or difference or the Member did not use the Informal Stage, the Association may present a formal grievance to the Dean/University Librarian.

27.6.1.2 The Association shall, within 20 working days of the date on which the events giving rise to the grievance occurred, or within 20 working days of the date upon which the grievor knew of the events giving rise to the grievance, whichever is later, present a formal grievance to either the grievor's Dean, or the University Librarian. A formal grievance shall be in writing signed by the grievor(s), and shall specify the matter(s) in dispute, the Article(s) alleged to have been violated, and the remedy sought.

27.6.1.3 No later than 10 working days following the receipt of the grievance, the Dean/University Librarian or representative shall meet with the Association Grievance Officer, and shall make every reasonable attempt to resolve the grievance. At the option of the Association, the grievor may be present at this meeting.

27.6.1.4 If the grievance is resolved at this step, such settlement shall be reduced to writing and countersigned by the Association Grievance Officer and the Dean, or the University Librarian or representative within 7 working days after the date of the first meeting specified in 27.6.1.3. The Dean or University Librarian shall, within 3 working days after the date on which the settlement was countersigned, forward a copy of the settlement to the Association and to the grievor. Such settlement shall not constitute a precedent to be used against the University, the Association, or any other Member.

27.6.1.5 In the event that the Association Grievance Officer and the Dean or University Librarian, as the case may be, cannot resolve the grievance within 10 working days after the date of the first meeting specified in 27.6.1.3, then the Dean or University Librarian, as the case may be, shall within 3 working days after the expiration of this period, forward in writing to the Association Grievance Officer reasons for denying the grievance with a copy to the Association and to the

grievor.

27.6.2 Step II:

27.6.2.1 Failing a resolution at Step I, or in the event the grievance is filed initially at Step II, pursuant to 27.4, the Association Grievance Officer shall, in consultation with the grievor, reduce the grievance to writing and shall specify the article or articles alleged to have been violated and the remedy sought. The Association Grievance Officer shall forward the written report on the grievance to the Vice-President: Academic, with a copy to the Association and to the grievor:

- (a) for grievances initiated at Step II, within 20 working days of the date the events giving rise to the grievance occurred, or within 20 working days of the date upon which the grievor knew of the events giving rise to the grievance, whichever is later; or
- (b) for grievances not resolved at Step I, within 10 working days of receipt of the decision from the Dean or University Librarian.

27.6.2.2 No later than 5 working days following receipt of the grievance, both Parties shall provide to each other all documents upon which they rely in respect of the grievance. Where documents to be relied upon include confidential materials in accordance with 12.2.2, each Party shall label such documents "Confidential" and shall retain them in an envelope separate from other documents produced in the grievance. The Parties shall restrict access to confidential material to only those individuals who will advise or decide on the grievance, including the Vice-President: Academic or representative, and the Association representative(s). An individual Member shall not be shown confidential material without the express written consents of the Parties, the author of the confidential material, and any individual who is the subject of the confidential material. Either Party may request from the other copies of any other document(s) it considers to be relevant to the grievance, and such requests shall not unreasonably be denied. In the event that the Party from which production has been requested refuses to produce the requested document(s), it shall provide its reasons for its refusal in writing within 5 working days of the request.

27.6.2.3 No later than 10 working days following receipt of the grievance, the Vice-President: Academic or representative shall meet with one or more Association representative(s), and shall make every reasonable attempt to resolve the grievance. In the event that a settlement is reached, it shall be reduced to writing and countersigned by the Vice-President: Academic or representative and the Association Grievance Officer.

27.6.2.4 In the event that no settlement is reached within 10 working days after the date of the first meeting under 27.6.2.3, the Vice-President: Academic shall within 3 working days after this 10 day period, forward in writing to the Association Grievance Officer and to the Association reasons for denying the grievance.

27.6.2.5 Step II: University Grievances:

A University Grievance shall be in writing and shall specify the article or articles alleged to have been violated and the remedy sought. The grievance shall be forwarded to the President of the Association within 20 working days of the date the events giving rise to the grievance occurred, or within 20 working days of the date upon which the University knew of the events giving rise to the grievance, whichever is later. No later than 10 working days following receipt of the grievance, a representative of the Association shall meet with a representative of the University and shall make every reasonable attempt to resolve the grievance. In the event that a settlement is reached, it shall be reduced to writing and countersigned by the representatives of the Association and the University. In the event that no settlement is reached within 20 working days of the date of the first meeting hereunder, the representative of the Association within 3 working days thereafter shall forward in writing to the University reasons for denying the grievance.

27.6.3 Step III: Arbitration:

27.6.3.1 Notice to Arbitrate:

Either party shall be entitled, within 40 working days of the date upon which denial of the grievance is received by the grievor under 27.6.2, to forward written notice to the opposite party that it intends to proceed to final and binding arbitration with the grievance.

27.6.3.2 Appointment of Arbitrator:

The notice referring the matter to arbitration under 27.6.3.1 shall specify whether the party referring the matter to arbitration desires a single arbitrator or a board of arbitration, and if the latter, shall specify the party's appointee to the board of arbitration and shall be delivered to the other party in writing. The other party shall, within 15 days of the receipt of the notice, advise the party referring the matter to arbitration if the party does not wish a single arbitrator, and, if applicable, the name of its appointee to the board of arbitration. The party referring the matter to arbitration shall appoint its nominee within 10 working days of being advised of the appointee of the other party. It is the right of the University or the Association to have any grievance referred to arbitration heard by a board of arbitration rather than by a single arbitrator.

27.6.3.3 Where either party chooses to have a three-person board of arbitration, it shall consist of an appointee of each of the parties and a chair to be chosen jointly by the appointees within 15 days after receipt of appointment of the second of them. If either party fails to name an appointee within the time specified above, or if the 2 appointees fail to agree upon a chair within the time specified above, the appointment may be made by the Minister of Labour of the Province of Ontario upon the request of either party. Unless exceptional circumstances dictate to the contrary, the arbitration hearing shall be held within 3 months of the date of the selection of the chair.

27.6.3.4 Where a single arbitrator is selected to hear the grievance, the following shall apply:

(a) the parties agree that the following persons will be asked to serve as a single arbitrator, on a rotating basis, so long as this Agreement continues to operate:

Louisa Davie
Pamela Picher
Howard Snow
Russell Goodfellow
Mary Lou Tims
Paula Knopf
Gail Brent

(b) the persons specified in (a) above shall serve as single arbitrators in rotation according to the order in which they are listed. If an arbitrator is not available or agreeable to commence hearings within 45 days of being notified of the requested appointment, the next person on the list shall be selected, and so on, until one of those on the list is available. For the next arbitration thereafter, the person who appears on the list immediately after the arbitrator last selected shall be next in the sequence of selection. However, by mutual consent in writing, the parties may select a listed arbitrator out of turn or select an arbitrator not on the list;

(c) if none of the persons on the list specified in (a) above can or will act within the required time, and if the parties do not agree on another arbitrator in accordance with (b) above, the parties within 15 days shall ask the Ontario Minister of Labour to appoint a single Arbitrator.

27.6.3.5 The Parties agree that no person who is an employee or student of the University, a member of the Board, the Senate or the Association, or was so at the time the grievance was initiated, or who has been involved with the negotiation of this Agreement shall be appointed an arbitrator, or be a member of the board of arbitration.

27.6.3.6 In any arbitration involving a matter in dispute under Articles 7, 13, 14, 15, 16, 17, 18, or 19, the appointees shall select a chair who has held a faculty or librarian appointment in a Canadian university for at least 5 out of the last 10 years.

27.6.3.7 Duties and Powers of the Arbitrator or the Arbitration Board:

- (a) The arbitrator or arbitration board shall make a final and binding settlement of the differences between the Parties and for that purpose, has all the duties and powers of an arbitrator or arbitration board as stated in the *Ontario Labour Relations Act*, 1995, as amended from time to time and, in addition has the following duties and powers:
 - (i) to determine all questions of fact or law that arise;
 - (ii) effective upon the ratification of this Agreement, to grant such interim orders as the arbitrator or arbitration board considers appropriate, including the continuation or reinstatement in employment of a Member who has been denied Appointment with Tenure under Article 15, or Continuing Appointment under Article 16, and whose appointment terminates before the grievance is settled;
 - (iii) to make such orders or give such directions in proceedings as he/she or it considers appropriate to expedite the proceeding or to prevent the abuse of the arbitration process.
- (b) An arbitrator or arbitration board shall not have jurisdiction to amend, modify, or act inconsistently with this Agreement.
- (c) A board of arbitration shall determine its own rules of procedure and evidence which shall be fair, just and equitable.
- (d) Where an arbitrator or arbitration board determines that a Member has been discharged or otherwise disciplined by the University for cause and the Agreement does not contain a specific penalty for the infraction that is the subject matter of the arbitration, the arbitrator or arbitration board may substitute such other penalty for the discharge or discipline as to the arbitrator or arbitration board seems just and reasonable in all the circumstances.

27.6.3.8 Costs:

Each Party shall bear the costs of its appointee to a board of arbitration, and the costs of the chair shall be shared equally. The costs of a single arbitrator shall be shared equally by the Parties. If so requested by the arbitrator(s) and if such space is available, the University shall provide meeting space on the University campus.

ARTICLE 28: BENEFITS

28.1 Definition:

For the purpose of benefits described in this Article 28, "spouse" means either:

- (i) a person who is married to an employee; or
- (ii) a person who has been cohabiting with an employee continuously for a period of not less than one year.

28.2 Tuition Benefits and Day Care:

28.2.1 Tuition Benefits:

The Parties agree that the tuition waiver shall continue to be available for graduate and

On the presentation of the appropriate vouchers, each new Member shall be reimbursed for 90% of relocation expenses, up to a maximum of \$5000 for moving to within 60 kilometres of the Member's home campus, or as approved by the Vice-President: Academic. Relocation expenses shall only apply where the move is completed within six months of the start date of the appointment. Vouchers must be presented within three months of the relocation. ARTICLE 29: PENSIONS

29.1 The Pension Plan:

- 29.1.1** The Parties agree to continue the Wilfrid Laurier University Pension Plan, in effect and as revised and restated on 1 January 2007, or as the same may be amended by the Board from time to time during the term of this Agreement. Any amendment to the Plan during the term of this Agreement shall be subject to the agreement of the Association. For the purposes of any dispute arising under Article 29, the terms and conditions of the Pension Plan shall be those described in the copy of the Plan filed with the Pension Commission.

- 29.1.2** A Member who is eligible to transfer funds from a previous employer's pension plan directly to the WLU Pension Plan may choose to have such funds placed as additional voluntary contributions or placed in the Money Purchase Plan with service credit for the funds transferred. In the case of service credit, the Member shall pay \$350 for the administration costs and shall receive from the University the actuary's report which shall include a statement of the years of service credit and an estimate of the pension income resulting from the proposed transfer.

- 29.1.3** All full-time employees of the University are eligible to become enrolled in the WLU Pension Plan on the first day of the month coinciding with or following their first day of employment with the University. Full-time employees who are 30 years of age or more are automatically enrolled. - 29.1.4** The Member and the University shall make matching contributions of seven (7) percent of a Member's Reference Salary to the Member's Money Purchase Account. Effective July 1, 2012 Members shall make contributions of seven and a half (7.5) percent for earnings below the YMPE and nine (9) percent for earnings above the YMPE of a Member's Reference Salary to the Member's Money Purchase Account. The University shall make contributions of seven (7) percent of a Member's Reference Salary to the Member's Money Purchase Account and in addition, shall contribute such amount as is certified by the plan Actuary as appropriate to make provision for the funding of the benefits to be provided from the Minimum Guarantee Pension.

The University will make both the Member and University contributions to the Member's Money Purchase Account for any Member, who by reason of disability, is in receipt of Long Term Disability Benefits from the University's insurance provider.

- 29.1.5** Subject to legislative limitations, the Minimum Guaranteed Pension Benefit will be adjusted annually by an amount equal to the increase in the Consumer Price Index for the previous year, to a maximum of four percent (4%) per year, cumulative from retirement for service accrued up to December 31, 2012. For service accrued under the Minimum Guarantee Pension Benefit on or after January 1, 2013 the Minimum Guaranteed Pension Benefit will be adjusted annually by an amount equal to fifty (50) percent of the increase in the Consumer Price Index (CPI) for the previous year, to a maximum adjustment of four percent (4%) per year, but no accumulation from retirement will apply.

- 29.1.6** For members who take early retirement from active service with the University, the current early

retirement reductions will apply to the portion of the member's Minimum Guaranteed Pension Benefit for service accrued up to December 31, 2012. For the Minimum Guaranteed Pension Benefit based on service accrued on or after January 1, 2013 the reduction will be 3% per year if retirement is between age 60 and age 65 and an additional reduction of 5% per year for each year prior to age 60.

29.1.7 Supplemental Pension Arrangement:

Members of the Bargaining Unit whose pension contributions equal or exceed the maximum annual amount prescribed by *the Income Tax Act* (Canada) or the minimum Guaranteed Benefit accrued on behalf of the Member exceeds the maximum annual pension benefit permitted under the *Income Tax Act* (Canada) shall be members of the Wilfrid Laurier Supplemental Pension Arrangement for all service on or after July 1, 2003.

29.2 Retirement:

29.2.1 Normal Retirement Date:

29.2.1.1 The Normal Retirement Date for a member of the WLU Pension Plan shall be the first day of the month coincident with or next following the Member's 65th birthday, or the first day of July next following the Member's 65th birthday. For reasons of orderly planning, it is expected that Faculty Members will normally retire on July 1 or at the end of an academic term rather than in the middle of an academic term in which the Member has teaching duties.

29.2.1.2 Members will make contributions to the WLU Pension Plan, and by so doing, will receive the required University contributions and credit for pensionable service.

29.2.1.3 Subject to 29.2.2 pension benefits are paid monthly commencing on the first of the month following retirement.

29.2.2 Employment beyond the Normal Retirement Date:

29.2.2.1 Members who continue in employment beyond the Normal Retirement Date, under 29.2.1, will be required to either:

- (a) commence receiving pension payments at the Normal Retirement Date under 29.2.1.1, in which event both the Member and the University will cease contributions to the WLU Pension Plan and the period of service will not be counted as pensionable service for the calculation of pension benefits; or
- (b) continue to make contributions to the WLU Pension Plan and, by so doing, for the purposes of pension benefit calculations, receive required University contributions and additional pensionable service for the period worked.

29.2.2.2 Members who continue in employment past the Normal Retirement Date under 29.2.1 will be required to commence receiving pension payments no later than the end of the calendar year in which the Member attains age 71 or such later date as may be permitted under the *Income Tax Act* at which time both the Member and the University will cease contributions to the WLU Pension Plan and the period of continued service will not be counted as pensionable service for the calculation of pension benefits.

29.2.3 Early Retirement:

A Member may retire on the first day of any month following the attainment of age 55. A retirement after age 55 and before 65 is considered an early retirement ("Early Retirement"). For reasons of orderly planning, it is expected that Faculty Members will normally retire on July 1 or at the end of an academic term rather than in the middle of an academic term in which the Member has teaching duties.

29.2.4 Phased-in Retirement Option:

29.2.4.1 A Member over age 55 with a combination of age and years of service equal to or greater than 70 may opt for a Phased-in Retirement option. This option provides for a reduced load appointment under the terms of Article 20 plus enhancements of the Member's actual salary. The period of the Phased-in Retirement shall be for three years prior to the Member's retirement. Once having taken up this option, the Member is committed to retire on the date specified in the Phased-in Retirement agreement. The latest date on which a Member may complete the Phased-in Retirement option shall be June 30 following the Member's 71st birthday. Members on Phased-in-retirement shall continue to participate in University benefits plans, subject to 28.6.7.

29.2.4.2 During the phased-in retirement period, a Faculty Member shall have a reduced workload agreed upon by the Member and the Dean. The reduction in workload will be established based on the reduction in teaching workload, which may vary in each year of the phased-in retirement, and salaries and benefits in each year shall be adjusted according to the agreed upon workload. Over the three year period, the teaching workload shall be at least 140% and not more than 180% of the Faculty Member's normal teaching load, defined as the annual teaching load norm under 18.2.1.1, rounded to the nearest course. In each year of the phased-in retirement period, the teaching workload shall be not less than 40% and not more than 80% of the Faculty Member's normal teaching load, rounded to the nearest course.

29.2.4.3 During the phased-in retirement period, a Librarian Member shall have a reduced workload agreed upon by the Member and the University Librarian. This reduced workload may vary in each year of the phased-in retirement, and salaries and benefits in each year shall be adjusted according to the agreed upon workload. Over the three year period, this workload shall be at least 140% and not more than 180% of the Librarian Member's normal workload, defined as the annualized average work week under 19.2.1. In each year of the phased-in retirement period, the workload shall be not less than 40% and not more than 80% of the Librarian Member's normal workload.

29.2.4.4 During the phased-in retirement period, the Member's Reference Salary shall be subject to all the adjustments provided for under Article 30, and any salary-related benefits shall be based on the Member's Reference Salary. As a reduced load appointment, the Member shall have an actual annual salary determined as follows:

- (a) an amount equal to the Member's Reference Salary reduced on a pro rata basis commensurate with the reduced teaching load under 29.2.4.2 or workload under 29.2.4.3; plus
- (b) 25% of the Member's Reference Salary.

29.2.4.5 The Member shall make pension contributions based on his/her Reference Salary and the University shall make matching contributions. If the Member notifies the University in writing prior to the start of the phased-in-retirement period, the Member may opt for making pension contributions on the basis of his/her actual salary for the full period of employment on the phased-in-retirement plan.

29.2.4.6 Members apply for the Phased-in Retirement Option by writing to the Vice-President: Academic, copied to the Dean/University Librarian and Department Chair, by October 15 prior to the contract year in which the Phased-in Retirement commences.

29.2.4.7 In all other matters, the provisions of Article 20 shall apply to this Phased-In Retirement Option.

29.2.5 Special Voluntary Exit Plan (SVEP):

The Parties agree that all eligible Members who applied for Special Voluntary Exit Plan (SVEP) on or before June 30, 2011 are entitled to participate in the Special voluntary Exit Plan (SVEP) set out in Appendix C of this Agreement. The Special Voluntary Exit Plan expires June 30, 2011. .

Members electing Early Retirement as set forth in 29.2.3 shall be entitled to the benefits set forth in 28.5.

This brochure shall include information on the annual pension adjustments and investment performance. A table on annual pension adjustments shall include: Plan Year, Pension Fund Interest, Fund Interest on Four Year Rolling Average, Consumer Price Index, Annual Pension Adjustment for MPP and MGP, and a table on investment performance shall be for the total fund listing the Asset Mix by percentage, and Market Return by Index and rate of change (%) for one year and over four years.

29.3.2 The University shall provide the following information about the WLU Pension Plan:

- (a) the University shall include in the WLU Pension Plan a statement that upon retirement a member of the plan may withdraw all funds in his/her account from the Money Purchase component of the plan, and this statement shall be included in the Annual Information Brochure;
- (b) the annual pension statement shall include the estimate of the value of the pension with joint and last survivor life guaranteed 5 years;
- (c) a copy of the WLU Pension Plan shall be available on the University Website including amendments to the plan. Any time an amendment is approved, Members shall be notified within 30 days of its approval. Upon a Member's request, the University shall supply the Member a copy of the WLU Pension Plan and its amendments;
- (d) a copy of the Supplemental Pension Arrangement shall be provided to each Member when he/she becomes eligible for the Arrangement.

29.3.3 Annually, the University shall provide the Association with three (3) copies of the WLU Pension Plan as filed with the Pension Commission, and three (3) copies of the Supplemental Pension Arrangement.

29.3.4 The University shall provide to the Association actuarial reports and other information concerning the funding, liabilities, terms and conditions of operations of the WLU Pension Plan as soon as reasonably possible after such information is available.

Tenured and Tenure Track Members and Librarians in Continuing Appointments and appointments leading to a Continuing Appointment in the following ranks effective July 1, 2011 will be eligible to receive the following system adjustment:

All Assistant Professors, and Associate Professors with four or fewer years in rank, shall have an adjustment of \$1,350 effective July 1, 2012 and \$1,250 effective July 1, 2013;

ARTICLE 31: TEACHING EVALUATIONS

31.1 Course Evaluations:

In order to improve course design or teaching effectiveness, a Faculty Member may conduct a written evaluation of his/her teaching performance in his/her classes provided that the students consent to participate in the survey, and provided that the procedures of the survey protect student confidentiality.

31.2 Evaluation of Teaching Performance:

31.2.1 The University may conduct evaluations in order to assess a Faculty Member's teaching performance. Whenever this Agreement calls for an evaluation of the teaching performance of a

Member in relation to contract renewal, tenure, promotion, or discipline for deficient performance of workload duties, the evaluation, recommendations and decisions shall be in accord with this Article.

31.2.2 For the purposes of this Article, teaching includes the following activities performed by Members either in the classroom, through correspondence, or from a distance through the use of technologically assisted instruction:

- (a) giving courses; conducting seminars; guiding tutorials, laboratories and studio work; supervising fieldwork and individual study projects;
- (b) preparing and correcting assignments, tests and examinations;
- (c) guiding the work of teaching assistants, markers and laboratory instructors;
- (d) guiding and evaluating individual student's work such as theses, papers and research projects;
- (e) consulting with students individually outside of class or laboratory meetings;
- (f) participating in the development of teaching methods, programs or course content;
- (g) preparing instructional material, laboratory exercises and course readers and notes;
- (h) all other activities in which the Member engages for the purpose of preparing for courses and seminars, including those undertaken to ensure that his/her teaching is in keeping with the current state of knowledge in the subject(s) being taught.

31.2.3 An evaluation of a Member's teaching performance may take place only when:

- (a) in the course of an application for contract renewal, tenure or promotion;
- (b) a review of his/her performance is undertaken under the provisions of Articles 10 or 26;
- (c) when a Member requests an evaluation, or consents to an evaluation for the purposes of merit, a teaching award, or other recognition.

Except in the case of contract renewal, no evaluation of teaching performance may consider a period of less than three years.

31.2.4 Any evaluation of a Member's teaching performance shall seek to balance all aspects of teaching as well as the department and/or faculty context within which the Member works. Assessments of teaching performance shall recognize that:

- (a) a Member's strong performance in some aspects of teaching may compensate for a weaker performance in other aspects of teaching;
- (b) if a Member's performance is good in several kinds of teaching activities, a Member's teaching shall be rated more highly;
- (c) teaching performance may differ significantly in different departments or disciplines, and a Member shall only be assessed according to the standards in his/her department or discipline.

31.2.5 Any assessment of a Member's teaching performance shall review all relevant information including but not limited to:

- (a) the size, type and nature and level of courses taught;
- (b) the nature of the subject matter;

- (c) the experience of the instructor with the course, and the number of new preparations assigned to the instructor;
- (d) the role of the instructor and the method of course delivery;
- (e) the quality and utility of instructional materials prepared by the Member;
- (f) the Member's contributions in the areas of instructional development and innovation, and the complexity and risk such innovation entails;
- (g) the opinions of students, including quantitative data gathered through the student questionnaires set out under 31.3.

31.2.6 Any Member whose teaching performance is being evaluated has the right to submit additional information about his/her teaching.

31.2.7 Although student opinions provide important information about teaching performance, such opinions do not in themselves constitute an evaluation of teaching performance. No evaluation of teaching performance may rely exclusively or primarily on student questionnaires or student opinions.

31.2.8 Any assessment of a Member's teaching performance shall make due allowance for any special circumstances which may effect the Member's teaching performance.

31.2.9 If the Dean or designate is assessing a Member's teaching performance for deficit performance of duties under Article 10 or 26, or at the Member's request, the Dean or designate shall meet with the Member to establish relevant facts about the Member's teaching. The Member may request that the Dean or designate attend one of the Member's classes as part of the assessment. The report on a Member's teaching performance shall be in writing, sent to the Member, and shall include:

- (a) a statement of the reasons for the assessment, of its scope and the sources of information on which the assessment depended;
- (b) a summary and analysis of the information gathered;
- (c) a statement of the results of the assessment which shall conclude that the Member's teaching performance was "excellent," "satisfactory," or "unsatisfactory."

31.3 University Teaching Evaluations from Student Questionnaires:

31.3.1 The University may conduct evaluations in order to assess a Faculty Member's teaching performance. The teaching evaluations and their administration shall be in accordance with the regulations below and with other provisions of this Agreement.

31.3.2 Teaching evaluations intended for the University's assessment of Faculty Members shall be supervised by individual departments or equivalent academic sub-units. The original evaluation forms shall be retained by the Dean for at least one year, and during such time shall be available to the Member. Before any decision is taken to dispose of them, the Member must be advised in writing by the appropriate Dean.

31.3.3 There shall be a uniform University questionnaire for all credit courses except Music Studio Instruction evaluated under 31.4 and Distance Education courses evaluated under 31.5. For the term of this Agreement, the questionnaire shall be that used in the Winter Term 2002. Any changes to this questionnaire shall only be made with the agreement of both parties. The University shall receive the consent of the Association before it takes any recommended changes to Senate for ratification.

31.3.4 In light of the increase in the size of classes, the impact of information technology upon

instruction, and the readiness of entry-level students for university, the Parties agree to establish a bilateral committee to undertake a review of the existing uniform University questionnaire under 31.3. This review shall proceed in accordance with the Letter of Understanding appended to this Agreement.

- 31.3.5** Student evaluations shall be obtained through the questionnaire administered by the University in such a way as to afford all the students in a given course or class a reasonable chance to respond. Such questionnaires shall be constructed so as to obtain a fair and reasonable assessment of teaching effectiveness, within the limitations of current knowledge. All questionnaires shall be constructed so as to give roughly equal weight to each of the questions, and all questions shall conform to the requirements of Article 7: Academic Freedom and Article 8: Non-Discrimination.
- 31.3.6** All questions shall be constructed so that the answers may be aggregated by simple statistical procedures.
- 31.3.7** Up to 20 minutes of scheduled class time, in the last 2 weeks of a course, or of a Member's involvement in a course where such involvement is less than a full term or academic year, may be used for filling out questionnaires. The scheduling of the evaluation shall be by the mutual agreement of the Faculty Member and the Dean. Questionnaires shall be administered by the Dean or his/her designate(s) in cooperation with departments, or areas. The Faculty Member shall not be present while questionnaires are being filled out in his/her classes. After questionnaires have been completed, they shall be placed in a sealed envelope, which shall not be opened until final grades for the course have been submitted to the Registrar. Course instructor(s) shall not receive any information which would disclose the identity of students who completed the questionnaire. For this reason, the University will not conduct evaluations in a class of fewer than 5 students.
- 31.3.8** Student responses to the University's questionnaire shall be aggregated by the Dean or his/her designate in such a way as to present a fair and accurate picture of the opinions of the respondents. All responses to questions 1 to 9 shall be aggregated, and the mean, median, standard deviation, frequency distribution and number of eligible respondents shall be calculated. A copy of this aggregated data shall be sent to the Faculty Member. The responses to the final question on overall instructor rating will only be used by the University to assess student responses within the institution as a whole, and will not be part of the record of the teaching evaluation of an individual Faculty Member, will not be placed in the Member's Official File, and will not be used in the assessment procedures under Articles 10, 13, 15, and 26.
- 31.3.9** Only aggregated data under 31.3.8 which conform to the provisions of this Article, and which have been placed in the Member's Official File can be submitted by the University in its assessment of a Faculty Member's teaching performance. A Member may include course evaluations under 31.1, student testimonials and other forms of student opinion in his/her Teaching Dossier, and submit this dossier as part of an application for contract renewal, tenure, or promotion, or as information for any other assessment of the Member's teaching performance.

31.4 Teaching Evaluations for Studio Instruction in Music:

- 31.4.1** In light of the one-on-one instruction in studio courses in the Faculty of Music, there shall be a specific teaching evaluation form for studio instructors. Using the same format as the University Teaching Evaluations under 31.3, the statements that constitute the basis for the student's evaluation of the instructor shall be the following:
1. This course contributed to my development as a musician.
 2. The instructor assigns appropriate repertoire that is suited to my level and needs.
 3. The instructor is well-prepared for each lesson.
 4. The instructor gives clear explanations.

5. The instructor stimulates my interest in the subject matter.
6. The instructor assists the student in the development of technical skills.
7. The instructor encourages the student's expressive and artistic development.
8. The instructor gives a clear idea of requirements and standards in this course.
9. The instructor displays an interest in and concern for the student.
- (*) Overall, the instructor is an effective university teacher.

NOTE: This last question will only be used by the University for assessing student responses within the institution as a whole, and will not be part of the record of the teaching evaluation of an individual Faculty Member.

31.4.2 Evaluations for studio instructors in music shall not be on the basis of a course but upon the instructor's studio. In accordance with 31.3.7, the evaluation shall take place in the Master Class of an instructor's studio. The University will not conduct an evaluation using the teaching evaluation form in Master Classes with fewer than five (5) students.

31.4.3 When an evaluation of teaching is required for the purposes of contract renewal, tenure or promotion for instructors with fewer than five students in their studio, the University shall conduct an evaluation under 31.2: Evaluation of Teaching Performance. The Dean shall advise the Member in writing that the evaluation is not for reasons of deficiency of performance but because the Member's Master Class has fewer than five students. Any evaluation shall be at a time mutually agreed upon by the Dean and the Member. The first evaluation shall occur during the first contract year of the Member's employment, and thereafter there shall be no more than one evaluation in a contract year. Members with tenure who teach studios with fewer than 5 students per year shall be evaluated under 31.2 every three years.

31.5 Online Learning Teaching Evaluations:

31.5.1 In light of the mode of delivery of Online Learning courses, there shall be a separate teaching evaluation form for these courses. With the exception of the questions listed under 31.5.2, and the procedures under 31.5.3 this questionnaire shall conform to provisions for the University Teaching Evaluations under 31.3.

31.5.2 The Online Learning Teaching Evaluation Form questionnaire shall be based on the following statements:

- (1) The instructor provides clear explanations.
- (2) The instructor stimulates my interest in the subject matter of the course.
- (3) The instructor assists students in dealing with course material and concepts.
- (4) The instructor encourages on-line participation and interactivity among students.
- (5) The instructor gives a clear idea of requirements in this course.
- (6) The instructor clearly specified his/her communication policy and timing with respect to responses to student inquiries and the return of assignments and/or tests.
- (7) The instructor provides responses to tests, assignments, and student inquiries in sufficient time to assist with the student's learning in the course.
- (8) The instructor displays an interest and concern for students.

(*) Overall, the instructor is an effective university teacher.

Note: This last question will be used only by the University for assessing student responses within the institution as a whole, and will not be part of the record of the teaching evaluation of an individual instructor.

31.5.3 The evaluation form will be sent to the student electronically within the last 15 days of the course with a request that the form be returned electronically to the Centre for Online Learning at the conclusion of the course. Only forms returned directly from the student to the Centre for Online Learning will be used in the assessment of a Member's teaching. The University will not conduct evaluations in a class of fewer than 5 students, and evaluations for classes in which there are fewer than 5 student responses shall not be placed in the Member's Official File.

31.5.4 Only data derived from teaching evaluations which conform to the provisions of this Article, and which have been placed in the Member's Official File can be used in the University's assessment of a Faculty Member's teaching performance.

Reasonable notice of such interruption shall be given by the Member in writing to the Dean or University Librarian.

Librarian members shall give such notice six (6) months prior to the proposed date of retirement. Faculty Members shall give such notice on or before October 15 prior to the commencement of retirement on July 1. When changes in a Member's circumstances occasion a later notice of retirement, the University shall facilitate the Member's retirement.

When a Member continues to be employed by the University after his/her Normal Retirement Date the Member shall continue to participate in the University benefits plans as set out in 28.6.7 and 29.2.2.

35.2.4 Retired Members, including those who retired before October 3, 1988, and those receiving benefits from the Long Term Disability Plan shall be entitled to the benefits set out in 28.5.

35.3 Early Retirement:

35.3.1 During the contract year in which a Member reaches the age of 55 years, or any subsequent academic year prior to the Normal Retirement Date, he or she may apply in writing to the Vice-President: Academic for Early Retirement under the terms and conditions specified in Article 29.2.3. ARTICLE 36: INTELLECTUAL PROPERTY, PATENTS AND COPYRIGHT

36.1 General:

36.1.1 The first consideration of the University in this Article 36 is to promote the teaching, research and other scholarly and creative activities of Members. The University also recognizes that the community it serves may also benefit from inventive and creative advancements in artistic, creative, technical and scientific knowledge which have been achieved by Members.

36.1.2 Each Member has the right to publish or otherwise disseminate the results of his/her research, scholarship or creative activities.

36.1.3 Intellectual property means any result of intellectual or artistic activity, created by a Member, that can be owned by a person. Intellectual property includes but is not limited to:

- (a) inventions, publications, computer software, works of art, industrial and artistic designs, as well as all other creations that can be protected under patent, copyright, trademark or similar laws; and
- (b) data bases, audio visual and computer material or equivalent circuitry, biotechnology and genetic engineering products (including plant cultivars and germ plasm), computer software, inventions, discoveries and all other products of research or discovery which are protected by a statutory regime through a registration system (such as patent or trademark registration), which may be licensable or otherwise protected by law; and
- (c) computer software and lecture notes, laboratory manuals, articles, books, artifacts, works of visual art and music (including any software which expresses the said notes, manuals, articles, books, artifacts, or works). The terms "works or visual art and music" include productions (including sound, video, film, and hypertext multimedia).

36.1.4 Any provisions of this Article shall apply to joint creators of a piece of intellectual property, on a pro rata basis.

36.2 Ownership and Rights of All Intellectual Property:

36.2.1 All intellectual property is owned by the Members who create it, except in those cases:

- (a) where there is a written contract to the contrary between the creator, the University, and/or a third party which assigns the ownership rights of the intellectual property to the

University or the third party; or

- (b) where the University provides funds, resources, and facilities to the Member beyond those required for the payment of the Member's salary and benefits, for the provision of a normal academic environment in which to work, and for the performance of a regular workload by the Member, in which case, the Member shall agree to share ownership rights to the intellectual property with the University.

36.2.2 The University shall not enter into any agreement with a third party which alters or abridges, or has the effect of altering or abridging, the intellectual property rights of a Member without the Member's written consent.

36.2.3 In recognition of the University's commitment to scholarship, including teaching, research and publication activities:

- (a) the University agrees that Members have complete intellectual and artistic freedom in the creation of intellectual property and the unqualified right to disseminate by any means whatsoever the intellectual property which they own; and
- (b) the Member shall grant to the University a non-exclusive, royalty free, irrevocable, indivisible, and non-transferable right to use, solely for internal, non-commercial educational and research purposes, all intellectual property developed by Members with the use of the University's time, facilities, and resources.

36.3 Patents:

36.3.1 Where a Member is a party to a research contract and an invention is made by the Member in the course of research supported by that contract which has explicit provisions for patents and revenue sharing from such patents, the provisions of that contract take precedence over this Agreement.

36.3.2 The University acknowledges that it has no claim or interest in any Member's invention which does not arise from University supported activities. The Parties agree that the University has an interest in any Member's invention which does arise from University supported activities. For the purpose of this Article 36, University supported activities do not include the payment of salary to the Member, the provision of a normal academic environment in which to work, and the performance of regular workload by the Member, but do include the use of University funds, designated research facilities, or its support or technical personnel.

36.3.3 It is to the benefit of both the University and Members that potentially patentable discoveries or creations be disclosed to the University prior to public disclosure.

36.3.4 When potentially patentable discoveries or creations are disclosed to the University by a Member(s) and the University agrees to pursue a patent application, this protection shall be pursued in the name of the Member(s) who is the inventor(s), discoverer(s), or creator(s). The cost involved in this process shall be paid by the University. Where the inventor(s), discoverer(s), or creator(s) and the University agree to pursue the feasibility of patenting an invention, the Member(s) agrees to provide full co-operation and assistance in the preparation of the patent application, including disclosure of information containing potentially patentable discoveries which have not yet been protected. Such disclosures shall only be made within agreements of confidentiality. The University shall notify the Member(s) of its decision to file or not to file within 3 months of the disclosure.

36.3.5 If the University decides the potentially patentable discovery arose from University supported activities, and decides not to pursue patent protection, the Member(s) shall be so advised in writing within 3 months of disclosure to the University and may pursue patent protection at his/her own expense.

36.3.6 If the University decides that the potentially patentable discovery was unrelated to University supported activities, the Member may deal with the patent as he/she deems appropriate. This

latter situation shall not preclude a joint development agreement between the Member and the University.

- 36.3.7** If, pursuant to 36.3.4, a Member does not disclose a potentially patentable discovery, and the Member makes an application for a patent, then the Member shall disclose the patent application to the University within 3 months of the application, and shall affirm in writing at the time of disclosure to the University whether or not the discovery has been made and developed as a result of University supported activities. If the Member(s) fails to disclose the existence of patent applications within 3 months, it shall be understood that the University maintains its rights under this Article until such disclosure is made. The University shall decide if the patent application arose from University supported activities, and shall notify the Member of its decision within one month of disclosure.
- 36.3.8** Members shall share in any royalties derived from the commercialization of patents which they have assigned to the University.
- 36.3.9** If the University pursues patent protection, then the royalties to be shared shall be those remaining after the recovery of the University's costs incurred in all the activities specifically involved in the patenting process, including the cost of development, but not including overhead. If the patentable discovery arose from University supported activities, and the Member decides to pursue patent protection without the University's aid, then the royalties to be shared shall be those remaining after the recovery of the Member's costs incurred in all the activities specifically involved in the patenting process, including the cost of development, but not including overhead. The sharing of the remaining royalties after the disbursements for costs shall be negotiated between the University and the Member(s).
- 36.3.10** In the event that the University elects not to proceed with an application for patent for an invention arising from University supported activities, and the Member subsequently obtains such a patent, the Member shall grant to the University a non-exclusive, royalty-free, irrevocable, indivisible and non-transferable licence to the use of the invention for the University's purposes.
- 36.3.11** The University's share of royalties shall be used to support research and scholarly activity.
- 36.3.12** The University shall not enter into any agreement with a third party which alters the patent rights of Members stated in this Article without their written consent.
- 36.4 Copyrights:**
- 36.4.1** The copyright on all literary works, dramatic works, musical works, artistic works, computer programs, or other forms of intellectual property produced or created by Members is vested in the Members who created the works. The benefits that may accrue to Members may be limited by the terms of external contracts and licencing agreements.
- 36.4.2** Notwithstanding clause 36.4.1, where the University specifically commissions the preparation of a particular work, at the time the commission is made the Member(s) who is the creator(s) and the University may negotiate specific conditions which may vest the copyright in the University, and the Member(s) as a minimum shall provide the University with a non-exclusive, royalty-free, irrevocable, indivisible and non-transferable licence to use the material for University purposes.
- 36.4.3** The University shall make no claim to the proceeds of publication for which it has provided no more than normal academic facilities, including research grants.
- 36.4.4** When the University has subsidized publication by a grant for that purpose, it may negotiate specific conditions with the Member(s) who is the creator(s) to participate in royalties.
- 36.4.5** Whenever a publication subsidy is made, the University shall stipulate at the time it offers the subsidy if it wishes to negotiate a claim to royalties that may accrue from publication thus supported; and if it does not, it shall be deemed to have waived any claim to royalties or other income.

36.4.6 Any funds which accrue to the University for royalties from copyrights in which it participates shall be used to support research and publication.

36.5 A transcription made from course material, which is the intellectual property of the course instructor and which complies with the purpose and procedures set out in Appendix H: Accessible Learning and access to Learning Management System Course Sites for Visually Impaired Students, is consistent with clause 36.2.2 above.

ARTICLE 37: FRAUD AND MISCONDUCT IN ACADEMIC RESEARCH AND SCHOLARLY ACTIVITY

37.1 Definition:

37.1.1 Research misconduct does not include those factors intrinsic to the process of academic research, such as honest error, conflicting data, or differences in interpretation or judgment of data or of experimental design.

 - (iii) the use of unpublished material of other researchers or authors, including students or staff, without their permission;
- (c) failure to obtain the permission of the author before making significant use in any publication of new information, concepts or data obtained through access to manuscripts or grant applications during the peer review process;
- (d) attribution of authorship to persons other than those who have participated sufficiently in the work to take public responsibility for its intellectual content;
- (e) the use of archival material in violation of the rules of the archival source;
- (f) submission for publication of articles originally published elsewhere except where it is clearly indicated in the published work that the publication is intended to be a republication;
- (g) the intentional misuse or wrongful diversion of funds designated for research purposes;
- (h) material failure to comply with relevant federal or provincial statutes or regulations for the protection of researchers, human subjects, or the health and safety of the public, or for the welfare of laboratory animals;
- (i) material failure to meet other relevant legal requirements that relate to the conduct or reporting of research;
- (j) failure to reveal any material conflict of interest to the sponsors or to those who commission work or when asked to undertake reviews of research grant applications or manuscripts for publication, or to test products for sale or distribution to the public;
- (k) failure to reveal to the University any material financial interest in a company that

contracts with the University to undertake research, particularly research involving the company's products. Material financial interest includes ownership, substantial stock holding, a directorship, significant honoraria or consulting fees but does not include minor stock holding in a large publicly traded company; or

(l) other conduct defined as a form of research misconduct by the Joint Liaison Committee.

37.2 Retention of Research and Scholarly Activity Materials:

37.2.1 Members shall only be responsible for providing an arbitration board access to research and scholarly activity materials which are in their possession and not for research materials which may be stored in archives, libraries or other institutions which the University may consult at its expense and according to the rules of the host institution.

37.2.2 Normally, Members shall retain research and scholarly activity materials that are within their personal control for five years. No disciplinary action may be taken in respect of any research or scholarly activity if such disciplinary action is initiated more than five years after the date upon which such activity was completed.

37.2.3 If there are non-trivial financial costs involved in its retention, these costs shall be borne by the University. The Member shall be indemnified by the University for any material loss resulting from the search or seizure, change of supervisory personnel, or access by third parties to or the use of his/her research and scholarly activity materials in the course of any investigation, inquiry or arbitration.

37.2.4 Ownership of research and scholarly activity materials collected, created or otherwise assembled by a Member shall be vested in that Member unless ownership of such materials had been vested in a person other than the Member or the University prior to such creation, collection or assembly.

37.3 Report of Allegations:

37.3.1 All allegations of misconduct in research shall be in writing, with documented evidence, signed, dated, and directed to the Vice-President: Research.

37.3.2 In order to determine if a formal investigation is warranted, the Associate Vice-President: Research or designate shall request in writing a meeting with the respondent (the person against whom the allegation is made). The notice of this meeting shall inform the respondent of the purpose of the meeting, and shall inform the respondent of his/her right to be accompanied by a representative of the Association. Any statements made during these discussions shall be strictly without prejudice, and as such in any subsequent proceedings related to the allegation shall be presented de novo.

37.3.3 Within 15 working days of the receipt of the allegation, the Associate Vice-President: Research shall advise the respondent in writing whether or not a formal investigation is warranted.

37.3.4 If the Associate Vice-President: Research finds that a formal investigation is not warranted, the allegation shall be dismissed and no action taken. The Vice-President: Research shall inform the respondent and the complainant (the person who made the allegation) of this decision in writing. In this event, no reference to the complaint shall be placed or retained in the Official File of the respondent.

37.3.5 If the Vice-President: Research finds that a formal investigation is warranted, he/she shall give written notice to the respondent, the Association, and complainant that a Formal Investigation is to be initiated. The written notice shall include a copy of the signed allegations to allow the respondent an opportunity to respond, and shall inform the respondent in writing of his/her right to be represented by the Association.

37.4 The Formal Investigation:

37.4.1 The Formal Investigation process commences when the respondent has received the written

notice specified in 37.3.5. A Member, who is an authorized representative of the Association, shall be present at any meeting involving the respondent during the course of the Formal Investigation. Any statements made during these discussions or meetings shall be strictly without prejudice, and as such in any subsequent proceedings related to the allegation shall be presented de novo.

37.4.2 The Vice-President: Research or designate shall investigate the allegations promptly, fairly, judiciously, and in a confidential manner, ensuring that the respondent has adequate opportunity to know any evidence presented and to respond to that evidence if he/she chooses to do so.

37.4.3 No person consulted by the University administration concerning the case shall be appointed an arbitrator in any subsequent arbitration proceedings dealing with the allegations against the respondent.

37.5 Outcome of the Investigation:

37.5.1 Within 15 working days following the commencement of the Formal Investigation, the Vice-President: Research or designate shall make a written report to the President. The report shall include a copy of the signed allegation, the written response, if any, of the respondent, and the finding as to whether the allegation has been upheld or not with a statement of reasons for that finding. Copies of this report shall be sent to the respondent and to the Association.

37.5.2 Within 10 working days following the receipt of this report, the President shall notify the respondent in writing, with a copy to the Association, of the outcome of the inquiry, including any actions or sanctions he/she proposes to impose on the respondent. The President shall also inform the complainant in writing of the outcome of the inquiry.

37.5.3 A statement from the President that a Member was guilty of misconduct in research with or without any formal sanctions constitutes discipline under Article 26, and may be arbitrated. Any disciplinary action imposed on a Member for research misconduct shall be subject to the grievance and arbitration procedures of Article 27 except that the Parties agree that cases involving accusations of research misconduct will proceed directly to Stage II of the grievance procedure (Article 27.6.2).

37.5.4 If the University decides after Formal Investigation not to take disciplinary action against the respondent or if arbitration decides in favour of the respondent, the University shall remove all documentation concerning the allegation from the respondent's Official File, except that it shall retain any arbitration report which shall be a public document. The University agrees to take such steps as may be necessary and reasonable to protect the reputation and credibility of Members wrongfully accused of misconduct in research.

37.5.5 The University agrees to take such steps as may be necessary and reasonable to protect the rights, positions and reputations of Members who in good faith make allegations of research misconduct, or whom it calls as witnesses in the formal investigation undertaken by the Vice-President: Research or designate.

37.5.6 The University agrees that it will take disciplinary action against those who make allegations of misconduct in research which are reckless, malicious and not in good faith.

37.5.7 The Parties agree that if an accusation of misconduct in research is sustained in relation to research that is funded by an outside agency, the President shall inform the agency concerned of the decision. If the outside agency has been informed of the proceedings before a judgement has been rendered, the President shall send a copy of the decision of the University or the arbitration board to the agency concerned.

37.6 Conflict of Interest:

In the event that the Vice-President: Research, or a staff member of the Office of Research is the complainant, the President shall appoint a designate other than the Vice-President: Academic to serve in the place of the Associate Vice-President: Research for the purposes of this Article on

ONTARIO LABOUR RELATIONS BOARD

0477-88-R Wilfrid Laurier University Faculty Association,
Applicant v. Wilfrid Laurier University, Respondent v. Group
of Employees, Objectors.

BEFORE: S. A. Tacon, Vice-Chair, and Board Members
M. Rozenberg and H. Peacock.

DECISION of THE BOARD; October 3, 1988

1. By decision dated August 17, 1988, the Board found that the applicant was a trade union within the meaning of section 1(1)(p) of the Act, set out the partial agreement of the parties with respect to the bargaining unit description, appointed a Board Officer to inquire into and report back to the Board on the matters set out in paragraph 17 of that decision and, pursuant to the Board's discretion under section 6(2) of the Act and pending the final resolution of the composition of the bargaining unit, certified the applicant as bargaining agent for the unit described in paragraph 20 of that decision.

2. The Board Officer convened a meeting of the parties pursuant to the Board appointment. All parties were invited to attend; only the applicant and respondent appeared. Following discussions, the applicant and respondent reached the following Minutes of Settlement:

FILE NO. 0477-88-R

BETWEEN:

WILFRID LAURIER UNIVERSITY FACULTY ASSOCIATION, Applicant

-and -

WILFRID LAURIER UNIVERSITY, Respondent

MINUTES OF SETTLEMENT

IN ORDER TO RESOLVE their differences in the aforementioned matter the parties have met with Board Officer J. Greenberg, appointed in paragraph 17 of the Board decision dated August 17th, and have settled the matter in full and final as follows:

1. The parties agree to the following bargaining unit description and clarity note for a final certificate subject to the Board's determination of same:

All full-time faculty and professional librarians employed by the respondent in the Regional Municipality of Waterloo, save and except the President, Vice-Presidents, Deans, Director of Computing Services and the University Librarian and Archivist.

Clarity Note:

For purpose of clarity, the parties agree that persons holding visiting or In-Residence appointments for one (1) year or less are not included in the bargaining unit.

2. The parties agree that the Systems Specialist position in the Library is not included in the bargaining unit because of lack of community of interest with the groups properly included.
3. The parties agree that the library heads will be included in the bargaining unit as a result of their community of interest. The parties agree that the above agreement is without prejudice to the right of the respondent Wilfrid Laurier University to bring a s. 106(2) application to the Ontario Labour Relations Board at any time to determine whether certain persons should be excluded on a managerial basis.
4. The parties further agree that In-Residence appointments may only be given to specialists in an applied field who are not qualified for a regular faculty position and do not assume a normal teaching load and are not required to do basic academic research during their appointment.
5. The parties recognize that the negotiations and subsequent collective agreement covering this bargaining unit may contain "items which accord different rights or benefits or terms of employment to Librarians," as distinct from Faculty members. Those "items" shall be included in the agreement as a separate section or article(s).
6. The parties waive a formal Labour Relations Officer Report.

APPENDIX A (CONTINUED)

DATED at Waterloo this 28th day of September, 1988

"Russell W. Muncaster"

For the Respondent

3. Having regard to that settlement, the Board finds the following to constitute a unit of employees appropriate for collective bargaining:

all full-time faculty and professional librarians employed by the respondent in the Regional Municipality of Waterloo, save and except the President, Vice-Presidents, Deans, Director of Computing Services and the University Librarian and Archivist.

Clarity Note:

For purpose of clarity, it is understood that persons holding Visiting or In-Residence appointments for one (1) year or less are not included in the bargaining unit. Further, for purpose of clarity, it is understood that the Systems Specialist position in the library is not included in the bargaining unit.

4. A formal certificate shall issue in respect of the above-noted bargaining unit.

The Associate Vice-President: Research or designate shall respond to this request within 5 days of receipt of the request. If the Member wishes to proceed with the appeal of the denial of an internal research grant or instructional development grant, the Member shall make a request for an appeal in writing to the President within 10 days of receipt of this written statement of reasons. If no written statement of reasons is provided by the Associate Vice-President: Research or designate, the Member shall make a request for an appeal in writing to the President within 15 days of receipt of the notice of denial of the grant application.

The President shall notify the Association of the appeal and shall convene a Research Grant Appeals Committee, comprised of three members chosen from the panel appointed by the Joint Liaison Committee. One member shall be first appointed by the University, and then one member appointed by the appellant. A third member shall be selected from the panel by these two representatives, and shall chair the committee. No one shall serve on the Committee who has a conflict of interest as defined under Article 9.

The Member and the Associate Vice-President: Research or designate shall be invited to appear before the Committee. The Member may be accompanied by a representative of the Member's choice. The Member may choose not to appear before the Committee.

Within 25 days of the Member's request for an appeal, the Committee shall report its findings with a written statement of reasons to the Member and to the President, with a copy to the Association. If the Committee finds in favour of the appellant, the Committee shall recommend to the President the award of a research or instructional development grant, or other forms of remedy it deems appropriate. Within five (5) days of receiving the Committee's report, the President shall inform the Member, with a statement of reasons, of his decision on the appeal. The President's decision shall be copied to the Association.

During the period of Special Voluntary Exit, the Reference Salary of the Member will be maintained at the Reference Salary level of the last year of active service before the Special Voluntary Exit began. During the years of Special Voluntary Exit, years of service credit will be granted to the Member.  - (c) the Basic Group Life Insurance Plan.

At the end of the Special Voluntary Exit period, i.e., at the retirement date established under 1 (c) above, the Member will receive the pension as provided in Article 29. The calculation of the Minimum Guaranteed Pension Benefit shall be based on the Reference Salary defined above.

A decision to opt for Special Voluntary Exit is final, and the Member may not return to full-time employment after Special Voluntary Exit is granted, unless requested and agreed to by the University. Under this plan a Member is eligible for overload teaching under the provisions of 18.2.7.

This Special Voluntary Exit Plan will be available to June 30, 2011.

MODEL LETTER SOLICITING LETTERS OF REFERENCE

In accordance with 15.4.4 (a) and 16.5.5(a), the Parties agree that requests for letters of reference from assessors of Members' applications of promotion to the rank of Professor or Librarian IV shall be in the following form:

Dear _____

[Title and name of the candidate] is being assessed at Wilfrid Laurier University for promotion to the rank of Professor/Librarian IV. You have been suggested as a possible assessor of the applicant's scholarly or professional achievement. If you are willing to undertake this work for us, and if you can do it by (date), we would be most grateful. Since academic decisions are the most important that a university can make, we would certainly value your assistance in this process.

If, however, there are reasons why you cannot conduct an arms-length assessment we would wish that you excuse yourself from this undertaking. Merely knowing the person in question does not constitute a reason for not providing an assessment. A reviewer is considered to be at arms-length if they have not: been a research supervisor or graduate student of the candidate, or have not collaborated with the candidate within the past six years or have plans to collaborate in the immediate future. A reviewer cannot be in any other conflict of interest (e.g., personal, financial).

I am writing to ask if you are able to act as an arms-length reviewer, and will agree to provide an assessment of the candidate's record of scholarship and professional achievement. If you are willing to serve, I shall immediately forward you [candidate's name] curriculum vitae that includes a list of his/her publications, scholarly achievements, and major professional activities. I will also send you the criteria for evaluating Scholarship and Academic, Professional, and University Community Service that are used to evaluate promotion to Professor/Librarian IV under the terms of the Collective Agreement.

If you agree to provide an assessment of [the candidate's name], I shall need a response (letter or e-mail) from you by [date].

Yours sincerely,

Chair, Department of...

cc: The candidate

The Parties further accept that such accommodation shall be made in ways that do not infringe upon the Intellectual Property of full-time faculty Members under Article 36 of the full-time collective agreement and of CAS members under Article 20 of the part-time collective agreement.

In order to provide access to course materials for visually impaired students, the Parties agree that the transcriptionist in Accessible Learning shall be given access to the Learning Management System site for a course in which a visually impaired student is enrolled. By his/her signature on the form attached, the transcriptionist shall signify his/her recognition of the instructor's intellectual property in the course materials, and agrees that the transcription is only for the purpose of the student's study in the course and shall not be reproduced for any other purpose. Once this statement has been signed and sent to the course instructor, the transcriptionist shall be given this access to the Learning Management System site.

The Parties further agree that if the procedure above is followed the University has acted in a manner consistent with the intent of 18.4.7 and 36.2.2 of the full-time collective agreement and 16.8.2.3 and 20.2.2 of the part-time collective agreement.

- The Department, or the Department and Area (for Departments with Areas), or the Program (for programs that are not Departments), or Faculty (in Faculties without Departments) of the appointment.
- The rank of the position: When the advertised appointment could be made at more than one rank, there should be separate short lists for each rank.

As well, applicants should not be subject to any advantage (over others who also met the deadline date) for having submitted the application well in advance of the deadline date. Applications received after the deadline date may only be considered if they are received prior to the first meeting of the Appointments Committee to review the applications, and if the Appointments Committee approves of the late acceptance of the application.
- Employment Equity Statement: The employment equity statement set out in Article 22.2.2(a) of the Collective Agreement must be in the advertisement:

"Wilfrid Laurier University is committed to equity and values diversity. We welcome applications from qualified women and men, including persons of all genders and sexual orientations, persons with disabilities, Aboriginal persons, and persons of a visible minority."
- Immigration Regulations: The statement from Human Resources Skills Development Canada regarding immigration must be included in the advertisement:

"All qualified candidates are encouraged to apply; however Canadians and permanent residents will be given priority."

The current regulations allow simultaneous advertising, interviews, and consideration of Canadians and non-Canadians with priority given to Canadians.
- Self-Identification Process: The advertisement should provide candidates with a means to self-identity so that the information may be used in the development of the short list. Women do not need to self-identify; however, members of the other designated groups must self-identify to be considered for employment equity. It would be unwise to ask candidates to self-identity in their application letters without adequate monitoring of the appointments process. Candidates may self-identify, in confidence, to the Dean or appropriate Associate Dean in the Faculty of the appointment. This individual would then track the progress of these candidates through the development of the short list.

(2) Conference Recruitment:

Conference Recruitment should only be used to broaden the pool of candidates, not to narrow it. An applicant must not be eliminated from consideration because of discussions at a conference. Deviations from the practice (for example, a hiring late in the academic year) can only take place with prior consent of the Dean.

(3) Review of Applications and Development of a Short List:

The review of applications and development of the short list is the next critical step in the appointments process. In particular, the short-list stage is critical for the implementation of employment equity. Fair and equitable

assessments of the candidates make it possible for the applications from members of the designated groups to be systematically evaluated. Equity intervention is most effective at this stage of the appointments process.

- Prior to the development of the short list, preferably at the time of the construction of the advertisement, the Appointment Committee should develop an evaluation grid or assessment form based upon the qualifications (and supporting material) identified in the advertisement (see Article 13.11.7 and 14.9.9). Committees cannot introduce new qualifications after the posting of the advertisement.
- The person with administrative responsibility for procedural correctness and equity should ensure that all applications are complete and request additional information or materials required by the Appointment Committee.
- The development of the short list must be in compliance with Article 13.5.8 or 14.9.7 of the Agreement.
- After the deadline date, the Appointment Committee must meet to evaluate the applicants and create the short list. Prior to the meeting, each member should complete a copy of the evaluation grid or assessment form for all the candidates to facilitate the meeting. At the meeting, each applicant should be evaluated against the qualifications identified in the advertisement; not relative to the other candidates.

(4) Approval of the Short List by the Dean / University Librarian:

As many short-listed candidates as possible should be approved for interview. The Appointment Committee should prepare a report which includes the information required under Article 22.2.3 (f) of the Agreement and the evaluation grid or assessment form used to assess and rank the candidates. The committee must consider carefully if there are other candidates - a woman or other designated group member - who should be included on the short list. This report and the curriculum vitae of the top-ranked candidates should be given to the Dean or University Librarian at the time of the approval of the short list for interview.

(5) Interview:

The interview must be standardized for all candidates being considered for a particular type of position - tenure-track or limited-term.

- Candidates for a faculty appointment should be provided with an interview schedule and the details for an academic presentation and/or a teaching presentation.
- Appointment Committee members must make every effort to attend the full interview segments (the interview, research presentation, teaching presentation) for all candidates. There should be a consistent majority of members attending all interview segments for all candidates.
- Subject to 13.5.8 or 14.9.7, as appropriate, internal applicants should be advised to apply for the position as if they were external to the University. Appointment Committee members should systematically review the application material of internal candidates as if they were external candidates, but will also review the Official File as part of the application documentation as required under Article 13.10.3 or 14.8.3 of the Agreement. Under 13.5.8 or 14.9.7, as appropriate, Members who meet these qualifications shall be placed on the short-list and interviewed for the position. Non-qualified candidates must not be interviewed on a courtesy basis.
- All candidates must be given the same instructions and similar settings for their presentation(s).
- A set of standard questions should be prepared in advance to serve as a guide during each candidate's interview with the committee. The questions should conform to the Ontario Human Rights Commission's interview guidelines for permissible questions.

(6) Post-Interview Evaluation:

Candidates must be evaluated by the Appointment Committee on their performance during the interview. There should be a separate evaluation grid or other instrument for the post-interview evaluation based on the components of the interview. The post-interview evaluation should use criteria relevant to the segments of the interview. For example, the interview grid would include an evaluation of the candidate's presentation(s), interview with the committee, interaction with students, etc. Departmental members should be canvassed for feedback using similar criteria.

**Re:
Plan Contribution Threshold and Surplus**

The University acknowledges that the first priority should the Plan return to a fully funded position would be to bring the Member contributions and the University contributions to the money purchase accounts back to a one- to-one ratio, either through an increase to the University contributions to the money purchase accounts or a reduction to the Member contributions or a combination thereof.

Further, in any plan year, if the combination of the University contributions to the money purchase accounts and the University contributions in respect of the minimum guarantee pension for active Members, which shall include both current service cost and special payments, is less than the member contributions to the money purchase accounts, then the University's combined contributions in that plan year shall be made equal to the Member contributions, either by increasing the University contributions to the money purchase accounts or decreasing the Member contributions, or a combination thereof, at the discretion of the University.

In the event surplus in the Plan exceeds the level at which contribution holidays are permitted under the Pension Benefits Act and its regulations, the University will meet with the Association to discuss a surplus management plan.
