### 14.1 Illness and Disability

The following shall apply in regard to disability or illness:

- a) An employee absent due to illness or disability shall inform a designated management member of his/her absence as soon as possible and shall state the cause of his/her absence and the expected time he/she will report back to work.

- b) The employee shall provide a medical certificate of his/her illness or disability, if requested to do so by the Employer.
- c) The Company may require an employee to immediately undergo a medical examination by his/her physician and to authorize his/her physician to discuss the employee's medical condition and test results with a physician selected by the Employer. This may be necessary in order to establish the state of health of an employee, as a safeguard for other members of staff, or to determine the cause of absenteeism. It is agreed that the Employer's physician will respect the medical confidentiality of the employee and will simply state in the report to the Employer whether the employee is well enough to return to work and/or will not affect the health of others or whether the absenteeism has cause.

The Employer's physician will be advised, by the Company, of this restriction on Company access to employee medical information each time he/she is requested to give a report to the Company.

This paragraph is applicable under reserve of the terms and conditions of any insurance policy with respect to disability coverage.

- d) Disability Income obtained fraudulently shall be considered as sufficient grounds for discipline of an employee by the Employer.
- e) Inability to work because of pregnancy shall not be considered as illness: however, should illness occur as a result of pregnancy, then it shall be covered under Article 11. If a physician verified illness predates the commencement of maternity leave, then disability income applies until the illness is over as verified by a physician; if the illness post-dates the commencement of maternity leave, then no disability income will be paid until the maternity leave or child care leave applied for expires.

14.1.1 In cases of total disability and following the expiration of sick leave, the employee will be covered under the Long Term Disability Plan.

The payment provided shall be at least equivalent to the current salary of the employee at the time of vacation pro-rated to the appropriate number of days. If the above percentage is greater than the regular salary, the percentage rate shall apply. For sickness that extends for more than one (1) calendar year, an employee will earn only one (1) year's vacation entitlement during such period of sickness. It is understood that an employee must either return to work or have his/her employment severed to receive such vacation entitlement. Therefore

it is not possible for an employee to receive vacation pay while he/she is receiving sick leave pay.

- 14.3 Should an employee fall sick while on vacation and should this illness require hospitalization. sick leave will be paid if the employee has sick leave credits. and the unused days of vacation will be credited to the employee.
- 14.4 For those employees who are at the Company employ at the date of the signature of this agreement. their accumulated sick days bank is as listed in Letter of Agreement # 6.

Prospectively the Employer grants twelve (12) sick days per year (non-cumulative or payable) to every permanent employee on staff. If the sick day bank is exhausted. the employee will apply for UIC under the Employer SUB plan until the time he/she is eligible for long-term disability. The accumulated sick days bank expires at retirement or departure of the employee and are deemed not payable.

- 14.4.1 The Employer acknowledges an obligation to grant a method of sick leave benefit to part-time employees. The Employer herein agrees to grant eight (8) hours of sick leave for every one hundred (100) hours worked to a maximum of eighty (80) hours. If a part-time employee is absent owing to illness a sick benefit of one hundred per cent (100%) of the applicable rate will be payable.

A doctor's certificate must be produced. according to the provision of Article 14.1. when sickness exceeds three (3) consecutive days. which may be broken by days off or statutory holidays. In cases of repeated sick leave. the Employer reserves the right to require medical certification at any time.

- 14.5 The Employer shall. upon request from the employee. furnish all pertinent infomiation concerning the status of the employee's sick leave (e.g. sick days used. sick leave credits remaining. etc.).
