The Company is, however, under no obligation to guarantee that forty **(40)** hours work will be available in any one basic work week. - 8.04 If an employee has completed his or her regular shift and has left the plant, or is on his or her regularly scheduled days off and is called back to work for emergency reasons, applicable overtime rates will be paid for the actual hours worked. The minimum will be four **(4)** hours pay at straight time.
- If the call-in time is pre-arranged, payment for the time worked will be at the applicable overtime rates and not on the basis of the emergency call-in pay procedure.

ARTICLE - 9

- 9.01 All employees' names shall appear on the full-time seniority list after they have successfully completed their probationary period. The list will show the last date of hire with the Plant.
- Seniority for all full-time employees in the bargaining unit on the effective date of this collective agreement shall be based on their last date of hire into a full-time position with the Plant.
- In the case of all new employees hired after the signing date of this collective agreement, a master seniority numbering system will determine highest seniority.
- 9.02 Each person who is newly hired into the bargaining unit shall be on probation for ninety (90) calendar days, during which time the probationer shall not have seniority and may be terminated for cause or on a basis which the Company may determine. Any such termination shall not be disputed through the complaint or grievance and arbitration procedure.

- 9.03 The Company will provide the Union with a copy of the seniority list every four months. A copy of the list may be posted on the Union bulletin board. Only additions to, deletions from, or typographical errors in the seniority list may be challenged under this clause.
- 9.04 Employment into management – if returned to bargaining unit returns with zero seniority.

ARTICLE - 10

 - (b) if the employee is discharged, and such discharge is not reversed through the grievance or arbitration procedure.
 - (c) if an employee is absent without reasonable cause for three (3) working days without properly notifying the Company of the absence;
 - (d) if an employee fails to report within three (3) working days when recalled by the Company and after delivery of the recall notice by registered mail to the address on record with the Company. The three day period will start upon the date of the delivery of the recall notice;
- This clause will not apply to recalls of five (5) days or less.
- (e) if an employee overstays a leave of absence without permission of the Company or utilizes the leave of absence for other than the reasons for which it was granted;
 - (f) if an employee refused to continue to work or to return to work in violation of the no strikes and lock-out article;
 - (g) if an employee retires;

ARTICLE - 11

JOB POSTING

The employee who is qualified and who has the qualifications, ability, efficiency, and skill to fill the vacancy immediately, shall be selected. When two or more employees who are qualified are **equal**, seniority **will be** the determining factor. The Human Resources Department will post notice of the successful applicant within three (3) working days of awarding the job.
- 11.02 If no employee is qualified to fill the vacancy immediately, the Company may choose to place another person from outside the bargaining unit into the position or may choose an employee from the bargaining unit for training.
- 11.03 It is agreed that internal postings will be settled within sixty (60) days from the date the posting closes. It is also agreed that external postings will be settled within 90 days from the date the posting closes. The Company will endeavour to adhere to these guidelines. In the event that an opening has not been filled within these time frames, the Company will approach the Union for an extension (if the situation warrants) or the position is to be re-posted.
- 11.04 An employee will have been in his/her current position for a minimum of 6 months before being eligible to apply for a transfer.

ARTICLE - 12

LAYOFFS

12.01 In the case of a layoff from the bargaining unit or a recall of an employee with seniority to a position in the bargaining unit, seniority shall govern as between all individual employees so long as the senior employee is immediately qualified and able to perform satisfactorily the work which is available at the rate of pay applicable to the job.

The term "immediately qualified" means being able to perform satisfactorily the key responsibilities and duties of the job within a ten (10) working day re-orientation and refamiliarization period from the start date of the job. It is understood that no training is to take effect during this period.

In the event of layoff, the Press Operators or Collator Operators will be given the opportunity to bump into Offline Applications Operator provided they are able to perform satisfactorily the key responsibilities and duties of the job within a (10) ten day working orientation and familiarization period from the start date of the job.

The Company agrees to except the rule as it applies to "immediately qualified to exclude all employees who are faced with a layoff, and who have the seniority, to bump into a lift truck position. The Company also agrees to provide lift truck training for the affected individuals.

If a laid off employee is unable to perform satisfactorily the key responsibilities and duties of the job of a displaced employee within the above ten (10) working day period, then that employee will be laid off without the opportunity to exercise his/her seniority rights.

12.02 The employee whose job is being eliminated, and who has the seniority and qualifications to replace another employee, must replace the lowest seniority person in the department (Preliminary, Manufacturing, Maintenance, Materials, Coater) who is closest to them in terms of wage rate. That person will then replace the lowest seniority person in the plant who is closest to them in terms of wage rate. That person will then replace the lowest seniority person in the plant in a job for which the more senior employee is qualified.

- 12.03 In the event of layoffs, Union committee persons will be retained in their respective zones, regardless of their seniority, as long **as** they can perform the work that remains in the zone. The Union Chairperson will be the last person in the bargaining unit to be laid off, as long as he/she can perform the available work.
- 12.04 All temporary employees and students will be laid off first, in the event of layoff.

ARTICLE - 13

- 13.01 Where an employee has become incapable of performing the essential duties of his or her job on a regular basis, the Company may, in its discretion, unilaterally reassign the employee to another vacant position in the bargaining unit without regard to the layoff, recall and promotion provisions of this agreement, provided the employee is capable, in the opinion of the Company, of satisfactorily performing the duties of the new position. If no such position becomes available within the time as prescribed in Article 10.01 (h), then the employee shall lose all seniority and be deemed to have been terminated in accordance with Article 10.01(h).
- 13.02 In order to form the opinions required, the Company Doctor must receive access from the employee involved to all relevant medical records and opinions respecting the employee. The information will be deemed as confidential and shall not be shared with the employer.

- 22.02 In the event of the death of an employee's spouse, partner or child, an additional two day's leave of absence will be granted without loss of pay.

- 22.03 Further, it is understood that only the actual number of working days lost, up to and including the day of the funeral, will be paid for, except in the death of a spouse, partner or child or in special cases. Should a death, referred to in this Article, occur while an employee is on vacation, one additional day's vacation shall be granted at a date mutually agreed upon by the employee and his/her immediate Supervisor.
- 22.04 This leave of absence shall not be construed as applying to instances where an employee does not attend a funeral due to distance requirements, etc. One day compassionate leave will be granted to employees who cannot attend the funeral.

ARTICLE - 23

UNION LEAVES

The Company will grant leave of absence without pay or loss of seniority to up to four (4) employees at any one time, who have completed one year of service in the plant, for the purposes of attending official union functions provided the leave is requested at least two weeks prior to the leave and that such leave does not impair the Company's ability to run the business. The Company will make every effort to grant such requests on the understanding that the Union will make every attempt to avoid the month of July.

ARTICLE - 24

NO DISCRIMINATION

24.01 EMPLOYMENT EQUITY

It is Moore's and the CAW's aim to create a climate of understanding and mutual respect in which all people of whatever background will be treated equally with respect to dignity, rights, and opportunity.

Moore and the CAW are committed to non-discriminatory policies and practices and to compliance with applicable human rights codes.

Decisions about hiring, promotion, compensation, training or any other aspect of employment will be made on the basis of merit, ability, performance and such general qualifications as skills, education, experience, and any other pertinent factors required for the job vacancies available.

In addition, Moore and the CAW undertakes to identify and remove employment and advancement barriers, if such barriers exist, particularly in regard to “designated groups” identified as women, aboriginal people, persons with disabilities, and persons who, because of race or colour, are in a visible minority in Canada.

Moore and the CAW will take positive steps as necessary to promote the full participation of previously under-represented groups in the company’s workforce and to encourage the utilization of the talents of all employees in order to realize the business objectives of the Company.

PROCEDURE

Moore and the CAW encourages employees to resolve questions or concerns informally by speaking directly to their immediate Manager. If the employee is not comfortable with this and believes that he/she has been treated in a manner inconsistent with the Human Rights Code or with this policy, they should contact the senior local Manager or the local Human Resources Representative or a union representative.

Moore and the CAW will treat any concern or complaint, however informal or preliminary, with the utmost seriousness.

A formal investigation will be conducted when a written complaint is made. Once received, the complaint must be made known immediately to the senior local manager and the union or where the complaint is against the senior location manager, to the local Human Resources Representative who will initiate an impartial, confidential investigation. At this stage, the complainant must be prepared to allow disclosure of the specific allegations to the accused party. The complaint, investigation and all responses to the complaint must be fully documented.

Employees acting in a manner inconsistent with this policy are subject to disciplinary action, the level of which will correspond to the seriousness of the misconduct.

The final review of any matter can be appealed to the Vice President, Human Resources and the grievance procedure.

RESPONSIBILITY

Human Resources will communicate this policy and support company efforts in Employment Equity through appropriate means such as training, data collection and analysis, and innovative programs which respect the confidentiality and sensitivity of individuals concerned.

Members of management will make non-discriminatory employment decisions and support company Employment Equity objectives within their sphere of accountability.

HARASSMENT POLICY

It is the policy of Moore and the **CAW** that every employee is entitled to work in an environment free from harassment by the Company or co-worker because of sex, race, colour, age, physical disability, religion, marital status, national or ethnic origin or any other ground of prohibited discrimination.

Harassment is regarded as a serious infringement upon an employee's personal dignity and employment status. Moore and the **CAW** are committed to preserving every employee's right to freedom from harassment and to maintaining a professional and productive business environment. Achieving this objective depends on mutual respect and co-operation among employees.

All employees should be aware that harassment is prohibited by law.

Definitions

The company and the union defines harassment as:

A course of abusive comments or actions that are known or ought reasonably to be known to be unwelcome. Examples would be unwelcome comments, jokes, innuendoes or taunting about a person's sex or race. Physical contact which is unnecessary and unwelcome is another example.

A sexual advance or soliciation made by an employee in a position to grant or deny a benefit to the other employee when the employee making the advance knows or ought to know it is unwelcome. An example would be a repeated sexual advance to an employee by a Manager.

A reprisal or threat of reprisal against a person who has rejected a sexual advance or solicitation from an employee in a position to grant or deny a benefit. An example would be where a supervisor denies or threatens to deny a promotion to an employee because he/she rejected a sexual advance.

To summarize, workplace harassment may include conduct or comments by a supervisor, co-worker, or group of co-workers towards another employee. It can occur as a single encounter or as a series of encounters, persistent innuendoes, or threats which may never be carried out either sexually or economically.

PROCEDURE

An employee who believes that he/she has been harassed:

Should first tell the harasser very clearly that his or her words or actions are not welcome.

Should maintain a written record of dates, times, specific behaviour and witnesses, if any.

Should make a complaint either verbally or in writing if the above measures are not effective or cannot be implemented. A complaint can be made to the senior location Manager and/or, the Human Resources Representative or to a CAW union representative.

Moore and the CAW will treat any complaint, however informal or preliminary, as a serious matter, and will respond even if discussion between the parties or a written record had not been kept.

An investigation will be conducted by management and/or union. Both the complainant and alleged harasser, and any other relevant parties, will be informed of the findings and given an opportunity to accept or dispute them. Management will then take the appropriate disciplinary action.

The employee may, if he or she wishes, have another employee of his/her choice present at all meetings during the investigation. The employee must understand that the essence of the allegations will be made known to the alleged harasser, but the investigation will be conducted in as confidential a manner as possible.

If there is evidence of harassment, the employees involved are subject to discipline, the level of which will correspond to the seriousness of the misconduct.

If not satisfied with the outcome, the employee can discuss the matter with the Vice President, Human Resources and/or a union representative.

RESPONSIBILITY

In the event the complaint remains unresolved or a violation of the collective agreement, the matter may be instituted as a grievance or the complainant may file a complaint under the code.

- 24.02 There shall be no discrimination, interference, restriction, or coercion exercised or practised by any of the representatives of the Company or the Union with respect to any employee because of membership or non-membership or activity or inactivity in the Union.
- 24.03 The Union agrees that there will be no Union activity of any kind or solicitation for membership on Company time without the express permission of the Supervisors of any employees involved and permission shall not be unduly delayed or denied.

ARTICLE - 25

GRIEVANCES

GRIEVANCE PROCEDURE

- 25.01 The purpose of this article is to establish a procedure for the settlement of all grievances. A grievance under this collective agreement is a complaint in writing by an employee or a group of employees, the Union or the Company, as provided herein regarding the interpretation, application, administration or an alleged violation of the collective agreement.

25.02 Preliminary Step

It is understood that there is no grievance until the member of management of the aggrieved employee has first been given an opportunity to deal with the complaint. Such complaints must be discussed in the presence of a Committee person, if so requested, with the first level of management to whom the employee directly reports within five (5) working days after the

circumstances that gave rise to the grievance first occurred or became known to the griever. The employee's immediate member of management will reply within five (5) working days. If the complainant is not satisfied with the oral reply of the immediate Manager, a written grievance may be filed in the following manner and sequence.

25.03 Step 1

The employee must, with the assistance of his department Steward if the employee requested, present his grievance in writing to the Plant Manager within five (5) working days of the receipt of the oral reply referred to in 25.02 above. The Plant Manager shall respond in writing within five (5) working days of receipt of the grievance. If it is not referred to Step 2, as provided below, the grievance will be considered to be satisfactorily resolved on the basis of such decision.

The grievance must state the name of the griever and classification, the name of the Steward for the department involved in processing the written grievance, the date upon which the grievance was prepared, the details of the grievance, the date upon which it is alleged to have first occurred, the department Manager's name and title, the articles and sections of the agreement alleged to be violated, the remedy sought and the signature of the griever and the Steward.

Within five (5) working days of receipt of the grievance, the Plant Manager or his designate, shall arrange a meeting to discuss the grievance with the employee and the grievance committee.

Within five (5) working days of the meeting the Plant Manager shall respond in writing to the grievance.

25.05 Step 2

If the Plant Manager's response is not satisfactory, the Plant Chairperson must inform the Plant Manager in writing within five (5) working days of receipt of the Plant Manager's response that the grievance will be presented to an Arbitration Board established in accordance with the Labour Relations Act of Ontario. If no written request for arbitration is received within the time specified by the Company or Union, as the case may be, the grievance shall be deemed to have been settled and not eligible for arbitration.

25.06 Any difference arising directly between the Company and the Union concerning the interpretation, application, administration or alleged violation

of this collective agreement may be originated as a grievance in Step 2 by either party. The information identified in Step 2 must be included in the grievance. This must be done within five (5) working days after the circumstances giving rise to the grievance first occurred. The grievance shall be answered in writing by the Company or the Union, as the case may be, within fifteen (15) working days following the receipt of the grievance. Failing receipt of a satisfactory answer, the grievance may be submitted to arbitration as in Article 25.05 above. It is understood that a grievance dealt with under this paragraph shall not include any matter upon which an employee would be personally entitled to grieve and the regular grievance procedure for personal grievance shall not be bypassed except where the Union establishes that the employee has not grieved an unreasonable standard that is patently in violation of this agreement and that adversely affects the right of persons in the bargaining unit.

25.07 A grievance by a group of employees regarding the interpretation, application, administration or an alleged violation of this collective agreement may be filed in accordance with the provisions of this article beginning at Step 2 providing the facts of each employee's case are the same and any legal issue is also the same.

25.08 Time Limits

All time limits referred to in the grievance procedure shall be deemed to be mandatory unless extended by mutual written agreement of the Company and the Union. If the grievance is not presented at any step in accordance with the prescribed time limits, the grievance may be referred to the next step of the grievance procedure.

25.09 No monetary adjustment effected under the grievance procedure or arbitration procedure shall be made retroactive to a date prior to the date of occurrence of the circumstances giving rise to the grievance which shall in no case be longer than ten (10) days prior to the date of the filing of the written grievance in Step 1. In addition, any compensation or wages lost will be less any monies earned elsewhere or received from unemployment insurance.

25.10 The grievance or the reply will be delivered by hand, if possible, and will be deemed to be presented and received on the date so delivered.

25.11 The parties agree that efficiency of plant operations is of primary concern. The processing of a grievance to management will be done during working hours at a mutually agreed upon time so as not to interfere with efficiency of operations. The normal daily pay of bargaining unit employees involved will not be reduced.

- 25.12 The term "working days" when used in the article shall exclude Saturdays, Sundays, and the holidays enumerated in Article 15 respecting holidays.

ARTICLE - 26

ARBITRATION

ARBITRATION BOARD

- 26.01 (a) If either party so wishes, grievances shall be heard by a single arbitrator. If a single arbitrator is requested, the party shall in its notice of intent to proceed to arbitration; suggest a person to serve as arbitrator. The other party shall respond within five (5) working days, agreeing either to the proposed single arbitrator or suggesting alternate arbitrators. If the parties cannot agree on an arbitrator within five (5) days, either party may request the Minister of Labour for the Province of Ontario to appoint a single arbitrator.
- (b) By mutual agreement, the parties may agree to proceed to arbitration of a particular grievance by the procedure of exchanging lists of three (3) proposed single arbitrators. In the event that a name is proposed common to both lists, such person shall be invited to serve as arbitrator of the grievance. When no name is common to both lists, the party requesting that the matter be submitted to arbitration may, **within ten (10) working** days after the lists have been exchanged, request the Minister of Labour to appoint an impartial arbitrator and the requesting party shall provide the other party with a copy of the request.
- 26.02 No person may be appointed to the Arbitration Board who has been involved in any attempt to negotiate or settle the grievance.
- 26.03 The following provisions shall govern Arbitration Boards:
- (a) in any arbitration, the written record of the grievance at Step 2 shall be presented to the Arbitration Board and the award of the Board shall be confined in determining issues therein set out;
- (b) no matter shall ~~be~~ submitted to arbitration which has not been properly carried through all the requisite steps of the grievance procedure;
- (c) the Arbitration Board shall not be authorized to make any decision inconsistent with the provisions of this collective agreement nor to

modify, alter, add to, subtract from or amend any part of this collective agreement.

- (d) the written findings of the majority of the Arbitration Board as to the interpretation, application, administration or alleged violation of this collective agreement, will be final and binding upon the parties concerned; in the event that a grievance is referred to an Arbitration Board on which it has no power to rule, the case shall be dismissed without decision or recommendation on its merits.

26.04 The term "working days" when used in this article shall exclude Saturdays, Sundays and the holidays enumerated in Article 15 respecting holidays.

ARTICLE - 27

DISCIPLINE AND DISCHARGE

27.01 The termination of a probationer may be for cause on a basis which the Company may determine.

27.02 Without restricting the Company's right to discharge for cause generally, the following offenses shall be considered just cause for discharge:

- (a) the possession or use of or being under the influence of alcohol, or unprescribed drugs on the employer's premises;
- (b) theft, deliberate destruction, or sabotage of property or equipment;
- (c) conviction of a criminal offence under the Criminal Code reasonably related to the Company's duties.

It is understood that each case will be reviewed on its own merits.

27.03 The question of whether, in fact, an employee committed an offence referred to in 27.02 may be submitted to the grievance and arbitration procedure.

27.04 A claim of discharge without cause by an employee who has completed the probationary period shall be treated as a grievance if a written statement of such grievance in the form set out in Step 2 of the grievance procedure is lodged with the Company within five (5) working days of the discharge, commencing at the third step of the grievance procedure. Subject to 27.02 above, a grievance arising because of discharge may be settled under the grievance procedure by:

- (a) confirming the employee's dismissal; or
- (b) reinstating the employee with or without compensation for the time lost; or
- (c) any other arrangement mutually agreed to between the parties or by any other arrangement decided by a Board of Arbitration.

27.05 If an employee is to be summoned to a meeting of the Company for the purpose of being disciplined, the employee shall be so advised and may request the attendance of the Steward for the department in which the grievor works after having been advised of his/her right to do so. If the Steward is unavailable, another Steward or the Plant Chairperson may be designated. The unavailability of Stewards shall not stop the meeting or affect the quality of the discipline meted out in extreme cases only. The Company shall provide the employee and the Union with a copy of any written discipline.

27.06 Letters of discipline shall be removed from an employee's file after twenty-four (24) months.

ARTICLE - 28

BULLETIN BOARD

28.01 The Company will provide one bulletin board in the Plant for the use of the Chairperson of the negotiating committee for posting notices of the following types:

- (a) notices of recreational and social events;
- (b) notices of elections;
- (c) notices of results of elections;
- (d) notices of meetings;
- (e) notices of general health and safety matters;
- (f) notices and/or brochures provided by the CAW.

28.02 The Union bulletin board shall not be used for posting or distributing political matters or Union matters not directly related to the bargaining unit and the administration of this collective agreement.

28.03 Each notice which is to be posted shall be provided to the Manager of the Plant, or in his absence the Human Resources Manager, in advance for information and approval, which shall not be unreasonably denied. Notices so approved shall be signed by the Chairperson and the Manager of the Plant, or in his absence the Human Resource Manager. Posted notices which are not so approved shall be removed.

ARTICLE 29

PLANT CLOSURE

29.01 The Company agrees to provide plant closure provisions as contained in the current Employment Standards Act as a minimum upon closure for the duration of this agreement.

ARTICLE 30

TECHNOLOGICAL CHANGE

30.01 The parties recognize that technological changes may be necessary in order to further the continued growth and **success** of the company. It is agreed that in the event of technological changes, both parties will meet at the earliest practical time to discuss the matter and discuss the affect of the decision on employees concerned.

30.02 If new equipment or material is introduced into the Trenton Plant which could adversely affect the employment of a significant number of employees in the bargaining unit, then the following procedure will be followed:

1. A displaced employee will be offered re-training on available jobs of equal or higher rates of pay.
2. If jobs are unavailable as in 1. above, a displaced employee will be offered re-training, where necessary, on available jobs at a lower rate of pay.
3. If no jobs are available as in 1 or 2 above, or are unacceptable to the employee, or the employee is unable to perform the job after the retraining period, then the employee will exercise his/her rights under the bumping clause of the collective agreement.

ARTICLE - 31

DURATION OF AGREEMENT

- 31.01 This collective agreement shall become effective on August 28, 1998 and shall remain in **full** force and effect until 11:59 p.m. on August 27, 2001.
- 31.02 Either party may notify the other in writing, within ninety (90) calendar days prior to the expiration date, that it desires to negotiate amendments to the collective agreement or to terminate it. In the event that no notice has been given as required above, the agreement shall continue in **full** force and effect until twelve (12) months thereafter.
- 31.03 If, pursuant to such negotiations, an agreement is not reached prior to the current expiry date, this agreement shall remain in full force and effect until the date on which a new agreement is made effective between the parties or until the date on which either of the parties may lawfully alter the terms or conditions of employment in accordance with the Labour Relations Act, whichever date shall first occur.

If you are going to be away from work after that date, you must inform your Supervisor of the estimated date of your return to work. This must again be qualified by a medical certificate for the extended time away from work.

(iv) Sick Leave Entitlement

All hourly paid employees are entitled to sick leave with 66 2/3% pay based on the number of years service with the Company to a maximum of 100 days, as follows:

During the first 3 months of service	No sick leave
During the 4th to 12th month of service	10 working days
During the 2nd year of service	20 working days
During the 3rd year of service	30 working days
During the 4th year of service	40 working days
During the 5th year of service	50 working days
During the 6th year of service	60 working days
During the 7th year of service	70 working days
During the 8th year of service	80 working days
During the 9th year of service	90 working days
During the 10th year of service	100 working day
More than 10 years of service	100 working day

- (v) The number of years of service is calculated separately for each individual employee and is based on the anniversary date of the most recent date of hire.

Consideration will be given to employees who qualify for an adjusted date of hire based on credit for past service. This applies to employees returning to work after a break in service and becomes effective only after the completion of one year of service from the latest date of hire.

- (vi) Unused sick leave does not accumulate from year to year.

- (vii) If your anniversary date of hire falls during an absence that is due to illness, your sick leave entitlement will be the sum of your previous year's available credits, plus the credits available to you for the next year.
- (viii) Paid sick leave will be considered as time worked in calculating vacation entitlement. Where sickness occurs during your vacation, no additional vacation time will be granted. The scheduled time away from work is considered vacation time and not sick leave.
- (ix) When a paid holiday falls during an absence in which sick leave is being paid, you will receive pay for the holiday and this day will not be charged to your sick leave.
- (x) This sick leave plan works in conjunction with the Unemployment Insurance Commission's sick plan. If you are going to be away on a long term basis, the Company will pay sick benefits subject to the waiting periods and your entitlement based on service. Once your entitlement is exhausted, you can then make application for U.I.C benefits, which are payable for a maximum of 15 weeks.
- (xi) Sick benefits are taxable.
- (xii) If you are off on sick leave due to illness or a noncompensable accident, and upon returning to work find you are unable to complete the first **day** back, sick leave will continue to the limits **of** your credits. The time short of normal hours on the first day back will be paid for and charged to sick leave.

If you return to work and complete one full shift and are subsequently off again due to the same conditions, the two (2) day waiting period will **apply**.
- (xiii) If you are unable to perform your job as a result of non-compensable accident, and are supported by a medical certificate stating such, the Company may assign you to perform other duties as requested.

Dear Bruce:

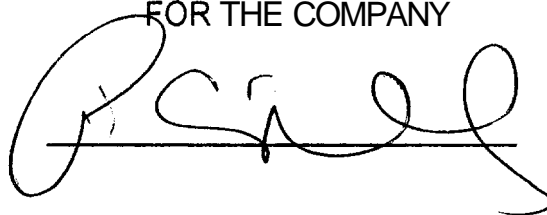

LETTER OF UNDERSTANDING

This letter is to confirm the understanding reached between the Company and the Union relative to the "weekend worker" program.

The Company will determine when the weekend worker program is to start and finish and the equipment to be operated during that program.

The Company and the Union reserve the right to withdraw from this arrangement at any time.

The terms and conditions governing this program are as follows:

1. Health and Safety

The three person minimum rule is to be strictly adhered to.

2. Hours of Work and Shift Rotation

Days: Saturday and Sunday

Hours of Work: 12 midnight to 12 noon and 12 noon to 12 midnight

Shifts to rotate on a bi-weekly basis.

If only one shift is scheduled to operate on Weekend Worker the schedule of hours will be 12 midnight Friday to 12 noon on Saturday and 12 noon Sunday to 12 midnight Sunday.

Employees are expected to perform twelve (12) hours of production per shift. Lunches are to be eaten while the equipment is operating.

3. Pay:

20 hours pay at the applicable regular hourly rate per 12 hour shift.

Shift premiums do not apply.

4. Jury Duty:

The terms of the collective agreement are to apply.

5. Death in an Employee's Family:

In the event of the death of an employee's spouse or a child, a leave of absence of up to 40 hours regular pay will be granted in accordance with the terms of the collective agreement.

In the event of a death in the employee's immediate family, a leave of absence of up to 24 hours regular pay will be granted in accordance with the terms of the collective agreement.

6. Selection Criteria:

The opportunity to work the weekend program will be offered to equipment operators* in the following sequence:

- (a) In order of seniority to those employees working on the equipment selected for weekend work.

For example: Five operators are required to operate a piece of equipment. Three operators will be on week days and ~~two~~ on the weekend worker program. In order of seniority, A, B and C are the operators that normally run this equipment. D and E are the next most senior operators qualified - i.e. skill and ability - to run this equipment.

Operator A is asked first if he/she would like to work the weekend worker program. If Operator A accepts the offer, then Operator B would be offered the opportunity next to work the weekend shift. If Operator B declines, then Operator C would be approached next. If Operator C declines, then Operator D would be approached. If Operator D accepts, then the selection process stops. The weekend workers would be Operators A and D.

The Company would then select and assign three qualified operators to fill the Monday to Friday shifts on the above piece of equipment.

- (b) On a rotation basis prior to the start of each new program.

In the above example, the selection process would be restricted to the five operators who worked on the equipment during the previous weekend worker program and would start at Operator E. If Operator E accepts, then Operator A would be bypassed and Operator B asked next. If Operator B declines, then Operator C would be approached next. If Operator C accepts, the selection process would stop. The weekend workers would be Operators E and C.

If Operator C were to decline the opportunity to work the weekend worker program, the selection process would shift back to the two operators who worked the previous program. Operator A, who has the most seniority of the two, would be asked first. If Operator A declines, then Operator D would be asked next.

The Company would then select and assign three qualified operators to fill the Monday to Friday shifts on the above piece of equipment.

- (c) If the Company is unable to fill a weekend worker vacancy from those employees working on the equipment selected for the weekend worker program, then the position will be offered, in order of seniority, to another operator working within that classification, provided the operator has the skill and ability to operate the equipment. For example:

Operators A, B, C, D and E decline the opportunity to work the weekend worker program. Operators F and G are the next most senior qualified operators within that classification. Both are approached and accept the opportunity to work the weekend.

The Company would then select and assign three qualified operators to fill the Monday to Friday shifts on the above piece of equipment.

*

For Collator Operators, the opportunity to work the weekend work program will be offered in order of seniority to all Collator Operators provided the operator has the skill and ability to operate three different collators.

The above selection process will be repeated following the completion of three months of program operation.

7. Filling Vacancies:

- (a) A Monday to Friday vacancy created by an employee moving to a weekend worker position will be posted as a temporary assignment, press operator positions excluded. Openings created as a result of an employee filling a temporary vacancy will not be posted.

For example, a vacancy is created in the Press Department by a Short Run Auxilliary Equipment Operator moving to a weekend worker assignment. The Short Run Auxilliary Equipment Operator position is posted and filled by a Utility Person. The Utility Person position would not be posted. It may be filled by a temporary employee.

- (b) Temporary vacancies created as a result of this program will be filled in accordance with the terms of Article 11.
- (c) Temporary job postings are for the purposes of this weekend work arrangement only.
- (d) Collator, Press and Nipson Vary Press Operators are excluded from applying for temporary job postings.
- (e) It is understood that experience gained through a temporary posting during this program will not be used when filling future full-time vacancies.
- (f) Employees with unacceptable performance records, which includes attendance, will not be given the opportunity to participate in this arrangement.

8. Vacations:

Only one operator per piece of equipment may be on vacation at any one time.

Vacation selection will be in accordance with the terms of the collective agreement.

9. Paid Holidays:

- (a) Employees working the weekend worker program may take personal holidays provided they are mutually agreed to.
- (b) If the employee's birthday falls on a scheduled weekend work day, the employee has the option of receiving 8 hours pay at regular rates or 8 hours paid time off at a later date. The paid time off and the scheduling thereof must be mutually agreed to.
- (c) If a statutory holiday falls during the weekend worker program, those employees working the weekend work arrangement will have the option of receiving 8 hours pay at regular rates or 8 hours paid time off at a later date. The paid time ~~off~~ and the scheduling thereof must be mutually agreed to.
- (d) Weekend workers have until March 31st of the following year to take unused personal, birthday or statutory lieu day holidays.

10. Overtime:

To be limited to a maximum of one hour per shift and is to be used only in cases of lateness. To be paid at the rate of time and one half.

10. Sick Leave:

After a waiting period of 9.6 hours per claim (16 hours on the Monday to Friday schedule), for each 0.1 hour missed thereafter, the employee will receive: 0.1 divided by 24, times 2/3rds of the weekly base rate.

EXAMPLE: TOP RATE PRESS OPERATOR:

1. Absent full day Saturday (12 hours) only

$$\frac{12.0 - 9.6}{24} \times (2/3 \times \$17.68 \times 39.33)$$

2. Absent full day Saturday and Sunday (24 hours)

$$\frac{24.0 - 9.6}{24} \times (2/3 \times \$17.68 \times 39.33)$$

3. Absent 4.5 hours Saturday and all day Sunday (12 hours)

$$\frac{16.5 - 9.6}{24} \times (2/3 \times \$17.68 \times 39.33)$$

4. Absent 8.0 hours Saturday and all day Sunday (12 hours)

$$\frac{20.0 - 9.6}{24} \times (2/3 \times \$17.68 \times 39.33)$$
