Where the Hospital identifies high risk areas where employees are exposed to Hepatitis B, the Hospital will provide, at no cost to the employees, a Hepatitis B vaccine.

Upon a recommendation pertaining to a facility or a specifically designated area(s) thereof from the Medical Officer of Health or in compliance with applicable provincial legislation, the following rules will apply:

- (a) Employees shall, subject to the following, be required to be vaccinated for influenza.
- (b) If the full cost of such medication is not covered by some other source, the Hospital will pay the full or incremental cost for the vaccine and will endeavour to offer vaccinations during an employee's working hours. In addition, employees will be provided with information, including risks and side effects, regarding the vaccine.
- (c) Hospitals recognize that employees have the right to refuse any required vaccination.
- (d) If an employee refuses to take the vaccine required under this provision, she may be placed on an unpaid leave of absence during any influenza outbreak in the hospital until such time as the employee is cleared to return to work. If an employee is placed on unpaid leave, she can use banked lieu time or vacation credits in order to keep her pay whole.
- (e) If an employee refuses to take the vaccine because it is medically contraindicated, and where a medical certificate is provided to this effect, she will be reassigned during the outbreak period, unless reassignment is not possible, in which case the employee will be paid. It is agreed that any such reassignment will not adversely impact the scheduled hours of other employees.

- (f) If an employee gets sick as a result of the vaccination, and applies for WSIB, the Hospital will not oppose the claim.
- (g) Notwithstanding the above, the Hospital may offer the vaccine on a voluntary basis to an employee free of charge.
- (h) This clause shall be interpreted in a manner consistent with the Ontario Human Rights Code.

7.10 Pandemic Planning

In the event there are reasonable indications of the emergence of a pandemic any employee working at more than one health care facility will, upon the request of the hospital, provide information of such employment to the hospital. No consequence will flow from such disclosure, other than as strictly necessary to prevent the spread of infection.

ARTICLE 8 – GRIEVANCE & ARBITRATION PROCEDURE

(The following clauses will appear in all collective agreements replacing any provisions related to Grievance Procedure that existed in the Hospital's collective agreement expiring 2016)

- 8.01 Employees shall have the right, upon request, to the presence of a Union Steward at any stage of the grievance procedure, including the complaint stage, or at any time when formal discipline is imposed. The Hospital agrees that it will not discipline an employee without just cause. Where the Hospital deems it necessary to suspend or discharge an employee, the Hospital shall notify the Union, in writing, of such suspension or discharge.
- 8.02 For the purpose of this Agreement, a grievance is defined as a difference arising between a member of the bargaining unit and the Hospital relating to the interpretation, application, administration or alleged violation of the Agreement.
- 8.03 (a) It is the mutual desire of the parties hereto that complaints shall be adjusted as quickly as possible, and it is understood that an employee has no grievance until she has first given her immediate supervisor the opportunity of adjusting her complaint. Such complaint shall be discussed with her immediate supervisor within nine (9) calendar days from the event giving rise to the grievance, or from when the employee should have reasonably become aware of the event giving rise to the grievance. Failing settlement within nine (9) calendar days, it shall then be taken up as a grievance with hin

the nine (9) calendar days following her immediate supervisor's decision in the following manner and sequence:

- (b) The employee must submit the grievance through the Local Union, signed by the grievor and the Local Union President, or designate, to the Chief Executive Officer (CEO) of the Hospital, or designate, with a copy to the immediate supervisor. The employee may be accompanied, if she so desires, by her union steward. The grievance shall identify the nature of the grievance, the remedy sought, and should specify the provisions of the Agreement which are alleged to have been violated.
- (c) The parties will have a period of up to thirty (30) calendar days from the date the grievance is filed to attempt to resolve the grievance, and in any case, to provide the Union with a formal written response setting out the Hospital's position on the matter.
- (d) During the thirty (30) day resolution period referred to above, the parties will attempt to resolve the matter(s) in dispute through a meeting or a series of meetings which shall involve the individuals with authority to resolve the grievance. In all cases, the meeting(s) shall include the Union Grievance committee.
- (e) Prior to the initial meeting date being established, the parties will provide document disclosure on a without prejudice basis to each other, with the purpose of providing both parties with the opportunity to understand the grievance and to prepare for the resolution meeting(s).

In determining a date for the meeting the parties will consider:

- (i) the time needed for research, consultation and preparation for the meeting(s) and,
- (ii) the time needed, after the meeting, and before the expiry of the thirty (30) day period, to conduct follow-up activities including the possibility of holding further meetings.

For these reasons the initial meeting will generally take place during the middle ten (10) days of the thirty (30) day period.

- (f) In resolving the dispute, the parties will hold the meeting, and any other meetings as may be agreed, to thoroughly consider the grievance and attempt to find a resolution. The governing principle will be that the parties have a mutual interest in their own solutions and avoiding, if at all possible, having the decision made by an arbitrator.

- (g) If the parties are unable to resolve the grievance, the Hospital will provide the Union with a written response to the grievance by the end of the thirtieth (30th) day following the date of the filing of the grievance.
- (h) The Union will then have a period of fourteen (14) calendar days from the date of the Hospital's response to determine if the response is acceptable, or will refer the matter to arbitration.
- (i) If the grievance is filed by the Hospital, the Union will provide a response by the end of the thirtieth (30th) day following the date the grievance was filed. The Hospital will have fourteen (14) calendar days from the date of the Union's response to determine if it will accept the Union's response or will refer the matter to arbitration.

8.04

Policy Grievance

A grievance arising directly between the Hospital and the Union concerning the interpretation, application or alleged violation of the Agreement shall be originated at the level of the CEO within fourteen (14) calendar days following the circumstances giving rise to the grievance.

It is expressly understood, however, that the provisions of this Article may not be used with respect to a grievance directly affecting an employee which she could have instituted herself and the regular grievance procedure shall not be thereby bypassed. Where the grievance is a Hospital grievance it shall be filed with the Local Union President or designate.

8.05 Group Grievance

Where a number of employees have identical grievances and each one would be entitled to grieve separately, they may present a group grievance in writing through the Local Union, signed by each employee who is grieving and the Local Union President, or designate, to the CEO, or her designate, within fourteen (14) calendar days after the circumstances giving rise to the grievance have occurred. The grievance shall then be treated in the manner as set out for an individual grievance.

8.06 Discharge Grievance

The release of a probationary employee shall not be the subject of a grievance or arbitration.

The Hospital agrees that it will not discharge, without just cause, an employee who has completed her probationary period. A claim by an employee who has completed her probationary period that she has been unjustly discharged shall be treated as a grievance. Such grievance shall be submitted through the Local Union, signed by the grievor and the Local Union President, or designate, to the CEO of the Hospital, or designate within seven (7) calendar days after the date the discharge is effected. Such grievance may be settled by:

- (a) confirming the Hospital's action in dismissing the employee, or
- (b) reinstating the employee with or without loss of seniority and with or without full compensation for the time lost, or
- (c) any other arrangement which may be deemed just and equitable.

8.07 Failing settlement under the foregoing procedure, any grievance, including a question as to whether the grievance is arbitrable, may be submitted to arbitration as herein provided. If no written request for arbitration is received within fourteen (14) calendar days after the decision under the foregoing procedure is given, the grievance shall be deemed to have been abandoned.

8.08 All agreements reached under the grievance procedure between the representatives of the Hospital, the representatives of the Union and the grievor(s) will be final and binding upon the parties.

8.09 When either party requests that any matter be submitted to arbitration as provided in this Article, it shall make such request in writing addressed to the other party to this Agreement, and at the same time appoint a

nominee. Within seven (7) calendar days thereafter, the other party shall appoint its nominee, provided however, that if such party fails to appoint its nominee as herein required, the Minister of Labour for the Province of Ontario shall have the power to make such appointment upon application thereto by the party invoking the arbitration procedure. The two nominees shall attempt to agree upon a Chair of the Arbitration Board. If they are unable to agree upon such a Chair within a period of fourteen (14) calendar days, they shall then request the Minister of Labour for the Province of Ontario to appoint a Chair.

- 8.10 No person may be appointed as an arbitrator who has been involved in an attempt to negotiate or settle the grievance, except as herein provided.
- 8.11 No matter may be submitted to arbitration which has not been properly carried through all requisite steps of the grievance procedure.
- 8.12 The Arbitration Board shall not be authorized to make any decision inconsistent with the provisions of this Agreement, or to alter, modify, add to or amend any part of this Agreement.
- 8.13 The proceedings of the Arbitration Board will be expedited by the parties. The decision of the majority, and where there is no majority, the decision of the Chair, will be final and binding upon the parties hereto and the employee(s).
- 8.14 Each of the parties will bear the expense of its nominee, and the parties will share equally the fees and expenses of the Chair of the Arbitration Board.
- 8.15 The time limits set out in this Article are mandatory and failure to comply strictly with such time limits, except by the written agreement of the parties, shall result in the grievance being deemed to have been abandoned.
- 8.16 The parties to this agreement wish to encourage the settlement of grievances as soon as is possible and, wherever possible, without resort to arbitration. For these reasons:
- a) The parties are encouraged to take advantage of the process for mediation/arbitration as provided for in S.50 of the Labour Relations Act, 1995 (R.S.O. 1995 as amended) (the "Act").
 - b) When the parties do not elect to use S.50 of the Act in the period immediately following the referral of a matter to arbitration, the parties will commence a period of review. During this time they will each seek informed opinion with respect to the matter in dispute and consider whether the issues involved are such that the assistance of a mediator, or some form of early intervention, may be

helpful. It is expected that this will occur within the first sixty (60) calendar days following referral of the matter to arbitration, avoiding the delay and costs that result from this process occurring immediately prior to an established hearing date.

- c) By mutual agreement, the parties at the local level can create a list of arbitrators.

8.17 Where Arbitration Board is referred to in the Agreement, the parties may mutually agree in writing to substitute a single arbitrator for the Arbitration Board at the time of reference to arbitration and the other provisions referring to Arbitration Board shall appropriately apply.

8.18 Notwithstanding the time limits as set out herein, in the interest of bringing the matter to an expeditious conclusion, where the decision or response is provided in less than the number of days provided above, any subsequent response will measure from the receipt of the response.

ARTICLE 9 – LETTERS OF REPRIMAND AND ACCESS TO FILES

9.01 Any letter of reprimand or suspension will be removed from the record of an employee eighteen (18) months following the receipt by the employee of such letter or suspension provided that the employee's record has been discipline free for such eighteen (18) month period. Leaves of absence in excess of thirty (30) calendar days will not count towards the eighteen (18) month period.

9.02 Each employee shall have reasonable access to her file for the purposes of reviewing any evaluations, letters of counseling or formal disciplinary notations contained therein. Such review shall take place in the presence of the employer. A copy of the above documents will be provided to the employee on request. An employee is entitled to place a written response to letters of counseling in her file.

ARTICLE 10 – SENIORITY AND SERVICE

(The following clauses will appear in all collective agreements replacing any provisions related to, Effect of Absence, that existed in the Hospital's collective agreement expiring 2016)

10.01 Probationary Period

Newly hired employees shall be considered to be on probation for a period of ninety (90) tours worked from date of last hire (675 hours of work for employees whose regular hours of work are other than the standard work day). If retained after the probationary period, the employee shall be credited with seniority from date of last hire. With the written consent of the Hospital, the probationary employee and the President of the Local Union or her designate, such probationary period may be extended.

It is understood and agreed that any extension to the probationary period will not exceed an additional sixty (60) tours (450 hours of work for employees whose regular hours of work are other than the standard work day) worked or such lesser period as may be agreed by the parties. The release of a probationary employee shall not be the subject of a grievance or arbitration.

10.02 Seniority List

A seniority list will be maintained for each department. The Hospital shall post such list and provide the Union with a copy, indicating bargaining unit seniority, twice per year.

(Article 10.03 (a) is applicable to part-time employees only)

10.03 Seniority Accumulation

- (a) (i) Part-time employees shall have their seniority expressed on the basis of number of hours worked in the bargaining unit. (The foregoing is for clarity only and therefore does not modify an employee's level of seniority under this collective agreement or previous collective agreements.)
- (ii) Notwithstanding Article 10.03 (a) (i) seniority shall accrue during a pregnancy leave or parental leave. Seniority shall accumulate for a period of up to seventeen (17) weeks while an employee is on pregnancy leave. For parental leave, seniority shall accumulate for a period of up to thirty-five (35) weeks after the parental leave began, if the employee also took pregnancy leave, and thirty-seven (37) weeks if the employee did not take pregnancy leave.

For the purposes of pregnancy leave and parental leave, seniority accrual shall be determined by multiplying the normal weekly hours times the number of weeks the employee is absent on such leave.

- (iii) Seniority for part-time employees shall accrue for absences due to a disability resulting in WSIB benefits, or illness or

injury in excess of thirty (30) consecutive calendar days. The rate of accumulation will be based on the employee's normal weekly hours paid over the preceding qualifying twenty-six (26) weeks. A qualifying week is a week where the employee is not absent due to vacation, pregnancy/parental leave, WSIB, or illness or injury that exceed thirty (30) consecutive calendar days.

(Article 10.03 (b) is applicable to full-time employees only)

- (b) Full-time employees will accumulate seniority on the basis of their continuous service in the bargaining unit from the last date of hire, except as otherwise provided in the collective agreement or previous collective agreements. (The foregoing is for clarity only and therefore does not modify an employee's level of seniority under this collective agreement or previous collective agreements.)
- (c) In the application of seniority, no employee's seniority date may pre-date their start date.

A part-time employee cannot accrue more than 1650 hours of seniority and service in a twelve (12) month period. The 12-month period shall be negotiated locally and shall be set out in the Local Appendix.

10.04 Transfer of Seniority

Note: There will be no retroactive monetary adjustment as a result of implementation of this clause. This means that service credits for the purposes of placement on the grid, vacation entitlement and any other service-based benefit will be adjusted, but no retroactive money, vacation days, or service-based benefit will be owing.

Seniority and service shall be retained by an employee in the event she is transferred from full-time to part-time or vice versa. An employee whose status is changed from full-time to part-time shall receive credit for her seniority and service on the basis of 1650 hours worked for each year of full-time seniority and service. An employee whose status is changed from part-time to full-time shall receive credit for her seniority and service on the basis of one (1) year of seniority and service for each 1650 hours worked. Any time worked in excess of an equivalent shall be pro-rated at the time of transfer.

NOTE: Those Hospital contracts currently with a lesser hourly requirement shall continue.

NOTE: Article 10.05 applies to full-time employees only.

10.05 Effect of Absence

- (a) (i) It is understood that during an approved unpaid absence not exceeding thirty (30) continuous days or any approved absence paid by the Hospital, both seniority and service will accrue.

During an unpaid absence exceeding thirty (30) continuous calendar days, credit for service for purposes of salary increments, vacation, sick leave, or any other benefit under any provision of the Collective Agreement or elsewhere, shall be suspended; the benefits concerned appropriately reduced on a pro rata basis and the employee's anniversary date adjusted accordingly.

In addition, the employee will become responsible for full payment of subsidized employee benefits in which she is participating for the period of the absence. The employee may arrange with the Hospital to prepay the full premium of any applicable subsidized benefits in which she is participating during the period of leave in excess of thirty (30) continuous days to ensure continuing coverage.

It is further understood that during such absence, credit for seniority shall be suspended and not accrue during the period of absence. Notwithstanding this provision, seniority shall accrue if an employee's absence is due to disability resulting in WSIB benefits or LTD benefits including the period of the disability program covered by Employment Insurance.

- (ii) Notwithstanding Article 10.05 (a) (i), seniority and service shall accumulate for a period of up to seventeen (17) weeks while an employee is on pregnancy leave. For parental leave, seniority and service shall accumulate for a period of up to thirty-five (35) weeks after the parental leave began, if the employee also took pregnancy leave, and thirty-seven (37) weeks if the employee did not take pregnancy leave.

During the period of an employee's pregnancy and/or parental leave vacation pay will be based on a percentage of her or his gross salary for work performed as set out in Article 19.01

The Hospital will continue to pay its share of the premiums of the subsidized employee benefits including pension, in which the employee is participating for a period from the commencement of the leave up to seventeen (17) weeks while an employee is on pregnancy leave and up to thirty-five (35) weeks while the employee is on parental leave (thirty-seven (37) weeks if the employee did not take pregnancy leave), unless the employee does not intend to pay her contributions.

- (b) The Hospital agrees to provide, in response to an employee's request, her service and/or anniversary date.

10.06 Application of Seniority on Layoff and Recall

For purposes of layoff and recall, seniority shall operate on a department-wide basis, i.e., laboratory, radiology or such other departments which exist in the individual hospitals where the employees are covered by this Agreement.

10.07 Layoff and Recall Rights

Seniority lists and layoff and recall rights for full-time employees shall be separate from seniority lists and layoff and recall rights for part-time employees, subject to Article 11.06 (e) (f) (i)

10.08 Retention & Accumulation of Seniority on Transfer Outside Bargaining Unit

An employee who is transferred to a position outside the bargaining unit for:

- (a) a period of less than eighteen (18) months or such longer period as the parties may agree upon or;
- (b) a specific term of appointment, including temporarily replacing an employee outside the bargaining unit

shall retain but not accumulate seniority held at the time of transfer. In the event the employee is returned to a position in the bargaining unit within the time periods noted in (a) or (b) above she shall be credited with the seniority held at the time of transfer and shall resume accumulation from the date of her return to the bargaining unit.

Notwithstanding the above, the parties recognize that there may be unique situations which arise where it may be appropriate for seniority and service to accrue for work outside the bargaining unit. Where such situations exist, the local parties have the authority to negotiate the accumulation of seniority for such periods of time. Where the local parties so agree, union dues will continue to be deducted.

10.09 Loss of Service and Seniority

An employee shall lose all service and seniority and shall be deemed to have terminated if she:

- (a) leaves of her own accord;
- (b) is discharged and the discharge is not reversed through the grievance or arbitration procedure;
- (c) has been laid off without recall pursuant to article 11.09 for twenty-four (24) months.
- (d) is absent from scheduled work for a period of three (3) or more consecutive working days, without notifying the Hospital of such absence and providing a reason satisfactory to the Hospital;
- (e) fails to return to work (subject to the provisions of (d)) upon termination of an authorized leave of absence without satisfactory reason or utilizes a leave of absence, without permission, for purposes other than that for which the leave was granted;
- (f) fails upon being notified of a recall to signify her intention to return within five (5) calendar days after she has received the notice of recall mailed by registered mail to the last known address according to the records of the Hospital and fails to report to work within ten (10) calendar days after she has received the notice of recall or such further period of time as may be agreed upon by the parties.

ARTICLE 11 – LAYOFF AND RECALL

NOTE: Article 11 applies to Full-Time and Regular Part-Time Employees only.

11.01 (a) For purposes of layoff under Article 11, the clinical laboratory department would include the sub-disciplines of laboratory medicine. For purposes of layoff under this Article, a discipline is a service function within a department.

(b) Where an employee has her shift cancelled, the employee shall not be entitled to displace another employee.

(c) For the purposes of layoff under Article 11, it is understood that the definition of a long-term layoff includes a permanent reduction of hours of a full time employee.

11.02 Short Term Layoff (not greater than 13 weeks)

An employee who is subject to layoff for a period not greater than thirteen (13) weeks shall have the following entitlements:

(a) Where the Hospital plans the reduction of a service on a short term basis that may lead to a short term layoff of staff, it will notify the affected employee(s) and the Union as soon as possible. The Hospital will allow affected staff to use vacation, other accrued time or unpaid leave to minimize the effect of the reduction.

(b) Accept the layoff and be placed on a recall list for twenty-four (24) months. During this period of layoff the employee may elect to receive payment of some or all of her earned vacation credits up to a maximum of the period of the layoff. It is understood that her vacation bank and entitlement will be appropriately reduced for that vacation year; or

(c) Displace an employee within her classification who has lesser bargaining unit seniority and who is the least senior employee within her classification, if the employee originally subject to layoff can perform the duties of the least senior in her classification in her discipline.

(d) An employee who has the right to displace another employee shall have the right to the same training period as would typically be accorded to a new employee. Such training period may commence prior to the anticipated layoff.

- (e) If the employee cannot displace an employee in (c), the employee may displace an employee who has lesser bargaining unit seniority and who is the least senior employee in a lower or identical paying classification in her discipline, if the employee originally subject to layoff can perform the duties of the least senior employee in a lower or identical paying classification in her discipline.

11.03 Long Term Layoff (greater than 13 weeks)

The Hospital and the Union agree to work jointly to minimize any adverse effects of a long term or permanent layoff (greater than thirteen (13) weeks duration) on employees, and maximize creative approaches that meet the interests of both the Hospital and the employees. Accordingly, in the event of such a layoff the Hospital will:

- (a) provide the Union with no less than five (5) months' notice.
- (b) provide the Labour- Management Committee with pertinent financial and staffing information and with a copy of any reorganization plans which impact on the bargaining unit to allow the Committee to carry out its mandated role under this Article.
- (c) at the time that notice is given to the Union, and prior to the giving of written notice to the employees if possible, jointly evaluate, plan and review:
 - the reason causing the layoff
 - the service the Hospital will undertake after the layoff
 - how the Hospital intends to effect the lay-off, including areas where layoffs will occur, and which employees will be laid off
 - ways the Hospital can assist employees to find alternate employment.
 - ways and means of avoiding or minimizing the impact, including:
 - identifying and reviewing possible alternatives to any action that the Hospital may propose taking;
 - identifying and reviewing ways to address on-the-job retraining needs of employees;

- identifying vacant positions within the Hospital for which surplus members of the bargaining unit might qualify, or such positions which are currently filled but which are expected to become vacant within a twelve (12) month period.
 - identifying Contracting in opportunities
 - Mapping bumping options for affected employees, to the extent possible.
- (d) Any agreement between the Hospital and the Union resulting from the above review concerning the method of implementation will take precedence over the terms of this Agreement.
- 11.04 (a) Local Human Resource Plans will apply to Health Services Restructuring Commission directives. In other circumstances, the balance of Article 11.04 will apply.
- (b) Before issuing notice of long term layoff pursuant to Article 11.05(b), and following notice pursuant to Article 11.03(a), the Hospital will make offers of early retirement allowance in accordance with the following conditions:
- (i) The Hospital will first make offers in order of seniority in the department(s) and in classifications where layoffs would otherwise occur. The Hospital will offer the same number of early retirements as the number of layoffs it would otherwise make.
 - (ii) The Hospital will make offers to employees eligible for early retirement under the Hospital pension plan (including regular part-time, if applicable, whether or not they participate in the hospital pension plan).
 - (iii) If no employees on the unit affected accept the offer, the Hospital will then extend the offer to other employees in the same classification as that being affected in the bargaining unit in order of seniority.
 - (iv) The number of early retirements the Hospital approves will not exceed the number of employees in that classification who would otherwise be laid off.
 - (v) An employee who elects an early retirement option shall receive, following completion of the last day of work, a

retirement allowance of two (2) weeks' salary for each year of service, to a maximum ceiling of fifty-two (52) weeks' salary. (See chart at Article 11.14)

- (c) If after making offers of early retirement, individual layoff notices are still required, prior to issuing those notices the Hospital will offer a voluntary early exit option in accordance with the following conditions:
 - (i) The Hospital will first make offers in the classifications within department(s) where layoffs would otherwise occur. If more employees than are required are interested, the Hospital will make its decision based on seniority.
 - (ii) If insufficient employees in the department affected accept the offer, the Hospital will then extend the offer to employees in the same classification in other departments. If more employees than are required are interested, the Hospital will make its decision based on seniority.
 - (iii) In no case will the Hospital approve an employee's request under (i) and (ii) above for a voluntary early exit option, if the employees remaining are not qualified to perform the available work.
 - (iv) The number of voluntary early exit options the Hospital approves will not exceed the number of employees in that classification who would otherwise be laid off. The last day of employment for an employee who accepts a voluntary early exit option will be at the Hospital's discretion and will be no earlier than thirty (30) calendar days immediately following the employee's written acceptance of the offer.
 - (v) An employee who elects a voluntary early exit option shall receive, following completion of the last day of work, a separation allowance of two (2) weeks' salary for each year of service, to a maximum of fifty-two (52) weeks' pay. (See chart at Article 11.14)

- 11.05 (a) In the event of layoff, the Hospital shall lay off employees in the reverse order of their seniority within their classification, providing that those employees who remain on the job have the qualifications and ability to perform the work.
- (b) Employees shall be entitled to three (3) months written notice of permanent or long term layoff. To assist the employee in this

process, layoff notices will contain, where possible, specific information on bumping options. It is agreed and understood that *Regulation 327, Section 7*, of the *Employment Standards Act* applies. It is further agreed that notice to both the Union and the employees may run concurrently.

- (c) After receipt of such written notice, affected employees will have a period of up to fourteen (14) calendar days to indicate to the Hospital their choice of options as outlined below. Where requested, the employee will have the opportunity to meet with the hospital, and be provided with union representation to discuss the options. The Hospital agrees to meet with the affected employee(s) within seven (7) calendar days after it has received written notification of the employee's choice of entitlement, in order to verify her choice or to discuss alternatives.
- (d) An employee who has the right to displace another employee shall have the right to the same training period as would typically be accorded to a new employee. Such training period may commence prior to the anticipated layoff.

11.06 An employee who is subject to permanent or long-term layoff shall have the following entitlements:

- (a) accept the layoff and be placed on a recall list for twenty-four (24) months from the date the actual layoff begins; or
- (b) accept the layoff, and thereafter, at the Hospital's option, receive pay in-lieu of notice and not be required to report for work during the notice period. It is agreed and understood that during the period of notice the employee's wages and benefits will be maintained as if she were at work, and that her layoff will be deemed to have commenced at the end of the notice period.
- (c) displace an employee who has lesser bargaining unit seniority and who is the least senior employee within her classification, identical paying classification, or lower paying classification in her discipline or department, if the employee originally subject to layoff can perform the duties of the least senior employee within her classification, identical paying classification, or lower paying classification in her discipline or department.
- (d) An employee who has the right to displace another employee shall have the right to the same training period as would typically be

accorded to a new employee. Such training period may commence prior to the anticipated layoff.

NOTE: Article 11.06 (e) and (f) will only appear in those collective agreements where a combined full-time and part-time OPSEU paramedical bargaining unit exist.

- (e) If the full-time employee cannot displace a full-time employee in (c), the employee may displace a part-time employee who has lesser bargaining unit seniority and who is the least senior employee in her classification, identical paying classification, or lower paying classification in her discipline or department, if the employee originally subject to layoff can perform the duties of the least senior employee in her classification, identical paying classification, or lower paying classification in her discipline or department.
- (f) If the part-time employee cannot displace a part-time employee in (c), the employee may displace a full-time employee who has lesser bargaining unit seniority and who is the least senior employee in her classification, identical paying classification, or lower paying classification in her discipline or department, if the employee originally subject to layoff can perform the duties of the least senior employee in her classification, identical paying classification, or lower paying classification in her discipline or department.
- (g) If the employee cannot displace an employee in her discipline or department, the employee may displace an employee who has lesser bargaining unit seniority and who is the least senior employee in a lower or identical paying classification in another department, if the employee originally subject to layoff can perform the duties of the least senior employee in a lower or identical paying classification in another department.
- (h) An employee who has the right to displace another employee shall have the right to the same training period as would typically be accorded to a new employee. Such training period may commence prior to the anticipated layoff.

NOTE: Article 11.06 (i) will only appear in those collective agreements where a combined full-time and part-time OPSEU paramedical bargaining unit exist.

- (i) (i) If the full-time employee cannot displace a full-time employee in (e), the employee may displace a part-time employee who has lesser bargaining unit seniority and who is the least senior employee in another department, if the employee originally subject to layoff can perform the duties of the least senior employee in another department.

- (ii) If the part-time employee cannot displace a part-time employee in (f), the employee may displace a full-time employee who has lesser bargaining unit seniority and who is the least senior employee in another department, if the employee originally subject to layoff can perform the duties of the least senior employee in another department.
- (j) An employee who has the right to displace another employee shall have the right to the same training period as would typically be accorded to a new employee. Such training period may commence prior to the anticipated layoff.

11.07 Where an employee has received individual notice of long term layoff under Article 11.05 such employee may resign and receive a separation allowance as follows:

- (i) Where an employee resigns effective within thirty (30) days after receiving individual notice of long term layoff, she shall be entitled to a separation allowance of two (2) weeks' salary for each year of continuous service to a maximum of sixteen (16) weeks' pay, and, on production of receipts from an approved educational program, within twelve (12) months of resignation will be reimbursed for tuition fees up to a maximum of three thousand (\$3,000.00) dollars. (See chart at Article 11.14)
- (ii) Where an employee resigns effective later than thirty (30) days after receiving individual notice of long term layoff, she shall be entitled to a separation allowance of four (4) weeks' salary, and, on production of receipts from an approved educational program, within twelve (12) months of resignation will be reimbursed for tuition fees up to a maximum of one thousand two hundred and fifty (\$1,250.00) dollars. (See chart at Article 11.14)

11.08 An employee who displaces an employee in a lower paying classification will be placed on the salary grid of the lower classification consistent with the level she would have achieved in the lower classification based on her service and experience with the Hospital.

11.09 Recall

An employee shall have opportunity of recall from a layoff to an available opening in her former classification, or an equal or lower paying classification than the one from which the employee was originally laid off, in order of seniority, provided she has the qualifications and ability to perform the work, before such opening is filled on a regular basis under a

job posting procedure. The posting procedure in the collective agreement shall not apply until the recall process has been completed. An employee who is recalled shall be credited with the seniority she had at the time of the layoff.

- 11.10 (a) An employee recalled to work in a different classification from which she was laid off, or an employee who has displaced an employee in a lower classification shall be entitled to return to the position she held prior to the layoff should it become vacant within twenty-four (24) months of the lay-off, provided that the employee remains qualified and able to perform the duties of her former position.

No new employees shall be hired until all those laid off have been given an opportunity to return to work and have failed to do so, in accordance with the loss of seniority provision, or have been found unable to perform the work available.

NOTE: Article 11.10 (b) will only appear in those collective agreements where a combined full-time and part-time OPSEU paramedical bargaining unit exist.

- (b) (i) In addition to 11.10(a) a full-time employee who has displaced a part-time employee shall be entitled to return to the position she held prior to the layoff should it become vacant within twenty-four (24) months of the layoff, provided that the employee remains qualified and able to perform the duties of her former position.
- (ii) In addition to 11.10(a) a part-time employee who has displaced a full-time employee shall be entitled to return to the position she held prior to the layoff should it become vacant within twenty-four (24) months of the layoff, provided that the employee remains qualified and able to perform the duties of her former position.

11.11 The Hospital shall notify the employee of recall opportunity by registered mail, addressed to the last address on record with the Hospital (which notification shall be deemed to be received on the fifth day following the date of mailing). The notification shall state the job to which the employee is eligible to be recalled and the date and time at which the employee shall report for work. The employee is solely responsible for her proper address being on record with the Hospital.

11.12 Where there is an available opening which has not been filled in accordance with Article 11.09, an employee who has either accepted a layoff or is under notice of layoff and is unable to displace any other employee will be given an opportunity for on-the-job retraining of up to six

(6) months, subject to the staffing requirements of the hospital, if, with the benefit of such retraining, the employee could reasonably be expected to obtain the qualifications and ability to perform the work. Such opportunities will be provided in order of seniority. During the period of on-the-job retraining the recall period will continue to apply from the original date of layoff. If, following the period of on-the-job retraining the employee has not obtained the qualifications and ability to perform the work, the employee will be returned to the recall list or will be terminated in accordance with Article 10.09(c).

NOTE: Article 11.13 will only appear in those collective agreements where both full-time and part-time employees are represented by OPSEU.

11.13 In the event that an employee who has been laid off and is placed on a recall list is assigned, by the Hospital, ad hoc shifts or to a temporary vacancy, she will retain, but not accumulate her seniority and service held at the time of layoff. Employees in such assignments will be treated as part-time. Where an employee is recalled pursuant to Article 11.09, she will receive credit for service and seniority for shifts worked under this provision. Any assignments under this provision will be offered on a voluntary basis.

11.14 The following will apply when calculating early retirement, voluntary exit and separation allowance for part-time employees:

Service=	One year of service for each 1650 hours worked
Weekly Salary=	The employee's regular hourly rate on her last day times her normal weekly hours.
Normal Weekly Hours=	Average hours worked over the preceding 26 weeks

ARTICLE 12 – TECHNOLOGICAL CHANGE

NOTE: Article 12 applies to full-time and regular part-time employees only. It does not apply to casual part-time employees.

12.01 The Hospital undertakes to notify the Union in advance, so far as practicable, of any technological changes which the Hospital has decided to introduce which will significantly change the status of employees within the bargaining unit.

The Hospital agrees to discuss with the Union the effect of such technological changes on the employment status of employees and to consider practical ways and means of minimizing the adverse effect, if any, upon employees concerned.

Employees with one (1) or more years of continuous service who are subject to layoff under conditions referred to above, will be given notice of the impending change in employment status at the earliest reasonable time in keeping with the notification to the Union as set forth above and the requirements of the applicable legislation.

12.02 Where new or greater skills are required than are already possessed by affected employees under the present methods of operation, such employees shall be given a period of training, with due consideration being given to the employee's previous educational background, during which they may perfect or acquire the skills necessitated by the newer method of operation. The employer will assume the cost of tuition and travel. There shall be no reduction in wage or salary rates during the training period of any such employee. Training shall be given during the hours of work whenever possible and may extend for up to six (6) months.

ARTICLE 13 – JOB POSTING, PROMOTION AND TRANSFER

13.01 Where a vacancy exists, or where the Hospital creates a new position in the bargaining unit, such vacancy shall be posted for a period of seven (7) calendar days. Applications for such vacancies shall be made in writing within the seven (7) day period referenced herein.

Notwithstanding the above, the Hospital may fill at its own discretion vacancies caused by:

- (a) illness;
- (b) accident;
- (c) pregnancy and parental leaves of absence;
- (d) leave of absence not expected to exceed twelve (12) months;
- (e) vacation;
- (f) specific tasks not expected to exceed six (6) months;
- (g) where temporary vacancies occur as a result of special one-time funding, the parties may agree to extend the timeline.

In filling such temporary vacancies, the Hospital shall consider employees who have expressed an interest, in writing, in filling such vacancies, on the basis of the selection criteria as set out in Article 13.06.

Employees in bargaining units at the Hospital represented by OPSEU selected to fill such temporary vacancies agree not to apply for other temporary positions while filling the temporary vacancy, unless the start of the new assignment is after the expiration of the existing assignment. Where regular or casual part-time workers fill temporary full-time vacancies, such workers shall maintain their regular or casual part-time status, and shall be covered by the part-time terms of the collective agreement. Upon completion of the temporary vacancy, the bargaining unit employee will be returned to her former position. Such employees shall continue to accrue seniority while filling a temporary vacancy.

Employees newly hired to fill such temporary vacancy will not accrue seniority during the filling of such vacancy. For clarity, Article 10.01 (probationary period) does not apply to this group of employees during the period of the temporary assignment. If such employees successfully post into a permanent position within the bargaining unit, prior to the end of the non-posted vacancy, they will be credited with seniority from their last date of hire. The release or discharge of such employee at the completion of the temporary vacancy shall not be the subject of a grievance or arbitration.

- 13.02 Notices of vacancies referred to in 13.01 shall include, for informational purposes: department, classification, qualifications.
- 13.03 A copy of the posted notice will be sent to the local President or her designate, within the aforementioned seven (7) calendar days.
- 13.04 The name of the successful applicant will be posted and a copy sent to the local President or her designate.
- 13.05 The Hospital agrees to discuss with unsuccessful applicants ways in which they can improve for future postings, if requested.
- 13.06 In filling posted vacancies the selection shall be made based on skill, ability, experience, and relevant qualifications of the applicants. Where these factors are relatively equal, bargaining unit seniority shall be the governing factor.
- 13.07 In matters of promotion and staff transfer, a successful bargaining unit applicant shall be allowed a trial period of up to sixty (60) days (450 hours for employees whose regular hours of work are other than the standard

work day) worked during which the Hospital will determine if the employee can satisfactorily perform the job. Within this period the employee may voluntarily return, or be returned by the Hospital, to the position formerly occupied, without loss of seniority. Should the employee return or be returned to her former job, the filling of subsequent vacancies will be reversed.

- 13.08 An employee who is promoted to a higher rated classification within the bargaining unit will be placed in the range of the higher rated classification so that she shall receive no less an increase in wage rate than the equivalent of one step in the wage rate of her previous classification (provided that she does not exceed the wage rate of the classification to which she has been promoted).

The employee's anniversary date shall be adjusted.

- 13.09 An employee selected as a result of a posted vacancy need not be considered for a further vacancy for a period of up to six (6) months from her date of selection.

- 13.10 Where there are no successful applicants from within the bargaining unit for posted vacant positions, employees in other OPSEU Paramedical bargaining units at the Hospital will be considered for such staff transfers or promotions prior to considering persons outside OPSEU Paramedical bargaining units at the Hospital. The employees eligible for consideration shall be limited to those employees who have applied for the position in accordance with Article 13, and selection shall be made in accordance with Article 13.06. All provisions of Article 13 will apply to employees selected in accordance with this provision.

- 13.11 From time to time the job duties or scope of a bargaining unit position(s) may change in such a way as to represent a developmental opportunity, a specialization, or a broadening of duties for a limited number of employees within a department (or appropriate work unit), without increasing the complement of employees in the department.

When this occurs, the Hospital shall post this opportunity in the form of an information notice in the relevant department(s) for a period of at least seven (7) calendar days. A copy of the posted notice will be sent to the Local President or designate within the aforementioned seven (7) calendar days. Employees wishing consideration for these opportunities must express their interest, in writing, within the seven (7) day period referenced herein.

The Hospital shall consider employees for these opportunities on the basis of skill, ability, relevant qualifications and seniority. Notwithstanding the above, in order to address operational requirements and efficiencies and

to distribute the opportunities amongst eligible employees, the final decision for selection will be at the discretion of the Hospital.

If requested, the Hospital will discuss with unsuccessful applicants reasons why they were not chosen for the opportunity.

If the Hospital fails to reschedule such employees, the Hospital shall arrange lieu time off work for all days the employees would otherwise be off work had it not been for the attendance at Court or the Coroner's Inquest.

(Applicable to part-time employees)

In addition to the foregoing, where a part-time employee is required by subpoena to attend a court of law or Coroner's Inquest, in connection with a case arising from the employee's duties at the Hospital, on her regularly scheduled day off, she shall receive regular pay as if she had been scheduled to work the day.

That benefit will be equivalent to the difference between eighty-four percent (84%) of her regular weekly earnings and the sum of her weekly Employment Insurance pregnancy benefits during her leave and any other earnings. Such payment shall commence following completion of the two week Employment Insurance waiting period, and receipt by the Hospital of the employee's Employment Insurance cheque stub as proof that she is in receipt of Employment Insurance pregnancy benefits, and shall continue while the employee is in receipt of such benefits, for a maximum period of fifteen (15) weeks for a pregnancy leave. This provision only applies to employees with at least thirteen (13) weeks of continuous service at the hospital prior to the commencement of the parental leave.

The amount of the payment shall be a cash settlement at the employee's then current salary rate for any unused sick credits to the maximum provided under the previous accumulating sick leave credit plan. The parties may agree to voluntarily cash out existing sick banks.

Clarify note: The agreement of the local parties is not subject to local interest arbitration.

15.08 Where an employee, employed as of the effective date of the transfer to HOODIP or equivalent, did not have the required service to qualify for pay out on termination, she shall be entitled to the same pay out provisions as set out in Article 15.07 above, providing she subsequently achieves the necessary service to qualify for pay out under those provisions.

15.09 Where an employee, with accumulated sick leave credits remaining, is prevented from working for the Hospital because of an occupational illness or accident that is recognized by the Workers' Compensation board as compensable within the meaning of the Workers' Compensation Act the Hospital, on application from the employee, will supplement the award made by the Workers' Compensation Board for loss of wages to the employee by such amount that the award of the Workers' Compensation Board for loss of wages, together with the supplementation of the Hospital, will equal one hundred percent (100%) of the employee's net earnings to the limit of the employee's accumulated sick leave credits. Employees may utilize such sick leave credits while awaiting approval of a claim for Workers' Compensation.

Where the minimum period is reduced as a result of an approved change of shift(s) requested by the employee(s), such premium payment shall not apply.

NOTE: Employees who have supplemental vacation (additional 5 vacation days after 30 years of continuous service and additional 5 vacation days after 35 years of continuous service) which was earned between June 28, 2005 and May 25, 2006, shall be entitled to utilize their remaining supplemental vacation, if any.

ARTICLE 21 – MODIFIED WORK

21.01

In order to facilitate a safe return to work, in compliance with the *Workplace Safety and Insurance Act*, the *Ontario Human Rights Code*, the collective agreement and other applicable legislation, the parties will provide fair and consistent practices to accommodate employees who are ill, injured or permanently disabled.

21.02

Where the Hospital and the Union agree, the Hospital may implement modified/rehabilitative work programs in order to assist employees returning to work following illness or injury. To facilitate these programs, it is understood and agreed that provisions of the collective agreement may, where agreed, be varied. The specific terms of the program will be signed by the Hospital and the Union.

21.03

The parties agree that the issue of education on the topics of accommodation and modified work are appropriate agenda items for the Labour- Management Committee.

ARTICLE 22 – CONTRACTING OUT

22.01 The Hospital shall not contract out work currently performed by members of this bargaining unit if, as a result of such contracting out, a layoff of any bargaining unit employees occurs. This clause will not apply in circumstances where the Hospital no longer provides particular services as a result of the rationalization or sharing of services between Hospitals in a particular geographic district, or as a result of the withdrawal of the Hospital's license to perform such services.

ARTICLE 23 – WORK OF THE BARGAINING UNIT

23.01 Supervisors or Managers excluded from the bargaining unit shall not perform duties normally performed by members in the bargaining unit which shall directly cause or result in the layoff, loss of seniority or service or reduction in benefits to members in the bargaining unit.

ARTICLE 24 – CONTINUING EDUCATION

24.01 The Hospital and the Union recognize that continuing education is important for all employees and that they have shared interests and responsibilities in ensuring equitable access to it. Therefore:

- (i) The Local Parties will endeavour to maximize internal opportunities for training and development which may include but are not limited to: lunch hour programs, guest lecturers, trained employees training other employees, teleconferences, and access to in-house programs/seminars.
- (ii) continuing education opportunities will be communicated within the department(s). Where access to an opportunity is limited, the Hospital will identify pertinent selection criteria, terms of payment, etc. Decisions about continuing education opportunities will be made at the departmental level within the context of employee, Hospital, and department/program needs.
- (iii) Where the employee requests it, the Hospital and the employee will jointly create an Annual Development Plan outlining continuing education goals and objectives.
- (iv) In the event of dissatisfaction with the way in which continuing education decisions are made at the departmental level, the issue

will be considered by a continuing education sub-committee of the Labour- Management Committee. This sub-committee will consider opportunities, employee needs, Hospital needs and department/program requirements. The sub-committee may make recommendation(s) to the Hospital.

ARTICLE 25 – COMPENSATION

(The following clause will appear in all collective agreements replacing any provision related to New or Changed Classifications that existed in the Hospital's collective agreement expiring 2016)

25.01 (a)When a new classification in the bargaining unit is established by the Hospital, or the Hospital makes a substantial change in the job content of an existing classification, the Hospital shall advise the Union of such new or substantially changed classification and the rate of pay which is established. If so requested within thirty (30) calendar days of such advice, the Hospital agrees to meet with the Union to permit the Union to make representations with respect to the appropriate rate of pay, providing any such meetings shall not delay the implementation of the new or substantially changed classification. Where the Union challenges the rate established by the Hospital and the matter is not resolved following the meeting with the Union, the matter may be referred to arbitration in accordance with the arbitration provisions contained in this collective agreement, it being understood that any arbitration board shall be limited to establishing an appropriate rate based on the relationship existing among other classifications within the Hospitals and the duties and responsibilities involved. It is further understood and agreed that when determining the appropriate rate, primacy must be given to the relationship between job classifications covered by this collective agreement and that such relativity must be maintained. Each change in the rate established by the Hospital either through meetings with the Union or by a Board of Arbitration shall be retroactive from the time at which the new or substantially changed classification was first filled.

(b) Notwithstanding the forgoing, if a Participating Hospital makes a substantial change to a Central classification, then the matter may be dealt with at a Central level. Where the parties agree to deal with such change at the Central level, any agreement or award shall be binding on all Participating Hospitals and bargaining units.

1. No classification will be considered under this process where there is no grievance filed pursuant to 25.01 (a) in relation to that classification. The retroactive application of a decision will be determined by the central parties as a condition of agreement in this process.

2. Effective the date of the award/settlement of this Collective Agreement, or where the central parties have otherwise agreed, where one central party alleges there has been a substantial change to the job content of a central classification it may be the subject of this process.

For clarity a central classification shall be defined as any job listed in the OPSEU Central Wage Rates.

3. The central party who has identified the substantial change to the job content of a central classification must notify the other central party in writing within twelve (12) months of the date of the change.

4. Once the parties have reviewed the above, the central parties will meet to determine:

a. whether the classification is a central classification

b. whether the change is occurring across multiple participating hospitals

5. If the central parties agree the classification is central and that it is occurring in multiple participating hospitals, this process will be engaged.

6. The failure to agree to engage this process will not be the subject of a grievance.

7. If the central parties cannot agree that this process is engaged, it is understood that there will be no timeline objections from either party with respect to the continuance of grievance(s) filed under 25.01(a)

8. If the process is not engaged due to the lack of occurrence at multiple hospitals, a request from a new hospital for the same classification in the future may allow either party to include the previous requests.

9. If the process is engaged the central parties will:

(a) Identify the classification that has been the subject of an alleged substantial change

(b) Identify the change that has been alleged

(c) Review a Job description for the position prior to the change

(d) Collect standardized job information questionnaires which are completed by individuals in the classification for each participating hospital which has the affected classification in their bargaining unit.

The questionnaires will be approved by the respective managers. Furthermore it is understood that the parties will receive the questionnaires as completed by the employees with the manager's comments.

(e) Identify a timeframe for when the change occurred

(f) Review the current rate(s) of pay

If any disagreement arises between the parties in (a)-(f) above, this process will be disengaged and the issue will be returned to the

local(s) for resolution under 25.01 (a) with no time line objections from either party.

10. Following the review above, the central parties will meet to determine whether there has been a substantial change to the job content of a central classification and whether the rate of pay is appropriate.

11. Where the parties cannot agree either that there has been a substantial change to the job content of a central classification or to an appropriate rate of pay the matter may be referred to arbitration, it being understood that any arbitration board shall be limited to establishing whether there has been a substantial change to the job content of a central classification and an appropriate rate based on the relationship existing among other classifications within the central wage grid and the duties and responsibilities involved. It is further understood and agreed that when determining the appropriate rate, primacy must be given to the relationship between job classifications covered by the central wage grid and that such relativity must be maintained.

12. Any resolution through this process will resolve any outstanding grievances related to the alleged changed central classification and will be binding on all Participating Hospitals and bargaining units.

25.02 Claim for recent related experience, if any, shall be made in writing by the employee at the time of hiring on the application for employment form or otherwise. The employee shall cooperate with the Hospital by providing verification of previous experience.

Prior experience shall be credited at the rate of one (1) increment on the salary scale for every one (1) year of recent, related, full-time experience, as determined by the Hospital.

For the purposes of this clause, as it applies to part-time employees, part-time experience will be calculated on the basis of 1650 hours worked equaling one (1) year of experience.

NOTE: Where existing collective agreements have provisions for recent related experience credit superior to the above provisions, such provisions shall continue to be in effect.

(Article 25.03 is applicable to part-time employees only)

25.03 Part-time employees will accumulate service for purposes of progression on the salary grid, on the basis of one (1) year of service for each 1650 hours worked.

Notwithstanding this provision, the calculation of service for purposes of progression on the salary grid will include service accrued during a pregnancy leave or parental leave on the basis of seniority accrual during such leaves in accordance with Article 10.03(a)(ii) of the agreement.

25.04 Wage grids for those job classifications not covered by the Central wage grids are an appropriate subject matter for Local Negotiations. Notwithstanding the foregoing, those non-standard job classifications will receive general wage increases in accordance with the centrally negotiated agreement.

ARTICLE 26 – SUPERIOR BENEFITS

26.01 The Central Parties wish to encourage non-Participating Hospitals and Bargaining Units to join the central OPSEU and Participating Hospitals bargaining process.

26.02 The following language applies to hospitals and locals entering central bargaining following the 2006 round of bargaining and thereafter:

- i) Prior to becoming a new participant in the central bargaining process, the local parties will hold negotiations to determine the content, if anything, of a superior condition appendix to the collective agreement. After these negotiations have concluded, the local parties will send a joint letter to the central parties with a copy of the expiring agreement and the newly negotiated superior condition appendix.
- ii) Existing rights, privileges, practices, terms or conditions of employment which may be considered to be superior to those contained in the central agreement shall be deemed not to continue in effect unless specifically retained by the superior condition appendix.
- iii) The local parties must agree to adopt central language in their collective agreement with the exception of the agreed upon superior conditions set out in their superior condition appendix.
- iv) The content of the superior conditions appendices are appropriate subject matter for both local and central negotiations. For clarity, the scope of these negotiations is only to reduce or eliminate the superior condition(s).
- v) The local parties have only one opportunity to join the central process with the protection of their superior conditions. Should they leave the central process and later rejoin, they will not have access to this same opportunity.

NOTE: For historical purposes, the following language applied to hospitals and locals who entered central bargaining prior to the 2006 round of bargaining:

- 1) a) Each of the Local Parties can retain up to three (3) conditions that exist in their current collective agreement that either party considers to be superior to the current Central Agreement. The parties will negotiate which items may be

kept as Superior Conditions. Term may not be retained as a Superior Condition.

- b) Should the Local Parties agree that wages is one of the Superior conditions to be protected under this article, they must also address how future Centrally Negotiated wage increases apply to the Local Parties' Agreement. This determination of applicability of Centrally Negotiated future wage increases must be dealt with in these negotiations.
- 2) The Local Parties must agree to adopt Central Language in their collective agreement, with the exception of the agreed upon Superior Conditions (see 1 above).
- 3) The Superior Conditions will remain in force for a maximum period of the duration of the two Central Agreement terms following the expiry of the Central Agreement in force at the time that the Local Parties joined the Central Process.
- 4) The Local Parties have only one opportunity to join the Central Process with the protection of these Superior Conditions. Should they leave the Central Process and later rejoin, they will not have access to the same opportunity.

ARTICLE 27 – MULTI-SITE ISSUES

27.01 Where multi-site/location operations currently exist, or are anticipated, either party may bring forward issues for local bargaining in accordance with the Memorandum of Conditions for Joint Bargaining. Where a new multi-site or location operation arises after the signing of the collective agreement, at the request of either party, the parties will enter into negotiations to effect an agreement to address multi-site/location issues.

Such an agreement may encompass issues that have traditionally been deemed to be Central, subject to approval by the Central Parties. The issues appropriate for local negotiation may include, but are not restricted to: the process used to determine who works where and when, transportation allowance, cost of transportation (including parking), travel time, definition of headquarters, job posting procedure, health and safety, union committees, standby, call back, and scheduling. The Local Parties may wish to use the Flexible Tours Model Agreement to address Hours of Work. Issues that are not appropriate for local negotiation are: Layoff and Recall, Hours of Work and Overtime (unless amended through the Model Agreement with respect to Innovative Scheduling/Flexible Scheduling Agreement).

Where the Local Parties are unable to negotiate an agreement on language that modifies central issues, the Central Parties will be invited to provide assistance. Where assistance from the Central Parties does not result in an agreement, and where the outstanding issues are only local in nature, the dispute will be resolved by mediation/arbitration. Where the matters in dispute are Central in nature, the manner of dispute resolution will be determined by the Central Parties.

ARTICLE 28 – JOB REGISTRY

28.01 A Central Repository of Job Openings in Participating Hospitals will be maintained and updated by OPSEU and posted on its Web Site. The Participating Hospitals will inform OPSEU, by way of e-mail or fax, of these job opportunities at the same time as they are posted at the hospital. This information will include the job requirements so employees viewing the listing can ascertain whether or not to make application. OPSEU members who are on layoff, or are in receipt of notice of layoff may apply to those vacancies.

These applications will be considered after the normal job posting procedure has been completed and no internal applicant has been selected.

If such an employee who applies through this process is selected, and accepts the position, such employee will transfer her accumulated service to the receiving Hospital for the purposes of placement on the wage grid and for vacation entitlement only. Placement on the wage or vacation grid means that the employee shall be placed at the same step in the grid the employee held in her previous position and shall progress through the grid thereafter on the basis of her service date from her former Hospital. It is understood that service for the purposes of determining seniority, and notice/severance under the Employment Standards Act, will be based upon the first day of employment with the receiving Hospital and will be governed by the terms of the receiving Hospital's collective agreement.

An employee changing Hospitals under this provision will be subject to the normal probationary period as outlined in the hiring Hospital's collective agreement (Article 10.01). During this probationary period the employee retains any right of recall she might have to her former Hospital. If for any reason the new employment relationship ceases during the probationary period the employee will return to her former status as a laid off employee of the former Hospital.

After the successful completion of the probationary period the employee forfeits any right of recall to her former Hospital. Any monies that may be owing to the employee as a result of her termination from her former place of employment will be the responsibility of the former Hospital.

ARTICLE 29 – MODEL SCHEDULING AGREEMENTS and PRE-PAID LEAVE

Pre-Paid Leave

(a) Purpose

The Pre-Paid Leave Plan is a plan developed to afford employees the opportunity to take a one (1) year leave of absence, funded solely by the employee through the deferral of salary over a defined period, in accordance with Part LXVIII of the Income Tax Regulations, Section 6801 (as may be amended from time to time).

(b) Application

Eligible employees must make written application to the Department Head, with a copy to the Director of Human Resources/Personnel, at least six (6) months prior to the intended commencement date of the salary deferral portion of the Pre-Paid Leave Plan. Such application will outline the reason the leave is being requested.

Priority will be given to applicants intending to use the leave to pursue formal education related to their profession. As between two (2) or more candidates, from the same department, with the same intended purpose, seniority shall govern. The employee will be informed of the disposition of her application as soon as is reasonably possible after the closing date for applications.

(c) The total number of employees that may be accepted into the Pre-Paid Leave Plan in any one plan year as defined in Article 29.04(l) and from any one department shall be (number subject to local negotiations). Where there are more applications than spaces allotted, seniority shall govern subject to 29.04(b) above.

(d) Nature of Final Agreement

Final approval for entry into the pre-paid leave program will be subject to the employee entering into a formal agreement with the Hospital, authorizing the Hospital to make the appropriate deductions from the employee's pay. The agreement will also include:

(a) A statement that the employee is entering the plan in accordance with article 29.04 of the Collective Agreement.

(b) The period of salary deferral and the period for which the leave is requested.

(c) The manner in which the deferred salary is to be held.

(d) The letter of application to enter the plan will be appended to, and form part of, the written agreement.

(e) Deferral Plan

The deferral portion of the plan shall involve an employee spreading four (4) years' salary over a five (5) year period, or such other schedule as may be mutually agreed between the employee and the Hospital. In the case of the four (4) years' salary over a five (5) year schedule, during the four (4) years of salary deferral, twenty percent (20%) of the employee's gross annual earnings will be deducted and held for the employee. Such deferred salary will not be accessible to the employee until the year of the leave or upon the collapse of the plan. In the case of another mutually agreed upon deferral schedule, the percentage of salary deferred shall be adjusted appropriately.

(f) Deferred Earnings

The manner in which the deferred salary is held shall be at the discretion of the Hospital. The employee will be made aware, in advance of having to sign any formal agreement, of the manner of holding such deferred salary.

Interest which is accumulated during each year of the deferral period shall be paid out to the employee in accordance with Part LXVIII of the Income Tax Regulations, Section 6801.

(g) Health and Welfare Benefits

All benefits shall be kept whole during the deferral period of the plan.

Full-Time Employees Only

Employees will be allowed to participate in health and welfare benefits plans during the year of the leave, but the full cost of such plans will be borne by the employees. Contributions to the Hospitals of Ontario Pension Plan will be in accordance with the Plan.

Notwithstanding the above, employees will not be eligible to participate in the disability income plan during the year of the leave.

(h) Seniority and Service

Full-Time Only

During the year of the leave, seniority shall continue to accumulate.

Service for the purposes of vacation and salary progression and other benefits will be retained but will not accumulate during the period of the leave.

(i) Assignment on Return

On return from leave, a participant will be assigned to her former position unless it is no longer available. In such a case the employee will be given a comparable job, if possible, or the layoff provisions will be applied.

(j) Withdrawal Rights

(i) A participant may withdraw from the plan at any time up to a date three (3) months prior to the commencement of the leave. Deferred salary, and accrued interest will be returned to the participant within a reasonable period of time.

(ii) On Leaving Employment

If a participant resigns, or is terminated, prior to the commencement of the leave, deferred salary plus interest will be returned to the participant within a reasonable period of time. In the event of the death of a participant, such funds will be paid to the participant's estate.

(k) Replacement Employees

The Hospital will endeavour to find a temporary replacement for the employee, as far in advance as practicable. If the Hospital is unable to find a suitable replacement, it may postpone the leave. If, after a period of postponement, a suitable temporary replacement cannot be found, the Hospital will have the option of considering a further postponement or of collapsing the plan. The employee, subject to such a postponement, will have the option of remaining in the plan and rearranging the leave at a mutually

agreeable time, or of withdrawing from the plan as outlined in Article 29.04(j).

(l) Plan Year

The year for the purposes of the plan shall be from September 1 of one year, to August 31, of the following year, or such other years as the parties may agree to.

(m) Status of Replacement Employee

Only the original vacancy resulting from an absence due to pre-paid leave will be posted.

Employees in bargaining units at the Hospital represented by OPSEU, selected to fill vacancies resulting from replacing an employee on a pre-paid leave need not be considered for other vacancies while replacing such employee. Upon completion of the leave, the replacing employee will be returned to her former position, and the filling of subsequent vacancies will likewise be reversed.

Employees newly hired to fill vacancies resulting from replacing an employee on pre-paid leave will not accrue seniority during the filling of such vacancies. Furthermore, such employees need not be considered for other vacancies. If such employees do post into permanent positions they will be credited with seniority from their last date of hire. The release or discharge of such employees will not be subject of a grievance or arbitration.

ARTICLE 30 – EMERGENCY SITUATIONS – LOCAL CONSULTATION

30.01 The parties agree to develop and establish a local consultation process to deal with future emergency situations of an unexpected nature that challenges the Hospital's ability to deliver safe health care and requires a temporary change to the Hospital's normal operating procedures. Such consultation shall include, but is not limited to, issues of redeployment and reassignment of staff (including voluntary reassignment of staff), planning of additional sessions of consultation, personal protective equipment, and the temporary waiver of terms of conditions of the collective agreement, as agreed to by the parties.

There shall be no loss of earnings, service or benefits for committee members attending the committee meetings. The total number of committee members shall be established at the local level.

ARTICLE 31 – COST OF PRINTING

31.01 The cost of printing the Collective Agreement will be shared equally by the Hospital and the Union. The collective agreement will be printed within sixty (60) days of its signing.

ARTICLE 32 – DURATION AND RENEWAL

32.01 This Agreement shall continue in effect until the 31st day of March, ~~2016~~ 2019 and shall continue automatically thereafter for annual periods of one year each unless either party notifies the other in writing that it intends to amend or terminate this Agreement in accordance with the following:

- 32.02 (a) In the event the parties to this Agreement agree to negotiate for its renewal through the process of central bargaining, either party may give notice to the other of its desire to bargain for the renewal of this Agreement within one hundred and twenty (120) days prior to the termination date of this Agreement. Negotiations on local matters shall take place during the period from one hundred and twenty (120) to sixty (60) days prior to the termination date of this Agreement. It is understood and agreed that “local matters” means those matters which have been determined by mutual agreement between the central negotiating committees representing each of the parties to this Agreement as being subjects for local bargaining directly between the parties to this Agreement. It is also agreed that local bargaining shall be subject to such procedures as may be determined by mutual agreement between the central negotiating committees referred to above.
- (b) In the event the parties to this Agreement do not agree to negotiate for its renewal through the process of central bargaining, either party may notify the other within the period from ninety (90) days to sixty (60) days preceding the expiry date of this Agreement that it desires to amend or terminate this Agreement. If notice of amendment or termination is given by either party, the other party agrees to meet for the purpose of negotiations within thirty (30) days after the giving of notice, if so requested.

It is further understood that the central negotiating committees will meet in the sixth month prior to the termination of this Agreement to convey the intentions of their principals as to participation in central negotiations, if any, and to determine the conditions for such central bargaining.

Proposals on central issues shall be exchanged by the central negotiating committees on a date set out in the Memorandum of Conditions for Joint Bargaining. Negotiations on central matters shall take place during the period commencing ninety (90) days prior to the termination of this Agreement.

ARTICLE 33 – RETROACTIVITY OF WAGES

33.01 Current employees on staff, from the date of either ratification of the settlement or interest arbitration award, will be paid retroactivity, within four (4) full pay periods, from the date of ratification of the settlement or date of interest arbitration award, on the basis of hours paid.

Retroactivity shall be paid on wage increases, including any payments based on the wage rate (for example, the percentage in lieu of benefits, vacation pay, and SUB).

The Hospital will contact former employees at their last known address on record with the hospital, within four (4) full pay periods from the date of ratification of settlement or date of interest arbitration award, to advise them of their entitlement to retroactivity.

Former employees will have a period of four (4) full pay periods from the date of the notice to claim such retroactivity and, if they fail to make a claim within the four (4) full pay periods, their claim will be deemed to be abandoned.

Letter of Understanding #2 – Integration for the Delivery of Health Services

The Participating Hospitals and OPSEU are determined to minimize the adverse impact of integration on employees. The parties agree that a standardized approach to Human Resources Adjustment Planning should be used. For this reason, OPSEU and the Participating Hospitals support the development of provincial standards or principles as described in the Joint Hospital Industry Labour Management Council letter to the Ministers of Health and Labour, dated March 23, 2006.

For the purposes of this letter of understanding, the parties agree that “integrate”, “integration” and “health service provider” have the same meaning as defined in Bill 36, an *Act to Provide For The Integration Of The Local System For The Delivery Of Health Services*. Throughout this document, the words rationalization, consolidation or integration may be used interchangeably.

In the event of a rationalization of any part of the services of the Hospital with those of another hospital or hospitals, the Hospital and the Union agree to be guided by the following principles:

- (a) the Hospital shall notify affected employees and the Union as soon as a formal decision to rationalize or integrate is taken;
- (b) the Hospital shall provide the Union with pertinent financial and staffing information and a copy of any reorganization plans which impact on the bargaining unit related to the rationalization of services.
- (c) the Hospital and the Union shall begin discussions concerning the specifics of the rationalization forthwith after a decision to rationalize is taken.
- (d) as soon as possible in the course of developing a plan for the implementation of the rationalization, the Hospital shall notify affected employees and the Union of the projected staffing needs, and their location, which are anticipated to result; notice to affected employees and the Union shall include the estimated number and types of positions anticipated to be available, and their location, as the result of the rationalization;
- (e) if services in the Hospital are to be reduced or eliminated as the result of a rationalization, or if the employment of employees is otherwise to be affected, the Hospital shall prepare a list of the affected employees in order of seniority by jobs for which it considers such employees are eligible. This list will be updated to reflect any changes due to employees leaving or entering the unit;

- (f) if a rationalization is anticipated to result in a loss of employment for employees at another hospital by reason of the establishment of a new unit or department or the enlargement or extension of services at the Hospital:
- i) in the period before a rationalization takes place, where a permanent vacancy occurs and has not been filled after Article 13.01 has been complied with, the vacancy shall be filled by the senior qualified employee of the other hospital who wishes to make an early transfer. An employee taking such a position shall be treated as a transferring employee and not as a new hire;
 - ii) when the rationalization takes place, and when employees formerly employed by the other hospital or hospitals involved are transferred to the Hospital, such employees shall maintain their seniority dates and shall be placed on seniority lists at the Hospital accordingly. Thereafter they shall exercise seniority rights in accordance with this agreement. Following implementation of the rationalization, no employee who has been transferred to the Hospital shall suffer a reduction in wages. If the wage grid in effect at the Hospital does not correspond to the grid in effect at the hospital at which such employees were formerly employed, employees whose wages were not identical to a wage step on the Hospital's grid shall be moved to the next higher step. Where the transferring employee's salary exceeds the range maximum, the employee's salary will be red circled;
 - iii) employees who have been transferred to the Hospital shall be subject to the benefit plans of the Hospital in the manner provided under the collective agreement. The retention, modification or abandonment of pre-existing grandfathered benefits and the provisions of sick leave plans, to which employees who have been transferred to the Hospital were formerly subject, shall be negotiated between the Union and the Hospital. Employees who have been transferred to the Hospital shall retain their former level of vacation entitlement or shall be entitled to the level provided by this agreement, whichever is the greater;
 - iv) hours of work shall be those of the Hospital;
 - v) an employee who has been transferred to the Hospital and who has not completed her probationary period at the Hospital where she was formerly employed shall receive credit for her service during such probationary period, and shall complete the balance of the probationary period required by this agreement. No new probationary period shall be served by an employee who has been transferred to the Hospital.

- (g) Employees who are relocated or transferred to another employer by the Hospital will retain their seniority and service at their original hospital for a 24-month period. Employees relocated or transferred shall have the right to post for vacancies that arise, prior to or subsequent to the relocation or transfer, at their originating Hospital for that 24-month period. If they are the successful applicant, they will return to the employ of the Hospital with seniority accrued and service intact but not accrued, for the period that the employee was relocated or transferred to another employer.
- (h) Nothing in the foregoing shall be deemed to limit or restrict the parties rights and obligations under the *Labour Relations Act, 1995* or the *Act To Provide For The Integration Of The Local System For The Delivery Of Health Services* (Bill 36), as may be amended from time to time.
- (i) The parties may also wish to refer to the Service Rationalization/Employee Transfer Guidelines established by the Ontario Hospital Industry Labour Management Committee in 1986.
