Hereinafter called the "COMPANY"
of the first part

and

**SHEET METAL WORKERS' INTERNATIONAL
ASSOCIATION LOCAL UNION #30 PRODUCTION
WORKERS** Hereinafter called the "UNION"
of the second part

ARTICLE 1 - GENERAL PURPOSE

- 1.01. The general purpose of this agreement is to secure for the Company and the Union the full benefit of orderly and legal collective bargaining in respect to hours, wages and working conditions. To ensure, to the utmost extent possible, the safety and physical welfare of the employees, the economy of the operation, the quality and quantity of output, and the protection of property. This Agreement also seeks to provide for the fair and peaceful adjustment of all disputes that may arise between the parties and all employees of the Company covered by this agreement. The parties hereto agree to co-operate fully, individually and collectively for the advancement of the conditions set forth herein.
- 1.02. The Company and the Union recognize the benefit to be derived from a work environment free from harassment and where the conduct of employees and management personnel meets the acceptable social standard of the workplace. The Company and the Union agree to promote such an environment.

"Harassment" is defined as per the Human Rights Code.

ARTICLE 2 - PERIOD

- 2:01. The Company and the Union agree, one with the other, that they will abide by the Articles of this Agreement from the 1st day of November, 2005 to the 31st day of October, 2009 inclusive and from year to year thereafter unless either party desires to change or terminate this agreement, in which case the party desiring the change or termination shall notify the other party, in writing, within the period of ninety (90) days prior to the 31st of October of that particular year, that such is its desire. Either party opening the agreement in the manner provided above shall notify the other party in writing as to the changes desired.

ARTICLE 3 - RECOGNITION

- 3:01. The Company hereby recognizes the Union as the sole and exclusive bargaining agent for all employees save and except persons above the rank of supervisor, office staff, clerical staff, engineering staff and such employees who are covered by a current Collective Agreement between the Ontario Sheet Metal and Air Handling Group, and the Sheet Metal Workers' International Association and Ontario Sheet Metal Workers' Conference.

**In this agreement wherever the pronoun he appears it shall be construed as meaning an employee, male or female.*

ARTICLE 4 - UNION SECURITY

- 4:01. Every employee covered by this Agreement presently employed by the Company shall, from the effective date of the agreement, as a condition of continued employment become and remain a member in good standing of the Union, and every employee whose employment commences hereafter shall, upon the completion of thirty (30) working days from the commencement of his employment become and remain a member in good standing of the Union. Upon the completion of this thirty (30) day period, every new employee will be required to authorize the Company in writing, to deduct monthly the regular Union dues.
- 4:02. The dues of every member in the bargaining unit will be deducted from the first pay in each calendar month and will be remitted to the Financial Secretary of the Union by the fifteenth (15th) day of the month together with a list showing the names of the employees on whose behalf the deductions were made and the amount of each deduction.

ARTICLE 5 - NO STRIKES OR LOCKOUTS

- 5:01. During the life of this Agreement the Company agrees that it will not cause or direct any lockouts of its employees and the Union agrees with the understanding that there will be no strikes or other collective action which will stop or interfere with production and that if such collective action should be taken it will instruct its members to carry out the provisions of this Agreement and to return to work and perform their duties in the usual manner. The Union agrees that it will not involve any employees of the Company in the plant, covered by this Agreement, or the Company itself in any dispute which may arise between any other employer and the employees of such other Company.

ARTICLE 6 - MANAGEMENT RIGHTS

- 6:01. The Union acknowledges that it is the exclusive function of the Company, subject always to the provisions of this Agreement, to hire, promote, demote, classify, assign, transfer, suspend, discharge or otherwise discipline any employee for cause, provided that a claim by any employee that he has been discharged or disciplined without reasonable cause may be the subject of a grievance and dealt with as herein provided.
- 6:02. The Union also acknowledges that the Company has certain other rights prominent among which, but by no means wholly inclusive, are the rights to decide the number and location of its plants, its machines and tool equipment, the products to be manufactured, the method of manufacture, the schedules of products, amend add to or delete Job Descriptions and the general control and direction of the business of the company. It is further recognized by the Union that the Company may from time to time apply rules and regulations to be observed by the employees so as to assure proper direction, discipline and safety for the work force.
- 6:03. The Union acknowledges that the Company may appoint working supervisors from the membership of the bargaining unit. Such supervisors will be, from time to time, required to perform work normally performed by other classifications in the bargaining unit for training purposes, to overcome production difficulties and where deemed expeditious.

6:04. The Union acknowledges and the Company agrees that any employee promoted to supervisor shall be advanced without loss of seniority. Further, any employee promoted to supervisor and subsequently demoted may return to his previous position and retain continuous seniority.

ARTICLE 7 - STEWARDS AND COMMITTEES

7:01. The Company agrees that the Union shall appoint and the Company will recognize a Steward and Grievance Committee, at each of their locations, to consist of up to three employees one of whom shall be the Steward. In the interest of sound relationship, the Union agrees that this Committee, so as to be completely representative of the working force within the bargaining unit, shall consist of employees of each department in the plant.

7:02. A Union Steward or other grievance committee member shall be present at the time discipline is imposed, if one is presently working on shift, unless the employee waives this right.

ARTICLE 8 - GRIEVANCE PROCEDURE

8:01. It is the mutual desire of the parties hereto that complaints of any employee shall be adjusted as quickly as possible and it is understood that an employee has no grievance until he has first given his immediate supervisor an opportunity of adjusting his complaint. If an employee has a complaint, he shall discuss it with his immediate supervisor within five (5) working days after the circumstances giving rise to the complaint have occurred, or have or ought to have reasonably come to the attention of the employee. Failing settlement within one (1) working day thereafter, it shall then be taken up as a grievance in the following manner and sequence:

Working day shall be defined as any scheduled day Monday to Friday inclusive.

Step 1 - The employee may present his grievance to his immediate supervisor. The grievance shall be in writing on a grievance form supplied by the Company, and shall include the remedy sought, and specify the alleged violation of the agreement. The employee may be accompanied, by his Steward, when taking up the matter with his supervisor. A decision shall be rendered by the supervisor within two (2) working days.

Step 2 - Failing settlement under the procedure in Step 1, Members of the Grievance Committee shall meet with the Plant Manager, or his representative(s) within four (4) working days, unless a longer timeframe is agreed to by the parties. A decision shall be rendered within three (3) working days.

Step 3 - Failing settlement under Step 2, a Union Representative shall meet with the Plant Manager, or his representative(s) within five (5) working days, unless a longer timeframe is agreed to by the parties. A decision shall be rendered within four (4) working days.

- 8:02. If, after exhausting the grievance procedures under Section 8:01, the grievance has not been satisfactorily settled, either party shall notify the other party in writing within twenty (20) calendar days of its desire to submit the dispute to arbitration and the procedure shall be as follows:
- (a) The recipient of the notice shall within five (5) working days, contact the other party to attempt to agree on a mutually acceptable arbitrator.
 - (b) If the recipient of the notice fails to contact the other party or if the two parties fail to agree on an arbitrator within five (5) days either party may request that an appointment be made by the Minister of Labour
 - (c) The Arbitrator shall adjudicate the dispute and his decision shall be final and binding upon both parties and on the employees or employee affected by it, but shall not be retroactive prior to the initiation of this grievance.
 - (d) The Arbitrator shall not be authorized to alter, modify or amend any part of this Agreement, nor make any decision inconsistent with provisions of this Agreement.
 - (e) The Parties to the Agreement shall share equally the cost of the remuneration and expenses of the Arbitrator chosen. The decision of the Arbitrator shall not be unduly delayed.

ARTICLE 9 - BULLETIN BOARD

- 9:01. A bulletin board will be provided by the Company and placed in a suitable location for the use of the Union to post notices relating to its meetings and other Union news. No notice shall be posted unless it has first been submitted to the Company.
- 9:02. The Company shall post the seniority list on the bulletin board. The seniority list shall be updated every six months and shall set out each employee's seniority date and department.

ARTICLE 10 - DISCHARGE CASES

- 10:01. Employees when first hired shall be considered as probationary employees for a period of four (4) months, and if they are discharged during this period they will not be entitled to file a grievance in respect of this discharge through the grievance procedure.

ARTICLE 11 - SENIORITY AND PROBATIONARY EMPLOYEES

- 11:01. An employee is on probation and will not be placed on the seniority list until after he has worked for a total of four (4) months for the Company.
- 11:02. In the event of layoff, the Company will notify the Union of the names and rated classifications of the employees laid off. Lay-off notification will be posted one day prior to lay-off date.
- 11:03. In all cases of increase and reduction of the working force the principle of seniority will apply so long as the application of this principle does not prevent the Company from maintaining a working force of employees who are qualified and willing to do the work which is available.
- 11:04. In the event of a lay-off should an employee be reclassified the Company agrees to inform him of his wages and benefits in his new classification.

11:05. Lay-off

Temporary lay-off will be restricted to individual plant locations with bumping rights confined within the plant affected by lay-off.

11:06 Seniority rights and employment of an employee shall cease if:

- (a) An employee quits or is discharged for justifiable cause.

- (d) An employee fails to report for work within seven (7) calendar days after the notice to return to work has been mailed by registered mail to his last known address on the Company records.
- (e) An employee, without an excuse found reasonable by the Company, fails to report following the expiration of a leave of absence.
- (f) An employee is absent from work for three (3) working days without prior permission, or without notifying the Company during that time of a just cause for absence.

- (h) An employee has not worked for the Company for a continuous period:

 - ii) Equal to six (6) months if length of service is six (6) months or more but less than five (5) years.
 - iii) Equal to twelve (12) months if length of service is five (5) years or more.

ARTICLE 12 - SCHEDULE POSTING

12:01 The Company agrees that job posting is recognized for the higher paid jobs in each classification and that employees in the next lower paid group will be given first opportunity to apply for the job. The Union recognizes that it is the exclusive function of the Company to determine the ability of any person who shall apply for the job.

12:02 The Company will notify the Union Steward before filling any job that has been posted and is willing to discuss the complaint of any employee who feels he has not been given a proper opportunity to obtain the posted position.

12:03 During the 60 day period, the employee may return or be returned to his previous job if:

- (a) He does not wish to continue in the job.
- (b) The Company is satisfied that he does not have the skill or ability to perform the job efficiently.

12:04 In the event of an employee returning to a previous position, another employee may be bumped out of that position back to his previous position.
