ARTICLE I - PURPOSE

1. The general purpose of this Agreement is to establish and maintain collective bargaining relations between the Company and its employees, and to provide machinery for the prompt and equitable disposition of grievances, and to establish and maintain mutually satisfactory working conditions, hours of work, wages, and all other conditions of employment, for all employees who are subject to the provisions of the Agreement.

ARTICLE II - SCOPE AND RECOGNITION

1. The Company recognizes that the Union is the sole and exclusive bargaining agent for all employees of the Company at its plant in the City of Windsor, save and except supervisors, persons above the rank of supervisor, office and sales staff, and persons employed in The Gates Rubber Company Engineering Centre.
2. Supervisors, persons above the rank of supervisors, office and sales staff, and persons employed by The Gates Rubber Company Engineering Centre, who are not covered by the provisions of this contract, shall not perform the work of a member of the bargaining unit except as follows:
 - a) For the purpose of instruction or training, including the demonstration of the proper method to accomplish the task assigned and experimental and developmental prototype work. In the spirit of open communication, the Company shall advise a Union Representative prior to the commencement of experimental and developmental prototype work. However, once the set-up and tooling is complete and ready for a continuous run of more than 30 pieces, members or a member of the bargaining unit shall be involved in the manufacture of experimental and developmental prototype work. In no event, however, will

any member of the bargaining unit be laid off or suffer a **loss** of earnings as a result of said work.

- b) In the event of an emergency situation with prior notification to a Union Committee person.

ARTICLE III - NO DISCRIMINATION

1. The parties hereto agree not to discriminate against any employee because of religious or political affiliation, or race, colour or national origin, age, sex, marital status (including common-law relationship) or sexual orientation, or disability in accordance with the Human Rights code, providing that such physical disability does not unduly interfere with the employee's ability to adequately do the work.
2. There will be no discrimination, intimidation, interference, restraint or coercion exercised or practiced by the Company or its representatives against any employee because of the employee's membership in, or in connection with the Union.
3. There will be no discrimination, intimidation, interference, restraint or coercion exercised by the Union or any of its members against any of the employees of the Company.

ARTICLE IV - MANAGEMENT RIGHTS

1. The Union recognizes that it is the function of the Company to hire, promote, demote, transfer, classify, reclassify, discharge, and discipline for just cause, and layoff any employee in accordance with the provisions herein provided, except that a claim by an employee who has acquired seniority, that he or she has been discharged or disciplined without just cause, may be the subject of a grievance and dealt with as hereinafter provided.

2. The Union further recognizes that it is the sole responsibility of the Company to manage its affairs consistent with sound business practices and in accordance with its commitments, responsibilities, and policies.
3. Without restricting or limiting the generality of the foregoing, the Company retains all rights and responsibilities of management not specifically relinquished or modified by this Agreement:
 - a) To maintain order, discipline, and efficiency and to establish and enforce rules and regulations (which shall not be inconsistent with the terms and conditions of this Agreement) and to enforce the same.
 - b) To plan, direct, control, schedule and supervise the work of the employees, and the operations of the business, including the introduction of new and improved methods, facilities, equipment, and other changes.
 - c) To plan, arrange, increase, reduce, and assign work duties, time off, and whatever other employment arrangements in its opinion are necessary for the efficient management of the business.
 - d) To determine the size of, and direct the work force and to extend or curtail operations.
 - e) In the exercising of such rights the Company will not invalidate any other portions of the Agreement.

ARTICLE V -STRIKES AND LOCK OUTS

1. The Company agrees that it will not cause or direct any lock out of the employees covered by this Agreement during the

term of the Agreement.

2. The Union agrees that there shall be no strike, sit down, slow down, or other collective action which will stop or interfere with production during the term of this Agreement.
3. The Union will inform its membership that any member who participates in any strike not authorized by the Union will be subject to disciplinary action.
4. The Union reserves the right, and Section 1, 2, and 3 of this Article shall not be applicable if the Legislation of the Province of Ontario allows the right to strike on Health and Safety.

ARTICLE VI - UNION REPRESENTATION AND **SHOP COMMITTEE**

1. The Company acknowledges the right of the Union members employed by the Company to appoint or otherwise select from the Plant Union membership, a Shop Committee composed of not more than three (3) members who shall have at least nine (9) months continuous service with the Company, and the Company will recognize the said Committee for the purpose of handling any grievance or bargaining on any matter properly arising from time to time during the continuance of the Agreement, including the negotiating of amendments for a new contract. The Union will have the right to appoint a steward for each of the off shifts. Additionally, if the off shift steward is absent, the Union will appoint an alternate and so advise the Company.
2. A National Representative of the Union or designee from the Local may be present and participate in any meeting between the Plant Committee and the Company herein provided for.

3. It is understood and agreed that the Committeeperson or steward as well as other employees have regular duties to perform in connection with their employment. **A** Committeeperson or steward, with the approval of the Supervisor, shall be permitted during regular working hours, without **loss** of time at his or her regular hourly rate of pay, to leave his or her regular duties for a reasonable period of time to adjust and present grievances or handle any business arising from the administration of this agreement with Company Representatives. Whenever in the opinion of the Supervisor more than a reasonable period of time is taken by a Committeeperson or steward to accomplish such grievance adjustment and presentation or handle any business arising from the administration of this agreement with Company Representatives, the Supervisor shall decline to approve payment for such period of time as might be considered excessive. The Company will compensate the three (3) members of the Shop Committee for the hours they would have worked during contract negotiations with Company officials. Such pay shall be limited to eight (8) meetings and limited to eight (8) hours pay, per day, per individual, at their regular rate of pay.
4. The Company will make every effort consistent with its business operation to provide a suitable meeting place for meetings between its officials and the Plant Committee when necessary during regular working hours.
5. The Union agrees to supply the Company with the names of all Committeepersons and stewards and to keep such list up to date at all times.
6. The Union Plant Committee and the Company Representatives shall meet on the first Wednesday of the month providing there

is business for their joint consideration as mutually agreed upon and if grievances are part of the agenda, then these grievances shall abide by the time limits as set forth in the grievance procedure. Necessity for a meeting will be indicated by a letter or note from either party, three (3) working days prior to the requested meeting, to the other party containing an agenda of the subjects to be discussed.

7. Members of the Shop Committee and members of the Local Executive Board will be retained in the employ of the Company during their respective terms of office notwithstanding their position on the seniority lists, so long as work is available which they are able and willing to perform. Shop Committee members will be retained on the day shift. In those circumstances where a Committee person is required by Management to stay after their regular shift or to report prior to their regular shift, they will be paid at the appropriate rate of pay.
8. To provide the Union with time to conduct Union business, it is agreed that while the Plant Chairperson has assigned duties to perform for the Employer, he or she will be allowed two and three-quarter ($2\frac{3}{4}$) hours per day (inclusive of clean-up and break periods) to attend to Union business with pay. It is further agreed that the said time may be spent either in or outside of the plant, that there will be no day to day accumulation of this time if it is unused and that the Plant Chairperson will undertake, wherever possible to use this time for processing grievances. Union business spent outside the plant will not be considered an absence under Article VI (11). The two and three-quarter ($2\frac{3}{4}$) hours Union business time shall occur during the last two and three-quarter ($2\frac{3}{4}$) hours of the shift. This Union time will be in addition to the time the Plant Chairperson is already granted elsewhere in the Agreement. It is further agreed that if time is required to be

spent out of the Plant on Union business relating to The Gates Rubber Company, with prior notice given and approved by the Company for any of the Committee members, the Company will credit the affected Committee members' vacation and pension accruals as if they had been actively at work. It is also agreed that the Company will provide the Union with a file cabinet, chairs, and telephone in order for the Union Committee to have the ability to maintain and have access to their Union records.

9. The Chairperson will have access to the plant during working hours upon the request of the Union Representative provided, however, that the said Chairperson reports to the Supervisor of the shift upon entering the premises.
10. In the processing of grievances and complaints the Plant Chairperson will be the primary person to handle such matters, except that in the absence of the Chairperson, a Committee person shall perform this duty.
11. In the absence of the Plant Chairperson, one of the regular plant committee will be appointed to act as an alternate chairperson and will be provided all union time privileges as defined herein.
12. In the event the whole committee is absent, one alternate will be appointed to cover the day shift. In the event of an absence of an off shift steward, the Union will appoint an alternate to cover the off shift. Employees who are appointed as alternates will assume the responsibilities and duties of the committee person or steward they are replacing. However alternate committee persons/stewards will only be allowed time off the job in accordance with Article (6) Sub (3).

13. Twenty-four (24) hours notice will be given, in writing, whenever possible to the Company in the event an alternate is appointed.
14. One member of the plant committee shall be scheduled to work, provided they are capable of performing the work, on the day shift, Saturdays, Sundays, holidays or during vacation shutdown. In the event none of the committee members accepts such opportunities, an alternate will be appointed from those employees already scheduled to work. In the event a committee person is scheduled to work under this provision, such assignment of work will not form the basis of a grievance from any employee in the classification in which the work was assigned or create an imbalance in the overtime equalization procedure.

ARTICLE VII - GRIEVANCE PROCEDURE

Disputes arising from the interpretation of this agreement or from any other cause affecting any employee or group of employees covered by the agreement shall be negotiated between the Plant Committee of the Union and the Company. It is the mutual desire of the parties hereto that complaints and grievances of employees shall be adjusted as quickly as possible and it is understood that an employee has no grievance until he or she has first given his or her supervisor an opportunity of adjusting the complaint. He or she shall do this within five (5) days after the alleged circumstances originated or occurred.

If any differences arise hereafter between the Company and the union, or any employee or employees as to the proper meaning or application of the terms of this agreement, there shall be no stoppage or suspension of work on account of such differences, but such differences shall be submitted through the

following grievance and arbitration procedures. An employee shall not leave his or her job to discuss any matter until the Company has had reasonable time to provide a relief person.

3. STEP 1: Any employee seeking adjustment of a complaint shall confer with his or her supervisor, accompanied **by** a committeeperson. Should this employee or the committeeperson not receive satisfaction from the supervisor within two (2) working days, the matter may be deemed a grievance, and dealt with as hereinafter provided. The complaint shall be detailed on the proper form (Local 195 Grievance Form Gates-Windsor Operations) in order to be processed.

4. STEP 2: The grievance of the employee shall be reduced to writing on a standard form, and shall be signed by the employee and the committeeperson, and presented to the Human Resources Manager within two (2) working days from the date the Supervisor's decision was rendered at Step 1. The complaint shall be detailed on the proper form (Local 195 Grievance Form Gates-Windsor Operations) in order to be processed. The Human Resources Manager and/or the Department Manager shall discuss the matter with the committeeperson and may upon his consideration, discuss the matter with the employee with his or her committeeperson present and with or without the supervisor concerned, and then render a decision within three (3) working days of receipt of the grievance. If the decision is not satisfactory to the employee concerned, it may then be referred to the Plant Committee.

5. STEP 3: Within five (5) working days of receipt of management's answer at Step 2, the Plant Committee will meet and discuss the grievance with representatives of the management of the Company, and at this meeting any national

representative of the Union or designee from the local may be present, if his or her presence is requested by either party. Any meeting of the plant committee and management will be held at a time mutually agreed upon but not later than five (5) days after notice has been given, or any extension of time as may be mutually agreed upon. If the grievance is not settled to the satisfaction of the plant committee and management, then the grievance may be referred to arbitration. The complaint shall be detailed on the proper form (Local 195 Grievance Form Gates-Windsor Operations) in order to be processed.

6. Any settlement arrived at between the Company and the Union at any stage of the grievance procedure shall be put in writing and shall be considered to be, with respect to that grievance, final and binding upon the Company, the Union, and the employee or employees concerned.
7. The time limits specified in Article VII shall be deemed to be exclusive of Sundays, Saturdays, and statutory holidays as defined herein, and may be extended by agreement between the parties concerned. It is understood and agreed, that in the event there is no agreement to extend the time limits:
 - a) Any grievance which is not filed or processed within the time limits set out in the preceding grievance procedure clause, will not be considered under any circumstances, and any grievance which is not answered by the company and placed within the union mailbox or given directly to a union representative within the above limits, will be considered as settled in the union's favour on a non precedent basis, except when time limits have been extended by the parties.
 - b) The provisions of Article VII 7(a) and VIII (1) shall apply notwithstanding any legislative provision to the contrary.

Grievances disposed of pursuant to these articles shall be on a without prejudice basis.

8. If the Company has a grievance, it shall be taken up by plant management with the plant committee and if not settled satisfactorily within a further five (5) days, the grievance may proceed to arbitration under the provision of Article VIII.
9. Where grievance settlements involve monetary awards, such awards shall be paid by direct deposit made by separate payment apart from the normal pay by the next pay period, if the grievance settlement is for an amount greater than eight hours pay.

ARTICLE VIII –ARBITRATION

1. If any decision is not satisfactory to management or the Union, written notice of appeal may be served on management or the Union within ten (10) regular working days of the delivery of the decision appealing there from to an impartial arbitrator. If the grievance is not referred to arbitration in writing within ten (10) regular working days of the decision given by management at step #3 of the grievance procedure, then the grievance shall be deemed resolved as per management's last answer at step #3.

Both parties agree that the following arbitrators shall be used to arbitrate grievances:

- 1) Michael V. Watters
- 2) Professor W.B. Rayner
- 3) Professor E. E. Palmer
- 4) Professor J.W. Samuels
- 5) Professor G.J. Brandt

Arbitrators shall be designated in numerical order. The decision of the arbitrator shall be final and binding upon both parties.

2. The arbitrator shall not have jurisdiction to alter, or change any of the provisions of this agreement, or to substitute any new provisions in lieu thereof, not to give any decision inconsistent with the terms and provisions of this agreement.

The Arbitrator, however, in respect of a grievance involving a penalty shall be entitled to modify such penalty, as in the opinion of the Arbitrator, is just and equitable. Also, no grievance shall be defeated or denied by any formal or technical objection. An Arbitrator shall have the power to allow all necessary amendments to the grievance, and the power to waive formal procedural irregularities in the processing of a grievance, in order to determine the real matter in dispute and to render a decision which he deems just and equitable.

3. Each of the parties hereto will bear one-half (1/2) of the expense of the Arbitrator. The Union, it is agreed, will pay the lost time of the interested party or parties to the Arbitration, and any Union witnesses that might be required for the hearing. The Company shall pay the Union Chairperson for one day, eight hours at his/her straight time rates for attendance at arbitration. If there should be an accumulation of grievances to be referred to Arbitration, one Arbitrator shall be constituted to deal with all such grievance disputes.
4. Any statement used by the Grievor, or the Union, or the Company will not preclude the subsequent use of other clauses of this contract in support of, or denial of, the grievance up to and including Arbitration.
5. All reasonable arrangements will be made to permit the

conferring parties to have access to the Plant to view the disputed operations, and to confer with the necessary witnesses.

6. An allegation by the Union, that the Company, or an allegation by the Company, that the Union has violated or misinterpreted this Agreement may be lodged in writing as a Policy Grievance to the party concerned. Failing satisfactory settlement, the Policy Grievance may then be appealed to an Arbitrator selected as herein provided.

ARTICLE IX - DISCHARGE CASES

1. a) When an employee has been discharged or suspended, he or she shall be advised that he or she may interview with his or her Union Representative on their shift. If the employee so chooses, this will be done in private for a reasonable period of time before leaving the Plant premises.
b) When an employee is suspended for any length of time, Saturdays, Sundays and holidays will be counted if these days are scheduled for the employee to work.
2. A claim by an employee that he or she has been wrongfully suspended, or discharged, shall be treated as a Special Grievance, if a written statement of such grievance is lodged with the Management or its designated representative within five (5) working days. Failing satisfactory settlement, the grievance may then be appealed to an Arbitrator selected as herein provided.
3. The Company will notify the Union Representative on that shift prior to the start of the meeting, the nature of the meeting, or the discipline to be imposed.

4. The Company will supply the Plant Chairperson with a copy of the documents pertaining to the discipline imposed.
5. The Company will provide notification to the union of the discharge of any bargaining unit employee.

ARTICLE X - DISCIPLINARY ACTION PROCEDURE

1. To enforce plant rules and regulations, the Company will follow a progressive discipline system which may include warnings, suspensions, and terminations.
2. When any employee is called to the office for an interview for work record counselling or for disciplinary action, no disciplinary action will be taken until a Union Representative or designee is present, provided there is one available. The company will notify the union representative or designee of the subject matter prior to the meeting.
3. The specific discipline imposed depends on the breach of rules and regulations and the circumstances. In serious cases such as theft, the employee may be discharged without any prior disciplinary steps.
4. Disciplinary measures should suit the offence and the principles of progressive discipline. The employee may treat verbal warnings, written warnings, suspensions, or discharge as grounds for a grievance.
5. Each individual warning or disciplinary notice will be in effect for one year from the date of issue. Upon expiry of the period above, such entries shall be removed from the employee's record and will not be used in imposing future disciplinary action against said employee.

6. When discipline (written warning, suspension, and discharge) is to be imposed by the Company, said discipline shall be imposed within ten (10) work days from the date the Company was aware of the infraction, including the identity of the alleged offender(s). If the above time limits are not strictly adhered to, the discipline will not be imposed or recorded. These time limits may be extended by written agreement of both parties. For the purpose of this article, work days shall exclude Saturdays, Sundays, holidays and days the alleged offender is absent from the plant.

ARTICLE XI - SENIORITY

1. An employee will be considered on probation and will not be placed on a seniority list until after he or she has worked for a total of eighty (80) days for the Company within a period of twelve (12) consecutive months.

Seniority shall date from eighty (80) days prior to the completion of their probation period with the Company, and will accumulate thereafter. The probationary employee will have the right to process any grievance during his or her probationary period, except that the discharge of a probationary employee is at the sole discretion of the Company and shall not be the subject matter of a grievance under this agreement unless such discharge is contrary to Article III, Sub 1 of this agreement, the proof of which shall be upon the Grievor.

2. Seniority lists of employees shall be maintained **by** the Company on a plant-wide basis, and each list shall show the date of hiring of each employee.
3. Seniority lists will be revised every three (3) months and will be

posted in the plant with one copy to each member of the Plant Committee and one copy to the Union so that they are available to the employees concerned at all times. If an employee does not challenge the position of his or her name on the list within the first ten (10) working days from the date his or her name first appears on the list, then he or she shall be deemed to have his or her proper seniority standing for the purpose of the application of seniority to promotion, demotion, transfers, layoffs, recalls, provided however, that any clerical error in the seniority list shall be subject to correction at any time neither the Company nor any employee shall suffer as a result of such error or the correction of such error.

4. When an employee is removed from the payroll, the Company will notify the Chairperson of the Plant Committee wherever possible, prior to the said removal.
5. Any future appointees to supervision, or excluded jobs, are to maintain their seniority as of the date of transfer providing the employee returns to the bargaining unit within six (6) months from the date of the employee's date of transfer or appointment.

ARTICLE XII - LAYOFF AND RECALL

1. When there is a reduction in the working force the following procedure shall be used:
 - a) TPT's throughout the plant will be laid off first.
 - b) Probationary employees throughout the plant will be the next to be laid off.
 - c) Thereafter, employees shall be laid off according to seniority procedure on a plant-wide basis. The most

senior employee will be retained as long as there is work available which they are able to perform.

2. In the event a plant wide layoff occurs that impacts employees in a classification other than Assembly, Millwright, Q.C. Technician, Shipping/Receiving and Lift Truck Driver, the following procedure shall be followed:
 - a) The Company shall post for a backup in the affected classification.
 - b) Up to twenty-five days training (or more upon mutual agreement) shall be provided to the most senior applicant for the backup posting who meets the minimum requirements of the role.
 - c) During this period of training and qualification, the classified employee that is affected by the layoff will be retained as an active employee until the backup(s) are deemed qualified.
 - d) Where a layoff is necessary, with the exception of temporary layoff as provided for in Article XIII, the Company will give at least forty-eight (**48**) hours notice of such layoff to the employee or employees affected, and to the Chairperson of the Plant Committee or pay in lieu of notice eight (**8**) hours at straight time rates to the employee or employees affected. This pay in lieu of notice shall not be required if the layoff is a result of an Act of God, mechanical failure, or circumstances beyond the control of the Company.
 - e) An employee who is moved from one classification to another due to a reduction in the workforce will be returned to his/her previous classification in accordance

with seniority should an opening occur in that classification within twelve (12) months from the date of the reduction. This provision shall not apply to any employee who has been a successful applicant on a job posting during the twelve-month period.

- f) An employee who is transferred from one classification to another due to a reduction in workforce will become the primary backup on shift in the classification from which they were reduced.
3.
 - a) When there is an increase in the working force after a layoff, the reverse of the above layoff procedure shall be followed.
 - b) If the employee cannot be reached by telephone, the Company agrees to send recall notices by registered letter to the last address shown on the Company records.
 - c) Each employee who is laid off shall keep the Company informed as to his or her current address, failing which the Company will not be responsible if notice of recall to work fails to reach said employee.
 4. A list of employees to be laid off will be made available to the Plant Committee at least forty-eight (48) hours, prior to the layoff becoming effective.
 5. An employee will be retained on the seniority list during a layoff and will accumulate seniority during such period, subject to the limitations under Article XVI (1e) Loss of Seniority provisions.

ARTICLE XIII - TEMPORARY LAYOFF

The Company may layoff employees on a temporary layoff to a maximum of two times per contract year and for no more than two (2) working days in each of these occurrences without observing the layoff procedures contained in this agreement. This provision applies to emergency situations (e.g. fire, flood, power failure, lack of parts, major mechanical breakdown).

In these situations, the Company shall notify employees of a temporary layoff. Those wishing to volunteer for this temporary layoff will inform their supervisor of their interest. Layoffs will be granted to the most senior volunteers first. However, the Company reserves the right to limit the number of senior employees to exercise this option in order to balance skill and experience base with production requirements.

ARTICLE XIV - JOB POSTING

Whenever an opening occurs, notices of such openings shall be posted on the bulletin boards within twenty-four (24) hours and be posted for a period of three (3) working days. An employee wishing to apply may do so on a form provided within the said three (3) day period. The decision to fill such vacancy shall be made in favour of the applicant having the greatest plant-wide seniority who is able and willing to perform the work. An employee who is transferred as a result of a job posting will not be eligible to apply for another job for a period of six (6) months. An employee who has been disqualified by the Company during the trial period, may apply for a different job classification within the six (6) month period.

2. Probationary employees shall be eligible to bid for jobs during their probationary periods, however, this in no way restricts the Company from utilizing them on jobs to see where they can be fitted in as employees.

3. **A successful applicant shall be transferred to the new position within five (5) working days of the completion of the posting period. However, in the event the successful applicant is being replaced through a secondary posting, the transfer may be delayed beyond five (5) days.**

4.
 - a) **A successful applicant will be given training for a period of up to thirty (30) working days, of which at least five (5) days shall be consecutive (subject to unforeseen circumstances). This training period may be extended with the mutual agreement of the parties. During the training period, periodic progress reports will be used to record training progress. Copies of these reports will be given to the employee and the Union.**

 - b) **It is understood that management may disqualify an employee during this training period if the ability and physical capabilities to perform the job have not been demonstrated. Management shall give the reason for disqualification in writing.**

 - c) **In addition, after the first five (5) days of training, if the Company feels the employee is qualified to perform the work, it shall notify the employee. The employee may accept the position immediately, or may delay their decision by 24 hours, following which they may accept the position by so signing in writing, or decide to return to their previous classification.**

 - d) **Any employee may during the thirty (30) day training period give up the position and return to their former classification. Employees who have been disqualified or have given up their position may not apply for the same job classification for a period of twelve (12) months.**

- e) If the employee returns to their former classification within the thirty (30) day training period or is disqualified from the position, the Company will return to the original job posting for selection of the next applicant in accordance with Article XIV (1), and so forth.
5. a) It is understood that the job classification of Industrial Millwright Mechanic will not be a posted job, but will instead be filled by outside journeymen or work years equivalency candidates.
- If the company deems it necessary to create a millwright apprenticeship opening, this opportunity would be afforded to internal applicants who have satisfactorily passed a qualifying aptitude test and have the seniority to gain the position.
- b) It is understood that the job classification of Q.C. Technician will not be a posted job, but instead will be filled by outside candidates.
6. The Company will endeavour to maintain a minimum of one backup per shift for the classification of QC inspection, SPC technician, shipper\receiver, lift truck, maintenance setup, janitor and waterspider. An employee shall not be entitled to hold more than one backup position. Any permanent vacancy that occurs in the backup list will be filled through a posting in the same manner as regular full time postings. Backup employees are required to perform the job duties as directed by supervision.
7. When it becomes necessary to temporarily transfer employees from one classification to another classification the following procedure will apply:

- a) The backup person on shift will be the first transferred if one is available.
- b) If there is no backup, it will be offered to the high seniority employee on shift who is able to perform the work.
- c) If there are no seniority employees on shift who volunteer to transfer then the low seniority employee on shift who is able to perform the work may be transferred.

Such employees as may be assigned to the temporary work shall receive the pay of their regular job classification or the top rate of the job classification in which the temporary work occurs, whichever is the higher.

- 8. Employees who are absent from work at the time of a full time job posting shall be eligible to apply for that posting if they return to work within two (2) weeks, from the day the posting went up.
- 9. In the event that bargaining unit employees are assigned to train other employees, seniority employees within classifications other than assembly, will be normally responsible for the training of trainees and will receive a training rate pursuant to the training letter of agreement #5.
- 10. In the event the Company were to utilize a backup in a fulltime capacity, for reasons of surge in work and not to cover for the absence of a fulltime classified employee, this period shall not exceed twenty-five (25) consecutive working days. This period may be extended by the mutual agreement of the parties.
