Contingent about appropriate computer software availability to automate the payroll and accounting requirements of the Plan, the Board agrees to implement the following Deferred Salary Leave Plan.

22.3.1 Description

The Deferred Salary Leave Plan has been developed to afford staff covered by this agreement the opportunity of taking a one (1) year or a six (6) month leave of absence and through deferral of salary, finance the leave.

22.3.2 Qualifications

Any employee having at least three (3) years seniority on permanent staff with The Board is eligible to participate in the plan.

22.3.3.2 Written acceptance, or denial, of the request with explanation will be forwarded to the applicant by the last school day in the school year the original request is made.

22.3.3.3 Approval of individual requests to participate in the plan shall rest solely with the Board. Salary deferral will commence on the first pay of the next school year (September).

22.3.4 Payment Formula and Leave of Absence

The payment of salary, fringe benefits, and the timing of leave of absence shall be as follows:

**22.3.4.1 (a)**

In each year of the plan, preceding the year of the leave, the employee will be paid a reduced percentage of the employee's annual salary.

The remaining percentage, which cannot exceed **33 1/3%** of the annual salary, will be deferred and shall be retained for the employee by the Board to finance the year of leave.

**(b)**

The calculation of interest under terms of this plan shall be done monthly (not in advance). The interest paid shall be calculated by averaging the interest rates in effect on the last day of each month for a true savings account, one-year term deposit, a three-year term deposit and a five-year term deposit. The rates for each of the accounts identified will be those quoted by the bank with which the Board deals.

Interest shall be calculated as above and credited to the employee's account on the day prior to the last regular working day of each month.

Example:

- i. Rates in effect at end of month x
  - true savings account **9 1/2%**
  - 1 year term deposits **10 %**
  - 3 year term deposits **9 3/4%**
  - 5 year term deposits **9 3/4%**

Average	9 3/4%
---------	--------
- ii. Amount of salary plus interest on account in month x = \$1,000
- iii. Interest earned **\$1,000 x 9 3/4% + 12 = \$8.12**

(c) Any interest generated as in Article 22.3.4.1(b) shall be paid to the employee in the taxation year during which it was accrued.

22.3.4.2 (a) While an employee is enrolled in the plan, and not on leave, any benefit tied to salary level shall be structured according to the salary the employee would have received had the employee not been enrolled in the plan.

(b) Fringe benefits will be maintained by the Board during the leave of absence; however, the premium costs of all fringe benefits, during the leave, shall be paid by the employee.

(c) While on leave, any benefits tied to salary level shall be structured according to the salary the employee would have received in the year prior to taking the leave had the employee not been enrolled in the plan.

(d) While on leave, monies accumulated will be paid in accordance with the normal pay schedule.

(e) Although it is not recommended, an individual may withdraw the total monies accumulated in the fund upon the commencement of the leave. Since this option is not recommended, you are advised to contact your local Union Executive prior to selecting a lump sum withdrawal of payment.

**MODIFIED WORK PROGRAM**

34.1 Commitment to the Program

The parties are committed to the provision of suitable modified work to disabled employees. The Board's Modified Work Policy and the Union's involvement in the process confirm this commitment.

The Modified Work Policy provides for the placement of partially disabled employees into meaningful, productive work that is suitable to their disabilities and capabilities. It is designed to utilize their skills, while maintaining the integrity of the job and the quality of the work performed. The Policy permits the matching of an individual's restrictions and abilities with the demands of the job, while permitting self-placement into suitable jobs through the job posting procedure.

The Board and the Union recognize the benefits of a formal rehabilitation program for partially disabled employees who, because of injury or illness, are unable to perform their regular work. Every reasonable effort will be made to provide meaningful employment for both permanently and temporarily disabled employees.

34.2 Union Involvement

An integral part of the Modified Work Program is the joint Union/Board Committee. The Union shall participate at all stages of the process, including amendments to the Board's Policy and Procedures.
