PART I - PREAMBLE**1 Society and Corporate Interests**

The object of this Agreement is to promote harmonious relations between Ontario Power Generation Inc. (OPG) and employees consistent with the preamble of the Ontario Labour Relations Act and the Canada Labour Code and in recognition of the need for the successful accomplishment of the public purposes for which OPG has been established.

The objective of the parties is to facilitate the peaceful adjustment of salaries and benefits, working conditions, issues of fair treatment, all disputes and grievances, and to prevent inefficiencies and avoidable expenses and to reduce unnecessary delays.

OPG's mission is to contribute to the enhancement of the quality of life of the people of Ontario by serving their energy needs. The Society's mission is to strive to ensure the best rewards, career opportunities and working conditions for its members. The Society recognizes a responsibility for providing an essential service to the people of Ontario and in working towards the continued viability and continuity of OPG. Both parties recognize the fundamental importance of service to OPG customers.

The parties recognize that situations may arise where their missions, objectives, or actions come into conflict. These conflicts may impact on the bargaining unit and particularly on supervisory employees represented by The Society. The parties agree that supervisors will be able to participate fully as members and perform supervisory responsibilities without fear of reprisal or recrimination by either party.

1.1 Principles

OPG and The Society agree to make their best efforts to adhere to the principle statements found in the Articles of the Collective Agreement in a balanced way, recognizing that some principles may compete with others. With the exception of the Principles of Agreement found in the Tripartite Agreement on Health and Safety Committees in Article 89, the parties agree that these principle statements are not subject to the grievance/arbitration procedure on their own standing.

1.2 The following principles were developed by the Joint Society Management Committee (JSMC) to guide its conduct in negotiations and in its ongoing relationship. OPG is encouraged to use these principles at the local level.

1.2.1 Issues and interpretations will be dealt with in an open way with the earliest possible involvement of each party.

1.2.2 Each party will deal with the other in such a way that it effectively demonstrates respect for each individual's contribution and point-of-view.

- 1.2.3 Bilateral meetings will be conducted on the premise that such meetings are a "safe zone", with no rank within the room, and in an atmosphere where everyone is free to participate and no one dominates.
- 1.2.4 Common goals/needs will be identified, and both parties will work together to achieve them.
- 1.2.5 The primary focus of the parties will be the customer (Customer means OPG's customers, together with Society members. Customer focus also includes being sensitive to the environment - economic, political, environmental, and social).
- 1.2.6 Processes will be designed with the involvement of the people who have the knowledge of the problem or issue. The processes will encourage the resolution of the problem/issue at the level closest to the source.
- 1.2.7 An honest attempt will be made to resolve all problems/issues internally.
- 1.2.8 By virtue of adherence to the above principles, the JSMC will endeavour to act as an example to the whole organization to show how using those principles, can create a harmonious relationship, while at the same time making the customer the primary focus.

1.3 Partnership Principles

OPG and The Society are committed to a union-management partnership to mutually explore, discuss, and implement new ways to improve business operations, customer satisfaction, the way we work, and quality of work life.

The Partnership mission and objectives are set out in a Tripartite document (OPG-Society-PWU) entitled "Partnership – Securing Our Future" dated November 23, 1999.

PART II - RECOGNITION

2.1 Provincial Jurisdiction

Ontario Power Generation Inc. (OPG) recognizes The Society as the exclusive bargaining agent for a bargaining unit comprised of:

All employees employed in Ontario Power Generation Inc.–Nuclear, hereinafter known as OPGI–Nuclear, in the Province of Ontario employed as supervisors, professional engineers, engineers-in-training, scientists, and professional, administrative and associated employees, save and except for persons who perform managerial functions as distinct from supervisory functions; persons employed in a confidential capacity with respect to labour relations; and persons in bargaining units for which any trade union held bargaining rights as of November 13, 1991.

2.2 Federal Jurisdiction

The Society was certified in May 1995 under the Canada Labour Code for a bargaining unit comprised of the following:

All employees of Ontario Hydro employed by Ontario Hydro Nuclear (OHN*) in the Province of Ontario employed as supervisors, professional engineers, engineers-in-training, scientists, and professional, administrative and associated employees, save and except for persons who perform managerial functions as distinct from supervisory functions; persons employed in a confidential capacity with respect to labour relations; and persons in bargaining units for which any trade union held bargaining rights as of November 13, 1991.

On April 1, 1998, jurisdiction for labour relations for the above-noted federal bargaining unit was delegated to the Province of Ontario.

2.3 Clarity Notes

2.3.1 For the purposes of clarity, the bargaining units set out above:
Include:

- a) all regular, probationary, graduate students, reduced-hours and temporary employees whose functions are included in the

* Ontario Hydro Nuclear (OHN) is a business unit employing all persons who are employed on or in connection with nuclear facilities that come under Section 18 of the Atomic Energy Control Act.

classifications paid from Salary Schedules 01, 02, 03, 04, 05, 08, 10, 11, 12, 13, and 15.

- b) employees in OPGI-Nuclear whose full-time duties are security staff work and who are paid from Salary Schedule 05 or 15 (Security Staff).

Exclude:

- a) those persons who perform managerial functions as distinct from supervisory functions. An employee is performing managerial functions if:
 - i) he/she performs managerial functions such as hiring, promotion, performance increase, discharge, etc., over other employees in the bargaining unit; and
 - he/she is required to spend the majority of his/her time performing managerial duties; and
 - he/she supervises at least seven (7) employees (directly and indirectly) on a regular and continuous basis; or
 - ii) he/she supervises persons who are excluded from The Society's bargaining unit by reason of performing managerial functions or being employed in a confidential capacity with respect to labour relations.

2.3.2 Definitions

- a) "Supervisors" means employees who primarily perform supervisory functions, including the requirement to make recommendations regarding any staff or personnel matter. These staff or personnel matters include, but are not limited to, such areas as selection, promotion, appraisal, discipline, transfer, staffing needs, work methods, changes in terms and conditions of employment, grievances, or the interpretation and administration of the applicable Collective Agreement. "Supervisors" includes employees in other employee classifications who perform supervisory functions.
- b) "Professional engineer" means either: a) an employee who is a member of the engineering profession entitled to practice in Ontario and employed in a professional capacity; or b) an employee with equivalent credentials who is in a position that requires engineering expertise and specialized knowledge. This definition includes all employee categories included under the heading of "Professional Engineer" listed in Attachment A to Appendix I "Utilization and Advancement of Professional Engineers and Scientists" in this Agreement. "Professional engineers" includes employees who satisfy

these criteria and who are required to perform supervisory functions.

- c) "Engineers-in-training" means an employee who has completed a course of specialized instruction in engineering sciences and graduated from a university or similar institution, who has not satisfied all the requirements for practicing as a professional engineer and who is on a structured training program to partially satisfy these requirements.
- d) "Scientists" means employees who are university graduates in the Natural Sciences, the Applied Sciences, Mathematics or Computer Sciences, who are not classified as professional engineers, and who are engaged in the application of this specialized knowledge in the course of their employment. This definition includes all incumbents in positions identified under the heading of "Scientists" listed in Attachment A to Appendix I entitled "Utilization and Advancement of Professional Engineers and Scientists" in this Agreement. "Scientists" includes employees who satisfy these criteria and who are required to perform supervisory functions.
- e) "Professional employee" means an employee who:
 - i) in the course of his/her employment is engaged in the application of specialized knowledge ordinarily acquired by a course of instruction and study resulting in graduation from a university or similar institution; and
 - ii) is eligible to be a member of a professional organization that is authorized by statute to establish the qualifications for membership in the organization; or
 - iii) performs the functions, but lacks the qualifications of a professional employee.

"Professional employees" include employees who satisfy these criteria and who are required to perform supervisory functions.
- f) "Administrative employee" means an employee who normally supervises persons engaged in office administration, construction, security or maintenance work who are represented by another trade union. This definition includes employees who share a community of interest with "supervisors".
- g) "Associated employees" means employees in positions which normally require a university degree or equivalent education or experience. This definition encompasses employees who

share a community of interest with “professional engineers”, “scientists” or “professionals” and includes, but is not limited to, Nurses and System Control Operators. “Associated employees” includes employees who satisfy these criteria and who are required to perform supervisory functions.

2.4 Supervisory Employees - Code of Ethics

OPG agrees to include supervisory employees in the bargaining unit on the condition that the parties recognize that supervisory employees will continue to exercise key functions in the control and operation of OPGI–Nuclear. As members of OPG managerial staff, supervisors use judgment to express and make operative the decisions of Management. They are responsible for fostering a healthy work environment. The parties recognize the responsibility of supervisors to discharge their supervisory duties in good faith. The Society and OPG will identify, minimize and/or avoid the conflicts/perceived conflicts of interest that may arise concerning the relationship between supervisors, The Society and OPG.

It is recognized that supervisory employees may be disciplined for failure to act in good faith as a representative of Management and fulfilling their responsibilities including abuse of supervisory position and breach of trust.

2.5 Conflict of Interest - Security Staff

The Society recognizes that the inclusion of security staff in this Collective Agreement may create the possibility of a conflict of interest between the responsibilities to their duties and their membership in The Society. The Society will not impede security staff from performing any of their job duties.

These provisions are intended to permit security staff to perform their duties unfettered and to preserve the confidentiality of their work. Security staff are sometimes required to take action with respect to other employees. It is the intent of these provisions that security staff will fulfill their duties irrespective of whether the other employees involved are or are not represented by The Society. OPG agrees that all security staff represented by The Society will have normal access to Society representation.

The Society agrees not to pursue any internal disciplinary actions against security staff for performing their duties.

Any conflict of interest involving security staff will be subject to an expeditious internal confidential review/resolution process. If the internal resolution process is not capable of resolving the conflict of interest, then an expeditious external process will be activated.

The Society Board of Directors clearly recognizes the unique position of security staff regarding their relationship with other Society represented employees and will strive to ensure that any conflict of interest which may arise is handled sensitively and expeditiously.

2.6 Exclusions Process

OPG and The Society agree to the following process for the purpose of excluding new and changed positions from The Society's jurisdiction.

1. The following new or changed job documents or their electronic equivalents in Scenarios A to D will be sent to The Society for their review:

- A - Society Jobs
- B - "Society Equivalent" MG Jobs (Formerly MF)
- C - Borderline Society/ESR Jobs
- D - Borderline Society/PWU Jobs
- E - "PWU Equivalent" MG Jobs (Formerly MS)

Scenario	New Jobs	Revised Jobs
A	Documents will be sent to The Society after finalization.	i) If job leaves Society jurisdiction, documents will be sent to The Society before finalization. ii) If Society jurisdiction does not change, documents will be sent to The Society after finalization.
B	Documents for new "Society Equivalent" MG (formerly MF) jobs will be sent to The Society before finalization.	If jurisdiction changes to Society bargaining unit, documents will be sent to The Society after finalization.
C	Documents for new first-level ESR jobs will be sent to The Society before finalization.	If jurisdiction changes to Society bargaining unit, documents will be sent to The Society after finalization.
D	Documents for the following new jobs not established as PWU jobs in the past will be sent to The Society before finalization: i) supervisory jobs, and ii) non-supervisory jobs which report to a Society-represented position and are paid at the final step rate at or above MP1 reference point.	If jurisdiction changes to Society bargaining unit, documents will be sent to The Society after finalization.

2. If there is disagreement concerning jurisdiction of a position, The Society will notify Labour Relations, OPG Human Resources within 10 working days of having received the document. The two parties will use the 10 working days to attempt to resolve the dispute.
3. If the two parties are not able to resolve the dispute, Management reserves the right to implement the position with the jurisdiction as proposed. At the same time, The Society has the right to file a grievance over the jurisdiction of the position.
4. Management will notify The Society office of any jurisdictional grievance filed by another trade union against a Society-represented position and will advise The Society of any change in status (e.g., referred to next step, resolved, withdrawn).
5. Attachment 1 is the exclusion form which will be used in accordance with this process. The Society's agreement to exclude any position under this process is without prejudice to its position in any proceedings and will not limit The Society's right to challenge the exclusion at a later point in time.

2.7 Successor Rights

2.7.1 The OPG agrees that it will not directly or indirectly request government to exempt the Company or The Society from the successor rights provisions of the applicable labour relations legislation.

2.7.2 The successor rights provisions of the applicable labour relations statute shall be incorporated by reference into this Collective Agreement. No board of arbitration established pursuant to the grievance and arbitration provisions of this contract has jurisdiction to make any decision within the jurisdiction of the Labour Relations Board and nothing herein is intended to affect the jurisdiction of the Labour Board to resolve disputes related to the application of the provisions of the statute. For purposes of s.48 of the Ontario Labour Relations Act and s. 57 of the Canada Labour Code, the Ontario Labour Relations Board or the Canada Labour Relations Board shall be deemed to be a Board of Arbitration for the resolution of disputes related to the interpretation, application, administration or alleged violation of this provision of the Collective Agreement. The remedial powers of the Labour Board shall be as set out in the relevant statutory provisions governing successor rights.

3 Employee Classifications

3.1 Probationary Employees

A probationary employee is an employee, who is hired on a trial basis with the prospect of being reclassified as a regular employee, if the employee's performance satisfactorily meets the job requirements. The probation period is normally a minimum of three months and a maximum of six (6) months. After six (6) months, the employee will either be made regular, transferred to another probationary position or terminated unless there is an expectation that a longer probationary period will result in improvement in a specific area which has been identified to the employee (e.g. completion of a training course or a specific work assignment, interrupted probationary period as a result of parental leave, etc.) The employee's benefits and working conditions are the same as regular employees with exceptions identified in the provisions where different treatment has been agreed to.

3.2 Regular Employees

A regular employee is an employee who has either served the required probationary term or has previously been employed in one of the other categories and has satisfactorily met the job requirements. The employee occupies a position that is considered part of the ongoing organization of OPG.

3.2.1 Reduced Hours of Work Regular Employees

A reduced hours of work regular employee is an employee who has regular status but works less than the base hours for a full-time position. The employee's benefits and working conditions are pro-rated and based on the entitlements of the regular employees. The pro-rating is described in Article 71 (Reduced Hours of Work).

3.3 Temporary Employees

3.3.1 A temporary employee is an employee who is hired for short-term work assignment which is not ongoing (i.e. normally 12 months or less and not extending beyond 24 months). The employee's benefits and working conditions are as per Article 34 (Temporary Employees).

3.3.2 Reduced Hours of Work Temporary Employees

A reduced hours of work temporary employee is an employee who has temporary status but works less than the base hours for a full-time position. The employee's benefits and working conditions are pro-rated as per Article 34 (Temporary Employees).

3.3.3 Student Employees

A student employee is an employee who is hired for short-term work which is not ongoing. He/she is normally in the process of completing his/her post-graduate studies and is expected to return to his/her studies after an agreed employment period. The employee's benefits and working conditions are as per Article 34 (Temporary Employees).

4 Service Credit Definitions

Service credits shall be based on all previous full-time (regular, temporary and casual) service and part-time/reduced hours (regular and temporary) unless otherwise specified. (See Article 9.4 Transition Provisions)

4.1 Established Commencement Date (ECD)

The "ECD" represents the latest date of hire, subject to authorized adjustments for previous service as detailed below.

a) Regular

The ECD for regular employees is calculated by giving service credits for:

- probationary employment;
- 100% of employment service in an acquired Company;
- previous regular and temporary (full-time and reduced hours employment), if there has been no break in service exceeding twelve (12) months;
- previous casual construction employment if there was no break in employment exceeding three (3) months (or 12 months for casual construction employees on the Pension and Insurance Plan).

(The ECD has an impact on sick leave and severance pay.)

b) Temporary

The ECD for temporary employees is calculated by giving service credits for:

- previous temporary employment, if there has been no break in service exceeding 3 months and employee has less than 12 months service;
- previous temporary employment, if there has been no break in service exceeding 12 months and employee has greater than 12 months service.

(The ECD has an impact on statutory holidays and floating holidays.)

4.2 Vacation Credit Date (VCD)

The VCD represents all service regardless of breaks. While a regular employee, service credits shall be based on the current ECD and adjusted for all previous periods of OPG employment. All employees who currently work reduced hours or have done so in the past, will have such service calculated as if were full-time.

(VCD is used to determine vacation bonus.)

4.3 External Experience Value (EEV)

The EEV represents a vacation credit quantity expressed in number of years, months and days for external work experience granted to qualifying regular employees (Section 38.7). The EEV and VCD determine total years credit for vacation entitlement (days) and the length of service based search notice period (Section 64.7.1 - Search Notice Period).

EEV is only applicable to the initial hire with either Ontario Hydro or Ontario Power Generation and does not apply to any rehire, save and except those employees that have been forced to another employer through a "Change of Employer" under Article 102 on or after January 1, 2005 and have been rehired after 3 years.

4.4 Service Recognition Date (SRD)

The SRD for regular employees represents all service while an OPG employee on payroll regardless of breaks in employment. Service credits shall be based on the last hire date and adjusted for all previous periods of OPG employment. All employees who currently work reduced hours or have done so in the past, will have such service calculated as if it were full-time (it should never be pro-rated).

Authorized Adjustments:

a) Personal Leaves of Absence

SRD includes the time an employee is on "leave", if the employee is on a:

- personal leave of absence with pay; or
- personal leave of absence without pay which is less than 15 working days; or
- personal leave of absence without pay which is more than 15 working days and which was started on or after April 15, 1993 -- only that portion which was taken during the period from April 15, 1993 to August 31, 1997.
- prepaid leave of absence, under the enhanced leaves of absence policy dated April 16, 1993, greater than eight (8) weeks.

b) Pregnancy/Parental Leaves

SRD includes the time an employee is on a pregnancy/parental leave (previously referred to as normal or extended maternity/adoption leave).

c) Job Sharing

SRD is calculated as if the employee is working full-time hours.

d) Work Sharing

SRD is calculated as if the employee is working full-time hours.

(SRD has an impact on recognition of employee service at years 25 and 40, Quarter Century Club Membership and seniority (Article64, Article102).)

4.5 “Eligibility Service” or “Continuous Employment” for Pension Purposes

Generally, it is the number of years (including a portion of a year) a pension plan member has been continuously employed in which there has been no break in employment exceeding 2 months. It includes previous OPG pensionable service which has been reinstated; external service which has been transferred into the pension plan under a reciprocal pension transfer agreement; and periods of pregnancy/parental leave. It may include certain types of non-regular service purchased under special provisions. It generally excludes leaves of absence without pay except where the employee elects to pay the pension contribution. The exceptions are detailed in the pension rules.

Eligibility Service (ES) is used as an eligibility criteria for early retirement and the associated early retirement discounts; and in conjunction with Membership Service (i.e., the service subsequent to the date actually joining/started contributing to the Plan) and Age, to determine death and termination benefit entitlements.

5 Temporary Assignments

There may be instances when employees are temporarily removed from their normal duties to perform work outside of The Society's bargaining unit. Likewise, employees from outside of the bargaining unit may be assigned temporarily to work within The Society's bargaining unit.

In such instances, the parties agree that:

5.1 Employees Temporarily Excluded from Society Jurisdiction

5.1.1 The Society shall be given prior notice of any temporary assignment exceeding three months' duration that OPG considers outside the bargaining unit, along with a rationale for the proposed exclusion.

5.1.2 The Society shall continue to represent employees who have been temporarily removed from their regular positions to perform work outside the bargaining unit for the first three months of the temporary assignment. Dues shall be deducted and remitted to The Society for the three-month period.

5.1.3 Except where otherwise specified in this Agreement, Society-represented employees who are temporarily assigned to positions outside the bargaining unit shall have access to all benefits, plans or entitlements under Part IX (Health Benefits), Part X (Pension and Insurance), Part XI (Relocation Assistance), and Articles 64 (Employment Continuity), 65 (Vacancies) and 102 (Decontrol/Change of Employer) of the Collective Agreement for the full duration of the assignment.

5.2 Employees Temporarily Included in Society Jurisdiction

5.2.1 OPG personnel from outside The Society's bargaining unit who are temporarily assigned work within Society jurisdiction shall be represented by The Society for that portion of the assignment extending beyond three months, and dues shall be deducted for the period beyond three months.

5.2.2 During the period of Society representation, temporarily included employees shall be subject to the provisions of the Collective Agreement, but the following shall not apply:

- Article 20, 21, (excluding 31.4), 32 (Performance Pay Plan), 33
- Part VIII (Absence from Work)
- Part IX (Health Benefits)
- Part X (Pension and Insurance)
- Part XI (Relocation Assistance), except for Article 55 (Compensation when Assigned to Temporary Work Headquarters)
- **Article 30 (TMS Agreements)**
- Article 63
- Part XIII (Working Conditions)
- Other provisions or Agreements to the extent they concern the above

5.3 Grievance

The Society's Complaint and Grievance/Arbitration procedure shall apply to any dispute relating to an applicable provision of The Society's Collective Agreement, including any dispute as to whether the Collective Agreement is applicable in the circumstances. The employee and/or the employee's bargaining agent retain any rights in respect of terms and conditions of employment to which The Society's Collective Agreement does not apply.

6 Employees on Temporary Out-of-Province Assignment

6.1 Terms and Conditions of Employment During Assignment

6.1.1 When a Society-represented employee accepts a temporary assignment outside Ontario, the employee:

- a) retains his/her status as an employee of OPG;
- b) continues to accrue service credit for all purposes under Article 4 of the Collective Agreement;
- c) is required to pay Society dues during the term of any assignment.

6.1.2 The employee remains represented by The Society until he/she begins this assignment. When an employee accepts a personal services contract, that contract together with this Article shall constitute the employee's complete terms and conditions of employment for the full term of the assignment. OPG will advise The Society after a personal services contract with a Society-represented employee is signed.

6.1.3 OPG will indemnify, or cause to be indemnified, each employee who, in the course of work on temporary out-of-province assignment, becomes subject to a claim made against him/her or to a threat of discipline from an association with statutory power to apply professional standards. OPG's "Employee Indemnification Policy" (08-03-01) will apply unless indemnification provisions specific to a given contract or project are identified in the personal services contract.

6.2 Filling the Pre-Assignment Position

Before the employee commits to the assignment, Management will determine whether it intends to fill the position on a temporary or regular basis and discuss the decision and rationale with the employee. OPG will inform the employee of any intent to change this plan while the employee is on an out-of-province assignment.

6.3 Redeployment Upon Completion of Assignment

6.3.1 The line manager in the employee's pre-assignment Business Unit shall provide or shall identify appropriate personnel to provide the returning employee with employment-related information and assistance and to carry out the provisions of this Subsection upon completion of the assignment and return to Ontario.

6.3.2 When the employee's pre-assignment position with OPG continues to exist and has not been filled or has been filled temporarily, the employee shall return to that position.

6.3.3 When the employee's pre-assignment position with OPG no longer exists or has been filled regularly, and the employee is not surplus by operation of Article 64, the employee shall be placed in an OPG vacancy for which he/she is qualified, in the following order:

- a) a lateral vacancy within the employee's pre-assignment Business Unit at the pre-assignment location;
- b) within the pre-assignment Business Unit, a choice of a lateral vacancy at a new location, or a vacancy within two salary grades lower at the pre-assignment location;
- c) within the pre-assignment Business Unit, a vacancy within two salary grades lower, in a new location;
- d) redeployment in accordance with Article 64.

6.3.4 Placements under Subsection 6.3.3 (a), (b) or (c) above are exceptions to OPGI–Nuclear posting requirements, consistent with Subsection 65.6.1 (b).

6.3.5 When there is a reasonable expectation that an employee will be placed in a different position upon return from a temporary out-of-province assignment, OPG will identify and notify the employee of potential placements. An employee who is not placed within 30 days of completion of the assignment and return to Ontario shall have the right to be redeployed in accordance with Article 64.

6.4 Employment Continuity During Temporary Out-of-Province Assignment

6.4.1 Employees on temporary out-of-province assignments will be neither advantaged nor disadvantaged with respect to rights under Employment Continuity upon return from the assignment. When an employee's pre-assignment position has been included in a Unit of Application for redeployment under Article 64, the employee will be redeployed in accordance with Article 64.

The Joint Redeployment Planning Team (JRPT) will consider issues such as:

- the number of employees within the unit of application who are on temporary out-of-province assignments;
- the duration of the assignments;
- the seniority of the affected employees;
- the qualifications of the affected employees;
- the ability to factor the employee into the ongoing joint planning efforts (i.e., will the employee be

returning during or shortly after the joint planning process);

- the ability to fill positions in the new organization on a temporary assignment basis in order to accommodate a returning employee;
- the need to fill positions in the new organization on a continuing basis;
- the need to keep employees apprised of developments within their unit of application that may impact on their job status during the assignment.

6.4.2 If an employee is declared surplus while he/she is on temporary out-of-province assignment, the employee will be notified and all surplus entitlements will be deferred until the employee completes the assignment and returns to Ontario.

6.4.3 An employee on temporary out-of-province assignment who is subject to redeployment under Article 64 in his/her absence and the JRPT determines:

- a) the employee would have been matched to a position by virtue of seniority and qualifications and is, therefore, deemed not surplus; and
- b) the employee will not be matched in the redeployment; then the employee will be entitled to treatment under Section 6.3 above.

7 Mid-Term Agreements - Business Units

The following principles were developed by the JSMC to govern negotiations of Mid-Term Agreements at the Business Unit level that may alter by joint agreement an item or a range of items found in Attachment A.

7.1 Principles

- a) There is a need for a negotiating forum that is capable of responding quickly to unique local conditions and circumstances within the Business Unit, including specific legal requirements that may be applicable to a Business Unit, consistent with the principles in Article 1.
- b) Joint negotiations on items and issues specific to the employees within one Business Unit may occur at that level rather than the JSMC/ OPG level to the extent that such issues can be resolved there.

- c) It is the intent that Business Unit negotiations provide for increased efficiency and effectiveness in the bargaining interface with Society overall.
- d) It is the intent that Mid-Term Agreements entered into by one Business Unit will not prejudice other Business Units.
- e) It is the intent that Mid-Term Agreements signed by individual Business Units will not impede the mobility of employees outside of, or within, the Business Unit in pursuing their career objectives, or form barriers for employees transferring between Business Units.

7.2 Issues That May be the Subject of Business Unit Mid-Term Agreements

The JSMC agrees that Business Units have local authority to enter into Mid-Term Agreements with The Society on the items listed in Attachment A. Such Mid-Term Agreements will be included in a mid-term section of the Collective Agreement. The terms of the Mid-Term Agreement will specify if they are to augment, amend, supersede, or run concurrently with the general provisions in the Collective Agreement. The provisions of the Collective Agreement represent the default where local negotiations either do not take place or fail to come to an agreement.

Attachment A may be amended by joint agreement at the JSMC at any time in accordance with the above-stated principles.

7.3 Approvals

Mid-Term Agreements on items listed in Attachment A will be signed by the Business Unit leader (or equivalent) and the Unit Director(s) whose unit encompasses The Society members in the Business Unit or a Principal Officer from within the Business Unit, subject to the normal internal review and ratification process. Other items developed at the Business Unit level are subject to JSMC approvals as set out in Section 99.2.

7.4 Scope

Agreements signed at the Business Unit level apply within that Business Unit only and will not be used by either party as a precedent or an example of how to interpret the Collective Agreement.

7.5 Duration

Such agreements will have either expiry dates, which may go beyond the life of the Collective Agreement, and/or cancellation clauses. Upon expiry or cancellation, the normal provisions of the Collective Agreement apply unless otherwise agreed.

Prior to negotiations at the JSMC for the purpose of renewing the Collective Agreement, a joint committee at the Business Unit level may meet for a fixed period of time to address items put forward by either party including the renewal of Mid-Term Agreements. If a settlement is not reached, items may be forwarded, by either party, to the JSMC for resolution through the normal dispute resolution processes including mediation-arbitration.

Mid-Term Agreements are subject to the same grievance and arbitration provisions as are other items in the Collective Agreement unless otherwise agreed to by the parties.

7.6 Responsibilities

Each party will appoint an equal number of representatives to a Joint Society/Business Unit Team which may include resource persons from outside the Business Unit. Management recognizes that the effectiveness of negotiations and joint processes at the local level depends on Society representatives having adequate time off from normal duties to prepare/negotiate agreements. As such, the Business Unit will commit to providing reasonable time for the preparation and negotiation of local issues. Participation on joint teams will not be used to limit or adversely bias an employee's standing in job competitions or performance evaluations.

PART III - VOLUNTARY RECOGNITION AGREEMENT

8 VRA Amendments

A Voluntary Recognition Agreement (VRA) between Ontario Hydro and The Society came into effect on January 14, 1992. A complete text of the VRA between Ontario Hydro and The Society is found in Appendix IX. The VRA, as amended in this Article, is applicable to OPG. The VRA shall remain in effect thereafter except for Sections 4.0 and 5.0 of the VRA (outlined in Articles 14 and 15 of this Agreement) which may be terminated by written notice by either party not less than six months prior to the expiry of the Collective Agreement in operation on January 1, 2005 or any subsequent Collective Agreement. In the event that The Society provides notice of termination of Sections 4.0 and 5.0 of the VRA, OPGI–Nuclear may require that the supervisors defined in Section 8.1 form a separate bargaining unit for which The Society shall be recognized as the bargaining agent and for which there shall be a separate Collective Agreement. In addition, The Society shall continue to be recognized as the bargaining agent for non supervisory staff defined in the VRA. Disputes on the identification of supervisors shall be submitted to a mutually acceptable arbitrator for settlement. If the parties fail to agree to appoint an arbitrator, either party may refer the matter to the Minister of Labour (provincial or federal) or the Chief Justice of the Ontario Court of Justice who shall appoint a single arbitrator. The arbitrator will have the power accorded arbitrators under the Ontario Labour Relations Act and the Canada Labour Code. If OPG provides notice of termination of Sections 4.0 and 5.0 of the VRA, it shall continue to recognize The Society as representing all employees in one bargaining unit as per the VRA and ensuing Collective Agreements.

In the event that either party desires to amend the VRA on or after January 1, 2005, it must notify the other party in writing not less than six months prior to the expiry of the Collective Agreement in effect on January 1, 2005 or thereafter six months prior to the expiration of any subsequent Collective Agreement. In such circumstances the parties will have the right, if either party so chooses, to appoint a mutually agreeable mediator for the purpose of reaching a settlement of the issues and where there is mutual agreement the mediator shall arbitrate outstanding matters in dispute.

Notwithstanding the above, the parties may mutually agree to amend the VRA at any time.

8.1 Supervisory Employees

For the purposes of this Article, the parties agree that Supervisory positions are those that are not excluded under Article 2.0 above and that satisfy the following criteria:

- a)** Employees on Salary Schedule 01 or 11 who under Plan A "Nature of Supervision" have either Degree 3 (or higher) or its equivalent;
- b)** Employees on Schedules 02, 05, 08, 10, 11, 12, 13, 15 on condition they normally supervise other employees.

PART IV - COLLECTIVE AGREEMENT TERM - NO STRIKE/NO LOCKOUT

9 Collective Agreement Term - No Strike/No Lockout

9.1 This Collective Agreement shall remain in effect from January 1, **2005** to December 31, **2005** inclusive and, thereafter, shall be renewed automatically from year to year, subject to Section 4.0 of the Voluntary Recognition Agreement (VRA) as amended in the Collective Agreement, unless either Party notifies the other in writing not less than 90 days prior to the expiration of the Collective Agreement that it desires to amend the Collective Agreement. As long as Sections 4.0 as amended and 5.0 of the VRA remain in effect, where notice to amend the Collective Agreement is given, the provisions of this Collective Agreement shall continue in force until a new Collective Agreement is signed.

9.2 No Strike/No Lockout

The Society, employees within the scope of the bargaining unit, and OPG are pledged to the effective and efficient operation of OPG and they pledge themselves, individually and collectively, to refrain from taking part in strikes, lockouts or sympathy strikes and other interference with work or production as long as the terms and conditions in Section 4.0 of the VRA continue.

Nothing in this Collective Agreement is intended to interfere with the exercise of lawful economic sanctions under the Ontario Labour Relations Act and the Canada Labour Code by any member of the bargaining unit or bargaining units as the case may be or by The Society itself should either party to the Agreement elect to terminate Sections 4.0 and 5.0 of the Voluntary Recognition Agreement.

9.3 Operation of the Collective Agreements

9.3.1 The OPGI (Nuclear) and the OPGI (Non-Nuclear) Collective Agreements are separate Collective Agreements.

9.3.2 The Parties have agreed that The Society will not challenge the above separate successor companies to Ontario Hydro under the successor rights or common employer provisions of the Ontario Labour Relations Act.

9.4 Transition Provisions

9.4.1 The following transitional provisions have no application to any person who was not an employee on January 1, 1999.

- 9.4.2** The term “bargaining unit” for the purposes of Section 9.4 herein (“this Section”) will mean The Society bargaining unit with one of Ontario Power Generation Inc. (Nuclear), Ontario Power Generation Inc. (Non-Nuclear), Ontario Hydro Services Company Inc., Independent Market Operator or Electrical Safety Authority, as well as ISG (New Horizons) and OPT (Kinectrics) except as these rights are modified in the respective collective agreements.

- 9.4.4** Until December 31, 2002, an employee in a bargaining unit who is declared surplus, who is eligible to exercise rights under LOU #4 (“Pre-Mix and Match Surplus Declarations”) or who has recall rights is eligible to apply to posted vacancies in another bargaining unit. An Employer receiving such application will select applicants in accordance with the provisions of its Collective Agreement which govern selections to vacancies. Such applicants will be considered as equal to non-surplus regular employees (i.e. According to Article 65.6.3(f)). A successful applicant will transfer his/her service to the new Employer in accordance with paragraph 9.4.7, below. A successful applicant will not be entitled to any relocation or moving expenses under the provisions of any Collective Agreement.
- 9.4.5** After December 31, 2002, an employee in a bargaining unit who is declared surplus, who is eligible to exercise rights under LOU #4 (“Pre-Mix and Match Surplus Declarations”) or who has recall rights is eligible to apply to posted vacancies in another bargaining unit. Such applicant will be given fair and objective consideration for employment before new hires. A successful applicant will transfer his/her service to the new Employer in accordance with paragraph 9.4.7, below. No employee hired under this provision will be entitled to any relocation or moving expense under the provisions of any Collective Agreement.
- 9.4.6** An employee in a bargaining unit, to the extent he/she is not subject to other selection – provisions in this Section, may apply for posted vacancies and placement in another bargaining unit as an external applicant on the basis of Article 65.6.3(i).
- 9.4.7** Any successful applicant to a position in another bargaining unit shall transfer all accumulated service, vacation, seniority, pension, and sick leave credits as set out in Articles 4 (“Service Credits”), 42 (“Sick Leave Plan”) and 64 (“Employment Continuity”) to the new employer. The employee shall be reimbursed by the former employer for all his/her outstanding accumulated vacation,

including current year, bonus, banked and deferred vacation, as applicable under Article 38 ("Vacations") according to the Collective Agreement with the former employer. The provisions of this paragraph apply to employees changing bargaining units as a result of paragraph 2.2 of the LOU #26 "re: Allocation of Society Staff to Successor Companies" (December 4, 1998).

- 9.4.8** Any dispute arising in respect of paragraphs 9.4.4 and 9.4.5 of this Section shall be dealt with under the timelines in the procedure in LOU #9, "re: Expediting Redeployment Grievances and Arbitrations".
- 9.4.9** Transitional relativity in substance and term will be maintained with the PWU Collective Agreement with regard to this Section for the duration of this Agreement. If and when PWU changes are agreed to, OPG and The Society will attempt to agree on equivalent provisions for Society-represented employees. In the event of a dispute, George Adams will remain seized to determine a final and binding solution.
- 9.4.10** Notwithstanding provisions regarding the duration of items in paragraph 9.4.4, paragraph 9.4.4 shall remain in full force and effect as between OPGI–Non-Nuclear and OPGI–Nuclear until the bargaining units are merged under a single Collective Agreement or it is finally determined that the bargaining units shall not be merged.
- 9.4.11** In order to comply with the IMO's mandate as described in Bill 35, the transitional provisions described above only apply until December 31, 2000. In the event that a license is denied or in jeopardy this provision will be cancelled prior to this date. PART V - UNION SECURITY

10 Society Membership and Dues Deduction

10.1 Membership in The Society

The Society agrees to permit members to withdraw from membership in The Society.

10.2 Dues Deduction (Rand Formula)

Society dues, as prescribed by The Society Constitution, or an equivalent amount, shall be deducted monthly (or more frequently if agreed) by OPG by compulsory payroll deductions from all Society-represented employees and shall be forwarded to The Society on their behalf with a list of appropriate employee information.

The Society confirms it will respect the applicable provisions of the Ontario Labour Relations Act (RSO 1990) and the Canada Labour Code with respect to bona fide religious convictions or beliefs.

10.3 Bargaining Unit Information

- a) A copy of the appointment letter, for employees **selected to Society represented vacancies, will be copied to the appropriate Unit Director**, within a reasonable period of time
- b) Detailed records of dues deducted
- c) Detailed information on the membership, including:
 - Occupation Code, Job Title, Salary Schedule, Salary Grade, Organization (e.g. Business Unit/Division/Department), Mailing Location, Phone Number
- d) **Upon written request provide to a Unit Director applicant information to specified Society represented vacancies, subject to PIPEDA considerations.**

11 Principles Regarding Involvement With Respect to Successor Rights

Consistent with the parties' commitment to deal with issues in an open and co-operative manner with the earliest possible involvement of each party, the parties have developed the following principles and intent:

- a) Prior to the finalization of negotiations that could lead to the sale of all or part of the business, privatization of all or part of a Business Unit, the creation of joint ventures or partnerships or other enterprises which could adversely impact on The Society's bargaining rights or the contractual rights

of its members, The Society will be consulted to the extent that circumstances reasonably permit. The Society agrees that confidentiality will be maintained.

- b) The parties agree to attempt to minimize the negative impacts on OPG employees in these circumstances. Where it is in the mutual interests of the parties, they will make their best efforts to identify and investigate new opportunities to spin-off parts of OPG.
- c) OPG agrees to apprise any external third party involved in negotiations that OPG has employees represented by The Society and OPG will undertake to provide The Society with an opportunity to present its interests to the third party.

PART VI - DISPUTE RESOLUTION PROCESSES**12 No Discrimination****12.1 Human Rights**

Every employee has a right to be free of harassment and discrimination in the workplace on the basis of prohibited grounds, as outlined in the OPG Human Rights Policy. An employee who has a harassment or discrimination complaint on the basis of these grounds will have access to OPG Human Rights and Complaints resolution process.

Any Society-represented employee involved in OPG Human Rights and Complaints process may consult with and be accompanied by a Society representative if he/she chooses to do so. No record of a complaint will be maintained in an employee's personnel file, except in the case of individuals who have received disciplinary action. Any person against whom a formal complaint is filed must be given particulars of the complaint.

As long as an employee has an active complaint of discrimination or harassment on the basis of prohibited grounds, either under OPG's Human Rights and Complaints process or with the Human Rights Commission, The Society will not make such a complaint or OPG process the subject of a grievance on the employee's behalf.

12.2 Union Activity

OPG shall not discriminate against an employee on the basis of membership or activity in The Society. An employee who has a complaint of such discrimination shall have the right to seek redress under the Grievance and Arbitration Procedure.

13 Employee Indemnification

13.1 OPG will provide assistance and financial indemnification to an employee who, as a consequence of performing the normal duties of his/her job for OPG, is made, or threatened to be made, a party to a civil action or a criminal proceeding (other than for offenses under the Criminal Code of Canada) or quasi-criminal proceeding, or other administrative proceeding (such as formal complaint filed with the Human Rights Commission), or is subject to a threat of discipline or actual discipline from an association that is empowered by statute to regulate professional standards.

Notwithstanding the above paragraph, OPG will not provide financial indemnification to an employee considered by OPG to have acted with dishonesty, bad faith, or with intentional or reckless disregard for the best interests of OPG.

An employee who is subject to prosecution under criminal law (Criminal Code of Canada) as a consequence of performing the normal duties of his/her job and found to be not guilty, or against whom charges have been dropped, may receive financial indemnification. More details are found in the OPG policy.

14 Voluntary Recognition Agreement Disputes

14.1 Enforcement

The primary method of enforcement of the Voluntary Recognition Agreement shall be pursuant to the grievance and arbitration provision in this Collective Agreement. However, should the Collective Agreement not be in operation or applicable to the dispute, either party shall have the right to refer to final and binding arbitration any differences between the parties arising from the interpretation, application, administration or alleged violation of the Voluntary Recognition Agreement, including any question as to whether a matter is arbitrable.

Subject to the conditions of this Agreement, if a mediator or arbitrator is not appointed within 30 days of a matter being referred to mediation and/or arbitration, either The Society or OPG shall have the right to refer the matter to the Minister of Labour (provincial or federal) or the Chief Justice of the Ontario Court of Justice and the Minister or Chief Justice shall appoint a mediator and/or arbitrator. The arbitrator will have the power accorded under the Ontario Labour Relations Act and the Canada Labour Code.

14.2 Selection of Mediators and Arbitrators

Mediators and arbitrators shall be selected from the list of mutually acceptable persons which include those set out below and the costs of using them will be shared equally by OPG and The Society.

List of Mediators and Arbitrators (incomplete)

The parties submit the following individuals to be used as mediators/arbitrators if mutually agreed to:

Kevin Burkett
Pamela Picher
Michel Picher
Robert Howe

Professor Ken Swan
George Adams
Jane Devlin

15 Collective Agreement Negotiation Disputes

Future contract negotiations disputes shall be resolved by binding arbitration.

The dispute resolution process shall be mediation-arbitration using the same individual as both the mediator and arbitrator. The negotiating process is set out in full in Appendix VII.

The mediator-arbitrator shall consider the following issues as relevant to the determination of the award on monetary issues:

- a) a balanced assessment of internal relativities, general economic conditions, external relativities;
- b) OPG need to retain, motivate and recruit qualified staff;
- c) the cost of changes and their impact on total compensation;
- d) the financial soundness of OPG and its ability to pay.

A mediator-arbitrator shall have the power to settle or decide such matters as are referred to mediation-arbitration in any way he/she deems fair and reasonable based on the evidence presented by representatives of OPG or The Society in light of the criteria in items (a) to (d) and his/her decision shall be final and binding.

16 Complaint and Grievance/Arbitration Procedure

16.1 Preamble and Principles of Operation

The following dispute resolution procedure consists of three steps: a complaint process (Step 1), a Joint Grievance Resolution Committee (JGRC) (Step 2) and an expedited or regular arbitration (Step 3A or 3B). These processes will be used by the Parties in order to resolve complaints and grievances submitted by Society-represented staff, The Society, or OPG unless the parties have expressly agreed elsewhere in this Agreement on alternate dispute resolution processes to limit the scope of the grievance/arbitration procedure.

Early discussions and resolutions at the lowest level possible are encouraged because this leads to addressing issues before a grievance is lodged, and are key to maintaining a positive working relationship.

The Parties recognize the need to share information and openly discuss options for resolution at all levels of the complaint and grievance process. This is to ensure a common understanding of all the facts and will enhance the chance of a mutually acceptable resolution. It is understood that proposals for settlement discussed during Steps 1 and 2, or during attempts

at mediated resolutions, will not prejudice either party at the arbitration stage.

This process should have the flexibility to respond to the advantages gained through a problem-solving approach to dispute resolution.

This process is designed to be simple, efficient, and understandable for all parties involved.

16.2 Definitions

a) Employee Complaint

An employee complaint is a claim of unfair treatment that an employee has requested The Society to present on the employee's behalf. An employee complaint, which does not meet the criteria of an employee grievance, shall not be subject for the grievance/arbitration procedure.

b) Employee Grievance

An employee grievance is defined as any dispute between OPG and The Society arising from the application, administration, interpretation or alleged violation of the Collective Agreement, or unreasonable exercise of Management discretion in the administration and application of the Collective Agreement. An employee grievance shall be filed at Step 2, normally following consideration of an employee complaint at Step 1.

c) Group Grievance

A Group grievance is defined as any dispute between OPG and The Society arising from the application, administration or alleged violation of the Collective Agreement, or unreasonable exercise of Management discretion in the administration and application of the Collective Agreement relating to the same dispute by more than one employee. A Group grievance shall be filed at Step 2. Grouped complaints will normally be considered at the Complaint Step if the employees report to a single supervisor.

d) Policy Grievance

A Policy grievance is defined as any dispute between OPG and The Society arising from matters of application, administration, interpretation, or alleged violation of the Collective Agreement. A policy grievance shall be filed at Step 2, and must be filed within 60 days after the circumstances giving rise to the grievance have come or ought to have reasonably come to the attention of The Society.

e) Management Grievance

OPG may present to the Joint Society-Management Committee any complaint with respect to the conduct of The Society. If such a complaint is not resolved, it may be treated as a grievance and referred to arbitration under the provisions of this Article.

16.3 Scope Notes

Grievances concerning the Performance Pay Plan will be processed in accordance with Article 20.

Job evaluation complaints shall be processed in accordance with this Article.

Disputes concerning Article 90 relating to the Occupational Health and Safety Act or Part II of the Canada Labour Code will normally be referred to the Ministry of Labour consistent with Article 91.

The scope of the Complaint and Grievance/Arbitration process includes policies listed in Article 97.

The grievance/arbitration procedure may be used to challenge any unreasonable, arbitrary or bad faith action taken by OPG which results in the exclusion of any employee or position from the bargaining unit. The Parties will attempt to resolve disputes expeditiously. The Society may initiate an unresolved dispute as a Policy Grievance.

16.4 Timeliness

The grievance procedure shall proceed without unnecessary delay. It is recognized that in some cases strictly enforced time limitations may interfere with a mutually acceptable process of fact finding or problem resolution. However, either Party may invoke a time limitation upon five (5) days' written notice to the other Party. Except by mutual agreement, time limits for initiating a complaint/grievance, however, must be adhered to.

16.5 Step 1: Employee Complaint

a) A Society Unit Director or Delegate must file an employee's complaint with the complainant's supervisor within 30 working days of the date the employee should reasonably have been aware of the action or decision-giving rise to the complaint. The Society Office will provide a form outlining the grievor's complaint, proposed resolution and identifying the employee's Society representative. Management's representative will be identified by the local Human Resources Office.

- b) Employee complaints must normally be raised with the employee's supervisor and/or Society Delegate and every effort should be made to resolve it informally. OPG will provide independent facilitation where the Parties agree that this is a reasonable approach to resolving the complaint.
- c) Where mutually agreeable, The Society may initiate an employee grievance arising from disciplinary suspension or discharge directly at Step 2. Benefits grievances shall be initiated at Step 2.
- d) Local management and The Society representative will meet to attempt resolution within ten (10) working days of the date that the complaint is filed. Where mutually agreeable, the employee may attend the Step 1 meeting. Any resolution at Step 1 will be without prejudice and will not constitute a precedent in any other matter between the Parties except by written agreement.

16.6 Step 2: Meetings of the Joint Grievance Resolution Committee

- a) The Society may file an employee grievance at Step 2, within ten (10) working days of the Step 1 meeting. A Policy grievance shall be initiated at Step 2. A grievance must be filed by letter from a Vice-President of The Society, or designate, to a management designate. This letter will outline the grievance and proposed resolution. Management will keep The Society apprised at all times as to the management designates for the purposes of receiving Step 2 letters.
- b) Prior to 2nd Step the Parties will use their best efforts to identify the issue(s), the basis of the grievance and areas of agreement and disagreement. One week before each Step 2 meeting, the parties will exchange briefs outlining the issues, providing the facts and information relevant to the grievance, and containing proposals for settlement of the grievances scheduled for the meeting.
- c) The parties will form a standing Joint Grievance Resolution Committee that will meet on a pre-booked, bi-monthly basis. Each party will appoint two standing members to this Committee. These appointees must be representatives with decision-making authority.
- d) A Step 2 grievance may be resolved by written agreement of the JGRC. Such resolution shall be final and binding on the Parties. The JGRC may, on consensus, refer a grievance back to local parties for resolution with additional guidance and/or information. Nevertheless, if resolution is not achieved before the date of the next Step 3A meeting, the grievance will be automatically referred to arbitration.

16.7 Step 3 - Grievance Mediation and/or Arbitration

- a) Where resolution is not achieved at Step 2, grievance will automatically advance to Step 3A (expedited arbitration) or Step 3B (regular arbitration) unless withdrawn by The Society.
- b) Grievances will advance to expedited mediation/arbitration (Step 3A) unless based on:
- Termination or Discipline
 - Harassment or discrimination
 - Policy Grievances
- Grievances excluded per the above will proceed to regular Arbitration unless both parties agree that the expedited process is appropriate.
- c) In all cases a single Mediator and/or Arbitrator will be used. The parties will agree, on an annual basis, to arbitrators for both the expedited (Step 3A) and regular (Step 3B) arbitration procedures, and may on joint agreement engage other arbitrators on a case by case basis. A back up arbitrator will be agreed on for the Step 3A process.
- d) The parties will agree on a special arbitrator to hear all grievances related to benefits.
- e) Dates will be arranged as follows:
- expedited mediation/arbitration will be scheduled, in advance, bi-monthly
 - regular arbitration hearings will be scheduled, in advance, tri-monthly
- f) For expedited Arbitration, the parties will exchange briefs one week prior to the Hearing, with a copy to the Arbitrator, outlining their respective positions and proposed resolution. Normally no witnesses will be called unless the Arbitrator so directs. The parties may submit a joint statement of facts. The arbitrator's award shall be delivered within 10 working days following the hearing. Each Party shall assume its own costs of the arbitration proceedings and shall share equally the cost of the arbitrator.
- g) If either party requests an arbitrated outcome at Step 3A, this will be the joint direction to the mediator/arbitrator. Failure to achieve a mediated settlement will not be a consideration in any way at the subsequent arbitration.
- h) An arbitrator shall consider any difference which arises between the parties relating to the interpretation, application or administration of this Agreement, including any question as to whether a matter is arbitrable, or where an allegation is made that

this Agreement has been violated. An arbitrator shall also consider any matter of interpretation, application, and administration of policy and practice as may be referred to him/her by employee grievance. An arbitrator shall consider only such evidence as is presented to him/her by representatives of OPG or The Society.

- i) The arbitrator shall have the power to settle or decide such matters as are referred to him/her in a fair and equitable manner, and the arbitrator's decision shall be final and binding. An arbitrator shall not have the power to amend or terminate this Agreement, policies, or procedures save only any policies and procedures which may conflict with the terms of this Agreement.

16.8 Employment File

- a) Documents communicating discipline and discharge will be maintained in the employee's official employment file (normally 901 file).
- b) Unless otherwise agreed to, after documents communicating discipline have been on an employee's file for a maximum of two years, and there have been no further disciplinary occurrences, then the documents communicating discipline will be removed.

16.9 Society Representatives

A Society representative will be granted reasonable time off from normal duties and have normal base earnings maintained while acting as a Society representative in any of the steps of the grievance procedure or when required by Management to be a participant in arbitration proceedings under Articles 16, 19, 20, 64 and 102. Requests for time off will be made to the employee's supervisor.

16.10 Mediators/Arbitrators

The following are Mediators/Arbitrators under Article 16:

<u>Expedited Arbitration</u>	<u>Regular Arbitration</u>
- Jules Bloch	- Owen Shime
- William Kaplan	- Ken Swan
- Owen Shime	- Louisa Davie
	- Pamela Picher
	- Jane Devlin

17 Discipline and Discharge

17.1 No employee, except as noted below, shall be disciplined or discharged without just cause.

When disciplining or discharging probationary employees for just cause, it is recognized that the probationary period is an extension of the selection process and that these employees have short service. Therefore, the threshold for discipline and discharge may be less than that of a regular employee in similar circumstances.

17.2

17.2.1 Prior to the imposition of any disciplinary penalty, the employer shall conduct a disciplinary interview.

17.2.2 Where an employee is required to participate in an interview in circumstances where discipline is likely to follow for such employee, the employee shall be advised of his/her right to have a Society representative present, and to have such a representative present during the interview if he/she chooses.

17.3 The employer shall provide the Society Unit Director and the employee with an email or written notice two (2) business days in advance of any interview where discipline is likely to follow for such employee. Such notice shall indicate:

- (i) his/her right to be accompanied by a Society representative;
- (ii) the purpose of the meeting including a general outline of the issues;

An email notice will be sent to the Society Office. This shall be considered a confirmation of receipt of the notice above.

17.4 Disciplinary penalties resulting in a suspension without pay will not be imposed until a final decision (agreement between the Society and Management, or an arbitrator's decision) has been reached.

The above is contingent upon the following:

- The case is heard at the next JGRC, respecting timelines for brief exchange
- If unresolved, heard at the next available arbitration date

18 Principle and Process of Prior Involvement in Jurisdictional Issues/Disputes

18.1 OPG should advise The Society and provide an opportunity for its involvement at the appropriate organizational level (e.g., OPG, Business

Unit, Division, Station) prior to making any final decision which could adversely affect The Society's jurisdiction.

The Society's jurisdiction may be adversely impacted by an organizational or operational changes, including technological changes, workload changes, and business process re-engineering. The Society's jurisdiction is adversely impacted by any assignment of functions customarily done by Society-represented employees to persons or employees outside of its bargaining unit and/or reduces the proportion of work customarily performed by Society-represented employees relative to that done by persons or employees outside of its jurisdiction.

18.2 Prior to making a final decision that could adversely impact The Society's jurisdiction, at the request of either party, OPG will establish a joint team with The Society which will review relevant facts and issues. In the event that the jurisdiction of another union is affected by this decision, The Society and OPG will strive to include a representative of this union in the review team. The criteria considered by the joint or tripartite review team will include the following:

- representational rights
- skill and training
- safety
- economy and efficiency
- past practice

18.3 The parties agree to make their best efforts to reach consensus on issues affecting The Society's jurisdiction which will form the basis of recommendations to Senior Management.

18.4 In the event that consensus is not reached on issues affecting The Society's jurisdiction or Senior Management rejects the joint/tripartite team's recommendation(s), OPG will make the final decision and will provide written rationale for the decision to The Society.

18.5 The principle and process set out in 18.1 to 18.4 are not grievable with the exception of OPG final decision. The recommendations of joint tripartite teams are without prejudice and cannot be relied upon at grievance/arbitration or before any labour relations board.

19 Job Challenges

Job Challenge disputes not resolved through the normal process or through the process outlined in LOU#112 will be subject to the Arbitration provisions (Step 3) of Article 16 of the Collective Agreement, for final and binding resolution.

20 Performance Pay Complaints

20.1 The following complaints may be processed through the grievance/arbitration procedure in accordance with Article 16. These are:

- a) complaints concerning the interpretation or application of Article 21 ("Performance Appraisal Feedback and Advanced Warning of Reduced Performance Pay Standing");
- b) complaints from employees whose performance standing is below the reference point (100%) of the job and who have been held at the same level, in the same position, **for two consecutive annual performance appraisals.**;
- c) complaints from The Society on policy matters concerning the interpretation, application and administration of the Performance Pay Plan.

20.2 In the situation where an employee submits a grievance in accordance with Section 20.1(b) above which ends up going to arbitration, the powers of the arbitrator will be as follows:

An arbitrator appointed to hear a performance appraisal grievance shall have the remedial authority to either remit the matter back for reappraisal or make an award that conforms to the norms of the Performance Pay Plan as applied for the year in question.

20.3 All other complaints concerning an employee's performance appraisal will be heard through an internal resolution process. This process consists of the following three consecutive steps:

Step 1: After a 24 to 48 hour buffer period of receiving the assessment, an employee who disagrees with the assessment should meet with his/her supervisor to attempt to resolve the disagreement.

Step 2: Failing resolution at Step 1, the employee should meet with his/her supervisor, the second-level supervisor and the Human Resources Officer. The Society Delegate (or his/her alternate) may attend this meeting if the employee wishes.

Step 3: Failing resolution at Step 2, if the employee wishes to continue the process, he/she and his/her direct supervisor will make a presentation to the Line Director and The Society Unit Director (or his/her alternate). The Line Director and The Society Unit Director will make every effort to resolve the problem within five (5) working days of the presentation. If a joint resolution cannot be reached, the performance assessment, which includes the employee's comments, will stand as a record of that year's appraisal.

The parties shall endeavour to resolve issues at the lowest possible level.

21 Performance Appraisal Feedback and Advanced Warning of Reduced Performance Pay Standing**21.1 Principles**

- 21.1.1** Supervisors are expected to ensure all employees understand what is expected of them, encourage ambitious goal setting, stress accountability for results, and tolerate honest mistakes but not poor performance.
 - 21.1.2** The Performance Appraisal process will be conducted in an atmosphere of mutual respect and empathy to encourage a positive two-way communication session. The employee should be given adequate notice and time to prepare.
 - 21.1.3** The supervisor will endeavour to provide recognition to employees commensurate with contribution and performance. Performance expectations should be guided by the job document, work program of the unit and the employee's length of service in the job.
 - 21.1.4** The supervisor should communicate on an ongoing basis and counsel the employee toward improved performance. Also, opportunities for improvement, training, performance counseling, assistance and sufficient opportunity and time to raise performance to the level required, should be part of the building blocks for the future.
 - 21.1.5** The employee is responsible for recognizing that a problem exists and making a joint commitment to improve performance, or to jointly look at other alternatives, such as job skill match, etc.
- 21.2** Every employee has the right to an annual assessment with written feedback of his/her work over the preceding twelve (12) months.
- 21.3** Employee must be provided with a written record of the performance appraisal. Employees should receive written confirmation that the performance appraisal has taken place, and a statement of the employee's performance pay standing as of the next performance pay adjustment date.
- 21.4** If an employee's performance level may result in a reduction in performance pay standing, the employee will be given written notice at least six (6) months in advance of any contemplated action, setting out as precisely as possible:
- a)** the unsatisfactory performance;
 - b)** what is required to rectify the unsatisfactory performance;
 - c)** the actions that may be taken if improvement does not occur.

22 Role of Supervisors

- 22.1** As members of OPG managerial staff, supervisory employees have a role to play in the resolution of disputes in their work units before they reach the grievance/arbitration procedure. In the event that a dispute reaches the grievance/arbitration procedure, The Society agrees not to discriminate against supervisors who represent Management in Society grievances.
- 22.2** The Society will exclude supervisors directly involved in a particular grievance from the decisions on the referral of the grievance through the grievance/arbitration procedure. Supervisors will not act on behalf of The Society in matters associated with a particular grievance where the grievance has been lodged by another member(s) who reports to the particular supervisor.

PART VII - SALARY**23 Salary Schedules**

- 23.1** Salary rates shall be in accordance with Salary Schedules 01, 02, 04, 05, 08, 11 and 12 that are part of this Agreement.
- 23.2** The salary schedules shall be increased effective **January 1, 2005** by **3.0%**.
- 23.3** Adjustments to Salary Schedule 04 will be made in accordance with the agreed formulae concurrent with the above mentioned economic increases.

24 Escalator Clause

25 Pay and Benefits Treatment of Staff Paid From Salary Schedule 04 - Management and Professional (M&P) Development Schedule

25.1 Pay Treatment

Salary Schedule 04 will be used for:

- a) the hiring and progression of all employees hired for Management and Professional (M&P) or Field Management and Professional (FM&P) work, when they have less than the following applicable experience requirements after Bachelor graduation:

Job Level	Applicable Experience Requirements
MP1	1.5 years
MP2	2 years
MP3 and over	2.5 years

or;

- b) as a bridging salary schedule for employees who are appointed to entry M&P or FM&P positions from non-M&P/FM&P salary schedules where such employees are not fully qualified or do not meet the minimum experience requirements for the position.

25.2 Individuals with advanced degrees or some applicable experience may be given an appropriate time credit when they are placed on Salary Schedule 04.

25.3 Salary Schedule 04 will consist of six steps. Step 6 will be equivalent to 80% of MP2 Reference Point, and Step 2 will be established at the estimated average community hiring rate for new engineering graduates. Intervening steps will be in equal dollar increments rounded to the nearest whole dollar. Step 1 will be used, where appropriate, as a hiring rate for non-engineering graduates.

25.4 Management will consult with The Society before determining the community hiring rate and a joint data collecting process will be used for setting the average community rate.

25.5 Progression from step-to-step on Salary Schedule 04 will be dependent upon satisfactory performance.

25.6 Step-to-step progression will be at six-month intervals for graduates hired at Step 2 or above.

- 25.7** Step-to-step progression will be at four equal intervals of 21 weeks plus one further progression to Step 6 at the second anniversary date for graduates hired at Step 1. Progression to Step 6 will not take longer than 24 months for anyone on the 04 Schedule.

Management may appoint individuals on schedule 04 to a regular position upon successful completion of Step 6. Such individuals will be given a letter (copy to the Society) six (6) months prior to the completion of the training program indicating the location of their final appointment.

- 25.8** Regardless of the date of appointment to an M&P or FM&P job, individuals will remain on Salary Schedule 04 until they reach the following steps:

Job Level	Minimum Step on Salary Schedule 04
MP1/FMP11	Step 4
MP2/FMP12	Step 5
MP3/FMP13 or higher level	Step 6

On the next regular progression date appointees to an M&P/FM&P job will be transferred to Salary Schedule 01 or 02 and will be paid 80% of the salary grade for their job. Salary progression thereafter will be in accordance with the Performance Pay Plan.

- 25.9** Employees who have reached Step 6 and have not yet been appointed to an M&P or FM&P job will be treated as special cases to be dealt with on an individual basis by line management.
- 25.10** A progression step may be withheld due to unsatisfactory performance. In such cases the employee's performance will be reviewed at the next progression date and, if performance has been satisfactory, the employee will progress to the next step. If progression must be withheld due to unsatisfactory performance for two consecutive progression periods, there may be cause for termination. If the employee's performance is satisfactory for one year following the withholding of a progression step the employee will be awarded a two- step increase, thus restoring his/her original progression pattern.
- 25.11** An absence greater than one month due to illness, pregnancy, parental leave, etc., may result in an extension of a step in the progression process. The original progression dates may be reinstated if satisfactory progress can be shown to have been made during an extension period.
- 25.12** Vacation provisions that apply to M&P staff on Salary Schedule 01 will also apply to employees on Salary Schedule 04.

25.13 Articles contained in Part XI (Relocation Assistance) will apply to employees paid from Salary Schedule 04 when they are appointed to an M&P or FM&P job.

25.14 Eligibility for other benefits and allowances which apply to regular staff will be granted to employees on Salary Schedule 04 when they are granted regular employee status.

25.15 Shift compensation reference point rate for employees on Salary Schedule 04 hired after January 1, 1993 will be 80 percent of MP2.

25.16 Students

Student employees will be paid in accordance with Schedule 04.

26 FM&P Salary Schedule 02

The upper six grades of the FM&P Salary Schedule 02 shall be equivalent to M&P Salary Schedule 01.

27 Office Supervisory and Services (OSS) Salary Schedule 05

The pay rates for OSS 8 to 12 of the OSS Salary Schedule 05 shall be equivalent to MP1 to MP5 on the M&P Salary Schedule 01.

28 Trades Management Supervisors/Trades Supervisors (TMS/TS) Salary Schedule 08

28.1 The upper four grades of the TMS Salary Schedule 08 shall be equivalent to MP1 to MP4 on M&P Salary Schedule 01 with an additional 2.5% to compensate for the elimination of the Reduced Workweek Entitlement (Article 69). TMS3 reference point shall be equal to MP2 reference point with an additional 2.5%.

29 Short-Term Absences

Payment for short-term absences (e.g., vacation, sick leave) will be based on the normal rate paid for scheduled job hours, except as stated elsewhere in this Agreement.

30 TMS Agreements

Trades Management Supervisors/Trades Supervisors (TMS) shall receive payments calculated as follows:

30.1 Union Relief Rate (currently 17% or 22%, whichever is applicable in each situation) minus the actual pay differential between the TMS reference point

and the base rate of the highest trade group supervised, as per occupational definition, plus 3%.

$$\text{JP (URR - } \frac{\text{TMS - JP}}{\text{JP}} \times 100 + 3\%)$$

URR = Union Relief Rate (17% or 22% depending on situation)

JP = Highest Journeyperson Rate Supervised

TMS = Reference Point of Relevant TMS Position

An example of the payment would be: if the differential between the Union journeyperson and the TMS = 15%, then the payment would be 17% (appropriate relief rate) minus 15% plus 3% = 5%.

- 30.2** In addition, where a TMS is supervised by a TMS, the existing salary grade differential will be maintained (6.625% or 13.25%, whichever is applicable in each situation).
- 30.3**
- a) These payments will be based on PWU rates effective April 1 of each year and calculated on an annual basis. In addition, the payments will be prorated in situations where a person is promoted to a TMS position during the year.
 - b) During the term of the Collective Agreement (January 1, **2005** to December 31, **2005**) TMS's whose "base" salary (including any applicable relativity allowance) is less than the equivalent to the applicable URR will receive a "top up" allowance to bring their "base" salary (including any applicable relativity allowance) up to this equivalent level, as a minimum. This "top up" allowance will be treated in accordance with Section 30.4 and will not affect the employee's performance standing. Calculations for these payments will be done annually in April **2004**. The "top up" allowance calculated in April may be revised by subsequent performance pay increases.
 - c) Incumbents in the Trades Supervisor TMS 02 - Planning Co-ordinator position (Occupation Code 488880) do not meet the eligibility criteria for payments under this Article. As a result of the grievance settlement of May 12, 1993, however, OPG agrees to continue payments under this Article to incumbents in this position during the term of the Collective Agreement or until the results of The Society-OPG Internal Relativity Project are implemented or until this job is no longer rated under the TMS job evaluation plan, whichever is earlier.
- 30.4** Effective April 1, **2005** until March 31, **2006** or unless agreement is reached as per Section 30.5 below, these payments will be paid on a **bi-weekly** basis and treated like base salary with respect to overtime, pension and other wage-sensitive entitlements including any promotion increase. An employee's performance pay standing will not be affected by this payment.

30.4.1 When a TMS position is temporarily given a higher TMS classification or a TMS relieves for a higher-rated TMS for a minimum of five consecutive days or ten cumulative days annually, and in these situations there is a relief rate rub per Sections 30.1 or 30.2, payments will be recalculated to reflect the rub point in the reclassified/relief position and paid on a pro-rated basis for these periods. Under no circumstances will the TMS's pay (base plus any applicable relativity allowance) decrease.

For the sake of clarity by the addition of the TMS Relativity payment formula to Attachment A, Article 7, it is intended that the amount of money available for any change to this formula will be the same as that provided to the applicable Business Unit under Article 30.1 and 30.2. Flexibility is given to negotiate a redistribution of this money to TMS's within the Business Unit. There is no flexibility to modify the amount of money in the "envelope" or to change other provisions in Article 30 e.g., payments must be treated like base pay. Any Business Unit Agreement would be in accordance with Article 7 and also subject to ratification by TMS's in the affected Business Unit. The default would be the formula in Article 30.

30.5 The parties agree that a permanent solution to the TMS relativity problem requires the expeditious development of a long-term and credible compensation approach based upon an integrated, single job evaluation plan for all Society-represented staff. They intend to jointly develop this job evaluation plan and a plan for its implementation by January 1, 2001. A Job Evaluation Integration Project team (JEIP) has been established for this purpose. If Agreement on these matters is reached by this date, payments made under the terms of this Article shall continue until the new job evaluation plan is implemented, unless the JEIP team recommends an alternate transitional approach. If Agreement on these matters is not reached by this date, the parties shall review this Article to determine if the continuation of these payments is appropriate.

31 Job Evaluation Plans

32 Performance Pay Plan

- 32.1** During the term of this Collective Agreement (January 1, **2005** to December 31, **2005**), OPG will not terminate or alter the terms of the Performance Pay Plan (1978, revised 1987) without the agreement of The Society. The current practice for administering the Plan will continue.
- 32.2** OPG will make minimum performance payouts of 1.0% of base payroll effective January **5, 2006** (for the performance year **2005**).
- 32.3** OPG will consult with The Society on the performance pay guidelines for any future distribution of performance pay at the OPG level and in each Business Unit prior to implementation.
- 32.4** Within 90 days of the implementation of any performance payout, OPGI–Nuclear shall provide The Society with the following data in electronic format:
- a) Salary information for Society-represented employees as of December 31 of the preceding year and January 1 of the current year with fields identifying employee number, salary schedule, salary grade, and performance standing for each date, Business Unit, Division, department, and location. If there are five or less employees in any organizational unit, their salary information will be included in the next larger organizational unit.

If there are five or less employees in any organizational unit, their salary information will be included in the next larger organizational unit.

33 PROMOTION-IN-PLACE PLANS**33.1 Definition**

A “promotion-in-place plan” (PIP) means a developmental plan involving a hierarchy of related jobs, in which employees who meet defined criteria will be promoted without advertising, and where it is the normal expectation that employees will reach the end position.

33.2 Principles

33.2.1 The Society should be involved in the development and periodic review of PIPs.

33.2.2 Either The Society or Management may initiate discussions on PIP proposals.

33.3 Conditions

33.3.1 All new and revised PIPs must have the joint agreement of the JSMC. During the term of the Collective Agreement, a catalogue of existing PIPs will be developed and the JSMC will determine the schedule for their review upon request by either party.

33.3.2 Salary treatment upon promotion within PIP will be in accordance with Section 66.2.

33.3.3 Employment continuity treatment of employees with respect to PIPs will be in accordance with Clause 64.6.2.1.

33.3.4 Vacancies for PIP jobs will be advertised in accordance with Clause 65.6.1 (e).

33.3.5 All jobs in a PIP must be evaluated under the applicable job evaluation plan.

33.4 Standard Features

All PIPs must have the following features:

- based on a developmental plan to an end position;
- based on the expectation that normally employees in PIP jobs will reach the end position;
- a sunset clause;

- joint Society-Management Agreement on promotion criteria consistent with the PIP;
- promotion within PIP based upon the employee meeting defined criteria (e.g., performance measures, experience, breadth of assignments). If an employee has met all of the criteria for a promotion, and the only item preventing the promotion is the individual's performance standing, then the promotion should be implemented;
- targeted to have sufficient staff in the higher level positions for unit viability;
- specification of the normal expected time period an employee should take to progress through the various stages of the PIP;
- provision for employees to have a reasonable opportunity to fulfill requirements to qualify for progression within the normal expected time frame.

34 Temporary Employees

Intent: Temporary employees are employees hired for short-term work assignments which are not ongoing and/or where there are no available qualified regular employees to perform the work. Such work assignments are not expected to go beyond 12 months, but may be extended up to a maximum period of 24 months with The Society's Agreement. The impact on employment continuity should be an important consideration in the decision to hire temporary employees.

34.1 Society Notification

OPG will discuss the circumstances with the local Society representative prior to hiring a temporary employee. The Society will be informed of the job skill needs, the salary classification for the position, the expected job duties, and the duration of the assignment.

Assignment extension beyond 12 months requires the agreement of The Society. At 24 months, OPG will either terminate the employee, advertise the position if there is an ongoing staff requirement, or obtain the agreement of The Society for a further extension. If the position is advertised, and the temporary employee is not selected for the vacancy, the employee will be terminated.

Temporary employees will have their applications for vacancies considered in accordance with Article 65.6.3.

Notwithstanding the above, OPG may utilize a temporary employee for up to 36 months with the approval of the appropriate Society Unit Director.

34.2 Temporary Employees with Less than 12 Months' Service

34.2.1 Compensation and Benefits Treatment

- i) Vacations: payment of the prorated amount of 15 days adjusted earnings or 4%, whichever is greater.
- ii) Statutory Holidays:
 - a) **Provincially regulated employees:** pay for statutory holidays provided the employee has more than three months' accumulated service.
 - b) **Federally regulated employees:** pay for statutory holidays provided the employee has more than 30 calendar days' service.
- iii) Floating Holidays: three floating holidays after 20 weeks' continuous service.
- iv) Sick Leave: credits for one-half day at 100% pay for each month of accumulated service.

- vii) Kilometre Rates: same as regular employees.
- viii) Personal Travel and Accident Benefits: same as regular employees.

34.2.2 Termination

When a temporary employee with less than 12 months' service is terminated for other than cause, he/she will receive at least two weeks' notice in writing.

34.3 Temporary Employees with More than 12 Months' Service

Temporary employees with more than 12 months' service are entitled to sick leave credits equal to eight days at 100% and 15 days at 75% per annum, performance appraisals and consideration for performance pay, and severance pay equal to two weeks' base salary per continuous year of service. All items in Section 34.2 above, except for 34.2.1 (iv), will also apply to these employees.

34.4 Temporary Employees Working Reduced Hours

Temporary employees who work reduced hours will have the items listed in Sections 34.2.1 and 34.2.2 pro-rated in accordance with the provisions outlined in Article 71 (Reduced Hours of Work).

PART VIII - ABSENCE FROM WORK**35 Paid/Unpaid Time Off**

Intent: It is recognized that from time-to-time, an employee will be faced with situations that may require him/her to be absent from his/her work. Such time will be either with or without pay, or a combination of both, and will be granted where there is an entitlement under this Agreement, a clear legal or statutory requirement, or where, in the supervisor's judgment, such time off is warranted by specific circumstances. It is further recognized that it is the employee's responsibility to balance his/her need for a leave of absence with the work requirements of his/her unit.

Where the granting of the absence is discretionary, considerations would include: factors beyond an employee's control that prevent him/her from attending work; severity or nature of circumstance; workload of the unit.

The exact amount of time off is at the discretion of Management; however, the entitlements of employees in specific circumstances include those described below.

35.1 Jury Duty/Required Attendance at Court

For the duration of the Jury Duty, or required attendance at an Inquest or court (subpoenaed witness), the employee's normal base earnings and benefits will be maintained. The employee is responsible for informing his/her supervisor as to the probable duration of the jury duty.

35.2 Funeral Leave**a) Provincially Regulated Employees**

In the event of the death of a family member, including parent, parent-in-law, brother, brother-in-law, sister, sister-in-law, husband, wife, son, son-in-law, daughter, daughter-in-law, grandparents, grandparents-in-law, and grandchildren, an employee may be granted leave of absence with pay. The supervisor will take into consideration the relationship of the deceased, the distance that the employee has to travel, and the need for the employee to attend to arrangements when deciding how much time is to be granted. Usually a period of up to three days is an adequate amount of time. In the event of the death of a fellow employee, time off with pay may be granted to attend the funeral.

b) Federally Regulated Employees

i) An employee will be granted leave of absence on any of his/her normal working days during the three days immediately following the death of a member of his/her

“immediate” family. Base earnings will be maintained for employees who have completed at least 3 consecutive months of continuous service.

“Immediate” family shall be as defined in the Canada Labour Code: spouse, including common-law; father and mother of employee; spouse of father and mother, including common-law; children; brothers and sisters; father-in-law; mother-in-law; spouse of father-in-law and of mother-in-law, including common law and relative of employee who resides permanently in the employee’s household or with whom the employee resides.

- ii) An employee may be granted leave of absence with pay of up to 3 days in the event of the death of the following family members: brother-in-law, sister-in-law, son-in-law, daughter-in-law, grandparents, grandparents-in-law, and grandchildren.
- iii) In the event of the death of a fellow employee, time off with pay may be granted to attend the funeral.

35.3 Medical and Dental Appointments

An employee may attend a medical consultation, receive dental treatment or be absent because of sickness for less than one-half day without reduction of sick leave credits and/or pay.

35.4 Family Care

An employee is entitled to take time off for family care. Normally, up to five (5) days a year may be taken for this purpose. By mutual agreement with his/her supervisor, the employee may pay for this time by using his/her banked overtime, by working back the time over a reasonable period of time, or by taking the time off without pay.

36 Employees Hired as Society Staff

At the request of The Society, a leave of absence may be granted to an employee who is offered a Society staff position. During this period The Society will assume:

- Cost of salary;
- OPG’s cost of contributions to the Pension and Insurance Plan, and the LTD Plan;
- The responsibility and cost of providing Health, Dental and Sick Leave Insurance/coverage;

- The responsibility for any other employee contributions related to employee wages and benefits provided by The Society.

At the end of the leave of absence, OPG is obligated to relocate the employee within OPG at a salary classification as close as possible to the position held at the time the leave of absence was granted. An employee on leave will be neither advantaged nor disadvantaged in a surplus situation.

37 Release of Society Representatives

Note: Please also see Letter Re: Clarification of Article 37 in Appendix XIV.

37.1 Intent

OPG will grant elected Society representatives reasonable paid time off from normal duties for purposes of involvement in joint processes and business related to Society/Management relations under this Agreement.

OPG recognizes and appreciates the dual responsibility employees elected to hold Society office have to their job and to Society members. Society representatives and their supervisors (those excluded from The Society) are encouraged to pursue a mutually acceptable and cooperative approach to managing the requirement for absences as a result of this dual role. Management recognizes that the need for time off from normal duties will vary with the position that the employee holds within The Society. The higher up in The Society the more will be the demands for time off.

37.2 Specific Circumstances

37.2.1 Absence from work due to The Society representative's involvement in joint processes, tripartite processes or with respect to other business related to Society/Management relations under this Agreement, should not negatively impact on his/her performance appraisal.

37.2.2 In the expectation that the joint problem solving approach based on the JSMC principles outlined in Article 1.2 will be mutually beneficial to the relationship between OPG and The Society, Management agrees to continue its practice of maintaining base salaries for Society representatives involved in all joint processes up to but not including arbitration unless required by Management to attend.

37.2.3 Society Delegates and members of the Board of Directors will be permitted two (2) days per year at their normal base rates to attend Delegates' Council meetings. Members of the Board of Directors will be permitted up to 12 additional days per calendar year at their normal base rates, to attend Society Board meetings.

37.2.4 OPG will release elected Society representatives from their normal duties without pay for other Society business. The Society will give Management reasonable notice of such releases, and Management will normally release such representatives. From time-to-time there may be unexpected events that prevent such a release, but such situations will be the exception.

¹ Relevant work experience of one year or more is required to receive this credit.

² Relevant work experience of two years or more is required to receive this credit.

38.11 Banked Vacation

Upon eligibility for 25 working days (five weeks) of annual vacation, employees may defer and accumulate any vacation entitlement beyond 15 days per year. A maximum of 30 weeks' vacation may be banked. Banked vacation may be taken at a later date, subject to the supervisor's approval, or may be taken as a cash payment upon retirement.

38.12 Vacation Bonus

Employees shall receive one day's base pay (or adjusted earnings) for each year of service beyond twenty-five (25) years, to a maximum of ten (10) days' pay.

38.13 Vacation Entitlement on Retirement/Termination**Retirement**

A retiring employee may take part/all of earned vacation for the year in which he/she retires, plus authorized carryover from previous years and banked vacation, or receive cash payment in lieu, plus any vacation bonus.

38.14 Vacation Pay on Retirement/Termination is as follows:

- a)** If an employee terminates between July 1, and December 31, he/she receives the following:
 - i)** pay for any unused vacation days earned up to June 30, and not taken during the current calendar year; plus
 - ii)** 4% of accumulated earnings from July 1, to the date of termination, or the appropriate percentage (determined by vacation entitlement) of base earnings from July 1, to the date of termination; whichever is greater.

 - ii)** vacation taken in the current calendar year.

"Base earnings" in this Section refers to base pensionable earnings for normal scheduled hours of work.

"Accumulated earnings" in this Section refers to base earnings, plus overtime pay, shift allowances, etc.

The appropriate percentages determined by vacation entitlement are as follows:

- 4% of accumulated wages if entitlement is 10 working days or less annually;
- 6% of base earnings or adjusted earnings to date if entitlement is 15 working days annually;
- 8% of base earnings or adjusted earnings to date if entitlement is 20 working days annually;

- 12% of base earnings or adjusted earnings to date if entitlement is 30 working days annually plus any vacation bonus.

If the reason for termination is the death of an employee, the payment will be made to the estate or beneficiary.

For calculation purposes, the termination date is the employee's last day of work. The employee is removed from payroll on this date.

In cases where the termination is due to causes other than death, the termination date must not be extended to permit use of outstanding vacation credits or lieu days which are paid for in cash on termination.

38.15 Deferment or Interruption of Vacations

38.15.1 Reimbursement will be made for out-of-pocket expenses incurred by an employee who, at the request of OPG, either defers an approved vacation or returns before the vacation has expired.

38.15.2 When an employee is called back from vacation or when an employee's vacation is cancelled at the request of OPG, the employee shall receive premium rates of pay for all normal hours worked on cancelled vacation days for which seven calendar days' notice has not been given up to a maximum of seven calendar days.

38.15.3 Deferred or interrupted vacation days will be rescheduled at a later date.

39 Statutory Holidays and Floating Holidays

For federally regulated employees, the parties agree that Article 39 meets the requirements of Part III, Division V, General Holidays of the Canada Labour Code and that the Civic Holiday is substituted for November 11 (Remembrance Day).

39.1 The following days are recognized by OPG as statutory holidays:

New Year's Day	Christmas Day	Good Friday
Boxing Day	Victoria Day	Labour Day
Canada Day	Thanksgiving Day	Civic Holiday
Easter Monday		

If a statutory holiday falls on a day when an employee is off on sick leave, pay is not charged against sick leave credits for that day. A statutory holiday falling within an employee's vacation period is not counted as part of the vacation, but is taken as an extra day of holiday.

Payment for statutory holidays will be on the basis of straight time for the normal hours of work per day.

39.1.1 When Canada Day falls on a Saturday or Sunday, it shall be observed on the following Monday.

39.1.2 When Christmas falls on a Friday and Boxing Day on Saturday, a half holiday will be granted on the preceding Thursday. The days of observance will not be moved.

When Christmas falls on a Saturday and Boxing Day on a Sunday, a half holiday will be granted on the preceding Friday. Christmas will be observed on Saturday. Boxing day will be observed on Monday.

If Christmas Day falls on a Sunday, it shall be observed on Monday and Boxing Day on Tuesday.

When Christmas Day falls on a Tuesday, Boxing Day shall be observed on Monday.

When Christmas falls on a Wednesday and Boxing Day falls on Thursday, the Friday following Boxing Day will be granted as an additional holiday. The days of observance will not be moved.

39.1.3 When New Year's Day falls on a Saturday, an additional holiday shall be granted on either the preceding Friday, or the following Monday. The day of observance will not be moved.

When New Year's day falls on a Sunday, it shall be observed on Monday.

39.1.4 Holiday Shutdown

OPG may authorize a shutdown over the Christmas - New Year period. In order to encourage employees to voluntarily take this time off, employees will be allowed to use up earned vacation from the following calendar year in order to cover the shutdown period.

39.2 Floating Holidays

Employees who have completed 20 weeks of continuous service in any calendar year are entitled to three floating holidays. Such days will be taken on dates mutually agreeable to the employee and the supervisor. Floating holidays must be taken in the year they are earned (i.e. there is no carryover for floating holidays).

If an employee terminates after completing 20 weeks of continuous service in a calendar year, OPG will make a cash payment in lieu of any unused floating holiday credits.

If an employee terminates prior to the completion of 20 weeks of continuous service in a calendar year, entitlement is as follows:

- An employee not entitled to floating holidays in the previous calendar year is not entitled to floating holidays in the current calendar year. If an employee has been granted a floating holiday(s), OPG will recover one day's pay for each floating holiday taken.
- For an employee entitled to floating holidays in the previous calendar year, entitlement will be prorated based on the number of weeks of continuous service in the year of termination. OPG will either make a cash payment for any unused floating holiday credit or recover the value of any unearned portion taken.

40 Unemployment Insurance Commission Rebate

The value of any Unemployment Insurance Commission (UIC) rebate shall accrue to OPG.

These documents, by reference, form part of the Collective Agreement. The benefits and terms and conditions of benefit entitlement as described in the above documents can be changed by mutual consent only.

43.1 Qualifying Period

The qualifying period is defined as the period six calendar months from the starting date of the employee's continuous absence due to disability; or a total of six months in accumulative authorized medical absences in the year prior to the date sick leave expires due to the same progressively deteriorating disability; or the expiration of sick leave whichever is longer.

43A Long Term Disability (For Employees Hired On Or After January 1, 2001)

The Long Term Disability (LTD) Plan provides financial security and rehabilitative employment features to regular employees during their absence from work due to extended sickness or injury. The detailed information is included in the Insurance policy and generally described in the brochure "Sick Leave and Long Term Disability Plans - Society Represented Employees - Updated April 10, 2000"

43A.1 Qualifying Period

The qualifying period is defined as the period six calendar months from the starting date of the employee's continuous absence due to disability; or a total of six months in accumulative authorized medical absences in the year prior to the date sick leave expires due to the same progressively deteriorating disability.

43A.2 Disability Period

The period in which an employee cannot continuously perform the essential duties of any position available in accordance with the priority placement criteria of the Rehabilitation and Re-employment Procedure.

43A.3 Benefits

During the disability period, the plan will provide an income equal to the lesser of:

- 43A.3.1** Sixty-five percent (65%) of base earnings at the end of the qualifying period for LTD benefits, or
- 43A.3.2** Seventy-five percent (75%) of base earnings at the end of the qualifying period for LTD benefits less any pension entitlement and/or any supplement from the Workers' Compensation Board (excluding the Non-Economic Loss award) and or the Canada Pension Plan, excluding benefits for dependents.

A person who runs out of sick leave credits during the qualifying period will be placed on 75% of their base pay until the LTD qualifying period elapses. The employee will continue to receive service credit during this period and have coverage maintained in, but will not be required to contribute to, the Ontario Hydro Pension Plan, Health and Dental benefits, and the Group Life Insurance Plan.

43A.4 Other Conditions

- 43A.4.1** OPG and/or the insurance carrier reserve the right to periodically obtain necessary proof of continued disability. If at any time an individual who has been declared disabled and placed on LTD is capable of returning to any further service with OPG, OPG will request and The Society will normally grant a waiver of posting requirements except in the case of redeployment under Employment Continuity.
- 43A.4.2** Employees who are in receipt of LTD benefits will have their LTD benefit levels adjusted by the indexation increase, which is applied to OPG's Pension Plan.

- 43A.4.4** Employees on LTD must apply for CPP disability benefits after an appropriate period (6 months) unless there are compelling (e.g., medical) reasons that prevent the employee from doing so.

44 Workers' Compensation Leave

An employee awarded a Workers' Compensation grant shall be granted a compensable disability leave with compensation made up of a tax-free Workplace Safety Insurance Board award, and a taxable top-up grant for the duration of Workers' Compensation Disability benefits. The top-up grant will ensure an employee's net pay is maintained.

If the employee is awarded a Future Economic Loss (FEL) award and is unable to perform the essential duties of any available job, the leave and top-up grant will be extended for the first 24 months of the FEL award. If an employee is unable to return to work during the first two years of a FEL award, an application for LTD should be submitted. The qualifying period is waived in these cases, and LTD benefits will be payable at the expiry of the first FEL for a qualifying employee.

Pending a decision of the Workers' Compensation Board regarding the legitimacy of a claim the employee will receive sick leave. Employees who are receiving Workers' Compensation benefits for claims or injuries suffered while in the employ of an Employer other than OPG are required to notify OPG of being in receipt of those benefits in order to qualify for the top up grant. These employees will not be eligible for sick leave while receiving Workers' Compensation benefits for the top-up grant.

The top-up grant for compensable disability leave will be withheld if the employee refuses a medically suitable position that she/he is capable of performing, pursuant

to the provisions of Article 45 ("Rehabilitation and Re-Employment") of the Collective Agreement. The grant may also be withheld where an employee is subject to appropriate discipline or discharge for cause pursuant to Article 17 ("Discipline and Discharge").

Authority for withholding the supplementary grant is vested in Directors.

45 Rehabilitation and Re-Employment

45.1 Application

This Article applies to OPG employees who either have qualified for Long Term Disability (LTD) Plan benefits or have been approved for a Workers' Compensation (WCB) award, and, regular employees who have medical disabilities that prevent them from performing the essential duties of their jobs.

45.2 Policy

The parties seek to ensure that timely vocational rehabilitation and placement assistance is provided to affected employees whose medical impairments prevent performance of the essential duties of their jobs. The goal is re-employment in a continuing capacity which will make maximum use of these employees' capabilities.

Entitlements to rehabilitation and re-employment will be provided pursuant to the terms of the OPG Policy 04-03-04, "Rehabilitation and Re-employment", dated August 1991. As applied to Society-represented employees, the Policy will be subject to other provisions of this Collective Agreement and to relevant legislation, and may not be altered except by mutual agreement. The Society will be provided with notice in all circumstances in which notice is given to "the Union" under the Policy.

45.3 Rehabilitation

An employee who is eligible for rehabilitation and is capable of rehabilitative employment is entitled to placement in a medically suitable position.

45.4 Re-employment

An employee who is eligible for re-employment must be given a reasonable job offer in accordance with placement priorities under the Policy. Where more than one job is available, the employee will be offered the job nearest the salary level of the pre-disability position. The job offered should be no more than two salary levels below the pre-disability position. When an employee is placed in a lower rated position following rehabilitative employment, OPG will maintain the base salary and benefits of the pre-disability position until the employee's performance standing in the new position exceeds that in the pre-disability position.

45.5 Termination of Employment

In the event an eligible employee refuses reasonable rehabilitative employment or a reasonable job offer for re-employment, the employee shall be terminated without entitlement to LTD benefits. Where an employee grieves termination for medical incapacity an arbitrator shall have jurisdiction to consider relevant post-termination evidence of rehabilitation.

For members who retire before age 65 with less than 30 years of credited service, the bridge benefit will be prorated in proportion to credited service.

Employees paid from Salary Schedule 04 will receive the treatment contained herein when appointed to regular positions, and required to relocate as a result of OPG business.

51 Housing Assistance Plan

51.1 Intent

- 51.1.1** OPG's purchase of an employee's principal place of residence is designed to ensure that an employee who moves will not be forced to endure unreasonable periods of family separation or inconvenience due to inability to sell the employee's home at a fair market price.
- 51.1.2** It will be the prerogative of OPG to reject an employee's application for Housing Assistance if in Management's opinion the property is not an acceptable risk.
- 51.1.3** The employee must abide by all of the requirements of the Housing Assistance Plan. Failure to do so will result in the employee becoming ineligible for housing assistance from OPG.

51.2 Purchase Guarantee

- 51.2.1** OPG will provide a purchase guarantee based on an appraisal of the property's current worth by a group of up to three appraisers, to be selected by the Real Estate Division in conjunction with the employee.
- 51.2.2** OPG will not request appraisals until the employee is ready to list his/her house in the marketplace providing this is within one year of the employee's transfer to the new work location and the employee is prepared to abide by Subsection 51.2.4 and Subsection 51.3.1.
- 51.2.3** The employee must acknowledge acceptance or rejection of OPG's Purchase Guarantee within five days of its receipt. If the employee rejects the Purchase Guarantee, OPG has no further responsibility with regard to Housing Assistance or the Purchase Guarantee.
- 51.2.4** If the employee wishes to participate in the Housing Assistance Plan, the employee must not list the property for sale until the Purchase Guarantee has been accepted.

51.2.5 Home Appraisal Documentation

OPG will provide The Society with an initial six month report of home appraisal documentation prior to January 1, 1995. Representatives from OPG and The Society will meet to discuss the particular form and content of subsequent reports. Upon agreement on the form and content a Letter of Understanding will be developed which will require the report to be given to The Society on a semi-annual basis for the term of this Collective Agreement. Any anomalies in the report may be discussed by The Society and the OPG confidentially with full disclosure of information (including appraisals).

51.3 Listing of Property

51.3.1 If an employee chooses to participate in the Housing Assistance Plan, by accepting the Purchase Guarantee, the employee will immediately list the property for 90 days on MLS (where such service is available) at a price not exceeding 107% of the guaranteed price.

51.3.2 The employee will retain the right to sell to a third party until such time as the property is turned over to OPG for resale.

51.3.3 In order to assist the employee to dispose of the property expeditiously and at a fair market value, the employee should notify the Employee Relocation Administrator of all offers to purchase during the listing period. OPG may ask the employee to accept an offer which is lower than the Purchase Guarantee, whereupon the employee will be compensated for the difference between OPG's Purchase Guarantee and the amount of the offer. The employee's acceptance of any offer less than OPG's Purchase Guarantee is not mandatory and the employee will retain control of the sale of the residence throughout the listing period. All offers to purchase will be held in confidence by the Employee Relocation Administrator.

51.4 Sale of Property by OPG

51.4.1 The employee must be prepared to sign power of attorney authorizing OPG to sell property on the employee's behalf on the first day following the 90 day listing period. If the employee will be unable to vacate the premises at that time, the Employee Relocation Administrator must be notified.

51.4.2 OPG will pay to the employee the difference between the value of the property to OPG (Purchase Guarantee) and all existing encumbrances, including the advance of equity.

51.4.3 When an employee applies for assistance under this procedure, he/she must declare under oath, if required by OPG, all encumbrances of any nature or kind whatsoever, including executions, chattel mortgages, and notices of conditional sales contracts which the employee is obliged to pay.

51.4.4 In consideration of the payment to the employee of the amount established in Subsection 51.4.2, the employee will complete a deed of sale of the property, conveying the same by good and marketable title, but subject to all existing encumbrances, to OPG or its nominee.

51.5 Advance of Equity

In order to provide the employee with funds for a deposit or down payment on a residence at the new location, an advance of up to 100% of the employee's equity (Purchase Guarantee minus encumbrances) in the residence at the former location may be loaned to the employee by OPG. Advance of equity is interest free for employees who avail themselves of the Purchase Guarantee for 90 days for until the house is turned over to OPG or until the closing date of the sale of the house to a third party, whichever comes first. For employees who reject the Purchase Guarantee, the advance of equity is interest free for 90 days. Repayment is as set out in the Relocation Assistance Benefits brochure.

51.6 House Evaluation and Guarantee – Atikokan Thermal Generating Station (TGS)

51.6.1 Employees at Atikokan TGS who are declared surplus and terminated may avail themselves of the Housing Evaluation Guarantee provisions outlined in Article 54.

52 Moving Expenses

52.1 Intent

52.1.1 Since OPG has province-wide operations, employees may be required to move about the Province as part of their jobs.

52.1.2 OPG recognizes that there may be a number of relatively costly expenditures associated with moving and will endeavour to ensure that such expenses will be adequately covered.

52.1.3 OPG will not assume responsibility to compensate for any upgrading in an employee's standard of living which may take place as a result of moving.

52.1.4 The Housing Assistance Plan will apply to the employee's principal place of residence and will not cover summer cottages, commercial real estate holdings or other secondary properties.

52.2 Minimum Moving Distance

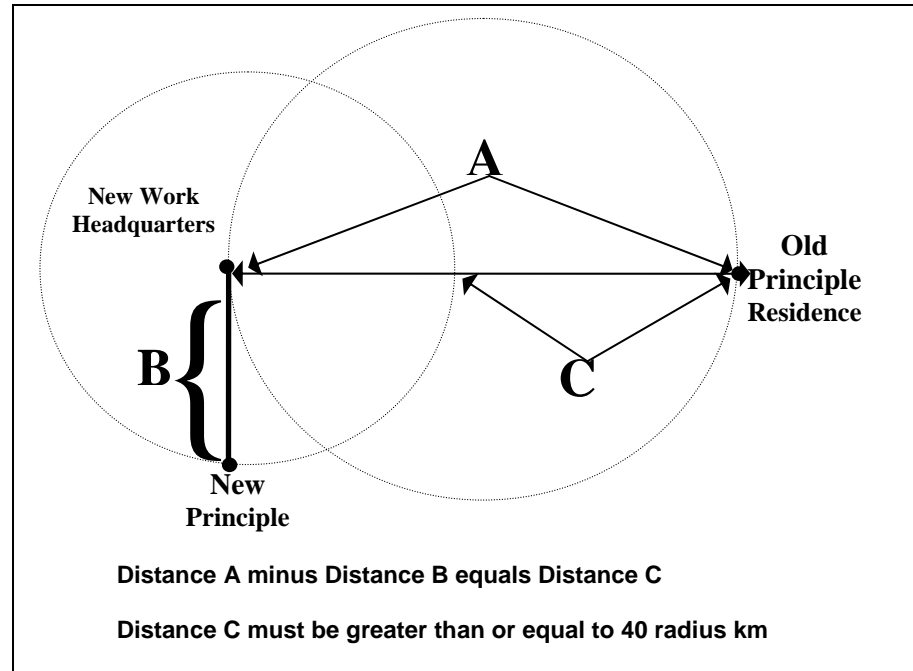

52.2.1 Normally, an employee must move a minimum of 40 radius kilometers closer to the new work location to qualify for relocation assistance (see diagram). However, where an employee believes that this requirement creates a hardship, a joint Society-Management review at the Divisional or Business Unit level of the receiving unit shall consider the individual situation. This review shall consider the following criteria:

- increase in commuting time;
- increase in commuting cost;
- access to public transit;
- personal family considerations;
- recognition that OPG is not responsible for upgrading the individual's standard of living;
- permanence of move to the new work location;
- relationship between road distance and radius distance;
- comparability of eligibility in comparison to treatment of Society-represented employees in similar circumstances.

The review team will balance the results of this review with the business requirements of the unit and may decide to waive or amend the minimum distance rule. The decision of the review team is final and binding. If the review team is unable to reach consensus, the matter will be referred to the JSMC which will have the authority to make a decision or to have the issue resolved as they see fit without prejudice.

What is meant by 40 km closer to the new work location is shown in the diagram below.

52.2.2 The provisions set out in Subsection 52.2.1 will apply unless Mid-Term Agreements pursuant to Article 7 are in effect.

52.3 Expenses for Reimbursement

52.3.1 Household Effects

OPG will arrange for and shall pay the cost of packing, moving by freight or truck and insurance charges on household effects.

52.3.2 Home Buying and Legal Fees

Employees shall be reimbursed for legal disbursements and real estate brokerage fees associated with the purchase and/or sale of property valued up to five times the employee's annual base salary in the new location at the time of job transfer as follows:

Legal Fees

- The employee will advise OPG of his/her preferred lawyer. OPG will request the lawyer for an estimate on what the fees will be to complete the sale and/or purchase transaction. If

OPG finds the solicitor's estimate to be unreasonable, OPG will ask the employee to recommend another solicitor to close the transaction.

- Legal fees and disbursements actually incurred in selling an old and buying a new residence will be paid by OPG.
- Legal fees shall be defined to include fees for arranging or discharging a first mortgage when required and will include land transfer tax.
- Disbursements shall be defined herein as those items paid by a lawyer on behalf of the employee for services in connection with the purchase or sale of the employee's residence including land transfer tax and land surveys when required, Ontario New Home Warranty Program if required for a new house, GST, and penalty costs to a maximum of three months' interest payments involved in discharging a first mortgage on the residence in the former location when required.

52.3.3 Transfer Expenses

A transferred employee is expected to make arrangements to move expeditiously but this should not exceed a period of one year from date of transfer, except where there is a specific agreement between the employee and local management for an extension. The employee must provide in writing his/her intention to move to the supervisor, prior to receiving payment for any applicable living expenses. Reimbursement for actual costs incurred in the move will be allowed as follows:

- All employees who are eligible for moving expenses shall be afforded 12 weeks from the date the employee reports to work in the new location (i.e., date of transfer) to decide whether or not they wish to move. Payment of the following expenses is predicated on the employee maintaining his/her previous principal residence:
 - a) During this 12 week period, the employee shall have the option of either commuting to and from his/her new work location and receiving incremental travel expenses (i.e., additional travel costs beyond the employee's normal travel costs to the old work location), the total cost of which not to exceed living expense equivalent, or being paid living expenses in the new location. If the employee expressly indicates that he/she does not intend to relocate his/her residence, all expenses will cease at that time.

- b) All expenses will stop at the end of the 12 week decision period unless the employee has provided in writing his/her intention to move within one year of date of transfer. Providing that the employee demonstrates to Management's satisfaction that arrangements to move with employee's family to the new location are being made as quickly as possible, the employee's living expenses in the new location or incremental travel expenses will be paid until such time as the employee moves or for a period not to exceed a further nine months. The time limits mentioned above may be extended by a specific mutual agreement between the employee and line management for a total period not to exceed two years from the date of transfer.
 - c) If an employee, after providing written notification of his/her intention to move fails to do so, all expenses paid on his/her behalf or travel expenses paid to him/her for any period beyond the initial 12 weeks from the date of transfer or the date of his/her written intent to move, whichever comes first, shall be repayable to OPG. Repayment shall be made within one month of a written communication stating his/her intention not to move or within one year of date of transfer whichever comes first.
 - d) Exceptions to the repayment requirement should the employee fail to move may be made by reasonable exercise of the Business Leader's discretion (e.g., for reasons of significant unforeseen life hardships, OPG transfers, OPG international assignments, etc.).
- Transportation to the new location and living expenses while in transit to the new location will be paid for the employee and family (spouse and dependent children) and any other dependents of the employee's household. A reasonable number of visits by the employee and family, to the new location to assist in the selection of a new principal residence will be paid at the discretion of local Management.
 - Living expenses of the employee and family during the period while household effects are in transit will be paid.
 - Reasonable upkeep costs including mortgage interest on the old residence will be paid for a period of up to three months after the employee has moved to the new residence but still retains title to the old residence due to an inability to sell. If closure of the sale is imminent, the period may be extended by up to six weeks.

- Time off with pay to a maximum of one day's base earnings if the day of the move falls on a normally scheduled working day.
- Employees may elect, subject to the negotiations of their availability through Business Unit Mid-Term Agreements (Article 7), to receive lump sum payments in lieu of the following:
 - ◆ temporary living expenses;
 - ◆ reimbursement for costs associated with return to residence headquarters;
 - ◆ benefits and expenses associated with house hunting trips;
 - ◆ temporary storage, etc.

52.3.4 Spousal Assistance

An employee will be reimbursed for his/her spouse's job search expenses, supported by receipts, up to a maximum of \$750.

52.3.5 Rental Assistance

An employee who transfers to a higher cost rental area and who rents comparable rental accommodation will be provided with rental assistance by OPG as follows. The extent of this assistance will be the lesser of:

- a)** the monthly rent in the old location multiplied by OPG rental differential;

or

- b)** the amount of the monthly increase in rent.

An employee who rents in the former location and purchases in the new location will be eligible for the equivalent of rental assistance as will the employee who conversely owns a home in the former location and rents in the new location.

Rental assistance will be provided for a five year period, based on 100% assistance in the first year and decreasing by 10% annually over the next four years.

This assistance will cease if the employee transfers to a new work location, terminates his/her employment with OPG, ceases to rent, retires or dies.

52.3.6 Rental Management Program

Upon request, OPG will arrange for a rental management firm to rent an employee's house when he/she is expected to return within five years and will pay the costs associated with this arrangement if it is in OPG's financial interests to do so.

52.3.7 Miscellaneous Expenses

Employees will be reimbursed for miscellaneous expenses associated with the move up to the limit of one month's salary based on normal scheduled hours of work. These expenditures are intended to cover items such as:

- cost of rental search assistance;
- costs incurred as a result of the move such as, cleaning, painting and decorating costs; adaptation, removal, installation or replacement of house furnishings and appliances;
- costs for connecting water, natural gas, and electricity to a new house if charged to the employee as purchaser.

Employees will not be reimbursed for capital expenditures which tend to increase the market value of a house, major house repairs or renovations.

52.4 Second Related Move

If a suitable residence is not available at time of transfer, an employee may rent temporary premises for up to one year. Under these circumstances, OPG will reimburse the employee for costs incurred in accordance with all Sections of this Agreement for either one of the two moves. For the other move, only costs of transportation, moving household effects, and legal fees incurred will be paid.

52.5 On Retirement

52.5.1 If OPG requires an employee who occupies a house or trailer on OPG property or a site under OPG control to move on retirement, the employee will be reimbursed as outlined in Section 52.3 for the cost of a move to any location in Ontario in which he/she desires to settle.

52.5.2 If an employee is requested to undertake a change in work headquarters involving a change in principal residence, and is age 55 or older on the date of transfer, consideration shall be given to the reimbursement of some or all of the moving expenses of that individual upon eventual retirement from OPG. The extent and

terms of the assistance to be provided upon retirement will be determined at the time of transfer.

- 52.5.3** Only moving expenses within the Province of Ontario or to the nearest exit point from the Province will be eligible for consideration.

53 Financial Assistance Plan

OPG shall contribute towards the interest costs on the increase in capital expenditure for an employee who is transferred to a higher cost housing area. Eligibility for this assistance will be determined by using either:

- a)** the current Ontario Residential Locality Differential Chart (see attached chart for provisions in effect **as of January 2005**; OR
- b)** if either the employee's former location or his/her new location is not on this chart, a house-for-house comparison conducted by OPG.

The amount of assistance will depend upon the:

- sale price of the residence in the former location;
- relative value of comparable housing in the new location;
- actual increase in housing costs (purchase price less sale price);
- current interest costs.

The locality differential will be based on the differential in effect as of the date of closing of the purchase of the residence in the new location. The interest rate used to calculate the level of assistance will be based on OPG's employee housing loan rate for a five year term as published by the Treasury Division (or the actual mortgage rate, whichever is less) as of the date of closing of the purchase of the residence in the new location.

The financial assistance will decrease annually in twenty (20) percent increments over a five year period.

An employee receiving financial assistance must advise OPG if he/she sells or rents his/her house in the new location within five years of purchase. Assistance provided to the employee will be reviewed and revised accordingly.

Financial Assistance ceases upon termination or retirement. However, should an employee die while receiving financial assistance associated with relocation, such assistance may continue as per the original entitlement based on a case-by-case review by the Business Unit providing the following condition is met:

- the designated beneficiary provides affidavits on an annual basis that the principal residence for which the assistance is paid continues to be his/her principal residence and that no new revenues for renting any portion of the residence are being received.

54 House Evaluation and Guarantee Plan

Upon subsequent transfer within OPG, an employee will be guaranteed his/her purchase price up to a maximum of four times his/her base salary at the time of the initial transfer (plus \$1,500 for capital improvements on new homes, \$15,000 for resale homes or minus \$3,000 for damages to the property). This guarantee will be for a period of ten years from the date of purchase. Improvements must be verified by receipts and do not include normal painting, decorating and maintenance costs. An employee may not sell his/her house for less than the guaranteed amount without the consent of OPG.

55 Compensation When Assigned to Temporary Work Headquarters

55.1 Intent

- a) When there is an assignment to a Temporary Work Headquarters, the employee and his/her supervisor must have a mutual understanding of the terms of the assignment prior to its commencement using the following provisions.
- b) Employees assigned to a Temporary Work Headquarters should not be separated from their families for exceptionally long periods of time due to work requirements and should be compensated for all reasonable out-of-pocket expenses and travel costs.

- c) When an employee is assigned to a Temporary Work Headquarters, the employee will normally remain at the Temporary Work Headquarters. If there is mutual agreement between the supervisor and employee to commute daily, then the employee may do so.
- d) Employees will be reimbursed for all reasonable out-of-pocket expenses associated with being assigned to the Temporary Work Headquarters.
- e) Employees will be reimbursed for any additional travel costs beyond their normal travel costs to their Regular Work Headquarters.
- f) Travel time on the first trip to, and on the last trip from, the Temporary Work Headquarters shall be either during normal scheduled hours or compensated in accordance with Article 58 (Travel Time) if outside normal scheduled hours.
- g) Selections for Temporary Work Headquarters assignments should not be made on the basis of travel cost considerations.

55.2 Definitions

"Regular Work Headquarters": The location to which the employee normally reports in order to receive work assignments or to perform regular duties.

"Temporary Work Headquarters": The location to which an employee is directed in order to carry out assigned duties away from Regular Work Headquarters.

"Periodic Return": The return to the employee's principal residence once every two weeks.

55.3 Compensation When Remaining at Temporary Work Headquarters (TWHQ)

- a) When the employee resides at the TWHQ and does not commute, the employee shall be reimbursed for all reasonable out-of-pocket expenses incurred while at the TWHQ.
- b) An employee who resides at the TWHQ will be allowed a periodic return once every two weeks.

The employee shall be reimbursed for travel costs associated with the periodic return for the distance between his/her principal residence and his/her TWHQ, less normal travelling costs. Travel time associated with periodic return, outside normal scheduled hours and in excess of one hour each way, shall also be compensated. Compensation will be either in equivalent time off, or in pay, at straight time rates. Time spent in obtaining a meal will not be compensated.

- c) On intermediate weekends, if the cost of remaining at the TWHQ would be less than the cost of a return trip, the employee may claim actual travel costs up to the cost of remaining at the TWHQ. If the cost of remaining at the TWHQ is greater than the cost of a return trip, the employee may be reimbursed for all travel costs incurred for a return trip on that weekend.
- d) For employees who reside in rental or leased accommodation at the TWHQ, cost of travel on intermediate weekends will be based on the lesser of a per diem rate based on the daily costs of normally used local hotel/motel accommodation (meals included) or actual travel costs (less normal travelling costs).
- e) Travel time will not be paid for return trips to home on intermediate weekends.

55.4 If the temporary assignment appears to cause the employee to reside separately from his/her family for a long duration, and for long distances, i.e., more than 100 kilometers, the supervisor may permit the employee to rent accommodation for his/her family near the TWHQ. In this situation, the employee will be reimbursed for all reasonable out-of-pocket costs, including the difference in rent paid out in the temporary location and any rent received from the principal residence.

55.5 Compensation for Daily Commuting To, and From, Temporary Work Headquarters

- a) When an employee and supervisor have mutually agreed that the employee may commute to the TWHQ on a daily basis, the employee shall be compensated for his/her travel time in accordance with the provisions of Article 58 ("Travel Time").

The use of an OPG vehicle will be one of the commuting options considered.

If an OPG vehicle is not used, the employee shall be compensated for his/her travel costs (i.e., public transportation costs or cents per kilometer, whichever, in the Supervisor's opinion, is the most reasonable considering the travel time and transportation expenses involved) in addition to his/her travel time.

The total amount of reimbursement for the employee's travel time and travel costs will be up to a maximum of the expenses that would have been incurred if the employee were to remain at the Temporary Work Headquarters (lodging and meals). In determining this maximum, consideration will also be given to the expenses that would have been incurred if the employee had used an OPG vehicle.

- b) When an employee commutes daily, he/she is required to be at the Temporary Work Headquarters at normal starting time and remain until normal quitting time.

Note: Where the planned duration of the assignment at a Temporary Work Headquarters is greater than one year, the employee will be eligible for full relocation assistance.

55.6 Exception

This Article does not apply to employees who on a daily or short-term basis may be required to work at a number of different work headquarters. In these cases, local management will determine the appropriate compensation treatment, but such compensation will not be less than that applicable to other employees under this Article.

PART XII - TIME WORKED OUTSIDE NORMAL HOURS

56 On-Call Service

The following on-call service provisions shall apply.

56.1 Definition

On-call service is the requirement to be available outside normal work hours to meet unusual conditions, satisfy needs for assistance or direction, and return to work within a reasonable time, as specified by the supervisor. During the period of assignment, the employee must be capable of responding. Normally, employees are not expected to be on call for a continuous, long-term period. Wherever possible volunteers will be solicited for on-call assignments.

Normally, an employee will not be expected to be on-call for more than 18 weeks in a calendar year. In the event that the employee is required to be on-call for more than 18 weeks, agreement of The Society and the employee is required.

56.2 Payment

56.2.1 Compensation for on-call service is applicable in the following cases:

- a) There is a regular need for it (e.g. weekly, monthly, annually) and;
- b) The supervisor formally notifies the employee of the on-call assignment in writing (email, memo, etc.).

If the employee is not notified of the assignment in writing, the employee will not be considered to be on-call.

56.2.2 The on-call service payment for any 16-hour period outside normal work hours twenty one dollars and fifty six cents (\$21.56).

56.2.3 The on-call service payment for any 24-hour period outside normal work hours (i.e., Saturday, Sundays, Statutory Holidays and granted days) thirty seven dollars and thirty eight cents (\$37.38).

56.2.4 The maximum on-call service payment for a normal work week is one hundred and eight two dollars and fifty cents (\$182.50).

56.2.5 The on-call service payments specified above will apply only to the time periods as specified.

56.2.6 Where an employee (whether on-call or not) received an approved call while not at work the employee shall be paid at the appropriate overtime rate for all work performed prior to his or her next scheduled shift, save and except where the total of all work performed in such period is one-half hour or less, the employee shall receive a fixed amount of \$35.00 for such work.

57 Overtime

The following provisions shall apply to employees when assigned to work overtime.

57.1 The method of compensation, for authorized overtime, may be money or time off at the appropriate premium rate. The employee or the supervisor may propose the method of payment, but it is the supervisor's responsibility to approve the method of payment most compatible with the unit's needs. Prior understanding between the supervisor and employee is desirable.

57.2 Day Workers

Overtime Worked	Overtime Hours	Rate of Payment
Monday to Friday	Authorized overtime beyond normal scheduled hours worked in the day	Time and one half (T-1/2)
Saturday	Authorized overtime	Time and one-half (T-1/2)
Sunday	Authorized overtime	Two times (2T)
Granted Days	Authorized overtime	Time and one-half (T-1/2)
Statutory Holiday	Authorized overtime	Monday to Friday: Two times (2T) for all unscheduled hours plus a Statutory Holiday credit. Saturday: Two times (2T) for all unscheduled hours worked.

57.3 Shift Workers

Overtime Worked	Overtime Hours	Rate of Payment
Scheduled Work Days	Authorized overtime beyond normal scheduled hours worked in the day.	Monday to Saturday: Time and one half (T-1/2) Sundays and Statutory Holidays: Two times (2T) Granted Days: Time and one half (T-1/2).

Granted Days: Time and one-half (T-1/2)

57.4 For OSS and TMS/TS staff required to work overtime and supervise staff receiving a higher overtime rate than that paid under Sections 57.2 and 57.3 above, the treatment shall be as follows: OSS and TMS/TS staff receive two times their base hourly rate for all work, as described above, performed outside the first four clock hours after normal quitting time, Monday to Friday, and for all such work performed on Saturday.

57.5 In addition to employees covered under Subsection 57.4, employees who are directly involved in the operation, maintenance or construction of production, transmission or distribution facilities (exclusive of head office staff) and who directly supervise or work beside PWU employees will be compensated with the equivalent to PWU overtime premiums for all overtime worked, including the minimum payments received by PWU staff for both emergency and scheduled overtime. Employees work beside PWU employees if, as a regular part of their job, they are required to work with PWU staff on essentially the same job, under the same general conditions, and their presence at site for the overtime in question is necessary for task progress.

Employees may be designated as eligible under the above on an ongoing basis or on an assignment by assignment basis at the discretion of OPG.

57.6 Recording Overtime

Management shall record assigned and paid overtime and will report the same to The Society every 6 months.

58 Travel Time

The following provisions shall apply to employees who are required to travel on business for OPG.

58.1 General

Some travelling time outside of normal hours of work to and from work locations, other than the regular work headquarters, is an inherent part of many jobs, for which no additional compensation is normally made.

58.2 Excessive Travel

- a) Travel Time in excess of one hour at the beginning and one hour at the end of the normally scheduled day will be compensated at straight time.
- b) When an assignment requires departure from the employee's home the night before, or on a regular day off, time spent in travel will be compensated at straight time.

58.3 Emergency Overtime Work

Non-Prearranged Overtime Work: Travel time will be paid at the appropriate overtime rates for any work outside and in addition to normally scheduled hours for which there has been no pre-arrangement and an extra trip is required. Notification for prearranged overtime must be given at least 24 hours in advance of the start of such work.

58.4 Attendance at Seminars, Conventions, Etc.

- a) When an employee attends a convention, seminar, training course, or similar function and does not arrive at the destination or depart from it until after normal work hours, no additional time allowance will be paid, i.e., this travel time will be considered as part of the employee's contribution to attendance at a mutually benefiting function of this nature.
- b) Where OPG directs an employee to take a training course, travel time will be compensated in accordance with Article 58.2.

58.5 Flexibility

Variations to the provisions of this Article made by agreement between the supervisor and the employee are permitted, subject to Director approval.

59 Shift Work (M&P, TMS/TS, OSS)

59.1 Definitions

Shift: All scheduled hours of a shift are considered to occur in the calendar day that the shift ends.

Scheduled Work: The hours of work assigned as per the shift schedule. Scheduled work cannot include overtime.

Regular Shift Schedule: A 12 month time balanced rotating shift schedule that covers the fiscal year ending on the last day of the fiscal month of December and posted as part of the station's Master shift schedule 30 days prior to commencement.

Positive/Negative Time Balances: Total hours accumulated in a time bank less the product of the normal scheduled hours of work for the position times the number of weeks since the time bank was previously balanced to zero. The result may be positive or negative.

Periodic Shifts – are shifts for non-shift workers who are assigned to shift for a limited amount of time. The shift schedule can be either a time balanced or non-time balanced shift schedule.

59.2 Shift Workers

Meaningful consultation with the Society will occur prior to the implementation of any new shift schedule.

An employee's base hours of Work will not be changed as a result of this Article.

Some jobs are shift work jobs e.g. Shift Operating Supervisors. Management reserves the right to put incumbents in these jobs on shift.

The job evaluation plan used to evaluate M&P jobs will be used as the vehicle to determine the relative worth of M&P shift positions within the shift family of jobs, and to establish appropriate relativity between positions in this family and other non-shift M&P positions.

The requirement to obtain and maintain a license(s) to hold a shift position shall be identified in the job document (description and specification).

The number of personnel provided per shift position shall be such that no regularly scheduled overtime will be required. Due to the nature of OPG's operations, it may be necessary for employees on shift to work some overtime.

Management shall retain the right to place employees in shift positions for training and development purposes provided that the implications of possible classification changes on completion of the shift development phase are fully identified to the incumbent before the shift position is accepted.

Management shall provide an opportunity for input from employees prior to establishing shift schedules.

Management will use reasonable efforts to provide a minimum of seven (7) days' notice for shift workers **and non-shift workers working on shift**, when their hours of work, as shown on the regular schedule, are to be changed, except in the case of a forced unit outage or for reasons of equipment failure or safety. Management will use reasonable efforts in revising the regular schedule so as to provide the following minimum hours off between shifts:

- a) Shift change notices between 12-hour shifts will provide at least 12 hours off.
- b) Shift change notices from a 12 hour shift to an eight hour shift will provide at least 12 hours off.
- c) Shift change notices from an eight hour shift to a 12 hour shift will provide at least 15 hours off.
- d) Shift change notices between eight hour shifts will provide at least 15 hours off.

59.3 Shift Allowances (M&P, TMS/TS, & OSS)

a) Shift Premiums

- Shift work on Saturdays and Sundays: 50% of 95% of the MP4 reference point rate per hour worked.
- Shift work on statutory holidays: 95% of the MP4 reference point rate per hour worked.

The statutory holiday shift premium shall be paid on an actual hourly-as-worked basis.

b) Shift Differentials

- For work on an 8-hour afternoon shift (1600 - 2400 hours) - 80¢ per hour worked
- For work on an 8-hour night shift (0000 - 0800 hours) - \$1.10 per hour worked
- For work on a 12-hour night shift only \$1.25 per hour worked.
- For work on a 10 hour night shift only - 80¢ per hour worked

59.4 Information Management Systems Division (M&P)

In the Information Management Systems Division (IMSD) where the shift allowance payable to an M&P Shift Supervisor does not amount to at least 112% of the shift-related payments received by the PWU-represented staff working the same shifts, an annual adjustment will be made to the shift allowance for the M&P Shift Supervisor.

Until OPG is able to solve the relativity problem in IMSD, M&P shift supervisors shall receive an annual adjustment which would result in a 12% differential between their shift allowance and the shift-related payments received by the PWU-represented staff working the same shifts. Where a 12% differential exists, no annual adjustment will be made.

Employees in IMSD who either start or leave an M&P shift position during the year will receive a monthly pro-rated allowance. One-half month's tenure is necessary for receipt of the allowance for that month.

59.5 Ten Hour Shifts

OPG may assign employees covered by this Article to 10 hour shifts, without a vote, with the exception of employees subject to the Letter of Understanding (LOU#14) re "Hours of Work for Field Management and Professional (FM&P) Staff" dated July 2, 1996.

The following conditions shall apply:

a) Notice

Management will use reasonable efforts in revising the regular schedule so as to provide the following minimum hours off between shifts:

- i) Shift change notices between 10 hour shifts will provide at least 12 hours off.
- ii) Shift change notices between a 10 hour shift to a 12 hour shift or vice versa, will provide at least 12 hours off.

iii) Shift changes notices from a 10 hour shift to an 8 hour shift or vice versa will provide at least 15 hours off.

b) Shift Differential

- First shift – 06:00 – 18:00 hours - no shift differential
- Second shift – 14:00 – 02:00 hours - \$0.80 differential per hour worked

c) Shift Premium

- Shift work on Saturdays and Sundays - 50% of 95% of MP4 reference point rate per hour worked.
- Shift work on statutory holidays - 95% of MP4 reference point rate per hour worked.
- The statutory holiday shift premium shall be paid on an actual hourly-as-worked basis.

d) Special Circumstances

Collective Agreement provisions for time off shall apply except as modified for the following Special Circumstances;

On 10 hour day/shifts the following items will be credited for pay purposes on an hour-for-hour basis:

- i) Vacation
 - ii) Floating Holidays
 - iii) Sick Leave
 - iv) Leave of Absence/Unpaid Time Off
 - v) Travel Time
 - vi) Medical and Dental Consultation - Periods of less than four hours shall not be deducted from sick leave credits.
- a) In the application of the above-noted items (i) (ii) and (iii), a “days” entitlement will mean eight hours, i.e. a 10-hour day/shift will constitute one day and two hours deducted from credits.
- b) When an employee is scheduled to work a 10-hour day/shift and one of the under-noted conditions occurs, a “day” will be considered to be 10 hours.
- i) Jury duty and attendance at court
 - ii) Funerals
 - iii) Moving Day
 - iv) Time Charges for Attendance at Delegates’ Council and meetings of The Society’s Board of Directors.

59.6 Periodic Shifts for Non-Shift Workers

- 1) Periodic shifts for non-shift employees shall be allowed to mirror shifts created under PWU "periodic shift" agreements in force **January 01, 2005**, when The Society employee(s) provides direct supervision or technical support (including inspection/testing) alongside such PWU-represented employees for:
 - a) field settings
 - b) laboratory settings.
- 2) In the circumstances described in paragraph 1, above, an employee shall be assigned to periodic shifts for a maximum of 60 working days per fiscal year in the aggregate, (except I&M Technician Supervisors who may be required to work on shift for up to 8 months of the year) under applicable shift provisions of the Collective Agreement including normal shift differentials and premiums.
- 3) **Shift assignment shall be in accordance with Article 59.7.**
- 4) This Article does not alter existing local Agreements in force at the time of settlement, including Agreements reached pursuant to Article 72, and modifications of the provisions of paragraphs 1 and 2 are negotiable as local Agreements pursuant to Article 7.
- 5) The JSMC may review the application and operation of this Article prior to the end of the Collective Agreement.

59.7 Assignment to Shift – Non-Shift Workers

OPG may assign non-shift workers to shift, for station support and special projects, on the following basis:

- 1) Qualified volunteers will be sought, if insufficient volunteers are available, qualified employees will be assigned. **Non time balanced shift schedules shall be staffed by volunteers only.**
- 2) Seven days notice, prior to the commencement of shift will be provided – failure to provide notice requires the payment of overtime premiums for all work outside of the normally scheduled hours, until such time as the notice period has elapsed.
- 3) Shift work not to exceed 12 weeks per year, and any shift work beyond is voluntary.
- 4) Employees will be paid per the appropriate shift provisions in this article.
- 5) Any concerns that arise from the transition and adjustment to shift work will be discussed by management and The Society.

60 Shift Work (FM&P)

60.1 Intent

- Assignment of FM&P staff to shift will normally be on a voluntary basis. However, in the absence of any qualified volunteers, OPG reserves the right to appoint specific individuals to perform the work.
- An employee who has volunteered may opt out of a shift arrangement by giving one month's written notice, subject to the above.
- Except in an emergency situation, at least seven days' notice will be given with respect to shift change notices.
- OPG will propose shift arrangements and seek The Society's input on proposed shift arrangements.
- A minimum period for a shift is four days.
- OPG reserves the right to terminate specific shift arrangements by giving one month's written notice.

60.2 Definitions (See Article 59)

60.3 Shift Differentials

Scheduled hours worked in shifts commencing during the following hours shall have the following shift differential apply:

a) two- or three-shift coverage of eight hours or less:

07:00 - 10:00	zero differential
10:00 - 18:00	an amount equal to one-seventh of FM&P 12 reference point rate per hour worked
18:00 - 07:00	an amount equal to one-fifth of FM&P 12 reference point rate per hour worked

b) two-shift coverage of greater than eight hours:

06:00 - 10:00	zero differential
10:00 - 06:00	an amount equal to one-fifth of FM&P 12 reference point rate per hour worked

60.4 Shift Premiums

Scheduled hours worked on Saturday and Sunday will be paid at an amount equal to the employee's base rate plus half of FM&P 12 reference point rate per hour worked.

For scheduled work performed on a statutory holiday, the amount paid equals the employee's base rate plus one times FM&P 12 reference point rate per hour worked. An additional day off will be scheduled in lieu of the statutory holiday.

60.5 Overtime

Authorized overtime beyond the normal scheduled shift hours shall be compensated in accordance with the overtime provisions of this Agreement.

60.6 Time Balancing

A time bank will be established for each employee to record the total number of scheduled hours worked plus scheduled hours paid for vacation, sick leave, time off in lieu or other approved paid time off. The time bank will be reduced to zero after the duration of the shift schedule.

For positive time balances the employee may elect:

- i) payment at time and a half for 50% of the hours and double-time for the remainder;

or

- ii) time off at straight time.

Negative time balances existing at the end of the shift schedule, or caused by interruption or cancellation, will be written off.

Overtime hours are not counted in the time bank.

60.7 Special Circumstances

In the application of the under-noted items a reference under the appropriate provision to "days" entitlement will mean eight hours. For example, a 12-hour shift will constitute one and one-half days deducted from credits. Items (e) and (f) will be credited, for pay purposes, on an hour-for-hour basis.

- a) Vacation
- b) Floating Holidays
- c) Sick Leave

- d) Leave of Absence
- e) Travelling Time Outside Normal Working Hours
- f) Payment for Relief Work

When an employee is scheduled to work shift and one of the following items applies, a "day" will be considered to be one scheduled shift.

- a) Legal Hearings
- b) Funerals
- c) Moving Day

61 Compensation and Working Conditions - 12-Hour Shift Schedule

The following provisions apply to employees in any Business Unit who work a 12-hour shift schedule.

61.1 General Provisions

- 61.1.1** The 12-hour shift schedule will average the regular scheduled hours per week for employees and will indicate the days and hours of work (shift) for each employee. Payment will be determined in accordance with this Article and as outlined elsewhere in Article 59 ("Shift Work (M&P, TMS/TS, OSS)").
- 61.1.2** The implementation of 12-hour shift work will be on the understanding that its application will not result in any appreciable increase in cost to OPG.
- 61.1.3** OPG or The Society Board of Directors shall have the right to terminate 12-hour shift work. Written notice must be provided by the Department Manager to The Society President or vice versa.
 - a) If the notice is two months prior to the end of the current schedule, 12-hour shift work will terminate at the end of the current schedule. Reason(s) for termination will be provided by the respective party.
 - b) The 12-hour shift schedule may be cancelled immediately by OPG should any of the following be adversely affected: safe operation of plant; health of shift workers; public safety.

Appendix I to this Article provides further information about the 12-hour shift monitoring criteria for OPGI-Nuclear.

- c) When employees at any Department have exercised the right to opt out of time-balanced 12-hour shift work, no new 12-hour shift work may be introduced for those employees without the mutual agreement of local management and the local Society Unit Director.

61.1.4 All policies and agreements which normally apply to employees will continue to apply unless specifically stated otherwise in this Article.

61.2 Shift Differential

A shift differential of \$1.25 per hour worked will be paid to 12-hour shift employees for each night shift hour worked, in accordance with Article 59.3 ("Shift Work (M&P, TMS/TS, OSS Staff)").

61.3 Shift Premium

Hourly shift allowances shall be paid to M&P, TMS/TS and OSS shift workers, for hours worked as follows:

Shift work on Saturdays and Sundays	50% of 95% of the MP4 reference point rate per hour worked.
Shift work on statutory holidays	95% of the MP4 reference point per hour worked.

The statutory holiday shift premium shall be paid on an actual hourly-as-worked basis.

61.4 Overtime

61.4.1 Authorized overtime beyond 12 hours of work on scheduled workdays Monday to Saturday inclusive and all hours worked on scheduled days off Monday to Saturday inclusive shall be compensated in accordance with the overtime provisions of this Agreement.

61.4.2 Authorized overtime beyond 12 hours of work on scheduled workdays which are Sundays or statutory holidays and all hours worked on scheduled days off which are Sundays or statutory holidays shall be compensated in accordance with the overtime provisions of this Agreement.

61.5 On-Call

On-call service payments will not be applied to those employees on the Minimum Availability Requirement (MAR) list (see Section 61.8).

61.6 Special Conditions

61.6.1 The following items will be credited for pay purposes on an hour-for-hour basis:

- a) Vacation
- b) Floating Holidays
- c) Sick Leave
- d) Time Off Without Pay
- e) Travel Time
- f) Medical and Dental Consultations - Periods of less than four hours shall not be deducted from sick leave credits.

61.6.2 In the application of the above-noted items (a), (b) and (c), a reference under the current provisions of this Article to a "day's" entitlement will mean eight hours. Therefore a 12-hour shift will constitute one and one-half days deducted from credits.

61.6.3 When an employee is scheduled to work a 12-hour shift and one of the under-noted conditions occurs, a "day" will be considered to be 12 hours.

- a) Jury duty and attendance at court.
- b) Funerals.
- c) Moving Day.
- d) Time Charges for Attendance at Delegates' Council and meetings of The Society's Board of Directors.

61.7 The basic statutory holiday and special time off provisions remain unchanged in that time off and pay entitlements will continue to be calculated on an eight-hour basis.

61.8 Minimum Availability Requirement (MAR) List

61.8.1 In order that a sufficient number of shift employees are on duty to maintain and ensure a continuous operation at any Department utilizing 12-hour shifts, a MAR List will be prepared.

61.8.2 A sufficient number of employees, by job classification and qualifications, will be determined by OPG. Employees will volunteer their willingness to be called in to work in this situation, by placing their name on the MAR List under the day(s) they wish

to be called. If there are no volunteers, OPG reserves the right to assign employees to the MAR List. Employees will not be placed on the MAR List who are scheduled to work on an adjoining shift.

- 61.8.3** An employee on the MAR List agrees to be available during the Required Availability Period (RAP), to report to work to cover short-term absence. The RAP is the period of time commencing two hours prior to each shift change and ending one hour after each shift change.
 - 61.8.4** If an employee whose name is on the MAR List cannot be available for the specified day(s), the employee must arrange for a substitute acceptable to OPG, whose name then would be added to the MAR List.
 - 61.8.5** Volunteering or being assigned to the MAR List for RAP periods does not entitle the person to any compensation, i.e., on-call pay, etc., nor does it guarantee that overtime will result.
 - 61.8.6** In the event that an employee is called to work from the MAR List, he/she will be entitled to overtime premium rates (outlined in Section 61.4) for all hours worked.
- 61.9** Time-balanced 12-hour shift work will be introduced in an OPGI-Nuclear Department when the following conditions are met:
- 61.9.1** More than fifty percent (50%) of employees who vote in that Department must vote in favour of 12-hour shift work.
 - 61.9.2** More than fifty percent (50%) of all eligible shift workers who vote in that Department must vote in favour of the 12-hour shift work.
 - 61.9.3** The vote will be determined by a secret ballot scrutinized jointly by appointees of OPG and The Society Board of Directors.
 - 61.9.4** Employees eligible to vote are those employees normally assigned to shift and may include Shift Supervisors, Shift Supervisors in Training, Shift Operating Supervisors, Shift Maintenance Supervisors and Shift Mechanical/Service Maintenance TMS/TS.
 - 61.9.5** Although the content, preparation, costing and administration of shift schedules is the sole responsibility of OPG, the preference of the majority of shift workers in a station/department/plant for a particular basic type of schedule will be considered. Such preferences must be made known to OPG four months in advance of the starting date of the new schedule. Master Schedule Guidelines are attached as Appendix II.
 - 61.9.6** Supernumerary Shifts while working on the 12-hour shift schedule will be 0800 - 1600.

61.9.7 Three supernumeraries can be exchanged for working two 12-hour regular days off. Supernumeraries can be shift changed to shift crews on a 3:2 supers to shift crew basis.

61.9.8 When a regular shift commences before midnight and continues after midnight, all hours during the continuous shift shall, for pay and time balance purposes, be recorded and treated as if they occurred during the calendar day in which the shift ends.

Exception: The statutory holiday shift premium shall be paid on an actual hourly-as-worked basis.

61.9.9 Shift workers with a plus or minus four hours time balance assigned to day work or shift for an indeterminate period of time may be required to take off or work a four-hour period respectively, but no payments, premium or otherwise, will apply to such time worked as an extension of a normal eight-hour day to resolve a minus time balance.

61.9.10 For the day on which an election occurs and up to three days before and after, all employees on a 12-hour schedule will be changed to an eight-hour schedule unless joint agreement is reached to do otherwise.

61.10 Twelve-hour shift work may be introduced in other locations when the following conditions are met:

61.10.1 If local management determines that a 12-hour shift work arrangement is appropriate, a vote will be held in the affected work unit(s).

61.10.2 More than 50% of those eligible to vote in the work unit(s) must vote in favour of 12-hour shift work.

61.10.3 The vote will be determined by a secret ballot scrutinized by the appointees of OPG and The Society.

PART XIII - WORKING CONDITIONS**64 Employment Continuity****64.1 Scope**

This Article will apply to all employees except temporary employees, and takes precedence over other provisions of this Collective Agreement with regard to vacancies and job placements unless otherwise specified. Article 34 describes the entitlements for temporary employees. Employees on leave (e.g. LTD) or on foreign assignments will be neither advantaged nor disadvantaged upon return from the leave.

64.1.1 Preference for Regular Employees

Surplus regular employees will be retained in preference to temporary employees under the following conditions:

- within the same Unit of Application;
- where the regular employees are qualified to perform the work and are able to perform the job within a reasonable period of time given the length of the assignment;
- where the work is normally performed by Society-represented employees.

Therefore, when there are both regular and temporary employees within the same Unit of Application and a surplus arises, the surplus regular employees will be retained over the temporary employees, if the conditions above are satisfied.

In situations where there are surplus regular employees, they will be used in preference to temporary employees, if a temporary requirement arises and if the above conditions are satisfied.

64.1.2 Grievability/Arbitrability

Employees may use the grievance/arbitration procedure to appeal decisions of the joint teams referred to in this Article if they believe they have been treated unfairly. JRPT decisions and processes are grievable. It is expected that the parties will support their decisions and recommendations. This is not intended to prevent the parties from jointly agreeing to change their decisions and recommendations. The recommendations and decisions by other Joint Redeployment Planning Teams and other Joint Reasonable Offer Teams are without prejudice and cannot be used as

precedents in grievance arbitration. Any agreements reached by the JSMC within the scope of Article 64 are neither grievable nor arbitrable.

64.2 Preamble and Principles of Operation

It is intended that the parties will make their best efforts to interpret, apply and administer the provisions of this Article to reflect a balance among the principles set out below and throughout this Article.

Employment continuity is an element in sustaining a work climate that supports a high level of employee commitment, performance and job satisfaction. The following principles reflect our underlying values and beliefs and provide the direction on which this Article is founded:

- 64.2.1** Career change should be expected and viewed positively.
- 64.2.2** Individuals are responsible for their own career decisions and should be involved in developing options affecting their careers.
- 64.2.3** OPG and The Society recognize the value of retaining, utilizing and enhancing the asset of employee skills and abilities.
- 64.2.4** Employment continuity issues will be discussed openly and employees and their representatives should be involved in these discussions as early as possible.
- 64.2.5** Employees will be provided with access to opportunities for learning and development and will take a proactive role in their development to prepare for the future.
- 64.2.6** It is in the best interests of both our customers and our employees for OPG to be a viable and healthy business entity with operations province wide.
- 64.2.7** Employment continuity policies must reflect a balance between the fundamental interests of OPG and its employees.
- 64.2.8** Employees will be treated fairly and with respect and dignity.
- 64.2.9** OPG and The Society recognize that there will be competing individual interests and will structure redeployment strategies which will minimize the occurrence of that competition and its negative impact.
- 64.2.10** A commitment to effective short and long range planning is critical to employment continuity.

64.2.11 For a JRPT to operate effectively and efficiently, it is important that it be provided with a pre-determined organizational structure and adequate/appropriate resourcing.

64.3 Definitions

64.3.1 "BASIC SEARCH/NOTICE PERIOD" shall mean a period of not less than 24 weeks during which a surplus employee has "priority consideration" for vacancies.

64.3.2 "CONSENSUS" shall mean an agreement on a given issue that all parties to the agreement can live with and publicly support.

64.3.3 "DECLARED SURPLUS" shall mean that the employee has insufficient seniority and/or qualifications to be matched to an ongoing position that is deemed to be a reasonable offer in his/her unit of application.

64.3.4 "EMPLOYMENT CONTINUITY" shall mean the obligation on OPG's part to provide opportunities and options to maintain productive and rewarding employment within OPGI-Nuclear and in the event that such opportunity is not available, to provide fair and reasonable employment adjustment and terms and conditions for departure. It is an obligation on the part of the employee, The Society and OPG to actively participate in the redeployment process.

64.3.5 "INCUMBENCY" is a concept that a JRPT may use as a part of its redeployment process. The JRPT may identify an employee as an incumbent only if the position meets the following criteria:

substantially unchanged duties and responsibilities⁷;
unchanged location⁷;
unchanged hours of work;
unchanged salary grade.

64.3.6 "LATERAL POSITION" shall mean a job paid from:

a) the same salary schedule and is the same salary grade as the employee's current grade;

or

b) a different salary schedule in which the salary level is equivalent to the employee's current job measured by salary grade Reference Points (100%).

⁷ *The operational meaning as determined by the JRPT.*

- 64.3.7** "PRIORITY CONSIDERATION" shall mean an obligation to select the most suitable candidate from amongst the qualified surplus applicants for advertised vacancies for whom the vacancy represents a lateral or lower-rated position. If there are no qualified surplus applicants Management is then obliged to select the most suitable candidate from amongst those surplus applicants who can become qualified in a reasonable period of time. "Priority consideration" is provided to surplus employees.
- 64.3.8** "PROMOTION" shall mean a position in which the demands and responsibilities are greater than in the employee's current job and the position is a minimum of one salary grade higher than the employee's current job if rated on the same salary schedule or the equivalent of one salary grade higher if rated on a different salary schedule.
- 64.3.9** "QUALIFIED" shall mean having the qualifications and experience required to perform the job within a reasonable period of time, normally not expected to exceed six months.
- 64.3.10** "SENIORITY" shall mean all prior service with Ontario Hydro *and* OPG or other eligible seniority as per the transition provisions in Section 9.4 regardless of breaks in employment, employee category and/or bargaining unit/ representational status. Regular employees who currently work reduced hours or have done so in the past, will have such service calculated as if it were full-time. In the event that a contractor is determined to be dependent, service shall be counted from the date of a declaration of dependent contractor application to the OLRB or the date of joint agreement between OPG and The Society regarding contractor status.
- 64.3.11** "SERVICE" for the purpose of calculating severance shall mean the employee's Established Commencement Date (ECD) and does not include any external experience credits. Employees who have received severance pay under this Article shall not be entitled to the service used to calculate previous severance pay in any future employment with OPG.
- 64.3.12** "SERVICE BASED SEARCH/NOTICE PERIOD" shall mean a search/notice period based on the surplus employee's Service Recognition Date (SRD) plus External Experience Value (EEV), during which a surplus employee has "priority consideration" for vacancies.

64.4 Notification and Involvement of The Society

64.4.1 Principle of Prior Involvement

Prior to making final decisions on significant organizational or operational changes that have an adverse impact on the

employment continuity of Society-represented employees, OPG will establish a team in a timely manner which will include representatives appointed by The Society. The team will examine how the organizational or operational change will be implemented and will strive to develop mutually acceptable recommendations in a timely manner for the appropriate level of Management based on this examination. In the event that recommendations are not developed or the recommendations are not accepted, OPG will make the final decision.

64.4.2 Notification

In the event that an OPG business decision has an adverse impact on the employment continuity of Society represented staff, The Society will be notified as soon as possible.

An adverse impact may arise due to organizational and operational changes that include technological changes, workload changes, and business process re-engineering and all other circumstances where the numbers of Society represented employees are reduced and/or positions with incumbents are either eliminated or significantly changed (e.g. a change to job duties and/or skills/qualifications and/or rate as covered in the job document).

64.4.3 Involvement

The Society will be involved in all decisions respecting how Society represented employees are treated with respect to this Article.

There are three levels of involvement. They are as follows:

a) Joint Consultation

OPG and The Society will discuss the issue and attempt to reach a jointly acceptable course of action.

Failing an agreement, OPG will make the final decision.

b) Joint Recommendation

OPG and The Society will attempt to reach consensus on an issue which will form the basis of a recommendation to senior management.

In the event a consensus is not reached, the issue will be managed in accordance with the negotiated default contained in the relevant provisions of this Article.

c) Joint Decision

OPG and The Society are obliged to reach an agreement on the issue.

64.4.4 Voluntary Surplus

In circumstances where Management is aware that job loss may occur, Management in its discretion may agree to a voluntary termination by an employee in the affected work group. In such cases, employees who terminate their employment will be entitled to their own entitlement for search notice and severance, plus an additional week of severance for each completed year of service, to a maximum additional payment of 26 weeks' pay. The combined total of the employee severance entitlement, plus the additional week under this Article cannot exceed 78 weeks.

64.4.5 Annexations and Redeployment

In advance of any annexation (as provided for under Section 83.7 of the Power Corporation Act), the parties will meet to discuss and attempt to resolve issues associated with adverse impact and Article 64 of the Collective Agreement. These discussions are without prejudice to the exercise (by an employee or The Society) of rights under Article 64 and do not pre-determine whether or not Article 64 will be triggered.

64.5 Set Up Joint Redeployment and Planning Team

OPG shall decide the organizational structure required to carry out approved work programs.

OPG and The Society will appoint an equal number of representatives to the Joint Redeployment and Planning Team. This team will develop a redeployment plan which minimizes to the extent possible, the effect on and number of employees to be declared surplus, consistent with the need to carry out OPG's work and be responsible for overseeing its implementation. The team is also responsible for communications to affected staff. The Joint Redeployment and Planning Team will develop its recommendations/decisions by consensus using problem solving techniques.

Senior Management (e.g., Directors, Vice Presidents) shall meet to discuss with the Joint Redeployment and Planning Team the number and type of positions that will no longer be required.

64.6 Joint Planning - Responsibilities of the JRPT

a) The Joint Redeployment and Planning Team will review its proposed redeployment plan with the Senior Management (e.g. Directors, Vice

Presidents) and Society Unit Director(s) in the work unit in at least two stages. The first report will include recommendations/decisions with respect to:

- i) The Unit of Application for identification of surplus staff (refer to 64.6.1)
 - ii) Development of a process and strategies for redeploying staff within the Unit of Application (refer to 64.6.2).
- b)** The second report will include recommendations/decisions with respect to:
- i) The preparation of seniority lists and identification of surplus staff (refer to 64.6.3).
 - ii) Identification of redeployment tools for the purpose of minimizing involuntary terminations (refer to 64.6.5).
- c)** Senior Management (e.g. Directors, Vice Presidents) will be required to:
- i) approve each report as a package; or
 - ii) request the team to reconsider specific issues and to either confirm or agree to change specific recommendations.
- d)** Failing joint agreement on the team's proposal in full, Senior Management (e.g. Directors, Vice Presidents) will be required to reject the proposal in full and implement a plan based on the defaults in this Article. Differences related to the interpretation, application or administration of the redeployment plan may be submitted to the grievance/arbitration procedure.
- e) Continuing Responsibilities of the JRPT**
- Respond to questions and grievances related to its process and decisions.
- f) Local accountabilities for:**
- i) Minimizing surplus.
 - ii) Determining an implementation plan for JRPT redeployment recommendations. This responsibility includes identifying clear accountabilities for the use of the redeployment tools.
 - iii) Testing possible vacancies in the Unit of Application against the surplus employees in the Unit of Application.

- iv) Testing rotations in the Unit of Application that are greater than six months against the surplus employees in the Unit of Application.

shall be clearly assigned in the JRPT's second report.

- g) The parties agree to the establishment of the Redeployment Information Service which will manage and coordinate information related to placement opportunities for surplus staff and provide support services to local Society and Management representatives.
- h) With respect to the application of 64.10.2, ensure that purchased services contracts are reviewed by OPG throughout the redeployment process.

64.6.1 Unit of Application

64.6.1.1 Definitions

Unit of Application shall mean the organizational unit (e.g., Department, Division, Business Unit or a cross OPGI-Nuclear grouping) in which seniority and the identification of surplus staff shall be administered.

Business Unit shall mean the organizational unit under a Vice-President or equivalent.

Division shall mean an organizational unit which reports to a Vice-President.

64.6.1.2 Size of the Unit of Application

In determining the size of the unit for purposes of identifying who is surplus, the parties will be governed by the following:

- The size of the unit will be sufficiently large to provide a fair means for identifying the surplus employee(s).
- The size of the unit will be sufficiently small to minimize the disruption to both the employee and the work to be done.

A joint recommendation will be made in determining the size of the unit of application.

64.6.1.3 Default Unit of Application

Should the parties not agree to the size of the unit of application for the identification of surplus, then the unit size will be the Business Unit with this exception:

Where fewer than 10% of Society-represented employees in a Business Unit, and fewer than 20% of The Society-represented employees in the Division are adversely affected, then the default Unit of Application will be the Division.

64.6.1.4 Unit of Application Beyond the Business Unit

A JRPT may jointly recommend to a Vice-President (or equivalent) that the Unit of Application should be expanded beyond the Business Unit in a surplus situation. If the recommendation is approved, the recommendation will be jointly discussed with the Business Unit(s) into which expansion of the Unit of Application has been recommended. If no jointly agreeable solution is achieved at this stage, the recommendation may be brought by either party to the JSMC for consideration and resolution. If no jointly agreeable resolution is achieved at the JSMC, the issue may be taken by either party to the President of OPG and the President of The Society for final resolution. In appropriate circumstances (e.g., Corporate Functions, Multiple Business Unit JRPTs), matters may be directly referred to the JSMC.

64.6.1.5 Notwithstanding Sections 64.6.1.3 and 64.6.1.4 above, the Unit of Application for Society-represented staff in OPGI-Nuclear will be as follows:

Division U of A Default	Business Unit Default
Nuclear Waste Management	Nuclear
Darlington	Nuclear
Engineering & Mods	Nuclear
Inspection Services	Nuclear
Nuclear Operations	Nuclear
Performance Improvement & Nuclear Oversight	Nuclear
Pickering	Nuclear

64.6.1.7 Employees covered by the FM&P Letter of Understanding dated July 2, 1996 will have a Unit of Application that consists of OPG

64.6.1.8 All employees will normally be assigned to one and only one unit of application. Exceptions may result from the application of significant inequity rights contained in this Article.

64.6.1.9 Where OPG establishes organizational units which do not clearly fit the definitions contained in the unit of application default provisions, the matter of the appropriate unit of application will be reviewed by the JSMC. The JSMC will make a decision which ensures that employment continuity rights are fairly applied.

64.6.1.10 In the event of a change during the term of the Agreement that cannot be resolved by the parties, paragraph 1(c) of the dispute resolution process set out in Appendix III – Default Units of Application (Adams Decision of September 16, 1997) is amended such that the Business Units in 64.6.1.3, 64.6.1.4, 64.6.1.5 and 64.6.1.6 represent the “updated equivalent balance” referred to.

64.6.2 Process for Staff Changes - Mix and Match

The Joint Redeployment and Planning Team will develop the mix and match procedures to fill positions in the new organizational structure from employees within the Unit of Application. The intent is to sort employees within the Unit of Application among the jobs in the new organization on the basis of qualifications and seniority. In the event there are no qualified employees from the Unit of Application, the positions will be advertised in accordance with Article 65.

JRPTs are expected to keep accurate records of the reasons for deeming employees not qualified. Upon request, the employee will be provided with the written reasons for being deemed not qualified.

64.6.2.1 Mix and Match Rules

- 1) No promotions, i.e., only laterals or demotions are permitted in a mix and match process. (Note: Exceptions are described in 64.6.2.1 (11) and 64.6.3).
- 2) Applies within the affected Unit of Application.
- 3) The process must be open and participatory and involve individual employees in planning and an agreed-upon form of posting within the Unit of Application.
- 4) In the event there are more qualified candidates than positions available in the new organization, then the most senior of the qualified candidates will be selected to fill the positions.
- 5) If a job offer is found to be unreasonable by the Joint Reasonable Offer Team, then the employee will be allowed to refuse it and be declared surplus with full entitlements.
- 6) Employees who accept a lower-rated position or who experience a reduction in hours of work as a direct result of Mix and Match will be entitled to the provisions of 64.8 "Compensation".
- 7) **Pregnancy Leave and Paid Parental Leave**

The employee should be treated as though he/she is at work.

8) Other Leaves/Absences

- If the return date is known and it will occur during the Mix and Match (or shortly thereafter), the JRPT should normally include the employee in the Mix and Match.
- If the employee's anticipated return date is not shortly after the conclusion of the Mix and Match, he/she would not normally be included in the Mix and Match. His/her employment continuity rights would be exercised upon his/her return.
- Where an employee is not included in the Mix and Match, the JRPT needs to determine whether the position held by that employee prior to the start of the leave/absence will be included in the Mix and Match.

The JRPT should consider each circumstance on a case-by-case basis, considering such things as the employee's availability to participate.

9) Out-of-Province Assignments

Refer to 6.4 "Employment Continuity during Temporary Out-of-Province Assignments".

10) Temporary Assignments/Rotations

Normally, employees will exercise the redeployment rights applicable to their regular positions. Exceptions:

There will be a local joint review with respect to the duration of an assignment where it is greater than two years and is outside The Society's jurisdiction.

At the outset of the assignment, the employee will be advised of his/her rights with respect to Employment Continuity as described below:

- For assignments of two years or less, the employee will return to The Society's jurisdiction for redeployment.
- For any portion of an assignment beyond two years, the employee will remain in the jurisdiction of the assignment position for the purpose of exercising redeployment rights.

Employees whose regular positions are outside of The Society's jurisdiction but who have been acting in

positions within The Society's jurisdiction for at least two years continuously *and* who can demonstrate a severe disadvantage by returning to their regular position will be allowed to exercise redeployment rights within The Society's jurisdiction. These situations will be reviewed on a case-by-case basis by OPG and The Society.

11) Employees Previously Demoted via Article 64

An employee previously demoted through the application of Article 64 is eligible for consideration at up to his/her previous higher level during a subsequent Mix and Match subject to the following:

- The subsequent Mix and Match (i.e., upon approval of the first report) must occur within two years of the date that the employee reported to the lower-rated position.
- Displacement of another employee at a level higher than their current level is not permitted.

12) Promotion-in-Place Programs (PIP)

- a) Employees in a PIP will be retained in their PIP (should it continue to exist) based on seniority, subject to item (d) below.
- b) Employees in non-PIP positions or in other PIPs will be considered for PIP positions subject to the following:
 - i) for lateral or lower-rated levels of the PIP only;
 - ii) must be minimally qualified at the entry level of the PIP;
 - iii) able to achieve the terminal level of the PIP;
 - iv) placement is based on seniority.
- c) Employees in a PIP position will be considered for non-PIP positions for which they are qualified, subject to the following:
 - i) considered for lateral or lower-rated positions;
 - ii) placement is based on seniority.
- d) OPG may determine a minimum number of employees qualified at the terminal level of the PIP at an appropriate work unit level (e.g., Division, Department, Section).

13. Participation of Surplus Employees

Surplus employees will participate in any subsequent mix and match process in their appropriate unit of application.

Their search/notice clocks will be stopped at the time the first JRPT report is approved and restarted upon approval of the second JRPT report if the employee is still surplus. An employee will retain priority consideration for any vacancy he/she has applied for prior to stopping of his/her clock.

A surplus employee not placed through a subsequent mix and match will have his/her clock restarted at the point it was stopped.

64.6.2.2 Available Options if Employee Refuses a Job Offer

The Joint Redeployment and Planning Team will decide during the planning process which options will be available to an employee who rejects an offer that is upheld by the Joint Reasonable Offer Team (refer to 64.7.3) as reasonable. The affected employee must, within 48 hours of being advised of the decision, choose between the option (or options) as made available by the Joint Redeployment and Planning Team. The options are:

- a)** Accept job offer; or
- b)** Confirm refusal and terminate with 75% of lump sum payments as per Subsection 64.9.2 (a); or
- c)** Confirm refusal and be declared surplus with 50% of the normal search/notice period and 50% of the normal severance entitlement.

If there is no Agreement by the Joint Redeployment and Planning Team on the options, then (a) and (b) will be available.

Note: While option (a) is always available, the JRPT may choose to provide option (a) in combination with (b) and/or (c).

Exception: Employees who have been demoted as a result of the direct application of Article 64 and who, in a subsequent mix and match, face a demotion again due to the direct application of Article 64 will be allowed to choose between accepting the demotion or being declared surplus with full entitlements. They will not be required to submit to the JROT process.

64.6.2.3 Refusal of an Incumbent Position

Where an employee has been declared to be an incumbent to a position by the JRPT, he/she will not be entitled to file a challenge with the JROT in relation to the incumbent position. If the employee does not accept a match to his/her incumbent position, he/she may be deemed by Management to have voluntarily terminated his/her employment with OPG.

64.6.3 Identification of Surplus Employees

The Joint Redeployment and Planning Team will compare the seniority of employees performing work which requires substantially the same qualifications and experience. In addition the team will compare the qualifications and experience of displaced employees with the qualifications and experience required by lateral or lower rated positions in the Unit of Application and retain the most senior at that level in descending order. Through this process the Joint Redeployment and Planning Team shall decide by consensus which employees within the Unit of Application have greater seniority and shall be retained to fill the ongoing positions and which employees have least seniority and shall be declared surplus subject to (a) and (b) below.

Seniority rights apply to lateral and lower rated positions but are not applicable to higher rated positions. The exception to this can occur where there are essentially no lateral or demotional positions with respect to which an employee can exercise his/her Employment Continuity rights and where the JRPT believes there are reasonable opportunities for promotion. The JRPT will identify the individual employee(s) or categories of employees facing these circumstances and the positions or categories of positions that represent promotional opportunities.

Employees who are not supervisors shall not exercise their seniority and displace supervisory employees with respect to supervisory positions unless they have supervisory qualifications. Employees who are not First Line Managers (FLM) shall not exercise their seniority and displace FLM employees with respect to FLM positions unless they have FLM qualifications.

Employees paid from Schedule 04 will not normally have their seniority considered with employees from Salary Schedules 01, 02, 11 or 12. The Joint Redeployment and Planning Team may decide on exceptions when Salary Schedule 04 employees have achieved at least Step 5 and have greater seniority than entry level employees on Salary Schedules 01, 02, 11 or 12 or where Salary Schedule 04 is being used as a salary bridge for employees selected to Salary Schedules 01, 02, 11 or 12 positions.

For the purposes of Subsection 65.6.3 where the Joint Redeployment and Planning Team has agreed to make exceptions based on the above circumstances, such employees paid from Salary Schedule 04 will have priority consideration in the same manner as other Salary Schedule 01, 02, 11 or 12 surplus employees. Where the Joint Redeployment and Planning Team does not accept that the circumstances warrant exceptions, surplus employees paid from Salary Schedule 04 will have priority consideration for MP2 and equivalent or lower rated vacancies following consideration of the surplus regular employees from within the bargaining unit and before the applications of all other employees.

Employees from outside of the bargaining unit shall not displace Society-represented employees.

In the event that the team is unable to reach consensus on the identification of surplus employees, OPG will determine who is declared surplus in accordance with the provisions of Subsection 64.6.3.

a) Viability of the Work Unit

If the ability of the organizational unit to adequately perform its functions is placed in jeopardy by the application of seniority, the Joint Redeployment and Planning Team may decide to protect sufficient lesser service employees to restore the viability of the organizational unit. If the team is unable to reach consensus, then Senior Management (e.g., Directors, Vice Presidents) will decide. In situations where junior staff are protected by the implementation of this Subsection, and where the Unit of Application is smaller than a Business Unit, greater service employees who cannot be placed as a result of such protection shall have the right to have their seniority applied across the Business Unit.

b) Employment Equity

If employment equity programs will be seriously set back, the Joint Redeployment and Planning Team may by consensus agree to protect sufficient lesser service employees in order to prevent such a set back from happening and extend the same provisions as set out in (a) above. This provision is not intended to further or enhance employment equity initiatives. Where the team has not reached consensus on the need to protect lesser service employees because of employment equity concerns, then the normal rules for identifying surplus employees on the basis of seniority will apply as outlined above in Subsection 64.6.3.

64.6.4 Declared Surplus

Employees declared surplus will receive written notice at the outset of their search notice period. Surplus status can be withdrawn at any time. The written notice shall contain:

- The cause of the surplus.
- A reference to this Article.
- The expected expiration date of the search notice/period (termination date).
- The right to OPGI-Nuclear-wide priority consideration for vacancies in accordance with Subsection 65.6.3.
- The total severance entitlement.
- The anticipated date the employee will vacate his/her position.
- The expectation that the employee is expected to actively pursue internal and external placement opportunities.

64.6.4.1 Declared Surplus - Significant Inequity Rights

A significant inequity requires:

1. a declared surplus employee with eight or more years' service; and
2. an employee not in the surplus employee's unit of application with five or more years' lesser service performing work for which the senior employee is qualified.

A significant inequity can occur:

- within a Business Unit; or
- across Business Units; or
- when organizational units have been split.

64.6.4.1.1 Within a Business Unit

The senior employee in the Significant Inequity situation will be offered a choice of:

- a) displacing the most junior employee from a position for which he/she is qualified within two salary grades below his/her position provided the most junior employee has five or more years' lesser seniority. If such a

displacement is not available, then the employee may displace the most junior employee in the next lower salary grade in descending order under the same conditions as stated above; or

- b) the right to apply with first priority consideration over all other surplus employees to Society vacancies, in accordance with Article 65.6.3, on a lateral or demotion basis; or
- c) voluntary termination with entitlement to the provisions in 64.10.1(a). If the employee has chosen (b) above, he/she may at any time elect (c).

64.6.4.1.2 OPGI-Nuclear-Wide

The senior employee in the Significant Inequity situation will be offered, upon self-identification to the JRPT, a choice of:

- a) the right to apply with first priority consideration over all other surplus employees to Society vacancies, in accordance with Article 65.6.3, on a lateral or demotion basis; and/or
- b) voluntary termination with entitlement to the provisions in 64.10.1 (a). If the employee has chosen (a) above, he/she may at any time elect (b).

64.6.4.1.3 Split Organizational Units

To displace beyond the Business Unit, the following conditions must be satisfied:

1. The senior and junior employees must have been in the same organizational unit within 12 months prior to the date of self- identification to the JRPT.
2. The organizational unit must have been split.
3. The junior employee must not be part of the senior employee's current unit of application.
4. The junior employee must be in a position performing a function that was in the same organizational unit as the senior employee within 12 months of self-identification.

The senior employee will be offered, upon self-identification, the following choices:

- a) displacing the most junior employee as per Section 64.6.4.1.1(a) within his/her current Business Unit;
- b) if (a) above is not available, then the same displacement rights will apply within all split portions of the original organizational unit;
- c) the right to apply with first priority consideration over all other surplus Society employees to Society vacancies, in accordance with Article 65.6.3, on a lateral or demotion basis; and/or
- d) voluntary termination with entitlement to the provisions in 64.10.1 (a). If the employee has chosen (c) above, he/she may at any time elect (d).

64.6.4.1.4 Significant Inequity Bump and Vacancy Issue

When exercising the option to displace, and a vacancy exists within the unit affected by the significant inequity rights, normally a vacancy will be considered to be the “least senior employee” and the displacement will occur into that vacancy. The exceptions to this are:

- i) Where the vacancy is lower rated than the position that the least senior employee occupies; or,
- ii) Where displacement into the vacancy requires a move that would not otherwise have occurred had the least senior employee been displaced.

When one (or both) of the exceptions applies, the displacing employee has the option of:

- a) displacing the least senior employee, if that employee is qualified to perform the duties and responsibilities of the vacant position; or
- b) displacing into the vacancy.

64.6.4.1.5 Rights of Displaced Employees

An employee who is displaced as a result of the application of this section will be entitled to all of the provisions of Article 64, including the provisions of this section.

64.6.4.1.6 Significant Inequity

Where an employee has at least 8 years' service and is within one of the following functional groups, such an employee may displace an employee in the same functional group with at least 3 years' less service, who is performing work for which the senior employee is qualified: Finance, Human Resources, Health and Safety, Procurement, Real Estate.

64.6.4.2 Voluntary Surplus

An employee from the affected unit of application who would not otherwise be surplus may volunteer to be declared surplus, subject to the following:

- a) The withdrawal of surplus status will be offered in seniority order to those surplus employees who are qualified to perform the duties and responsibilities of the position of the employee who is volunteering.
- b) The surplus employee will not be considered for a promotion, but may be considered for a promotion-in-place position.
- c) This must result in the withdrawal of surplus status from the surplus employee.
- d) The employee who is volunteering to be surplus will assume the surplus entitlements of the surplus employee who has his/her surplus status removed. A JRPT may recommend that different entitlements be made available to employees volunteering to be surplus.
- e) The exchange of employees arising out of the application of these provisions is subject to the approval of OPG. The decision to approve (or disapprove) will be on the basis of further disruption to the work of the affected work unit.

64.6.5 Redeployment Tools

These would include, but are not limited to, the use of rotations, bridging to retirement, early retirement, retraining, and external placement.

These tools are not contractual entitlements but rather are methods for consideration by the Joint Redeployment and Planning Team.

64.6.5.1 Bridge to Retirement

A declared surplus employee who is close to retirement may wish to exchange severance pay for a working bridge to retirement subject to the following conditions:

- The surplus employee must make a decision to opt for a bridge within 4 weeks of being declared surplus.
- The period of time that represents the bridge would commence at the end of the search notice period.
- The time period for which the bridge exists will not exceed the equivalent weeks of severance pay.
- At the end of the bridging period the employee will terminate employment.
- This decision is irrevocable.

64.6.5.2 Bridging for Future Workload

Surplus employees may be assigned to perform work in temporary positions which bridge them to a point in time where additional ongoing work requirements exist, subject to the following conditions:

- That access to such positions be equitable (e.g. involve some form of advertising).
- Surplus employees shall have their surplus status and rights withdrawn when selected to bridging positions.
- Bridging could also include work sharing and job sharing where there is Agreement with the employees involved.

64.6.5.3 Rotations

Rotational opportunities should be used for developmental purposes and not to replace a legitimate vacancy. The following conditions will apply when rotational opportunities are used as a redeployment tool:

- Posting of rotational opportunities should be in accordance with Article 65.
- The posting should include basic information such as position name, salary level, location, a description of the duties, starting date and proposed duration of the rotation.

- The selection process should use formal selection criteria.
- Interviews will be the responsibility of the receiving unit.
- Rotations will normally be from six (6) months to two (2) years.
- Terms and working conditions while on job rotation will be in accordance with Article 65.
- In the event that the search/notice period continues during the rotation, the surplus employee will not be restricted from applying to vacancies or from subsequently being released in a reasonable period of time, if he/she is the successful applicant.

64.6.5.4 Retraining

Retraining is intended to enhance the skill and qualifications of the surplus employee thereby increasing his/her marketability. It can include formal classroom training as well as developmental assignment within or external to OPGI-Nuclear.

64.6.5.5 Educational Leave

The intent is provide the surplus employee with the opportunity to enhance his/her potential for redeployment.

Treatment will be in accordance with the OPG policies on Educational Leave (see Article 98).

64.6.5.6 External Placement

External placement assistance may be provided, at OPG's discretion, to a maximum value of two (2) weeks' salary (e.g. Outplacement counseling, legal or financial counseling, external job search expenses.).

64.7 Re-assignment of Declared Surplus Employees

Surplus employees who have not been placed into a regular position will normally be reassigned to work of a different nature within the basic search/notice period. This work should complement and assist the employee's redeployment by ideally providing opportunities to develop skills.

In situations where a Plant Closure has been identified as a cause for the adverse impact, unplaced employees at the Plant identified for closure, who are declared surplus, will not be entitled to reassignment during the search/notice period. In such situations the employee will be terminated. The employee will be paid the cash equivalent of basic search/notice +

100% service based search notice + severance (as outlined in 64.9.1).
Such employees will be entitled to recall per Article 64.12

Probationary employees who are not placed within eight weeks of their declared surplus date will be terminated and will be entitled to a payment equal to the amount of time remaining in the basic search/notice period. A probationary employee will not have the time that he/she is declared surplus credited towards the attainment of regular status.

64.7.1 Search Notice Period

64.7.1.1 Procedures

All full-time and reduced-hours employees who are declared surplus will have a search/notice period calculated as follows:

- no less than a 24 week basic search/notice period;

plus

- service-based search notice period equal to the sum of:
 - ◆ two (2) weeks per year of service for the first five years of service, and
 - ◆ one (1) week per year of service for service greater than five years, and
 - ◆ employees with relevant previous experience will receive additional service-based job search credits based upon their highest salary grade within one year of hiring in accordance with the following:

Salary Grade Hired Into	Credit
MP1/FMP11/TMS1-2/TS1/TS6/OSS1-8/SCT3	2 weeks
MP2/FMP12/MF22/TMS3/TS7-8/OSS9/SCO1	4 weeks
MP3/FMP13/MF23/TMS4/SE11/TS9-10/OSS10/SCO2	6 weeks
MP4/FMP14/SE12/TMS5/OSS11/SCO3	8 weeks
MP5/FMP15/OSS12/SCO4	10 weeks
MP6/FMP16/HO1	12 weeks

- For reduced hours employees, the service-based search/notice period will be calculated as if all service had been worked full-time.

The total search/notice period will not exceed 60 weeks.

64.7.1.2 Interruption of Search/Notice Period

Intent:

The search/notice period will normally run continuously uninterrupted, except where circumstances seriously impede the employee's ability to search for a new job or interfere with the employee's timely release to accept a new job. In those situations where the search/notice period is suspended, the right to priority consideration is also suspended, except as outlined below.

Specific Circumstances:

a) OPG Assignments Outside of Ontario

If the assignment is greater than one year, the surplus employee will be entitled to a 24-week search/notice period or the remainder of his/her search/notice period whichever is greater, upon return to OPG. If the assignment is less than one year, the search/notice period will continue unless the employee is not available to search for a new position in which case the search/notice period will be suspended. (See also Article 6 "Employees on Temporary Out-of-Province Assignments".)

b) Secondments

If the term of the secondment is defined, then the surplus employee is given the same treatment as described for out-of-province assignments. If the term of the secondment is undefined, then the employee is considered placed.

c) Pregnancy and Paid Parental Leave

- The search/notice period is suspended when the employee commences the leave. It continues when the employee returns to work.
- The rights associated with being declared surplus do not cease during the leave.

d) Other Leaves (e.g. Unpaid Parental Leave, Educational Leave etc.)

The search/notice period and any associated rights are suspended.

e) Rotations/Temporary Assignments

Normally, surplus employees are expected to continue their job search and be available for placement. However, if the nature of the rotation/ temporary assignment is such that the surplus employee is precluded from reasonably participating in the job search, the search/notice period shall be suspended for the duration of the assignment. Such decisions should be made at the outset of the rotation/temporary assignment.

f) WCB/LTD/Long Term Sick Leave

The Joint Redeployment and Planning Team will examine each case on its own merits and in the context of the intent of this Subsection.

64.7.2 Acceptance/Rejection of Job Offers

64.7.2.1 A surplus employee will have up to 7 calendar days to accept or refuse an offer of a position.

64.7.2.2 Assessment of Suitability

If there is more than one applicant for a vacancy within The Society's jurisdiction, the applicants will be considered in the priority set out in Subsection 65.6.3.

Within each category the most suitable candidate will be selected.

64.7.2.3 Right of Refusal - 24-Week Basic Search Period

A surplus employee may refuse any offer of employment without penalty.

64.7.2.4 Right of Refusal - Service-Based Search Notice Period

If the surplus employee refuses a job offer that is within 2 salary grades lower, he/she will either:

- i) terminate employment with severance pay;
- or
- ii) challenge that the offer is not a reasonable one. If the challenge succeeds, the surplus employee will continue on the job search period. If the challenge fails, the surplus

employee will accept the offer or be terminated with 50% severance pay.

64.7.3 Reasonable Offer Challenge Process

A Joint Reasonable Offer Team (JROT) will be established for each Unit of Application established under this Article.

This team will resolve employees' appeals arising from offers made during the mix and match process. Offers made subsequent to the final report of the JRPT process shall be subject only to the grievance/ arbitration and not to the JROT process.

The team will meet and make a decision within three (3) working days of receipt of the appeal. The decision will become part of the JRPT final report recommendation.

It will take into consideration items such as job level, geographical location, responsibilities, status, health, family, legal precedents, community standards and past practices.

The team will be made up of two employees representing OPG and two employees representing The Society. The members of the team must be different than those on the Joint Redeployment and Planning Team. The team's membership composition should avoid conflict of interest.

The surplus employee is responsible for presenting his/her own case.

64.7.4 Legal Notice of Termination of Employment

It is agreed that the basic search/notice period and the service based search/notice period are sufficient and full notice as per the requirements of the relevant legislation. This Article is the Adjustment Plan as required under the Ontario Labour Relations Act and meets the requirements of the Canada Labour Code, Part III, Division IX, Group Termination, for federally regulated employees.

64.8 Compensation

64.8.1 Salary Maintenance

64.8.1.1 The surplus employee's base rate of pay will be maintained, including economic increases and special allowances in the case of TMS staff (refer to Article 30), until placement or termination.

64.8.1.2 If the surplus employee accepts a position at the same salary level, salary maintenance will continue as in Clause 64.8.1.1.

subject to later performance reviews. Entitlement to special allowances for TMS staff will reflect the conditions of the new position.

64.8.1.3 If a surplus employee accepts placement in a lower rated position his/her current base salary dollars will be frozen until the employee's current pay entitlement as determined from the salary grade and performance standing exceeds the frozen level. This salary treatment must be conveyed in writing when the offer is made.

Exception:

A surplus employee who is within three years of eligibility for an undiscounted pension will be entitled to any negotiated economic increases for the period of time prior to qualifying for the undiscounted pension. In the event that the employee does not retire upon qualifying for an undiscounted pension, his/her base salary dollars will be frozen at that time. (This would include any economic increases occurring during the period of time prior to qualifying for an undiscounted pension.) At this point, the normal salary maintenance provisions will apply.

64.8.1.4 Premiums will be calculated on the basis of the performance standing assessed for the lateral or lower rated job.

64.8.2 Reduction in Hours of Work

(Applicable to Employees paid from Salary Schedules with base 35-hour work week)

64.8.2.1 Principles

- Pay should reflect hours worked.
- Pay should reflect the job performed.

64.8.2.2 Where employees move to positions where the normal weekly hours are less than in their former positions, the following will apply:

- a) The Society and OPG will attempt to reach a local agreement on a transition which would allow the affected employees to work additional hours above the 35 hour base for an extended period of time with staged reductions.
- b) Local agreements will continue to apply to the affected employees without change (e.g. ENCON, TOB).

64.8.2.3 Failing agreement in accordance with Clause 64.8.2.2, the following treatment will apply:

The employee's working hours and salary will be frozen for a six month period at which point they will be reduced on a pro-rated basis by 2.5 hours. They will be further reduced by increments of 2.5 hours every six months thereafter until such time as the hours of work are the same as that of the new position.

64.9 Severance, Lump-Sum Payments and Voluntary Resignation

64.9.1 Severance

Severance pay for the purpose of this Article will be calculated, for employees with less than 20 years' service, at a rate of 2 weeks for each year of service at the termination of employment date. Employees with a minimum of 20 years of service shall receive severance pay of 3 weeks per year of service at the termination of employment date to a maximum of 78 weeks. It will be calculated at the weekly rate for base hours of work for the full-time position (refer to Section 71.2) to the nearest whole month (30 days). Credit will be given on a prorated basis for any service which exceeds a whole year to the nearest whole month (30 days). The relativity allowances paid to TMS staff will be treated as base salary in the calculation of severance for TMS staff.

Severance pay is paid only when employment has terminated.

Persons receiving severance pay will not be considered employees for the purpose of any benefit, service accumulation nor for any other purpose from the day of termination except for recall as per Section 64.12.

The maximum amount of severance is 78 weeks.

64.9.2 Lump Sum Payments and Voluntary Resignation

Surplus employees are entitled to voluntarily resign their employment rather than proceed with redeployment.

Surplus employees will be entitled to the residual search/notice period and severance entitlement in the form of a lump sum payment in lieu of their continued rights in accordance with the following:

a) Voluntary Termination During the Basic Search Notice Period

One hundred percent (100%) of any unused portion of their basic search notice period *plus* 50% of their service based

search notice period *plus* 100% of their severance pay entitlement.

b) Voluntary Termination During Service-Based Search Notice Period

50% of the unused portion of the service based search notice period *plus* 100% of their severance pay entitlement.

Reduced hours employees will be entitled to lump sum payments which reflect pay for Normal Scheduled Reduced Hours (See Section 71.2).

64.9.2.1 Previous Severance and Lump Sum Payment

Surplus employees who have received a payment under Subsection or Clause 64.7.2.4 "Right of Refusal - Service Based Search Notice Period", 64.9 "Severance Lump Sum Payments and Voluntary Resignation", Section 64.10 "Purchased Services", or the predecessor Agreement "S3", will have their severance calculated on the basis of continuous service since the last time severance was paid.

64.10 Purchased Services

64.10.1 Employees who are surplus as a result of purchased services will have the following additional entitlements:

- a) If the surplus employee voluntarily terminates his/her employment prior to the end of the basic search/notice period, he/she will be entitled to 100% of the unused portion of the basic search/notice *plus* 75% of their service based search/notice period *plus* 100% severance pay.
- b) If the employee is placed into a lower-rated position, then he/she will be entitled to one additional economic increase at his/her former rate prior to having the rate frozen.
- c) The employee may be allowed to bid on the work being considered as a purchased service subject to the following conditions:
 - there be no preference for the bid;
 - if the surplus employee is the successful bidder, his/her employment will automatically terminate and he/she will receive severance pay; and

- the surplus employee will be entitled to the equivalent of two weeks' salary if he/she is the successful bidder to assist in setting up his/her business.

Note: (c) will only form part of this Article if in OPG's opinion it is feasible.

- d)** The surplus employee will be entitled to enhanced outplacement services equivalent to one week's salary guaranteed plus two additional weeks' salary at OPG's discretion.

64.10.2 Prior to the involuntary termination of surplus employee(s) under this Article and where there are purchased services operating within the Unit of Application, OPGI-Nuclear will review the purchased services contract with a view to determining if it would be a sound business decision to terminate the purchased services contract(s) based on consideration of such factors as the cancellation charges in the contract and the cost of the layoff.

64.11 Termination of Employment

If a surplus employee is not placed by the end of the service based search period, he/she will be terminated with a severance pay entitlement as per Subsection 64.9.1 "Severance".

Throughout this Article, wherever surplus employees eligible to retire terminate their employment voluntarily or involuntarily, such employees will be entitled to full retirement benefits in addition to full entitlements under this Article.

64.12 Recall Rights

Surplus employees whose employment is about to terminate because their search/notice period has expired, or who terminated from a Plant identified for closure per Article 64.7, are entitled to the following:

- a)** a terminating surplus employee will be eligible for either:
- a weekly paid severance payment with entitlements to recall;
 - or
 - a lump sum severance payment with no right to recall.
- b)** terminated surplus employees will be eligible for recall rights for 12 months from the date of their termination.

- c) former surplus employees with recall rights will be considered for vacancies in the bargaining unit as per Article 65.6.3 (f), including their right to grieve non-selection (refer to Subsection 65.6.3).
- d) weekly severance payments will cease in the event a terminated former surplus employee is rehired.
- e) severance pay received prior to recall will be subtracted from any future severance pay entitlements under this Article.
- f) persons on recall are not employees and shall not be entitled to any benefits provided to employees except recall rights as noted above.
- g) notwithstanding clause (f) above, persons on recall shall be provided with coverage under the OPG Health and Dental Plan from the date the right of recall commences for a period of 6 months or until the commencement of alternative employment whichever comes first.

64.13 Relocation and Housing Assistance

- 64.13.1** OPG will restructure the cost of relocation so it mitigates the disincentive in the redeployment of surplus staff.
- 64.13.2** A surplus employee in a community where OPG's presence influences the housing market, e.g. Atikokan, Port Elgin, etc. may avail himself/herself of the House Evaluation and Guarantee Plan in accordance with the OPG policy.

65 Vacancies (Relief, Rotations and Selections)

65.1 Intent

To provide open, fair access to career opportunities and enable OPG to optimize staffing requirements over time.

65.2 Definitions

"Relief/Rotations" assignments are short assignments where an individual is assigned duties outside their normal job duties.

"Relief" assignments will mean short-term assignments (normally up to 3 months) where an individual is appointed to act temporarily in an ongoing position or which is expected to become an ongoing position. In some cases, the individual may not be required to perform all of the duties and responsibilities of the position.

"Rotations" will mean assignments normally greater than 3 months but not exceeding 2 years in duration in positions which are not expected to be ongoing.

65.3 Advance Planning

Prior to filling the work assignment, Management will meet with the local Society representative to discuss the nature of the requirement (e.g., relief, rotation) its expected duration, the selection process and whether there is an expectation that the work assignment will result in an ongoing position.

65.4 Relief

65.4.1 Relief is used to cover (a) short-term absences for vacation, sickness, relief absences, etc., (b) short-term bridging periods for selection or rotation, and (c) short-term emergency situations.

65.4.2 The process for selecting the employee to fill the relief assignment should be easy and quick and provide a fair opportunity to employees in the work unit to perform relief.

65.4.3 If there is mutual agreement between The Society Unit Director and Management prior to the beginning of the relief assignment, the relief assignment and the incumbent(s) can run for a period of up to one year. In the absence of mutual agreement, the relief assignment is limited to 90 days.

65.4.4 Relief assignments will not be used continuously to avoid advertising either a rotation or an ongoing position.

65.4.5 Pay treatment while on relief will be in accordance with Article 66.

65.5 Rotations Within the Bargaining Unit

(This Article does not apply to rotations outside the Society jurisdiction. Article 5 applies to rotations outside the Society jurisdiction..)

Rotations are used to accomplish work for situations that occur between short-term relief and ongoing positions. At the completion of the rotation, the employee will return to his/her original position or a comparable position normally within the sending unit, except in the circumstances where the employee is surplus (see Article 64).

65.5.1 Principles

Job rotations serve many purposes such as:

- a)** to provide development opportunities to employees consistent with their career objectives;

- b) to allow Management to meet temporary work programs and work load requirements;
- c) to manage work performance or to test skills and capabilities where it is believed that an employee's skills and capabilities may be better utilized in another position;
- d) to broaden the experience of employees so that they may better perform their regular jobs;
- e) to provide employees with the opportunity to develop new skills for career advancement or to enhance career options in the case of anticipated redeployment or technological change which could result in skill redundancy or obsolescence;
- f) to meet OPG's employment equity objectives;
- g) to provide Management with flexibility in resourcing regular positions as a result of employees being provided rotational opportunities and temporary relief assignments.

65.5.2 Rotations which are expected to last six (6) months or longer in duration will be posted unless there is agreement with The Society. The scope of the posting will be determined by the receiving unit and may be within the Department, Division/Business Unit or OPG-wide. Unless there is mutual agreement, the rotation will not continue beyond two years except where the position is formally identified as an ongoing training position.

A job rotation posting should include basic information such as the position name and location, salary level, a description of required duties, starting date and proposed duration of the rotation.

65.5.3 The optimal selection process is one in which the employee's interest in the job rotation opportunity, the sending unit's ability to release the employee and the receiving unit's interest in the employee coincide. Rotations will be voluntary.

The selection process should include the use of formal selection criteria and interviews will be the responsibility of the receiving unit.

65.5.4 Employees selected for rotation will be provided with a letter in advance of the rotation stating the nature, terms and conditions of the assignment, including rotation duration and details of the performance appraisal process. These terms and conditions should be mutually acceptable.

- 65.5.5** An employee, other than those who are surplus, who accepts a job rotation will be given a guarantee by the sending unit that he/she can return to his/her original position, if available, or to a comparable position normally with the sending unit.
- 65.5.6** Terms and working conditions while on a job rotation will comply with all applicable Articles in the Collective Agreement concerning pay treatment, overtime, performance pay plan and appraisal process, moving expenses, travel expenses and related OPG policies.
- 65.5.7** Employees should not be restricted from applying to advertised vacancies or from being subsequently released from the rotational assignment if selected where the employee is surplus or the vacancy represents a promotion.
- 65.5.8** Performance feedback is an essential ingredient in any rotational assignment and should be provided during and upon completion of the rotation. A rotation should not normally have a negative effect on an employee's performance pay standing.

65.6 Selections for Assignments Other Than Relief or Rotations

- 65.6.1** All vacancies for assignments which do not fall into the category of relief or rotations shall be advertised OPG-wide unless there is Agreement with The Society Unit Director or the following conditions apply:
 - a)** during implementation of Article 64;
 - b)** laterals or demotions in the case of sickness; employees with disabilities or special needs; employees returning from rotations, LTD, leaves of absence, foreign assignments, secondments/assignments outside OPG;
 - c)** performance management that takes place following consultation with The Society;
 - d)** ongoing exceptions in specified organizational units where there has been joint agreement of the JSMC;
 - e)** "promotions" within a promotion-in-place plan or a proposal which has the joint agreement of the JSMC in accordance with Subsection 33.3.1. Vacancies for positions in a promotion-in-place plan will be advertised in a manner which informs employees that the position is included in a promotion-in-place plan and that where the best candidate does not satisfy the qualifications or experience required for the end position the employee may be offered the position at a lower rate and be promoted in place.

Employees in categories (a) to (e) in subsection 65.6.3 will be considered at all levels of the PIP prior to those employees in categories (f) to (h) and subject to unit viability. Unit viability which would alter this consideration will be discussed in advance of advertising the PIP.

Exceptions to provide for the advertising of the position at a lower rate than the end position will be permitted by joint agreement between The Society Unit Director and the Business Unit Leader based upon a balanced consideration of:

- future work planning needs
- providing developmental opportunities for lower-rated staff outside of the promotion-in-place plan
- current work requirements
- unit viability and the need to have sufficient number of staff in the end positions.

In such cases, the vacancy notice will state that the position is part of a PIP Plan and surplus employees will be considered for placement at a lateral level.

- f) a regular position currently held by an employee where a job review has resulted in a change in salary schedule and/or salary grade;
- g) to fill vacancies with the same occupation code within six (6) months of the ongoing posting, in which case Management may select from the previous list of candidates, after checking that surplus employees have not become available for consideration since the vacancy was last advertised;
- h) to meet legislative requirements.

65.6.2 All applications which represent a promotion must be processed.

When an application to an advertised vacancy represents a lateral or demotion to a non-surplus employee, the following will apply:

- a) **Applications from employees with less than three years' service in their current position will be processed and considered where the supervisor determines that the move on balance would be in the best interest of OPG and the employee.**

- b) Applications from employees with over three years' service in their current position will normally be processed and considered unless the move seriously jeopardizes the viability of the work unit.
- c) **Applications to an advertised vacancy which represent a demotion with an increase in base hours of work to a non-surplus employee will be processed where the employee's Director determines that the move on balance would be in the best interest of OPG and the employee.**

65.6.3 Selection Priority for Vacancies

If there is more than one applicant for a vacancy within The Society's jurisdiction, the applicants will be considered in the priority set out below:

- a) Surplus Society-represented employees who have elected the priority consideration option in Subsection 64.6.4.1 (Significant Inequity).
- b) Surplus Society-represented applicants for whom the vacancy represents a lateral or demotion including surplus trainees applying for MP2 or equivalent or lower rated positions on Schedules 01 and 02 who have progressed to at least Step 5 and who were mixed and matched with Schedule 01 and 02 employees.
- c) Surplus employees paid from Salary Schedule 04 who were not mixed and matched with Schedule 01 and 02 employees and who have greater seniority than Surplus Applicants on Salary Schedules 01 and 02 will have priority consideration for MP2 and equivalent or lower rated vacancies before the applications from all other individuals other than those in (a) and (b) above.
- d) Surplus applicants from positions in the business organization corresponding to The Society's bargaining unit that are excluded from The Society (i.e. Society Equivalent Management Group Jobs (formerly MF)) and for whom the vacancy represents a lateral or demotion.
- e) Society-represented employees and Society Equivalent Management Group Jobs (formerly MF) applicants from a business unit that has invoked Article 64 and a JRPT has not completed its mix and match for whom the vacancy represents a lateral or demotion.
- f) Selection on a "best qualified" applicant basis from among regular Society-represented applicants, regular Society

Equivalent Management Group Jobs (formerly MF) applicants, **surplus applicants from the Society's other OPG bargaining unit** and applicants with recall rights under Article 64.12 or 102.4 (ix), who are from **either of** The Society's bargaining units. This includes applicants from another Society bargaining unit with selection priority pursuant to transition provisions in Article 9.

Selection is at this priority when both a Society-represented applicant and the vacancy are in the OPG-wide Unit of Application for construction staff pursuant to LOU #14.

- g) Selection on a "best qualified" applicant basis from among regular Society-represented applicants and regular Society Equivalent Management Group Jobs (formerly MF) applicants from the business organization corresponding to another Society OPG bargaining unit, and all other regular applicants from OPG.
- h) Selection on a "best qualified" applicant basis from among temporary employee applicants with OPG.
- i) External to OPG.

Assessment of the suitability of a surplus employee for a lateral or lower level placement opportunity will include education, experience, personal contribution factors and potential for training to perform the job requirements within a reasonable period of time (e.g. up to six (6) months). A surplus employee who is placed and who requires additional training to perform the job requirements with assistance to obtain the necessary training and development to perform the new job requirements. OPG will restructure the cost of retraining so it mitigates the disincentive in the redeployment of surplus staff.

A determination that none of the applicants in category (a) is qualified or qualifiable with a reasonable period of time is required before considering the applicants from the next category. The same is true with respect to categories (b), (c), (d), and (e).

See subsection 65.6.1 for priority consideration of applicants to promotion in place plan vacancies.

OPG agrees to grant priority to Society-represented employees in the business organization corresponding to The Society's bargaining unit who are surplus and to those who fall within subsection 65.6.3(e) who apply for positions excluded from all union jurisdictions and for whom the vacancy represents a lateral or demotion, after the consideration of surplus applicants in the business organization corresponding to The Society's bargaining

unit who are excluded from all unions for whom the vacancy represents a lateral or demotion and prior to consideration of all other applicants.

65.6.4 In determining who is the best qualified candidate for positions, in each category of subsection 65.6.3, the primary basis for the selection of employees is their assessed capability to perform the necessary work. The selection criteria would normally include but not be limited to the following:

- a) requirements including skill, knowledge, education, experience, transferable/generic skills such as analytical skills, communications skills, project management skills, consulting skills, self-management skills, accountability, responsibility, etc.;
- b) the candidate's past track record and what she/he brings to the position;
- c) the candidate's potential to develop competence for more senior positions;
- d) the need to meet legislative requirements;
- e) the need to balance the overall requirements of the work unit.

65.6.5 Employee selection measures which are used as aids in selection decisions shall be job related and be used in a manner that is fair and equitable to the individuals being assessed. Individuals will be entitled to prior knowledge of the selection criteria and be entitled to information with respect to their performance in the selection process upon request.

65.6.6 Some flexibility should be exercised in accepting late applications to advertised vacancies after the closing date in order to permit employees a fair opportunity to continue employment yet still allowing the Business Unit to resource expeditiously.

Where the closing date is FIRM, it must be stated clearly in the vacancy posting that late applications will not be considered.

- a) Surplus and non surplus employees are normally expected to have made application to a vacancy by the closing date.
- b) It is recognized that in some instances, there will be applications filed after the official closing date. In these cases, unless the closing date is FIRM, late applications must be filed with the advertising location NOT later than the date that the "short list" of applicants is finalized for formal consideration.

- The term "Short List" refers to the first list of applicants who Management plans to interview for a vacancy.

c) Employees who have applied for vacancies and are later declared surplus have until the "short list" date to notify the advertising location of the change in their status.

65.6.7 Applicants to advertised vacancies are to be advised of the status of the vacancy (and of their applications) within a reasonable period of time for each successive step they qualify for.

65.6.8 When outstanding vacancies remain unfilled for longer than six months, employees in the work unit concerned should be advised of the reason for not filling such vacancies.

65.6.9 All positions on salary schedules 01, 02, 03, 04, 05, 08, 10, 11, 12, 13, 15, 22 which are excluded under the Recognition Clause and first-level ESR vacancies including rotational opportunities expected to last longer than six months will be posted on appropriate bulletin boards (and through electronic means where possible).

65.6.10 Release of Employees Selected to a Vacancy

Intent:

- (a) OPGI-Nuclear will strive to facilitate the expeditious release of employees who are selected to a vacancy.
- (b) Normally, employees should be released within 90 days of the vacancy selection. In the event that a release date greater than 90 days appears likely, Management will discuss the reasons for the delay and a release date with The Society.

66 Salary Treatment For Promotions, Temporary Assignments, Lateral Transfers and Demotions

66.1 Definitions

"Promotion":

This occurs when an employee is appointed to a position in which the demands and responsibilities are greater than in the employee's current job and the position is a minimum of one salary grade higher than the employee's current job if rated on the same salary schedule or the equivalent of one salary grade higher if rated on a different salary schedule.

"Higher-Rated" Job:

A job paid from:

- a) the same salary schedule and is a minimum of one salary grade higher than the employee's current job; or
- b) a different salary schedule in which the salary level is greater than in the employee's current job, measured by salary grade reference points (100%), except when moving between 01 and 11, 02 and 12, or 05 and 15.

"Lateral Transfer":

This occurs when an employee is appointed to a job paid from:

- a) the same salary schedule and is the same salary grade as the employee's current job; or
- b) a different salary schedule in which the salary level is equivalent to the employee's current job, measured by salary grade reference points (100%) including when moving between 01 and 11, 02 and 12, or 05 and 15.

"Demotion":

This occurs when an employee is appointed to a position in which the demands and responsibilities are less than in the employee's current job and the job is a minimum of one salary grade lower than the employee's current job if rated on the same salary schedule or the equivalent of one salary grade lower if rated on a different salary schedule.

66.2 Promotion

66.2.1 It is normally expected that an employee will receive a salary increase upon promotion to compensate for the greater demands and responsibilities of the new, or revised job.

66.2.2 A promoted employee will be placed at the performance standing which reflects a reasonable expectation of his/her performance in the new or revised job.

66.2.3 Any salary increase received by an employee upon promotion should not be less than any approved, but not yet implemented, performance pay recommendation.

66.3 Reclassification as a Result of a Job Re-evaluation

66.3.1 Reclassification may occur under several circumstances:

- a) when the salary grade for a job increases with no change in the employee's actual job duties/responsibilities;

- b) when the employee has been and will continue to perform additional job duties/responsibilities;
- c) when additional job duties/responsibilities are to be added to the job.

Reclassification as a result of (a) or (b) above will result in the employee being placed in the same performance standing in the higher salary grade.

Reclassification as a result of (c) above will be considered as a promotion. However, at the next performance appraisal the employee will be eligible to be placed in the same performance standing as before the reclassification.

- 66.3.2** Short-term increases in the employee's actual job duties/responsibilities do not require reclassification but may be subject to the relief provisions of this Collective Agreement.
- 66.3.3** Retroactive payments, if any, that result from reclassification either because of a Management or employee-initiated job review will be limited to a maximum of one year prior to the date of the job review request. The employee must have performed the relevant duties and responsibilities which resulted in the reclassification during this period in order to qualify for retroactivity.
- 66.3.4** Retroactivity which results from a reclassification decision will be paid within 60 calendar days of the final decision on the rating.

66.4 Temporary Assignment in a Higher-Rated Job

- 66.4.1** After fifteen (15) cumulative working days performing in a higher-rated job during a calendar year, an employee (other than a TMS and OSS) shall receive:
 - a) a minimum of a 3% salary increase when assigned to work in a position one or two grades higher than the employee's normal job;
 - b) a minimum of a 5% salary increase when assigned to work in a position more than two grades higher than the employee's normal job.

To be eligible for these payments:

- a) the position must be filled to satisfy operating requirements; and

- b) the employee must perform all or most of the normal job duties of the position as expected during the course of the assignment.

Where a temporary assignment to a higher-rated position is discretionary and optional for the employee, pay treatment is also discretionary. Discretionary means that the temporary assignment is not required to be filled to satisfy operating requirements, in the opinion of OPG, and represents a developmental opportunity.

- 66.4.2** Trades Management Supervisors (TMS) and Office Services Supervisors (OSS) who supervise trades will receive a salary increase after five (5) consecutive days when temporarily relieving in a higher-rated position or after 10 cumulative working days. Where such increases occur, they will be paid retroactive to the first day of relief. The amount of increase should reflect the increase in job demands and responsibilities.

66.5 Lateral Transfer

Normally, an employee who is appointed to a lateral position should receive no increase in current pay.

66.6 Demotions

An employee who voluntarily accepts placement in a lower rated position will have his/her current base salary dollars frozen until the employee's current pay entitlement as determined by the salary grade and performance standing exceeds the frozen level. An employee may apply to The Society in advance of submitting a job application and/or acceptance of a job offer for an exemption from this provision. Exceptions that occur as a result of performance management (Clause 65.6.1 (c)) require advance consultation with The Society.

67 Purchased Services Agreement (PSA)

67.1 Scope

This Agreement was developed jointly in a spirit of co-operation and trust. It is intended to provide a joint approach to making good business decisions which involve the use of purchased services. Its application calls for these decisions to be made in the same spirit of co-operation and trust.

What follows is based upon the belief that there is value and benefit to the employee, the Company and the customer if:

- There is a greater involvement and therefore responsibility by employees in all aspects of the decision making process.

- There is an improved understanding as to why purchased services are used.
- Employment security and career opportunities are enhanced by a productive, healthy and cost effective organization.
- We collectively strive for excellence by continuously improving whatever we do and by fully utilizing the capabilities of all employees.
- The Society and Management work together and act responsibly balancing the interests of the customer, the Company and the employee in decisions relating to the use of purchased services.

This is a way of deciding how work gets done. It is not intended to hinder getting work done.

67.2 Assignment of Work

67.2.1 Philosophy

It is the Company's intent to use Society represented staff to perform most of its work where they are able to perform it well and effectively. Furthermore, the Company will strive to provide regular staff with stability of employment.

The parties agree that a consistent, managed, joint approach to the assignment of work within the Company is necessary to provide security and career opportunities for employees, a more effective, productive organization and an excellent product for the consumer.

67.2.2 Principles

The following principles apply to the relationship between the Company and The Society with respect to the work performed by Society represented staff.

- a) We will within OPG have all work conducted as effectively as possible.
- b) We will measure the effectiveness of all work by its impact on staff, on the business, on the environment and by its ultimate impact on our customers.
- c) We will do most work with Society represented employees if they can perform it well and effectively.
- d) We will determine when work is to be done by non-Society represented staff through a joint decision making process and the results of these decisions will be a joint responsibility.

- e) We will use the enhanced surplus staff agreement for employees who are surplus as a result of contracting the work they normally would have performed.
- f) We will use a team and consensus approach when making decisions and any issues arising will be resolved internally, where possible.
- g) We will consult and make timely decisions consistent with the need to get work done.
- h) We will develop, implement and continue a joint process of communications and education.
- i) We will achieve consistency through the use of these principles versus policy and procedure.

67.3 Decision Process

67.3.1 Responsibility for Decisions

The persons who are responsible for applying the decision process, including making timely decisions and taking responsibility for them are the Company representative with the appropriate decision authority and The Society representative designated by The Society. It is recognized that a given decision may require the involvement of more than these two persons.

67.3.2 Opportunity

The parties recognize that work may be done more effectively internally or externally. Opportunities for the application of this Article to new or existing work can be initiated by Management and/or The Society. It is intended that joint discussion should commence as soon as possible and before detailed definition of the need to have new or existing work done by purchased services.

67.3.3 Definition of Need

The parties will consider what work must be done and why and include such dimensions as:

- when it must commence and the duration of the work;
- the quantity of resources required;
- the quality of the results;
- the skills required and their availability internally and externally; and
- safety requirements.

67.3.4 Alternatives

The parties will consider such alternatives as:

- do the work internally;
- do the work internally and plan to do it externally in future;
- do part of the work internally and part externally;
- do the work externally and agree to acquire capability to do the work internally in future; or
- do the work externally.

67.3.5 Evaluation

The parties will evaluate the alternatives considering the impact on the customer, employees and the business. The total effectiveness of the alternatives will be evaluated considering both the short and long-term impacts. In given situations, certain criteria may be given a greater or lesser degree of importance. Such criteria as:

- reliability of service to the customer,
- responsiveness to customers,
- community impact,
- Corporate relations impact,
- external stakeholder interests,
- employment continuity,
- career opportunities,
- ability to perform work,
- degree of overtime required for the work,
- availability of resources,
- cost,
- timeliness,
- quality,
- need for control over results,
- safety, and
- impact on environment

will be assessed.

67.3.6 Decisions to use purchased services will be made on a consensus basis. Both parties must consider all the relevant criteria with the mutual goal of selecting the most effective option. When appropriate, consideration should be given to developing implementation plans.

The parties agree that disputes arising out of this process must be resolved internally, where possible. Where the parties cannot reach agreement, the parties will apply the dispute resolution process set out in 67.4.

67.4 Dispute Resolution Process

67.4.1 Joint Resolution Committee (JRC)

The purpose of this Joint Committee is to resolve disagreements or disputes between the parties on a consensus basis in a timely and expeditious manner. In its deliberations, the JRC will consider the factors in items 67.1, 67.2 and 67.3.

Prior to a meeting of the JRC, the Company will provide The Society with the following information related to the proposed purchased service.

- copies of the Tender or Request for Proposal documents, if there are any;
- an accurate description of the work which is the subject of the proposed purchase service;
- accurate details on bids, e.g., price, scope of the work as set forth in the bid;
- a full cost benefit analysis including incremental costs but excluding overhead costs which would be incurred.

67.4.2 Membership

The membership of the JRC shall be as follows:

- (a) William Kaplan shall act as Chairperson of the JRC and as a facilitator/arbitrator. The Chairperson shall assist the parties to resolve all issues of application and interpretation of this Article with the power and authority of an arbitrator under the Ontario Labour Relations Act but not subject to the Arbitrators' Act.
- (b) One Management and one Society representative plus additional resources as required.
- (c) In the event of the parties not being able to reach a consensus decision the facilitator/arbitrator will have the power to make decisions and will have the authority to make such orders as he/she deems appropriate to give full affect to his/her decision(s) and to deal with any consequences his/her decision(s) might have in the workplace.
- (d) Where either party wishes to proceed with a Purchased Services discussion, the parties will endeavour to complete discussion within 10 days of notice to The Society in the prescribed form and that full resolution, including review by the JRC, will occur within 30 days of notification.

- (e) Where the Company proceeds unilaterally on the basis that an emergency exists, The Society may request that the JRC and/or the facilitator/arbitrator review the matter, provided that a request for review is made within 3 days of receipt of the information as per 67.4.1 above. If the facilitator/arbitrator determines that an emergency did not exist he/she may impose such remedy as may be appropriate in the circumstances.
- (f) The Society will not be prejudiced in any subsequent case by a particular purchase of services. Similarly, the Company will not be prejudiced by any decision not to purchase services.

67.4.3 It is understood that emergencies are in a different category. In the case of an emergency, the joint decision provisions of this Article need not be applied. The Company will notify The Society as soon as it has determined that an emergency exists and that it will proceed unilaterally. The JRC and/or the facilitator/arbitrator may review the decisions made by the Company that an emergency existed.

67.5 Structure

67.5.1 Joint Society Management Committee (JSMC)

The JSMC has overall responsibility for this Article and its success. It is responsible for ensuring that the Article is implemented and applied in a manner which is consistent with the philosophy and principles outlined in Sections 67.2.1 and 67.2.2. It will conduct a periodic assessment and evaluation of this Article and determine the need for any improvements and changes. The committee will strive for continuous improvement of the process contained herein.

67.5.2 Joint Purchased Services Team

The Joint Purchased Services Team will assist the JSMC in achieving its mandate relative to the use of purchased services. It will be responsible for developing and delivering training and awareness programs and ongoing measurement of the process and results.

67.6 Application

67.6.1 The parties will jointly develop implementation plans for approval by the senior management of the Company and The Society. These implementation plans will include a plan for training employees involved in the decision process.

67.6.2 Where a service is obtained for a business organization corresponding to one OPG bargaining unit from another business organization corresponding to another OPG bargaining unit, or a business which has Society-represented employees who are providing the service, The Society will agree to waive the application of Article 67 (Purchased Services Agreement – PSA) provided that such purchased service does not directly result in a surplus of Society-represented staff in OPG. Article 67 shall be applied in the service provider bargaining unit or business where the service provider wishes to purchase external services in order to provide service to another OPG bargaining unit.

67.6.3 OPG and The Society agree to consider waivers of Article 67 for those organizations, partnerships and service providers who will in the long term enhance OPG competitiveness through cost reductions and productivity improvements.

68 Hours of Work

68.2 The FM&P Salary Schedule (02) applies to 35 hours of work per week, with regular scheduled hours between 35 and 39 hours per week paid on a prorated basis. Schedule 12 applies to 40 hours of work per week.

68.3 The TMS Salary Schedule (08) applies to 40 hours per week.

68.4 The OSS Salary Schedule (05) applies to 35 hours of work per week. Schedule 15 applies to 40 hours of work per week.

68.5 The M&P Development Schedule (04) apply to 35 hours of work per week.

68.6 The Nurses Salary Schedule (13) applies to 35 hours of work per week.

68.7 Reduction of Hours of Work

Where Management reduces the standard hours of work for a position, the following will apply:

a) The Society and OPG will attempt to reach a local agreement in advance of the change on a transition which would allow the affected employees to work additional hours above the 35 hour base for an extended period of time with staged reductions.

b) Failing agreement in accordance with (a), the following treatment will apply:

- i) Where an employee is within 3 years of eligibility for an undiscounted pension, the employee's normal hours of work will not be reduced for 3 years, or until such time the employee is eligible for an undiscounted pension if earlier, and the employee will continue to receive economic pay adjustments. If the employee does not retire upon qualifying for an undiscounted pension, then their hours of work and base rate will be immediately reduced to the hours and rate of the position.
- ii) For other employees than those in category (i), the employee's working hours and salary will be frozen for a six month period at which point they will be reduced on a pro-rated basis by 2.5 hours. They will be further reduced by increments of 2.5 hours every six months thereafter until such time as the hours of work are the same as that of the new position.

68.8 OPG will comply with legislative requirements regarding hours of work.

70 Alternate Hours of Work Arrangements

70.1 Principles

- 70.1.1** That any alternative arrangements will positively affect our customers. That cost, quality, service and value are key to our success.
- 70.1.2** That work is best achieved when individuals manage their own time and accept the accountability and the responsibility for the results.
- 70.1.3** That processes for negotiating and establishing hours of work arrangements will be uniform across OPG, and accessible to all. The processes will be designed to ensure equitable treatment. However the results of applying the processes may differ from location to location and unit to unit.
- 70.1.4** That decisions should be made at the most appropriate level that is closest to the work being done.
- 70.1.5** That individual concerns will be factored into group proposals and wherever possible, participation in changed hours of work will be on a voluntary basis.

70.2 Application

The procedure described in this Article applies to all forms of alternate hours of work arrangements.

70.3 Definitions

"STANDARD HOURS OF WORK" are to be worked to provide coverage for the business hours. For people assigned to day work, the standard hours of work shall not begin before 7:00 a.m. nor end after 6:00 p.m. They are:

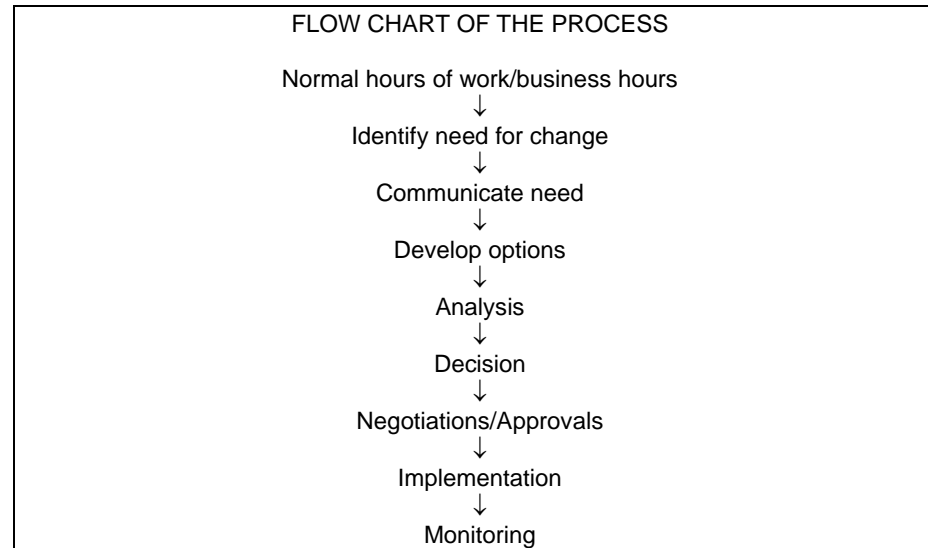

- for 35 hour/week staff - Monday through Friday, 7 hours per day; and
- for 37.5 hour/week staff - Monday through Thursday, 8 hours/day and 5.5 hours on Friday; and
- for 40 hour/week staff - 8 hours per day, Monday through Friday.

In the absence of any other agreed upon arrangements these are the hours which will be worked. In situations where there is need for 24 hour and/or 7 day/week coverage the hours of work will be a matter of local arrangement.

"NORMAL HOURS OF WORK" are either the standard hours of work or another arrangement as agreed upon using this process.

"STANDARD BUSINESS HOURS" are determined by the needs of the business and the customers.

"NORMAL BUSINESS HOURS" are either the standard business hours or another arrangement as agreed upon using this process. The normal business hours are just a variation on the standard business hours. They would normally arise from a change in customer needs.

70.4 Overtime

Hours worked in excess of the normal hours of work will be considered to be overtime except where there has been agreement between the supervisor and the employee for the employee to work in excess of normal hours to make up time.

The pay treatment for Saturday and Sunday will form part of the Agreement which establishes the normal hours of work.

70.5 Process**70.5.1 Identify Need for Change**

Identification of the desire for change can come from Management, an individual or a group. A request to change business hours would normally come from Management whereas a request to change working hours would normally come from an individual or group. Where a change to the hours of work for a group is being considered, The Society will be informed and involved in the discussions.

70.5.2 Communicate Need for Change

A request for a change should be communicated to the other party in order that deliberations can begin. Requests will be actively considered by the other party within a reasonable period of time. The process will be joint (Society and Management) and will use a collaborative approach in which the needs and interests of the parties are discussed in an open and honest manner and decisions are made by consensus.

70.5.3 Develop Options

A list of options will be jointly developed and agreed upon. As a minimum, the following criteria will be considered when analyzing the options:

- customer needs
- business needs
- maximum/minimum number of hours that can be worked daily
- overtime/premium provisions
- employee needs
- health and safety considerations
- legal and contractual considerations

70.5.4 Analysis

All options should be analyzed using appropriate tools and measures. The analysis should include a discussion of the options considered, their relative merits and the rationale for the recommendation.

70.5.5 Decision

All decisions will be reached by consensus. If consensus is not achieved then the existing "normal" hours remain in effect.

Consensus means everyone can live with and publicly support the outcome.

70.5.6 Negotiations/Approvals

Negotiations and/or approvals should occur at the appropriate level closest to the situation. The line Director will determine the appropriate level of Management approval and in all cases the Management approval must be outside of the bargaining unit. If necessary, Mid-Term Agreements will be established between Management and The Society to document normal hours of work or normal business hours.

All parties to negotiations under Article 70 should negotiate with the support of principals who will ultimately approve negotiated conditions.

70.5.7 Implementation

Implementation will be on a trial basis initially for an agreed upon length of time and with appropriate cancellation provisions. Criteria for success/failure must be established.

70.5.8 Monitor

The trial will be monitored and evaluated against the criteria. The accountable manager is responsible for monitoring the arrangement.

Following a successful trial period the hours (business hours of work) used in the trial period will become the new normal hours.

Monitoring of key indicators will continue to ensure that the arrangement remains viable.

In the event that the viability ceases to be realized, as determined by either party, the hours of work will revert to the previous "normal" hours unless the parties can jointly find another mutually

acceptable alternative. When either party is making a determination about viability it must consider the previously established criteria for success/failure.

71 Reduced Hours of Work (RHOW) Arrangements

71.1 Principles

- 71.1.1** Employees working RHOW are regular employees and have equal access to all OPG policies and agreements (e.g. employment continuity).
- 71.1.2** The RHOW arrangement must be mutually beneficial and acceptable to both the employee(s) and to OPG.
- 71.1.3** The benefit entitlement will be prorated, wherever possible and appropriate.

71.2 Definitions

A "REDUCED HOURS OF WORK (RHOW) AGREEMENT" is a formal arrangement which individual employees can enter into with Management to perform work over a period of time by working less than the base hours for a full-time position. A RHOW agreement could apply to one individual or two or more in a job sharing arrangement.

"WORK UNIT" is an organizational grouping of employees and may be as small as a crew or as large as a Business Unit.

"BASE HOURS" are used to establish the rate for a full-time position; such as 35, 37.5, or 40 hours per week.

"NORMAL (SCHEDULED REDUCED) HOURS" are the agreed upon reduced hours of work, which are less than the base hours, and form the basis for prorating benefits.

71.3 Guidelines

In determining if a RHOW arrangement is acceptable, the following factors will be considered:

Productivity levels will be maintained or improved. There should be identification of how this change will potentially affect the productivity of the work unit (including assumptions and rationale used to assess the impact), and identification of the proposed method for follow-up and measurement of productivity impact(s) resulting from the change.

The need to maintain staff capability on an ongoing basis is to be taken into account. Identification of the staff capabilities required by the work unit to

maintain effective operations, and how the reduced hours of work arrangement will accommodate or improve this capability should occur.

The appropriate level of service to both external customers and internal customers/clients should be provided. There should be identification of the customers/clients of the work unit and the service provided by the work unit to these customers/clients, and anticipation of the impact of the reduced hours of work arrangement on the service provided.

Effective work flow among work units will be maintained. Other work units impacted by the change, and the anticipated impact of the reduced hours of work arrangement on the work flow among the work units should be identified.

Requirements for supervision must be taken into account. Potential issues relating to supervision (e.g., span of hours), and how the work unit plans to deal with these issues should be determined.

The change to reduced hours should be agreeable to both Management and the employee(s) involved. A written Reduced Hours of Work Agreement must be signed to confirm that this matter has been agreed upon by the parties involved.

71.4 General Conditions - Reduced Hours Arrangements

71.4.1 Advertised Vacancies, Performance Pay, and Employment Continuity

Employees who are on Reduced Hours are regular employees and will be treated accordingly. Therefore, they will be: (a) eligible to apply and be considered for advertised vacancies; (b) given annual performance reviews; (c) where applicable, participate in the Performance Pay process; and (d) have access to the Employment Continuity Article.

71.4.2 Established Commencement Date (ECD)

ECD will be manually adjusted at the beginning of each year, to reflect the normal (scheduled reduced) hours worked in the previous year while on Reduced Hours, or at such intervals as may be necessary, to reflect the equivalent full years worked. ECD will not be adjusted for sick leave purposes.

71.4.3 Vacation Credit Date (VCD)

The VCD will not be adjusted. It will reflect calendar years. This date affects vacation bonus entitlement for all eligible staff and includes all Hydro service regardless of breaks. It may be different from the ECD.

71.4.4 Service Recognition Date (SRD)

For recognition of 5, 15, 25, and 40 years of service with OPG and consistent with the provisions of section 9.4, the SRD will not be adjusted.

71.4.5 Wages

Reduced hours employees will be paid for normal (scheduled reduced) hours worked, based on the hourly rate for their base hours. Wages will be prorated based on the proportion of the normal (scheduled reduced) hours of work compared to the base hours of the work unit or the appropriate full-time position.

Example: Base Hours = 35 per week.

Base Salary = \$700.00 per week.

Normal (Scheduled Reduced) Hours = 21 per week.

Normal (Scheduled Reduced) Hours Salary =
 $\$700.00 \times 21/35 = \420.00 per week.

71.4.6 Pension Plan**71.4.6.1 Pension Plan Membership**

New employees working reduced hours must apply for membership in the Pension Plan after completing 24 months of continuous service, subject to the following conditions:

- accumulated earnings, including overtime, must equal 35% of the Year's Maximum Pensionable Earnings (YMPE);

and/or

- all accumulated hours, including overtime, must equal 700 (scheduled reduced) hours in each of the two previous calendar years.

71.4.6.2 Pension Plan Deductions

Once qualified as above, Pension Plan deductions for Regular Reduced Hours employees will be based on base earnings for the position and then pro-rated in proportion to the ratio of normal (scheduled reduced) hours to base hours.

Example:	Base rate (earnings)	\$45,000
	Base hours	35
	Normal hours	20
	YMPE for year	\$32,000

Calculate 4% of the base earnings up to the first \$32,000
 $(4/100 \times \$32,000 = \$1,280)$

Calculate 6% of the portion of base earnings exceeding the first \$32,000
 $(\$45,000 - \$32,000 = \$12,800)$
 $(6/100 \times \$12,800 = \$768)$

Calculate proportional Pension Plan contributions
 $(\$1,280 + \$768 = \$2,048)$
 $(20/35 \times \$2,048 = \$1,170.29)$.

Calendar service will be used to determine eligibility for retirement and death benefits (currently for pension purposes as Eligible Service or Continuous Employment).

Service credit to define the years of Pension Plan membership (years of membership in the Pension Plan) for pension calculation purposes (currently defined by the Effective Date on Pension and Insurance) is prorated. See pension calculation example below.

The Service Credit starts from the date of joining the Pension Plan.

Service for termination benefits is to be credited on a calendar basis starting with the date of hire and is not prorated.

71.4.6.3 Pension Calculation

The following is an example of how the pension of an employee in a Reduced Hours of Work arrangement would be calculated. Assume an employee has the following years of employment: 20 years full-time, followed by 5 years of 50% part-time, and then 10 years full-time.

For pension eligibility purposes the employee has 35 years' service, i.e. $20 + 5 + 10$ to calculate the amount of pension to be received the part-time years are pro-rated.

$20 + 5/2 + 10 = 32.5$ years pensionable service
 $30 + 5/2 \times 2\% = 65\%$ pension.

If the reduced hours years were the last five years, i.e. 30 years full-time + 5 last years at 50% part-time, the part-time earnings would be annualized as follows, assuming the part-time earnings are \$25,000 or 50% of the yearly rate of \$50,000 for the last three years of employment.

The calculation is as follows:

$(30 + 5/2) \times 2\% = 65\%$ pension
annualized pension is $\$50,000 \times 65\% = \$32,500/\text{year}$.

71.4.7 Life Insurance

Coverage is dependent upon being a member of the Pension & Insurance Plan. The basic insurance (2 times salary) plus any additional term insurance will be prorated in accordance with the prorating of wages above.

71.4.8 Health and Dental Benefits

Employees will have the option of receiving full benefit coverage for semi-private hospital, extended health benefits, and/or dental benefits, by using payroll deduction to reimburse OPG the cost consistent with the appropriate pro-ration. For example:

If an employee works 21 hours per week, he/she would be subsidized for 21/35 or 60% of the costs and he/she would pay the remaining 40%. If an employee chooses not to pay the remaining prorated percentage, there will be no coverage.

71.4.9 Sick Leave

Restoration of sick leave credits for days used will be in accordance with the Sick Leave Plan provisions.

Sick leave should accumulate at the regular times (January 1 or July 1). While ECD is adjusted for other purposes, sick leave accumulation and restoration dates should remain unchanged.

Annual sick leave credits will be prorated, based on normal hours worked.

Example

100% Entitlement Accumulation

- Employee works 21 hours per week $21/35 \times 8 \text{ days} = 4.8 \text{ days}$, rounded to 5 days.

75% Entitlement Accumulation

- Employee works 21 hours per week $21/35 \times 15 = 9$ days.

Rounding should be to the nearest half day. Time Reporting for vacation, sickness, accident and overtime, etc. will be the same as for any other regular employee.

71.4.10 Long Term Disability (LTD)

LTD is dependent upon being a member of the Pension & Insurance Plan and benefits will be based on the employee's normal (scheduled reduced) earnings, excluding overtime and allowances.

71.4.11 Accident Insurance

Employees are eligible for 100% benefit.

71.4.12 Statutory Holidays

Both the entitlement to statutory holidays and the payment for the statutory holidays will be prorated. The following table illustrates the entitlement:

Days Worked Per Week	Number of Days Entitled to Per Year
1	2
2	4
3	8
4	8 (9 for Federally-Regulated Employees)
5	10

The pay on a statutory holiday will be equal to the pay for the average daily hours of the RHOW employee. For example:

An employee works 4 days per week @ 5 hours per day. In accordance with the entitlement table above the employee is entitled to 8 statutory holidays per year. Payment for each statutory holiday will be for 5 hours since that is the average of the 4 days per week the employee works.

71.4.13 Floating Holidays

These will be prorated in the same manner as statutory holidays, i.e. both the entitlement and the payment on the days will be prorated. For example, an employee who works 3 days per week and 7 hours on each day worked will receive:

$3/5 \times 3 \text{ days} = 1.8$ rounded to nearest half day = 2 days

the payment for each day will be for at 7 hours since that is the average hours per day the employee works.

71.4.14 Vacation

- A. Less than 1 year - 4% of accumulated wages.
- B. For one year, or more:

Vacation entitlement will be based on calendar years (i.e. VCD). The entitlement in any given year will be prorated based on the average number of days worked per week and the actual payment for those days will be based on the average number of hours worked per day.

Example - (a)

A regular full-time employee who commences RHOW on January 1 and who otherwise would be entitled to 20 days' vacation, contracts to work 3 days per week at 7 hours per day (21 hours per week), for the full vacation year, while the remainder of the work unit works 35. The vacation entitlement will then be:

$20 \times 3/5 = 12$ scheduled days off.

The payment on each of the 12 days would be for 7 hours pay since that is the average number of hours the employee works per day. Therefore the total pay will be 12 days @ 7 hours pay = 84 hours pay.

Example (b)

An employee who works 5 days per week but works only 4 hours per day.

$20 \times 5/5 = 20$ scheduled days off

The payment for each day would be for 4 hours since that is the average number of hours the employee works per day. Therefore the total pay will be 20 days x 4 hours pay = 80 hours pay.

71.4.15 Overtime

The normal lieu time provisions will apply. Overtime will be paid at appropriate rates for:

- hours worked beyond the base full-time hours on a day (unless additional hours are part of the RHOW arrangement);

- hours worked beyond the base full-time hours in a week;
- hours worked on a Saturday, Sunday or statutory holiday that is not a normally scheduled day.

71.4.16 Pregnancy/Parental Leave

Employees will be eligible for pregnancy/parental benefits. Coverage will be based on normal (scheduled reduced) earnings and normal (scheduled reduced) hours.

71.4.17 Unemployment Insurance Contributions

This is based on gross earnings (which includes overtime premiums, shift differential, etc.).

71.4.18 Canada Pension Plan (CPP)

CPP contributions are based on gross earnings.

71.4.19 Workers' Compensation Benefits

Entitled to 90% of normal weekly net earnings, plus a supplementary grant (total is 100% of normal weekly net earnings).

71.5 Termination of the RHOW Agreement

The initial period of a RHOW arrangement will be considered to be a trial period. The length of the trial period is to be determined by the parties but will not normally be longer than 1 year. If problems are encountered during this period, the employee(s) and the supervisor will attempt to find a solution(s). In the event that these efforts are not successful the RHOW arrangement can be cancelled by either party with 30 days' notice.

After the trial period, situations may arise where the RHOW is no longer working or the workload has increased or decreased. In such situations alternate arrangements can be tried. These could include offering additional hours/days (if there is some) to the RHOW employee, or advertising another RHOW arrangement to make up any difference.

In situations where the workload increases, the employee working the reduced hours will have the first option of working the additional hours. The employee could choose not to work the additional hours. If satisfactory alternative arrangements are not found, Article 64 will be applied.

An employee who wishes to terminate the arrangement has the same rights to vacancies as full-time employees. If unsuccessful in obtaining another position or in negotiating a new arrangement with Management, and the

employee terminates the arrangements, the employee will be considered to have resigned from OPG.

71.6 Responsibilities

The Employee(s):

The employee(s) should discuss his/her interest in a Reduced Hours of Work Agreement with the manager/supervisor. An employee who wishes to work Reduced Hours should prepare a proposal for doing so. The proposal should include a current job description and ways in which the job requirements could be met under a Reduced Hours of Work Agreement. It should include suggestions for methods of communication among Regular

staff members, their managers/supervisor, customers and clients with whom the job interfaces, as per the Guidelines (Section 71.3).

The Manager/Supervisor:

The Manager/Supervisor is responsible for determining if a Reduced Hours of Work Agreement is appropriate and in certain instances may initiate action to implement such an arrangement. The Manager/Supervisor will discuss the possibility of a Reduced Hours of Work Agreement with interested employees to assist them in establishing appropriate arrangements. The Manager/Supervisor will identify issues specific to the job which need to be addressed, inform employees of their entitlements and approve the proposed Reduced Hours of Work Agreement after the appropriate review.

The Manager/Supervisor is responsible for ensuring that the productivity in the work unit does not deteriorate as the result of a Reduced Hours of Work Agreement. If productivity is seen to decline, the supervisor should work with the incumbent(s) to identify ways to improve the situation.

72 Peak Demand Hours Arrangements / Project Crews

72.1 Intent – Peak Demand Hours

The intent of this Article is to establish a framework of treatment of employees who by the nature of their jobs, are likely required to work Peak Demand Hours that are more than their normal work week and/or hours different from their normal hours during peak work load periods of the year, and less than the total hours in a normal work week during other parts of the year.

The guidelines for the application of this Article are contained in Appendix XI.

Once it has been decided to apply this Article within a business unit, Management will meet with The Society to jointly agree on the formation of a joint team. The application of this Article will be done by local joint teams which will determine how best to apply these guidelines in their particular situation. The local teams are not required to rigidly adhere to the guidelines in Appendix XI and may revise them as they deem appropriate.

Any disputes concerning the application or implementation of Article 72 or Appendix XI shall be referred to the JSMC for resolution. Any resolution by the JSMC shall be final and binding but if the JSMC is unable to resolve the issues, either party might refer the item to “interest” arbitration for resolution.

72.2 Intent - Project Crews

The intent of this Article is to establish the treatment of employees who are required to work on Project Crews.

Once it has been decided to apply this Article within a business unit, Management will meet with The Society to discuss how best to apply these guidelines in their particular situation.

The application of this Article is contained in Appendix VI.

73 Work Sharing

- 73.1** "Work sharing" occurs when sufficient members of a work unit agree to work fewer hours for reduced compensation in order to accommodate a temporary reduction in work load and to help maintain employment continuity in the event of an adverse impact situation under Article 64 - Employment Continuity.
- 73.2** Work sharing is a temporary arrangement. A work sharing arrangement will normally not exceed one year in duration but can be extended by mutual agreement. Beyond a period of one year, a work share arrangement will normally be governed by the terms and conditions of Article 71 - Reduced Hours of Work (RHOW) Arrangements.
- 73.3** The Society will be involved in the discussion and negotiation of the work sharing arrangement.
- 73.4** The size of the work unit involved in the work share will be the subject of joint agreement between OPG and The Society. The agreement of the employees participating in the work sharing arrangement must be obtained prior to implementation. A sufficient number of employees in the work unit must participate in order to make the work share a viable working arrangement.
- 73.5** Either party to a work sharing arrangement will have the right to terminate it with 30 days' written notice. Following termination of a work sharing arrangement, the previous hours of work arrangement will be reinstated. Reduction in the number of employees in a work sharing arrangement through attrition, promotion, etc. will result in a joint review in order to ascertain the continued viability of the work share.
- 73.6** Employees participating in a work sharing arrangement remain regular employees.
- 73.7** Reduction in hours of work pursuant to a work sharing arrangement will not exceed 20% of regular hours and will be matched by an equivalent reduction in salary for a maximum of one year.
- 73.8** Employees participating in a work sharing arrangement will retain full benefits coverage during the term of the work sharing arrangement up to a maximum period of one year.

- 73.9** Pension, life insurance and LTD coverage will continue to be calculated against regular base earnings during the term of a work sharing arrangement up to a maximum period of one year.
- 73.10** Employees will continue to participate in the performance pay process while participating in a work sharing arrangement.
- 73.11** Employees will not be declared surplus while participating in a work sharing arrangement. This section will be suspended during the operation of Article 64.

74 Assignment of Non-Bargaining Unit Work During a Strike/Lockout

Normally, OPG shall not assign an employee to perform non-bargaining unit work unless this work is essential work. It is agreed that the following provisions govern the assignment of essential work, ordinarily performed by employees in another bargaining unit, to Society-represented employees in the event that the members of that bargaining unit are in a lawful strike/lockout situation.

- 74.1** If a job/function is not performed, it is considered "essential work" if it would result in:
- a)** a dangerous or unsafe situation for employees or the public;
 - b)** a threat to the environment;
 - c)** damage to equipment, systems or property;
 - d)** the violation of licenses, regulations or other statutory requirements as applicable in (a), (b) and (c) above;
 - e)** activities going undone which are required to support employees who are performing essential work in accordance with (a), (b), (c) and (d) above;
 - f)** such other condition or concern as may be reasonable in the circumstances.
- 74.2** The process for identifying and assigning work will be a joint process involving a Management representative(s) designated by the Business Unit and The Society Unit Director/designate(s) of the Business Unit. As a part of this process, an employee will advise the Management Representative(s) and The Society Unit Director/ designate(s) in a timely manner as to whether he/she will accept the tentative work assignment. Due consideration will be given to family or extenuating personal circumstances raised by an individual employee prior to assigning essential work.

- 74.3** In the event that The Society claims that an activity is not “essential”, it may make a claim before George Adams as facilitator/arbitrator, who shall make a ruling on an expedited basis.
- 74.4** OPG may assign work involuntarily to Society-represented staff if no Management Group or qualified Society volunteers are available. There is no obligation to assign Management Group before seeking a Society volunteer.
- 74.5** Any proposed shift schedules which may be worked by Society-represented employees during assignment to non-bargaining unit work shall be reviewed by the appropriate Society Unit Director/designate prior to the official issuance of the shift schedule.
- 74.6** Employees assigned to essential work will have the appropriate skills and training to perform the duties.
- 74.7** The terms and conditions of compensation for performing essential work are described in the Letter of Understanding (LOU#1) entitled “Compensation and Working Conditions - Essential Duty Assignments” dated June 27, 1994.

75 Teleworking

75.1 Definition of Teleworking:

Telework refers to an OPG employee who:

- Is working out of an office in his/her home;
- Does not normally have another office at OPGI–Nuclear;
- Is not working at home on an occasional or casual basis.

75.2 Collective Agreement Standards:

Where OPG determines that teleworking may be implemented, the following provisions will apply:

- a) The arrangement will be mutually agreed upon and will be documented prior to commencement of teleworking;
- b) The terms and conditions of the Collective Agreement will apply except where modified by agreement among OPG, The Society and the employee;
- c) Teleworkers will not be required to meet with customers or other OPG employees in their home;
- d) Teleworking arrangements will be voluntary, and are subject to cancellation as locally agreed;
- e) Teleworking will not change the employment status of the teleworker;
- f) OPG will provide appropriate health & safety advice and guidance to the teleworker;

- g) OPG will provide appropriate business and personal security advice to the teleworker;
- h) OPG shall provide all furnishings/equipment it deems necessary to meet job expectations;
- i) OPG will pay for additional insurance costs, if required;
- j) If the teleworking arrangement is terminated then the employee will be entitled to relocation assistance as provided in the Collective Agreement;
- k) It is agreed that The Society represents employees who fall within The Society recognition clause of the Collective Agreement and who are teleworking;
- l) OPG will provide in a timely manner The Society with the names, business phone number and business address of teleworkers.

75.3 Local Agreements

Local management, the employee and The Society will agree on these items as part of a local agreement:

- performance measures
- relevant terms and conditions (e.g. travel)
- training where appropriate
- sunset (with a minimum term)
- cancellation

76 Direct Deposit

Employees will be paid bi-weekly by means of electronic deposit. Time exceptions (e.g. overtime) will continue to have a time lag. Such time lag will only be for the period required for the effective operation of the time reporting centers and pay processes.

77 Crossing Picket Lines of Other Unions

- 77.1 Employees will be required to cross picket lines of other unions in order to perform work at their regular/temporary work headquarters.
- 77.2 During such picket action, some flexibility with respect to the normal scheduled hours of work on the part of both Management and the employee is particularly desirable.
- 77.3 Normally, an employee who is prevented from arriving at work for his/her normal starting time due to such picket action will have his/her salary maintained without the requirement to make up the hours missed, subject to the following guidelines:
 - a) An employee is expected to make a reasonable attempt to arrive at work at their normal starting time.

- b) If an employee who is late for work should have been able to cross the picket line without being late, the no work - no pay principle will apply.

78 The Provision of French Language Services

This Article provides the terms and conditions under which OPG complies with the French language Services Act (RSO 1986) as it applies to employees in the bargaining unit.

78.1 Designated Positions

OPG will designate positions that require French language capability, to the extent required by the Act. OPG shall determine the actual number of positions to be designated and which positions will be designated.

Changes to the designated positions require joint agreement between the local Contact Supervisor/Human Resources Manager and the Unit Director. Whenever a change is made to the designated positions list, the Contact Supervisor/Human Resources Manager will provide written notification of the addition to The Society office and Labour Relations, OPG Human Resources. Labour Relations, OPG Human Resources will issue an up-to-date version of the designated positions list annually to The Society. A position can only be removed or modified when it is vacant.

The implementation and operation of this Article will not result in any declarations of surplus, lay-offs, displacements, forced geographic relocations or financial losses.

78.3 Training

OPG will not impose any mandatory training for the purpose of complying with the Act. Any person wishing to take optional external training to obtain French language capability will be provided 100% financial support, so long as the request is in accordance with Article 85 - Extramural Training. In locations where extramural training in French is not available, OPG will provide, at no cost to the employee(s), self-paced learning packages in order to assist interested staff to become qualified in French.

78.4 Posting and Selection

French language capability is deemed to be a legitimate selection criterion, in addition to the normal selection criteria, for officially designated positions. The job documents for designated positions will not be amended to include French language proficiency as a duty and/or evaluation factor pending future discussions with The Society.

A notice of posting for a designated position will contain the following wording:

"This position requires the ability to communicate in French. This ability is deemed to be a qualification for the purposes of selection."

French language capability will only be used as a selection criterion when the number of qualified incumbents in a designated position falls below the number specified in this Article. Specific qualifications and requirements must be posted and reasons given for non-selection in writing.

In cases where a location has more than the required number of qualified incumbents in a designated position, the officially designated employee(s) shall be those who are senior and qualified.

78.5 Surplus Staff

When a surplus employee applies to a designated position he/she shall receive the selection priorities established in Article 65 to the extent that the organizational unit retains the capability to meet the requirements of the Act.

78.6 Allowance

OPG will pay an allowance of \$18.00 gross weekly. It is recognized that the allowance may be paid to all qualified employees in a designated position in a location, rather than just the employees who officially occupy the designated position. This allowance is the same regardless of the number of hours an employee works per week.

The allowance will be paid only while the incumbent is in a designated classification. The payment of this allowance will cease once the employee has been absent for two months. Transfer to an undesignated position, or removal of a position from the designated positions list, will cause immediate stoppage of the allowance.

An employee who relieves in a designated position must have the French language capability required by the position in order to receive the allowance.

79 Preferred Parking Arrangements

79.1 For 700 University Avenue, OPG will allocate designated preferred parking spaces for car/van pool arrangements.

81 Payment for Use of Personal Vehicle

81.1 Where an employee is authorized to use his/her personal vehicle for Hydro related business/travel, the rate of reimbursement will be based on the Private Transportation Component of the Canadian CPI as reported by Statistics Canada. The rate of \$0.46 per kilometre took effect on **January 1, 2005**

81.2 Future increases of one cent/km will occur with each additional 10% increase in the Private Transportation Index - 1986 = 100. A decline in the Index below a previously surpassed trigger point for two or more

consecutive months will result in a reduction by the appropriate amount of the rate paid.

If the OPG business/travel involves the hauling of household trailers, an additional \$0.09/km will be paid. For the hauling of smaller trailers (Camper, Ski-doo, boat etc.), the amount will be \$0.03/km. The above rates will apply on a province-wide basis.

- 81.3** By virtue of receiving the above kilometre rates, the employee is responsible for any expenses incurred involving his/her vehicle while on OPG business. This would include such items as insurance premiums, license fees, traffic/parking violations, maintenance costs, any repairs or replacement of parts, fuel, lubricants and the like. This role distinction should be made clear at the time of appointment. Notwithstanding the above, and in keeping with Subsection 2.4 (Supervisory Employees - Code of Ethics), Management will endeavour to appoint its representatives having regard to The Society's interests in effective representation.

- ix. Management may, in consultation with The Society, offer the voluntary severance package under Article 64.4.4 (voluntary separation) as applied to 64.9 to an employee to avoid a displacement.

102.5 If, within eighteen months of the transfer, the new employer reduces the number of employees and the transferred employee is declared surplus and terminated the employee(s) laid off will be entitled to a one time lump sum payment of one week per year of service with OPG and the new employer. The obligation to pay the laid off employee is contingent upon the employee being severed from employment without recall rights with the new employer.

The additional payment of one week per year of service will not apply where the permanent layoff is due to:

- Strike
- Lockout
- Accident or catastrophic event
- Force Majeure/natural disaster
- Temporary Plant shutdown

The obligation to make the payment of one week per year of service will not apply if any employee has successfully challenged the layoff for any reason and has filed a grievance successfully seeking reinstatement.

For employees in a Change of Employer situation where the new employer is not a competitor of OPG who are subject to involuntary layoff by the new employer, in addition to the cash payment of one week per year of service, the employee may have recall rights in OPG for 26 weeks. Employees recalled within the 26 weeks must pay back the balance of any cash payments based on their service and the date of recall (e.g. a 20 year employee who is recalled at the 5 week mark would pay back 15 weeks).

103 Change of Employer Transition Provisions

On or after January 1, 2005, any employee who is made subject to a “Change of Employer” under Article 102 and who is a successful applicant to a position in OPG within three years of being transferred to the new employer shall be entitled to restoration of the following:

- **Sick Leave Credits and entitlement to LTD (under their previous Sick Leave/LTD plan);**
- **Restoration of ECD and SRD and all entitlements which are linked to service credits except as noted below;**

Restoration will be based on the value or length of service as of the date of transfer to the new employer, plus service and sick leave credits accrued with the new employer. For further clarity, the total of such service and credits would not exceed the amount the employee would have if they had remained with OPG.

The employee’s EEV, if any, shall be based on their original date of hire with OPG or Ontario Hydro. Furthermore, the employee will not be required to serve a probationary period.

Pension transferability will be governed by Reciprocal Pension transfer agreements, if any.

104 Station Closure

Where possible the Society shall be notified at least 120 days in advance of a station closure. The parties will meet to discuss the impact of the closure on the bargaining unit and the collective agreement impacts.

105 Change of Work Headquarters

The Nuclear East sites will be defined as:

- Pickering including a 5km radius around the station and including the following locations:
 - 675 Sandy Beach Road
 - 1400 Bayly Street
 - 1480 Bayly Street (NTD)
 - 1315 Pickering Parkway (Picore)
 - 777 Brock Road
 - 813 Brock Road
 - 889 Brock Road
 - 100 Westney Road
 - 230 Westney Road South
 - 339 Westney Road South
 - 1105 Kingston Road
 - 1175 Squires Beach Road
 - 1910 Clements Road
- Darlington including a 5km radius around the station
- Whitby Health Services including a 5km radius around the site and including the following locations:
 - 55 Athol St.,
 - 1549 Victoria St. E.,
 - 2255 Forbes Street
 - 1600 Champlain Avenue,
- Wesleyville including a 5km radius around the site

PART XV - APPENDICES**Appendix I - Re: Utilization and Advancement of Professional Engineers and Scientists**

Ontario Hydro and The Society agree the following principles will govern the utilization and advancement of professional engineers and scientists in Ontario Hydro.

- 1.0** The terms "professional engineers" and "scientists" shall include the employees' categories identified in Attachment A.
- 2.0** The MP2/FMP12 level of work shall normally be considered as a developmental stage for professional engineers and scientists performing engineering or scientific work.
- 3.0** The MP4/FMP14 level of work shall be considered as the "normal expectancy" level for fully qualified and competent engineers, or scientists in Ontario Hydro. MP3/FMP13 may continue to be a "journey person" level for engineers and scientists in some areas of activity.
- 4.0** Every effort should be made to provide professional engineers and scientists with an opportunity for advancement to MP4/FMP14, when they are capable of performing work at this level and such work is available.
- 5.0** Where an individual has demonstrated the willingness and capability to advance, and where advancement is impeded by lack of opportunity in the work area, every effort should be made to assist the individual in career advancement. This could include specific action steps such as training, job transfers, and rotations which will provide greater promotional opportunity.
- 6.0** Greater emphasis is required on the screening of professional staff at an early stage in their careers for both their potential capability to perform work at the MP4/FMP14 level and their suitability for further employment in Ontario Hydro.

**Appendix III - Default Units of Application
(Adams Decision – September 16, 1997)**

1. With respect to the default units of application issue, the parties agree to the following:
 - a) On September 16, 1997, default units of application include Nuclear (as per BU Mid-Term MT-1) and Fossil (as per BU Mid-Term MT-13).
 - b) On September 16, 1997, default units of application also include Hydroelectric; Technical Services and New Product Development; Commercial Analysis and Venture Development plus International and Industry Relations plus CBD Finance and Administration.
 - c) The default unit of application for all other Society-represented employees shall be an updated equivalent balance of s.64.6.1.2 factors as previously expressed by business units existing under the 1995-96 Collective Agreement.
 - d) All other disputes regarding default units of application will be governed by Article 64.6.1. For the duration of the Collective Agreement, any disputes arising with respect to updating default unit of application shall be dealt with by the JSMC.
 - e) Where no decision of the JSMC is reached, within 10 working days of the JSMC's consideration of the matter, the parties shall exchange written briefs.
 - f) The matter will be determined prior to the mix and match by a designated, mutually agreed arbitrator within 10 working days after the briefs have been exchanged.

 - h) The arbitrator shall issue an award within 5 working days of the hearing, setting out the default unit of application.
 - i) The arbitrator has all the powers under the applicable Labour Relations Act.
2. The JRPT shall continue to function and develop other elements of its first report pending determination of the default unit of application through this process, and the outcome of this process does not preclude the JRPT from achieving consensus on a unit of application notwithstanding the arbitrator's award.
3. This Agreement does not prejudice or waive any grievance rights under Article 64.1.2, but the arbitrator's award on the default unit of application cannot be grieved.
4. This Agreement shall operate for the duration of the 1997/98 Collective Agreement.

Appendix IV - Application of the Purchased Services Agreement to AECL

1. Preamble

As a part of the approval process of the Purchased Services Agreement (PSA), the parties agreed to develop a Framework Agreement which would recognize the special status of the relationship between OHN and AECL and govern the day-to-day transactions between the two companies.

2. Scope

This Framework Agreement for applying the PSA to OHN's relationship with AECL applies only to those purchased services which are not funded through the CANDU Owners' Group (COG) Agreement.

3. Intent

This Agreement describes a decision-making process where only certain decisions regarding the purchase of services by OHN from AECL are subject to the full transactional application of the PSA. Those decisions which are not subject to a full transactional application of the PSA are subject to the periodic review process described in Section 6.

4. Definition

Work: means a work package which is a clearly defined scope of services that requires the formal approval of OHN prior to proceeding.

5. Decision-Making Process

5.1 The decision-making process described in this section is also presented in diagram form (diagram included as a part of this Agreement). Should there be inconsistencies between the written and diagrammatic descriptions of the decision-making process, the written description will take precedence.

5.2 The process begins with OHN proposing that services be purchased from AECL or a Centre of Excellence [i.e., Reactor Engineering Services Department (RESD) or the Centre for Heat Exchanger Engineering Sciences and Technology (CHEEST)].

5.3 If the work is to be assigned to a Centre of Excellence (i.e., RESD or CHEEST), then the PSA will not be applied [see also Section 6.4(e)]. The Centre of Excellence would not be permitted to subcontract more than 30 percent of the labour component of the work.

5.4 If the answer to one or more of the following questions is in the affirmative, OHN Management may proceed to issue a contract to AECL:

- a) *Is the work emergency work?* Emergency situations will be as identified by the OHN manager with the appropriate decision-making authority. The review of such decisions will form a part of the scope of the periodic review process (see Section 6).
- b) *Is there a regulatory requirement (e.g., from the Ministry of Consumer and Commercial Relations or the Atomic Energy Control Board) that the work must be performed by AECL?*
- c) *Has the PSA already been applied to the work?*

5.5 If work is not assigned to a Centre of Excellence (per 5.3) and all of the questions in Section 5.4 are answered in the negative, but the answer to one or more of the following questions is in the affirmative, the PSA will be fully applied to the work on a transactional basis:

- a) *Are there surplus Society-represented employees with the requisite skill sets in OHN?*
- b) *Does the labour component of the proposed work exceed 1,500 person hours?*
- c) *Does the duration of the proposed work exceed twelve (12) months?*
- d) *Does a sub-contract(s) need 30 percent of the total person hours of the work?*

If none of the questions in 5.5 a) - d) is answered affirmatively, then OHN Management may proceed to issue a contract to AECL.

6. Periodic Review

6.1 The parties agree to establish an AECL Purchased Services Review Team (Review Team) within ten (10) working days of this Agreement coming into effect.

6.2 The Review Team will be composed of three Management representatives and three Society representatives to be appointed by the parties through the Joint Society Management Committee (JSMC).

6.3 The Review Team initially will meet quarterly, but may change the frequency of its meetings by mutual agreement of the team members. With reasonable notice, the JSMC may also convene meetings of the Review Team.

6.4 The Review Team will be responsible for reviewing all transactions between AECL and OHN which have taken place since the last meeting of the team to confirm that the intent of this Agreement continues to be met. All the documentation necessary to facilitate this review will be collected and made available to the Review Team. The review specifically will include:

- a) *the extent to which the criteria (see 5.3, 5.4 and 5.5) in the decision-making process are being met;*
- b) *whether the criteria (see 5.3, 5.4, and 5.5) in the decision-making process continue to be the appropriate ones based on experience;*
- c) *the extent to which contracts which were issued to AECL were specific to AECL's nuclear capabilities;*
- d) *an assessment of any work placed by emergency decision [per section 5.4 a)] or mandated by regulators [per Section 5.4 b)];*
- e) *any changes to the Terms of Reference of existing Centres of Excellence (i.e., CHEEST or RESD) or any request that a new Centre of Excellence be added to Section 5.3;*
- f) *an assessment of whether there has been any misuse of the decision-making process;*
- g) *an assessment of the overall effectiveness of this Agreement and its decision-making process.*

6.5 The Review Team will make any recommendations it may have for changes to this Agreement to the JSMC. Any such recommendations will be arrived

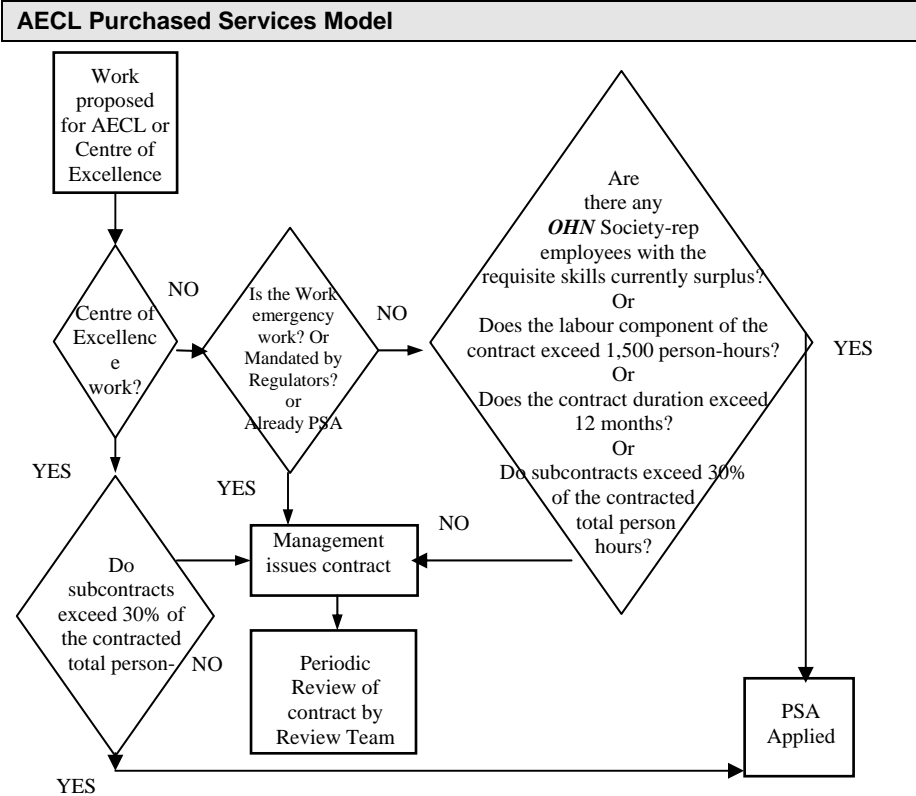

at by consensus. If consensus cannot be reached, the team will report the divergent views of the members of the team to the JSMC.

7. Grievability/Arbitrability

The lack of application of this Framework Agreement in a given situation is subject to the grievance/arbitration process.

8. Effective Date

This Framework Agreement takes effect on the date of signing by the representatives of the parties.

(signed by Chris Cragg for The Society and Brian Story for Ontario Hydro, December 20, 1994)

APPENDIX VI⁸ - PROJECT CREW ARRANGEMENTS

The following are the provisions in establishing the implementation of Project Crews.

1. Employees on Project Crews are considered to be regular employees with all the terms and conditions and benefits as per the collective agreement, except as noted in these provisions.
2. Employees on the Project Crew will be entitled to the same number of yearly hours as a regular employee and be paid for those hours at straight time on the same basis as a non-Project Crew employee.
3. Each employee on the Project Crew may have a different number of hours available to work, due to the application of vacation rights, floating holidays, and statutory holidays.
4. Employees may be required to work days or shift work on 8/10/12 hour schedules up to 60 hours per week and a minimum of 40 hours per week.
5. Shift differential and payment for scheduled work on weekends and statutory holidays will be paid out on an as worked basis.
6. Management will establish the amount of overtime required in the year. E.g. 50 hours, 100 hours, 150 hours, etc. 30 percent of this overtime will be at 1.5 times and 70 percent at 2 times. This overtime will be paid out in equal installments in each pay-cheque. In addition this clause will be considered to have met the commitments identified in Article 57.5.
7. Any overtime above that required in 6 above will be paid at the appropriate premium rate.
8. Management will post the schedule September 1 for the following year showing when the majority of the work will be required (i.e. peak work to meet project schedules). Employees will be given 7 days notice if the project schedules are adjusted to meet system demands. The adjustment can be no more than 14 days in either direction. Failure to give notice would result in appropriate penalty payments.
9. Employees will be entitled to establish blocks of time, up to vacation allowance, when they will be unavailable for work assignment(s), this time off cannot conflict with the likely periods required for them to work.
10. Management will post (locally) September 30 for positions in the projects in the following year. Where possible, selections will be on a voluntary senior qualified basis. Should there be insufficient volunteers, management will first post-rotational opportunities and then, after consultation with The Society, force the junior qualified employee.

⁸ (Note: The content of the former Appendix V has been moved to Article 14, Appendix V is therefore deleted).

Appendix VII - Re: Outline of Negotiating Process for Collective Agreement

The parties agreed to make their best efforts to adhere to the following schedule for negotiating amendments to the Collective Agreement. Failure to adhere to this schedule shall not jeopardize the bargaining rights of either party. Dates refer to the calendar year in which Collective Agreement expires.

1. The JSMC will meet prior to January 31, of the last year of the agreement to prepare a detailed work plan for negotiating the outstanding tasks set out in the Agreement (Articles 94, 97, etc.). The work plan will include a schedule of priority items, target dates, primary responsibilities, and resources.
2. By June 1, the parties will:
 - a) select their representatives for the main negotiating committee;
 - b) determine the schedule for main committee negotiating meetings;
 - c) select a mediator-arbitrator and determine the dates for mediation-arbitration;
 - d) receive progress reports on items under (1) above.
3. By August 1, the parties will:
 - a) identify those issues which will be referred to sub-committees;
 - b) establish the terms of reference for the sub-committees and the target dates these sub-committees are to submit their final reports/recommendations to the main committee;
 - c) select their representatives on the sub-committees. The parties shall each appoint at least one representative from their main negotiating committee to serve on these sub-committees.
4. Sub-committees will begin meeting no later than September 1 and submit progress reports by October 15 and a final report no later than October 31 (unless specifically provided with a time extension by the JSMC).
5. Main committee negotiations will begin no later than October 15.
6. Main committee negotiations will conclude no later than December 1.
7. Mediation meetings with the mediator-arbitrator, if necessary, will conclude no later than December 15, unless further meetings are required to address issues which arise in the course of drafting contract language or if a tentative settlement fails ratification.
8. If necessary, an Arbitration Hearing will be conducted prior to January 31, in the year after the agreement expires.

Appendix VIII Re: Amendment to the Voluntary Recognition Agreement (VRA)

In light of major changes that have occurred since the Voluntary Recognition Agreement (VRA) came into effect on January 14, 1992, including significant Corporate restructuring, the parties' agreement to conduct a joint internal relativity project, and the need to clarify The Society's historical jurisdiction, The Society and Ontario Hydro agree to replace Sections 1.0 and 2.0 of the VRA with Article 2 of their Collective Agreement as amended by the Framework Agreement dated October 4, 1994.

The parties further confirm that the terms of the VRA as amended in the Collective Agreement remain applicable in all respects, including the agreed upon dispute resolution processes, to all provincially and federally regulated employees, subject only to previously agreed amendments and this amendment.

(signed by B.R. Story and C.B. Cragg - October 4, 1994)

Appendix IX - Re: Article 2 - Recognition Clause

Ontario Hydro and The Society confirm the following understanding with respect to their agreement to amend Article 2 ("Recognition Clause") of their Collective Agreement:

1. The parties agree that the Voluntary Recognition Agreement (Attachment A), subsequent amendments to the VRA and correspondence between the parties concerning jurisdictional matters will be admissible in the event of any future interpretation disputes concerning The Society's recognition clause.
2. The parties agree that the intent of these amendments is to clarify The Society's historic jurisdiction as the exclusive bargaining representative for the broad mix of professional and supervisory employees that comprise the M&P/FM&P and TMS/TS/OSS/SEI salary classifications on salary schedules 01, 02, 03, 04, 05, 06, 07, 08, 09, 13 and 18 except where such persons are performing managerial functions or are employed in a confidential capacity. As such, these amendments constitute a reconfirmation by Ontario Hydro of the commitments made by D.B. MacCarthy regarding The Society's jurisdiction in his April 18, 1994 letter to P.T. Suchanek, Registrar of the Canadian Labour Relations Board.
3. The Society acknowledges that Ontario Hydro has consented to the deletion of the following subparagraphs from the bargaining unit description on the basis of the assurance of The Society contained in paragraph 4 below:
 - those persons included on the Executive Salary Roll and above;
 - employees whose full-time duties are security work;
 - employees in the Executive Office;
 - employees in the Office of the General Counsel and Secretary including the Law Division except Corporate Official Records Analysts, Corporate Archivists and Corporate Records Centre Supervisors.
4. The Society assures Ontario Hydro that this Agreement, to delete the subparagraphs contained in paragraph 3 above, does not extend the previously agreed upon jurisdiction of The Society, except upon consent of the parties, beyond that jurisdiction identified in the Voluntary Recognition Agreement. However, should jurisdictional claims be made by any other bargaining agent for the classifications referred to in paragraph 3 above, The Society may assert a parallel or related claim.
5. The parties acknowledge that there are thirteen jurisdictional grievances filed by The Society pending resolution (listed in Addendum A) and that these amendments are not intended to prejudice the outcome of these disputes.
6. The parties acknowledge that the definition "associated employees" in Subsection 2.3.2 includes, but is not limited to, positions listed in Addendum B, and other similar positions created in the future.

ATTACHMENT A**VOLUNTARY RECOGNITION AGREEMENT**

This Agreement including the accompanying Framework Agreement, included as Schedule A, resolves all issues raised during proceedings at the Ontario Labour Relations Board, regarding The Society's Applications for Certification (dated November 5, 1986 and October 2, 1990) or otherwise arising as to the status of the Master Agreement as a Collective Agreement before such Board or the Courts. This Voluntary Recognition Agreement is entered pursuant to the Ontario Labour Relations Act and is acknowledged to be enforceable pursuant to that Act. The parties agree that the Memorandum of Agreement, June 19, 1991, known as the Letter of Understanding, is no longer in force or effect.

1.0 Recognition Clause

Pursuant to section 16(3) of the Ontario Labour Relations Act, Ontario Hydro agrees to recognize The Society as the exclusive bargaining agent for the "employees" defined as follows:

"All employees employed by Ontario Hydro in the Province of Ontario as supervisors, professional engineers, engineers-in-training, scientists, professional, administrative and associated employees save and except:

- a) those persons included on the Executive Salary Roll and above;
- b) employees in bargaining units for which any trade union holds bargaining rights as of the signing of this Agreement;
- c) those persons who perform managerial functions as distinct from supervisory functions. An employee is performing managerial functions if:
 - i) she/he performs managerial functions such as hiring, promotion, performance increase, discharge, etc. over other employees in the bargaining unit and;
 - she/he is required to spend the majority of his/her time performing managerial duties and;
 - she/he supervises at least seven (7) employees (directly or indirectly) on a regular and continuous basis.
 - ii) she/he supervises employees who are excluded from The Society under (c) (i), (d), (e) or (f);
- d) employees who are primarily employed in a confidential capacity affecting the terms and conditions of employment for Ontario Hydro staff;

- e) employees whose full-time duties are security work;
- f) employees who are members of a profession entitled to practice in Ontario and who are employed in a professional capacity where the Ontario Labour Relations Act excludes such persons from coming under the Act by virtue of their profession.”

2.0 Clarity Notes

For the purposes of clarity, the bargaining unit set out above:

2.1 Includes:

- a) All regular, probationary, part-time and temporary employees whose functions are included in the classifications paid from Salary Schedules 01, 02, 04, 05, 07, 08, 09, and 18; and
- b) All employees paid from Salary Schedule 13 (Nurses), Salary Schedule 03 (System Control Operators) and Salary Schedule 06 (Helicopter Operator Supervisors), except employees excluded by virtue of 1.0 of this Agreement, will be entitled to vote to determine if they wish to be represented by The Society. If the majority of eligible employees voting on any schedule vote in favour of being represented by The Society, eligible employees on that schedule will be represented by The Society. The vote will be conducted by The Society and Ontario Hydro by secret ballot.

2.2 Excludes employees in accordance with 1.0 (c) above as follows:

- a) M&P (Schedule 01) - in salary classification MP4 (or higher) rated by the Plan A Point System of Job Evaluation January 1988 (“Plan A”), or its equivalent, carrying “Nature of Supervision” Degree 4 (or higher) or its equivalent and “Numbers Supervised” Degree 3 (or higher) or its equivalent who normally supervise other Society represented employees.
- b) FM&P (Schedule 02) - who normally supervise other FM&P employees and who normally supervise at least seven (7) employees directly or indirectly.

3.0 The grievance and arbitration procedure may be used to challenge any unreasonable, arbitrary or bad faith action taken by Ontario Hydro which results in the exclusion of any employee or position from the bargaining unit.

4.0 Arbitration

4.1 Future contract negotiations disputes shall be resolved by binding arbitration in accordance with Section 38 of the Ontario Labour Relations Act and the negotiating process for resolving such disputes shall be set out in full in the Collective Agreement.

The dispute resolution process shall be mediation-arbitration using the same individual as both the mediator and arbitrator.

The mediator-arbitrator shall consider the following issues as relevant to the determination of the award on monetary issues:

- a) a balanced assessment of internal relativities, general economic conditions, external relativities;

This undertaking and its referral to arbitration shall be enforceable under the Arbitrations Act.

5.0 No Strike/No Lockout

The Collective Agreement will recognize that The Society, employees within the scope of the bargaining unit, and the Corporation are pledged to the effective and efficient operation of Ontario Hydro and that they pledge themselves, individually and collectively, to refrain from taking part in strikes, lockouts or sympathy strikes and other interference with work or production as long as the terms and conditions in section 4.0 continue.

6.0 Supervisory Employees

For the purposes of section 9.0, the parties agree that Supervisory positions are those that are not excluded under section 1.0 above and that satisfy the following criteria:

- a) Employees on Salary Schedule 01 who have under Plan A "Nature of Supervision" Degree 3 (or higher) or its equivalent;
- b) Employees on Schedules 07, 08, 02, 05 and 09 on condition they normally supervise other employees.

7.0 Enforcement

The primary method of enforcement of this Agreement shall be pursuant to the grievance and arbitration provision of the parties' Collective Agreement. However, should the Collective Agreement not be in operation or applicable to the dispute, either party shall have the right to refer to final and binding arbitration any differences between the parties arising from the interpretation, application, administration or alleged violation of this Voluntary Recognition Agreement, including any question as to whether a matter is arbitrable.

The arbitrator shall have all of the powers of an arbitrator pursuant to section 44 of the Ontario Labour Relations Act or the Arbitrations Act as the case may be.

Subject to the conditions of this Agreement, if a mediator or arbitrator is not appointed within 30 days of a matter being referred to mediation and/or arbitration, either The Society or Ontario Hydro shall have the right to refer the matter to the Minister of Labour or the Chief Justice of the Ontario Court of Justice and the Minister or Chief Justice shall appoint a mediator and/or arbitrator.

8.0 Selection of Mediators and Arbitrators

Mediators and arbitrators shall be selected from a list of mutually acceptable persons which are to be set out in the Collective Agreement and the costs of using them will be shared equally by Ontario Hydro and The Society.

9.0 Duration

The Agreement shall come into effect on the date of ratification and shall remain in effect thereafter except for section 4.0 and 5.0 which may be terminated by written notice by either party not less than six months prior to the expiry of the Collective Agreement in operation on January 1, 2001 or any subsequent Collective Agreement. In the event that The Society provides notice of termination of sections 4.0 and 5.0, Ontario Hydro may require that the supervisors defined in this Agreement form a separate bargaining unit for which The Society shall be recognized as the bargaining agent and for which there shall be a separate Collective Agreement. In addition, The Society shall continue to be recognized as the bargaining agent for non-supervisory staff defined in this Voluntary Recognition Agreement. Disputes on the identification of supervisors shall be submitted to a mutually-acceptable arbitrator for settlement. If the parties fail to agree to appoint an arbitrator, either party may refer the matter to the Minister of Labour or the Chief Justice who shall appoint an arbitrator. If Ontario Hydro provides notice of termination of sections 4.0 and 5.0, it shall continue to recognize The Society as representing all employees in one bargaining unit per this Voluntary Recognition Agreement and ensuing Collective Agreements.

In the event that either party desires to amend this Agreement on or after January 1, 2001, it must notify the other party in writing not less than six months prior to the expiry of the Collective Agreement in effect on January 1, 2001 or thereafter six months prior to the expiration of any subsequent Collective Agreement. In such circumstances the parties will have the right, if either party so chooses, to appoint a mutually-agreeable mediator for the purpose of reaching a settlement of the issues and where there is mutual agreement the mediator shall arbitrate outstanding matters in dispute.

Notwithstanding the above, the parties may mutually agree to amend this Agreement at any time.

10.0 Federal Jurisdiction

In the event that nuclear workers are found to be covered under the Canada Labour Code and The Society applies to represent these employees, Ontario Hydro will not oppose certification for any employee represented by The Society under this Agreement.

11.0 Ratification

The Society Executive recommends acceptance of this Agreement to its members and the Agreement shall become effective upon the date of ratification. Persons eligible to vote will include all employees who will be represented by The Society under this Voluntary Recognition Agreement. The vote will be conducted by secret ballot.

12.0 Effective upon the date of ratification or as soon as reasonably practical, Ontario Hydro undertakes to make available to those employees excluded under 1.0(c) and 1.0(d) an enhanced Redress Procedure for Management Function staff, which includes the right to representation of their choice, and as a final step in the process, to binding arbitration by an external third party acceptable to the employee and to Ontario Hydro.

13.0 Until the terms of a first Collective Agreement are reached, Ontario Hydro agrees to adhere to the terms and conditions of employment found in the existing Master Agreement, Subsidiary Agreements and Memoranda of Understanding with respect to the agreed upon bargaining unit. Applicable sections of the Manual of Human Resources Policies and Procedures will act as a supplement to the aforementioned joint documents.

14.0 Effective the first month following the date of ratification, Ontario Hydro shall deduct dues from each employee in the unit and remit this amount to The Society forthwith.

This Agreement was arrived at with the assistance of and under the auspices of George Adams as mediator.

Schedule A

Memorandum of Understanding for a Framework Agreement

Ontario Hydro and The Society of Ontario Hydro Professional and Administrative Employees agree as part of the Voluntary Recognition Agreement to be found by the following principles and practices and agree that the negotiation and operation of all Collective Agreements ensuing from the Voluntary Recognition Agreement will be in accordance with this memorandum unless otherwise mutually agreed.

1.0 Society Interests vs. Corporate Interests

The object of this Agreement is to promote harmonious relations between employer and employees consistent with the preamble of the Ontario Labour Relations Act and in recognition of the need for the successful accomplishment of the public purposes for which Ontario Hydro has been established as set forth in the Power Corporation Act and enunciated in the Corporate Direction.

The objective of the parties is to facilitate the peaceful adjustment of salaries and benefits, working conditions, issues of fair treatment, all disputes and grievances, and to prevent inefficiencies and avoidable expenses and to reduce unnecessary delays.

Ontario Hydro's mission is to contribute to the enhancement of the quality of life of the people of Ontario by serving their energy needs. The Society's mission is to strive to ensure the best rewards, career opportunities and working conditions for its members. The Society recognizes a responsibility for providing an essential service to the people of Ontario and in working towards the continued viability and continuity of Ontario Hydro as the provincial electrical utility. Both parties recognize the fundamental importance of service to the Corporation's customers.

The parties recognize that situations may arise where their missions, objectives, or actions come into conflict. These conflicts may impact on the bargaining unit and particularly on supervisory employees represented by The Society. The parties agree that supervisors will be able to participate fully as members and perform supervisory responsibilities without fear of reprisal or recrimination by either party.

Provided nothing in this Framework Agreement is intended to interfere with the exercise of lawful economic sanctions by any member of the bargaining unit or bargaining units as the case may be or by The Society itself should either party to the Agreement elect to terminate sections 4.0 and 5.0 of the Voluntary Recognition Agreement.

2.0 Collective Agreement

The Collective Agreement between the parties will include sections 1.0, 2.0, 3.0, 4.0, 5.0, 6.0, 8.0 of the Voluntary Recognition Agreement, in addition to

section 1.0 of Schedule A and the principles set out in sections 3.0 to 7.0 as noted below.

3.0 Supervisory Employees - Code of Ethics

Ontario Hydro agrees to include supervisory employees in the bargaining unit on the condition that the parties recognize that supervisory employees will continue to exercise key functions in the control and operation of Ontario Hydro. As members of Ontario Hydro's managerial staff, supervisors use judgment to express and make operative the decisions of Management. They are responsible for fostering a healthy work environment. The parties recognize the responsibility of supervisors to discharge their supervisory duties in good faith. The Society and Ontario Hydro will identify, minimize and/or avoid the conflicts/perceived conflicts of interest that may arise concerning the relationship between supervisors, The Society and Ontario Hydro.

It is recognized that supervisory employees may be disciplined for failure to act in good faith as a representative of Management and fulfilling their responsibilities including abuse of supervisory position and breach of trust.

3.1 Grievance Procedure

The Collective Agreement will have a grievance procedure which will recognize:

- access by either party for disputes arising from the administration of the Collective Agreement and from the application of section 1.0. If such disputes proceed to arbitration, the arbitrator will consider the principles contained in section 1.0;
- the role of supervisors in resolving disputes before they reach the formal procedure;
- that The Society agrees not to discriminate against supervisors who represent Management in Society grievances;
- that The Society will exclude supervisors directly involved in a particular grievance from the decisions on the referral of the grievance through the formal process;
- that supervisors will not act on behalf of The Society in matters associated with a particular grievance where the grievance has been lodged by another member(s) who reports to the particular supervisor.

4.0 Representation on Corporate Committees

The Collective Agreement will recognize the roles and responsibilities of appointees to committees and task forces, i.e., as a representative of Management on the one hand, and The Society, on the other. When an

employee represented by The Society is appointed by Management, his/her responsibility is to Management. When he/she is appointed by The Society, his/her responsibility is to The Society. This role distinction should be made clear at the time of appointment. Notwithstanding the above, and in keeping with section 3.0, Management will endeavour to appoint its representatives having regard to The Society's interests in effective representation.

5.0 Selection of Supervisors

The Collective Agreement will incorporate the existing practices for selecting the "best qualified candidate" in filling supervisory positions.

6.0 Membership in The Society

The Society agrees to permit members to withdraw membership in The Society.

7.0 Dues Deduction (Rand Formula)

The Collective Agreement will provide for Society dues, as prescribed by the Constitution, or an equivalent amount, to be deducted monthly (or more frequently if agreed) by Ontario Hydro by compulsory payroll deductions from all Society-represented employees and to be forwarded to The Society on their behalf with a list of appropriate employee information.

The Society confirms it will respect the provision of section 47 of the Ontario Labour Relations Act with respect to bona fide religious convictions or beliefs.

Appendix X - Re: Conflict of Interest - Security Staff

February 24, 1995

Mr. C. Cragg
President
The Society of Ontario Hydro
Professional and Administrative Employees
Suite 630, 525 University Avenue
Toronto, Ontario
M5G 2L3

Dear Chris:

Conflict of Interest - Security Staff

This will confirm the intent of the internal and external confidential review/resolution process in Article 2, Subsection 2.4. This process does not deny the parties access to the grievance/arbitration process but recognizes that conflict of interest situations may require an alternate forum for resolution. The issues that may give rise to a conflict of interest between the duties and responsibilities of the Security Staff and their membership in The Society may involve sensitive and confidential security matters that would not be appropriate to the usual grievance/arbitration process. The parties may desire to deal with these issues *in camera* or with the immediate involvement of other representatives who are not usual participants in the grievance/arbitration process. The employee is entitled to Society representation in this process and in the event that the process is not successful or results in discipline or other actions directly affecting any of the parties, all parties would maintain the right to pursue these actions through the grievance/arbitration process.

Appendix XI - Re: Peak Demand Hour Arrangements

The following are definitions and guidelines for the implementation of peak demand hour arrangements.

Definitions

Normal Work Week: For purposes of this Article, a normal work week will mean the total of the standard hours normally worked during a pay period, outside of the peak work load periods.

Normal Hours: Normal hours worked outside of a peak work load period (as per Article 70).

Peak Work Load Period(s): One or more periods during the year in which the expected magnitude or nature of the work to be performed reasonably requires employees to work more than their normal work week, and/or hours different from their normal hours. Peak work load periods may be the result of a need to minimize equipment downtime, or other factors which are expected to occur every year.

Peak Demand Workers: Employees who are likely required to work more than their normal work week, and/or hours different from their normal hours during peak work load periods, and less than their normal work week during other periods of the year.

Intent

- a) Peak demand workers may be required to work normal hours, or scheduled hours on a work and/or shift schedule which are different from their normal hours, and which, in total, may exceed their normal work week during peak work load periods. Scheduled hours worked in excess of the normal work week will be "banked" and taken as time off (consistent with the conditions outlined in this Appendix), during periods of the year when the work load may not require all of the normal hours available.
- b) Work and/or shift schedules, and all other administrative matters regarding the hours of work for peak demand workers will be determined within the business unit, subject to the conditions contained in this Appendix.
- c) The design of work and/or shift schedules and other hours of work arrangements will give consideration of the requirement to perform work in the most effective, efficient and safe manner.
- d) The design of work and/or shift schedules and other hours of work arrangement will give consideration of the need to maintain good working relationships within the affected group and the relativity to other employees not covered by this Appendix.

Conditions

a) The peak work load periods will be declared prior to the start of the year for the entire year. The declared peak work load periods for the year will not be less than four weeks' cumulative duration (or normal conditions for the employee will apply). The declared peak work load periods will not exceed 26 weeks of the year cumulative duration. For purposes of this Appendix, the year may be any designated fiscal year which will not be changed for the work group once established.

b) Peak demand workers may be assigned to normal hours, work and/or shift schedules that average more than the normal work week during the declared peak work load periods. Other articles in this Collective Agreement regarding shift work, hours of work, and standard hours do not apply during declared peak work load periods, except:

Articles 59.3, 60.4, 61.2 and 61.3 regarding shift allowance for work schedules on weekends, and nights; and

special conditions for 12 hour shifts as per Article 61.6.

c) Management will strive to provide at least seven days' notice of an assignment to a work or shift schedule that requires work outside of normal hours during the declared peak work load periods. However, any hours worked outside of normal hours without at least three days' notice will not be considered scheduled work for purposes of this Appendix.

d) Work performed outside of scheduled hours is overtime and will be compensated at the appropriate overtime rate(s).

e) During the declared peak work load periods, an amount equal to the number of scheduled hours worked each week in excess of the normal work week will be "banked". The banked time will be taken as time off at straight time during times of the year outside of the declared peak work load periods, subject to meeting work requirements. When possible, the time off will be scheduled by mutual agreement between the employee and Management. If work requirements have prevented an employee from taking his/her "banked" time off, the time remaining will be compensated as follows: for positive balances in the time bank remaining at the end of the year, the employee will receive payment at time and one-half for 50% of the hours and double-time for the balance.

f) An employee's base wages will be maintained throughout the year, regardless of the number of scheduled hours worked per week during the declared peak work load periods, or hours taken off at straight time from the time balance "bank" during other periods of the year.

g) The design of work and/or shift schedules used during the declared peak work load periods will be flexible to meet work requirements and consistent with the limitations of the appropriate legislation. Specific rules to be adopted for the design of work and/or shift schedules for peak demand workers may include:

1. The length of a scheduled shift or extended work day cannot exceed 12 hours.
2. No more than 48 hours of work may be scheduled (i.e., exclusive of overtime) in a week.
3. The start of a scheduled shift or work period must be at least 24 hours following the start of the previous scheduled shift or work period.
4. At least eight hours of time off will be provided between work periods including overtime.
5. Although the content, preparation, costing and administration of work and/or shift schedules is the sole responsibility of the Corporation, the preference of the majority of peak demand workers to be assigned in the affected work group will be considered in designing the work and/or shift schedule.
6. Every attempt will be made to assign employees from those in the appropriate work group, to a work and/or shift schedule under this Appendix, on a voluntary basis. However, in the absence of sufficient qualified volunteers, the Corporation may assign specific individuals to perform the work.

Appendix XII - Guidelines for Applying Burkett Overtime Award

As a result of continuing questions concerning the Burkett overtime award, The Society and Ontario Hydro have agreed to issue these guidelines to assist local representatives in interpreting this award.

Employees found eligible for compensation under this award are entitled to receive compensation equivalent to PWU overtime premiums for all overtime worked, retroactive to January 1, 1993. This entitlement applies to all PWU overtime premiums, including double-time Saturdays, double-time for all work performed outside of their first four clock hours after normal quitting time Monday to Friday inclusive and minimum payments for emergency and scheduled overtime. It does not apply to travel time outside of normal scheduled hours.

To determine compensation eligibility under this award:

First, determine which employees are eligible to receive the PWU equivalent overtime premium. A list of eligible employees should be developed locally using the statement of intent in Part A and the employee eligibility guidelines set out in Part B. Local Society representatives should be involved in developing the list of eligible employees to minimize the possibility of disputes.

Second, decide whether an employee deemed eligible in step one will be compensated with PWU equivalent overtime premiums on an ongoing or on an assignment-by-assignment basis. This decision is Management's prerogative. If the decision is made to compensate on an assignment-by-assignment basis, the guidelines set out in the statement of intent in Part A and the guidelines in Parts C and D should be followed to determine when an eligible Society-represented employee qualifies to receive the applicable PWU equivalent overtime premium. Local Society representatives should be involved in the development of local adaptations of these guidelines to ensure fair and consistent employee treatment and to minimize disputes.

Part A - Intent of the Award

The intent of the award is to correct the internal "relativity rub" that arises when Society-represented staff are required to directly supervise or work beside PWU-represented employees performing overtime work in a field environment or facility while receiving less providential overtime provisions than these employees. It is not intended to address internal relativity problems other than those that specifically arise when members of both employee groups work overtime.

Part B - Conditions of Employee Eligibility

1. The following conditions must be satisfied before an employee is eligible to receive award compensation:

a) an employee must work in a field environment/facility (=“field condition”);

and

b) he/she must directly supervise or work beside PWU-represented employees (=“interface condition”).

2. To meet the “field condition”, an employee must be “directly involved in the operations, maintenance or construction of production, transmission, or distribution facilities”.

3. “Head office” refer to non-production, non-transmission or non-distribution facilities and, as of January 1, 1993, includes the following locations: 700 University, 393 University, Murray Street, College Park, Place Nouveau and the Atrium. When performing overtime work at these locations, employee do not meet the “field condition”. Local Society and Management representatives should assess whether or not employees, when performing overtime work at other locations, meet the “field condition” on a case-by-case basis, by examining the nature of the employee’s work in light of the statement of intent in Part A and the guidelines contained in this section. In the event of disagreements, the matter should be referred to the JSMC.

4. Employees whose regular work headquarters are “field” locations (i.e., those *not* included under guideline #2 above) and who train PWU-represented staff meet the “field condition”. Employees who satisfy this condition include those who work at the Orangeville C&D Centre and the Nuclear and Thermal training centres.

5. Employees whose overtime work at their regular work headquarters does not meet the “field condition” (e.g., head office staff) shall be deemed to meet this condition for overtime work performed at “field” locations when they directly supervise or work beside employees involved in the operation, maintenance or construction of production, transmission or distribution facilities (e.g., research, telecommunications or information systems work performed at stations).

6. Employees “work beside” PWU-represented staff if they work at the same time as PWU-represented staff on the same projects/task assignments and this is a normal feature of their work and necessary to carry out their job responsibilities (e.g., P&C Engineers). To determine employee eligibility in this regard, the nature of The Society-represented employee’s job responsibilities, rather than the frequency of his/her actual contact with PWU-represented staff, should be the primary consideration.

Part C - Conditions That Trigger Award Compensation

(Management has the discretion to compensate employees who are deemed eligible under Part B above with the equivalent to PWU overtime premiums on an ongoing or on an assignment-by-assignment basis. If Management chooses to compensate on an ongoing basis, the sole condition that must be satisfied for award compensation to trigger is the eligible employee's performance of overtime work. If Management chooses to compensate on an assignment-by-assignment basis, then the guidelines below apply. NB. An individual guidelines does not stand alone: all conditions set out in this Part must be satisfied before an eligible employee qualifies for award compensation.)

Both The Society-represented employee and the PWU-represented employee whom he/she supervises or works beside must be on overtime. Example: if a Society-represented employee who normally works days Monday to Friday works on a Saturday with a PWU-represented employee who is working on his/her normal scheduled shift (and does not work beyond the scheduled hours), The Society-represented employee does not qualify for award compensation.

Award compensation applies to the period of time when The Society-represented employee is "rubbed" by an unfavourable overtime premium differential. Example: if a Society-represented employee who normally works days Monday to Friday works on a Saturday from 7:00 a.m. to 3:00 p.m. with a PWU-represented shift employee (for whom the Saturday is a scheduled work day) whose shift ends at 7:00 a.m. but who continues to work (on overtime) until 3:00 p.m., The Society-represented employee qualifies for double-time from 11:00 a.m. until 3:00 p.m., i.e., when the PWU-represented employee received double-time for overtime work.

The presence of a Society-represented employee for the overtime in question must be necessary for the work to progress (i.e., if the employee was not there, then the task could not proceed). In most cases, this condition is met if the other conditions set out in the Part are also satisfied.

A direct supervisory or "working beside" interface must exist between Society-represented and PWU-represented employees during the overtime in question. The mere presence of a PWU-represented employee on overtime at the same location and at the same time as a Society-represented employee is working overtime does not trigger the award. Example: if a number of eligible Society-represented supervisors work overtime at the same time as PWU-represented employee works overtime, only the supervisor to whom the PWU-represented employee reports during the overtime in question qualifies for award compensation.

This, however, does not preclude another Society member who is not a supervisor but meets the "working beside" criteria from receiving this compensation.

Part D - Clarifications

1. Even if only one PWU-represented employee is on overtime for a particular assignment, and the other (PWU-represented) members of his/her crew or task group are not, assuming the other conditions are met, The Society-represented employee on overtime with him/her qualifies for award compensation.
2. Normal shift turnover work of less than 30 minutes does not qualify for coverage under this award, but rather is compensated in accordance with Article 62 ("Shift Turnover") in the Collective Agreement. Shift turnover work of 30 minutes or longer performed outside of normal working hours, however, as well as work other than shift turnover work an employee is required to perform prior to normal starting time are eligible for compensation under this award provided that: a) the employee directly supervises or works beside a PWU-represented employee; and b) both are on overtime; and c) an overtime premium rate exists.

(dated February 28, 1994)

Appendix XIII - Clarification Notes for Article 74

Purpose of These Notes:

- to clarify the contractual language in Article 74 to reflect the intent of the parties during negotiations
- to permit clarifications to be understood for use during the contingency planning process.
- these notes do not alter or amend Article 74 but should be added to the Article.

Clarifications:

Section 74.2

Should the parties, as outlined, be unable to come to joint agreement on whether work is essential, then a decision will be made by a jointly agreed to third party. This person may be internal or external to OPG, and will make a decision within 6 hours of the dispute referral by either party. Decisions made by the third party will be binding for the purposes of work assignment. This decision may be subject to the grievance process at a later date.

The third party will be George Adams.

It was the intent of this Section that requests to employees to accept essential work assignments will contain as much information about the assignment as possible, such as work location, training schedules, etc. It is expected that Management will request work assignments as close to employee home locations as possible.

Section 74.2 and 74.4

Within these Sections, the assignment of work occurs when an employee accepts Management's request for an essential work assignment and any training, if required. All agreements and legislative conditions with respect to work refusal on the grounds of health and safety, etc., continue to apply under this Article.

Section 74.4

One possible situation under this Section may be when there are outstanding essential work assignments once the pool of available and qualified ESR and MF staff has been exhausted and Society-represented employees acceptances have been received. In this emergency situation, Management will assign essential work to Society-represented employees who either have or will obtain the appropriate skills and training. This clarification was necessary because both parties recognize the legal obligations of OPG to ensure essential work is carried out. Management will also take into account personal circumstances before assigning work under this particular emergency situation. Normal Management rights apply to these work assignments.

Mr. John Wilson, President
The Society of Ontario Hydro Professional
And Administrative Employees
525 University Avenue, Suite 630
Toronto, Ontario
M5G 2L3

Dear Mr. Wilson:

Allocation and Redeployment Issues

There are Society-represented staff who were jointly agreed to be in the recent Finance JRPT and who are either in Virtual Division or were or should have been identified as non-incumbent during the process. Management undertakes to confirm whether employees who were previously identified as non-incumbent (e.g. on "Attachment 2" in the JRPT list) are still non-incumbent, and will provide an opportunity for other Finance employees to self-identify for review. Management and Society representatives conducting The Society allocation process will conduct a review, but Management will make the final determination.

Where such employees are confirmed as non-incumbent they will be allocated as "unplaced" in accordance with the allocation process and will be allocated to a Manager in the Finance function in the successor company/bargaining unit and given meaningful work. These employees retain all rights under Article 64 within Ontario Hydro or the successor Company.

This letter has the status of an agreement under any applicable 1999 Collective Agreement and shall operate for the duration of 1999.

Yours truly,

In addition, such employees are entitled to such reasonable training or reskilling to return to normal duties as is feasible.

In the event a Society representative is declared surplus, Society responsibilities will be factored in for the purposes of clause 64.7.1.2 (Interruption of Search/Notice Period).

Re: Clarification of Article 37

This is to clarify our understanding about the application of Article 37 of The Society's Collective Agreement, Release of Society Representatives.

Management acknowledges that Society Unit Directors (UD) duties may require up to 100 percent paid release time, in recognition of normal UD work plus significant participation in joint and tripartite processes and other business related to Society-Management relations. If a Unit Director is not involved significantly in these kinds of activities and processes then the release time required would normally be 50%.

Unit Directors will keep local management apprised of their Society responsibilities and commitments in order to resolve release time issues, to the greatest extent possible, at the local level. Any disputes with respect to whether 50% or 100% release time is required will be resolved at the JSMC level.

Society Unit Directors will become signatories to the Partnership Agreement between OPG and The Society and Power Workers' Union to reinforce The Society's commitment to maintaining a constructive approach to resolving issues.

Re: Article 41 Pregnancy Leave Extension (Unpaid)

Dear Jim and Lanny,

In negotiations for the 2001-2003 OPG/Society collective agreement, it was agreed to revise the pregnancy and parental provisions. Subsequent to the Memorandum of Settlement, the Provincial government amended the Employment Standards Act to allow for a longer parental leave.

In drafting the language for Article 41 (Pregnancy/Parental Leave), the parties had to reconcile the existing agreement language with the new ESA provisions. It was agreed that the new ESA provision for 35 weeks of parental leave was a reasonable leave period and the 4-week unpaid parental leave extension provided under the 1999-2000 collective agreement could be subsumed in the entitlement. In the event that the ESA parental leave provisions are reduced below 35 weeks, OPG agrees to reinstate an extension in the same magnitude as the reduction for all categories in Article 41. The maximum reinstated extension will not exceed 4 weeks.

Yours truly,

Julie Mitchell – VP Labour Relations
Corporate Human Resources

APPENDIX XV - Tripartite Agreement with Respect to Jurisdictional Disputes

Between
The Power Workers' Union ("The PWU")
and
Ontario Power Generation Inc. ("OPGI") and
The Society of Energy Professionals ("The Society")

1. Each of the PWU and the Society may refer any grievance filed under its collective agreements, or any issue arising from a grievance, that concerns competing claims by the PWU and Society to the assignment of work or positions, to the expedited arbitration process described herein.
2. The referral shall be made by the referring union delivering a brief to the other parties setting out the facts and evidence on which it relies. Responding parties shall deliver responding briefs within 30 days thereafter, and the referring union may file a reply brief within a further 10 days after receipt of the responding briefs.
3. If a party does not deliver its brief within these time lines, it may only file its brief and lead evidence at arbitration with leave of the arbitrator, on such terms as the arbitrator may impose.
4. Arbitrations will be held in an expedited med/arb format. The arbitrators will be selected from the following group:

Jules Bloch
Gerald Charney
Robert Herman
5. This roster of arbitrators will be reviewed by the parties every year that this agreement continues. Prehearing issues may be referred to Jules Bloch or his designate for resolution.
6. Arbitrations will be based primarily on written briefs, which are prima facie evidence of the truth of their contents. Oral evidence will be limited to matters on which the arbitrator so directs, and no party shall introduce oral evidence of matters that are not contained in their brief, except with leave of the arbitrator. Prior settlements made without prejudice and without precedent shall not be determinative of any grievance.

7. In addition to jurisdiction under the collective agreement under which the dispute was filed, the arbitrator shall have the jurisdiction set out in s.99 of the Labour Relations Act, 1995, except the arbitrator shall not have power to alter a bargaining unit determined in a certificate or defined in a collective agreement, or otherwise amend the collective agreement.
8. Arbitration awards will be precedent setting.
9. The arbitrator's fees and associated costs shall be shared equally by OPGI and the referring union.
10. Any party may withdraw from this agreement on six months notice to the other parties.

Appendix XVI - "Shime Award" Re: Jurisdictional Issues

In the matter of a Mediation/Arbitration

- Between –

Ontario Power Generation Inc.
-and-
The Society of Energy Professionals
Owen B. Shime Q.C., Chair

This is my award to fully and finally resolve all matters in dispute reflected in the Memorandum of Agreement dated August 22, 2003 regarding jurisdictional issues.

Where OPG changes a Society position or creates a new borderline ESR position so that it is excluded from the bargaining unit, the following shall apply:

Management shall advise the appropriate Society Local Vice-President at least five (5) working days before (b) below that they intend to either create a new borderline ESR position or change the jurisdiction of an existing Society position. During this period Management will be available to meet with the Society and share all documentation and information related to the position in question. The parties will endeavour to come to an agreement on any issues in dispute on the applicable position.

Failing agreement management shall fax to the Society Local Vice-President the job document, Plan "A" rating including rationale, an approved current and proposed organizational chart, request for exclusion form (Article 2.6), Plan 'A' relativity list and a cover letter.

On or before the expiry of 10 working days after receipt of the job document and documentations referred to in (b), the Society shall provide its arbitration brief to the VP Compensation and Benefits in support of its position that the position is properly within the bargaining unit; if no brief is provided within the 10 working day period, the position shall be deemed to be a non-bargaining-unit position;

On or before the expiry of 10 working days after receipt of the Society's brief as referred to in (c) above OPG shall provide its arbitration brief to the Society-designated contact in support of its position that the position is properly a non-bargaining unit position; if no brief is provided within the 10 working day period, the position shall be deemed to be a bargaining unit position;

After the exchange of briefs, the matter shall be referred to expedited arbitration as provided in LOU #73/LOU #73GEN. The Arbitrator shall hear the matter and release a decision within 10 days of the matter being referred to him or her. The arbitrator shall not have jurisdiction to consider evidence of any hardship OPG may face as a result of having to convert a position from ESR to Society jurisdiction. The Arbitrator

shall only be allowed to consider the evidence as to whether or not the position is appropriately outside or inside the jurisdiction.

During the period up to and including the provision of a brief by OPG as referred to in (d), the position shall not be filled unless an incumbent is already in the position, in which case the incumbent shall remain in the bargaining unit subject to these provisions;

After the expiry of 10 working days from the exchange of briefs management may fill a newly created Borderline ESR position as a non-bargaining-unit position, provided that if the arbitrator rules that the position is a bargaining-unit position, then, unless the parties agree otherwise the incumbent shall be removed and the job shall be re-rated as per the arbitrator's decision. In the case of a proposed change to the jurisdiction of an existing Society represented position, if there is a dispute the position shall remain within the Society bargaining unit until such a time as either the parties agree otherwise or an arbitrator has ruled on the matter and has deemed the position as appropriately being outside the Society's jurisdiction.

In the event that the arbitration results in positions being declared non-bargaining unit positions, the incumbent will be given the choice as to whether he or she wishes to remain in the bargaining unit in a Society-represented role. He/she will remain in the non-bargaining unit position until such time as an appropriate Society vacancy becomes available.

It is understood that if the organizational chart referred to in (a) is changed during this process, the job shall be re-rated and the process will start anew if the position rating is disputed.

On a quarterly basis, a joint team shall review the process provided for in paragraph 1, and the experience under such process. After one-year from the date of execution of this memorandum, the parties shall undertake a comprehensive review of the process.

Where an exclusion from the bargaining unit occurs as a result of the number of reports, the following shall apply:

Where there was an existing Society position and there is a change in the number of reports, the position shall remain a Society position until the requisite initial reports are in place. If the reports are not in place after a period of six months, the position shall be re-rated. The position shall be deemed to be Society represented if rated below 335 points. The Society reserves the right to use the process in paragraph 1 above if the position is rated above 335 points.

In all other cases, the provisions of paragraph 1 apply, provided that in the case of a new position which is filled by a non-bargaining unit person, in the event that the requisite reports are not in place at the end of a six-month period, the matter may be referred to the expedited arbitration process provided for in LOU #73/LOU #73GEN.

There shall be a single point of contact for the Society for Job Evaluation issues within each Bargaining Unit. OPG agrees to train 1 Society designated representative for each bargaining unit.

With respect to outstanding challenges of positions alleged to be in the bargaining unit:

Within 60 days, the Society shall advise OPG in writing as to which positions remain subject to challenge.

The parties will exchange briefs in accordance with the process in LOU #73/LOU #73GEN.

It is understood that consequential amendments to Article 2.6, LOU #73/LOU #73GEN, and perhaps other provisions, will be required in order to incorporate the foregoing.

I shall remain seized with respect to contract language.

Subject to the foregoing all other matters in dispute reflected in the Memorandum of Agreement dated August 22, 2003 are deemed to be resolved.

Dated at Toronto this 10th day of September 2004.

LETTER OF UNDERSTANDING

#1 Re: Compensation and Working Conditions - Essential Duty Assignments

It is agreed that the following provisions will govern the compensation and working conditions applicable to Society-represented staff who are assigned essential service duties.

1.0 General Provisions

- 1.1 All policies and practices and terms of the Collective Agreement which normally apply to Society-represented staff will continue to apply during a strike/lock-out unless modified, replaced or set aside in accordance with this Agreement.
- 1.2 All employees, including employees not assigned to work of another bargaining unit, will continue to receive their normal pay rate, including performance standing, for their regular job.
- 1.3 For those employees who normally work shifts, all existing shift schedule arrangements, including time-balanced schedules, will be suspended from the date the work stoppage commences until the work stoppage ends. Compensation treatment will be equitable for all employees assigned to essential duties during the work stoppage.
- 1.4 All employees assigned to essential duties will be compensated based on a 35-hour work week. As a minimum, employees will continue to receive pay equivalent to their normal base earnings. For employees whose rate is normally based on a 37.5 hour or 40 hour week, a premium of 0.5 times the hourly rate will apply after 35 hours in a week until their normal hours of work (i.e., 37.5 or 40) is reached. Overtime beyond this will be compensated at the appropriate overtime rate.

A positive time balance will be paid at the termination of the essential service assignment and a negative time balance will be written off.

- 1.5 For situations involving the crossing of picket lines, refer to Article 77 of the Collective Agreement ("Crossing Picket Lines of Other Unions").

2.0 Compensation - General**2.1 Scheduled Work on Weekdays**

- 2.1.1 Employees assigned to essential work will be compensated at straight time rates for the first seven (7) hours of work. The following seven (7) hours worked shall be compensated at time-and-one-half subject to treatment for employees normally working 37.5 or 40 hours a week as outlined in Section 1.4.
- 2.1.2 All hours worked in excess of fourteen (14) continuous hours shall be compensated at:

- a) double-time; or
- b) straight time plus an hour off for each hour worked in excess of fourteen (14) hours.

2.2 Scheduled Work on Saturdays, Sundays, and Statutory Holidays

- 2.2.1** All employees assigned to work shifts and scheduled to work on Saturdays and Sundays will receive straight time pay for the first seven hours worked as part of a normal scheduled work week.
- 2.2.2** All employees assigned to work shifts will receive straight time pay for the first seven hours worked on a statutory holiday as part of their normal scheduled work week. One hour off for each hour worked up to the statutory holiday credit (seven hours) will be given at a later date acceptable to the employee and Management.
- 2.2.3** The appropriate shift allowances as per Article 59 (“Shift Work [M&P, TMS, TS, OSS]”) and Article 60 (“Shift Work [FM&P]”) will be paid to all employees required to work shifts.

2.3 Overtime Worked on Saturdays, Sundays and Statutory Holidays

- 2.3.1** Employees shall be compensated at time-and-one-half for the first fourteen (14) hours worked on a Saturday.
- 2.3.2** Employees shall be compensated at double-time for the first fourteen (14) hours worked on a Sunday.
- 2.3.3** Employees shall be compensated at double-time for the first fourteen (14) hours worked on a statutory holiday. In addition, one hour off for each hour worked up to the statutory holiday credit (seven hours) will be given at a later date acceptable to the employee and Management.
- 2.3.4** All hours worked in excess of fourteen (14) hours on a Saturday, Sunday or statutory holiday will be compensated at:
 - a) double-time; or
 - b) straight time plus an hour off for each hour worked in excess of fourteen (14) hours.

2.4 Time Off in Lieu

Employees may choose to be compensated in money, paid time off, or a combination of both for overtime worked while assigned to essential work. Scheduling of time off will be subject to agreement of the regular supervisor following the end of the work stoppage.

3.0 Travel Time

All travel time except time spent in travel when called out for any emergency overtime, will be compensated at straight time. Travel time for emergency overtime will be considered as overtime.

4.0 Expenses

4.1 Reimbursement will be made for appropriate out-of-pocket expenses incurred as a result of undertaking assignments during a strike situation. As such employees should not profit from reimbursement of expenses. Appropriate expenses include, but are not limited to, travel, meals, accommodation, cancellation of vacations, increased child care, and damage or loss of private property.

4.2 Expenses incurred during a temporary assignment will be submitted to the temporary supervisor for approval.

5.0 Essential Work Rating Scale

The Essential Work Rating Scale set out in Attachment A forms part of this Letter of Understanding and will be updated by the Joint Society-Management Committee, prior to application.

(signed by Brian Story, Co-Chair for Ontario Hydro Management and Chris Cragg, Co-Chair for Society, dated June 27, 1994.)

ATTACHMENT A

Essential Work Rating Scale

(A) WORKING CONDITIONS

Employees who are assigned to essential work will automatically receive credit for this factor. It is assumed the individual will be subjected to pressures, demands or unfavourable/hazardous working conditions which deviate significantly from the norms of the regular position. Employees/supervisors whose work responsibility will increase significantly as a result of a work stoppage may be assigned to special duties by their respective line management.

Payment per Day: \$30.00

(B) SHIFT ASSIGNMENT

Employees who are assigned to work a shift schedule will automatically receive credit for this factor for each day they work the shift schedule.

Payment per Day: \$30.00

(C) SPECIFIC ALLOWANCES

The following allowances are to compensate for situations where employees are required to perform essential work under specific working conditions.

An employee can receive compensation for only one of the following allowances.

24- Hour Availability

An employee who is required or elects to remain at a designated place, other than home (e.g., motel) in readiness to proceed immediately to the work location on a 24-hour basis.

Hours worked by an employee are included in this 24-hour period.

Payment per Day: \$46.00

OR

Remaining at Ontario Hydro Facilities on 24-Hour Basis

An employee is required to remain/live at the work location for a 24-hour period.

Payment per Day: \$120.00

On-Call Service

An employee is permitted to remain at home following his/her scheduled work but is required to be available to work outside normal working hours.

(Reference: Article 56 - "On-Call Service")

Note: Employees who are required to live at the work location on a continuing 24-hour basis and will be paid for only those hours worked plus the applicable allowances.

#2 Re: Peak Work Hours Arrangements

This will confirm the understanding reached at negotiations with respect to Article 72 - Peak Demand Work Arrangements and Appendix XI.

Article 72 contemplates that a joint local team will develop a design for the Peak Demand Hours Arrangement in local areas using Appendix XI as a guideline. The local joint teams will also devise an implementation plan for the arrangement. That plan could involve staffing the arrangement with volunteers on a test basis. The volunteers would have to volunteer for a full 12 month cycle. The fact that an individual did not volunteer will not negatively reflect on his/her performance evaluation. The results of that test application could be reviewed by the local joint team. This review might result in revisions to the arrangement.

It is expected that ultimately the arrangement would become a local Mid-Term Agreement.

(signed by B.R. Story and C.B. Cragg - October 4, 1994 - Joint Society-Management Committee [JSMC])

LETTER OF UNDERSTANDING
#4 Re: Pre-Mix and Match Surplus Declarations

Intent

To provide a fair opportunity to retain employment for those employees who are at a substantial risk of being declared surplus within the Unit of Application of those JRPTs yet to conclude their mix and match.

Process

- 1.0 Employees who are a part of a Unit of Application that has not yet concluded its mix and match and who wish to apply for corporate vacancies may request that they be granted surplus status subject to the following:
 - 1.1 Employees will submit their request to be accorded surplus status to their JRPT. The JRPT will only extend surplus status to those employees who are at real risk of being declared surplus or, subject to confirmation by the JROT, at real risk of not receiving a reasonable job offer. The JSMC will be advised of such employees.
 - 1.2 Employees who are extended surplus status by their JRPT will be provided with a surplus letter as is described in the Employment Continuity provisions.
- 2.0 The search notice period of an employee who is extended surplus status will begin upon written receipt of his/her Declared Surplus letter.
- 3.0 This surplus status will be automatically removed when the employee is selected to or placed in an ongoing position. Surplus status will also be withdrawn, at the employee's request, if Management withdraws the vacancy notice in which the employee was seeking priority consideration. In such circumstances, the surplus status will be withdrawn from the date it was issued.
- 4.0 An employee who is provided with surplus status as described above will be entitled to the same rights as those employees who have been Declared Surplus as a result of a mix and match procedure. Such employees will also be entitled to fully participate in the mix and match process within their own Unit of Application.
- 5.0 JRPTs will have the responsibility to monitor and update a list of employees to whom they extended "at risk" surplus status.
- 6.0 This Letter of Understanding terminates on December 31, 2000.

#5 Re: Society-Management Function/ESR Boundary Issues

Intent

This LOU seeks to clarify employee rights during the operation of Article 64 related to positions at or near to the boundary between The Society and Management Function and provide an equitable means for employees to participate in competitions or a mix and match and follow their work where it has been transferred in or out of The Society's jurisdiction as a result of a reorganization. It is not intended to provide enhanced employment continuity rights in comparison to employees whose work has not changed jurisdiction.

The Problem

1. Position X is in the old organization and is in The Society. The duties change very little in the new organization but the change is sufficient to alter the jurisdiction of the position (e.g., the span of supervision and control is expanded and there will be more Society direct reports).

Under the current rules The Society-represented employees currently in position X will not be permitted to compete for the position in the new organization during a mix and match.

2. There is a converse of 1. Position Y is currently excluded from The Society (i.e., MF or ESR). In the new organization the position is substantially the same but the jurisdiction of the job will move to The Society's jurisdiction. Once again, the change is minimal (e.g., there is reduced supervision and fewer or no Society direct reports).
3. Position Z is being formed in the new organization. It appears that it will be excluded/included but there is uncertainty about some factors (e.g., the number of direct reports). Therefore, the jurisdiction is uncertain and may eventually change.

In this case, Management could make an arbitrary designation as excluded and The Society could challenge the designation later. If Management were to do this, then The Society-represented employees would not be able to compete for the position during a mix and match process. If the ultimate jurisdiction was within The Society, it could be that the selection process would have to be repeated.

If Management were to designate the position as included in The Society then MF and ESR would be excluded from a mix and match process. A similar result could occur, if the jurisdiction were to subsequently change.

The Solution

A joint process for identifying positions X, Y and Z will be established as follows:

1. Management will identify the X, Y and Z positions and identify the employees who could be adversely affected. The Society will have approval/veto rights. (Note: This is intended to ensure X, Y and Z positions are legitimate and not intended to increase the opportunities for MF and ESR employees or reduce the opportunities for Society represented employees to exercise their seniority rights in the mix and match process.)
2. Category X - These positions will be filled in the MF mix and match or advertised OPGI–Nuclear-wide using the normal vacancy process if not filled in the mix and match. Society represented employees identified under paragraph 1 will be treated equally to MF employees during a mix and match but may only be selected for Position X. If the position is advertised OPGI–Nuclear-wide, then the employee will be treated preferentially (i.e., be granted the same priority as surplus MF or ESR) for the specified position only. If the employee is not selected, then the employee can exercise all of his/her normal rights under Article 64. Where the employee is not selected for the position, The Society and the employee will be advised of the selection criteria and provided with reasons for non selection.
3. Category Y - These positions will be filled in The Society mix and match or advertised OPGI–Nuclear-wide using the normal vacancy process if not filled in the mix and match. MF or ESR employees identified under paragraph 1 will be treated equally to Society employees during a mix and match but can only be selected providing they meet the senior qualified criteria for Position Y (i.e., such employees cannot be placed in any other position or displace Society-represented employees). If the position is advertised OPGI–Nuclear-wide, then the employee will be treated preferentially (i.e., be granted the same priority as surplus Society) for the specified Y position only. If the employee is not selected, then the employee will be treated similarly to other MF/ESR staff in all other respects and have no additional rights.
4. Category Z - The parties will attempt to reach consensus on the jurisdiction of the position based on all available information (which will include an organization chart showing reporting relationships, selection criteria, and description of duties) prior to the selection process. Where consensus is not reached, Management will determine the jurisdiction and The Society will have the right to grieve.
5. The rights of The Society to grieve the jurisdiction of positions are unaffected by agreements reached under this process.
6. This Letter of Understanding expires December 31, 2000.

#8 Re: Shift Differential

In agreement renewal negotiations the parties discussed a category of employees who met certain criteria:

- a) they were in positions that had normal hours of work between 4:00 pm and 12:00 pm;
- b) they were in these positions as a result of the mix and match process;
- c) prior to the mix and match process they had normal hours of work between 7:00 am and 6:00 pm.

OPGI-Nuclear agreed that the positions would be eligible for shift differentials.

LETTER OF UNDERSTANDING
#9 Re: Expediting Redeployment Grievances and Arbitrations

The undersigned Parties agree as follows:

Complaint and Grievance Procedure

1. This Agreement applies to grievances arising from the administration of Employment Continuity provisions of the Collective Agreement (Article 64.1.2), including the redeployment process in each Unit of Application, non-selection to positions in the mix and match and non-selection of employees entitled to priority placement in the search/notice period, and to decisions of JROTs.
2. Except as specified in this Agreement, all provisions and practices established in relation to the Complaint and/Grievance/Arbitration Procedure apply to these grievances.
3. An employee's complaint must be submitted no later than 20 working days after completion of the Mix and Match, e.g. final approval of the JRPT Second Report or equivalent, the JROT decision, or the selection process that includes the decision he/she feels is unfair.
4. At Step 1 of the grievance procedure, The Society will submit complaints within the scope of this Agreement to the relevant JRPT, JROT, and/or line management through Labour Relations Strategy Division. Management and The Society will be given 10 working days to attempt to resolve the grievance. The Society's position on the grievance is not prejudiced by that of Society members of JRPTs or JROTs.
5. Failing resolution at Step 1, The Society may advance the grievance to Step 2 of the grievance procedure within a further 10 working days.
6. The Parties will appoint regular and backup members to at least one Standing Redeployment Grievance Team, which will act as a Second Step Grievance Committee according to the terms of the Collective Agreement. The Committee will meet within ten days of a grievance being filed to attempt to resolve the grievance.
7. Failing resolution at Step 2, The Society may refer the grievance to arbitration within 20 working days. The Parties will designate and retain one arbitrator for grievances under this Agreement.

Arbitration

8. The parties will review case by case the appropriateness of the following expedited arbitration process for grievances arising from the Expedited Redeployment Grievance process.
9. Mr. Joseph W. Samuels, or another arbitrator acceptable to the parties, will be retained as arbitrator for Employment Continuity grievances and he will be asked to deal with agreed-upon cases according to the terms of point 10, below. The arbitrator shall control the proceedings and retain jurisdiction to require further submissions of fact or argument as he deems necessary to determine the matter.
10. The expedited arbitration process will require the following:
 - ◆ each grievance can be heard on one day, more than one grievance may be scheduled per day subject to the arbitrator's direction.
 - ◆ the parties will prepare and sign a Joint Statement of the facts giving rise to the dispute, the facts in dispute (to the extent practicable), and any agreement as to the issues to be decided by the arbitrator. The Joint Statement must be developed prior to scheduling the hearing date.
 - ◆ each party will present three copies of a Case Statement at the outset of the hearing. The Case Statement will state the issues to be determined, the facts on which the party relies, and a summary of the position of the party, supported by documentary exhibits and references to the Collective Agreement, jurisprudence or other authorities.
 - ◆ witnesses may be called where the arbitrator rules that there is a material factual dispute and determines which parts of the evidence sought to be called appear relevant and material to the determination of the grievance. Witnesses will be under oath and subject to examination and cross-examination.
 - ◆ oral argument will be limited to the position of the party set out in the Case Statement and the rebuttal of the other party's argument.
 - ◆ the arbitrator will determine the matter as soon as possible, with a written decision issued to the parties within ten working days of the hearing date. Failure to meet a time limitation under this process will be deemed a technicality that does not invalidate the proceedings or the award.
11. Where the parties do not agree that a case is appropriate for this procedure, it will be dealt with by the same arbitrator as a conventional referral to arbitration.

LETTER OF UNDERSTANDING
#10 Re: Extended Health Benefits

The undersigned parties recognize and accept the fact that OPGI–Nuclear’s Extended Health Benefits (EHB) plan is a negotiated plan which can only be revised through negotiations. In an attempt, however, to overcome the inflexibility of this plan on a case by case basis, and on a “without prejudice” basis, the parties also recognize that there may be some situations where a business case can be made that an alternative/different treatment to that allowed by the strict wording of the plan may be mutually beneficial.

As such, the parties agree that where a business case supports such action, and where it is mutually agreeable between OPGI–Nuclear and The Society, OPGI–Nuclear and individual employees may enter into agreements signed by the employee and a Society Principal Officer or Society Staff Officer on a “without prejudice” basis, whereby, for a limited period of time, employees may waive their rights under the EHB Plan and opt for a different or alternative treatment as agreed to by the parties. It is the intention of both parties that this would be done infrequently and only in cases where special requests have been made by individual employees for a different type of coverage. It is further agreed that while employees have no negotiated right to such treatment, the Tripartite Health and Benefits Committee Terms of Reference [i.e. (c)] would allow it to review the experience under this Letter of Understanding when considering adding or subtracting specific entitlements under the EHB Plan in keeping with the progress of medical science. It is further agreed that this Letter of Understanding would not restrict OPGI–Nuclear from considering special treatment on an individual basis in the case of serious hardship.

The individual agreements should contain the following information:

1. the duration of the arrangement;
2. current coverage under the EHB plan;
3. the option chosen;
4. where appropriate, a clear statement to the effect that the employee is aware that they are opting out of specific items of coverage under the EHB Plan in lieu of alternative or different treatment;
5. that the arrangement is being entered into on a “without prejudice” basis.

As stated earlier, this Letter of Understanding does not bestow on employees any right under the Collective Agreement to special arrangements, but merely serves to allow, on a case by case basis, where there is mutual agreement, for special requests to be accommodated without increasing the cost of, or entitlements under, the EHB Plan. As such, neither the provisions within the individual agreements or a decision by any party not to enter into such an arrangement are grievable.

This Letter of Understanding expires on December 31, 2000.

Intent:

To allow surplus employees who are on rotation to extend their employment beyond the expiration of their search/notice period.

- 1.0 It is possible for employees who are on rotation to continue employment with OPGI–Nuclear beyond the expiration of their search/notice period when the expected duration of their rotational assignment goes beyond the expiry date of their search/notice period.
- 2.0 The decision to extend employment beyond the expiry of the search/notice period and the responsibility for the employee will be assumed by the receiving unit (i.e., the unit with the rotational assignment).
- 3.0 Normally, the extension will be for the expected duration of the rotational assignment. Where the line management of the receiving unit deems it necessary, a cancellation provision (minimum of 30 calendar days) can be included as one of the terms of the rotational assignment. This cancellation provision would be identified prior to the commencement of that portion of the rotation beyond the expiry of the employee's search/notice period.
- 4.0 For the period of employment, following the expiration of the search/notice period, employees will be considered per Clause 65.6.3(f) of the Collective Agreement and will not have priority consideration for corporate vacancies.
- 5.0 The extension of employment beyond the expiration of the search/notice period shall not be used for the calculation of any other entitlement (i.e., severance, notice of termination, lump sum payments and voluntary resignation) under Article 64 of the Collective Agreement.
- 6.0 With the exception of the limitations stated in sections 4.0 and 5.0 of this Letter of Understanding, employees whose employment has been extended beyond the expiration of their search/notice period will be treated as regular employees and will be covered by all of the other provisions of the Collective Agreement.

This Letter of Understanding terminates on December 31, 2000.

- (j) the \$24,000 commitment and applicable transitional costs shall apply to a person who owns a principal residence as described in Section 1.2 Note 5 of the "Relocation Assistance Benefits" Brochure 1995, and is transferred from the Bruce site as contemplated in paragraph 5 of the Letter of Understanding;
- (k) the above is entered into on Management's undertaking that relativity is being maintained with the PWU in respect of relocation assistance during NAOP, and paragraph 5 shall be interpreted to result in an entitlement of Society-represented employees that is not in any respect less than exists under the PWU Mid-Term "Agreement on Lateral Transfer" (May 29, 1998), the related joint Question and Answer document dated June 12, 1998 or the 1998 PWU contract renewal process.

Introduction

The redeployment of employees from the old organization to the new organization requires the full cooperation of everyone involved. The JRPT has designed this process on the assumption that employees will be able to provide sufficient details on their qualifications that will allow the JRPT and ultimately Management to make objective decisions with respect to the employee's suitability for positions.

Employees are responsible for completing the required forms and submitting forms to the JRPT.

Management will be responsible for:

Developing job documents for the purposes of assessing qualifications
Assessing qualifications for given positions and determining who is qualified for a given position under consideration by the JRPT.

The Joint Redeployment Planning Team will:

Manage the process described below.
Ensure conformance with the process and deal with exceptional matters as they arise.
Match the employees to available positions as set out in the below process.
Communicate relevant information at appropriate milestones.
Prepare a report describing the outcome of the mix and match process.
Prepare a list of the names of all employees and their respective placements.

The JRPT will review critical positions (as described by Management) for advance posting and filling. These positions will be subject to 2.2.10.

1. Redeployment Process

1.1 Pre-Steps (steps taken prior to the Mix and Match process)

2.1.1

Ontario Hydro Nuclear Management will provide details on the new organizational structure at a detail level that will indicate the classification, location, number of positions in the new organization and priority of staffing the position. A listing of existing staff by category and location will be provided. Management will provide an up-to-date OHN employee database. Management will identify (in writing) the qualifications and selection criteria for positions without incumbents.

2.1.2

The redeployment team will consider promotions on the basis of Article 64.6.3, 2nd paragraph. Groups and salary grades to be determined by the JRPT.

2.1.3

All employees will be required to submit a Fact Sheet and a list of irrevocable location and job preferences. The template will be provided by the JRPT.

2.2 Redeployment Process Steps

The Redeployment process will take the following steps:

2.2.1 Determine Incumbents/Non Incumbents/Vacancies

Management to prepare list of employees, list of positions, designate incumbents, review with Site Joint Implementation Team (JIT). The JIT's will consist of equal numbers of Society and Hydro representatives and shall make decisions on a consensus basis as defined in The Society Collective Agreement. The incumbency rules will be as follows:

Incumbency Rules

Salary Grade (same)

Similar Job Duties (Majority of duties and responsibilities that you were doing in your base position).

Hours of Work (same)

Work Location Unchanged

i.e. Headquarters
 Bruce Site
 Pickering Site
 Darlington Site

2.2.2 Confirm Incumbents (NO JROT)

The JRPT will confirm all incumbency decisions made by the Site Joint Implementation Teams. The Main Team will review all issues brought to it by the JIT's and make final decisions with regard to who is an incumbent. Incumbents will not be allowed a JROT although the decision to make them incumbent is subject to grievance under The Society Collective Agreement

2.2.4 Notify Incumbents/Non Incumbents (Appeal Process to Main Team after review by Site JIT)

The incumbents and non-incumbents will be notified of their status. They must appeal within 24 hours. Appeal based upon ensuring the job meets the definition of incumbency rules in 2.2.1 and to ensure suitability of the person for the duties and responsibilities.

2.2.4 Match Non Incumbents to Lateral Same Site Vacancy (Senior Qualified)

As a first step all non-incumbents will be matched to lateral vacancies in their home site organizations at their base location (i.e. Bruce, Darlington, Pickering, and Headquarters).

Matching Rules

In addition to the rules set out in the Collective Agreement, the following rules will apply to matching for same site vacancies:

Location (same)
 Hours of work (same, then different)
 Equal Salary Grade (e.g. TMS3/MP2/OSS9)
 Possibly different duties but qualified
 Start with MP6 (Most Senior)

2.2.5 Work Unit Viability* Check – All Locations

Determine viability needs of non-Bruce sites. Check to determine if staff who volunteered to relocate from Bruce site can be released to off-site positions.

2.2.6 Match Releasable Bruce site Volunteers to Off-site Lateral Vacancy

Those on the Bruce site who have volunteered to transfer off-site will be matched to off-site vacancies on a senior and qualified basis.

2.2.7 Match Releasable Bruce site volunteer demotions to off-site vacancies.

Those volunteers who have not been matched to lateral off-site vacancies and who volunteered to take a demotion to move off-site will be matched to demotional vacancies.

2.2.8 Match Unmatched Bruce to Bruce Lateral Vacancy (Senior Qualified)

After the releasable volunteers have been matched, remaining unmatched employees will be matched to positions vacated by the releasable volunteers in the Bruce on a senior and qualified basis.

2.2.9 East Unit Viability Check

Determine if the volunteer matches from above, have resolved any of the viability concerns identified in 2.2.5.

2.2.10 Forced Matching

- a) Force match unmatched non volunteers Bruce site staff to off-site lateral vacancies on a junior basis.

The most junior employees who remain unmatched to positions at the Bruce will be matched to lateral vacancies off-site.

- b) Force match remaining unmatched staff at all locations into demotion vacancies. This will be done on a reverse order of seniority (junior) basis.

Parts a and b will be run concurrently. The JRPT will have to ensure the outcome of this step respects Seniority and Qualifications.

2.2.11 Viability Check* – Bruce Site

*Viability Check as defined in Article 64.6.3(a) of the Collective Agreement. Requires detailed written explanation by line management as to why they are making the request of the Joint Team.

The JRPT will agree on how to meet viability requirements and will act to do so. If a viability concern continues to exist after the Mix and Match process is complete, the JRPT will then attempt to address the concern using one or more of the following options prior to forced matches: call for specific volunteers; Corporate-wide vacancies; hiring externally; forced rotations and/or relief assignments in order to bridge for training; external contractors.

Those employees who are force matched from the Bruce Site and are eligible for assistance under Article 52 will not be force matched again through this work unit viability process in a way that would make them eligible for Article 52, for the duration of the Letter of Understanding.

Those employees who are on forced rotation for viability reasons from or to the Bruce during this LOU will be allowed to work the equivalent of 10 days in a 9 day period.

In the event of an unresolved dispute the JPRT will utilize the expedited dispute resolution process to determine the viability issue and to meet viability based on a balance of fairness to affected employees and business needs of OHN.

2.2.12 Employment Equity Check

As in Article 64.6.3(b) of the Collective Agreement.

2.2.13 Issue Letters to staff identifying placement

After the process is complete staff will be issued letters identifying their placement.

3. Joint Reasonable Offer Team Process (Art. 64.7.3)

A Joint Reasonable Offer process will be established so that employees have an avenue to appeal offers made during the mix-and-match process. The JROT will meet to render a decision within 3 working days of receipt of the appeal (Art. 64.7.3) There will be no surplus entitlements if an offer is found to be unreasonable. Instead, offers determined to be unreasonable will be substituted with a reasonable position by the JIT.

4. Schedule

Both parties will make their best efforts to complete the redeployment process as expeditiously as possible. The following schedule consists of target dates for completion of the process. It is recognized that many variables may affect the completion dates and the team will amend the target dates where it considers it

necessary. Failure to meet these target dates are not to be construed as justification for invoking the defaults under Article 64.

4.1	Report #1 completed by the JRPT Members	June 18, 1998
4.2	Report #1 reviewed and accepted by C.N.O.	June 18, 1998
4.3	Incumbency Process Complete	July 6, 1998
4.4	Mix and Match Process Complete	August 6, 1998
4.5	JROT Complete	August 14, 1998

 - (a) where an employee has realized a "housing loss" greater than the amount reimbursed under the HEGP,

 - (c) if the employee has not incurred a "housing loss", the entitlement allowed under the NAOP Benefit will be paid to the employee subject to full statutory deductions.
6. Any payment or reimbursement by the employer is subject to the Income Tax Act and each Party will bear its own costs related to any redetermination.
7. This Letter of Understanding operates for the duration of the LOU "re: Redeployment of Society-Represented Employees in OHN during NAOP" and G.M. McTavish's letter dated June 19, 1998, all provisions of which remain in force unless expressly modified herein.

OTC product is deemed by the Chief Physician (or other employer-designated decision-maker) to meet this criteria, the product shall be added to the formulary.

When Best Average Pricing information is not available for an OTC product, a paper claim will be reimbursed subject to determination by the Chief Physician (or other employer-designated decision-maker) that there is no reasonable alternative product on the existing formulary and that the product is commonly and customarily recognized throughout the physician's profession as appropriate in the treatment of a patient's diagnosed sickness, injury or condition.

2. Vitamins and Minerals which have been approved for use in Canada and which have the same chemical base as items currently on the Formulary will be added to the Formulary effective the date Best Available Pricing information is made available to the Carrier (ie. Manufacturers' wholesale price).

B. MISCELLANEOUS.

1. The Corporation agrees to provide the following to The Society: a full and complete copy of the list of new drugs approved for use in Canada, as received from the Carrier (usually monthly); a list of (prescription and OTC) items added to the Formulary (including, where applicable, what country it applies to); and, upon written request from The Society, a written rationale for not including a drug on the formulary.
2. Notification of the employer's decision to not add a drug to the Formulary, and any ensuing discussion with respect to the employer's rationale for not doing so:

Shall not be deemed to trigger timelines under article 16 of the Collective Agreement

Shall be without prejudice to The Society's position with respect to whether the drug meets the "reasonable and Customary" standard; and, Shall not prejudice The Society's entitlement, or the entitlement of any Society-represented employee(s), to grieve the employer's decision at a later date.

3. The Corporation agrees to provide The Society with an electronic copy of the complete Drug Formulary on a quarterly basis (calendar year).
4. The Corporation agrees to install, and update on a quarterly basis, the complete Drug Formulary on the Intranet.

LETTER OF UNDERSTANDING

#68 Re: Centralization of the Organization Reporting to the Chief Information Officer**1. Purpose/Scope**

- 1.1 To transfer identified employees (see section 3 below) to the organization reporting to the Chief Information Officer (CIO) and to deal with matters related to those transfers.
- 1.2 Except as expressly modified in this Letter of Understanding, all provisions of the Collective Agreement shall continue to be applicable.

2. Preamble

2.1 The vision for the CIO's organization is to:

- provide the most reliable and cost effective information technology systems to Ontario Power Generation Inc. (OPG);
- plan to support all current OPG and new generation assets in North America;
- understand that in a competitive energy environment "joint operating agreements" are common and that the best Information Technology (IT) organization will support a generation asset, regardless of who owns the electricity output;
- ideally, perform work internally where employees can perform it well and effectively.

1.2 OPG and The Society of Ontario Hydro Professional and Administrative Employees (The Society) agree that the CIO's vision shall be pursued having due regard for the need to:

- treat Society represented employees in a fair and equitable manner;
- protect, to the greatest extent possible, the employment security of Society represented employees;
- vigorously pursue training and career development for Society represented employees so that they remain a valuable asset of the CIO organization.

3. Organization Transfers

Employees identified in the attached organization charts and lists, which charts and lists shall form part of this Letter of Understanding, will be transferred to the CIO organization and the OPG (non-nuclear) bargaining unit effective the date of approval of this Letter of Understanding. Society represented IT employees in what is currently known as Ontario Power Technologies (OPT) will have the opportunity to be transferred to the CIO organization.

3.1 Transferring Employees After the Implementation of the CIO Organization

All Society represented employees dedicated fully to Information Technology (IT), including employees currently assigned to Y2K projects, will be transferred

to the CIO organization effective the date of approval of this Letter of Understanding. Should other Society represented IT employees be identified after the date of approval of this Letter of Understanding, they will be transferred to the CIO organization following discussions with and the agreement of the Society.

3.2 The CIO Organization

The CIO organization includes employees involved in Information Technology (IT) as described below.

Definition

Information Technology is any business solution that supports an organization to achieve its business objectives; for example:

- business applications development and support;
- call centre support;
- centralized computer system configuration and management;
- mainframe data centre configuration and support;
- distributed computing (e.g., desktop, LAN shared services and peripherals);
- database technology;
- voice technology and network.

4. Unit of Application

For the duration of this Letter of Understanding, there will be one unit of application for all employees reporting to the CIO.

5 Other Commitments

Management shall complete the commitments set out below in 5.1 and 5.2.

5.1 Review of Job Documents

- Rewrite job documents to move toward more generic job documents.
- Rationalize pay grades.
- Review internal relativity and make changes/improvements where necessary.
- Develop a limited set of job descriptions.
- Review and revise, as necessary, the Promotion in Place (PIP) documents that are currently in operation in the CIO organization.
- Where PIPs are not in place, management will identify advancement criteria from one pay grade to another and integrate those advancement criteria with the Personal Development Plans (PDPs - see 5.2 below) of Society represented employees. The identification of advancement criteria and their integration with PDPs will not guarantee advancement/promotion, but will identify for employees what is required of them to be advanced/promoted.

It is expected that the commitments in 5.1 will be completed by August 31, 1999.

5.2 Employee Training and Development

- It is important to keep employees' skills current.
- On average, every employee will receive a minimum of 20 hours of IT specific technical training per year. Over a three-year period, an employee will be provided with, on average, 120 hours of technical training. This commitment does not provide a guarantee for any specific employee, but is an average for the CIO organization that will be maintained. These commitments to provide training become effective June 1, 1999.
- Non-technical training will be provided to employees where it is required for their career development. The commitment to provide non-technical training is separate from and in addition to the required amount of technical training.
- Training will be linked to, and integrated with, both the employees' Personal Development Plans (PDPs) and the CIO organization's business plans.
- Management will begin the process of developing Personal Development Plans for all employees.
- Every Society represented employee in IT will have a PDP and his/her training needs identified no later than October 1, 1999.
- A joint review of training will take place in January, 2000. The purpose of the review is to ensure that training has taken place and is scheduled to take place in accordance with the commitments set out in 5.2.

6. Article 64

Article 64 will not be invoked in the CIO organization until:

- the commitments in 5.1 have been met; and,
- the commitments in 5.2 have been demonstrated to be in place or satisfactorily in progress*; or,
- the expiration of the 1999-2000 Collective Agreement.

* The three-year training commitment set out in 5.2 will be deemed to be "satisfactorily in progress" and this management commitment to have been satisfied if by December 31, 1999 Society represented employees in the CIO organization have been provided, on average, with 10 hours of technical training.

7. Purchased Services

7.1 Management will identify all contractors performing work in the CIO organization.

All current contracts will be jointly examined no later than June 30, 1999 to determine the extent of the use of purchased services in the CIO organization.

7.2 A new purchased services implementation plan will be jointly developed for the CIO organization (pursuant to subsection 67.6.1 of the collective agreement) that will guide management and Society decision-makers. The new implementation plan will be developed in keeping with the CIO's perspective on the appropriate use of purchased services.

8. Relocation Assistance

All of the entitlements described in paragraphs 5 and 6 of the Letter of Understanding "Redeployment of Society Represented Employees in OPGIN During NAOP" shall continue to apply to employees at the Bruce site. The letter dated June 19, 1998 from the Vice President - Labour Relations (Corporate Human Resources) to John Wilson, President of The Society of Ontario Hydro Professional and Administrative Employees and captioned "Bruce Nuclear Redeployment" shall also continue to apply to employees located at the Bruce site.

9. Duration

This Letter of Understanding shall operate until December 31, 2000 and shall continue thereafter subject to 90 days' written notice of cancellation by either Party.

2. The referral to arbitration shall be made by the Society delivering a brief to OPG setting out the facts and evidence on which it relies. OPG shall deliver a responding brief within 20 business days thereafter, and the Society may file a reply brief within a further 10 business days after receipt of the responding brief.
3. If a party does not deliver a brief within the above time lines it may only file a brief and lead evidence at arbitration with leave of the arbitrator, on such terms as the arbitrator may impose.
4. Arbitrations will be held in an expedited med./arb. format. The arbitrators will be selected from the following group:

 - b. William Kaplan
 - c. George Surdykowski

This roster of arbitrators will be reviewed by the parties every year that this agreement continues. Prehearing issues may be referred to Jules Bloch or his designate for resolution

5. Arbitrations will be based primarily on written briefs, which are prima facie evidence of the truth of their contents. Oral evidence will be limited to matters on which the arbitrator so directs, and no party shall introduce oral evidence of matters that are not contained in their brief, except with leave of the arbitrator. Prior settlements made without prejudice and without precedent shall not be determinative of any grievance.
6. In addition to jurisdiction under the collective agreement under which the dispute was filed, the arbitrator shall have the jurisdiction set out in s. 99 of the Ontario Labour Relations Act, 1995, except that the arbitrator shall not have power to alter a Society bargaining unit as determined in a certificate and/or defined in the Voluntary Recognition Agreement or an applicable collective agreement.
7. Arbitration awards will be precedent setting.
8. The parties agree that arbitrator George Adams shall decide the issues raised in the "Referral to Arbitration - Policy Grievance re Excluded 'Individual Contributor' Positions" (December 10, 1997) at a hearing scheduled [SUBJECT TO CONFIRMATION - February 29, 2000] or his first available date thereafter, and shall issue a pattern-setting award on the following terms:

- a. On or before November 15, 1999 the Society will identify up to four reference positions to provide a factual foundation and by November 26, 1999 OPG will provide all current and predecessor job documentation (including TIRRs and TARRs where applicable), current organization charts, and any other current documentation of the nature and function of the work organization relevant to these positions;
 - b. The Society will file its Primary Brief by the later of December 10, 1999 or within 15 business days of receiving the complete reference material; OPG will file a Responding Brief by the later of January 28 or within 30 business days of receiving the Society's Primary Brief, and the Society will file its Reply Brief by the later of February 15 or within 10 business days of receipt of the Responding Brief;
 - c. Arbitrator Adams will have jurisdiction as set out in other provisions of this Agreement except that either party, on request, shall have the right to oral evidence including proof of documents and cross-examination;
 - d. If either party intends to call oral evidence it will provide the other party with a will-say statement of all such evidence not less than ten days prior to the hearing;
 - e. Any individual contributor grievances which are not expressly decided by arbitrator Adams award may be referred by the Society to another arbitrator under the provisions of this Agreement.
9. Except as expressly modified herein, all relevant provisions of the Society's Collective Agreement shall continue to apply.
 10. Either party may withdraw from this agreement on six months written notice to the other party.

SETTLEMENT AGREEMENT

#77 Re: Settlement of PPM Policy Grievance (December 3, 1996) and Negotiation of New Performance Pay Plan and Job Evaluation Plan

Without prejudice and without establishing a precedent in any other matter, the undersigned Parties agree to the following in full and final settlement of the above-referenced grievance:

The parties agree to "freeze" the current administration of the Performance Pay Plan during the year 2000 while they negotiate and, if necessary, arbitrate a new performance pay plan.

Interim (i.e. for performance pay year 2000, and thereafter if necessary)

1. The following constitute the Society's Performance Pay Plan in OPG and cannot be altered except by mutual agreement:
 - (a) all current negotiated agreements*;
 - (b) the Performance Pay Plan 1978 (revised 1987).
2. In addition, in the OPG - Nuclear Bargaining Unit, the existing OHN Procedure "Performance Planning and Review" (N-PROC-HR-0014-R00), including forms and worksheets ("PPR") will be frozen until a new plan is implemented.
3. Disputes regarding the Annual Review of Performance shall continue to be subject to Article 20.3 of the OPG/Society Collective Agreements.
4. Reductions in Performance Pay Standing for Society represented employees shall continue to be treated according to Article 21 of the OPG/Society Collective Agreements.
5. Any disputes regarding the administration of the Performance Pay Plan or this settlement agreement shall be first referred to the OPG/Society JSMC for resolution. In the absence of resolution, either party may refer the dispute to arbitrator Jane Devlin for full and binding resolution.

*For clarify, this is the 1999-2000 collective agreement and any other grievance or arbitration settlements which have on-going commitments during the term of the 1999-2000 agreement. This does not include the size of the performance pay-out amount beyond the amount agreed to in the 1999-2000 collective agreement.

New Plan for the Nuclear and Non-Nuclear Collective Agreements.

6. The Parties undertake to immediately enter into good faith negotiation of a new performance pay plan consistent with Article 94.1(a) of the Collective Agreement, which shall include negotiation of design, mechanics of application, administration, documentation and pay-out process. The parties further agree to enter into good faith negotiation of a new job evaluation plan in accordance with Letter of Understanding #27.

7. Any new performance pay plan and/or job evaluation plan agreed to in negotiation can only be changed by joint agreement.
8. If agreement on a new performance pay plan and/or job evaluation plan, save for implementation aspects, is not reached by October 1, 2000 either party may refer unresolved issues to arbitrator Devlin to facilitate or for final and binding arbitration. The parties may extend this time limit by mutual agreement. Implementation disputes, if any, will be subject to the mediation-arbitration process in renewal negotiations.
9. This agreement shall operate until there is written agreement that a new performance pay plan and job evaluation plan supercedes the existing performance pay plan and job evaluation plan.

#91 Re: Policy #04-03-04 - "Rehabilitation and Reemployment" (Nuclear)

1. Employees in receipt of LTD benefits, who are determined to be medically able to return to work, shall be provided with appropriate rehabilitation services. Such services shall be set out in a rehabilitation plan developed in accordance with the LTD and Rehabilitation and Re-employment policy. It is understood that a six-month period of rehabilitation employment may be insufficient for an LTD benefit recipient returning to work and that, therefore, the rehabilitation plan may provide for a period of rehabilitation employment that is reasonable in the circumstances. The ultimate goal of the rehabilitation plan is continuing employment in a full-time position. However, it is recognized that some employees have medical disabilities that may not be supportive of working full time.
2. Where the rehabilitation process identified reduced hours (minimum of 14 hours, maximum of 28 hours) as a permanent medical restriction (as supported by medical evidence), the employee will be re-employed, and accommodated, in an available and suitable on-going position while retaining his/her LTD status. This re-employment will be in accordance with the terms set out in article 45 of the Collective Agreement.
3. Employees under this arrangement (as set out above) shall:
 - (a) In accordance with their LTD status, continue to receive full (ie full-time) service credit during this period and have full coverage (ie in accordance with the Pension Plan; with no pro-rating) maintained in, but will not be required to contribute to, the Ontario Hydro Pension Plan and the Ontario Hydro Group Life Insurance Plan;
 - (b) Receive the greater of; the appropriate salary level for hours worked; or LTD benefit entitlement; and,
 - (c) Be eligible for performance pay increases and the performance appraisal process, where medical restrictions do not preclude its application, shall take into account medical restrictions with respect to establishing goals and measuring achievements. For clarity, article 43.4.1 of the collective agreement continues to apply to employees covered by this consent award.
4. This Letter of Understanding satisfies the commitment of the parties as set out in the "Joint Society-Hydro Report to Mediator-Arbitrator Justice Adams on Consensed Items reached to Date during 1997 Collective Agreement Renewal Negotiations," dated April 14, 1997.

#112 Re: New Process for Employee Initiated Job Reviews

The Parties agree as follows:

1. Letters of Understanding #3 (Re: Expedited Job Review Process), #11 (Re: Expedited Job Challenge/Review Grievance Process) and #12 (Re: Terms of Reference for Job Challenge Grievance Fact-Finding Teams) are replaced with the following procedure.
2. An employee or group of employees may request a job review through The Society, indicating a desired rating for the position(s) in question along with a justification for the new rating.
3. Management has 30 days from the date of the request to decide whether to perform a job review. If management agrees to perform a job review then it must complete the job review within 60 days of the date of agreement.

If management decides not to perform the job review, or the job review results in a classification unsatisfactory to the employees involved, the Society may file a grievance within 10 working days of the communication of the decision. All such grievances will be filed at Step 2 of the Society/OPG grievance procedure contained in Article 16 of the Collective Agreement.
5. In the case where a grievance is filed, the parties commit to have a fact-finding pre-meeting to share information and discuss possible resolutions. A standing Pre-Step 2 meeting will be scheduled on a bi-monthly basis to meet one month before the regularly scheduled Step 2 meetings (as specified in Article 16 of the Collective Agreement). The parties, with the aid of job evaluation experts, will exchange information on out-standing job challenges.
6. If there is no resolution of the grievance, a Step 2 meeting will be held on the next regularly scheduled standing Step 2 meeting (as specified in the new Article 16 of the Collective Agreement.)
7. Any unresolved issues will proceed through the grievance/arbitration process in Article 16 of the Collective Agreement at Step 2.

LETTER OF UNDERSTANDING
119 CRSS, CRSOS, ATS, and UOTS and SSIT Compensation
(on Behalf of the Nuclear Bargaining Unit)

Recognizing both the need for flexibility and appropriate compensation for the CRSS, CRSOS, ATS, and UOTS, and SSIT, the parties agree to the following:

1. Effective January 1, 2002, all the above classifications will be eligible to receive an annual non-pensionable results based payment not to exceed 7% (2002) and 7.75% (2003). Details of the payment are as follows:
 - (i) The payment will be a lump sum payment based on meeting / exceeding targets and is not guaranteed.
 - (ii) The payment will be paid as soon as practicable in January each year starting in 2003.
 - (iii) The maximum payment will be calculated as follows: 7% (2002) and 7.75% (2003) (base weekly salary times 52.1786 weeks). The bonus will be pro-rated for any period less than a full calendar year based on full months completed.
 - (iv) The targets will be measured from January 1 through to December 31 of each performance year.
 - (v) Targets, measures and assignment of values to each performance area will be discussed and agreed to by local joint teams (members to be appointed by Society and Management) for each of the classifications. In the event that a joint team is unable to agree the matter will be referred to the appropriate Director of Ops and Maintenance (CRSS & CRSOS) or the appropriate Director of Training (ATS & UOTS) and the appropriate Society Unit Director who will endeavor to resolve the matter. Failing a joint resolution the matter will be referred to the appropriate OPG Senior Vice-President for a final decision.
 - (vi) The results based payment is not subject to the grievance procedure.
 - (vii) It is understood that CRSS, CRSOS, UOTS and ATS employees will not be eligible for any "Re-earnable Results-Based" pay in the Society Collective agreement.
 - (viii) In addition to the above there shall be an annual skills/competency payout of 1% of base payroll. The payout shall be made in the first payroll period in the year following the performance year. The skills/competency payout is based on individual performance. This payout takes the place of any skills/competency payout in the

Society Collective agreement. In the absence of any mutually agreed to alternative, the current practice for administering the competency pay out will continue.

2. Effective January 3, 2002, the monthly bonus paid to CRSSs and CRSOSs under LOU #84) will be increased to 14% of base annual pay (based on 52.1786 weeks per calendar year) and made pensionable. This amount will be increased by 2% for each of the 3 years prior to an undiscounted pension, to a maximum of 20% when the employee is within 1 year of an undiscounted pension and for all years until retirement. Employees selected to the CRSS and CRSOS positions during a calendar year will receive the monthly bonus in the month they commence work in these classifications, pro-rated to the nearest full week worked. No CRSS or CRSOS shall be required to surrender their authorized status unless they fail to maintain their license or voluntarily elect to surrender their license or they voluntarily move to a position where management does not agree to maintaining of authorization status.
3. Effective January 3, 2002, the bonus paid to ATS who were formerly authorized (see LOU #99) will be replaced by a Past Authorization Bonus (PAB). Current ATS and formerly authorized staff selected into an ATS position will receive an annual pensionable PAB of 7% of base weekly salary (based on 52.1786 weeks per calendar year) and made pensionable. This amount will be increased by 1% for each of the 3 years before an undiscounted pension, to a maximum of 10% when the employee is within 1 year of an undiscounted pension and for all years until retirement. Employees selected to the ATS position during a calendar year will have their bonus pro-rated to the nearest full week worked. As per LOU #99, this bonus will be paid on the first pay period in December of each year.
4. A pensionable bonus will be paid to U0TS's who were formerly certified as Unit 0 CRO's in the amount equal to 4.25% of base weekly salary (based on 52.1786 weeks per calendar year) and made pensionable. This amount will be pensionable and will increase by .5% for each of the three years prior to an undiscounted pension, to a maximum of 5.75% when the employee is within 1 year of an undiscounted pension and for all years until retirement. Employees selected to the U0TS position during a calendar year will have their bonus pro-rated to the nearest full week worked. As per LOU #99, this bonus will be paid on the first pay period in December of each year.
5. Employees covered by this LOU shall only be entitled to one of the bonuses detailed in #2, 3 and 4 above.

- 6 All PNGSA CRSOSs, CRSSs will receive a one-time \$4000 lump sum non-pensionable payment for the completion of PARTS training and the removal of the U4 GSS. An employee will receive the bonus if at the removal of the GSS they have not completed the training through no fault of their own.
7. Effective the date of signing of this LOU, the 98% of MP6 cap on SSIT salaries (see paragraph 3, LOU #84) will be deleted. A one time, non-pensionable signing bonus of \$1,000, less statutory deductions, shall be paid to the attached list of SSIT's currently on the program. This signing bonus will be paid within 60 days of ratification.
8. In recognition of the unique nature of these positions, an additional band will be added to the "New Society Compensation Plan". The Band will range from \$75K to \$125K (\$130K in 2003). The band will be used exclusively for CRSSs, CRSOSs, UOTS, and the ATS. Each CRSS, CRSOS, and ATS will have their base salary increased by 5% effective January 3, 2002. Following this increase they will be moved onto the new band on a dollar for dollar basis. There will be an additional 5% base salary increase for all incumbents in the CRSS, CRSOS and ATS positions effective January 2, 2003. This will be a non compounded increase in addition to the salary schedule increase in Article 23 - Salary Schedules. Any performance pay increase received will be compounded upon the above rates.
9. In consideration of the compensation changes made above, it is agreed that:
 - a) The CRSS, CRSOS, UOTS and ATS classifications will not be eligible to payments under Article 65 - Relief;
 - b) Article 67 - Purchased Services Agreement - is suspended with respect to work performed by the CRSS, CRSOS, UOTS and ATS classifications;
 - c) The requirement to obtain agreement for rotations by ANOs within the Society's jurisdiction for CRSS, CRSOS, UOTS and ATS classifications (see Business Unit Mid-Term #14) is suspended;
 - d) In the event that overtime cannot be filled on a voluntary basis, OPG will require individual CRSSs, CRSOSs, UOTS or ATSS to work overtime up to 60 hours per week. The Society agrees on behalf of CRSSs, CRSOSs, UOTS or ATSS that notwithstanding an employee's regular hours of work, they may be required to work up to 60 hours per week in accordance with the Employment Standards Act. Such forced overtime will be limited to 3 non-consecutive weeks per employee per calendar year. Forced overtime will be equitably rotated.
 - e) CRSSs and CRSOSs may be rotated into training positions. Management will first seek volunteers to fill these rotations. In addition, management positions such as Shift Managers may be rotated into the

ATS position in order to provide a mentoring, testing and evaluation role for shift managers.

- f) Letter of Understanding # 99 will be amended to include the following proposed shift: "8 or 10 hour shifts which start at or after 12 noon and finish at or before 12 midnight". When shift coverage is not required UOTS/ATS may revert to normal day shift hours (8:00 a.m. - 4:00 p.m.).
10. All outstanding grievances with respect to PSAs for ATS relief, or ATS rotations which have already been filed including one dated April 10, 2002, and grievances related to CRSS on the JKL shift schedules and Shift Managers backfilling on A-E for CRSSs are withdrawn.
11. In an effort to attract more authorized staff to regular full-time ATS positions, the parties agree to form a joint team comprised of two members appointed by the Society and two members appointed by Management. Commencing no later than September 30, 2002, the joint team will meet on a quarterly basis to discuss issues relating to the delivery of authorized training, including regular staffing levels and rotations into the ATS position. By September 30, 2003 the joint team will issue a report to the Vice-President of TSSD and the Society Vice-President of the Nuclear Bargaining Group.
12. Except as expressly modified herein, all relevant provisions of the Society's Collective Agreement shall continue to apply.
13. This LOU operates until July 1, 2004 and shall continue thereafter on a bi-annual basis, subject to 90 days cancellation by either party not before April 1, 2004.
14. Both parties agree to recommend ratification of this letter of understanding to their respective principals. Such ratification will occur as soon as practicable.

LETTER OF UNDERSTANDING
122 Re: The implementation of the PSA agreements:

A review has been completed of the level of augmented staff, managed task PSAs and the current regular staff levels in OPG. In the event of a significant change in the level of augmented or managed task, the parties will meet to update the dues level.

The following is an amount that represents a dues replacement formula:

1. The Society will receive \$750,000 per year in lieu of dues for all augmented staff contingent upon reaching agreement for the respective business planning year. The amount for 2003 will be paid out in March 2003. Subsequent payments will be paid in each September following the completion of the Business Planning review. For clarity the 2004 payment would be due following the completion of the business planning process in September 2003.
2. Failure to reach an initial agreement or expiration of any of the three LOUs will lead to a proportional adjustment (*the proportions to be determined prior to signing the final agreement*) of the amount in #1 above.
3. This agreement will automatically expire when all of the three (OPG-N; OPG-EP; OPG Corporate Groups) LOUs expire.

124 Re: Article 67 Purchased Services Agreement (PSA) Nuclear (including Nuclear Waste and Nuclear Regulatory Affairs)

1. For the term of this Letter of Understanding the PSA is suspended.
2. The parties agree to meet during the annual business planning process to review the business plan and the work that is to be contracted out for the years 2003 and 2004.
3. During this process Management will consult with the Society regarding the regular and temporary staff levels for Society - represented staff. Management will also identify the level of proposed contracting out. The parties will attempt to reach agreement on the appropriate level of regular and temporary staff and the work to be contracted out for the business planning years. The 2004 levels shall be agreed to, based upon the business plan forecast for 2004 with an agreed upon monetary total for contracted work for 2004. There will be a +7.5% contingency for contract work for the 2003 business planning year and a +12.5% contingency for the 2004 business planning year.
4. Management agrees to provide the Society with reasonable access to available information (with appropriate consideration for confidentiality) on a regular basis in order to monitor the agreed level of contracted work in paragraphs #3 and #6.
5. Failure to reach an agreement on the levels as outlined in paragraph #3 above shall not be subject to arbitration as such failure shall result in the LOU being null and void and the parties reverting back to Article 67.
6. In the event of major projects, new and emergent work that may alter the agreed to level of contracted work, including the contingency, the parties will attempt to reach agreement on the impact of this change, including the exclusion of some or all of this work from the agreed to levels. The parties may also agree as to the amount, if any, of this work that should not be contracted out. If the parties fail to reach an agreement on the major projects, new and emergent work, the default shall be the Article 67 process, including arbitration, for the resolution of any disputes related to this unplanned for work.
7. The parties will meet on a regular basis to review the regular and temporary staff levels and the levels of contracted work. At the end of the business planning year there will be a final review of the outcome compared to the initial agreement.

8. In the event that the level of contracting out (including the contingency amount) at the end of the business planning year exceeds the agreed level, the parties will discuss and attempt to reach agreement on the impact of this change and any remedy if appropriate. If the parties fail to reach an agreement, the portion of contracted work that exceeds the agreed level may be referred to arbitration. The arbitrator may fashion any remedy he/she may deem appropriate, including an order to hire Society- represented staff. It is understood that the work which is contracted to spin off companies (where the work is being performed by Society-represented employees) is excluded from this arbitration process.
9. The Society may also arbitrate failure to meet under paragraph #2. The arbitrator may fashion any remedy he/she deems appropriate.
10. The final agreement of this LOU is contingent upon the parties reviewing the business plans and reaching agreement on the level of work to be contracted out during 2003 and 2004. This will be completed by February 21, 2003 or as soon as possible thereafter. Final agreement of the LOU resolves all outstanding PSA grievances under the collective agreement.
11. This LOU shall expire on December 31, 2004 unless there is agreement to renew this LOU for the business planning year 2005 by September 30, 2004. In the event that there is no agreement to renew, Article 67 will apply for work to be contracted out in 2005.
12. All discussions and/or attempts to reach agreement as defined above shall be without prejudice and without precedent to any position either party may take before an arbitrator under the Article 67 process, should no final agreement be arrived under this LOU.

The parties agree that this LOU while in effect replaces the provisions found in Appendix VI - Project Crew Arrangements- in the 2000-2003 OPG / Society Nuclear collective agreement.

1/ To the extent possible, project crews will be staffed on a voluntary basis. The sequence for staffing will be as follows:

- (a) Posted vacancy –senior best-qualified consideration of Society - represented applicants - OPGN;
- (b) Posted vacancy – senior best-qualified consideration of Society-represented applicants - OPGI;
- (c) Posted vacancy - best-qualified consideration of all other applicants;
- (d) Failing (a), (b) and (c) above and after consultation with the Society, OPG may force the junior qualified Society-represented employee on the site.

2/ Employees on project crews are considered to be regular employees with all the terms and conditions and benefits as per the collective agreement, except as noted in these provisions.

3/ Management will review the proposed use of the project crews with the Society and solicit input on the project crew(s) size, composition, source of staff for crew(s), proposed peak work times, etc.

4/ Employees on the project crews will be entitled to the same number of yearly hours as a regular employee and be paid for those hours at straight time on the same pay basis as a non project crew regular employee.

5/ Each employee on the project crew may have a different number of hours available to work, due to the application of vacation rights, floating holidays, and statutory holidays. (e.g. 2080 hrs minus statutory holidays 80 hrs, minus 3 floating holidays 24 hrs, and appropriate vacation 2/3/4/5/6 weeks).

The work schedule may be changed by providing affected employees with a minimum of 7 days notice in advance of the change. The adjustment can be no more than 14 days in either direction. Adjustments beyond 14 days may be made with either another notice or with Society agreement to the original notice. Failure to provide this notice will result in premium rates for only those days within the notice period that the employee had not been previously expected to work.

Employees will be entitled to establish blocks of time, up to vacation allowance, when they will be unavailable for work assignment(s). This time off cannot conflict with the likely periods required for them to work.

9/ The classifications required for project crews will be determined by the Company.

10/ 2003 hires to project crews are incremental to current base numbers and in addition to any other incremental hires previously agreed to between the Society and OPG including, but not limited to hiring commitments under the PSA LOU. 1. The above mentioned process will involve the following steps:
 - o The Society shall provide a list of outstanding grievances to OPG no later than October 31, 2003. The list is to include grievances already scheduled for or referred to arbitration.
 - o OPG shall review and respond within 30 days on receipt of the list from the Society in order to produce an agreed upon list constituting all outstanding grievances.
 - o Both parties shall identify grievances which should not be referred to Expedited Arbitration in accordance with this LOU but will be dealt with through regular arbitration.
 - o Nothing in this process shall prevent the parties from meeting to resolve all outstanding grievances.
 - o All grievances referred to Expedited Arbitration shall be dealt with on a non-precedental or prejudicial basis.
 - o All outstanding grievances will be referred to either expedited or regular arbitration pursuant to Article 16 of the collective agreement. The parties may by mutual agreement refer any grievance to Expedited Arbitration as set out in this agreement. For grievances referred to Expedited Arbitration the parties will exchange written briefs 7 days in advance of the hearing, with a copy to the arbitrator. The briefs will contain each parties respective facts, arguments and proposed resolution. Each party bears its own costs of the arbitration proceedings. The arbitrators' costs are to be equally shared.
 - o Any grievance filed up to December 31st, 2003 shall be dealt with under this process.
 - o The Expedited Arbitrations will be scheduled at a minimum of 2 per week, 6 grievances per hearing commencing the 2nd week of January 2004. This process will continue until the backlog of grievances filed up to December 31st, 2003 is eliminated.
2. The parties agree that the time limits, as identified in the collective agreement, for progression of complaints to Step 2 of the Grievance Process or to Arbitration shall be suspended for the period commencing September 15, 2003 though to December 31, 2003, unless otherwise agreed upon.

3. The parties agree to adjourn the Arbitration Dates of October 6, 2003 and October 20, 2003 before Arbitrator Kenneth Swan (VSP). It should be noted that the parties agree that if the ISD –VSP Denial cases, which are currently in progress before the arbitrator, are not concluded on the September 30, 2003 arbitration date, then the October 6, 2003 date shall be utilized for the purpose of finishing the case.
4. For the purposes of the Expedited Arbitration process identified in Point #2 above, the parties agree to engage the services of Jules Bloch, William Kaplan, Gerald Carney, and Michel Picher to act as Arbitrators.
5. For grievances continuing in the regular arbitration process, the parties shall make every reasonable attempt to shorten the hearing process through cooperation, agreeing to facts, use of witness statements in place of witnesses or other reasonable means.

LETTER OF UNDERSTANDING

#153 Re: Purchased Service for OPG and Society Involvement in the OPG Business Planning Process

Consistent with the Letter of Understanding regarding Article 67, Purchased Services Agreement (PSA) dated February 12, 2003, The Society and OPGN have agreed to the following as an addendum to the February 12, 2003 Letter of Understanding:

1. The Society has agreed to a list of proposed purchased services for 2005. The list is attached to this Letter of Understanding. Status of the 2005 PSAs will be reported quarterly by management to the Society PSA SPOC. PSAs to companies with Society-represented employees performing work for OPG along with Purchase Order Numbers will be provided to the Society on a monthly basis. For further clarity, the OPGN Society Local can only agree to OPGN PSAs and any other contracted work represented by the OPGI Society Local must have the agreement of the OPGI Society Local.
2. Without prejudice or precedent, for the purpose of this agreement only, "base work" shall be defined as OM&A work of an on going nature typically executed by Society-represented staff. This work would include, but not be limited to, items such as stress analysis, preparing bills of materials, equipment performance monitoring, addressing outage and non outage AAA holds or elimination of backlogs. It does not include OM&A or capital modification projects. (see 4(b) and 4(c) below).
3. For the purposes of this agreement, "Augmented Staff" shall be defined as staff hired either directly by OPG, or through a managed task contract, that perform work regularly performed by Society-represented employees and are taking work direction from OPG.
4. The list of purchased services for 2005 has a contingency of 5% save and except as follows:
 - a) The Pickering A Restart Project will be shown as a separate item on the project list and have its own contingency of 7.5% for 2005.
 - b) Under this agreement it is permissible without Society agreement to:
 - i) Use Contingency or move the dollar amounts from one non-base project to another non-base project; or
 - ii) Use Contingency or move the dollar amounts from a base project to non-base projects; or
 - iii) Move dollar amounts from a base project, a non-base project or contingency to another base project to cover overages on the original scope of that base project
 - c) Under this agreement it is not permissible without Society agreement to increase the scope of a base project or create a new base project.
5. Expenditures in excess of the contingency for 2005 will be dealt with under paragraph #6 of the February 12, 2003 Letter of Understanding. The purchased services levels and contingencies are intended to be used in 2005 and not to be carried over to 2006. New and emergent work that does not cause the amount of the purchased service level plus the contingency to be exceeded does not require Society approval. New and emergent work covers only non-base work. Any base work not on the list requires Society approval.
6. A report showing current and planned staff numbers for Operations and Maintenance, including the status of the obligation under the 2004 LOU, will be provided to the Society by January

15, 2005. OPGN will complete the filling of all vacancies in the base Operations and Maintenance organization by May 31, 2005. If OPGN cannot meet this hiring target in 2005, OPGN will meet with The Society to discuss the reasons for the delay. At this time a new date will be fixed by the parties that is not later than August 31, 2005.

7. In addition to filling the vacancies above, OPGN agrees that 150 new regular Society OPGN staff will be hired prior to December 31, 2005. 50% of the new regular Society represented staff will be hired by September 1, 2005. All employees hired after November 1, 2004 will count towards the 2005 commitment. Society-represented new hires from the other OPG bargaining unit can be counted towards the new hire number. The hiring commitment may be met with new experienced hires but they will not be hired above the MP4 100% reference point unless approved by the CNO. No new hires will be placed into any Society-represented MP5/6 positions without conducting the internal hiring process. If no qualified applicants are available external hires may be brought into these positions.

8. Information on all new hires will be provided to the Society by management as follows:

- Name of individual
- Employee number of individual
- Hiring rate of individual
- Initial placement of individual, i.e., position placed in, location and their Strat III/IV Manager.

9. Management will consider requests from regular Society represented members who show interest in working in new and/or emerging base work areas.

10. It is understood that the commitments made under LOU #122, will be completed upon the execution of this Letter of Understanding.

11. In the event there is a significant change in business direction in one or more of the following areas:

- the business plan for base workload;
- the project portfolio;
- approval of Pickering A Units 2 and 3 Return to Service Project;

the parties agree to reconvene to revise the above noted commitments.

12. This agreement expires with the expiration of the February 12, 2003 Letter of Understanding.

Letter of Understanding
#154 Re: Lakeview Closure

In consideration of the impending closure of the Lakeview Station, the parties agree to extend the following treatment to staff working at Lakeview as named and identified in Attachment A to this Letter of Understanding.

1. Without prejudice to either parties position with respect to the Arbitration Award dated March 22, 2004 OPG shall offer voluntary termination in accordance with 64.4.4, and the calculation shall be in accordance with Article 64 to a maximum of 120 weeks.
2. All applications for voluntary termination per Item #1 shall be approved by management as follows:
 - a. The normal termination date for receipt of Voluntary Surplus payments may be delayed by OPGI up to March 31, 2006. This date is the scheduled termination date. OPGI delays beyond March 31, 2006 would require the agreement of The Society and the employee. Employees in rotations in another organizational unit with duration beyond March 31, 2006 may be required to complete their rotation prior to termination.
 - b. Employees will be allowed to defer their termination up to March 31, 2006 in order to achieve the earliest of one of the following pension milestones:
 - i. Twenty five years of service
 - ii. Rule of 82
 - iii. Age of 65

The time period up to the deferred termination date will be a non-working bridge. Employees who avail themselves of this option will use their Voluntary Surplus amount to maintain their base salary during the bridge. The Voluntary Surplus payment will be reduced by the amount used to maintain salary during the period between the start of the bridge and the deferred termination date (i.e. the date the pension milestone is reached). The balance of Voluntary Surplus monies will be paid out in accordance with paragraph 6 below upon reaching the deferred termination date. Where the Voluntary Surplus amount is not sufficient to maintain base salary for the duration of the non-working bridge, the Surplus amount will be equally split across the number of weeks required for the bridge. [i.e. in this instance the salary paid will be less than normal base salary.]

During the non-working bridge, an employee will be eligible for health and dental benefits and group life insurance coverage equal to one times annual base salary pay (plus any optional life). An employee on a non-working bridge will not be eligible for sick leave or LTD benefits, vacation accruals or accruals under incentive plans.

3. Voluntary Surplus moneys will be calculated as per the date of termination [normal termination in the case of deferred termination for a non-working bridge].
4. In the offer, OPGI will specify the normal termination date, allowing for a three (3) week period for employees to apply. Employees whose applications are accepted will be made an offer indicating their scheduled termination date if different than the normal termination date. Employees must make an irrevocable decision to accept or reject the offer within one week.
5. An employee may direct all or a portion of their payment into an RRSP, up to the amount permitted by law. The employee shall provide OPGI with the appropriate form directing payment into their RRSP.
6. An employee may elect to take a lump sum payment or it may be divided into two (2) equal installments; the first on the date of termination and the second on or about January 15th of the following year.
7. The parties further agree to establish a Joint Working Team comprised of two (2) Society representatives designated by the Society and up to two (2) management representatives designated by OPG in order to discuss issues arising out of the shutdown of Lakeview, including any staff unplaced at the completion of this process.
8. This Letter of Understanding is reached without prejudice and without precedent to any position either party may take in any future cases of a similar or identical nature.
9. Under no circumstance shall this LOU be raised or referred to in any future arbitration proceeding.

#155 Re: Hours of Work Reduction
(on Behalf of the Nuclear Bargaining Unit)

Without prejudice and without establishing a precedent in any other, The Society and OPGI agree to the following with respect to positions in the OPGI Nuclear Bargaining Unit:

For vacancy selections made on or after January 1, 2004 and on or before December 31, 2004.

This Letter of Understanding expires on December 31, 2004.

The JRPT reached an agreement under Article 64.8.2.2 to cover matches that involve a reduction in hours of work. The "freeze and reduction" decision involved freezing an employee's salary and reducing their hours of work until 35 hours is reached.

1. Voluntariness of Application

Employees who wish to immediately work a 35 hour work week can do so. Their rate would be reduced immediately to the 35 hour rate upon starting the 35 hour work week position.

2. Employees within 3 Years of Undiscounted Pension

On the day of reporting to the new position an employee who is within 3 years of an undiscounted pension will not have normal hours of work reduced for 3 years or until such time as the employee is eligible for an undiscounted pension, if earlier. The employee will continue to receive economic pay adjustments. If the employee does not retire upon qualifying for an undiscounted pension, then the hours of work and base rate will be immediately reduced to the hours and rate of the position.

3. Start Date of Freeze and Reduction

All employees impacted by the freeze and reduction decision will be treated as follows:

Employees previously working 40 hours:

Employees reporting to new positions after January 1, 2004 will have their pay frozen according to the 2004 salary schedule. Their hours of work will be reduced to 39 hours on December 31, 2004. In all subsequent years, hours of work will be reduced by 1 hour per week, effective the first day of the fiscal year. The employee will be unfrozen after reaching 35 hours, or when their pay equates to the performance standing for 35 hours.

Employees previously working 37.5 hours:

Employees reporting to their new positions after January 1, 2004 will have their pay frozen according to the 2004 salary schedule. Their hours of work will be reduced to 36.5 hours on the first fiscal day of 2005 and finally to 35 hours on the first fiscal day of 2006

4. Promotions, Demotions, and Laterals

This agreement covers Promotions and Laterals only. Promoted employees will have promotional increases, if any, applied to their frozen rate and PAR. There will be no demotions into positions that result in reduced hours of work.

5. Performance Assessed Rate

The performance assessed rate (PAR) is the salary rate in the 35 hour/week schedule. This is determined by applying the person's existing rate to the new schedule (i.e. a person with a 98% MP-4 on a 40 hour week/schedule will have a PAR of 98% MP4 on the 35 hour/week schedule).

6. Completion of Process

When the salary rate becomes unfrozen the person is eligible for economic and performance pay increases to their actual pay rate.

Hours of work will be reduced until either the ramp period has expired or the person's PAR is reached. If after the ramp period has expired, the employee's PAR has not reached their frozen level, the frozen dollars shall be applied to the new salary schedule to determine an equivalent performance level which becomes the employees new unfrozen performance standing. The employee will then be eligible for future performance and economic increases.

7. Definition of "Day"

During the reduction of hours process employees will have daily hours of work that vary between 7 and 8 hours per day. For the purposes of vacation, sick leave, floating holidays and leave of absence/unpaid time off, a "day" will mean any work day between 7 and 8 hours in the work week.

The above Letter of Understanding replaces LOU #148.

An exchange of all the particulars of the complaint including documentation necessary to formulate a response will be exchanged between the parties within ten (10) working days of notification.
- (c) Within five (5) working days following receipt of the particulars, the Manager and the Society Unit Director's) shall meet in order to determine if there is any method of resolving the complaint through discussion between the complainant and the respondent.
- (d) If there is no resolution in (c) above, the parties will meet within five (5) working days and attempt to agree on the terms for a Step 1A before the Complaint is advanced to Step 2 of the Complaint and Grievance/Arbitration Procedure.
- (e) At Step 1A the parties will first attempt to agree on a third party investigation process that may include:
 - i. The use of a neutral investigator agreeable to both parties. The Investigator shall be empowered with the authority to interview any and all witnesses he/she may deem appropriate in order to conduct a full investigation;
 - ii. Consideration of reports from preceding investigations;
 - iii. Interviews with affected employees.

With the consent of the affected employees and the parties, mediation may be appropriate in the circumstances. Failing agreement on a third party investigation process, the Society may advance a grievance directly to Step 2 or use the process in (f) below.

- (f) If the parties are unable to agree to a third party investigation, within five (5) working days of disagreement at Step 1A the parties will exchange written briefs with all particulars regarding their respective positions. A third party mediator will hold a hearing within three (3) days of the brief exchange and will recommend/not recommend the use of an external investigator based on the merits presented.
- (g) The Society and OPG will attempt to agree upon a list of neutral investigators for use at Step 1A where required. The third-party mediator, drawn from the agreed to Tripartite list of investigators, will not be used as a neutral investigator in any case that they hear under step (f).

- (h) Where a Step 1A process is agreed to or recommended the parties will attempt to agree on a statement of facts based on the findings of the investigation. If there is no third-party recommendation to use an investigator the complaint will be considered settled for all purposes under this LOU and Article 16, unless the complaint deals with allegations of breaches under the Ontario Human Rights Act prohibited grounds or the imposition of discipline.
- (i) Based on the third-party investigation at Step 1A, Management will consult with The Society prior to determining the course of action it will take and will inform The Society of its decision in a timely manner. If The Society does not agree with Management's decision, it may advance a grievance directly to Step 2.
- (j) Where the parties agree on a statement of facts at Step 1A, it may be relied upon by either party at Step 2 and subsequent arbitration. Both parties retain the right to introduce additional facts and issues at Step 2. There will also be an attempt to consolidate at Step 2 any other grievance issues that may be related to the human rights or harassment allegations and to balance the interests of affected employees.
- (k) These provisions shall remain in effect until December 31, 2005 and continue thereafter subject to termination by either party on 90 days' written notice.

LETTER OF UNDERSTANDING
159 Hours of Work Reduction
(on Behalf of the Nuclear Bargaining Unit)

Without prejudice and without establishing a precedent in any other, The Society and OPGI agree to the following with respect to positions in the OPGI Nuclear Bargaining Unit:

For vacancy selections made on or after January 1, 2005 and on or before December 31, 2005.

This Letter of Understanding expires on December 31, 2005.

The JRPT reached an agreement under Article 64.8.2.2 to cover matches that involve a reduction in hours of work. The "freeze and reduction" decision involved freezing an employee's salary and reducing their hours of work until 35 hours is reached.

1. Voluntariness of Application

Employees who wish to immediately work a 35 hour work week can do so. Their rate would be reduced immediately to the 35 hour rate upon starting the 35 hour work week position.

2. Employees within 3 Years of Undiscounted Pension

On the day of reporting to the new position an employee who is within 3 years of an undiscounted pension will not have normal hours of work reduced for 3 years or until such time as the employee is eligible for an undiscounted pension, if earlier. The employee will continue to receive economic pay adjustments. If the employee does not retire upon qualifying for an undiscounted pension, then the hours of work and base rate will be immediately reduced to the hours and rate of the position.

3. Start Date of Freeze and Reduction

All employees impacted by the freeze and reduction decision will be treated as follows:

Employees previously working 40 hours:

Employees reporting to new positions after January 1, 2005 will have their pay frozen according to the 2005 salary schedule. Their hours of work will be reduced to 39 hours the first fiscal day of 2006. In all subsequent years, hours of work will be reduced by 1 hour per week, effective the first day of the fiscal year. The employee will be unfrozen after reaching 35 hours, or when their pay equates to the performance standing for 35 hours.

Employees previously working 37.5 hours:

Employees reporting to their new positions after January 1, 2005 will have their pay frozen according to the 2005 salary schedule. Their hours of work will be reduced to 36.5 hours on the first fiscal day of 2006 and finally to 35 hours on the first fiscal day of 2007

4. Promotions, Demotions, and Laterals

This agreement covers Promotions and Laterals only. Promoted employees will have promotional increases, if any, applied to their frozen rate and PAR. There will be no demotions into positions that result in reduced hours of work.

5. Performance Assessed Rate

The performance assessed rate (PAR) is the salary rate in the 35 hour/week schedule. This is determined by applying the person's existing rate to the new schedule (i.e. a person with a 98% MP-4 on a 40 hour week/schedule will have a PAR of 98% MP4 on the 35 hour/week schedule).

6. Completion of Process

When the salary rate becomes unfrozen the person is eligible for economic and performance pay increases to their actual pay rate.

Hours of work will be reduced until either the ramp period has expired or the person's PAR is reached. If after the ramp period has expired, the employee's PAR has not reached their frozen level, the frozen dollars shall be applied to the new salary schedule to determine an equivalent performance level which becomes the employees new unfrozen performance standing. The employee will then be eligible for future performance and economic increases.

7. Definition of "Day"

During the reduction of hours process employees will have daily hours of work that vary between 7 and 8 hours per day. For the purposes of vacation, sick leave, floating holidays and leave of absence/unpaid time off, a "day" will mean any work day between 7 and 8 hours in the work week.

PART XVII - BUSINESS UNIT MID-TERM AGREEMENTS**BUSINESS UNIT MID-TERM AGREEMENT****#2 Re: Nuclear Unit of Application - Future Downsizing**

The Collective Agreement between Ontario Hydro and The Society stipulates that if the parties do not agree to the size of the organizational unit for the identification of surplus in future downsizing situations, then the unit size will be the Division/Region.

In order to reduce one of the obstacles in relocating people from one site to another and in keeping with the implementation of the "presence at site" strategy during the re-organization occurring during the fall of 1993, we agree to designate the organizational unit as the Nuclear line of business in the event of a significant future downsizing subject to the following conditions:

1. Significant downsizing would be defined as a re-organization resulting in a Society-represented employee downsizing affecting no less than 10% of the regular Society-represented employees of a division in the Nuclear line of business.
2. This memorandum of understanding is in effect for significant downsizing (as defined in 1. above) identified prior to December 31, 1998.

The terms of this Agreement are in effect until December 31, 1998, unless otherwise agreed to by both The Society and Ontario Hydro Nuclear.

BUSINESS UNIT MID-TERM AGREEMENT**#10 Re: PND Local Agreement for #1 Shift Coverage by Society-Represented Employees Assigned to Days**

In 1987, a memo was issued to adopt the M&P 12-Hour Shift Task Group recommendations. One recommendation dealt with the pay treatment when Society-represented employees assigned to days are required to work 12-hour #1 shifts (20:00 to 08:00). Recently, we have encountered situations where different interpretations of these guidelines have resulted in inconsistent compensation.

In order to ensure a uniform approach and remain consistent with The Society Collective Agreement, the following guidelines will be adopted if a Society-represented employee assigned to days is required to provide coverage for one to three consecutive #1 shifts. For coverage of greater than three consecutive shifts, the employee will be assigned to the appropriate crew as per The Society Collective Agreement Section 59.2.

Our intent is to clarify timekeeping practices and ensure a consistent approach to compensation – these rules are not retroactive for shifts worked prior to the date of this memorandum.

1. (a) If the day prior to the first #1 shift is a normal scheduled day of work, the employee will be granted that day off, consistent with Section 2.1 of the attached memo and Section 59.2(c) of The Society Collective Agreement.

For example, if the first shift to be covered is a Tuesday #1 shift, the employee will be granted Monday off, reporting to work Monday at 20:00.

Hours worked on the granted day, including the first four hours of the #1 shift, will be paid or banked for future time off at the appropriate premium rate, consistent with Sections 57.1, 57.2, 57.4, and 57.5 of The Society Collective Agreement.

In the above example, the hours worked Monday from 20:00 to 24:00 will be paid or banked at the appropriate premium rate. If the employee is required to work part of the granted day shift (e.g., required to work Monday morning in the example above), those hours worked will be paid or banked at premium rate.

-
- (b) If the day prior to the first #1 shift is a Saturday, Sunday, or statutory holiday, the first four hours of the 12-hour shift will be paid or banked for future time off at premium rates, consistent with Sections 57.2, 57.4, and 57.5 of The Society Collective Agreement.

For example, if the first shift to be covered is a Monday #1 shift, the four hours worked Sunday 20:00 to 24:00 will be paid or banked at double-time.

2. If the #1 shift occurs on a Saturday, Sunday, or statutory holiday, the hours worked from 00:00 to 08:00 will be paid or banked for future time off at premium rates, consistent with Sections 57.2, 57.4, and 57.5 of The Society Collective Agreement.

For example, if the employee works a Saturday #1 shift, the eight hours Saturday from 00:00 to 08:00 will be paid or banked at the appropriate premium rate.

3. When two or more consecutive #1 shifts are worked, hours in the calendar day in excess of the normal number of hours worked per day shall be paid or banked for future time off at premium rates.

If Tuesday #1 shift and Wednesday #1 shift are worked, for example, an additional four hours of overtime will be paid or banked at the appropriate premium rate for the hours worked Tuesday 20:00 to 24:00.

4. The night shift premium will be paid on all hours which are not compensated at premium rates, consistent with Section 2.3 of the attached memo. In example 1(a) above, the night shift premium would be paid for the eight hours worked from Tuesday 00:00 to 08:00.

5. The next shift to be worked following the last covered shift will be the next regularly scheduled day shift, consistent with Section 59.2(d) of The Society Collective Agreement.

In example 1(a) above, the next shift to be worked following the Tuesday #1 shift will be the regularly scheduled Wednesday day shift.

Several examples of #1 shift pay treatment for 40 hour/week and 35 hour per week employees are provided on the following pages.

As per The Society Collective Agreement Section 61.9.8, all hours worked during the #1 shift will be recorded and treated as if they occurred during the calendar day in which the shift ends. The time code "N" should be entered on the timesheet if the #1 shift is worked on a normal scheduled day of work; otherwise (i.e., for Saturdays, Sundays, or statutory holidays) the time code "R" should be used.

BUSINESS UNIT MID-TERM AGREEMENT**#12 Re: Compensation & Working Conditions - 12-Hour Shift Schedule**

1. The following Mid-Term Agreement will be applicable to Hydroelectric employees in the Commercial Resource Management Centre when working a 12-hour schedule.
2. General Provisions
 - 2.1. The 12-hour shift schedule will average the regular scheduled hours per week for employees and will indicate the days and hours of work (shift) for each employee. Payment will be determined in accordance with this Mid-Term and as outlined in Article 59 of the Collective Agreement ("Shift Work (M&P, TMS/TS, OSS, SCO)").
 - 2.2. The implementation of 12-hour shift work will be on the understanding that its application will not result in any appreciable increase in cost to Hydroelectric.
 - 2.3. Hydroelectric or The Society Board of Directors shall have the right to terminate 12-hour shift work. Written notice must be provided by the Department Manager to The Society President or vice versa.
 - a) If the notice is two months prior to the end of the current schedule, 2-hour shift work will terminate at the end of the current schedule. Reason(s) for termination will be provided by the respective party.
 - b) The 12-hour shift schedule may be canceled immediately by Hydroelectric should any of the following be adversely affected: safe operation of plant; health of shift workers; public safety.
 - c) When employees at any Department have exercised the right to opt out of time-balanced 12-hour shift work, no new 12-hour shift work may be introduced for those employees without the mutual agreement of local management and the local Society Unit Director.
 - 2.4. All policies and Agreements which normally apply to employees will continue to apply unless specifically stated otherwise in this Mid-Term.
3. Shift Differential

A shift differential of \$1.10 per hour worked will be paid to 12-hour shift employees for each night shift hour worked, in accordance with Article 59.3

("Shift Work (M&P, TMS/TS, OSS, SCO Staff)").

4. Shift Premium

Hourly shift allowances shall be paid to M&P shift workers, for hours worked as follows:

Shift Work on Saturdays and Sundays	50% of 95% of the MP4 reference point rate per hour worked
Shift Work on Statutory Holidays	95% of the MP4 reference point per hour worked.

The statutory holiday shift premium shall be paid on an actual hourly-as-worked basis.

5. Overtime

5.1. Authorized overtime beyond 12 hours of work on scheduled workdays Monday to Saturday inclusive and all hours worked on scheduled days off Monday to Saturday inclusive shall be compensated in accordance with the overtime provisions of this Agreement.

5.2. Authorized overtime beyond 12 hours of work on scheduled workdays which are Sundays or statutory holidays and all hours worked on scheduled days off which are Sundays or statutory holidays shall be compensated in accordance with the overtime provisions of the Collective Agreement.

6. On-Call

6.1. On-call service payments will not be applied to those employees on the Minimum Availability Requirement (MAR) list (see Section 9).

7. Special Conditions

7.1. The following items will be credited for pay purposes on an hour-for-hour basis:

- a) Vacation
- b) Floating Holidays
- c) Sick Leave
- d) Time Off Without Pay
- e) Travel Time
- f) Medical and Dental Consultations - Periods of less than four hours shall not be deducted from sick leave credits.

- 7.2 In the application of the above-noted items (a), (b) and (c), a reference under the current provisions of this Mid-Term to a "day's" entitlement will mean eight hours. Therefore a 12-hour shift will constitute one and one-half days deducted from credits.
 - 7.3 When an employee is scheduled to work a 12-hour shift and one of the under-noted conditions occurs, a "day" will be considered to be 12 hours.
 - 7.4 Jury duty and attendance at court.
 - 7.5 Funerals.
 - 7.6 Moving Day.
 - 7.7 Time Charges for Attendance at Delegates' Council and meetings of The Society's Board of Directors.
8. The basic statutory holiday and special time off provisions remain unchanged in that time off and pay entitlements will continue to be calculated on an eight-hour basis.
 9. Minimum Availability Requirement (MAR) List
 - 9.1 In order that a sufficient number of shift employees are on duty to maintain and ensure a continuous operation at any Department utilizing 12-hour shifts, a MAR List will be prepared.
 - 9.2 A sufficient number of employees, by job classification and qualifications, will be determined by Hydroelectric. Employees will volunteer their willingness to be called in to work in this situation, by placing their name on the MAR List under the day(s) they wish to be called. If there are no volunteers, Hydroelectric reserves the right to assign employees to the MAR List. Employees will not be placed on the MAR List who are scheduled to work on an adjoining shift.
 - 9.3 An employee on the MAR List agrees to be available during the Required Availability Period (RAP), to report to work to cover short-term absence. The RAP is the period of time commencing two hours prior to each shift change and ending one hour after each shift change.
 - 9.4 If an employee whose name is on the MAR List cannot be available for the specified day(s), the employee must arrange for a substitute acceptable to Hydroelectric, whose name then would be added to the MAR List.
 - 9.5 Volunteering or being assigned to the MAR List for RAP periods does not entitle the person to any compensation, i.e., on-call pay, etc., nor does it guarantee that overtime will result.

- 9.6. In the event that an employee is called to work from the MAR List, he/she will be entitled to overtime premium rates (outlined in Section 61.4) for all hours worked.
10. Time-balanced 12-hour shift work will be introduced in the CRMC Department when the following conditions are met:
 - 10.1. More than fifty percent (50%) of employees who vote in that Department must vote in favour of 12-hour shift work.
 - 10.2. More than fifty percent (50%) of all eligible shift workers who vote in that Department must vote in favour of the 12-hour shift work.
 - 10.3. The process for taking the Vote and counting it will be agreed upon by The Society Unit Director and the Department Managers.
 - 10.4. Employees eligible to vote are those employees in the CRMC normally assigned to shift.
 - 10.5. Although the content, preparation, costing and administration of shift schedules is the sole responsibility of Hydroelectric, the preference of the majority of shift workers in a department for a particular basic type of schedule will be considered. Such preferences must be made known to Hydroelectric 4 months in advance of the starting date of the new schedule.
 - 10.6. Supernumerary Shifts while working on the 12-hour shift schedule, will be 08:00 – 16:00.
 - 10.7. Three supernumeraries can be exchanged for working two 12-hour regular days off.
 - 10.8. When a regular shift commences before midnight and continues after midnight, all hours during the continuous shift shall, for pay and time balance purposes, be recorded and treated as if they occurred during the calendar day in which the shift ends.
 - 10.9. Exception: The statutory holiday shift premium shall be paid on an actual hourly-as-worked basis.
 - 10.10. Shift workers with a plus or minus four hours time balance assigned to day work or shift for an indeterminate period of time may be required to take off or work a four-hour period respectively, but no payments, premium or otherwise, will apply to such time worked as an extension of a normal eight-hour day to resolve a minus time balance.
 - 10.11. For the day on which an election occurs and up to three days before and after, all employees on a 12-hour schedule will be changed to an eight-hour schedule unless joint agreement is reached to do otherwise.

10.12 A minimum of 48 hours off per pay period except for MAR list needs.

11. An excessive number of 12-hour shifts cannot be worked in sequence. Three would be the maximum for nights and four would be the maximum for days.

When assigned to shift, articles 59, 60, 61, 62 and 70 of the Collective Agreement do not apply except 59.3, 60.3, 60.4, 60.7, 61.3, 61.6 (reference 1995-96 Agreement or subsequent applicable revisions).

3. Fiscal Year:

For purposes of this Agreement, a "year" will be a year commencing April 1. The defined fiscal year will not be changed in future periods.

4. Shift/Work Schedule Design:

The design of the shiftwork schedule(i.e., length and pattern):

- a) may result in scheduled work for an employee on average exceeding normal base hours.
- b) will not result in an employee being scheduled to work less than 35 hours on average over pay periods, inclusive of any normal scheduled work on days.
- c) will be the same shift length and pattern as the associated PWU crews on shift or 24 hour coverage work schedule when:
 - i) The PWU Crew is from NTS;
 - ii) Society Staff must work alongside the PWU Crew to provide supervision or direct support to the work being conducted by the PWU Crew;

unless otherwise agreed.

5. Notice:

A minimum seven (7) days notice will be provided when an employees shift schedule is changed or when putting an employee on shift with the following exceptions:

- a) Three (3) days notice if a forced unit outage occurs. The applicability of the three (3) day notice period is dependent upon a shift change notice being issued to the affected employees within 48 hours of the occurrence of the forced unit outage.
- b) In cases of illness, four (4) days notice will be given.

Failure to provide the above notice will require payment at the appropriate overtime rates for work performed outside of normal hours during the notice period.

6. Overtime:

Work performed outside of scheduled hours is overtime and will be compensated at the appropriate overtime rates.

7. Compensation while on shift:

7.1 During each pay period in which scheduled shift hours are worked;

- a) All scheduled hours worked, either OR days or on shift, will be credited to the time bank at straight time.
- b) The employee will be paid their base pay, and the equivalent number of base hours at straight time will be deducted from the time bank.
- c) The employee will be paid the premium and differential portion for scheduled hours worked on weekends, and night shifts during each pay period.

7.2 At the end of the fiscal year, the remaining cumulative hours in the time bank will be paid out, or, time may be taken off at times throughout the fiscal year which are mutually agreeable to management and the employee, as follows:

- a) The cumulative total will be divided into groups of 7 hours (or fraction if there is a residual amount).
- b) For each group, the first four hours will be at time-and-one-half and the second three hours will be paid at double-time.
- c) Negative time balances existing at the fiscal year end will be written off.
- d) For purposes of calculating time bank compensation provisions under this Agreement, the number of base work hours in a pay period will be equivalent to the number of current standard hours.

- 7.3 Periods of time required at the start and end of a shift, to effectively carry out any turnover to the incoming or outgoing crew will not be compensated, if the total time required is less than 30 minutes. Turnovers requiring more time, if authorized by the Superintendent or that person designated by the Superintendent, will be compensated according to the overtime provisions of the Agreement
- 8.0 Relativity-
- 8.1 In the event that Society staff are required to work alongside an associated PWU crew as determined under 4(c)(i) and 4(c)(ii) above, who are on a work schedule that provides 24 hour coverage but are not on an assigned shift schedule under a PWU Agreement, equivalent premiums will be paid in lieu of any premium (weekends, shift differentials, time bank) payments as determined under this Agreement.
- 8.2 When working alongside an associated PWU crew, as described in 8.1, and a minimum payment is provided to the PWU crew for the purposes of maintaining normal base hours, the equivalent treatment will be afforded to The Society staff.
- 9.0 The implementation plan requirement of Letter of Understanding Re. Peak Work Hours Arrangements (LOU-6), is as follows:
- a) This mid-term may be jointly re-negotiated in April of 1998 if requested by either party in advance, and during the month of April of each second year subsequently. Unresolved disputes during this re-negotiation may be referred to the dispute resolution process as defined in Article 72 of the 1995/96 Collective Agreement.
- b) The effective start date will be April 1, 1997, which will be declared the start of the fiscal year for purposes of this Agreement.

To implement the OHN Procedure Authorized Nuclear Operator Staffing of Days Based on Rotational Positions within OHN Divisions and the tripartite Memorandum of Understanding addressing matters of union representation dated January 11, 1996 (attached), the undersigned Parties agree:

Ontario Hydro will remit to The Society on a quarterly basis, a dollar amount equal to the weekly dues requirement in effect for Society represented staff.

The funds will be remitted for each week an Authorized Nuclear Operator is on rotational assignment to a position within The Society's jurisdiction, ending at the conclusion of the rotational assignment.

In addition to its jurisdiction over the position, The Society's representational rights and its Collective Agreement shall apply to any employee grievance for which the PWU does not have representational rights under the Memorandum of Understanding.

(signed by D. Ivany for Ontario Hydro and J. Wilson for The Society, dated January 1, 1996)

- c) This Memorandum of Understanding is revocable upon one (1) year's written notice by any Party.

2.0 GENERAL PRINCIPLES

- a) Agreement must be reached with the responsible Society Unit Director to fill a position within the Jurisdiction of The Society on a rotational basis.
- b) Power Workers Union represents the individual Authorized Nuclear Operator as well as the position of Authorized Nuclear Operator.
- c) OHN regularly requires an Authorized Nuclear Operator on a rotational assignment within The Society's jurisdiction to perform Power Workers Union jurisdiction work.

3.0 REPRESENTATION

When an Authorized Nuclear Operator is selected to fill a rotational assignment within the jurisdiction of The Society the following will apply:

- a) The Society represents the position.
- b) The employee is represented by the Power Workers' Union except for representation with respect to established working conditions for the position as set out in LOU 27 ("Re: Article 5 'Established Working Conditions' for Employees Temporarily Included in The Society's Jurisdiction") of The Society Collective Agreement.
