FOR COLLECTIVE AGREEMENT No 2

BETWEEN

JAZZ AIR LIMITED PARTNERSHIP (the “Company”)

and the

AIR LINE PILOTS

in the service of

JAZZ AIR

as represented by the

AIR LINE PILOTS ASSOCIATION, INTERNATIONAL (“ALPA”)

TERMS FOR THE MEMORANDUM OF SETTLEMENT

WHEREAS: the parties have reached an agreement on terms to enter into a Collective Bargaining Agreement pursuant to discussions concluded on June 23, 2010; and

WHEREAS: the new collective AGREEMENT shall be known as collective AGREEMENT No. 2; and

NOW THEREFORE, the Parties hereby agree:

1. The duration of the Collective Agreement shall be six (6) years, commencing July 1, 2009 and shall continue in full force and effect, expiring June 30, 2015.
2. For clarity, with respect to the Company’s last tabled offer the following items are considered agreed:
 - a. The parties agree to include a fixed annual payment of \$3.8 million as a Loss of License Offset Premium (LOLOP) for Long Term Disability Insurance for the remaining 5 years of the agreement.
 - b. The attached pay scales shall be included as Table 1 in Section 10 of the Collective Agreement as the applicable wages for all pilots. The Company accepts ALPA’s pay grid model as exchanged between the parties on June 18 2010, whereby the base rate used as the top scale Captain Status pay rate will be determined from the three classes of pay for the following Aircraft groupings:

MEMORANDUM OF SETTLEMENT

- i. Small Body, up to and including maximum certified seating 90 seats: Group Rate of \$108.23 per credit as of July 1, 2010.
 - ii. Narrow Body, single aisle, greater than maximum certified seating 90 seats: Group Rate of \$155 per Credit as of July 1, 2010.
 - iii. Wide Body, TBD
- c. On an annual basis beginning on July 1st 2011 and every July 1st thereafter for the term of the Agreement, a pay grid review will occur whereby the pay grid will be adjusted to reflect the current year fleet composition. This will be calculated by adjusting the aircraft in the pay grid by using the Active Aircraft from the previous six months and the anticipated Active Aircraft in following six months.
- i. The adjusted base rate will be used as the Top of Scale Captain rate. This rate shall be reduced by 2.5% per year of service to Year 1. The established rates will have a 2% annual adjustment added on July 1st 2011, July 1st 2012, July 1st 2013, and July 1st 2014.
 - ii. On July 1, 2014 an additional Length of Service pay level shall be included in Table 1 for the Captain Pay scale. This additional pay level will be an increase of 2.5% over the calculated Year 16 pay rate.
 - iii. The First officer pay scale shall be produced using the following methodology:
 - 1. The July 1st 2010 year one and two First Officer pay levels in Table 1 shall be set rates subject to a 2% annual adjustment added on July 1st 2011, July 1st 2012, July 1st 2013, and July 1st 2014 as well as any base rate increase.
 - 2. The July 1st 2010 year three First Officer pay level shall be 66.7% of the resultant year three Captain rate. Longevity increases for years 4/5/6/7 shall be 4%. Longevity increases for years 8/9/10/11 shall be 2.5%. This shall be subject to a 2% annual adjustment added on July 1st 2011, July 1st 2012, July 1st 2013, and July 1st 2014 as well as any base rate increase.
 - 3. On July 1, 2014 and additional Length of Service pay level shall be included in Table 1 for the First Officer pay scale. The additional pay level will be an increase of 2.5% over the calculated Year 11 pay rate.
3. The Company will provide to each pilot within 15 days of ratification a retroactive expense reimbursement in the amount of \$1000 per pilot.

MEMORANDUM OF SETTLEMENT

4. Notwithstanding paragraph 2 above, the Parties agree to enter into further discussion to resolve the following outstanding articles that were left unsettled following the meeting of June 23, 2010. Failing a negotiated settlement, the parties agree to enter into a binding mediation/arbitration with Mr. W. Kaplan.
 - a. Section 6-1 Layoff, article .13, mandatory mitigation of 77.5 blocking average.
5. Section 28 PENSION will be amended to include the following:
 - a. Amending Section 6.06 (1) (Maximum Pension Provisions) of the Pilots' Pension Plan to delete the current hard cap of \$1,722.22 and to instead substitute the Income Tax Act maximum indexed for subsequent years effective July 01st, 2010. The exact ITA maximum in 2010 is \$2,494.44.
 - b. Amending section 7.02 (Normal Form of Pension Benefit) of the Pilots' Pension Plan so that, instead of being a single life annuity, the new Normal Form of Pension Benefit will be the J&S benefit described in 7.03 (60% J&S, etc.)
 - c. Amending section 4.02 (Required Contributions) of the Pilots' Pension Plan such that the employee contribution rate shall increase from 5% to 6% of earnings as of July 1st, 2010.
6. The following L.O.U's shall remain in effect:
 - a. LOU #1 Workplace Language
 - b. LOU #14 US Department of Justice Waiver Requirement,

8. The Company undertakes that there is no intent to withdraw from the Thomas Cook Contract currently in effect.
9. The implementation of a Web Based Systems referred to in Section 8 shall occur prior to December 31st, 2010.
10. The Company agrees that all outstanding flight release charges to the Association up to and including July 31st, 2010 are waived.
11. The parties agree to meet within 30 days of ratification to develop a process for the pre-scheduling of Check Pilots Line Checks that is to be administered by one ALPA Block Builder through an additional Block Builder credit day, and as per discussions between the parties April 19, 2010.

MEMORANDUM OF SETTLEMENT

12. The parties agree to meet within 30 days of ratification to develop a process to provide distance learning material for Pilots and an adequate time frame for Pilots to complete the module. This will be done with TRB oversight to the content of the material.
13. The parties recognize that a final, full and comprehensive review of the initial Tentative Agreements on a section by section basis should occur to ensure accuracy with respect to the last accepted agreements between the parties.
14. Specifically with respect to point 12 above it is recognized that the parties did not review ALPA's submission of the Acronym and Definition articles of Section 3.
15. The Company agrees to the Negotiations Committee vacation restoration undertaking reached on June 23, 2010.
16. In the event of any disagreement as to the implementation of the terms of this Memorandum of Settlement, the parties agree to enter into a binding mediation/arbitration with Mr. W. Kaplan.

SECTION 4

SENIORITY

4-1 APPLICATION OF SENIORITY

A Pilot's seniority shall govern the awarding of all Positions (e.g. the right to Qualify on other aircraft and/or change Status), provided that all minimum requirements contained in the Ministry of Transport Regulations, Company Operations Manual (COM), and this Collective Agreement are met. The Company shall not amend the COM with respect to minimum qualifications for Equipment Assignment except as required in maintaining the integrity of the Company Operating Certificate. In the event a Pilot does not meet these minimum requirements, the Company shall inform any such Pilot in writing and shall provide a copy to the Association. A Pilot's seniority shall also govern retention in the case of reductions in force and recall after layoff (the most senior Pilots being the last to be laid off and the first to be recalled), the awarding of Blocks and the choice of Vacation/Stat Weeks.

4-2 SENIORITY LIST

- .01 The Company shall maintain a Pilot System Seniority List. Seniority on the Pilot System Seniority List shall begin to accrue from the Date of Employment as a Pilot and shall continue to accrue except as otherwise provided for in this Agreement.

- .03 All Pilots in the employ of the Company shall have their names posted on the Pilot System Seniority List. Such list shall contain in order of seniority the names and Status of all Pilots and their respective Date of Employment. By the last Day of each Quarter, the Company shall post on the Pilot Electronic Bulletin Board a copy of a Pilot System Seniority List, brought up to date to include changes or additions which have occurred since the posting of the previous list.

SECTION 4

When a Pilot is on Vacation/Stats, sick leave, or is on a personal Leave of Absence (LOA) when such a list is published, he shall have thirty (30) Calendar Days after his return to duty, or until the end of the sixty (60) Calendar Day period, whichever is later, to register such protest. Any omissions or errors are to be brought to the attention of the Vice-President, Operations or his designate within the specified time period, otherwise the Pilot System Seniority List as posted shall be considered as final and binding and no longer subject to challenge. However, by mutual agreement, the Company and the Association shall have the power to correct errors at any time.

LETTERS OF UNDERSTANDING
US Department of Justice Waiver Requirement

LOU No. 2

Between

The Airline Pilots in the Service of Air Canada Jazz Inc.

As represented by the

Air Line Pilots Association, International (the “Association”)

And

Jazz Air Inc. carrying on business as Air Canada Jazz Inc. (the “Company”)

Re: US Department of Justice Waiver Requirement

WHEREAS Air Canada Jazz (“the Employer”) currently contracts with flight simulator providers in the United States to provide pilots training on the aircraft that it operates;

AND WHEREAS the Government of the United States has established a requirement for Canadian pilots training at simulators in the United States to sign a waiver of their rights of privacy;

AND WHEREAS numerous pilots scheduled for training in the United States have considered that the waiver is an unnecessary infringement of their privacy rights;

AND WHEREAS the Employer and the Association wish to resolve the question of whether the employer may require the pilots to sign the waiver of privacy in order to receive simulator training by referring the matter to arbitration in an expedited manner;

AND WHEREAS the parties wish to make provision for the release and treatment of information arising out of the inquiries relating to the waiver irrespective of the outcome of their dispute;

AND WHEREAS the parties wish to make certain provision for the period prior to the resolution of their dispute;

NOW THEREFORE the parties agree as follows:

Restrictions upon Release of Information

LETTERS OF UNDERSTANDING
US Department of Justice Waiver Requirement

1. For pilots who have signed the waiver form, and who have not subsequently terminated that waiver, the Employer shall be permitted to release information to duly accredited representatives of the US Department of Justice. Such release shall extend only to such matters as are contemplated in the waiver form.
2. The Employer acknowledges that the waiver form is valid only for a period of five years after the date on which it was signed unless it has been terminated at an earlier date.
3. The Employer shall provide to the pilot a copy of all requests for information from the Department of Justice or its accredited representatives, or, if the requests are made in oral form, with a detailed description of the request, prior to fulfilling the requests. However, the Employer may respond to requests from the Department of Justice concerning a pilot's name, a confirmation of dates of employment, type of equipment flown, and date of birth, without first providing a copy to the pilot.
4. The Employer shall provide to the pilot a copy of any documentary information that it intends to release to the Department of Justice or to its duly accredited representatives, and, if some or all of the information is to be provided in oral form, with a detailed description of the information it intends to provide and the statements that the employer intends to make. Except for requests concerning the pilots' name, confirmation of dates of employment, types of equipment flown, and date of birth, this information shall be provided to the pilot before releasing it in order to provide the pilot an opportunity to ensure its accuracy.
5. The Employer shall provide any pilot who has been refused training at a US-based simulator with all information in its possession in respect of the refusal.

Treatment of Information Received:

6. The Employer shall agree to destroy any information that is received from any source that arises out of the investigations contemplated in the waiver. In the event that the Employer is required by law to keep this information, it shall be stored in a secure and confidential manner, and no person shall have access to it without the written consent of the Director of Flight Operations.
7. The Employer shall refer to such documentation only to such an extent as is strictly required by Canadian law.
8. The Employer may not forward this information to any other person, organization or government except as it is strictly required to do so by Canadian law.

LETTERS OF UNDERSTANDING
US Department of Justice Waiver Requirement

9. The Employer shall provide to the pilot a copy of all information that it has received from any source that arises out of the investigation contemplated in the waiver, whether or not the employer keeps a copy of the information.
10. The Employer may not refer to or rely upon the information that is received as the basis for any sanction, discipline, demotion or other action that may have a negative or adverse effect upon the pilot signing the waiver, or upon any other pilot employed by AC Jazz. Further, the Employer may not use the information to corroborate other information it may have or may come into its possession subsequently, or to utilize the information as a basis to commence an investigation to discover information that it currently does not have in its possession.

Interim Accommodation:

11. The following terms shall be in effect until the issues surrounding the parties' rights in respect of the waiver of confidentiality are resolved, whether through a rescinding of the current waiver requirement, the determination by an arbitrator and/or Court, or by agreement of the parties that the Employer has the right to insist upon the signing of the waiver, or by further agreement between the parties.
12. The Employer may provide the waiver to employees who are scheduled to be trained in the United States. However, it may not state or suggest to the pilot that it is a condition of continued employment that the pilot signs the document.
13. The Employer shall give consideration to alternative forms of training for such pilot or pilots, including simulator training in a country that does not require a similar waiver of confidentiality rights. Such consideration shall include cost, availability and scheduling.
14. A pilot who signs the confidentiality waiver, but who is not permitted to train in the United States by the US government for any reason whatsoever shall, at the Employer's option, either be trained elsewhere or, in the event that he is out of service as a result of the inability to train in the United States, shall be remunerated in all respects by the Employer as if he was continuing his active service with the company. For purposes of clarity, this obligation shall extend only until the issue in dispute is resolved, as set out in paragraph 11 above.
15. In the event that it is subsequently determined that the employer may require the signing of the waivers, pilots who had previously refused to sign the waiver shall be given an additional opportunity to sign the document and shall suffer no adverse employment consequences arising out of their previous refusal to sign.

1. At the completion of an investigation, Jazz will preserve a single copy of the investigative file and its contents (the "Investigative File"). All other copies of the Investigative File will be destroyed. An investigation will be considered to be completed 60 days after (a) the Company takes any action that the Company determines to be appropriate based on its findings in the investigation; or (b) the Company concludes based on its findings in the investigation that no action will be taken.
2. The Investigative File will be stored in a secure and locked location.
3. After the completion of an investigation, and except where otherwise required by law (including the order of a court, arbitrator, or other tribunal having jurisdiction to so order), the only persons who will have access to the Investigative File will be the Manager Human Resources for Jazz and her specified designates. Unless Jazz otherwise notifies ALPA in writing, the specified designates of the Manager Human Resources are the Base Human Resources Managers, Base Managers and Chief Pilots for Vancouver, Calgary, Toronto, Montreal and Halifax.
4. If stored electronically, the Investigative File will be stored in such a manner that it is secure against access by persons other than the Manager Human Resources and her specified designates. If the Investigative File is accessible through a network, it must be secured by access restrictions, password requirements or other means such that inadvertent disclosure to a person other than the Director Human Resources or a specified designate is unlikely.
5. The Investigative File, whether in "hard copy" or electronic format, will be identified (or "de-identified") by name in such a way as to make inadvertent disclosure unlikely.
6. The Investigative File will be accessed, relied upon and disclosed by Jazz only for the following purposes: (a) managing the employment relationship between Jazz and an employee; (b) advancing Jazz's interests in connection with proceedings under the Canadian Human Rights Act or other legislation, or in a civil lawsuit. It is understood that documents in an Investigative File

that are disciplinary in nature will not be relied upon by Jazz in circumvention of articles 23-4, 25 or 26 of the Collective Agreement.

7. If an investigation does not result in any disciplinary action against an employee, Jazz shall not retain any record of the investigation or its findings in the employee's personnel file.
8. If an investigation does result in disciplinary action (including dismissal) against an employee, Jazz may retain in the employee's personnel file a record of the discipline applied as a result of the investigation (including, where necessary for context, a copy of any letter of recommendation or expectation contained in the Investigative File).
9. Subject to the provisions of this Agreement, an Investigative File may be retained by Jazz for an indefinite period, provided that (a) an Investigative File should not be kept longer than is necessary for the purposes stated in paragraph 6 of this Agreement, and (b) an Investigative File shall be destroyed no later than 20 years after the date of the complaint that led to the investigation.
10. If Jazz decides to dispose of an Investigation File, Jazz will do so in such a manner as to ensure that personal information in the file is not disclosed. For this purpose, Jazz may engage a third party who specializes in the destruction of confidential materials to carry out the destruction of Investigative Files.
11. This Letter of Understanding shall run concurrently with the Collective Agreement and form part of it.
12. The provisions of the Collective Agreement shall apply except where expressly amended by the Letter of Understanding.
