The employee should request the harasser to stop the unwanted behaviour by informing the harassing individual(s) that the behaviour is unwanted and unwelcome. ARTICLE 9 - GRIEVANCE PROCEDURE

9.01 For purposes of this Agreement, a grievance is defined as a difference arising between the parties relating to the interpretation, application, administration, or alleged violation of this agreement.

9.02 It is the mutual desire of the parties hereto that complaints of employees shall be adjusted as quickly as possible, and it is understood that an employee has no grievance until he has first given

his immediate supervisor the opportunity of adjusting his complaint. If an employee has a complaint, such complaint shall be discussed with his immediate supervisor within ten (10) calendar days after the circumstances giving rise to the complaint having originated or occurred.

If the immediate supervisor is unable to adjust a complaint to their mutual satisfaction within ten (10) calendar days, the employee may proceed with the grievance procedure within ten (10) calendar days following the decision of the immediate supervisor. Any employee is entitled, upon request, to have a Union Steward present with him when meeting with the immediate supervisor to attempt to adjust his complaint.

9.03 A grievance of an employee properly arising under this agreement shall be adjusted and settled as follows:

Step No. 1

The employee, with the assistance of a Union Steward, if desired, must submit a written grievance, signed and dated by the employee, to his immediate Supervisor or designate. The grievance shall identify the nature of the grievance, the remedy sought, and should, where possible, specify the provisions of the agreement which are alleged to have been violated. The immediate Supervisor or designate will deliver his decision in writing within five (5) calendar days after receipt of the grievance in writing. Failing settlement, the next step of the grievance procedure may be taken.

Step No. 2

Within five (5) calendar days following the decision under Step No. 1, the grievance must be submitted to the Manager of Labour Relations or designate to be discussed at a meeting between the Manager of Labour Relations or designate, the said Steward, the grievor(s), and the Union Committee within five (5) calendar days of receipt of the grievance. Either party may have assistance from outside the Hospital at this stage if desired. The Manager of Labour Relations or designate shall give her written disposition within fourteen (14) calendar days of the day of such meeting. Failing settlement, either party may submit the matter to arbitration within ten (10) calendar days after the reply in Step 2 is given. If no written request for arbitration is received within

such ten (10) day period, the grievance shall be deemed to have been abandoned.

9.04 Policy Grievance

A grievance arising directly between the Hospital and the Union concerning the interpretation, application or alleged violation of the Agreement must be originated under Step No. 2 within ten (10) working days of the event giving rise to the grievance. Failing settlement under Step No. 2 within ten (10) working days, it may be submitted to Arbitration in accordance with Article 10. However, it is expressly understood that the provisions of this paragraph may not be used by the Union to institute a complaint or grievance directly affecting an employee which such employee could himself institute, and the regular grievance procedure shall not be thereby by-passed except only where it is established by the Union that the interest of the bargaining unit as a whole is involved and may be affected by the resolution of the issue resulting from the complaint.

9.05 Discharge Grievance

- (a) A grievance involving the discharge of an employee must be reduced to writing and originated under Step No. 2 within ten (10) calendar days of the employee being notified of his discharge.
- (b) An employee who has not completed the probationary period, may be terminated on the basis of fair and proper assessment of suitability for employment with the Hospital, but which action may not be taken up as a grievance.
- (c) It is agreed that the Chairperson of the Union Committee or a Union Committee member will be notified in writing of the dismissal of the employee.

9.06 Group Grievance

Where two or more employees have grievances of a similar nature, and each employee would be entitled to grieve separately, all such employees shall sign the grievance form and submit the grievance at Step No. 2 within ten (10) calendar days of the event giving rise to the grievances. The grievances shall be processed as one grievance subject to all applicable provisions under the grievance procedure.

- 9.07** Where an employee has a grievance arising out of the job posting provisions under Article 28, which involves a position outside of the employee's department, layoffs or recalls under Article 12, such grievance shall be submitted at Step 2 of the grievance procedure within ten (10) calendar days of the circumstances giving rise to the grievance.
- 9.08** All agreements reached under the grievance procedure between the representatives of the Hospital and the representatives of the Union will be final and binding upon the Hospital and the Union and the employee or employees involved.
- 9.09** Where an employee is subject to a suspension or discharge penalty, he shall be entitled upon his request to have a Steward or Union Committee person present when the disciplinary action is taken, provided that a Steward or a Committee person is readily available to attend. It is the Hospital's responsibility to inform the employee of his right to request such representation.

ARTICLE 10 - ARBITRATION

- 10.01** If the Hospital or the Union requests that a grievance be submitted to Arbitration, as herein before provided, it shall make such request in writing addressed to the other party to this Agreement.

The parties agree that a sole Arbitrator shall hear all grievances that have been processed to Arbitration. The parties mutually agree to the following roster of six (6) Arbitrators:

Louisa Davie
Ted Creljenica
Frank Reilly
Wes Rayner
Kevin Burkett
Michael Waters

Grievances will be referred for hearing to one of the Arbitrators on the roster, in rotation unless the parties otherwise mutually agree.

Notwithstanding the foregoing, if either party wishes to utilize a Board of Arbitration, they shall notify the other party of same and at the same time name a nominee.

Within seven (7) calendar days hereafter, the other party shall name a nominee, provided however that if such party fails to name a nominee as herein required, the Office of Arbitration of the Ministry of Labour of the Province of Ontario shall have power to effect such appointment upon application thereto by the opposite party.

The Chairperson of the Board of Arbitration will be the Arbitrator on the agreed to roster who is next on the rotation.

- 10.02** No person may be appointed as an arbitrator who has been involved in an attempt to negotiate or settle the grievance.
- 10.03** No matter may be submitted to arbitration which has not been properly carried through all the previous steps of the complaint and grievance procedure within the time limits and in the manner provided. It is understood such time limits may be extended with approval of both parties.
- 10.04** The Arbitrator/Board of Arbitration shall not have any power to amend, alter, modify, or add to any of the provisions of this Agreement or to substitute any new provisions for any existing provisions nor to give any decision inconsistent with the terms and provisions of this Agreement.
- 10.05** The proceedings of the Arbitration Board will be expedited by the parties hereto and the decision of the majority, and where there is no majority, the decision of the Chairman will be final and binding upon the parties hereto and the employee or employees concerned.
- 10.06** Each of the parties hereto will bear the expense of the nominee appointed by it, and the parties will share equally the fees and expenses, if any, of the Chairman of the Arbitration Board.
- 10.07** The time limits set out in both the grievance and arbitration procedures herein are mandatory and failure to comply strictly with such time limits except by the written agreement of the parties shall result in the grievance being deemed to have been abandoned subject only to the provisions of Section 48(16) of the Labour Relations Act.
- 10.08** Where the Arbitrator/Board of Arbitration determines that an employee has been discharged or disciplined for cause, the Board may

substitute such other penalty for the discharge or discipline as to the Board seems just and reasonable in all the circumstances.

ARTICLE 11 - SENIORITY & SERVICE

- 11.01**
- (a) Fundamentally, rules respecting seniority are designed to give employees an equitable measure of security based on length of service with the Hospital since the date he was last hired into this Bargaining Unit. Seniority will be based upon the time the employee spends within the Bargaining Unit and any time spent outside the Bargaining Unit will not count towards seniority in the Bargaining Unit. Seniority will not mean all time spent with the Hospital only the time spent in the Bargaining Unit where the Collective Agreement is in force.
 - (b) Regular full-time employees who have completed the probationary period will be credited with seniority based on their hire date into the Bargaining Unit from their date of last hire.
 - (c) Regular part-time and casual employees who have completed the probationary period will be credited with seniority based on the actual number of hours worked within the Bargaining Unit from their date of last hire.
 - (d) Seniority will be credited to all employees in the Bargaining Unit based on the formula that 1650 hours of part-time seniority equals one (1) year.
 - (e) Seniority once calculated, will flow along with service between full-time and part time and vice versa.
- 11.02 (a)** An employee shall lose all service and seniority and shall be deemed to have terminated if he:
- (a) Has been laid off for thirty (30) calendar months or 12 calendar months in the case of employees with less than one year of seniority.
 - (b) resigns;
 - (c) is discharged and not reinstated through the grievance and arbitration procedure;

- (g) fails to return to work upon the expiration of a leave of absence granted by the Hospital without permission in writing from the Hospital.
- (h) utilizes a leave of absence for a purpose other than that for which it was granted, unless specifically permitted to do so by the Hospital in writing,

- (ii) he/she refuses three (3) consecutive offers of work or a total of twelve (12) offers of work within any twelve (12) month period.

11.03 Seniority lists of employees as of January 1st according to the records of the Hospital will be posted on the official Union bulletin boards in the Hospital on or before February 1st of each year. Seniority lists of employees as of July 1st according to the records of the Hospital will be posted on the official Union bulletin boards in the Hospital on or before August 1st of each year.

When supplying seniority lists to the Union Committee, the Hospital will include a list of employees in the bargaining unit showing classification and employment status.

11.04 Seniority as posted will be deemed to be final and not subject to

complaint unless such complaint is made within thirty (30) days from the current date of posting.

11.05 The Hospital will supply copies of the seniority lists to the Union Committee and the Local Union Office.

11.06 The calculation of continuous service in the bargaining unit will be based on:

- (a) last date of hire for full time employees or
- (b) hours of work for regular part time and casual employees on the basis of 1650 hours worked equals one (1) year of service.

11.07 In the event of an employee's absence without pay from the Hospital exceeding thirty (30) continuous calendar days, the employee will not accumulate seniority or service for any purposes under the Collective Agreement for the duration of such absence. The benefits concerned shall be appropriately reduced on a pro rata basis and the employee's anniversary date adjusted accordingly. During such absence, the employee will be responsible for full payment of all subsidized employee benefits in which the employee is participating. The employee may arrange with the Hospital to pre-pay to the Hospital the full premium of such subsidized employee benefits for the entire period of the leave to ensure the employee's continued coverage.

Notwithstanding the above, where an employee is in receipt of;

- (i) sick pay benefits under the Hospitals of Ontario Disability Income Plan, or;

benefits for a maximum period of fifteen (15) weeks from the first day of the absence.

- (c) In the cases of (ii) above, seniority shall continue for a maximum of thirty (30) months for part-time employees on the basis of what the employee's normal regular hours of work were prior to the commencement of his/her disability.

ARTICLE 12 - LAYOFF AND RECALL

- 12.01** (a) i) There shall be at least four (4) months notice to the Union in the event of a proposed layoff of a permanent or long term nature or in the event of a substantial bed cutback or cutback in service which affects or could affect the bargaining unit.
- ii) Where a proposed layoff results in the subsequent displacement of any member(s) of the bargaining unit, the original notice to the Union provided in (i) above shall be considered notice to the Union and any subsequently displaced employee of any subsequent layoff.
- (b) In the event of a layoff of a permanent or long term nature, the Hospital will provide affected employees with four (4) months notice of layoff or pay in lieu thereof.
- 12.02** In all other cases of layoff, the Hospital shall give each employee in the Bargaining Unit who has acquired seniority one (1) week's notice.
- 12.03** Layoff notice shall not be required if the layoff occurs because of emergencies - for example - fire, power failure, act of God, equipment breakdown or any other condition beyond the reasonable control of the Hospital.
- 12.04** (a) A layoff shall not include a reassignment of an employee (who would otherwise be entitled to notice of layoff) from her or his classification provided:
- i) the reassignment of the employee is to an appropriate permanent job with the Hospital having regard to the employee's skills, abilities, qualifications and training or training requirements;

- ii) the reassignment of the employee does not result in reduction of the employee's wage rate or hours of work;
- iii) the job to which the employee is reassigned is located at the employee's original work site or at a nearby site in terms of relative accessibility for the employee;
- iv) the job to which the employee is reassigned is on the same or substantially similar shift or shift rotation; and
- v) where more than one employee is to be reassigned in accordance with this provision, the reassigned employees shall be entitled to select from the available appropriate vacancies to which they are being reassigned in order of seniority provided no such selection causes or would cause a layoff or bumping.

The intent of this article is to avoid layoff(s) by reassigning, in reverse order of seniority within the relevant classification(s), to other classifications.

The Hospital bears the onus of demonstrating that the foregoing conditions have been met in the event of a dispute. The Hospital shall also reasonably accommodate any reassigned employee who may experience a personal hardship arising from being reassigned in accordance with this provision.

- b) Any vacancy to which an employee is reassigned pursuant to paragraph (a) need not be posted.
- c) It is understood and agreed that a full time employee who was reassigned in accordance with paragraph 12.04 a) above will have the right to return to the classification he or she held prior to the reassignment should a full time opening arise within that classification within a period of twenty-four (24) months from the date of the reassignment.
- d) It is understood and agreed that a regular part time employee who was reassigned in accordance with paragraph 12.04 a) above will have the right to return to the classification he or she held prior to the reassignment should a regular part time opening arise within that classification within a period of twenty-four (24) months from the date of the reassignment.

12.05

In the event of a layoff, the Hospital shall lay off employees in reverse order of their seniority within their classification and status, providing that there remain on the job employees who then have the ability to perform the work.

- (a) A Full Time employee who is subject to layoff shall then have the right to either:
 - i) accept the layoff; or
 - ii) displace a Full Time employee who has lesser bargaining unit seniority and who is the least senior employee in a lower or identical paying classification in the bargaining unit, if the employee originally subject to layoff has the ability and qualifications to perform the duties of the lower or identical paying classification with training. The Hospital will provide such training to a maximum of two hundred and twenty-five (225) or six (6) weeks as necessary for the purpose of allowing an employee to satisfactorily assume the new duties. The amount of training necessary and required shall be determined by immediate Supervisor after discussion with the employee and the Bargaining Agent involved; or
 - iii) If the laid off Full Time employee is the most junior Full Time employee, such employee may displace the most junior Regular Part Time employee in the bargaining unit subject to the employee having the ability and qualifications to perform the duties of the position and having more seniority than the individual being displaced regardless of the hours of work of this position.

Such employee so displaced shall be laid off subject to his or her rights under this section

- (b) A Regular Part Time employee who is subject to layoff shall then have the right to either:
 - i) accept the layoff; or

- ii) displace a Regular Part Time employee who has lesser bargaining unit seniority and who is the least senior employee in a lower or identical paying classification in the bargaining unit, if the employee originally subject to layoff has the ability and qualifications to perform the duties of the lower or identical paying classification with training. The Hospital will provide such training up to a maximum of two hundred and twenty-five (225) hours or six (6) weeks as necessary for the purpose of allowing an employee to satisfactorily assume the new duties. The amount of training necessary and required shall be determined by the immediate Supervisor after discussion with the employee and the Bargaining Agent involved; or
- iii) if the laid off Regular Part Time employee is the most junior Regular Part Time employee, such Regular Part Time employee may displace the most junior Full Time employee in the bargaining unit subject to the employee having the ability and qualifications to perform the duties of the position and having more seniority than the individual being displaced regardless of the hours of work of this position.

Such employee so displaced shall be laid off subject to his or her rights under this section.

- (c) Only when an employee has exhausted the layoff process under points (a) and (b) above would he have the right to displace an employee in a higher paying classification; provided the displacing employee is immediately qualified to perform the duties of the position and has more seniority.
- (d) The decision of the employee to choose an option outlined in 12.05 (a), (b) or (c) above shall be given in writing to the designated Hospital representative within seven (7) calendar days following the notification of layoff. Employees failing to do so will be deemed to have accepted the layoff.

12.06 For greater clarity, in exercising a right to displace another Full Time or Regular Part Time employee in accordance with the provisions described above, a laid off or displaced Full Time or Regular Part Time employee who seeks to displace an employee in a classification which required the incumbent to hold a certificate or license, such employee must currently hold any such certificate or license and must present such certificate or license to the designated Hospital representative at the time of interview for such classification.

12.07 **RECALL**

a) Where a position or positions become available in a classification and status in which the layoff occurred, employees who retain seniority shall be recalled to positions in the classification and status from which they were laid off within thirty (30) calendar months, or twelve (12) calendar months in the case of employees with less than one year of seniority, in order of seniority, provided that he then has the ability to perform the available work.

14.03

Subject to the need for assigning work with a minimum of delay, the Hospital agrees to equalize overtime work opportunities on a continuing, ongoing basis among all full time employees, within a classification and work area or department, who are qualified and normally perform the required work.

The procedure to be followed in equalizing the overtime work opportunities will be to offer such work opportunities first to the most senior employee within the classification and work area or department concerned and then move on down the list of employees in order of seniority until an employee has accepted the overtime offer. When the next overtime work opportunity becomes available it will first be offered to the employee on the list who is immediately below the last employee who accepted overtime and if he/she refuses the offer, the Hospital will then move on down the list until an employee accepts the offer.

The Hospital will keep a record of all overtime hours offered. Hours offered but not worked will be considered as hours worked. For computation and equalization purposes, new employees in a

classification and work area and department concerned will be deemed to have the equivalent hours of the highest overtime worked by an employee in the classification and work area or department to which they are assigned.

The employer agrees to prepare overtime lists which will show overtime hours offered and accepted by employees within a classification and work area or department. These lists will be posted within the various work areas or departments every four weeks.

In the event an employee is overlooked in carrying out the equalization procedure as set out above, that employee will head the list for the next scheduled overtime work opportunity within his/her classification and work area or department concerned notwithstanding any other provision in this agreement.

At the end of a calendar year all overtime hours worked by employees in excess of the overtime hours worked by the employee with the lowest number of overtime hours in the classification and work area or department concerned will be charged into the new year. The lowest employee will return to zero hours.

14.04 Where an employee has worked and accumulated overtime hours up to a maximum of the equivalent of 37.5 hours accumulation at any one time, then such employee shall have the option of electing payment at the applicable overtime rate or time off equivalent to the applicable overtime rate. Any such time off must be scheduled at time mutually agreeable to the employee and the Hospital. Any banked time that is not scheduled prior to December 31st will be paid out.

14.05 Employees shall report for work, in accordance with the established department policy, in uniform ready for work at the designated hour and place, and remain in uniform for the full shift.

14.06 (a) Work schedules of four (4) weeks duration for full time and regular part time employees shall be posted at least four (4) weeks in advance subject to call-ins. The Hospital will notify the affected employees of any changes therein. The Hospital will endeavour to keep such changes to a minimum.

- i) consecutive on a rotating basis with not more than seven (7) days between days off; or
 - ii) split with less than seven (7) days between days off
- (c) The Hospital will schedule at least one (1) weekend off in three (3) for full time employees averaged over the period of the rotating schedule. The Hospital will endeavour to schedule regular part time employees at least one weekend off in three.
 - (d) Any exceptions of the foregoing sub-paragraphs (b) and (c) will be by mutual agreement between the Hospital and the employees concerned. Prior to implementing any agreement to an exception between the Hospital and the employee, the Hospital will consult with the Union.
 - (e) For full time and regular part time employees, a period of no less than two (2) consecutive shifts off shall be scheduled between a change of shift and at least six (6) consecutive shifts (i.e. two (2) days) shall be scheduled following scheduled night shifts.
 - (f) For full time and regular part time employees, it is agreed that regular work schedules shall not include split shifts.

14.07

- (a) For employees working extended hours, on rotation of shifts in accordance with the regular schedule, there shall be an interval of eleven and three quarter (11 3/4) hours between shifts. - (c) The Hospital will endeavor to schedule one (1) weekend off in two (2) and will guarantee one (1) weekend off in three (3).
- (d) A period of no less than four (4) consecutive tours (i.e., two (2) days off) shall be scheduled following scheduled night shifts.

14.08

- (a) Casual employees, as defined by this collective agreement, will

be assigned work by the department head to meet the needs of the Hospital. Casual employees shall be notified of their assigned duties as quickly as possible. The Hospital cannot guarantee a minimum number of daily or weekly hours of work.

- (b) The Hospital agrees to review the utilization of casual employees with the Union, for the purpose of ensuring effective use of full and regular part-time staff.

14.09

Work schedules specifically for full-time employees employed as Registered Practical Nurses (RPN) and Operating Room Technicians (ORT) shall be posted at least four weeks (4 weeks) in advance and will adhere to the following objectives:

- (a) Four (4) days off shall be scheduled in a two (2) week period.
- (b) Two (2) consecutive days off at a time shall be scheduled unless otherwise by mutual consent.
- (c) Scheduling shall provide for not more than seven (7) days between days off.
- (d) On rotation of shifts, in accordance with the regular schedule, there shall be an interval of sixteen (16) hours prior to commencement of the next shift or time and one-half (1 1/2) shall be paid for all authorized hours worked during such sixteen (16) hour period.
- (e) It is agreed that regular work schedules shall not include split shifts. In cases of emergencies when the employee is required to work a split shift, overtime rates shall be paid for those authorized hours worked after the end of the regularly scheduled shift.
- (f) The Hospital shall provide at last forty-eight (48) hours notice of change of schedule to the employee concerned, resulting from sickness, and emergency situations, and in any event the Hospital will endeavour to keep such changes to a minimum. If schedule changes are made without such notice, the first altered shift worked by an employee within the forty-eight (48) hour period shall be paid at the rate of one and one-half (1 1/2) times his/her regular rate of pay.

- (g) Requests by employees for changes in schedule must be submitted in writing at least forty-eight (48) hours in advance and be co-signed by the employee willing to exchange. Such requests shall be considered by the relevant manager, designate, or other Hospital authority, and where approval is given, it shall be in writing. It is understood that any such changes shall not result in any overtime or premium payment.
- (h) The Hospital will guarantee to schedule one (1) weekend off in three (3).
- (i) An employee will receive time and one-half (1 1/2) his/her regular straight time hourly rate for all hours worked at one third (1/3) consecutive and subsequent weekend save and except where:
 - (i) such weekend has been worked by the employee to satisfy specific days off requested by such employee or
 - (ii) such employee has requested weekend work; or
 - (iii) such weekend is worked as the result of an exchange of shifts with another employee
- (j) A period of no less than two (2) consecutive shifts off shall be scheduled between a change of shift and at least six (6) consecutive shifts (i.e. two (2) days) shall be scheduled following scheduled night shifts.
- (k) The foregoing provisions (14.08(a) through (j) inclusive) shall be waived during the period from mid December to mid January (two (2) rotations, i.e. four (4) weeks) in order to facilitate scheduling of time off for Christmas Day and New Year's Day.
- (l) Registered Practical Nurses (RPN's) and Operating Room Technicians (ORT's) are required to show proof of a General Certificate of Registration with the College of Nurses of Ontario and must present their current General Certification to their employer prior to February 15th of each year.

Registered Practical Nurses (RPN's) and Operating Room Technicians (ORT's) who are employed with the employer and are without a current General Certification of Registration after

February 15th of each calendar year shall be placed on non-disciplinary suspension until the production/confirmation of current General Registration. Upon presentation of such evidence, an RPN or ORT will be reinstated. Failure to do so within ninety (90) days of being placed on non-disciplinary suspension will result in termination, as the RPN or ORT is no longer qualified. Such termination shall not be the subject of a grievance or arbitration.

14.10 For Registered Practical Nurses (RPN) and Operating Room Technicians (ORT), it is understood that at the change of shift there may be additional time required for reporting which shall be considered to be part of the regular work day for a period of up to fifteen (15) minutes duration. Should the reporting time extend beyond fifteen (15) minutes, the entire period will be considered overtime.

14.11 (a) The Hospital and the union agree that notwithstanding the fact that an employee may have worked in excess of his/her normal daily shift (whether it be a 7.5 or 8 hour shift or an extended shift) or in excess of the average weekly hours he/she will not be eligible for overtime where it is a result of a changeover to daylight saving from standard time or vice versa.

(b) Employees are entitled to be paid for the hours actually worked. This means, that an employee normally scheduled to work a 7.5 shift, who works only 6.5 hours as a result of the change to daylight savings time in the spring is paid only 6.5 hours. Similarly an employee normally scheduled to work a 7.5 hour shift who works 8.5 hours as a result of the change back to the standard time in the fall, is paid 8.5 hours. The extra hour that is to be paid in the fall is not overtime and is paid at the straight time hourly rate.

14.12

PART TIME SCHEDULING
AND
UTILIZATION OF CASUAL EMPLOYEES

- (1) The hours of work for part time employees shall be as scheduled by the Hospital but the Hospital does not guarantee any hours of work, in any week, for any part time employee.
- (2) Subject to the foregoing, the Hospital will first schedule regular part

time employees for known available shifts within their classification and work area or department equitably during each upcoming four (4) week scheduling period, up to a maximum of 45 hours for each regular part time employee during each 2 week pay period. Schedules will be posted four (4) weeks in advance of the relevant four (4) week scheduling period.

- (3) The intent of the parties is that each regular part time employee must work the hours assigned in each scheduling period.
- (4) Should extra shifts for part time employees in a given 2 week pay period become available following the posting of the schedule, such shifts will be assigned equitably to those regular part time employees within their classification and work area or department who were not originally scheduled up to 45 hours during the relevant 2 week pay period, in order to bring their total hours of work within the relevant 2 week pay period to 45.
- (5) When all regular part time employees have been scheduled for 45 hours in a given 2 week pay period within their classification and work area or department, any extra shifts that become available within that classification and work area or department during this 2 week pay period will be offered equitably to casual employees within the classification and work area or department provided that no casual employee will be offered more than 45 hours of work in a given 2 week pay period initially.
- (6) When all regular part time employees and casual employees within a given classification and work area or department have been scheduled, or, in the case of casuals, scheduled or offered 45 hours of work in a given 2 week pay period, any additional shifts that become available within that classification and work area or department during this 2 week pay period will be offered equitably, on the basis of lowest hours, to part time employees (irrespective of whether they are regular part time or casual) within the classification and work area or department concerned. For clarification purposes, lowest hours is the total of hours worked, hours accepted but not worked and hours refused. If an employee is on a leave of absence, these hours will be considered hours refused.

Regular part time employees who do not wish to work additional shifts shall notify their Co-ordinator in writing by April 1st and October 1st

each year.

The intention of the parties is to distribute these additional shifts to employees who then have the bonafide qualifications and the ability to perform the work, as equitably as possible over the course of the Hospital's fiscal year.

Four (4) week schedules for Regular Part Time and Casual employees (which will also include information concerning shifts offered) will be posted every four (4) weeks, in arrears, for informational purposes in mutually agreeable locations.

Hence, the practice of the Hospital will be to continue down the list in subsequent pay periods starting with the person with the lowest hours as outlined in this article.

It is understood and agreed that, for the purposes of equitable distribution of these additional shifts, a shift offered to or refused by an employee will be considered to be a shift worked. For clarity, a shift will be deemed offered when a call is placed to an employee.

- (7) Regular Part Time and Casual employees who are interested in being available for work in their own work area or department within their own classification but at a different site and who have the bona fide qualifications and ability to perform the work, will notify the Employer in writing. Such Regular Part Time and Casual employees will be offered shifts in their own work area or department within their own classification at the different site if the regular part-time and casual employees who normally perform the work at that site are not available.
- (8) Regular Part Time employees who have not notified their supervisor in writing (as provided in paragraph 6 above) that they do not wish to work additional shifts over and above 45 in a 2 week period will be expected to work whatever additional shifts are offered to them.
- (9) A regular part time employee or a casual employee who declines an offer to work a shift which commences less than eleven and three quarter (11 3/4) hours following completion of his/her most recent shift worked, will not have this refusal counted for purposes of Article 11.02(b) and the equitable distribution of shifts pursuant to the Part Time Scheduling provisions.

- (10) It is agreed that, at the Union's request, the Hospital will review with the Union Chairperson or designate, on a quarterly basis, any specific individual concerns regarding the distribution of additional shifts.
- (11) Where the employer fails to provide a part time employee a cancellation notice no less than twelve (12) hours prior to the commencement of the shift, a payment equal to one and a half (1 ½) times the employees regular rate of pay will be paid on their next scheduled shift.

ARTICLE 15 - REST PERIODS

- 15.01** All employees working a shift of four (4) hours will be allowed a rest period of fifteen (15) minutes without loss of pay at times to be determined by the Hospital. - 16.03** The Hospital shall contact former employees at their last known address on record with the Hospital, with a copy to the Union, within

30 days of the date of ratification to advise them of their entitlement to retroactivity. Such employees will have a period of sixty (60) days from the date of the notice to claim such retroactivity and if they fail to make a claim within the 60 day period, their claim will be deemed to be abandoned.

- 16.04** The Hospital agrees that wages shall be paid on a regular pay day being every second Friday, but when interfered with by the occurrence of a Paid Holiday, employees will be paid on the previous day.
- 16.05** Charge Hands so designated, shall receive in addition to the regular straight time rate of pay prescribed in Wage Schedule "A", .70 cents per hour.
- 16.06** For the purpose of calculating any benefit under this Agreement to which an employee is entitled, the regular straight time rate of pay is that prescribed in Wage Schedule "A" - Wage Rates, of this Collective Agreement.
- 16.07** When a new classification (which is covered by the terms of this Collective Agreement) is established by the Hospital, or when the Hospital makes a substantial change in the job content of an existing classification (which is covered by the terms of this Collective Agreement), the Hospital shall determine the rate of pay for such new classification and notify the Local Union of the same. If the Local Union challenges the rate, it shall have the right to request a meeting with the Hospital to negotiate a mutually satisfactory rate. Such request will be made within ten (10) days after the receipt of notice from the Hospital of such new occupational classification and rate. Any change mutually agreed to resulting from such meeting shall be retroactive to the date that notice of the rate was given by the Hospital. If the parties are unable to agree, the dispute concerning the new rate may be submitted to Arbitration as provided in the Agreement within fifteen (15) days of such meeting. The decision of the Arbitrator/Board of Arbitration shall be based on the relationship established by comparison with the rates for other classifications in the Bargaining Unit, having regard to the requirements of such classification, and shall be retroactive to the date that notice of the new rate was given by the Hospital.

ARTICLE 17 – JOB SHARE

- 17.01 Job sharing, for the purpose of this agreement, shall be defined as the sharing of the hours and the responsibilities of a full-time position.
- An incumbent full-time employee who wishes to share his/her position must make application to the Hospital. Where this is approved by his/her manager or designate, it is agreed that his/her portion of the position will not be posted; however the part-time portion of the job share position will be posted within the department or unit.
- 17.02 The manager or designate will determine the number of job sharing positions allowable in the department or unit and will approve such job sharing requests based on the operational requirements of the department or unit.

- 17.09 The job sharers involved will have the right to determine between themselves which partner will work on scheduled paid holidays subject to the conditions of the collective agreement. If an agreement cannot be reached, the manager or designate, shall schedule the holidays on

an equalized basis.

17.10 Each job sharer shall be responsible for normal coverage of absence including sick leave of their partner, up to full-time hours. If the partner is unable to cover the entire leave, he/she must inform his/her manager or designate who shall arrange the necessary coverage. Those shifts will be covered through Article 14.12 – part time scheduling and utilization of casual employees provision of this collective agreement.

17.11 In the event the part-time employee leaves the partnership, the former full-time partner has the option of reverting to full-time or remaining as a job sharer. LETTER OF UNDERSTANDING – LOCAL HEALTH INTEGRATION NETWORKS (LHIN)

The parties agree that any LHIN initiative that will have a direct impact on the members of the bargaining unit shall be raised through the Staff Planning Committee as outlined in Article 30 of this collective agreement.

Throughout this letter of understanding, the words rationalization, consolidation or integration may be used interchangeably. In the event of a rationalization of any part of the services of the Hospital with those of another hospital or hospitals, the Hospital and the Union agree to the following principles:

- a) The Hospital shall notify affected employees and the Union as soon as a formal decision to rationalize or integrate is taken.
- b) The Hospital shall provide the Union with pertinent financial and staffing information and a copy of any reorganization plans which impact on the bargaining unit related to the rationalization of services.
- c) The Hospital and the Union shall begin discussions concerning the specifics of the rationalization forthwith after a decision to rationalize is taken.
- d) As soon as possible in the course of developing a plan for the implementation of the rationalization, the Hospital shall notify affected employees and the Union of the projected staffing needs and their location, which are anticipated to result; notice to affected employees and the Union shall include the estimated number and types of positions anticipated to be available, and their location, as the result of the rationalization;

If services in the Hospital are to be reduced or eliminated as the result of a rationalization, or if the employment of employees is otherwise to be affected, the Hospital shall prepare a list of the affected employees in order of seniority by jobs for which it considers such employees are eligible. LETTER OF UNDERSTANDING - WOMEN'S ADVOCATE

The parties recognize that female employees may sometimes need to discuss with another female matters such as violence or abuse at home or in the workplace. These employees may also need to find out about specialized resources in the community to assist them.

For this reason the parties agree to recognize the role of a Women's Advocate in the workplace. The Women's Advocate role will be a female LHSC CAW member appointed by the Chairperson. The appointed Women's Advocate will sign a confidentiality agreement with the union so that the employee's confidentiality can be maintained.

This trained female representative will meet with female LHSC CAW members as required and provide them with information to assist them in dealing with their issues.

The Hospital agrees to establish a confidential phone extension that female LHSC CAW members can use to contact the Women's Advocate. In addition, the Hospital will provide employees access to a private area to meet with the Women's Advocate so that confidentiality can be maintained.

The Women's Advocate will participate in an annual three (3) day training program including reasonable travel time. The Hospital agrees to pay 7.5 hours at straight time for each of the three (3) days of training plus reasonable travel time. Registration costs for Hospital approved training courses will be reimbursed. Accommodation and transportation costs will be paid in accordance with the Hospital's Corporate Travel Expense Policy. The Union will be responsible for meals and other applicable expenses.

HIRING A NON-REGISTERED PRACTICAL NURSE

The Hospital and the Union agree that upon the Hospital hiring a Non-Registered Practical Nurse he/she will be compensated at a rate of one dollar (\$1.00) per hour less than the Start Rate of the Registered Practical Nurse.

It is understood, upon hiring such Non-Registered Practical Nurse, he/she will obtain a Temporary Registration from the College of Nurses of Ontario (CNO) and will not be able to work at the Hospital until such time as he/she has provided proof of their Temporary Registration to the Hospital.

Furthermore, it is expected that the Non-Registered Practical Nurse will obtain his/her Certificate of General Registration prior to the expiry of his/her Temporary Registration but not longer than one (1) year from his/her date of hire.

If he/she fails to obtain such Certificate of Registration, within this duration, and was within a CAW classification prior to being hired as a non-registered practical nurse, he/she will be deemed not to be qualified for the position of Registered Practical Nurse (RPN) and he/she will revert back to his/her prior CAW classification and status. It is understood that his/her prior CAW position will be filled on a temporary basis during the period in which the employee is a Non-Registered Practical Nurse.

However if he/she fails to obtain such Certificate of Registration within this duration and was not within a CAW classification prior to being hired as a non-registered practical nurse, he/she will be deemed not to be qualified for the position of Registered Practical Nurse (RPN) and shall be terminated from the employ of the Hospital for cause. Such termination shall not be the subject of a grievance or arbitration.

LETTER OF UNDERSTANDING

INTERNSHIP PROGRAM IN THE OPERATING ROOM

The Hospital and the Union agree to establish an internship program in the Operating Room at the Hospital.

In making a selection of candidates the Hospital will consider the applicant's skill, ability, experience and commitment to learning. The selection process will not be arbitrary or unreasonable and where conflicts arise seniority will be considered.

The Hospital will assume costs for the successful interns related to:

- a) Registration in the OR course at Fanshawe College.
- b) Textbooks required for the course to a maximum amount of four hundred dollars (\$400.00) per person. Such textbooks are the property of the Hospital and are to be returned upon completion of the course.
- c) Payment for time spent in clinical practicum in the Hospital or another clinical site.
- d) Payment for time spent in the classroom component of the course.

There will be no loss of seniority, service or benefits for any Full-time RPNs participating in these initiatives. Part-time RPNs will be credited with seniority and service for all such hours paid while participating in these initiatives as provided above.

Where either a full time or a regular part-time RPN has been a successful candidate into the internship program, his/her position will be filled on a temporary basis during this period.

The intern will commit to continued employment with the Hospital in the Operating Room for a period of two (2) years inclusive of the OR course and orientations (24 months on the basis of 12 months class and orientation and 12 months post orientation)

If the intern decides he/she is unable for any reason to fulfill his/her commitment to continued employment with the Hospital in the Operating Room as outlined in this agreement, he/she will reimburse the Hospital for the total costs associated with the program outlined in items a and b above.

If the intern is unsuccessful in achieving the academic requirements of the course and

It is understood that the intern will not be considered for internal postings in units other than the Operating Room during the course of the internship arrangement (24 months on the basis of 12 month class and orientation and 12 months post orientation).

The Hospital will advise the Union of the names of the successful candidates to the Internship Program.

These terms and conditions will be explained to each successful candidate to the Internship Program.
