Any grievance for which the Union has issued an arbitration notice shall be submitted by the latter to one of the below-mentioned arbitrators. The choice of the arbitrator is made by rotation beginning with the first name on the list. If the arbitrator chosen cannot hear the grievance within a reasonable time, the grievance shall then be submitted to the next arbitrator according to the order of rotation. If none of the arbitrators is able to hear the grievance within a reasonable time, the Union may request that the Ministère du travail designate one.

1. Jean-Guy Clément
2. Jean-Pierre Lussier
3. André Rousseau
4. André Sylvestre
5. Lyse Tousignant
6. Diane Veilleux

8.09 The parties may agree to submit a number of grievances of the same nature to the same arbitration.

8.10 The arbitrator must render her or his decision in writing and with reasons, if possible within 45 days following the last hearing. This decision is enforceable and binding on the parties.

8.11 Regarding disciplinary and administrative matters, the arbitrator may:

- a) Reinstatement the rights of the Instructor with full compensation;
- b) Maintain the measure taken;
- c) Hand down any other decision which is just and equitable under the circumstances and determine, if applicable, the amount of damages to which an unjustly treated Instructor would have the right.

8.12 Any grievance resolution which occurs between the parties must be the object of an agreement written and signed by the authorized representatives of the parties. This agreement is binding on the parties and the Instructors concerned. However, such an

agreement shall not have the effect of limiting the rights of an Instructor provided in the Collective Agreement, unless she or he is a party to the agreement.

- 8.13** A technical error in the filling of a grievance shall not lead to its annulment. A grievance is put into writing in order to inform. Such a document must attempt to present the matter in question clearly. If an amendment is necessary, it shall be presented, if possible before the hearing and shall not change the nature of the grievance.

The amendment may be presented during the arbitration hearing only if the arbitrator considers it to be necessary to the preservation of the rights of the opposing party.

- 8.14** When a grievance submitted to arbitration contains a monetary claim, the Union is not required to establish the amount immediately. If the arbitrator finds that the grievance is founded wholly or in part, the parties shall attempt to agree on the amount to be claimed. If there is disagreement, the difference of opinion is submitted to the same arbitrator through a simple written notice and, in such a case, the other provisions of the present Article shall apply.

- 8.15** The parties shall each assume equal parts of the arbitrator's expenses and honoraria.

- 8.16** The University shall liberate, without loss of salary to the claimant, any Instructor called as a witness and a Union Representative during any hearing before an arbitration tribunal. If necessary, the University shall make provisions for replacing, at its cost, the persons present at a hearing.

- 8.17** The parties agree that a facsimile or an email are valid means of exchange and submission for the purposes of the Collective Agreement.

- 8.18** All Instructors are free to use the language of correspondence they prefer: either French or English.

- 9.04** An Instructor may avoid later sanctions by resolving the situation which gave rise to the University's dissatisfaction.
- 9.05** Any mention of disciplinary measures must be removed from the Instructor's file 12 months after its occurrence if there has been no other disciplinary infraction of the same nature during that time.
- 9.06** Notwithstanding clauses 9.01 and 9.03, the University may dismiss any Instructor without prior notice for a just and sufficient cause if the prejudice caused requires, due to its nature and seriousness, immediate dismissal. It must then notify the Instructor, by registered mail, within fifteen (15) working days of its decision, stating the facts and reasons. A copy must be forwarded to the Union within the same period.
- 9.07** In the case of disciplinary measures, the burden of proof is incumbent on the University.

- a) The probation period for in-class teaching in a department is three (3) sessions of teaching to be completed within nine (9) consecutive sessions, and is only valid for that department;
- b) The probation period for teaching a distance or on-line course, which is different but may be concurrent with a probationary period for teaching in class in the same department, is also three (3) sessions of teaching to be completed within nine (9) consecutive sessions;

- c) When an Instructor is assigned a distance or on-line course in a department and has already successfully completed the probation period for teaching distance or on-line courses in another department, the Center may consider that the Instructor has met, in whole or in part, the requirements of probation for distance or on-line teaching in the new department. If such be the case, the Instructor shall be informed of the requirements and criteria from which she or he is exempt.
- d) Sessions in which distance or on-line courses are taught are only counted towards the completion of probation for distance or on-line teaching, and sessions in which courses are taught in class are only counted towards the completion of probation for in-class teaching. If, in the same session, an Instructor teaches one (1) or more courses in class and one (1) or more distance or on-line courses, that session can be counted towards the completion of both probation periods.

11.04 The Instructor is deemed to be on probation for as long as:

- a) she or he has not met the requirements of the probation within the required period;
- b) she or he applies for a course in every session in which a course for which she or he is eligible is posted;
- c) she or he accepts a teaching assignment;

At least one (1) forty-hour (40) course in a non-intensive or intensive program in each of the sessions.

2. Other departments of the Language Institute:

EVALUATION OF INSTRUCTORS DURING THE PROBATION PERIOD

11.06 During the probation period, an Instructor shall receive the aid and pedagogical support of a teacher consultant in the preparation and delivery of their courses. The Teacher Consultant must provide an evaluation of Instructors on probation.

Moreover, Instructors may be observed by the Department Administrator and the Teacher Consultant.

11.07 When courses are being assigned for a session, an Instructor on probation must apply for and is assigned courses in accordance with the procedure provided for in Article 14, on the condition that she or he has not received any negative evaluations, in conformity with the criteria provided in clause 11.08.

11.08 For each session during the probation period, the Department Administrator shall evaluate the Instructor using the Teacher Consultant's report and the Instructor's course evaluation results. At the beginning of the probation period, the Instructor must have been informed of the requirements and criteria used for her or his evaluation. During a probation period for courses taught in class, the evaluation by students is done in class.

The Instructor is deemed to have satisfied the requirements of the probation period when she or he has received three (3) positive evaluations during the probation period. The Instructor is deemed to have successfully completed probation at the end of the last session of the probation period or, exceptionally, at the end of the first five (5) weeks of the summer session in the case of the Intensive English program.

If, during the first (1st) session of the probation period, the Instructor obtains a negative evaluation in accordance with the criteria provided above, she or he shall not be granted a contract in the following session.

If the Instructor obtains a negative evaluation in the second (2nd) session of teaching, in accordance with the criteria provided above, the Department Administrator may grant her or him a course in the next session, as provided for in Article 14.

If the Instructor obtains two (2) positive evaluations in three (3) sessions of her or his probation period, she or he is entitled to an extension of her or his probation period for a fourth (4th) session.

If the evaluation is negative, the Instructor shall be informed in writing of the result of the evaluation by the Department Administrator.

11.09 When the Centre re-hires an Instructor who was unable to maintain her or his seniority for the purposes of hiring or who had left its employ, the Centre may consider that this Instructor satisfies, in whole or in part, the requirements of probation

If such be the case, the Centre shall inform the Instructor in writing, when the offer of employment is made, of the probation criteria and requirements from which she or he is exempt, for the three (3) sessions stipulated in the present article.

Updating the seniority lists

13.08 For all departments, except the English department, the seniority lists shall be updated every session and the seniority points obtained during the previous session shall appear on the new seniority list.

13.09 For the English department, the seniority lists shall be updated as follows:

- a) At the end of each calendar year, the total number of points obtained during the year for teaching and non-teaching contracts, up to a maximum of one (1) point, shall be added to the total number of seniority points of the previous calendar year. For the purposes of the present clause, an Instructor who is assigned a course during the first assignment exercise and who subsequently declines the assignment shall be considered as not having applied for that session.

- a) she or he resigns voluntarily;
- b) she or he is dismissed during her or his contract, except in the case in which the dismissal is annulled as a result of the grievance and arbitration procedure.

13.17 In the event that an Instructor feels that her or his rights with regard to seniority have been infringed upon, a written request to revise the calculation of her or his seniority

points may be addressed to the Personnel Committee. The Personnel Committee shall then redo all the relevant calculations and shall inform all parties concerned of the results in writing. If necessary, an updated seniority list shall be issued and distributed.

- 13.18** At any time, an Instructor may challenge in writing her or his points on the seniority list of her or his department. This challenge shall not affect courses assigned prior to the challenge. Likewise, it shall not affect courses assigned subsequent to the challenge, except in a case where the challenge was made in writing before the closing of the application period as provided for in Article 14. The Instructor must first bring the matter to the attention of her or his Department head. If the problem is not resolved to her or his satisfaction, she or he may resort to the grievance and arbitration procedure.

ARTICLE 14 COURSE ASSIGNMENTS

14.01 The courses available each session shall be posted on the CCE Instructor site at least fifty-six (56) days before the beginning of the session. Instructors, as well as the Union, shall be informed by email when courses are posted.

A. ENGLISH DEPARTMENT

Section A.1 Initial Assignment

The initial course assignment shall proceed as follows:

- 1) In decreasing order of seniority of the candidates, respecting the number of hours requested, and, without prejudice to paragraphs 2, 3, 4, 5 and 6 of section A.2 of the present clause, the other preferences indicated on the application form;
- 2) In the first (1st) round, candidates shall be assigned, in decreasing order of seniority, the hours requested up to a maximum of one hundred and sixty (160) hours, until the end of the seniority list is reached;

Notwithstanding the preceding paragraph, during the initial assignment period for the second (2nd) five-week summer session, an Instructor may

exceed the maximum number of one hundred and sixty (160) hours of teaching, if she or he had been assigned a non-intensive course during the first five-week summer session;

- 3) In the second (2nd) round of assignment, courses remaining are offered, in decreasing order of seniority, to the candidates who are available and have requested the maximum of two hundred (200) hours;

Subsequently, courses remaining may be offered to Instructors on probation who have applied according to the provisions of the present Article and who satisfy the provisions of Article 11;

- 4) In the third (3rd) round of assignment, courses remaining are offered, in decreasing order of seniority, to the candidates who are available and have not been assigned the maximum of two hundred (200) hours;
- 5) In the fourth (4th) round of assignment, courses remaining are offered, in decreasing order of seniority, to Instructors who are available;

For courses assigned after the first (1st) round of assignment of the initial assignment period, level and program preferences are not taken into account if the Personnel Committee judges that this would create undue disruption by requiring a redistribution of courses for course sections which have already begun or are about to begin, unless taking these into account would result in an increase in teaching hours or income for an Instructor.

The initial assignment period consists of all the assignment exercises needed to assign all courses, and each assignment exercise may be composed of more than one round of assignment. The initial assignment period ends when all the course sections for the intensive program have been established for the session. For the summer session, there are two (2) initial assignment periods, the first one covers the first five (5) weeks of classes and the second one covers the last five (5) weeks of classes.

ARTICLE 15 EVALUATION OF INSTRUCTORS ON THE SENIORITY LIST: CRITERIA AND PROCEDURES

GENERAL CONDITIONS

15.01 The University and the Union agree that the primary goal of any teaching evaluation is the improvement of teaching.

15.02 Evaluation of Instructors whose names appear on the seniority list shall be carried out for all courses, in all sessions, and in each department by the Centre for Teaching and Learning Services. At the same time, if an Instructor deems it pertinent, she or he may submit her or his own comments in writing to the Department Administrator.

The results shall be communicated only to the Instructor and the Department Administrator. The Instructor may access her or his results through the "MyConcordia" portal. Recourse to evaluations shall be limited to the quantifiable information listed below. Only the Instructor shall have access to the comments appearing in the evaluation.

PROCEDURES FOLLOWING UNSATISFACTORY EVALUATION RESULTS

15.03 An evaluation result is considered unsatisfactory if the average of the class means for the Instructor evaluation portion of the questionnaire is 2.5 or more.

15.04 For the purposes of the present article, one or several unsatisfactory evaluation results during a given session in the same department shall be considered as a single unsatisfactory evaluation.

Should the evaluation results prove to be unsatisfactory, the department shall apply the following procedure:

- a) The Department Administrator shall notify the Instructor in writing of the results of the evaluation, and shall invite her or him to request a meeting in order that they examine the problems raised by the evaluation and to identify one or more corrective measures to be taken regarding her or his teaching, if applicable;
- b) If there is a second unsatisfactory evaluation in one of the five (5) sessions in which she or he has taught following the first unsatisfactory evaluation, the Department Administrator shall notify the Instructor in writing that he or she is advised to consult the person designated as teacher consultant in order to determine the pertinence and nature of the corrective measures to be taken, if applicable. A copy of the letter shall be sent to the Union;
- c) If there is a third unsatisfactory evaluation in the 5 (five) sessions in which the Instructor has taught following the first unsatisfactory evaluation, the Department Administrator shall set up an Ad Hoc Evaluation Committee.

15.05 The Ad Hoc Evaluation Committee shall be composed of the following people:

- a) A representative of the department administration;
- b) A representative of the Instructor chosen by her or him;
- c) A person external to the Centre for chosen by the two (2) other members of the Committee.

15.06 The Ad Hoc Evaluation Committee shall have the responsibility of applying the evaluation criteria and procedures. The evaluation procedures shall not contravene the provisions of the Collective Agreement. The evaluation criteria shall be based on the two (2) following elements:

- a) The relation between the course presentation of the Instructor and the degree to which she or he respects the description and objectives of the course, as defined in the program;
- b) The degree to which the Instructor is capable of assuming the teaching task, as established in the course plan.

15.07 In accordance with the established criteria and procedures, the Ad Hoc Evaluation committee shall study and evaluate the Instructor's file, taking into account the following elements:

- a) All the evaluation results of the Instructor in a given department, in accordance with the procedures provided for;
- b) Information provided by the Instructor;
- c) Information provided by the Teacher Consultant;
- d) Information related to the work of the Instructor, which the Committee considers relevant.

15.08 Following these deliberations, the Ad Hoc Evaluation Committee shall provide a written recommendation with reasons to the Director of Centre for Continuing Education within 30 days following its formation.

The Ad Hoc Evaluation Committee may recommend that:

- a) The problems raised are unfounded, the participation rate in the evaluation is too low to draw a valid conclusion, or the Instructor bears no responsibility for the problems raised;

- b) The Instructor bears responsibility for the problems raised. In this case, the Committee may recommend to the Centre:
1. That the Instructor modify her or his course outline or teaching methods so that her or his teaching conforms to the teaching methods established by the department and/or that additional help be provided to the Instructor ;
 2. That the Instructor is no longer considered capable of teaching the course or courses for which he or she received unsatisfactory evaluations;
 3. That the Instructor is no longer considered capable of teaching courses in the department.

The Director of the Centre shall render its written decision with reasons within 7 days of the recommendation of the Ad Hoc Evaluation Committee. Upon written request, the Instructor may obtain a copy of the recommendation of the Committee.

15.09 If, at the time the decision is rendered, the Instructor holds a contract for one or several courses that she or he is no longer eligible to teach, the contract or contracts shall then be cancelled and the course or courses offered to another Instructor.

In this case, the Instructor shall lose the points corresponding to of the course or courses in question and shall no longer be considered competent to teach them. If, during a future session the Instructor wishes to be considered competent to teach the course or courses in question, she or he must demonstrate to the satisfaction of the department or a departmental committee that she or he is now capable of delivering the course, and has taken significant measures to address the issues which motivated the Director of the Centre's decision.

APPEAL PROCEDURE

15.10 The Instructor may challenge the decision of the Director of the Centre before an appeal committee.

15.11 The Appeal Committee shall be composed of the following persons:

- a) A person chosen by the Instructor;
- b) A person chosen by the Centre;
- c) A person external to the Centre chosen by the parties. This person shall be a specialist in the discipline concerned. If there is no agreement, this person shall be chosen by the Director of the Centre from a list of three (3) names compiled by the Labour Relations Committee.

15.12 The Appeal Committee has the power to hear any person whose testimony it considers necessary for the purpose of its inquiry. It shall hear the Instructor in question. Within fifteen (15) days of its formation, the Appeal Committee shall submit a written recommendation with reasons to the Director of the Centre.

The Director of the Centre shall render a decision with reasons within seven (7) days of the Appeal Committee's recommendation. Upon written request, the Instructor may obtain a copy of the Appeal Committee's recommendation.

Following the evaluation procedure, an Instructor may challenge by grievance any decision of the Centre to no longer recognize her or his teaching qualification requirements for one or more courses.

15.13 In the case in which the Centre, through the appeal procedure, renders a decision in favour of the Instructor or following an arbitration decision in the Instructor's favour, the following provisions shall apply: If the Instructor had applied for and would have been assigned this or these courses, she or he shall be said to have given this or these courses for the purposes of the application of Article 13 and she or he shall be entitled to a monetary compensation equivalent to the corresponding salary she or he would have received.

MODIFICATIONS TO THE EVALUATION QUESTIONNAIRE

15.14 If the parties agree to design a new evaluation questionnaire, the Centre and the Union shall establish an ad hoc parity committee for the creation of the new evaluation questionnaire. The Centre shall then administer this questionnaire and Article 15 will apply. However, the first two (2) consecutive sessions in which the questionnaire is used shall constitute a trial period. Should there be problems with the questionnaire content, which produce evaluation results markedly below the norm, the application of clause 15.04 shall be suspended for these results and the questionnaire shall be revised by the Ad Hoc Evaluation Committee. The Centre agrees to provide the Union with a breakdown of the evaluation results by question during the trial period. If no difficulties arise during this trial period, the questionnaire shall be considered adopted.

15.15 Evaluations shall be carried out based on data collected through a questionnaire written in such a way that all students in a given course have a reasonable opportunity to complete it.

The number of students which shall be used for calculating the compensation for exceeding class-size limits is the number of students officially registered in a course section at the beginning of the third week of classes, less the number of students who, at the end of the session, received a final notation of "Did Not Attend" (DNA) or "Did Not Write" (DNW).

In exceptional cases, the University may agree with the Union to exceed the maximum numbers stipulated above, and shall, in such cases, agree with the Union on the compensation granted.

18.01 The University and the Union recognize the benefits to be gained by professional development activities and professional training for Instructors: providing Instructors with opportunities to keep up to date with new developments in their field, enriching their professional and technical competence, and enhancing teaching quality. All requests for professional development shall comply with the rules and regulations of the University as regards the distribution of such funds.

18.02 On June 1st of each year, the University shall deposit into the professional development fund for Instructors an amount equal to one percent (1%) of the total salaries paid to Instructors, excluding benefits, during the previous twelve (12) months. To this shall be added, if any, the amounts brought forward in accordance with the second paragraph of the present clause.

The amounts not committed on May 31st of a given year shall be added to the professional development budget of the following year. However, the amounts brought forward from the previous year cannot exceed one third (1/3) of the budget allocated for the year that is ending.

PROFESSIONAL DEVELOPMENT COMMITTEE

18.03 The professional development fund shall be administered by a parity committee composed of two (2) persons representing the Instructors and chosen by them, and two (2) representatives chosen by the University. The mandate of the Committee members is renewable every two (2) years.

The Committee shall determine the guidelines for administering the Fund, including:

the selection criteria for the allocation of funds;

the procedure regarding the submission of grant requests;

the procedures and deadlines for the full completion of the work for which professional development funds were granted.

The Committee studies the requests according to the guidelines determined above, allocates the funds, receives reports and determines their mode of distribution.

REQUESTS FOR AND ALLOCATION OF PROFESSIONAL DEVELOPMENT FUNDS

18.04 The Committee may allocate funds for either collective professional development activities or individual professional development activities.

Funding for collective professional development activities, which have been endorsed by the Labour Relations Committee, may be requested by a group of Instructors, by the Union, or by the University.

The Committee may, for each year extending from June 1st to May 31st, allocate up to twenty-five percent (25%) of the professional development fund for collective professional development activities.

- 18.05** All Instructors whose names have appeared on the seniority list for at least two (2) years are eligible to request professional development funds for the current year. Grant requests must be received by the Committee no later than June 15th, and the funds are allocated no later than July 15th.

If funds remain available after the allocation exercise, the Committee may establish a second period during which Instructors may submit a request to the Fund.

- 18.06** An Instructor may be granted a maximum amount of three thousand dollars (\$3,000) per year for professional development activities or professional training. Recognised activities include the following:

- pursuing studies leading to a degree or a diploma;
- undertaking academic activities such as attending conventions, conferences, seminars or workshops;
- carrying out research or producing articles or documents for publication;
- attending workshops, training sessions or other pedagogical activities relevant to the subject they teach.

- 18.07** The Instructor who receives monies from the Fund shall submit an expense report to the Professional Development Committee within ten (10) days of the completion of the activity. Furthermore, in the session following the funded activity, she or he shall submit a written report of her or his activities to the professional development committee, for distribution to the Instructors of the Center or the Instructors of her or his department, as deemed appropriate by the Committee.

The Instructor who fails to submit such a report or who submits a report deemed to be unsatisfactory by the Committee, shall not be eligible for further grants until the situation is rectified.

- 18.08** No later than June 30th of each year, the University shall provide the Union with a written report including the list of the requests granted as well as an accounting of monies allocated and the balance remaining in the fund.

- 18.09** The Instructor who is unable to participate in a professional development activity for serious reasons which are beyond her or his control (such as illness, death of a family member, the cancellation of a conference, the need to participate in other Centre activities or any other reason deemed to be valid by the Committee) must inform the

Committee and cancel all reservations as soon as possible. He or she will be reimbursed only for the part of the grant already spent. Any Instructor who does not participate in an activity for which she or he has received a grant, for reasons other than those mentioned above, or who uses the funds for purposes other than those for which they have been granted shall be ineligible to receive any further professional development grants for a period of three (3) years.

PROFESSIONAL DEVELOPMENT LEAVES

- 18.10** For all professional development requests that require a substitute to replace the Instructor, the substitute Instructor shall be paid from the professional development fund.
- 18.11** The Instructor who attends or participates in a convention, conference or seminar as a representative of the Centre, is entitled to a reimbursement of the expenses incurred (transportation, lodging, meals). Should a substitute Instructor be required to replace the Instructor, the substitute Instructor shall be paid by the Centre from the professional development fund. The Instructor who participates in such activities shall maintain all her or his rights and privileges provided for in the Collective Agreement, including salary.
- 18.12** An Instructor is entitled to one or more days of leave to attend a conference or convention related to her or his teaching discipline. In such a case, the leave shall be unpaid but all other rights and privileges provided for in the Collective Agreement shall be maintained. ARTICLE 20 PARENTAL RIGHTS

SECTION 1: GENERAL CONDITIONS

20.01 Eligibility

In order to benefit from the provisions of the present Article, an Instructor must have applied for and obtained one or more contracts in accordance with Article 14 or 29, of the present agreement, for each of the sessions covered by the leave.

20.02 Notice

As soon as possible, preferably at least four (4) weeks before the beginning of a leave provided for in this article, but no later than two (2) weeks prior to the beginning of such leave, the Instructor shall notify the Department Administrator of the anticipated dates of the beginning of the leave, and of return to work. However, if she or he presents a medical certificate or any other document justifying an immediate leave, prior notice is not required.

20.03 Rights and benefits

An Instructor who has applied for and has been assigned one or more contracts, and who benefits from a leave under the provisions of the present article, is deemed to have fulfilled this or these contracts, for the purposes of Article 13.

20.04 During any leave provided for in the present article, an Instructor may continue her or his participation in the group insurance plans or the pension plan.

The Instructor must notify the University of her or his intention to participate in the plans prior to the beginning of the leave. The University shall then pay its share of the premiums and contributions for a maximum of seventy (70) weeks.

In the case of leave with supplementary allowance, the Instructor's share of premiums and contributions shall be deducted from the indemnity paid, inasmuch as this indemnity is sufficient.

In all other cases, the Instructor shall, before the leave begins, pay her or his share of the premiums and contributions for the total period of leave.

The contributions to the pension plan are determined under the terms and provisions of said plan.

SECTION 2: MATERNITY LEAVE

20.05 A pregnant Instructor shall be entitled to a maternity leave of eighteen (18) weeks which, subject to the provisions of clause 20.19, must be consecutive.

A medical certificate attesting to the pregnancy and the expected date of delivery shall be submitted together with the written notice of leave.

20.06 The distribution of the maternity leave before and after the delivery shall be determined by the Instructor and shall include the date of delivery.

20.07 The maternity leave may be less than eighteen (18) weeks. If the Instructor returns to work within two (2) weeks of the delivery, she shall, upon request from her Department Administrator, present a medical certificate attesting that she is fit to return to work.

20.08 Stillbirth

The Instructor who delivers a stillborn child after the beginning of the twentieth (20th) week preceding the expected date of delivery is entitled to maternity leave.

20.09 Termination of pregnancy

Where there is termination of pregnancy before the beginning of the week preceding the expected date of delivery, the Instructor is entitled to leave for a period of no longer than three (3) weeks, unless a medical certificate attests to the need to extend the leave.

If the termination of pregnancy occurs in or after the twentieth (20th) week, the Instructor is entitled to a maternity leave without pay of a maximum duration of eighteen (18) consecutive weeks beginning from the week of the event. The Instructor shall notify her Department Administrator as soon as possible and give such administrator a written notice of her expected date of return to work. Such notice shall be accompanied by a medical certificate.

20.10 Late delivery

If the delivery takes place after the expected date, the Instructor is entitled to an extension of the maternity leave equal to the period of lateness, except if she already benefits from at least two (2) weeks of maternity leave after the delivery. During such extension, the Instructor receives neither supplementary allowance nor salary.

20.11 Preventive Leave

The Instructor may ask to be temporarily assigned to another task or course or, if she agrees and without prejudice to applicable collective agreements, another employment title, in the following cases:

- a) she is pregnant and her working conditions involve a physical danger to herself or her unborn child;
- b) her working conditions involve risks for the infant that she is breastfeeding.

The Instructor shall provide a medical certificate to this effect as soon as possible.

When the Centre receives a request for preventive leave, it shall immediately notify the Union and provide the name of the Instructor as well as the reasons justifying the request for the preventive leave.

If the Instructor agrees, another Instructor may, after receiving the approval of the Centre, trade her or his course for that of the Instructor asking for a temporary assignment for the duration of the temporary assignment. This provision applies only when these Instructors satisfy the teaching qualification requirements for the courses. In such a case, both Instructors retain the rights and privileges corresponding to their respective original course.

If the assignment is not executed immediately, the Instructor shall be entitled to a preventive leave that begins immediately. Unless there is a temporary assignment which occurs at a later date, thus terminating the leave, the preventive leave for the pregnant Instructor shall end at the date of her delivery and, for the Instructor who is breastfeeding, at the end of the breastfeeding period.

During the leave provided for in this clause, the Instructor's allowance is governed by the terms and conditions of the "*Loi sur la santé et la sécurité du travail*" pertaining to the preventive leave of a pregnant instructor or an instructor who is breastfeeding.

20.12 Special Leave

The Instructor shall be entitled to a special leave in the following cases:

- a) If a complication in the pregnancy or a risk of miscarriage requires stopping work for a period, the duration of which shall be prescribed by a medical certificate. This special leave may not, however, extend past the beginning of the eighth (8th) week preceding the expected date of delivery, at which time the maternity leave begins;
- b) Upon presentation of a medical certificate prescribing the duration of leave required, if a pregnancy is terminated naturally or artificially before the beginning of the twentieth (20th) week preceding the expected date of delivery.

SECTION 3: BIRTH, ADOPTION OR PATERNITY LEAVES

20.13 The Instructor, whose spouse gives birth, or who adopts a child, may be absent from work for five (5) days. Such leave may, at the request of the Instructor, be divided into days and must be taken between the date of delivery and the fifteenth (15th) day following the arrival of the child at the residence of her or his mother and father. However, one (1) of these five (5) days may be deferred for religious ceremonies related to the birth or for civil registration of the child.

In the case of the birth, these days of absence are without loss of salary. In the case of an adoption, two (2) of these days are without loss of salary

20.14 When an Instructor's spouse suffers a termination of pregnancy from the twentieth (20th) week of pregnancy, the Instructor is also entitled to a leave of a maximum of five (5) working days, two (2) of which are paid. Such leave may, at the request of the Instructor, be divided into days and must be taken within fifteen (15) days following the termination of pregnancy.

20.15 The Instructor whose spouse gives birth is entitled to a paternity leave of a maximum duration of five (5) consecutive weeks. The paternity leave begins at the earliest in the week of the birth and ends at the latest in the fifty-two (52) weeks following the week of the birth.

20.16 The Instructor whose spouse dies is entitled to the balance of the eighteen (18) weeks of the maternity leave to which his spouse was entitled and benefits from the rights and benefits pertaining to such leave.

20.17 The Instructor who travels outside the province of Quebec for adoption purposes shall be entitled, upon written request addressed to the Centre, when possible four (4) weeks in advance, to an unpaid leave for the time required for the trip. Should the child be legally adopted, the Instructor shall be entitled to the leave provided for in clause 20.13 above, as well as the parental leave provided for in clause 20.18.

SECTION 4: PARENTAL LEAVE

20.18

a) The Instructor who has benefited from a maternity or paternity leave, or the Instructor who adopts a child, is entitled to leave or partial leave which shall start immediately after the maternity or paternity leave or immediately after the adopted child has been entrusted to the Instructor, as the case may be, and which shall end at the latest two (2) years after the start of the maternity or paternity leave or the two (2) years after the Instructor has been entrusted to the Instructor, as the case may be.

- b) The Instructor who does not avail herself or himself of a parental leave immediately after the maternity or paternity leave or immediately after the adopted child has been entrusted to her or his care, as the case may be, is entitled after the birth or adoption of her or his child, to a leave or partial leave of, at most, fifty-two (52) consecutive weeks, which shall start at the earliest upon the birth of the child or, in the case of an adoption, on the date the adopted child has been entrusted to the care of the Instructor, and which shall end at the latest seventy (70) weeks after the birth of the child or, in the case of an adoption, seventy (70) weeks after the adopted child has been entrusted to the care of the Instructor.
- c) During a parental leave, the Instructor may modify, only once, her or his leave for a partial leave. Such modification shall coincide with the beginning of a session.
- d) In order for a partial leave to exist, the total course load applied for and obtained under Article 14 must be greater than the course load desired with respect to the partial leave covered by this agreement. The difference between the two course loads represents the partial leave obtained for a session.

SECTION 5: DIVISION, INTERRUPTION, OR EXTENSION OF MATERNITY, PATERNITY OR PARENTAL LEAVE

20.19 Upon request of the Instructor, a maternity, paternity or parental leave may be divided into weeks or interrupted in one or more of the following circumstances:

- a) when her or his child is hospitalised. In this case, the Instructor may, subject to agreement with the University, return to work for the period of hospitalisation;
- b) for a maximum period of twenty-six (26) weeks, when the Instructor is ill or has suffered an accident;
- c) for a maximum period of twelve (12) weeks, when the Instructor must stay with her or his child, her or his spouse, the child of her or his spouse, her or his father, her or his mother, the spouse of her or his father or mother, her or his brother, her or his sister or one of her or his grandparents because of a serious illness or a serious accident;
- d) The period provided for in paragraph c) above may be extended as follows:
 - i) for a maximum period of one hundred and four (104) weeks when the Instructor must stay with her or his minor child suffering from a serious and potentially mortal illness.
 - ii) for a maximum period of one hundred and four (104) weeks when the Instructor must stay with her or his minor child who has suffered serious bodily injury during

or resulting directly from a criminal offence that renders the child unable to carry on her or his regular activities.

- e) for a maximum period of fifty-two (52) weeks, if the Instructor's minor child has disappeared. If the child is found before the expiry of the period of absence, that period shall end on the eleventh (11th) day that follows the day on which the child is found;
- f) for a maximum period of fifty-two (52) weeks, if the Instructor's spouse or child commits suicide;
- g) for a maximum period of one hundred and four (104) weeks when the death of the Instructor's spouse or child occurs during or results directly from a criminal offence.

The Instructor shall resume her or his maternity, paternity or parental leave when the event giving rise to the division or interruption of the leave is terminated. When such leave is resumed, the University shall recommence the payment of the supplementary allowance to which the Instructor would have been entitled, had it not been for the division or interruption of the leave.

20.20 An Instructor who, before the expiry date of the maternity, paternity or parental leave, sends the University a written notice accompanied by a medical certificate attesting that the state of health of the child or, in the case of a maternity leave, that her own state of health requires it, is entitled to an extension of the leave for the duration indicated in the medical certificate.

20.21 The provisions of the present section do not have the effect of extending a parental leave beyond one hundred and four (104) weeks following the birth or the date on which the adopted child was entrusted to the Instructor.

SECTION 6: SUPPLEMENTARY ALLOWANCE TO THE QUEBEC PARENTAL INSURANCE PLAN (QPIP) OR THE EMPLOYMENT INSURANCE PROGRAM (EI)

20.22 General provisions

- a) For the purpose of this article, the weekly salary is defined as the total contract remuneration for the four (4) sessions preceding the leave, divided by the total number of weeks covered by said contracts.
- b) The benefits provided for in the present Article are paid as a supplement to the Quebec Parental Insurance Plan or Employment Insurance benefits, as the case may be.

29.02 An Instructor may apply for a non-teaching contract. Such a contract may be for any one of the following:

- Assistant to an Instructor, Tutor or Resource Person to students;
- Program development and revision;
- Evaluation of placement tests and organizing level changes;

- Teacher Consultant;
- Program Consultant.

Furthermore, the administration of the Centre may deem it necessary to offer non-teaching contracts for para-pedagogical projects, or for academic support or professional development activities.

The Personnel Committee shall verify the qualification criteria.

- c) The posting shall be approved by the Director or her or his representative.

29.04 Non-teaching Contract Offerings and Applications

- a) Non-teaching contracts shall be posted as necessary on the CCE Instructor site. The Centre shall endeavour to have non-teaching contract postings coincide, insofar as possible, with the posting of course offerings in order to allow the Instructors to better organize their workload.

When a non-teaching contract is substantially modified from one session to the next, or when such a contract is posted outside the posting period for teaching contracts, the Centre shall notify the Instructors by email.

The application deadline may not be less than ten (10) working days from the date of the posting, except in the cases described in clause 29.09.

b) Each non-teaching contract offering shall indicate:

- The contract title;

29.05 Application

The Instructor shall upload her or his application to the CCE Instructor site.

29.06 Procedure for the evaluation of candidates for non-teaching contracts

From the information submitted by candidates in their covering letter as well as their curriculum vitae, the Personnel Committee shall rank the candidates according to the extent to which the candidates fulfill the criteria. In practice, a rank is assigned to each of the candidates for each qualification criterion. The Committee then assigns a global rank to each candidate, taking into account the rank of each candidate for each criterion and the order of priority of each criterion.

During this exercise, the following guidelines are respected:

- When evaluating work experience, priority is given to experience gained at the Centre;
- The evaluation of applicants does not include a maximum experience, therefore, all work experience of a candidate is considered.

The candidate whose qualifications best meet the criteria shall be ranked first and the ranking continues in the same manner to the candidate who meets the criterion the least.

29.07 Recommendation for the Assignment of Non-Teaching Contracts

The recommendation for the assignment of a non-teaching contract shall be made as follows:

- a) The Personnel Committee shall recommend that the contract be offered to the top-ranked candidate;

- c) If two (2) or more candidates have an equivalent ranking, the recommendation of the Personnel Committee for the contract assignment shall be made in the following order, amongst candidates of the same rank:
 1. In order of seniority, starting with the candidate who has the most seniority points;
 2. If there is still a tie, according to years of service, starting with the candidate who has the greatest number of years of service in the department as an Instructor;
 3. If there is still a tie, the recommendation of the Committee shall be determined by drawing lots.
- d) At the latest seven (7) days following the application deadline, the Centre shall notify the Instructors by email of the name of the candidate chosen;
- e) Following the announcement of the candidate chosen, a candidate who applied for the contract may know, upon request, her or his ranking among the candidates.

If none of the candidates meets the qualification requirements, the Committee may recommend a second posting with or without modifications to the qualification requirements.

29.08 Administrative Prerogative

In exceptional circumstances, the administration may reject the recommendation of the Personnel Committee if it has just and sufficient reason to believe that this assignment would be not in the best interest of the program in question. Such a case may arise if, for example, in the past, the chosen candidate did not adequately fulfill the requirements of a given contract or if her or his service record is unsatisfactory. Personal preference would not be considered sufficient reason to reject a recommendation. The Centre shall

provide, on request, an explanation of the facts to the candidate who was refused the contract.

Other Provisions

- 29.09** If no Instructor has applied for the contract that has been posted in accordance with the provisions of the present article, the Centre shall notify the Instructors by email. A copy of the posting shall be enclosed with the notice. The Instructors shall then have three (3) days to apply.
- 29.10** In the event an Instructor hired for a non-teaching contract cannot fulfill her or his duties, the contract shall be offered to the next available candidate as determined by the ranking procedure stipulated in clause 29.06, and the Personnel Committee shall be notified.
