ARTICLE 1.00 – PURPOSE

1.01

The purpose of this Agreement is to govern wages and working conditions to promote orderly harmonious relationships between the Employer and its employees. The Union agrees to cooperate with and assist the Employer in every legitimate way to conduct a successful business, bearing in mind that both parties must give service to the public.

The Boilermaker Industry is committed to the elimination of occupational injuries and illnesses and supports the pursuit of a safety culture achieved by all workplace stakeholders understanding their health and safety responsibilities and through the continuous improvement of occupational health and safety. All workplace stakeholders recognize that the health and safety of Boilermakers is of paramount importance and the compliance with all employment and safety related statutes is mandatory.

The parties agree that the National Bargaining Memorandum of Agreement dated April 21, 2010 forms a part of this BCA/IBB Alberta Local Lodge 146 Memorandum of Agreement and that additional Memoranda of Agreement specific to Alberta shall be included in the BCA/IBB Alberta Collective Agreement.

For work in Nunavut, Northwest Territories, Yukon, and the District of Mackenzie, please contact the International Office of the International Brotherhood of Boilermakers and the Boilermaker Contractors' Association Main Office.

ARTICLE 2.00 - RECOGNITION AND CRAFT JURISDICTION

2.01

The Employer recognizes the Union as the sole collective bargaining agency for hourly rated employees employed on field construction, erection, rigging, field fabrication, unloading and work involving assembling, dismantling and demolition performed by the Employer within the jurisdiction of the Union.

2.02

The Employer recognizes the jurisdictional claims of the Union as provided for in the Charter Grant issued by the American Federation of Labour to the International Brotherhood of Boilermakers, Iron Ship Builders, Blacksmiths, Forgers and Helpers, it being understood that the claims are subject to trade agreements and final decisions of the A.F.L.-C.I.O. as well as the decisions rendered by the Impartial Jurisdictional Disputes Board.

For the purpose of clarification, the jurisdictional claims of the Union are contained in Letter No. 1.

2.03

"Employees" as used herein mean employees of the Employer engaged in such work in Alberta.

2.04

This Agreement does not apply to work which is performed by the Employer in the Employer's plant.

2.05

This Agreement shall not apply to timekeepers, engineers, field office and clerical workers, or to employees above the rank of general foreman.

2.06

When a tool crib is established by an Employer on a job on which his work is predominantly Boilermaker jurisdiction, and an attendant is required, he shall be a member of the Union. The necessity of a tool crib and/or an attendant will be determined by the Employer.

2.07

The Union and Employer agree that Union members above the rank of General Foreman may continue to participate in Boilermaker Benefits by the Employer contributing to all Funds on behalf of the Employee, in accordance with the Wage and Benefit Schedule as set out in this Agreement, subject to the specific Employer and Employee entering into a Participation Agreement with the Trustees of the Boilermakers' National Health & Welfare Fund (Canada)/Boilermakers' National Pension Fund (Canada), on terms and conditions established by the Trustees of the said Funds.

This Article does not extend the bargaining rights of the Union to any Employee(s) accepted to continue to participate in the Benefits provided hereunder, and no other provision of this collective agreement shall apply to such Employee(s).

ARTICLE 3.00 - MANAGEMENT RIGHTS

3.01

It is the Employer's right to operate and manage its business in all respects in accordance with its responsibilities and commitments. The location of jobs, the choice of equipment, the schedule of installation, the methods and means of installation, are solely and exclusively the responsibility of the Employer.

3.02

- (a) The Employer has the right to make and alter, from time to time, rules and regulations to be observed by the employees, provided that they are not inconsistent with this Agreement and are in compliance with all employment and safety related statutes related to Provincial and/or Federal Legislation.
- (b) The parties agree to cooperate to facilitate broad and liberal leaves for operations and training military leave for workers who serve as members of the Canadian Forces Reserves, in accordance with Provincial and Federal law and the "Declaration of Support for the Reserve Forces" signed by the Canadian Office of the Building and Construction Trades Department and the National Construction Labour Relations Alliance, dated May 12, 2010.

3.03

It is an exclusive function of the Employer to hire, promote, demote, transfer (i.e. Article 4.04), suspend, lay off, discipline or discharge for just cause, employees in the bargaining unit, subject to the provisions of this Agreement.

3.04

Nothing in this Article shall be interpreted to prejudice other unspecified traditional rights of Management.

3.05

The selection and appointment of General Foremen, Foremen, and Assistant Foremen is solely the responsibility of the Employer in keeping with this Agreement. The designation and determination of the number of General Foremen, Foremen and Assistant Foremen is the sole responsibility of the Employer.

3.06

General Foremen shall be utilized by an Employer whenever he has established this level of supervision on his work on a project and when the number of employees reaches the level established; or when this level is appropriate to the size and nature of the job as determined by the Employer.

The Employer shall discuss availability of qualified General Foremen with the Business Manager or his designated Business Representative and consideration will be given to members of the Local Lodge, however, the final selection of a General Foreman, and the determination and acceptance of his qualifications, shall be the sole prerogative of the Employer.

3.07 Local Residents:

In execution of certain projects, local residents may be given priority of employment provided such resident meets the following criteria:

A local resident is defined as a local Union member who has resided within seventy-five (75) radius kilometers from the project for at least six (6) months immediately preceding date of hire. An employee's residence is the place where he permanently maintains a self-contained domestic establishment (a dwelling place, apartment, or similar place of residence where a person generally sleeps and eats) in which he resides and for which he can show proof acceptable to the Employer.

Where an Owner/Client places local content conditions on multi trade projects, the Parties to this agreement will co-operate in working towards meeting the overall percentage local content requirements in conjunction with Articles 3.05, 3.08 and 4.03 (ii).

The parties will undertake a monitoring process to evaluate the employment status of Local Resident Members residing in the Wood Buffalo region, and such other region where a client expresses a concern during the term of the Agreement. If it is determined that there is an underutilization of Local Resident Members the Parties will meet and address the issue.

3.08 Management Rights:

(a) In addition to Article 3.05, the Employer shall have the right to name hire 25% of the crew unless otherwise is mutually agreed to between the Employer and the Union. 13.02

When either party requests that a grievance be submitted to Arbitration, it shall make such a request in writing addressed to the other party to this Agreement, with a copy to the Boilermaker Contractors' Association. Within ten (10) working days of receipt of notice to proceed to Arbitration, the Boilermaker Contractors' Association will advise both parties of the Arbitrator, together with the time and place of Arbitration.

13.03

The International Vice-President together with the Boilermaker Contractors' Association will establish a list of acceptable Arbitrators. The single Arbitrator will be chosen in rotation from this list.

13.04

Both parties shall share equally the expenses and fees of the Arbitrator.

13.05

The Arbitrator shall not be authorized to make any decision inconsistent with the provisions of this Agreement, nor to alter, modify or amend any part of this Agreement.

13.06

The decision of the Arbitrator shall be final and binding upon the parties hereto.

ARTICLE 14.00 - HOURS OF WORK

14.01

The Employer does not guarantee to provide work to any employee for regularly assigned hours or any other hours, except as provided for in Article 18.00. Eight (8) hours shall constitute a normal day's work. The normal hours of work shall be between the hours of 8:00 a.m. and 5:00 p.m. for an eight (8) hour day, with one-half (1/2) or one (1) hour for lunch between the hour of 12:00 noon and 1:00 p.m. Forty (40) hours shall constitute a normal week's work, Monday through Friday inclusive.

For Regular Work Weeks the Employer may vary the start/quit times by changing the scheduled starting time up to one hour at their option. Variances beyond one (1) hour shall be agreed mutually by the Employer and the Business Representative of the Union and the consent to variance will not be unreasonably withheld.

For Compressed Work Weeks the Employer may vary the start/quit times by changing the scheduled starting time up to thirty minutes at their option. Variances beyond thirty minutes shall be agreed mutually by the Employer and the Business Representative of the Union.

A variance in start/quit times shall be applied consistently on the job site and in no circumstances shall split shifts be created unless mutually agreed to between the Parties. If the foregoing starting or quitting times are changed without mutual agreement, applicable overtime rates shall be paid for any time worked before or after the above hours as a result of the change of the times.

14.02 Compressed Work Week:

- (a) The work days may be altered (between Monday to Friday inclusive) on any project by mutual agreement in writing between the Business Manager and the Employer.
- (b) The hours of work may be altered (between Monday to Friday inclusive) on any project by mutual agreement in writing between the Business Manager and the Employer.
- (c) Friday may be used as a make-up day under the four (4) day, ten (10) hours per day schedule when weather conditions have caused lost time during the work week. Work performed on a make-up day for the first ten (10) hours shall be at the straight time hourly rate up to a maximum of forty (40) hours per week after which the applicable Saturday overtime provisions shall apply. In no case shall the time worked on a make-up day be less than eight (8) hours except where weather conditions affect the foregoing.

The make-up day shall only apply to those employers engaged in the erection, dismantling, repair or demolition of a tank(s).

Where a holiday occurs during the normal work week the maximum of thirty (30) hours per week shall form the basis of maximum straight time rate.

Work performed on Saturday, Sunday or recognized holidays shall be paid at double (2) the regular hourly rate.

A minimum of forty (40) hours is required to implement the compressed work week schedule. Where a multi trade project is scheduled under the four (4) ten (10) hour shift scenario (Monday - Thursday) and a contractor secures short term work that may not provide for forty (40) hours of work, all hours worked shall be paid for in keeping with the provisions applicable to the four (4) ten (10) hour shift.

14.03

Employees will not be required to work less than the regular assigned hours because of the starting or quitting time of any other trade on the job.

14.04

An employee shall not be required to work during his regular lunch break except in emergency or special circumstances, in which case, he will receive a re-assigned one-half (1/2) hour lunch break. If this break falls outside the regular lunch break established on the job, he shall receive an additional allowance of one-half (1/2) hour's pay at straight time rates which shall be in addition to his regular straight time hours.

14.05

Two (2) rest or coffee breaks of ten (10) minutes each shall be established by the Employer on each eight (8) hour shift. If overtime is to follow the regular eight (8) hour work shift, a further ten (10) minute rest or coffee break shall be established before commencing overtime. At the sole discretion of the Employer, where a scheduled ten (10) hour work day is established, the rest or coffee breaks may be either three (3) breaks of ten (10) minutes each, (described above) or two (2) breaks of fifteen (15) minutes each.

ARTICLE 15.00 - SHIFT WORK

15.01

For the purpose of clarification and to define Saturday and Sunday work, the work shall be deemed to commence at the starting time of the regular day shift on Monday morning. Shifts may be commenced on any calendar day provided the appropriate requirements for shift premium and overtime as specified in this Agreement are met.

15.02

For the purpose of defining the shifts, the 1st shift shall be the day shift, which commences at 8:00 a.m. This starting time may be varied by mutual agreement to suit job requirements. The 2nd shift shall be the afternoon shift and shall follow the 1st shift. The 3rd shift shall be the night shift and shall follow the 2nd shift. 2nd and 3rd shifts shall commence not later than one hour after the completion of the preceding shift, except where this is prevented by conditions or requirements beyond the control of the Employer.

15.03

When two (2) or three (3) shifts are scheduled, each shift shall provide for a one-half (1/2) hour unpaid meal period. A shift premium, as set out in the Wage and Benefit Schedule at the beginning of this appendix, shall apply on all hours worked on the second and third shift.

15.04

Employees assigned from one shift to another shall receive at least twenty-four (24) hours notice prior to such reassignment. In no case shall an employee suffer loss of regular weekly earnings due to a shift change.

15.05

When an employee is required to return to work without an eight (8) hour break, all work performed shall be paid for at the applicable overtime rates, until such time as the employee receives an eight (8) hour break.

ARTICLE 16.00 – OVERTIME

16.01

- (a) When an employee is required to work in excess of the regular hours, Monday through Friday inclusive, he shall be paid overtime at the rate of time and one-half (1 1/2) the regular rate for the first two (2) hours. All additional hours shall be paid at double (2) the regular hourly rate.
- (b) Employees working on Saturday, Sunday or Recognized Holidays shall be paid overtime at double (2) the regular hourly rate.

- (c) All other overtime shall be paid at double (2) the regular hourly rate.
- (d) For the purpose of computing overtime pay, when a compressed work week is scheduled and Friday is worked, except in the case of make up time, the first ten (10) hours shall be paid at time and one half (1 1/2) the regular hourly rate. All work in excess of the regular ten (10) hours per day shall be paid at double (2) the regular hourly rate.
- (e) Two or Three Shift Operations:
Employees working overtime shall continue to receive their shift premium for all hours worked. The shift premium shall not be compounded for overtime hours worked.

16.02

- (a) It is accepted that a worker may, from time to time, require personal time off from work to deal with personal matters. In order to facilitate this, a worker will accumulate one-half shift (either four hours on an eight hour shift or five hours on a ten hour shift) of unpaid personal absence allowance for each month worked up to a maximum accumulation of two full shifts. An initial one-half shift allowance will be credited upon the start of employment with additional units of one-half shift credited in the months worked subsequently, up to the maximum allowance of two shifts. A worker may request that they be preauthorized to take a personal unpaid absence providing they give a minimum of seven calendar days advance notice of their request to their authorized company representative. Where it is not practical to provide seven calendar days notice the worker must provide as much notice as they are capable of, it being understood that less notice may make it more difficult to accommodate a request for time off. Requests for time off that meet the above conditions will not be unreasonably denied subject to operational requirements.
- (b) A worker that is preauthorized to take personal time off pursuant to the above procedure, and who has accumulated sufficient personal absence allowance to cover their absence, will qualify for overtime premiums for any work performed either preceding or following the normal scheduled hours of work on the day they take their personal absence regardless of whether or not they have worked the full eight or ten hours as scheduled for that shift. In the case of a worker on a compressed work week schedule they would also be paid normal overtime premiums for any hours worked on the compressed work week day off. It is also understood that, provided such absences conform to these conditions, the absence will not disqualify the worker from working overtime scheduled for that week.
- (c) Personal absence allowances will be earned on the basis of minimum units of one-half shift and will be utilized on the basis of units of a minimum of one-half shift. An authorized personal absence of up to one-half shift will reduce the accumulated personal absence allowance by one-half shift. If time off exceeds one-half shift, the worker's accumulated personal absence allowance will be reduced by additional one-half shift units.

- (d) Overtime premiums as specified in this Collective Agreement will be paid for all hours worked in excess of eight hours in a day. In the case of a compressed work week, overtime premiums will be paid for hours worked in excess of ten in a day or forty in a week. A worker that is absent from work without pre-authorization as per the above procedure, including late arrivals or early quits will be subject to discipline in accordance with their employer's policies and may also be disqualified from working scheduled overtime in the week the absence occurs. Workers who are absent from work without pre-authorization, or workers that have been pre-authorized but who do not have sufficient personal absence allowance accumulated, must work the minimum normal hours as stipulated above prior to overtime premiums being paid. Saturdays, Sundays, and Statutory Holidays will be paid as per the Collective Agreement premiums for all hours worked on those days.
- (e) The Framework Bargaining Committees, inclusive of representatives from both the BCA and Lodge 146, agree that they will meet to review the provisions of this Article during the months of March and April of 2013, or earlier should they both agree. The Parties to this Agreement agree that, should the Framework Bargaining Committees arrive at recommendations for changes, they will consider amending this article to conform to such recommendations.

16.03

- (a) When an employee works more than ten (10) hours, a free meal (hot when possible) and beverage will be provided by the Employer immediately after the conclusion of ten (10) hours, and at each four (4) hour interval thereafter. The employee shall be allowed a thirty (30) minute meal break and shall be compensated at the straight time rate of pay. At his option, the Employer may advance the meal break to the conclusion of the normal working hours or any time between then and the conclusion of the ten (10) hours.

On scheduled overtime, the foregoing may only be changed by mutual consent of the Business Manager or his Designate and the Employer prior to the commencement of the job.

On unscheduled overtime, where the employee works through the overtime meal break and it is impractical to adhere to the foregoing, a meal allowance of \$20.00 plus one-half (1/2) hour of straight time wages will be paid in lieu of the meal and meal break. The employee shall also receive a paid coffee or rest break (15 minutes) at the applicable rate. When a camp is provided, employees shall not receive the \$20.00 meal allowance, but a meal (hot when possible) will be supplied in camp at the end of the shift.

Where a supervisor is required to:

- (i) start up to one (1) hour earlier, or
- (ii) finish up to one (1) hour later, or
- (iii) start up to one half (½) hour earlier and finish up to one half (½) hour later than the supervisor's crew, for the purposes of organizing work or facilitating a transition to another shift, the provisions of 16.02(a) & (b) will not apply unless those provisions are applicable to the rest of the crew or the supervisor works more than two (2) hours beyond the end of their scheduled shift.

- (b) Recognizing emergency situations will arise, if the Employer has not scheduled in excess of the eleven (11) hour shift, the Employer shall be granted a one (1) hour extension where the Employer need not supply a hot meal.

ARTICLE 17.00 - RECOGNIZED HOLIDAYS

17.01

All employees covered by this Agreement shall be entitled to time off for the Recognized Holidays. The pay allowance as provided for in the appropriate Appendix shall be included in the employees' weekly pay. This pay allowance shall be in lieu of actual pay for any of the Recognized Holidays as specified herein.

This pay allowance shall be applied to gross wages for all hours worked including: overtime and shift premium; and also to waiting and reporting time per Article 18.00; daily travel time per Article 19.01 (where applicable), and travel time per Article 19.02 (where applicable).

17.02

The following Recognized Holidays are common to all areas covered by this Agreement:

| | |
|---------------------------|------------------|
| New Year's Day | Labour Day |
| Family Day | Thanksgiving Day |
| Good Friday | Remembrance Day |
| Victoria Day | Christmas Day |
| Canada Day (Dominion Day) | Boxing Day |
| Heritage Day | |

And any other Holiday(s) that may be proclaimed by Federal or Provincial Governments during the life of this Agreement.

17.03

Double (2) time shall be paid for hours worked on the Holidays recognized in this Agreement.

17.04

Recognized Holidays in this Agreement falling on a Saturday or Sunday shall be observed on the next scheduled work day, unless otherwise mutually agreed. When Christmas Day falls on a Saturday or Sunday, the next two scheduled work days will be observed as Christmas Day and Boxing Day.

Where a recognized holiday falls on a weekday that is regularly a scheduled day off, the following scheduled weekday workday will be observed in lieu thereof, unless otherwise mutually agreed.

ARTICLE 18.00 - WAITING AND REPORTING TIME

18.01

When an employee, on initial hire or transfer to a project, is instructed by the Employer to report to a job location on a certain day but is not placed to work until a later date, he shall be entitled to four (4) hours' pay, plus subsistence if applicable, for each of the first two regular working days he is kept waiting. Thereafter the waiting pay shall be increased to a full day's pay [i.e. eight (8) hours] for each regular working day. This

waiting pay shall continue until the employee is given work or released from the job in which latter case Article 19.01(c)(v) shall govern.

18.02

(a) Inclement Weather:

When an employee reports to work and cannot work because of inclement weather he shall be paid two (2) hours reporting time and the employee must remain on the job for the two (2) hour period, unless otherwise instructed by the Employer's supervisor. When an employee has commenced work and is instructed to stop due to inclement weather, he shall be paid for the actual time worked. In no case shall an employee receive less than two (2) hours pay.

(b) Work Not Available:

When an employee reports to work and is not given the opportunity to work because none is available or was not advised before the completion of the previous day's work, he shall be paid two (2) hours reporting time and allowed to leave the job immediately.

(c) When an employee has started to work on his regular shift and is instructed to stop, he shall be paid for the actual time worked. In no case shall the employee receive less than two (2) hours pay.

(d) If an employee stops work for reasons of his own, and without the approval of the Employer, he shall be entitled to pay only for the hours actually worked in the day and minimum conditions shall not apply.

(e) Subject to all of the above, it shall be the Employer's prerogative to decide whenever work shall be stopped during the day for any reason.

18.03

An employee who is affected by the Conditions set out above shall be entitled to subsistence in accordance with the provisions of this Agreement.

18.04

When an employee qualifies for reporting or waiting time, such time shall include the regular shift premium when applicable.

18.05

When an employee is notified eight (8) hours prior to the commencement of the scheduled starting time not to report for work, then such employee will not be entitled to any reporting time. On camp jobs, the notice time may be reduced to one (1) hour prior to starting time. If this occurs more than twice in any one week, Monday through Friday, and including scheduled weekend work, then the employee shall, at his option, be entitled to a layoff.

18.06

When an employee is unable to report for work due to a strike or work stoppage on the project where he is employed, such employee will not be entitled to any reporting time, travel allowance and vehicle allowance.

18.07

If an employee meets with an accident during working hours and available medical advice or proper medical considerations deem it unsafe for him to continue work, he shall be paid those amounts as compensation as prescribed in the Workers' Compensation Act and shall also receive any other applicable daily allowances. If it is not a lost time accident covered by Workers' Compensation, he shall also be paid for the remaining unworked normal daily hours for that day [i.e. eight (8) hours, or in case of compressed work day ten (10) hours] at the applicable rate.

ARTICLE 19.00 - TRAVELLING EXPENSES

19.01

(a) **Free Zone:**

A forty-five (45) kilometer radius free zone around the City Halls of Edmonton, Calgary and any place in which Employees are temporarily domiciled by the Employer shall be established. No transportation or travel allowance shall be applicable within the free zone.

The time in transit on buses between the site and the camp shall be determined by representatives of the Building Trades of Alberta and of the Coordinating Committee of Registered Employers' Organizations, based on an average during a reference week of five (5) test runs each way, conducted coincidentally with the times when workers are in transit. This determination should be carried out twice per year, with any adjustment resulting for a determination applicable until the next determination. Workers shall be paid an allowance for time regularly and routinely in excess of forty five minutes each way, for travel within the applicable free zone. The allowance shall be calculated on the regular straight time base rate of each worker. The allowance will be paid to workers who ride on the provided buses, and only for the days on which they ride the buses.

Notwithstanding the foregoing, on major construction projects located within the free zone, around the Cities of Edmonton and Calgary, but beyond the city bus transportation system of those cities, where it is expected that the total construction workforce will exceed 500, the affected parties shall meet to discuss the viability of implementing a system of providing transportation to the site.

(b) For projects beyond the forty-five (45) kilometer radius free zone for which daily travel is required, the Employer will have the following options:

- To provide transportation and pay a travel allowance, or
- Reimburse the Employee, as a vehicle allowance, at a transportation rate as set out in the Wage and Benefit Schedule, per road kilometer travelled each way between the edge of the free zone and the project job site daily and pay travel allowance.

The travel allowance shall be calculated based on travelling at 80 kilometers per hour at the Employee's applicable base rate, from the point where the edge of the 45 kilometer radius free zone intersects the road which takes the shortest most appropriate route to the project and return to the intersecting point.

Example: A Journeyman travelling to a project located 40 road kilometers from the edge of the free zone at 80 kilometers per hour each way would receive the following for each day worked.

Travel Allowance = 2 x 40 km / 80 km/hr.
= 1 hour at base rate
= \$40.23 (i.e. May 1, 2011 rate)
Vehicle Allowance = 2 x 40 km X transportation rate
(Assume transportation rate = 49 cents/km)
= \$39.20
Total: Where Employee drives = \$79.43
Total: Where Employer provides transportation = \$40.23

The Coordinating Committee of Registered Employer Bargaining Agents (Committee) and the Alberta Building Trades (Council) shall examine, during January of each year of the Collective Agreement, the information published by Canada Revenue Agency respecting the vehicle allowance amounts that will not be treated as taxable income, and that will be permitted as business expenses for employers. Such information normally establishes a maximum rate for the first 5,000 km, and a lower rate for additional kilometres. The Committee and the Council shall determine a rate that is midway between those two rates. The above vehicle allowance rate shall be adjusted, effective on the first pay period following May 1 of each year, to the rate so determined by the Committee and the Council.

- (c) (i) Employees directed or dispatched to a project from which they do not return daily shall be paid a travel allowance for initial travel and transportation to the project and return, upon termination of the job or his employment, based upon a radius from Edmonton City Hall as follows:
- Up to 200 kilometers:
\$84.00 each way
 - Over 200 kilometers to 300 kilometers:
\$120.00 each
 - Over 300 kilometers to 375 kilometers:
(Includes the Empress Area)
\$144.00 each way
 - Over 375 kilometers to 475 kilometers:
\$216.00 each way
or actual airfare if suitable proof of air transport is provided to the Employer. If a taxi is utilized, a receipt is required.
 - Over 475 kilometers – as mutually agreed between the parties to this Agreement to a maximum of \$330.00 or airfare inclusive of taxes in the event this is the most practical method of accessing the project. If a taxi is utilized, a receipt is required.

The Initial and Return Transportation Allowances set out herein shall be subject to review in January 2013 and January 2014. In the event that there is a adjustment in the vehicle allowance, pursuant to the wage and Benefit schedule for 2013 and/or 2014, each allowance amount shall be adjusted by the same percentage adjustment as the vehicle allowance

adjustment, effective the first pay period following May 1st of the respective year. For example, if for 2013, the vehicle allowance is increased by 4%, each allowance shall be increased by 4%, rounded to the nearest dollar, and effective on the first pay period following the 1st of May, 2013.

Notwithstanding the above, when transportation is provided by the Employer, no travel allowance will be paid.

- (ii) When transportation is provided by means of weekly supplied transportation, an employee at the time of dispatch, will be allowed to elect to use the supplied transportation or receive collective agreement initial / return / rotational allowances. Buses must comply with established standards.

An employee who has elected collective agreement initial/ return/rotation allowances will no longer be paid any such payments not yet received if a new bus route is established and the employee elects to use it. Such an employee will not be required to return payments received to that point.

An employee who has elected collective agreement initial/return/rotation allowances and who is found using bus transportation will become disentitled to further collective agreement initial/return/rotation allowances, as one consequence.

If an employee who elects collective agreement initial/return/rotation allowances uses bus transportation for his initial trip, that employee will not receive the initial allowance payment. This circumstance will not be a violation as discussed in the previous point.

Regulations shall be established for the use of bus transportation governing behaviour and the use of, e.g. alcohol, tobacco, and other substances.

Notwithstanding the foregoing, an employee who has elected to use provided buses, and who is hired, laid off, or terminated on a day when weekly busing is not available shall be reimbursed the cost of a one-way commercial bus ticket to Edmonton or Calgary, whichever is applicable, and transportation from the site to the nearest commercial bus terminal, or equivalent taxi fare.

- (iii) Employees will qualify for and receive initial transportation allowance to the job site after being employed at the site for either fifteen (15) calendar days or completion of the job, whichever is the lesser.

Should the employee remain on the job until completion of thirty (30) calendar days, or until completion of the dispatched job requirement, whichever may be the lesser, they shall receive the return transportation allowance to be paid after thirty (30) calendar days or with his final pay cheque, whichever is the earliest.

If the employee is transferred to a different work site which is outside the same geographical region for which the transportation allowance was to apply (e.g. the Fort McMurray region, the Cold Lake region, etc.), that employee will be paid any outstanding transportation allowance(s) with their next regular pay. If the employee is transferred to a different work site that is within the same geographical region to which the transportation allowance was to apply, the employee's employment on that different work site shall be deemed to be a continuation of employment on the original work site for the purposes of accumulation of entitlement to transportation allowances and rotational allowances where applicable. Should an employee choose not to accept a transfer, he shall be paid all applicable travel allowances and be considered to be laid off.

- (d) Local residents, as defined in Article 3.07, residing within a forty-five (45) km radius of the job site shall not be entitled to receive transportation or vehicle allowance, travel allowance, initial and return travel allowance, room and board, subsistence, camp accommodations or rotational leave provisions.

Local residents, as defined in Article 3.07, residing between a forty-five (45) kilometer radius and a seventy-five (75) kilometer radius of the job site shall not be entitled to receive initial and return travel allowance, room and board, or subsistence, or camp accommodations or rotational leave provisions, but shall be paid a travel allowance of thirty dollars (\$30.00) per day worked to cover transportation expenses and travel allowance, or if transportation is supplied by the Employer, a daily travel allowance of fifteen dollars (\$15.00) will be paid for each day worked.

- (e) When the transportation provided by the Employer for the conveyance of employees is delayed by circumstances that are reasonably within the control of the Employer or the bussing company, the employees shall be paid for all such time, providing the delay is in excess of 15 minutes, beyond the scheduled arrival time, up to a limit of two (2) hours at the applicable straight time rate.
- (f) Reference should be made to Article 20.01(d) regarding lodging only for Calgary non-resident Employees.

19.02

- (a) On a project located over one hundred and sixty (160) radius kilometers from Edmonton City Hall one (1) additional day's subsistence shall be paid for the preceding day.
- (b) If the project is located over two hundred and fifty (250) radius kilometers from Edmonton City Hall, one (1) additional day's subsistence shall be paid for the night following the last day worked.
- (c) In each of the foregoing situations to receive the additional subsistence the employee must provide the Employer with a bona fide commercial accommodation receipt.

- (d) Where the Employer or his client is providing a free bus trip back to the City on the same day as the last shift of the week, the foregoing (ii) shall not be applicable.

19.03

If his employment is terminated for just cause, or the employee leaves of his own accord before having qualified for travelling expenses to and/or from the job, he shall not be entitled to receive the cost of such travel expenses.

19.04

After qualifying for return transportation, if the employee voluntarily terminates his employment he will not be entitled to qualify for transportation for any subsequent trips to that job unless at least fifteen (15) working days have expired between his terminating and his return, except in special cases satisfactory to the Union and the Employer.

19.05 Rotation Allowances:

- (a) On jobs located beyond three hundred (300) kilometers radius to a maximum of four hundred and seventy-five (475) kilometer radius from Edmonton City Hall, the Employer shall:

- (i) Pay an allowance of: \$168.00 after thirty-five (35) calendar days of employment on the job and thereafter for each subsequent thirty-five (35) calendar days of employment on the job.
Where the Employee accepts Employer supplied transportation, he shall not be entitled to the above allowance.

The Rotational leave allowances set out herein shall be subject to review in January 2013 and January 2014. In the event that there is a adjustment in the vehicle allowance, pursuant to the wage and Benefit schedule for 2013 and/or 2014, each allowance amount shall be adjusted by the same percentage adjustment as the vehicle allowance adjustment, effective the first pay period following May 1st of the respective year. For example, if for 2013, the vehicle allowance is increased by 4%, each allowance shall be increased by 4%, rounded to the nearest dollar, and effective on the first pay period following the 1st of May, 2013.

- (ii) Allow the Employee five (5) working days leave after thirty-five (35) calendar days of employment on the job.

- (b) On jobs located beyond a four hundred and seventy-five (475) kilometer radius from Edmonton City Hall, the Employer shall:

- (i) Provide a negotiated transportation allowance, not to exceed scheduled airline airfare where scheduled air service is available, or pay an allowance of:

\$300.00 where airline service is not available, after thirty-five (35) calendar days of employment on the job and thereafter for each subsequent thirty-five (35) calendar days of employment on the job.

- (ii) Allow Employees five (5) working days leave after each thirty-five (35) calendar days of employment on the job.
- (c) It is further understood and agreed that the above described trips be on a rotation basis and at no time more than twenty-five percent (25%) of the work force shall be on such home leave.
- (d) Where the employer supplies transportation, the employee shall not be entitled to the above allowances, subject to the provisions of 19.01(c)(i), save and except that the employee shall remain eligible for rotational leave as per 19.05(a)(ii), 19.05(b)(ii) and 19.05(c).

19.06

An employee shall have the right to refuse a transfer from one job to another, if he has worked until the completion of the job to which he was originally assigned.

ARTICLE 20.00 - SUBSISTENCE ALLOWANCE / ACCOMMODATION

20.01

Employees who are members of the Local Lodge and who are working on projects in that Lodge area shall receive a subsistence allowance under the following circumstances:

- (a) (i) For projects beyond where daily travel applies up to a radius of 475 kilometers from the City Hall of Edmonton, as may be appropriate, the Employer may elect to provide:
 - Camp accommodations which remain available on weekends for those who elect to remain in camp; or
 - Mutually agreed room and board; or
 - Industry agreed subsistence allowance and amendments with the understanding that amendments shall not affect existing projects unless the amended subsistence is given to other crafts.
 - All camps must meet the specification as set out in the Building Trades of Alberta and Construction Labour Relations, an Alberta Association 2010 -2018 Camp Rules and Regulations, or any successor thereto. All grievances concerning camp will be resolved through the grievance procedure provided in the B.T.A./C.L.R.A. Camp Rules and Regulations.
- (ii) For projects beyond 475 kilometer radius of the City Hall of Edmonton, the Employer has the same elections as 20.01(a)(i), but on the basis of seven (7) days per week.
- (b) The Employer elected subsistence allowance or room and board will be maintained for any Statutory Holiday which falls on a scheduled work day other than a Monday or Friday (Thursday where a compressed work week schedule is in effect) provided the Employee reports for work on the work day immediately preceding and following the Statutory Holiday.

- (c) Local residents, as defined in Article 3.07, shall not be entitled to subsistence allowance, camp accommodation, nor room and board. Where a camp kitchen is established and where all workers, generally, on a project who are not local residents attend at the camp kitchen to eat their lunches, a local resident employee shall be provided the same mid shift meal arrangements without cost to himself. In those instances where bagged lunches are provided to camp residents and hot soup is provided on the job site, local residents shall also be entitled to receive hot soup.
- (d) Although the City of Calgary is a free zone (except for local residents), the Employer and the Business Manager shall establish a mutually agreed fixed lodging allowance.
- (e) The Business Manager of the Union may request the Union nominee of the National Maintenance Council issue a formal written request for a subsistence review.
Alternatively the employer may request the employer nominee of the National Maintenance Council issue a formal written request for a subsistence review.
- (f) For each day worked, reimbursement toward the expense of the employee's board and lodging, and any goods and service tax paid by the employee in the purchase of board and lodging, by way of a subsistence allowance in the amount of one hundred and ten dollars (\$110.00) per day, except for subsistence rates established for specific communities and regions as posted at www.clra.org, www.bcacanada.ca and www.boilermakers.ca.

20.02

Schedule 1: Example Calculations

The following are examples only, for the purposes of explaining the formulae in the Letter of Understanding re Wage Determination, and are not to be used for determining compensation.

Example 1: January 2012 Calculation for Trade X:

Hypothetically:

- Gross Wage Rate for Trade X = \$54.00
- CPI Change December 2010 – December 2011 = 1.5% (under the 2% minimum).
- Group 4 Average Wage = \$55.00
(Assume the Total of the Industrial Gross Rates Effective on April 1st, 2012 for Boilermaker, Bricklayer Refractory, Carpenter, Electrician, Millwright, and Pipefitter, divided by 6 = \$55.00)

May 2012 increase for Trade X: $(2\% \div 2) \times \$55.00 = \0.55

November 2012 increase for Trade X: $(2\% \div 2) \times \$54.00 = \0.54

Example 2: January 2013 Calculation for Trade X:

Hypothetically:

- Oil Price Average, July – December 2012 = \$96.66
- CPI Change December 2011 – December 2012 = 1.5%.
- Group 4 Average Wage April 1st, 2013 = \$55.00

May 2013 increase for Trade X: $((1\frac{1}{2}\% + \frac{1}{2}\%) \div 2) \times \$55.00 = \$0.55$

Example 3: July 2013 Calculation for Trade X:

Hypothetically:

- April 1st, 2013 Gross Wage Rate for Trade X = \$54.00
- Oil Price Average, January – June, 2013 = \$91.55
- CPI Change June 2012 – June 2013 = 1.5%.

November 2013 increase for Trade X: $((1\frac{1}{2}\% + \frac{1}{2}\%) \div 2) \times \$54.00 = \$0.54$

Check against 2013 annual 5% limit:

$\$0.55 + \$0.54 = \$0.99$, which is less than the 2013 limit of $\$54.00 \times 5\% = \2.70

The BCA agrees to communicate to member contractors a request that Pension and Health & Welfare Contributions are to be shown separately on the employee's Pay Stub, where possible.

LETTER 2

LETTER REFERRED TO IN ARTICLE 29.00

**TO: ALL SIGNATORY COMPANIES TO THE BOILER ERECTION
AND FIELD CONSTRUCTION AGREEMENT (CANADA) - 1966 - 1969**

Gentlemen:

During negotiations of this Agreement in June and July of 1966, the Union had requested inclusion of a clause covering sub-contract work on the various projects to be included in the National Agreement. Subsequently this was omitted because of the difficulties in arriving at suitable language which would be satisfactory to both the Union and the signatory companies. However, it was agreed at that time that even though a sub-contract clause was not part of the National Agreement, this did not allow a signatory company to sub-contract their work to a non-union or non-signatory contractors and thus avoid their contractual obligations with the Boilermakers' Union. Therefore, any sub-contract work for field construction should be awarded only to another signatory contractor.

During negotiations, the question of fabrication in various shops of work coming under the jurisdiction of the Boilermakers' Union on field erection, was discussed. It was pointed out to the representatives of the member companies present that considerable difficulty was being experienced and much pressure made to bear by industrial fabricators in agreement with the Boilermakers' Union to having work done in their shops. Further it was pointed out that due to the fact that national contractors had a contractual obligation to the various pipefitting work and fabrication done in shops in agreement with the United Association, on a local or national basis, consideration should be given to the Boilermaker Fabricators when work was being awarded.

The Boilermakers pointed out that contractually there was no obligation for contractors to solicit only companies in agreement with the Boilermakers to do their fabrication work. It was suggested that in order to minimize difficulties that might be encountered in areas where such work is scheduled and which are highly union organized, that contractors try to place their fabrication work in Boilermaker shops or shops which are organized by other A.F.L. or C.I.O. unions.

If, however, it become necessary to place others in non-union shops because of scheduling or by reason of particular manufacturing needs or requirements, then the matters should be discussed with the Boilermakers' International in order that agreement can be reached and any subsequent problems in connection with the field erection of this work be avoided.
